A MESSAGE FROM THE PRESIDENT

We are pleased to present the results for Makita's 93rd interim period, ended September 30, 2004.

n Performance on a Consolidated Basis

Regarding consolidated results for the interim period under review, net sales totaled 97,430 million yen, up 6.2% from the previous interim period. Sales in Japan declined 1.1%, to 19,028 million yen, as weak sales of existing products more than offset strong sales of impact drivers and new products. Overseas sales rose 8.1% to 78,402 million yen, reflecting mainly strong sales in Europe and Asia. As a result, overseas sales accounted for 80.5% of net sales for the period.

Looking at overseas sales by individual region, sales in Europe were up 13.5%, to 36,415 million yen, while sales in North America fell 10.8%, to 19,697 million yen. Sales in Asia rose 27.4%, to 9,320 million yen, and sales in other regions increased 17.6%, to 12,970 million yen.

Regarding earnings, the cost to sales ratio improved significantly because of expanded production in Japan and at plants in China. The Company also recorded a gain of approximately 4.4 billion yen on the transfer to the government of the substitutional portion of the employees' pension fund managed by the Company. As a result, income before income taxes doubled from the previous interim period, to 20,238 million yen, while net income jumped 160%, to 12,953 million yen.

Please note that Makita made the decision to withdraw from the golf course business and that Makita's wholly owned subsidiary in this business, Joyama Kaihatsu Ltd., applied for corporate rehabilitation to the Nagoya Regional Court on September 8, 2004. At present, preparations are under way for the meeting of Joyama Kaihatsu's creditors, scheduled for early 2005, including the selection of a buyer for the golf course business and other plans for corporate rehabilitation. Makita completed write-offs for the impairment of the relevant assets in the previous period, and the corporate rehabilitation now in progress will have no further impact on Makita's consolidated financial statements.

n Basic Policy for Allocation of Profit Maintain a Dividend Payout Ratio of 30% or More

Makita has adopted a policy for allocation of profit calling for paying a minimum cash dividend of ¥18 per share and maintaining a dividend payout ratio of 30% or more. For the interim period under review, Makita will pay a dividend of ¥11 per share, as announced in April 2004.

Based on its dividend policy, Makita's Board of Directors will decide on proposals for the dividend for the end of the fiscal year at their meeting to approve the financial statements after they are finalized near the end of April 2005. Their proposals will be presented for discussion and final approval at the Annual General Meeting of Shareholders.

We look forward to the continuing support and cooperation of our shareholders.

November 2004

Masahiko Goto
President and Representative Director
