**SUMMARY**

On August 26, 2005, SK Telecom Co., Ltd. (SK Telecom) filed a report with the Financial Supervisory Commission (FSC) with regard to its potential acquisition of certain shares of common stock of TU Media Corp. (TU Media). TU Media is planning to issue shares of common stock to its shareholders, which in total would have a monetary value of 90 billion won. In connection with such issuance of shares by TU Media, SK Telecom has resolved to invest 25.7 billion won to acquire TU Media's shares of common stock. If SK Telecom acquires TU Media's shares of common stock, it will maintain its beneficial ownership of 28.5% of TU Media's shares. It should be noted that the acquisition of such shares by SK Telecom depends on its ability to successfully obtain the necessary contribution.

TU Media is a company that provides a satellite service known as Digital Media Broadcasting (DMB) to the public. TU Media plans to spend its increased capital resulting from its issuance of shares on installation of Gap Filler, advertisement, the broadcasting center related Capex, PP payment commission and other expenses related to Opex.
