GENERAL INFORMATION

Introduction

Howard Bancorp, Inc. (“Howard” or the “Company”) is holding its 2018 Annual Meeting of Stockholders (the “Meeting”) on Wednesday, May 23, 2018. This proxy statement is being sent on or about April 10, 2018, in connection with the solicitation by the Board of Directors of Howard (the “Board of Directors” or the “Board”) of proxies to be voted at the Meeting and at any adjournment or postponement thereof.

Howard is furnishing this proxy statement over the Internet to most stockholders. These stockholders will not receive printed copies of the proxy statement and proxy card, and instead will receive a Notice of Internet Availability (the “Notice”) containing instructions on how to access the proxy materials over the Internet. In addition, the Notice contains instructions on how to request proxy materials in printed form by mail or electronically on an ongoing basis. This process has allowed Howard to expedite its stockholders’ receipt of proxy materials, lower the costs of distribution and reduce the environmental impact of the Meeting.

Meeting Location, Date and Time

The Meeting will be held at Howard’s Corporate Offices located at 3301 Boston Street, Baltimore, Maryland, on Wednesday, May 23, 2018, at 11:30 a.m. To obtain directions to attend the meeting, contact the Secretary at (410) 750-0020.

Stockholders Entitled to Vote

Stockholders of record at the close of business on March 29, 2018 (the “record date”), are entitled to notice of and to vote at the Meeting in person or by proxy. On the record date, Howard had outstanding 18,991,026 shares of common stock.

Required Vote

A majority of the shares outstanding and entitled to vote constitutes a quorum to transact business at the Meeting. Each share is entitled to one vote on each proposal.

The required vote for each proposal is as follows:

- Directors will be elected by the affirmative vote of a plurality of the shares cast at the Meeting. The approval of the non-binding advisory vote to approve Howard’s executive compensation the affirmative vote of holders of a majority of the votes cast on the proposal by Howard stockholders at the Meeting, which we refer to as the executive compensation proposal.
- The ratification of the selection of Dixon Hughes Goodman LLP (“Dixon Hughes Goodman”) as independent auditor will be approved by the affirmative vote of holders of a majority of the votes cast on the proposal by Howard stockholders at the Meeting, which we refer to as the auditor proposal.

While abstentions and broker non-votes are counted as shares present at the meeting for purposes of determining a quorum, they are not otherwise counted and, therefore, will have no effect on the outcome of the election of directors, the executive compensation proposal or the auditor proposal.

Applicable rules determine whether proposals presented at stockholder meetings are considered routine or non-routine. If a proposal is considered routine, a bank, broker or other holder of record which holds shares for an owner in street name generally may vote on the proposal without receiving voting instructions from the beneficial owner. If a proposal is non-routine, the bank, broker or other holder of record generally may vote on the proposal only

if the beneficial owner has provided voting instructions. A “broker non-vote” occurs when a broker or other entity returns a signed proxy card but does not vote shares on a particular proposal because the proposal is not a routine matter and the broker or other entity has not received voting instructions from the beneficial owner of the shares. The ratification of the selection of Dixon Hughes Goodman as independent auditor is considered a routine matter, while the other proposals, i.e., the election of directors and the executive compensation proposal, are considered non-routine matters.

4

All valid proxies received by Howard will be voted in accordance with the instructions indicated in such proxies. As noted above, if you hold your shares through a bank, broker or other holder of record and you do not give voting instructions, your bank, broker or other record holder of the shares is not permitted to vote your shares on any proposal other than the auditor proposal, which is the only routine proposal on the agenda. If no instructions are indicated in an otherwise properly executed proxy, it will be voted "FOR" each of the director nominees named in this proxy statement, "FOR" the executive compensation proposal, FOR the auditor proposal and on all other matters in accordance with the recommendations of the Board.

How to Vote

Stockholders of record can vote in person at the Meeting or by proxy without attending the Meeting. To vote by proxy:

- (1) Vote by Internet (instructions are on the Notice or the proxy card),
- (2) Vote by telephone (instructions are on the Notice or on the proxy card), or
- (2) If you received a printed copy of this proxy statement, complete the enclosed proxy card and sign, date and return it in the enclosed postage-paid envelope.

If you hold your shares through a bank, broker or other holder of record, your bank, broker or agent will provide you with materials and instructions for voting your shares. If you hold your shares through a bank, broker or other holder of record, and you plan to vote in person at the Meeting, you should contact your bank, broker or agent to obtain a legal proxy or broker's proxy card and bring it to the meeting in order to vote in person.

You will receive multiple Notices or printed copies of the proxy materials if you hold your shares in different ways (e.g., individually, by joint tenancy, through a trust or custodial account, etc.) or in multiple accounts. Please vote the shares represented by each Notice or proxy card you receive to ensure that all of your shares are voted.

Revoking Your Proxy

If you are a stockholder of record, you may revoke your proxy at any time before it is voted by written notice to the Secretary, by revocation at the meeting, by delivery to the Secretary of a subsequently dated proxy card or by submitting a later vote by Internet (instructions are on the Notice or the proxy card). In the case of multiple submissions regarding the same shares, the proxy with the latest date will be counted. The address for the Secretary is Howard Bancorp, Inc., 3301 Boston Street, Baltimore, Maryland 21224.

If you hold your shares through a bank, broker or other holder of record and you do not plan to vote in person at the Meeting, you should contact your bank, broker or agent to revoke your proxy or change your vote.

Voting on Other Matters

The Board of Directors is not aware of any additional matters to be brought before the meeting. If other matters do come before the meeting, the persons named in the accompanying proxy or their substitutes will vote the shares represented by such proxies in accordance with the recommendations of the Board of Directors.

Cost of Proxy Solicitation

Solicitation of proxies will be primarily by mail, telephone and electronic delivery. Employees of Howard and its subsidiaries may be used to solicit proxies by means of telephone or personal contact but will not receive any additional compensation for doing so. Banks, brokers, trustees and nominees will be reimbursed for reasonable expenses incurred in sending proxy materials to the beneficial owners of such shares. The total cost of the solicitation

of proxies will be borne by Howard.

CORPORATE GOVERNANCE

General

The Board of Directors of the Company met 14 times during 2017. All members of the Board of Directors attended at least 75% of the meetings held by the Board of Directors and by all committees on which such member served during 2017. There currently are six standing committees of our Board of Directors:

- Asset-Liability Committee
- Audit Committee
- Compensation Committee
- Executive Committee
- Governance and Nominating Committee
- Strategic Growth Initiatives Committee

Corporate Governance

The Board of Directors is committed to fulfill its responsibilities to stockholders and other Company stakeholders consistent with sound corporate governance policies adopted by the Board on behalf of the Company that incorporate the best contemporary standards and practices. Among other policies, we have adopted a code of conduct that applies to our employees, including our Chief Executive Officer and our Chief Financial Officer, and a separate code of conduct that applies to our non-employee directors. These policies provide our directors, senior management and all our employees with a framework that defines responsibilities, sets high standards of professional and personal conduct, and promotes compliance with the various financial, ethical, legal and other obligations and responsibilities applicable to the Company.

The Company's codes of conduct and other corporate governance policies can be viewed at Howard Bank's website www.howardbank.com under Investor Relations – Corporate Governance – Governance Documents.

Board Independence

The Board of Directors has determined that all of the current directors as well as each person who served as a director during 2017, except for Mr. Kunisch, Ms. Scully and Mr. Steil, are independent directors as determined under the definition of independence set forth in the rules and listing standards of the Nasdaq Stock Market, LLC (“Nasdaq”). In making this determination, the Board of Directors considered the transactions and relationships disclosed under “Certain Relationships and Related Transactions” below.

Board Leadership Structure; Lead Independent Director

Currently, our Chief Executive Officer also serves as the Chairman of the Board. The Company believes this leadership structure is most appropriate for us because we believe having the CEO serve as Chairman fosters an alignment of various Company leadership duties and having the person most familiar with all aspects of the Company's day to day operations lead the Board enhances accountability and effectiveness.

In addition to the Chairman of the Board, the Board of Directors has established the position of Lead Independent Director. Mr. Smith currently serves as the Lead Independent Director.

The Lead Independent Director provides leadership to and reports to the Board focused on enhancing effective corporate governance, provides a source of Board leadership complementary to, collaborative with and independent of the leadership of the Board Chair/CEO, and promotes best practices and high standards of corporate governance.

The Lead Independent Director serves as a member of the Executive Committee, the Governance and Nominating Committee and any other committee of the Board to which he is appointed.

9

Board's Role in Risk Oversight

The Board of Directors has an active role in overseeing and monitoring our risk management processes. The Board has appointed a Chief Risk Officer responsible for the strategic management of all enterprise risk – credit, compliance, operational, cyber and physical security. The Board of Directors regularly reviews information regarding the Company's asset quality, securities portfolio, capital, liquidity, compensation, financial reporting, strategic plan, products, security and operations. The Board of Directors oversees the risk management process through correlated committee processes and through Board management of, and/or participation in, these committees. The Compensation Committee is responsible for overseeing the management of risks related to our executive and non-executive compensation plans. The Audit Committee has responsibility for oversight of financial reporting, information technology, security and regulatory risks. The Governance and Nominating Committee manages risk associated with the Board of Directors, including independence and competence of the directors. The Asset-Liability Committee is responsible for oversight of the management of risks associated with our policies and procedures related to financial management, interest rate sensitivity, liquidity, investment and capital.

We also have an outsourced internal audit provider that reports to the Audit Committee. On an annual basis, or more frequently if required, the Audit Committee approves a schedule of internal reviews and audits for this firm to complete. This firm reports the findings from these reviews and audits to the Audit Committee on at least a quarterly basis. The Chair of the Audit Committee makes a full report of each finding to the full Board of Directors. The Board of Directors does not believe that the administration of its risk oversight function has had any effect on its leadership structure as described above.

Committees of the Board of Directors

Audit Committee

The Board of Directors of the Company has established a standing Audit Committee in accordance with Section 3(a)(58)(A) of the Exchange Act. The Audit Committee is responsible for: the selection, review and oversight of the Company's independent registered public accounting firm and the outsourced internal audit company; the approval of all audit, review and attest services provided by the independent public accounting firm; the integrity of the Company's reporting practices; and evaluation of the Company's internal controls and accounting procedures. It also periodically reviews audit reports with the Company's independent public accounting firm. The Board of Directors has adopted a written charter for the Audit Committee, a copy of which can be viewed at Howard Bank's website www.howardbank.com under Investor Relations – Corporate Governance – Governance Documents. The Audit Committee is currently comprised of Mr. Keenan, the Chair, and Messrs. Dorsch, High, Latta and O'Neill. Each member of the Audit Committee is independent, as determined under the definition of independence set forth in the rules and listing standards of Nasdaq. During 2017 the Audit Committee met eight times. The Board of Directors has determined that Mr. Keenan is an "audit committee financial expert" as that term is defined by the rules and regulations of the Securities and Exchange Commission (the "SEC").

The Audit Committee is also responsible for the pre-approval of all non-audit services provided by the Company's independent registered public accounting firm. Non-audit services are only provided by the Company's auditors to the extent permitted by law. Pre-approval is required unless a "de minimis" exception is met. To qualify for the "de minimis" exception: the aggregate amount of all such non-audit services provided to the Company must constitute not more than five percent of the total amount of revenues paid by the Company to its independent public accounting firm during the fiscal year in which the non-audit services are provided; such services were not recognized by the Company at the time of the engagement to be non-audit services; and the non-audit services are promptly brought to the attention of the Committee and approved prior to the completion of the audit by the Committee or by one or more members of the Committee to whom authority to grant such approval has been delegated by the Committee.

Governance and Nominating Committee

The Governance and Nominating Committee is responsible for: assisting, advising and making recommendations to the Board of Directors on corporate governance matters, including the identification, selection, and recommendation of qualified individuals to become Board members; selecting and recommending that the Board approve the director nominees for the annual meeting of stockholders; developing and recommending to the Board a set of corporate governance guidelines; developing and recommending a Board committee structure and recommending the membership and chairs of committees; overseeing the evaluations of the Board; and overseeing the succession planning for the Chief Executive Officer. The charter for the Governance and Nominating Committee can be viewed at Howard Bank's website www.howardbank.com under Investor Relations – Corporate Governance – Governance Documents.

The Governance and Nominating Committee identifies nominees for the Board of Directors by first evaluating the current Board members willing to continue serving as directors. Current Board members with skills and experience that are relevant to our business and who are willing to continue their service are first considered for re-nomination, balancing the value of continuity of service by existing members of the Board with that of obtaining new skills, backgrounds and perspective, in light of our developing needs. If a vacancy exists, the Committee solicits suggestions for director candidates from a number of sources, which can include other Board members, management, and individuals personally known to members of the Board.

Pursuant to our guidelines for selecting potential new board members, in selecting and evaluating persons to recommend to the Board as nominees for director, the Governance and Nominating Committee strives to select persons who have high integrity and relevant experience and who bring a diverse set of appropriate skills and backgrounds to the Board. In this regard, the Governance and Nominating Committee also gives consideration to matching the geographic base of candidates with the geographic coverage of the Company, and to diversity on the Board that reflects the community that we serve. The Governance and Nominating Committee will also take into account whether a candidate satisfies the criteria for “independence” under Nasdaq's listing standards. These factors are subject to change from time to time.

The Governance and Nominating Committee also evaluates candidates for nomination to the Board of Directors who are recommended by stockholders. Stockholders who wish to recommend individuals for consideration by the Governance and Nominating Committee to become nominees for election to the Board may do so by submitting a written recommendation to the Company's Secretary at its executive offices. Submissions must include, among other things: (i) all information relating to such person that would indicate such person's qualification to serve on the Board of Directors, including that information set forth in Article I, Section 1.10 of our Bylaws and (ii) such other information relating to such person that is required to be disclosed in connection with solicitations of proxies for election of directors pursuant to the proxy rules under the Exchange Act, or any successor rule thereto. A written consent of the individual to stand for election if nominated and to serve if elected by the stockholders must accompany the submission. The Governance and Nominating Committee will consider recommendations received by a date not later than 90 days nor earlier than 120 days prior to the anniversary date of the mailing of the Company's proxy materials in connection with the prior year's annual meeting of stockholders for nomination at the next annual meeting. The Governance and Nominating Committee will consider nominations received beyond that date at the annual meeting subsequent to the next annual meeting. For more information see the Section entitled “Stockholder Proposals And Nominations For The Howard 2019 Annual Meeting Of Stockholders.”

There is no difference in the manner in which the Governance and Nominating Committee evaluates candidates for membership on the Board based on whether such candidate is recommended by a stockholder, the Governance and Nominating Committee, a director or by any other source. No submission for Board nominees by a stockholder was received by the Company with respect to the Meeting.

The Governance and Nominating Committee is currently comprised of Ms. Hill Staton, the Chair, and Messrs. High, Latta, O'Neill and Smith. Each member of the Committee is independent, as determined under the definition of independence set forth in Nasdaq's rules and listing standards. During 2017 the Governance and Nominating Committee met seven times.

Compensation Committee

The Compensation Committee assists, advises and makes recommendations to the Board of Directors on executive and director compensation matters, including evaluating and recommending to the Board compensation and benefit plans for executives and directors of the Company, as well as evaluating the performance of the Company's executives. The Compensation Committee also has been delegated responsibility for making certain compensation decisions relating to the Company's executives and under the Company's equity compensation plans. The Compensation Committee solicits the recommendation of our Chairman and Chief Executive Officer with respect to compensation determinations concerning the other executive officers of the Company, but does not delegate its authority with respect to compensation matters to any other person.

The Compensation Committee also may request others, including compensation consultants and legal counsel, to attend meetings or to provide relevant information to assist the committee in its work. The Compensation Committee also has the authority to retain compensation and benefits consultants and legal counsel used to assist the Committee in fulfilling its responsibilities.

With respect to 2017 compensation, the Compensation Committee was generally advised by ChaseCompGroup, a Division of Arthur J. Gallagher & Co., ("ChaseCompGroup"), as its independent compensation consultant. In light of Howard's growth and the anticipated merger with First Mariner Bank (the "Merger"), in September 2017 the Compensation Committee engaged Pearl Meyer & Partners, LLC ("Pearl Meyer") to replace ChaseCompGroup as its independent compensation consultant. Both ChaseCompGroup and Pearl Meyer have provided the Compensation Committee with information, analyses and advice to aid in the determination of competitive executive and non-employee director compensation consistent with Howard's compensation philosophy. Neither ChaseCompGroup nor Pearl Meyer provided (or provides) any consulting services to Howard other than to the Compensation Committee in connection with director and executive pay, and neither maintained (or maintains) any other financial or other relationship with Howard. The Compensation Committee assessed the independence of ChaseCompGroup and Pearl Meyer pursuant to SEC and Nasdaq rules and has concluded that the advice it has received from them is objective and not influenced by other relationships that could be viewed as conflicts of interest.

The charter for the Committee can be viewed at Howard Bank's website www.howardbank.com under Investor Relations – Corporate Governance – Governance Documents.

The Compensation Committee is currently comprised of Mr. Latta, the Chair, Messrs. Drescher, Feinglass, Lundeen and Smith, and Ms. Hill Staton. Each member of the Committee is independent, as determined under the definition of independence set forth Nasdaq's rules and listing standards. During 2017 the Compensation Committee met seven times.

Director Attendance at Annual Meetings

It is our policy that all members of the Board of Directors are expected to attend the annual meeting of stockholders in the absence of an unavoidable conflict. All of our directors at the time of our 2017 Annual Meeting of Stockholders were in attendance at such meeting except for Mr. Morgan, who was unable to attend.

Director Stock Ownership Policy

We have a policy that requires all newly elected directors to commit to a minimum investment of five times the annual cash retainer component of the director's compensation, fixed at the time of the director's initial election to the Board. The minimum investment may be acquired over up to a five-year period and includes stock awarded as a component of director compensation. As of December 31, 2017, all of our directors were in compliance with this policy.

ITEM 1. ELECTION OF DIRECTORS

The Company's Bylaws provide that the number of directors may be increased or decreased by our Board of Directors. The number of directors is currently fixed at 14. The directors of the Company are divided into three classes - Class I, Class II and Class III - each class consisting of an equal number of directors, or as nearly equal as possible. The Board of Directors believes that the staggered terms of the Board of Directors help to assure the continuity and stability of the Company's business strategies and policies. Each director of the Company also serves as a director of Howard Bank (the "Bank").

Typically, one class of directors is elected at each annual meeting of stockholders to hold office for a term of three years and until their successors have been duly elected and qualify. In addition to electing the Class I directors at the Meeting, the directors who were appointed in connection with the Merger must also be re-elected at the Meeting. Therefore, stockholders are being asked to elect five Class I directors to serve for a three-year term expiring at the Annual Meeting of Stockholders in 2021 and until their successors are elected and qualify; to elect two Class II directors to serve for the remainder of a three-year term expiring at the Annual Meeting of Stockholders in 2019 and until their successors are elected and qualify; and to elect two Class III directors to serve for the remainder of a three-year term expiring at the Annual Meeting of Stockholders in 2020 and until their successors are elected and qualify.

Below is a chart of the Board of Directors, including the directors who have been nominated for election as director, as indicated below (each a "nominee"). All the persons listed below currently serve as directors:

Each nominee has indicated a willingness to serve if elected. However, if any nominee becomes unable to serve prior to the Meeting, a substitute or substitutes will be nominated by the Board of Directors, and those proxies voted for the original nominee or nominees will be voted for such substitute(s).

Nominees receiving a plurality of the votes cast at the Meeting in the election of directors will be elected as director, in the order of the number of votes received. Directors and executive officers of the Company as a group have the

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Guiding Philosophy

Howard's executive compensation philosophy embraces the following core principles and objectives:

- Attract and retain top talent who demonstrate success and professional growth and who model the Company's values of excellence, leadership, discipline, teamwork and community spirit.
- Reward desired performance and behavior in order to drive and enhance Company performance and related achievement of its short-term and long-term goals consistent with the strategic plan approved by the Board of Directors.
- Maintain compensation competitiveness within the marketplace from which the Company accesses the desired level of talent.
- Include a strategic emphasis on performance-based compensation, utilizing a mix of short-term and long-term incentive compensation that rewards specific performance, achievements and outcomes and aligns individual rewards with Company performance and enhancement of stockholder value.
- Increase commitment through periodic grants of equity-based compensation awards.
- Structure compensation plans so as not to encourage employees to take unnecessary or excessive risks that threaten the value of the Company and so as not to encourage the manipulation of earnings to enhance the compensation of any employee.

The Company's compensation policies and practices reflect its guiding philosophy, as shown below.

What we do:

Significant portion of executive pay based on performance against goals set by the Board of Directors

Independent compensation consultant regularly advises the Compensation Committee

Minimum vesting periods of not less than three years for annual equity awards

Use of peer company data to help set executive compensation

Annual advisory votes on executive compensation

What we don't do:

No automatic or guaranteed annual salary increases

No guaranteed bonuses or guaranteed long-term incentive awards

No excessive perquisites

Key Elements of Compensation. The following table summarizes key elements of Howard's executive compensation program and the primary objectives each element supports.

Key Elements of Compensation	Objectives
Base salary	Attract and retain highly qualified executives Reward prior performance, industry and job specific knowledge, experience and leadership ability
Annual cash bonuses	Reward achievement of annual corporate and individual goals
Stock-based incentive compensation	Reward achievement of long-term objectives and create direct link between performance and stockholder value

Changes in base salary and the amount of incentive-based cash compensation earned is based both on the individual executive officer's performance and on the performance of the entire Company against goals identified and approved at the beginning of each year. The Company also considers the total compensation and the mix of compensation paid by financial services companies with characteristics similar to those of the Company to officers with comparable responsibilities and experience.

Alignment Between Pay and Performance. Howard is committed to aligning the compensation of its executive officers with the Company's financial and operational performance.

The Compensation Committee uses both annual incentive cash bonuses and equity awards to link executive pay with Howard's performance. Payments under the annual cash bonus plan are based on a combination of the Company's achievement of key corporate financial performance goals and achievement of individual performance goals of Ms. Scully, our Chief Executive Officer, Mr. Coffman, our Executive Vice President, Treasurer and Chief Financial Officer and our next three most highest paid executive officers (the "NEOs"). In 2017, Howard's performance resulted in average payouts for the NEOs (other than Mr. Altieri who has a separate contractual incentive opportunity) under the annual cash bonus plan of 87% of target, out of a maximum potential payout of 150% of target. In 2016, the Company did not achieve the target levels of performance under the company-wide goals, and no bonus was paid for 2016.

The Compensation Committee also uses equity awards to help align the interests of management and Howard's stockholders. The equity awards granted in 2017 vest over a three-year period. These awards represented approximately 11.2% (for the CEO) and 7.9% (average for the other NEOs) of each NEO's total annual compensation for 2017. In past years, the Compensation Committee also granted equity awards with performance-based vesting conditions tied to the achievement of company-wide goals, such as total revenue, earnings per share ("EPS") and net income. Howard's performance in 2017 satisfied the performance goals applicable to one-third of the shares under the performance-based equity awards granted in 2015, and such shares will vest in April 2018.

2017 Say on Pay Vote. In 2017, the advisory stockholder vote on Howard's executive compensation received approval of over 98.7% of the votes cast on the proposal. During 2017 and 2018, the Compensation Committee has generally continued to apply the same compensation philosophy and practices that were described in the 2017 proxy statement in determining amounts and types of executive compensation.

Board and Compensation Committee Process. The Compensation Committee's responsibilities with regard to compensation are to: develop and implement an annual process for evaluating the performance of the Chief Executive Officer; make recommendations to the Board concerning the compensation of the Chief Executive Officer; in consultation with the Chief Executive Officer, determine the compensation of the other executive officers; make recommendations to the Board of Directors concerning compensation to directors; advise the Board and the Chief Executive Officer on other compensation and benefit matters; and administer various Company incentive plans and employment agreements.

The Chairman of the Compensation Committee establishes the agenda for Compensation Committee meetings. The CEO and Chief Human Resource Officer also interface with the Compensation Committee in connection with the Compensation Committee's executive compensation decision-making, which includes making recommendations concerning compensation programs and decisions. The Compensation Committee periodically meets with the CEO and the Chief Human Resource Officer to assess progress toward meeting objectives set by the Board for both annual and long-term compensation. The Compensation Committee also meets in executive session without management present when appropriate.

In considering appropriate levels of compensation for executives, the Compensation Committee takes into account the Company's performance and individual performance, as well as comparative data from Howard's peer companies. The Compensation Committee reviews all of the components of compensation in making determinations on the mix,

amount and form of executive compensation. While the Compensation Committee does not use any quantitative formula or multiple for comparing or establishing compensation for executive management, it is mindful of internal pay equity considerations and assesses the relationship of the compensation of each executive to other members of executive management.

Role of the Compensation Consultant. For 2017, ChaseCompGroup's services for the Compensation Committee included:

25

Edgar Filing: Howard Bancorp Inc - Form DEF 14A

- conducting an executive compensation review of Howard's executive management team,
- providing recommendations regarding certain changes to executive compensation, and
- providing recommendations regarding the composition of Howard's peer group for 2017.

Benchmarking. When determining the amount and form of compensation for executives for 2017, the Compensation Committee considered comparative executive compensation information provided by ChaseCompGroup that was derived from peer group data. The Compensation Committee used the peer group data to assist with assessing Howard's compensation competitiveness and to help evaluate its pay-for-performance alignment. Recognizing that comparative pay assessments have inherent limitations, due to the lack of precise comparability of executive positions between companies, as well as the companies themselves, the comparative data are used only as a guide and the Compensation Committee does not fix any NEO's compensation (or individual compensation elements) to a particular compensation level within this comparative data. In exercising its judgment to set pay levels, the Compensation Committee looks beyond the comparative data and also considers individual job responsibilities, individual performance, experience, compensation history, and company performance against its goals.

The peer group is updated annually by the Compensation Committee, based on a process that includes recommendations from internal sources, including the Chief Human Resource Officer, and external sources such as the Compensation Committee's independent compensation consultant, to reflect the companies against which Howard competes for executive talent or for stockholder investment. The specific characteristics of the financial institutions comprising the peer group vary from year to year, but the companies are chosen based on a combination of factors that include asset size and location in the Mid-Atlantic region. All 24 of the companies in Howard's peer group are publicly-traded banking companies. The peer group used for 2017 compensation purposes was the same peer group used in 2016 for purposes of the Board's compensation review.

As of December 31, 2016, the 24 peer companies all had assets within a range of approximately 66% to 174% of Howard's asset size, which the Compensation Committee considers an appropriate range for comparison purposes. The specific asset sizes for the peer companies listed in the report presented to the Compensation Committee in March, 2017 ranged from approximately \$760 million to \$2 billion and had median assets of \$1.2 billion as of December 31, 2016.

For 2017, Howard's peer group consisted of the following companies:

Company Name	Ticker	Company Name	Ticker	Company Name	Ticker
WashingtonFirst Bankshares, Inc.	WFBI	Access National Corporation	ANCX	1st Constitution Bancorp	FCCY
BCB Bancorp, Inc.	BCBP	Community Financial Corporation	TCFC	Parke Bancorp, Inc.	PKBK
Old Line Bancshares, Inc.	OLBK	Community Bankers Trust Corporation	ESXB	First Bank	FRBA
Republic First Bancorp, Inc.	FRBK	Shore Bancshares, Inc.	SHBI	Two River Bancorp	TRCB

Middleburg Financial Corporation	MBRG	Southern National Bancorp of Virginia, Inc.	SONA	Royal Bankshares of Pennsylvania, Inc.	RBPAA

Paragon Commercial Corporation	PBNC Bank of Princeton	BPRN Bancorp of New Jersey, Inc.	BKJ
First United Corporation	FUNC QNB Corp.	QNBC Severn Bancorp, Inc.	SVBI

Compensation Mix. The Compensation Committee does not target a specific allocation among the various compensation components. In allocating compensation among salary, bonus and equity-based compensation, the Compensation Committee believes that the compensation of the senior-most levels of management with the greatest ability to influence Howard's performance should be significantly performance-based, while lower levels of management should receive a greater portion of their compensation in base salary. The Compensation Committee also makes allocations between short-term and long-term compensation for NEOs.

The approximate percentages of salary, bonus and equity-based (using grant date fair value) compensation compared to the total of such compensation (referred to as total annual compensation) for 2017 for the NEOs were as follows:

Name	Base Salary %	Incentive Cash Bonus %	Equity Award %
Mary Ann Scully	66.5%	22.2%	11.2%
George C. Coffman	71.8	16.0	12.4
James D. Witty	71.6	19.9	8.4
Charles Schwabe	79.4	13.8	6.7
Robert Altieri	38.3	57.6	4.0

Base Salary. The Compensation Committee believes that base salaries for the Company's executive officers should be targeted at market competitive levels using data from our peer group. In establishing the CEO's base salary, the Compensation Committee typically considers the recommendations of its independent compensation consultant based on an analysis of peer group data and the CEO's individual performance and contributions relative to Howard's corporate goals. In establishing base salaries of Howard's other NEOs, the Compensation Committee typically considers the recommendations of the CEO, which are based on individual responsibility level, individual and company performance, total compensation histories for each NEO, peer group data and a general understanding of executive compensation in the financial services industry. The Compensation Committee considers each of these factors but does not assign a specific value to any of them.

After consultation with the Compensation Committee's independent compensation consultant, and consideration of compensation paid by companies in Howard's peer group, taking into account the organic and acquired growth in the loans, assets, deposits and revenues of the Company, the achievement of significant growth of the mortgage division and other progress on strategic initiatives through the end of 2016, each of our named executive officers other than Mr. Altieri received an increase in base salary in March 2017. We note that Ms. Scully's relative increase was larger than the increases of Mr. Coffman, Mr. Witty and Mr. Schwabe because the Compensation Committee determined that she was significantly below the peer group median. The base salaries in effect as of December 31, 2016 and 2017 were as shown below:

Name	2016 Base Salaries (\$)	2017 Base Salaries (\$)	% Change (%)
Mary Ann Scully	350,000	430,000	22.8
George C. Coffman	275,000	290,000	5.5
James D. Witty	275,000	285,000	3.6
Charles Schwabe	250,000	260,000	4.0
Robert Altieri	245,000	245,000	0.0

Annual Incentive Cash Bonuses. The Compensation Committee typically awards annual cash bonuses using a structure based upon the achievement of specified Company-wide financial results as well as individual NEO goals.

At the beginning of each year, the Compensation Committee establishes cash bonus opportunities for each NEO other than Mr. Altieri, who has a separate contractual incentive opportunity under his employment agreement, as described below under "Annual Profit Sharing Opportunity for Mr. Altieri." The target payout levels for the NEOs are set as a percentage of base salary. For 2017, payments under the annual cash bonus plan were based on a combination of the Company's achievement of key corporate financial performance goals (weighted at 60%) and achievement of individual NEO performance goals (weighted at 40%). The specific performance goals are keyed to important financial and business objectives which are intended to enhance stockholder value. The Compensation Committee sets target levels of performance for these goals, which are intended to be achievable, but challenging. A minimum,

or threshold, achievement (ranging from 50% to 71% of the target level of performance) on the company-wide goals is required to earn the minimum annual cash bonus, and performance that exceeds the target results in higher bonus awards.

27

In setting annual cash bonus opportunities, the Compensation Committee reviews relevant peer company data to ensure that proposed target payout levels provide an appropriate opportunity to earn bonuses that are competitive with the Company's peer group. After it has approved the annual incentive bonus plan and payout opportunities for the NEOs, the Compensation Committee recommends the bonus plan to the Board for approval. The Compensation Committee retains the discretion to make adjustments to any evaluation of performance under the performance metrics to eliminate the effect of extraordinary, non-recurring or unusual items, transactions or events.

For 2017, the Compensation Committee selected four Company-wide financial performance measures. The Company-wide financial metrics were net income growth (weighted at 35% of the total), return on average assets ("ROAA") (weighted at 30%), ratio of non-performing assets ("NPA") (weighted at 10%), and growth of loan portfolio (weighted at 25%). Individual performance goals were selected based on each NEO's functional role and responsibilities, and included a variety of financial, operational and transactional performance metrics. Sixty percent of the bonus allocation was tied to the four Company-wide financial targets, and the remaining 40% of the bonus allocation was tied to the individual performance goals.

The following table shows the threshold, target and maximum bonus payout levels established for each NEO (other than Mr. Altieri) under the 2017 annual incentive cash bonus plan, expressed as a percentage of base salary.

Name	Threshold Bonus Payout Level (as percentage of salary)	Target Bonus Payout Level (as percentage of salary)	Maximum Bonus Payout Level (as percentage of salary)
Mary Ann Scully	20%	40%	60%
George C. Coffman	12.5%	25%	37.5%
James D. Witty	12.5%	25%	37.5%
Charles Schwabe	10%	20%	30%

For 2017, the Compensation Committee recommended and the Board approved the following threshold and maximum performance levels for the four Company-wide performance measures:

Performance Goal	Threshold Performance Level (as percentage of target level of performance)	Maximum Performance Level (as percentage of target level of performance)
Net income growth	50%	130%
Growth in ROAA	50%	130%
Ratio of NPA	71%	130%
Loan portfolio growth	71%	130%

In early 2018, the Compensation Committee reviewed the Company's performance compared to the four Company-wide performance goals established for 2017. The Company's performance in 2017 was above the threshold level for all four metrics, but below the target level for three metrics. The Company exceeded the target level for one metric, loan portfolio growth.

Edgar Filing: Howard Bancorp Inc - Form DEF 14A

The following table shows the four Company-wide performance goals established for 2017 and the extent to which such goals were achieved:

Performance Goals	2017 Target	2017 Actual Results	Percentage of Target Achieved
Net income growth	\$2,468,000	\$1,616,000	65 %
Growth in ROAA	0.17 %	0.10 %	58 %
Ratio of NPA	1.16 %	1.28 %	91 %
Loan portfolio growth	109,000	115,084	106 %

Also in early 2018, the Compensation Committee reviewed each NEO's (other than Mr. Altieri's) performance during 2017 against the NEO's individual performance goals for the year. Based on this review, the Compensation Committee determined that each NEO substantially met or exceeded his or her individual performance goals. Based on the level of performance against the four Company-wide measures, as shown in the table above, and taking into account the performance of the individual NEOs against their individual performance goals, the Compensation Committee determined bonus payments for each NEO (other than Mr. Altieri) by applying the relevant weighting to the achievement of the applicable performance goals for each NEO. The 2017 incentive bonus payouts are shown in the table below:

Name	2017 Annual Cash Bonus Paid (\$)	2017 Annual Cash Bonus Paid as Percentage of Base Salary (%)	2017 Performance Achieved as Percentage of Target (%)
Mary Ann Scully	\$137,944	32 %	80 %
George C. Coffman	\$62,495	22 %	86 %
James D. Witty	\$75,668	27 %	106 %
Charles Schwabe	\$44,824	17 %	86 %

These 2017 annual cash bonus amounts are presented as Non-Equity Incentive Plan Compensation for 2017 in the "Summary Compensation Table for 2017."

Annual Profit Sharing Opportunity for Mr. Altieri. Under his employment agreement, Mr. Altieri is entitled to an annual profit sharing opportunity (the "Profit Sharing Award") equal to a percentage of the annual pretax income from the Bank's retail mortgage operation (before any deduction for corporate overhead allocations). The annual Profit Sharing Award is paid out as follows: 50% is paid by January 31 of the year following the year earned, and 16.66% is paid out on January 31 of each of the next three years. For 2017, Mr. Altieri's Profit Sharing Award was \$369,192, and is presented as Non-Equity Incentive Plan Compensation for 2017 in the "Summary Compensation Table for 2017."

Equity-Based Compensation. The Compensation Committee believes stock-based incentive compensation is an important tool to further align the interests of our executive officers with the long-term interests of our stockholders and uses the Company's long term incentive plan for that purpose. Equity-based awards generally constitute the largest non-cash component of each NEO's total compensation package. In setting the amount of annual equity-based

awards, the Compensation Committee takes into account levels of long-term equity-based compensation, and pay mix data, at its peer companies, based on input from its independent compensation consultant. In establishing award levels, the Compensation Committee generally does not consider the equity ownership levels of the recipients or prior awards that are fully vested.

In 2017, the equity awards granted to NEOs were in the form of restricted stock units (“RSUs”) subject to time vesting over a three-year period. One-third of the shares vest on each anniversary of the grant date, provided the executive remains employed through such date (subject to certain exceptions). Dividends on shares underlying time-based RSUs are accumulated and will vest and be paid only when and to the extent the shares to which they relate vest. In the future, the Compensation Committee intends to use both time-based and performance-based equity awards.

29

No stock awards were granted in 2016. In 2015 and prior years, the Compensation Committee granted both time-based RSUs and RSUs subject to both time-based vesting and performance-based vesting conditions. The performance-based vesting conditions in the RSUs granted in 2015 and prior years require the achievement of annual Company-wide financial goals for each year in a three-year vesting period, and correspond to amounts approved by the Board as part of the Company's annual operating budget for the year. The specific Company-wide goals include total revenue, EPS, net income and return on assets. Vesting of an annual tranche of shares under these awards occurs only if at least 90% of the target (budgeted) amount for all but one of the performance measures is achieved for that year. Dividends on shares underlying RSUs subject to a combination of performance-based vesting and time vesting are accumulated and will vest and be paid only when and to the extent the shares to which they relate vest. Any portion of a performance-based RSU that is earned as a result of performance during a given year is settled in unrestricted shares issued after the year ends and once the time-vesting period is satisfied.

The Compensation Committee determined that Howard's performance in 2017 satisfied the performance criteria and therefore resulted in the vesting of one-third of the shares underlying the RSUs granted in 2015. These shares will vest on April 30, 2018, provided the executive remains employed through such date (subject to certain exceptions). Howard's performance in 2015 and 2016 did not satisfy the performance criteria under the performance-based RSUs granted in 2013, 2014 or 2015, and, as a result, the portion of such RSUs eligible for vesting in 2015 and 2016 did not vest.

The award agreements for RSUs granted by Howard provide for accelerated vesting upon a change in control and upon termination of employment in certain circumstances.

Retirement Benefits. Howard maintains a Supplemental Executive Retirement Plan (the "SERP"). Eligibility to participate in the SERP is limited to highly compensated employees as determined by the Board. Currently, eligibility to participate in the SERP has been granted solely to Ms. Scully, our Chief Executive Officer. The SERP is unfunded and designed to be a nonqualified deferred compensation retirement plan in compliance with Section 409A of the Internal Revenue Code. In early 2016, the Compensation Committee and the Board concluded that the annual benefit payable to Ms. Scully under the SERP should be increased in order to be more closely aligned with market practices relating to SERP benefits as a percentage of compensation. The increase in the benefit was adopted through a supplement to the original benefit provided to Ms. Scully under the SERP.

The SERP is a defined benefit style program in which the participant is promised a benefit according to a set formula; such benefit is paid to the participant (or his or her beneficiary) in equal quarterly installments over a period of 15 years following the later of (i) the participant's severance from employment with the Bank after attainment of the Normal Retirement Age (as defined in the SERP) or (ii) the attainment of Normal Retirement Age if severance has occurred first. Under the SERP, as supplemented and increased in 2016, Ms. Scully will receive \$150,000 each year for 15 years once she begins to receive her benefit subject to the applicable vesting schedule. Provided she remains an employee of the Bank through the applicable vesting time, Ms. Scully will earn vesting on a graduated schedule in which she will become fully vested on August 25, 2019.

To the extent not already fully vested, a participant in the SERP fully vests in his or her benefit upon the occurrence of the participant's death or Disability (as defined in the SERP) or if the Bank terminates the SERP following a Change in Control (as defined in the SERP). Upon a participant's Termination for Cause (as defined in the SERP), he or she forfeits all benefits under the SERP including any amounts in which he or she has previously vested.

See the "Pension Benefits for 2017" table for more information regarding this plan.

Perquisites. Perquisites provided to each NEO are reviewed annually within the context of Howard's executive compensation program, market practices and the nature of each NEO's responsibilities. Generally, Howard limits the types of perquisites offered to NEOs as shown in the "All Other Compensation for 2017" table.

The Compensation Committee believes the currently-offered perquisites are minimal in overall cost and competitively necessary to attract and retain talented executives. Consistent with most other financial institutions in its peer group, Howard provides NEOs with a car allowance and pays the premiums for life insurance policies for its NEOs.

30

Severance and Change in Control Benefits. NEOs would be entitled to receive their vested benefits under the 401(k) plan and SERP upon a termination of employment (except that all benefits under the SERP, whether vested or unvested, would be forfeited if the participant's employment is terminated for cause prior to attaining normal retirement age). The Compensation Committee and Board believe that additional severance benefits are appropriate for executive management because it may be difficult for senior executives to find comparable employment within a short period of time. Thus, for example, as discussed above RSUs that are unvested will be accelerated upon a change in control and upon termination of employment in certain circumstances. In addition, the CEO and other NEOs are entitled to severance compensation upon the termination of their employment in certain circumstances, including upon a change in control, as set forth in their employment agreements. The Compensation Committee believes that providing these change-in-control severance benefits to the CEO and other NEOs should offset any reluctance to pursue potential change in control transactions that may be in the best interests of stockholders.

For additional information on Howard's written agreements with its NEOs that provide severance and change in control benefits, please see "Employment Agreements".

Deductibility of Compensation. Section 162(m) of the Internal Revenue Code limits the tax deductibility of certain compensation in excess of \$1 million paid to Howard's NEOs. Because the compensation paid to Howard's NEOs generally has been under the \$1 million threshold, Section 162(m)'s limits on tax deductibility have not been a significant factor in the Compensation Committee's determinations with respect to compensation of Howard's NEOs. The Compensation Committee does believe it is generally in Howard's best interest, and that of its stockholders, to offer compensation when possible that is deductible under the Internal Revenue Code.

As a result of the Tax Cuts and Jobs Act (the "TCJA"), enacted in December 2017, equity awards made after November 2, 2017 generally will not be deductible to the extent that they cause the compensation of the affected executives to exceed \$1 million in any year. Awards that were made and subject to binding written contracts in effect on November 2, 2017, are "grandfathered" under prior law and can qualify as deductible "performance-based compensation," even if paid in future years. The Compensation Committee will continue to monitor these awards and endeavor to ensure that they are deductible if and when paid.

Analysis of Risk Associated with Howard's Compensation Policies and Practices. In making its determinations, the Compensation Committee considers the key enterprise risks to which Howard is subject, including credit, liquidity, market/interest rate, compliance, operational, technology, strategic, reputational and other risks. Based on this assessment, and given the structure of and amounts payable under Howard's executive and other compensation programs, the Compensation Committee has determined that Howard's compensation policies and practices have sufficient mitigating features and controls to maintain an appropriate balance between prudent business risk and resulting compensation, and encourage appropriate risk behavior consistent with Howard's risk appetite, business strategy and profit goals. Mitigating features and controls include the overall compensation mix, weighting of performance metrics, timing of awards in relation to performance measurement period, establishment of targets with payouts at multiple levels of performance, and oversight by executive management and the Board. In addition, Howard's incentive compensation arrangements are subject to a system of internal controls to ensure that incentive compensation is properly tracked, approved and paid. As a result, the Compensation Committee concluded that Howard's compensation policies and practices do not encourage imprudent risk-taking behavior and are consistent with maintaining the organization's safety and soundness.

Option Exercises and Stock Vested for 2017

The following table sets forth the number of RSUs that vested for our NEOs in 2017 and the aggregate value realized upon the vesting of RSUs during 2017. None of the NEOs held any stock options during 2017.

Pension Benefits for 2017

The SERP provides retirement benefits to eligible participants, which are limited to highly compensated employees as determined by the Board. Currently, eligibility to participate in the SERP has been granted solely to Ms. Scully. The SERP is discussed in more detail under "Retirement Benefits" in Compensation Discussion and Analysis. The following table shows the present value at December 31, 2017, of accumulated benefits payable to Ms. Scully, including the number of years of service credited, under the SERP. The present value of her accumulated benefit shown in the table has been calculated on the assumption that Ms. Scully's benefit fully vests on August 25, 2019, which has been established for purposes of the SERP as her retirement date.

Name	Plan Name	Number	Present Value	Payments
		of Years	of	During
		Credited	Accumulated	Last
		Service	Benefit (1)(\$)	Fiscal
		(#)		Year (\$)
Mary Ann Scully	Supplemental Executive Retirement Plan	12	1,591,809	\$ ---

(1) The present value of accumulated benefit is based on the planned payment of \$150,000 each year for 15 years once Ms. Scully begins to receive her benefit at normal retirement age under the plan, which is then discounted back to December 31, 2017.

Potential Payments Upon Termination or Change in Control

The following table describes the potential payments that would be made to each of the NEOs in various termination and change in control scenarios based on compensation, benefit and equity levels in effect on December 31, 2017. The amounts shown are estimates, and assume that the termination or change in control event occurred on December 31, 2017. The amounts to be paid can only be determined at the time of an NEO's actual termination of employment or an actual change in control of Howard.

In accordance with SEC regulations, the following table does not report any amount to be provided to an NEO that does not discriminate in scope, terms or operation in favor of Howard's executive officers and which is available

generally to all salaried employees, and excludes (i) amounts accrued through December 31, 2017, that would be paid in the normal course of continued employment, such as accrued but unpaid salary and bonus amounts, (ii) vested account balances under the 401(k) plan and, for Ms. Scully, the SERP, and (iii) already vested equity awards.

37

If Howard Bank terminates the NEO's employment without cause or the NEO terminates his or her employment for good reason, and a change in control has not occurred, the NEO is entitled to receive an amount equal to his or her current base salary plus all benefits he or she is then receiving for a period equal to the remaining term of the employment agreement plus any incentive compensation already accrued for that year. In addition, all unvested stock awards will immediately vest upon the effective date of such termination. These benefits also generally apply if the termination of employment is due to permanent disability, although in that event the amount payable will be reduced if and to the extent the NEO receives payments under any disability insurance or other program maintained by Howard Bank.

If, within 12 months following a change in control, the NEO's employment is terminated by the NEO for any reason or by Howard Bank without cause, all NEOs other than Mr. Witty are entitled to: (i) a lump sum payment equal to the sum of (a) a multiplier (2.99 for Ms. Scully and Messrs. Coffman and Schwabe, and 2.00 for Mr. Altieri) of his or her average annual compensation (consisting of base pay and bonus) during the most recent three years minus the aggregate present value of any other payments he or she receives that are treated as contingent upon the change in control (not including the amounts in clauses (ii), (iii) and (iv) of this sentence), and (b) a pro-rated bonus; (ii) immediate vesting of all stock awards; (iii) immediate exercisability of any unexercised stock options; and (iv) continued medical coverage for the remaining term of the agreement as available to the Bank's other employees. In this scenario, Mr. Witty is entitled to: (i) a lump sum payment equal to the sum of (a) 1.5 times his average base salary and (b) average bonus during the current and two prior years; (ii) immediate vesting of all stock awards; (iii) immediate exercisability of any unexercised stock options; and (iv) continued medical coverage for 18 months as is available to the Bank's other employees.

In addition, to the extent not already fully vested, Ms. Scully will fully vest in her benefit if the Bank terminates the SERP following a change in control. Upon a termination without cause, Ms. Scully would be entitled to payment of her vested balance, but would forfeit any benefits under the SERP in which she has not previously vested.

For further detail regarding applicable contractual terms that would determine the amount of benefits payable upon a termination of employment, see the description of employment agreements with our NEOs under "Employment Agreements" below, as well as "Retirement Benefits" in Compensation Discussion and Analysis above.

For all NEOs other than Mr. Witty, if any severance payment or distribution made to the NEO is determined to be subject to the limitations of Section 280G of the Internal Revenue Code of 1986, as amended (a “Parachute Payment”), the NEO will also be entitled to a full tax “gross-up” to cover any excise taxes on such amount (a “280G Gross-Up Payment”), unless the total value of all such payments and benefits (as measured for purposes of Section (1)280G) exceeds the threshold to which 280G excise tax would apply (the “280G threshold”) by 10% or less, in which event the payments and benefits will instead be reduced so as to fall below the 280G threshold (a “280G Cutback”). If any severance payment or distribution made to Mr. Witty is determined to be a Parachute Payment and the total value of all such payments and benefits (as measured for purposes of Section 280G) exceeds the 280G threshold by any amount, a 280G Cutback will be applied so that the payments and benefits fall below the 280G threshold.

2017 CEO Pay Ratio Disclosure

For 2017, the ratio of the total compensation of Howard's median employee to the CEO's total compensation was 1 to 11.64. To calculate this ratio, Howard identified its median employee as of December 31, 2017 based on employees' gross earnings as reported on Internal Revenue Service Form W-2. Once identified, the median employee's total compensation for 2017 was determined in accordance with Item 402(c)(2)(x) of Regulation S-K to be \$60,600, as compared to total compensation of \$705,602 for Howard's CEO.

Employment Agreements

The following summarizes the material terms of the employment agreements between the NEOs and Howard.

Chief Executive Officer - Mary Ann Scully

Howard Bank entered into an amended and restated employment agreement with Mary Ann Scully on December 18, 2008 pursuant to which Ms. Scully serves as Chief Executive Officer of Howard and Howard Bank.

The amended and restated employment agreement provided for an initial term expiring on March 31, 2011 and, unless written notice that the agreement will not be renewed is provided to Ms. Scully, is renewed for an additional year on each subsequent March 31 (beginning on March 31, 2009), such that the remaining term at each renewal will be three years. Ms. Scully's term of employment is currently extended through March 31, 2021.

Ms. Scully's employment agreement provides for an initial annual salary subject to annual increases as may be determined by Howard Bank's Board of Directors. Ms. Scully's current annual salary is set at \$530,000. Ms. Scully is also entitled to a bonus as determined each year by the Bank's board of directors and to participate in any other bonus, incentive and other executive compensation programs as are made available to the Bank's executive management. The agreement also provides that Ms. Scully is not compensated for her services as a director.

Howard Bank may terminate Ms. Scully's employment under the agreement for certain events constituting Cause as defined in the agreement. In addition, Howard Bank may terminate the agreement without Cause or upon Ms. Scully's Permanent Disability as defined in the agreement, in each case upon written notice to Ms. Scully. Ms. Scully may terminate her employment at any time under the agreement.

If Howard Bank terminates Ms. Scully's employment without Cause or upon Ms. Scully's Permanent Disability, or Ms. Scully terminates her employment for Good Reason or upon her Permanent Disability, and a Change in Control, as defined in the agreement, has not occurred, then Ms. Scully will be entitled to receive an amount equal to her current base salary plus all benefits she is then receiving for a period equal to the remaining term of the agreement plus any incentive compensation already accrued for that year. In addition, all of her stock awards and stock options shall immediately vest upon the effective date of such termination. If the termination is due to Permanent Disability, then such amount payable will be reduced if and to the extent that Ms. Scully receives payments under any disability insurance or other program maintained by Howard Bank.

If, within 12 months following a Change in Control, Ms. Scully's employment is terminated under the agreement by Ms. Scully for any reason or by Howard Bank without Cause, then, instead of the payments provided for above, Ms. Scully will be entitled to: (i) a lump sum payment equal to the sum of (a) 2.99 times her average annual compensation (consisting of base pay and bonus) during the most recent three years minus the aggregate present value of any other payments she receives that are treated as contingent upon the Change in Control (not including (ii), (iii) and (iv) of this sentence), and (b) a pro-rated bonus; (ii) immediate vesting of all stock awards; (iii) immediate exercisability of any unexercised stock options; and (iv) continued medical coverage for the remaining term of the agreement as available to the Bank's other employees.

If any severance payment or distribution made to Ms. Scully is determined to be subject to the limitations of Section 280G of the Internal Revenue Code of 1986, as amended (a "Parachute Payment"), Ms. Scully will be entitled to a full tax "gross-up" to cover any excise taxes on such amount, unless the total value of all such payments and benefits (as measured for purposes of Section 280G) exceeds the taxable threshold by 10% or less, in which event the payments and benefits will instead be reduced so as to fall below the taxable threshold.

Ms. Scully's employment also terminates upon mutual agreement of the parties or immediately upon her death. If her employment is terminated upon death, all of Ms. Scully's stock awards and stock options shall immediately vest.

The agreement also contains confidentiality, non-compete and non-solicitation provisions.

Executive Vice President, Treasurer and Chief Financial Officer – George C. Coffman

On December 18, 2008, Howard Bank entered into amended and restated employment agreement with Mr. Coffman pursuant to which he serves as an Executive Vice President of Howard Bank.

The amended and restated employment agreement provides for an initial term expiring on March 31, 2011 and, unless written notice that the agreement will not be renewed is provided to the executive, is renewed for an additional year on each subsequent March 31 (beginning on March 31, 2009), such that the remaining term at each renewal will be three years. The term of Mr. Coffman's employment is currently extended through March 31, 2021.

Mr. Coffman's employment agreement provides for an initial annual salary, subject to annual increases as may be determined by the Bank's board of directors. Mr. Coffman's current annual salary is set at \$300,000. Mr. Coffman is also entitled to a bonus as determined each year by the Bank's board of directors and to participate in any other bonus, incentive and other executive compensation programs as are made available to the Bank's executive management.

The other substantive provisions of Mr. Coffman's employment agreement are substantially the same as those of Ms. Scully's employment agreement as described above.

Executive Vice President – Robert A. Altieri

On September 30, 2014, Howard Bank entered into an amended and restated employment agreement with Mr. Altieri pursuant to which he serves as an Executive Vice President of Howard Bank.

ITEM 2: NON-BINDING ADVISORY VOTE ON THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS

Compensation of the executive officers of the Company is determined by the Board of Directors based upon recommendations of and through its Compensation Committee. The Compensation Committee is comprised of independent non-employee directors, and its role and composition are further described in this Proxy Statement under “Compensation Committee.” The Compensation Committee overview contained in this Proxy Statement describes the Company’s executive compensation philosophy, including core principles and objectives, and how it has been implemented. The compensation paid by the Company to its named executive officers is described in this Proxy Statement under “Executive Compensation.”

Pursuant to Section 14A of the Exchange Act, we are providing our stockholders with the opportunity to express their views, on a non-binding, advisory basis, on the compensation of our named executive officers as disclosed in this proxy statement. We first held this vote, which is often referred to as the “say-on-pay” vote, at our annual meeting of stockholders held in 2013. At such meeting, consistent with the Board of Directors’ recommendation, our stockholders voted to hold the say-on-pay vote on an annual basis; therefore, our Board of Directors determined that the Company will hold future non-binding advisory votes on the compensation of our named executive officers every year, until the next required vote on the frequency of stockholder votes on the compensation of our named executive officers, which will be in 2019. This vote provides stockholders with the opportunity to endorse or not endorse the compensation of our named executive officers by voting on the following non-binding, advisory resolution:

RESOLVED, that the stockholders of Howard Bancorp, Inc. (the “Company”) approve, on an advisory basis, the compensation of the Company’s named executive officers as disclosed in the compensation tables and related material in the Proxy Statement for the 2018 Annual Meeting of Stockholders.

Approval of the non-binding, advisory proposal regarding the compensation of our named executive officers requires the affirmative vote of a majority of the votes cast on the matter at the Meeting. Directors and executive officers of the Company as a group have the power to vote or direct the voting of 4,395,758 shares of our common stock, or approximately 23.15% of the shares of common stock outstanding on the record date, and have indicated their intention to vote “FOR” the approval of the non-binding, advisory proposal to approve the compensation of our named executive officers.

Because the vote is advisory, it will not be binding upon the Board of Directors or the Compensation Committee and may not be construed as overruling a decision by the Board or the Compensation Committee, or create or imply any additional fiduciary duty on the Board. It will also not affect any compensation paid or awarded to any executive. The Board of Directors and its Compensation Committee may, however, take into account the outcome of the vote when considering future executive compensation arrangements.

The Board of Directors believes that the Company’s executive compensation program is reasonable in comparison both to similar sized companies in the industry and to the Company’s performance, and that it strongly aligns the interests of the Company’s executive officers with the interests of the Company’s stockholders in the creation of long-term value of the Company as well as the components that drive long-term value.

THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE “FOR” APPROVAL OF THE NON-BINDING ADVISORY RESOLUTION TO APPROVE THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS AS DESCRIBED IN THIS PROXY STATEMENT.

ITEM 3. RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee of the Board of Directors has selected Dixon Hughes Goodman, independent registered public accounting firm, to audit the Company's financial statements for the fiscal year ending December 31, 2018. Dixon Hughes Goodman merged with Stegman & Company during 2016. Dixon Hughes Goodman audited the financial statements of the Company and Howard Bank for 2017 and 2016, while Stegman & Company had audited the financial statements of the Company and Howard Bank from their organization through the fiscal year ending December 31, 2015. Representatives of Dixon Hughes Goodman are expected to be present at the Meeting and be available to respond to appropriate questions. The representatives also will be provided with an opportunity to make a statement, if they desire.

If the stockholders fail to ratify this appointment, the Audit Committee will reconsider whether to retain Dixon Hughes Goodman and may retain that firm or another firm without resubmitting the matter to the Company's stockholders. Even if the appointment is ratified, the Audit Committee may, in its discretion, direct the appointment of different independent registered public accounting firm at any time during the year if it determines that such change would be in the best interests of the Company and its stockholders.

Ratification of Dixon Goodman Hughes requires the affirmative vote of a majority of the votes cast on the matter at the Meeting. Directors and executive officers of the Company as a group have the power to vote or direct the voting of 4,395,758 shares of our common stock, or approximately 23.15% of the shares of common stock outstanding on the record date, and have indicated their intention to vote "FOR" the ratification of Dixon Hughes Goodman.

THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE "FOR" RATIFICATION OF THE APPOINTMENT OF DIXON GOODMAN HUGHES LLP AS INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM TO AUDIT THE COMPANY'S 2018 FINANCIAL STATEMENTS.

Audit Committee Report*
