Description of Relevant Agreements.

- o Advisory Agreement dated January 30, 2004 (the "Advisory Agreement") between the Fund and Pioneer Investment Management, Inc. ("Pioneer") generally provides that Pioneer will provide the Fund with investment research, advice and supervision and will furnish continuously an investment program for the Fund, consistent with the investment objective and policies of the Fund. Under the Advisory Agreement, Pioneer will determine from time to time what securities shall be purchased for, and held and sold by the Fund. To carry out such determinations, the Advisory Agreement provides that Pioneer will exercise full discretion and act for the Fund in the same manner and with the same force and effect as the Fund itself might or could do with respect to purchases, sales or other transactions, as well as with respect to all other things necessary or incidental to the furtherance or conduct of such purchases, sales or other transactions. For performing those services, the Advisory Agreement provides that Pioneer will receive a fee based on the Fund's average daily managed assets, which will be computed daily and paid monthly in arrears. The Advisory Agreement also provides that it shall continue from year to year so long as its continuance is approved in accordance with the requirements of the Investment Company Act of 1940, as amended (the "1940 Act"), or an exemption therefrom, subject to the right of either party to terminate it on 60 days' prior written notice. This summary description of the Advisory Agreement does not purport to be complete, and it is qualified in its entirety by reference to the Advisory Agreement. The Advisory Agreement is filed as Exhibit (e) (2) hereto and incorporated by reference herein.
- o Amended and Restated Administration Agreement dated October 1, 2006 with effect from January 1, 2006 (the "Administration Agreement") between the Pioneer Funds listed on Exhibit 1 thereto (which includes the Fund), and Pioneer generally provides that Pioneer will perform certain accounting, legal and compliance services for the Fund. The Administration Agreement further provides that for performing those services, Pioneer will receive a fee based on the Fund's average daily net assets, which will be computed daily and paid monthly. The Administration Agreement also provides that it shall continue from year to year so long as its continuance is approved by the Trustees, including a majority of the Trustees who are not interested persons of the Fund, subject to the right of either party to terminate it on 60 days' prior written notice. This summary description of the Administration Agreement does not purport to be complete, and it is qualified in its entirety by reference to the Administration Agreement. The Administration Agreement is filed as Exhibit (e) (3) hereto and incorporated by reference herein.

- o Administration Agreement dated January 30, 2004 (the "Tri-Party Administration Agreement") among the Fund, Pioneer and Princeton Administrators, L.P. ("Princeton") generally provides that Princeton, among other things, will calculate or arrange for the

The Tri-Party Administration Agreement also provides that Pioneer will provide officers for the Fund and oversee the activities of Princeton. Under the Tri-Party Administration Agreement, Princeton will receive a fee for its services. Pioneer will not receive a fee, but the Tri-Party Administration Agreement provides that Pioneer is entitled to receive reimbursement for out of pocket expenses incurred in connection with its services. The Tri-Party Administration Agreement further provides that any party may terminate it on 60 days' prior written notice. This summary description of the Tri-Party Administration Agreement does not purport to be complete, and it is qualified in its entirety by reference to the Tri-Party Administration Agreement. The Services Agreement also provides that it may be terminated by either party on 90 days' prior written notice. This summary description of the Services Agreement does not purport to be complete, and it is qualified in its entirety by reference to the Services Agreement. The Services Agreement is filed as Exhibit (e)(5) hereto and incorporated by reference herein.

Item 4. The Solicitation or Recommendation.

(a) Solicitation/ Recommendation.

On November 5, 2007, the Board, including each of the Trustees who is not an "interested person" of the Fund, as that term is defined in Section 2(a)(19) of the 1940 Act (collectively, the "Independent Trustees"), met to evaluate and assess the terms of the Offer. At that meeting were, among others, "independent legal counsel," as that term is defined in Rule 0-1(a)(6) under the 1940 Act, to the Independent Trustees.

At the meeting, a majority of the Board, including a majority of the Independent Trustees in consultation with independent legal counsel, after careful consideration determined to recommend that the Fund's shareholders reject the Offer and not tender their Common Shares to BIGP. One of the Independent Trustees of the Fund has disclosed to the Board that he has an interest as an investor in Full Value Partners L.P., a Delaware limited partnership that is a general partner of BIGP.

A press release issued by the Fund on November 14, 2007 communicating the

Edgar Filing: PIONEER MUNICIPAL & EQUITY INCOME TRUST - Form SC 14D9

recommendation of the Board is filed as Exhibit (a)(1) hereto and is incorporated herein by this reference.

Page 4 of 8

(b) Reasons

In making the recommendation described above, the Board consulted with its legal advisors and considered a number of factors, including the following:

- o For shareholders seeking the tax-advantaged income that the Fund provides, any economic benefit of the tender offer should be weighed against the economic benefits of remaining invested in the Fund. The amount over current market price that the Offer represents is significantly less than the Fund's annualized distribution rate of nearly 9.90%, or 13.82% on a tax-equivalent basis, based on the Fund's market price at November 13, 2007. The Trustees recognize that certain investors may seek to take advantage of the Offer as part of an arbitrage or other investment strategy.
- o BIGP states that the purpose of the Offer is for BIGP to gain influence over the management of the Fund with the objective of enhancing the value of the Common Shares. Although BIGP has not specified any particular plan it would pursue, several changes it may pursue would alter substantially the Fund's current investment and/or operational structure. For example, conversion to an open-end structure (as a means to allow investors to receive net asset value for their shares) would eliminate the significant benefits of the closed-end structure in implementing the Fund's investment strategies. In particular, the restrictions on leverage applicable to open-end funds would hinder substantially the Fund's ability to provide enhanced tax-advantaged income and return pursuant to its investment strategies. Conversion to an open-end structure also would mean that the Fund would need to maintain part of its assets in cash. This would limit the Fund's ability to be fully invested in income-producing securities, which may reduce the Fund's yield. To the extent that a substantial number of investors sell their shares in connection with conversion to an open-end structure, the expense ratio of the resulting smaller fund is likely to increase.
- o The \$50 processing fee charged to each shareholder who tenders, along with any applicable brokerage commission, will be deducted from the proceeds of shareholders who tender their shares, and will reduce the return realized by those shareholders, significantly in the case of shareholders who tender smaller share amounts.
- o The Offer is subject to a number of conditions. There is no assurance that BIGP will be able to complete the transactions it proposes.
- o The sale of shares by a shareholder pursuant to the Offer is a taxable event. Shareholders evaluating the Offer should consider consulting a tax professional.
- o The Board has taken a number of actions over the past few months that have reduced the Fund's discount to NAV, including:
 - o Increasing the monthly distribution rate by 72.9% since June 2007
 - o Instituting a level distribution policy, whereby the Fund pays an increased, fixed monthly distribution consisting of net investment income and a return of capital
 - o Applying for exemptive relief from the Securities and Exchange

Edgar Filing: PIONEER MUNICIPAL & EQUITY INCOME TRUST - Form SC 14D9

- Commission (SEC) to allow the Fund to distribute long-term capital gains on a monthly basis instead of on an annual basis
- o Approving a share repurchase program, which is intended to increase the Fund's net asset value and increase liquidity in the Fund's shares
- o Changing the name of the Fund to more clearly reflect its unique investment strategy and tax benefits

Since some of these actions were taken by the Board fairly recently, the Fund's discount to NAV may be reduced further as the market responds to the enhancements.

Shareholders should understand that a return of capital is not a distribution of income or capital gains from the Fund. There can be no assurance as to whether or when the SEC would grant the exemptive order, or as to the conditions to which any order would be subject.

The Fund's tax-equivalent distribution rate is based on the blended effective tax rate applicable to the Fund's income distributions as of September 30, 2007 assuming the recipient is taxed at the maximum 35% federal personal income tax rate. A portion of the Fund's distributions may be subject to the alternative minimum tax, which would reduce the tax-oriented benefits of the fund to an investor who is subject to that tax.

The discussion above of the information and factors considered by the Board is not meant to be exhaustive, but includes material information, factors and analyses considered by the Board in reaching its determination. Each of the Trustees evaluated the various factors listed above in light of his or her knowledge of the business, financial condition, and prospects of the Fund and based upon the advice of independent legal counsel. In light of the number and variety of factors that the Board considered, the Trustees did not find it practicable to assign relative weights to the foregoing factors. The Board's determination was made after considering the totality of the information and factors involved. In addition, individual Trustees may have given different weight to different factors.

(c) Intent to Tender

As far as the Fund currently is aware, except as disclosed below, none of its Trustees, executive officers, affiliates, or subsidiaries currently intends to tender Common Shares held of record or beneficially by such person for purchase pursuant to the Offer. Item 6. Interest in Securities of the Subject Company.

Disclosure of the parties to, or terms of, any proposed

(b) There is no transaction, Board resolution, agreement in principle or signed contract in response to the Offer that relates to, or would result in, one or more of the matters referred to in Item 7(a) immediately above.
