REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and Stockholders
AMEN Properties, Inc. and Subsidiaries
Midland, Texas

We have audited the accompanying consolidated balance sheets of AMEN Properties, Inc. and Subsidiaries as of December 31, 2004 and 2003, and the related consolidated statements of income, stockholders' equity, and cash flows for the years then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of AMEN Properties, Inc. and Subsidiaries at December 31, 2004 and 2003, and the results of its operations and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

NOTE A - DESCRIPTION OF BUSINESS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. ORGANIZATION

Effective October 2002, AMEN formed NEMA Properties, LLC ("NEMA"), a Nevada limited liability company; AMEN Minerals, LP ("Minerals"), a Delaware limited partnership; and AMEN Delaware, LP ("Delaware"), a Delaware limited partnership, to pursue acquisitions as authorized by stockholders on September 19, 2002. Effective July 2004 Amen formed W Power and Light, LP ("W Power"), a Delaware limited partnership to enter into the retail electricity market in Texas. AMEN Properties, Inc. and Subsidiaries and affiliates (collectively referred to as the "Company") is a self-administered and self-managed Delaware corporation.

The Company's business purpose is to acquire investments in commercial real estate, oil and gas royalties and stabilized cash flowing businesses or assets. As of December 31, 2004, the Company, through Delaware's investment in a limited partnership, has a commercial real estate portfolio consisting of majority ownership in two office properties located in Midland, Texas comprising an aggregate of approximately 428,560 square feet of gross leasable area. The investment was obtained through Delaware's acquisitions of a partnership interest in TCTB Partners, Ltd. ("TCTB") a Texas limited partnership, totaling approximately 71.3%. Through its investment in Minerals, AMEN has acquired an investment interest in an oil and gas royalty trust and other oil and gas royalties. Through the Company's investment in W Power, Amen is positioned to enter the retail electricity market in the state of Texas. The real estate operations of the Company are primarily conducted through Delaware of which AMEN is the sole general partner and the retail electricity operations are primarily conducted through W Power of which Amen is the sole general partner.

2. BASIS OF PRESENTATION

The consolidated financial statements include the accounts of the Company and its majority-owned/controlled subsidiaries and affiliates. Intercompany balances and transactions have been eliminated.

Management uses estimates and assumptions in preparing the consolidated financial statements in accordance with accounting principles generally accepted in the United States of America. Those estimates and assumptions affect the reported amounts of assets, liabilities, revenues and expenses in the consolidated financial statements, and the

Edgar Filing: AMEN PROPERTIES INC - Form 10KSB/A

disclosure of contingent assets and liabilities. Actual results could differ from these estimates.

3. CASH EQUIVALENTS

The Company considers cash on hand, cash on deposit in banks, money market mutual funds and highly liquid debt instruments purchased with a maturity of three months or less to be a cash equivalent.

4. INVESTMENTS

The Company invests in U.S. government bonds and treasury notes, municipal bonds, certificates of deposit and corporate bonds. Investments with original maturities greater

14

AMEN PROPERTIES, INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)
DECEMBER 31, 2004 AND 2003

than three months but less than twelve months from the balance sheet date are short-term investments. Those investments with original maturities greater than twelve months from the balance sheet date are long-term investments.

The Company's marketable securities are classified as available-for-sale as of the balance sheet date, and are reported at fair value with unrealized gains and losses, net of tax, recorded in stockholders' equity. Realized gains or losses and permanent declines in value, if any, on available-for-sale investments are reported in other income or expense as incurred.

5. FAIR VALUE OF FINANCIAL INSTRUMENTS

The carrying value of cash and cash equivalents, investments, accounts receivable, notes receivable, and accounts payable approximate fair value because of the relatively short maturity of these instruments. The fair value of the fixed rate debt, based upon current interest rates for similar debt instruments with similar payment terms and expected payoff dates, would be approximately \$8,922,000 as of December 31, 2004. Disclosure about fair value of financial instruments is based on pertinent information available to management as of December 31, 2004.

6. TENANT ACCOUNTS RECEIVABLE

Management regularly reviews accounts receivable and estimates the necessary amounts to be recorded as an allowance for uncollectibility. These reserves are established on a tenant-specific basis and are based upon, among other factors, the period of time an amount is past due and the financial condition of the obligor.

7. DEPRECIATION, AMORTIZATION AND DEPLETION

Property, plant and equipment are stated at cost. Depreciation is determined using the straight-line method over the estimated useful lives ranging from three to forty years. Leasehold improvements are amortized over the shorter of the life of the asset or the remaining

Edgar Filing: AMEN PROPERTIES INC - Form 10KSB/A

lease term. Intangible assets are amortized over the useful lives of five to ten years using the straight-line method. Costs for the repair and maintenance of property and equipment are expensed as incurred. Royalty acquisitions are stated at cost. Depletion is determined using the units-of-production method based on the estimated oil and gas reserves.

8. IMPAIRMENT OF LONG-LIVED ASSETS

The Company periodically evaluates the recoverability of the carrying value of its long-lived assets and identifiable intangibles by monitoring and evaluating changes in circumstances that may indicate that the carrying amount of the asset may not be recoverable. Examples of events or changes in circumstances that indicate that the recoverability of the carrying amount of an asset should be assessed include but are not limited to the following: a significant decrease in the market value of an asset, a significant change in the extent or matter in which an asset is used or a significant physical change in an asset, a significant adverse change in legal factors or in the business climate that could affect the value of an asset or an adverse action or assessment by a regulator, an accumulation of costs significantly in excess of the amount originally expected to acquire or construct an asset, and/or a current period operating or cash flow loss combined with a history of operating or cash flow losses or a projection or forecast that demonstrates continuing losses associated with an asset used for the purpose of producing revenue.

The Company considers historical performance and anticipated future results in its evaluation of potential impairment. Accordingly, when indicators or impairments are present, the Company evaluates the carrying value of these assets in reaction to the operating performance of the business and future discounted and nondiscounted cash flows expected to result from the use of these assets. Impairment losses are recognized when the sum of expected future cash flows are less than the assets' carrying value.

9. DEFERRED COSTS

Deferred costs primarily consist of deferred financing costs. Deferred financing costs are amortized as interest expense over the life of the related debt.

10. STOCK-BASED COMPENSATION

The Company accounts for its stock-based compensation in accordance with Accounting Principles Board Opinion (APB) 25, Accounting for Stock Issued to Employees, which uses the intrinsic value method. As required by Statement of Financial Accounting Standards (SFAS) No. 123, ACCOUNTING FOR STOCK-BASED COMPENSATION, the Company has disclosed the pro forma impact on the consolidated financial statements assuming the measurement provisions of SFAS No. 123 and additional disclosure requirements of SFAS No. 148 have been adopted.

11. INCOME TAXES

Edgar Filing: AMEN PROPERTIES INC - Form 10KSB/A

The Company accounts for income taxes in accordance with SFAS No. 109, "ACCOUNTING FOR INCOME TAXES". Under this method, deferred tax assets and liabilities are determined based on differences between the financial reporting and tax basis of assets and liabilities, and are measured using the enacted tax rates and laws that will be in effect when the differences are expected to reverse. Valuation allowances are established when necessary to reduce deferred tax assets to the amount expected to be realized.

12. MINORITY INTEREST

Minority interest represents the interest of unit holders of TCTB, other than the Company, in the net earnings and net equity of TCTB. The unit holder minority interest is adjusted at the end of each period to reflect the ownership at that time. The unit holder minority interest in TCTB was approximately 28.7% at December 31, 2004.

13. CONTINGENTLY CONVERTIBLE SECURITIES

The Company has outstanding Series "A" and Series "B" Preferred Stock whose terms enable the holder, under certain conditions, to convert such securities into 849,764 shares of the Company's Common Stock as shown in the following table.

16

AMEN PROPERTIES, INC. AND SUBSIDIARIES

Series -----	Number of Shares -----	Purchase Price -----	Conversion Rate -----	Number of Comm Shares -----

B	10,000	100,000	3.424	29,206
B	20,000	200,000	4.000	50,000

Conversion of Series "A" and Series "B" is at the option of the holder thereof, at any time and from time to time, into such number of fully paid and nonassessable shares of Common Stock as is determined by dividing the original Series "A" and Series "B" issue price by the conversion price in effect at the time of conversion. The contingently convertible securities have not been included in the calculation of diluted earnings per share where their effect is antidilutive.

14. REVENUE RECOGNITION

Leases with tenants are accounted for as operating leases. Minimum annual rentals are recognized on a straight-line basis over the terms of the respective leases. As a result of recording rental revenue on a straight-line basis, accounts receivable include \$75,288 of tenant

Edgar Filing: AMEN PROPERTIES INC - Form 10KSB/A

receivables at December 31, 2003, which was expected to be collected over the remaining lives of the leases. As of December 31, 2004 there were no such tenant receivables.

15. ADVERTISING EXPENSE

All advertising costs are expensed when incurred. Advertising expenses were approximately \$5,000 and \$7,000 for the years ended December 31, 2004 and 2003, respectively.

16. START-UP COSTS

Start up expenses are associated with certain expenses incurred with W Power and Light, LP. These expenses include but are not limited to salary, fees and licenses, travel and legal expense. Start up costs are expensed as incurred.

17. EARNINGS PER SHARE

Income from operations has been decreased by preferred stock dividends of approximately \$42,000 for the year ended December 31, 2003. There were no preferred stock dividends for the year ended December 31, 2004 (see note S). The effects of Series "A" and "B" convertible Preferred Stock are not included in the computation of diluted earnings per share for any periods in which their effect is antidilutive.

Disclosures regarding shares and share price have been adjusted to reflect the 1-for-4 reverse stock split dated February 3, 2003 in accordance with accounting principles generally accepted in the United States of America (see note S).

18. ENVIRONMENTAL

The Company is subject to extensive federal, state and local environmental laws and regulations. These laws regulate asbestos in buildings that require the Company to remove or mitigate the environmental effects of the disposal of the asbestos at the buildings.

Environmental costs that relate to current operations are expensed or capitalized as appropriate. Costs are expensed when they relate to an existing condition caused by past operations and will not contribute to current or future revenue generation. Liabilities related to environmental assessments and/or remedial efforts are accrued when property or services are provided or can be reasonably estimated.

19. NEW ACCOUNTING PRONOUNCEMENTS

In December 2003, the Financial Accounting Standards Board (FASB) issued a revised Interpretation No. 46, CONSOLIDATION OF VARIABLE INTEREST ENTITIES, replacing the original Interpretation issued in January 2003. The revised Interpretation provides guidance on when certain entities should be consolidated or the interests in those entities should be disclosed by enterprises that do not control them

Edgar Filing: AMEN PROPERTIES INC - Form 10KSB/A

through majority voting interest. Under the revised Interpretation, entities are required to be consolidated by enterprises that lack majority voting interest when equity investors of those entities have insignificant capital at risk or they lack voting rights, the obligation to absorb expected losses, or the right to receive expected returns. Entities identified with these characteristics are called variable interest entities and the interests that enterprises have in these entities are called variable interests. These interests can derive from certain guarantees, leases, loans or other arrangements that result in risks and rewards that are disproportionate to the voting interests in the entities. The provisions of the revised Interpretation must be immediately applied for variable interest entities created after January 31, 2003 and for variable interests in entities commonly referred to as "special purpose entities." For all other variable interest entities, implementation is required by March 31, 2004.

In July 2003, the FASB issued SFAS No. 149, ACCOUNTING FOR DERIVATIVE INSTRUMENTS AND HEDGING ACTIVITIES. SFAS No. 149 amends and clarifies SFAS No. 133, ACCOUNTING FOR DERIVATIVE INSTRUMENTS AND HEDGING ACTIVITIES. SFAS No. 149 improves financial reporting of derivatives by requiring contracts with comparable characteristics be accounted for similarly. This Statement also incorporates clarifications of the definition of a derivative. SFAS No. 149 is effective for contracts entered into or modified after June 30, 2003. Management will consider the impact of this Statement on its financial statements for future periods.

In May 2003, the FASB issued SFAS No. 150, ACCOUNTING FOR CERTAIN FINANCIAL INSTRUMENTS WITH CHARACTERISTICS OF BOTH LIABILITIES AND EQUITY. SFAS No. 150 requires that an issuer classify a financial instrument that is within its scope as a liability. Many of those instruments were previously classified as equity such as common or preferred shares that are mandatorily redeemable—that embody an unconditional obligation requiring the issuer to redeem the shares by transferring its assets at a specified date or upon an event that is certain to occur. The provisions of this Statement shall be effective for the first fiscal period beginning after December 15, 2004.

18

DECEMBER 31, 2004 AND 2003

In November 2004, the FASB issued SFAS No. 151, INVENTORY COSTS. SFAS No. 151 amends the guidance in Accounting Research Bulletin (ARB) No. 43, Chapter 4, INVENTORY PRICING, to clarify the accounting for abnormal amounts of idle facility expense, freight, handling costs and wasted material (spoilage). This Statement requires that those items be recognized as current-period charges regardless of whether they meet the criterion of "so abnormal." In addition, the Statement requires that allocation of fixed production overheads to the costs of conversion be based on the normal capacity of the production facilities. The provisions of this Statement are effective for inventory costs incurred during fiscal years beginning after June 15, 2005, with early application encouraged.

Edgar Filing: AMEN PROPERTIES INC - Form 10KSB/A

In December 2004, the FASB issued a revised Statement No. 123, ACCOUNTING FOR STOCK-BASED COMPENSATION. This Statement eliminates the alternative to use Accounting Principles Board (APB) Opinion No. 25's intrinsic value method of accounting. This Statement establishes standards for the accounting for transactions in which an entity exchanges its equity instruments for goods or services. It also addresses transactions in which an entity incurs liabilities in exchange for goods or services that are based on the fair value of the entity's equity instruments or that may be settled by the issuance of those instruments. An entity will measure the cost of employee services received in exchange for an award of equity instruments based on the grant date fair value of those instruments, except in certain circumstances. The provisions of this interpretation become effective as of the beginning of the first annual reporting period that begins after December 15, 2005.

In December 2004, the FASB issued SFAS No. 152, ACCOUNTING FOR REAL ESTATE TIME-SHARING TRANSACTIONS. This Statement amends SFAS No. 66 and SFAS No. 67 to state the guidance for (a) incidental operations and (b) costs incurred to sell real estate projects does not apply to real estate time-sharing transactions. The accounting for those operations and costs is subject to the guidance in Statement of Position (SOP) 04-2, ACCOUNTING FOR REAL ESTATE TIME-SHARING TRANSACTIONS. This Statement is effective for financial statements for fiscal years beginning after June 15, 2005.

In December 2004, the FASB issued SFAS No. 153, EXCHANGES OF NONMONETARY ASSETS. This Statement amends APB Opinion No. 29, to eliminate the exception for nonmonetary exchanges of similar productive assets and replaces it with a general exception for exchanges of nonmonetary assets that do not have commercial substance. The provisions of this Statement shall be effective for nonmonetary asset exchanges occurring in fiscal periods beginning after June 15, 2005.

Management does not believe the new pronouncements will have a material impact on its financial statements.

20. RECLASSIFICATIONS

Certain reclassifications of prior period amounts have been made to conform to the 2004 presentation.

NOTE B - BUSINESS COMBINATIONS

In January 2004, the Company purchased an additional 6.485% limited partnership interest in TCTB by issuing debt of \$250,778 and a cash payment of \$208,346. The allocation of the purchase price resulted in the Company recording an increase in property, plant and equipment of \$269,843 and reducing the minority interest investment by \$189,281.

NOTE C - DISPOSITION OF ASSETS

Edgar Filing: AMEN PROPERTIES INC - Form 10KSB/A

On January 4, 2005, the Company announced that, effective December 31, 2004, the TCTB partners agreed to distribute its Lubbock, Texas office building to the TCTB partners and simultaneously sell their interest in the asset to an entity partially owned by certain TCTB minority owners.

In accordance with an Agreement to Distribute Assets, effective December 31, 2004, the Lubbock office building (the "Property") was distributed to the TCTB partners according to their partnership sharing ratios. The Property distribution to the TCTB minority interest partners resulted in an approximate \$979,000 reduction in the Company's property, plant and equipment and a corresponding reduction in minority interest. The Property and two other Midland, Texas office properties owned by TCTB are subject to a lien securing TCTB's \$6,100,000 note payable to Wells Fargo Bank Texas, N.A. The Bank agreed to release its lien on the Property in exchange for a \$2,100,000 restricted certificate of deposit (see note G) pledged by TCTB to the Bank as additional collateral.

Immediately following the Property distribution, the Company and the selling minority interest partners agreed to sell their undivided interest in the Property for a negotiated purchase price of \$4,568,614, in accordance with a Purchase Agreement, to 1500 Broadway Partners, Ltd., a limited partnership, in which certain TCTB limited partners (non-selling minority interest partners) are partners and are tenants in one of TCTB's Midland office buildings. The Company received net proceeds of \$3,688,094 for its undivided interest in the Property that resulted in a gain of \$905,118.

The Company used \$1,681,346 of the net proceeds to reduce the principal amount of certain debt by \$1,394,544 and to pay accrued interest of \$286,802. The remaining proceeds will be used for start-up working capital purposes for W Power and Light, LP, a newly created retail electric provider.

NOTE D - CONCENTRATIONS OF CREDIT RISK

The Company maintains cash balances at three financial institutions, which at times may exceed federally insured limits. At December 31, 2004 and 2003, the Company had approximately \$3,673,300 and \$2,201,200, respectively, of uninsured cash and cash equivalents. The Company has not experienced any losses in such accounts and believes that it is not exposed to any significant credit risks on such accounts.

The Company's revenues are derived principally from uncollateralized rents from tenants. The concentration of credit risk in a single industry affects its overall exposure to credit risk because tenants may be similarly affected by changes in economic and other conditions.

Minerals, LP, completed the acquisition of two separate royalty interests, one in the state of Texas and one in the state of Oklahoma. The total consideration paid by the Company for the royalty interests was \$162,854. Under accounting principles generally accepted in the United States of America, revenues and expenses are recognized on an accrual basis. Royalty income is generally received one to two months following the month of production and the Company uses estimates to accrue royalty income for the year ended December 31, 2004.

NOTE F - CASH, CASH EQUIVALENTS AND INVESTMENTS

At December 31, 2004 and 2003 the Company's cash and cash equivalents consist of cash in banks of approximately \$4,147,900 and \$2,741,527, respectively.

Securities available-for-sale in the accompanying balance sheet at December 31, 2004 and 2003 total \$62,350 and \$112,575, respectively. The aggregate market value, cost basis, and unrealized gains and losses of securities available-for-sale, by major security type as of December 31, 2004 and 2003 are as follows:

The Company recorded net realized (losses) gains of \$(479) and \$120,405 for the years ended December 31, 2004 and 2003, respectively.

NOTE G - RESTRICTED CERTIFICATE OF DEPOSIT

The Company holds a \$2,100,000 certificate of deposit with a financial institution which bears interest of 1.98% and matures on December 28, 2005. The certificate of deposit collateralizes the term note with a financial institution (see note N) and is restricted. The certificate of deposit is recorded at cost, which approximates market value. The certificate is non-negotiable and non-transferable, and may incur substantial penalties for withdrawal prior to maturity.

On December 13, 2002, the Company received a note receivable in the amount of \$275,000, with an annual interest rate of 6.00%, from a third-party for the sale of substantially all assets associated with a direct mail advertising service. The note receivable is due in quarterly installments, beginning April 10, 2003, equal to 20% of the gross profit from operations for the prior calendar quarter period, with all remaining unpaid principal and interest due on January 10, 2010. As of December 31, 2004 and 2003, the outstanding principal balance on the note receivable was \$249,555 and \$250,763, respectively. Because the current maturities are not reasonably estimable at December 31, 2004, the entire principal balance is reported as non-current.

The payment was deferred and was being amortized over the term of the lease, approximately seven years. On December 31, 2004 the Lubbock building was sold. As of December 31, 2004 no deferred revenue exists.

On July 30, 2004, the Company formed and initiated the development of W Power. W Power was established to enter into the retail electricity market in Texas. The formation of W Power resulted in the diversification of the Company's business activities into two reportable segments: real estate operations and a retail electricity provider (REP). The real estate operations consisted of three office properties, two located in Midland, Texas and one located in Lubbock, Texas, and comprised an aggregate of approximately 639,259 square feet of gross leaseable area. The Lubbock, Texas building was sold on December 29, 2004 (see note C). The REP segment will sell electricity and provide the related billing, customer service, collection and remittance services to both residential and commercial customers.

NOTE N - LONG-TERM OBLIGATIONS

On June 5, 2002, TCTB entered into a loan agreement with a financial institution for a term note of \$6,800,000. The term note bears interest at a fixed rate per annum of 7.23%. TCTB is making monthly payments of principal and interest in the amount of \$53,663 for the term note until maturity of the note on May 31, 2009. The loan agreement is secured by substantially all of the assets of TCTB. The loan agreement restricts cash distributions to TCTB's owners. TCTB shall not declare or pay any distributions in excess of tax liability due annually (but in any event, no more than 40% of net income, which is approximately \$309,000 at December 31, 2004), either in cash or any property to any owners. The loan agreement also contains other customary conditions and events of default, the failure to comply with, or occurrence of, would prevent any further borrowings and would generally require the repayment of any outstanding borrowings along with accrued interest under the loan agreement. Such events of default include (a) non-payment of loan agreement debt and interest thereon, (b) non-compliance with the terms of the credit agreement covenants, (c) cross-default with other debt in certain circumstances, (d) bankruptcy and (c) a final judgment or order for the payment of money in excess of \$100,000.

Delaware entered into nine promissory notes, certain of which are with related parties, in an aggregate amount of \$2,789,087, to purchase the

64.9% ownership interest in TCTB. The notes are due in annual payments of principal and interest beginning April 1, 2005 with a final maturity of May 31, 2009. The interest rate is equal to the Wall Street Journal Prime Lending Rate plus .15% (4.9% at December 31, 2004). The annual payments are equal to a set percentage, ranging from 1% to 16% of the future net operating loss benefit of the Company. The net operating loss benefits are calculated as the dollar value of the federal income tax benefit to the Company of the net operating loss calculated in accordance with the Internal Revenue Code, for the calendar year preceding the date of each annual payment. Due to the distribution and sale of the Lubbock building (see note C) the Company elected to forgo the payment as described above and paid one half of the principal balance along with the entire accrued interest balance in January 2005. This payment is in excess of the required payment and is shown in the current maturities table below for the year 2005.

Delaware entered into a promissory note in the amount of \$250,778 to purchase an additional 6.485% ownership interest in TCTB. The note is due in quarterly installments of principal and interest beginning on March 1, 2004 with a final maturity of January 1, 2010. The term note bears interest at a fixed rate per annum of 5%.

NOTE S - STOCKHOLDERS' EQUITY

This action brought the closing bid price of AMEN's common stock over the \$1.00 per share criteria required before the February 14, 2003 deadline issued by the NASDAQ Listing Panel. Disclosures regarding shares and share price have been adjusted to reflect the 1-for-4 reverse stock split in accordance with generally accepted accounting principles in the United States of America. The Company entered into agreements effective May 30, 2003 with its Series A and Series B Preferred Shareholders pursuant to which the Preferred Shareholders agreed to the suspension of the accrual of dividends on the Series A and Series B Preferred Stock from and after April 1, 2003. As a result, the Company issued 209,300 unregistered shares of common stock of the Company to satisfy the accrued dividend as of March 31, 2003. Further, the Company received shareholder approval at the 2004 annual stockholder meeting, and filed a Certificate of Amendment of Certificate of Incorporation of Amen Properties, Inc. on May 28, 2004 to amend the Series A and Series B Preferred Stock Designations. The amendment effectuates the elimination of the Preferred A and Preferred B Shareholders dividend other than for dividends with respect to the common stock of the Company (see note A13).

NOTE U - EMPLOYEE BENEFIT PLAN

In January 1998, the Company adopted a defined contribution 401(k) plan which covers substantially all of its eligible employees. The maximum employee contribution allowed is 15% of compensation or \$13,000 in 2004 or \$12,000 in 2003, whichever is lower. The Company is not required to contribute to the 401(k) plan. The Company made discretionary contributions of approximately \$10,000 and \$2,000 for 2004 and 2003, respectively.

NOTE V - SUBSEQUENT EVENTS

On February 28, 2005 the Company entered into a loan agreement (the "Note") with Western National Bank, Midland, Texas. The Note is a certain Revolving Line of Credit in an amount of \$5,000,000. Under the Note, the Bank may, but is not obligated to advance more than \$2,500,000. Borrowings under the Note are subject to a borrowing base equal to the lesser amount of: (a) \$5,000,000 or (b) seventy-five percent (75%) of the eligible customer receivables of the Company and its subsidiary W Power. The Note bears a variable interest rate equal to the Prime Rate, defined as the prime rate in the money rate table of THE WALL STREET JOURNAL, a Dow Jones publication, as of each business day. Interest is computed on the unpaid principal balance of the Note and is due and payable as it accrues monthly, commencing March 31, 2005, and thereafter on the last day of each and every succeeding month until maturity, March 31, 2008, when the entire amount of the Note, principal and accrued, unpaid interest, shall be due and payable. The Note is secured by a security agreement to all of the accounts receivable of W Power. In addition, the Note is guaranteed by certain accredited investors which guarantees are partially secured by letters of credit. The loan agreement also contains other customary conditions and events of default, the failure to comply with, or occurrence of, would prevent any further borrowings and would generally require the repayment of any outstanding borrowings along with accrued interest under the loan agreement. The proceeds from the Note are intended to be used to fund potential capital requirements in order to facilitate the

growth of the Company's retail electric provider subsidiary, W Power, and for general corporate purposes.

On February 3, 2005, the Company finalized an agreement involving a private placement under Regulation D of a new series of preferred stock (the "Series C Preferred") and common stock purchase warrants (the "Warrants") to accredited investors (the "Purchase Agreement"). The Company closed the sale and issuance of 125,000 Series C Preferred and 250,000 Warrants pursuant to the Purchase Agreement, as amended by the Second Amendment (the "Amended Purchase Agreement"), on March 1, 2005. The purchase price consisted of a total of \$2 million in cash and limited guaranties from the investors in favor of Western National Bank covering the credit facility described above. No underwriting discounts or commissions were paid in connection with this issuance. Certain facts related to the exemption from registration of the issuance of the securities under securities law are set forth in the Amended Purchase Agreement as representations of the investors, including without limitation their investment intent, their status as accredited investors, the information provided to them, the restricted nature of the securities, and similar matters.

30

AMEN PROPERTIES, INC. AND SUBSIDIARIES NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED) DECEMBER 31, 2004 AND 2003

The Series A Preferred, Series B Preferred, Series C Preferred and the Common Stock are equal as to the payment of dividends. Each share of Series C Preferred is convertible into four shares of Common Stock, for a total of 500,000 shares, subject to adjustment pursuant to anti-dilution provisions. The Warrants are exercisable into a total of 250,000 shares of Common Stock at an initial exercise price of \$4.00 (also subject to adjustment pursuant to anti-dilution provisions), and expire three years from the date of issuance. The complete terms of the securities are set forth in the Certificate of Designation and form of Warrant, which are attached hereto as exhibits.
