DESCRIPTION

ITEM 12. RESULTS OF OPERATIONS AND FINANCIAL CONDITION.

### Edgar Filing: GARTNER INC - Form 8-K

On October 30, 2003, Gartner, Inc. announced financial results for the quarter ended September 30, 2003. A copy of the Company's press release is furnished herewith as Exhibit 99.1 and is incorporated herein by reference. The information contained in this report shall not be incorporated by reference into any filing of Gartner, Inc. with the SEC, whether made before or after the date hereof, regardless of any general incorporation language in such filings.

The press release issued by the company and furnished herewith as Exhibit 99.1 contains a non-GAAP financial measure. For purposes of the Securities and Exchange Commission's Regulation G, a non-GAAP financial measure is a numerical measure of a company's performance, financial position, or cash flows that either excludes or includes amounts that are not normally excluded or included in the most directly comparable measure calculated and presented in accordance with accounting principles generally accepted in the United States ("GAAP"). In the attached press release, Gartner, Inc. uses the non-GAAP measures of normalized EPS. This non-GAAP financial measure is provided to enhance the reader's overall understanding of Gartner's current financial performance and prospects for the future. Gartner believes normalized EPS is an important measure of Gartner's recurring operations as it excludes items that may not be indicative of our core operating results. Normalized EPS is based on net income, excluding other charges, gains and losses on investments, and gains from the sale of certain assets. In the attached press release, a reconciliation of normalized net income and normalized EPS to GAAP net income and GAAP net income per share is provided under "Supplemental Information" at the end of the release.
