---

**Item 8.01. Other Events.**

On September 6, 2011, Forest Oil Corporation (“*Forest*”) announced that its Board of Directors declared a special stock dividend to its shareholders of 70,000,000 shares of common stock of Lone Pine Resources Inc. (“*Lone Pine*”) owned by Forest, representing approximately 82% of the outstanding shares of Lone Pine common stock. The distribution by Forest of the special stock dividend will be made on September 30, 2011 to all Forest shareholders of record on September 16, 2011 (the “*Record Date*”).

The distribution will take place in the form of a pro rata common stock dividend to each Forest shareholder of record on the Record Date. As of August 31, 2011, Forest had approximately 114,382,761 million shares of common stock outstanding; accordingly, Forest shareholders will receive approximately 0.612 of a share of Lone Pine common stock for every share of Forest common stock held as of the Record Date. The final distribution ratio will be set on the Record Date and will be calculated by dividing the number of shares of Lone Pine common stock to be distributed by the number of shares of Forest common stock outstanding on the Record Date. In lieu of fractional shares, shareholders will receive a cash distribution.

A copy of the press release issued by Forest is being filed as Exhibit 99.1 to this Current Report on Form 8-K and is incorporated by reference into this Item 8.01.
