To the Shareholders

Dear Sir or Madam,

BACKGROUND

Reference is made to the announcements of the Company dated 7, 14, 19 and 29 December 2006 and 16 January 2007, respectively, regarding the Shandong Merger Proposal and the Lanzhou Merger Proposal.

The Company is the controlling shareholder of Shandong Aluminum and the largest shareholder of Lanzhou Aluminum. In accordance with the requirements of the relevant laws and regulations relating to share reforms of listed companies in the PRC, the Company has to propose a share reform for each of Shandong Aluminum and Lanzhou Aluminum, respectively. In September 2006, the Company proposed a share reform for Shandong Aluminum but such share reform proposal was not approved by the holders of tradable Shandong Shares of Shandong Aluminum. In order to comply with the relevant PRC laws and regulations relating to share reforms, the Company has proposed the Merger Proposals.

CHRONOLOGY OF THE SHARE REFORM PROPOSALS

On 4 December 2006, the Company published the indicative announcements of Shandong Aluminum and Lanzhou Aluminum, respectively, on the share reforms proposed by the Company.

On 7 December 2006, the Company published an announcement setting out details of the proposed share reforms of Shandong Aluminum and Lanzhou Aluminum, subject to completion of the PRC procedures for the final determination of the terms and conditions of the Merger Proposals.

By an agreement dated 18 December 2006 and subject to approval by SASAC, the Gansu SASAC has agreed to transfer to Chinalco the entire equity interest in Lanzhou Aluminum Factory at nil consideration. Subject to approval of the transfer by SASAC and, if approved, completion of the procedures for the transfer the equity interest in Lanzhou Aluminum Factory to Chinalco, Chinalco will become the holder of 79,472,500 non-tradable Lanzhou Shares, representing approximately 14.66% equity interest in Lanzhou Aluminum.

On 20 December 2006, the Company published an announcement setting out the adjustments made to the proposed share reforms of Shandong Aluminum and Lanzhou Aluminum after obtaining the views of the holders of tradable Shandong Shares and holders of tradable Lanzhou Shares respectively.

On 28 December 2006, the Company entered into the Shandong Merger Agreement with Shandong Aluminum and the Lanzhou Merger Agreement with Lanzhou Aluminum respectively, and the completion of the Shandong Merger Proposal and the Lanzhou Merger Proposal are subject to the satisfaction of various conditions.

On 13 January 2007, the Company gave the Notice of SGM, a copy of which is further set out in pages 49 to 54 to this circular.

On 16 January 2007, the Company announced that the proposed resolutions approving the respective share reforms, share exchanges and mergers of Shandong Aluminum and Lanzhou Aluminum have been duly approved by the shareholders of Shandong Aluminum and Lanzhou Aluminum at their respective special general meetings and meetings of the relevant shareholders held on 15 January 2007.

SUMMARY OF THE MERGER PROPOSALS

The implementation of the Merger Proposals will involve the issue of Chalco A Shares by the Company at the applicable Exchange Ratios to the holders of tradable Shandong Shares and the holders of tradable and non-tradable Lanzhou Shares on a record date to be determined, who elect to exchange in whole or in part Chalco A Shares for their Shandong Shares and Lanzhou Shares. The Exchange Ratios have been determined as follows:

* Shandong Exchange Ratio

3.15 Chalco A Shares for 1 tradable Shandong Share;

* Lanzhou Exchange Ratios

1.80 Chalco A Shares for 1 tradable Lanzhou Share; and

1 Chalco A Share for 1 non~tradable Lanzhou Share.

The Merger Proposals will be accompanied by the Shandong Cash Alternative to the holders of tradable Shandong Shares and the Lanzhou Cash Alternative to the holders of tradable Lanzhou Shares, who elect not to exchange in whole or in part their Shandong Shares and Lanzhou Shares for the Chalco A Shares. Subject to the Merger Proposals becoming unconditional, the Shandong Cash Alternative and the Lanzhou Cash Alternative have been determined as follows:

* Shandong Cash Alternative

at the rate of RMB16.65 per tradable Shandong Share

* Lanzhou Cash Alternative

(a) at the rate of RMB9.50 per tradable Lanzhou Share

(b) at the rate of RMB5.534 per non~tradable Lanzhou Share, which is only applicable to other holders of non~tradable Lanzhou Shares (other than the Company) whereas Lanzhou Aluminum Factory has provided an undertaking in writing not to exercise the Lanzhou Cash Alternative.

Upon successful implementation of the Merger Proposals, the respective Shandong Shares and Lanzhou Shares acquired by the Company pursuant to the Merger Proposals will be cancelled and the assets of Shandong Aluminum and Lanzhou Aluminum will be absorbed into and their liabilities will be assumed by the Company.

THE PURPOSE OF THIS CIRCULAR

Subject to approvals of the Merger Proposals by the respective shareholders of Shandong Aluminum and Lanzhou Aluminum, the implementation of the Merger Proposals will lead to the mergers of Shandong Aluminum and Lanzhou Aluminum with the Company. In accordance with the PRC Company Law and the Articles of Association of the Company, the proposed mergers of Shandong Aluminum and Lanzhou Aluminum with the Company have to be separately approved by a special resolution of the shareholders of the Company and the SGM to be held on 27 February 2007 is convened to consider and, if appropriate, to approve the Merger Proposals. As Chinalco has entered into an agreement (see below for further details) to acquire the entire equity interest of Lanzhou Aluminum Factory, which is one of the shareholders of Lanzhou Aluminum, and in order to avoid any appearance of conflicts of interest, Chinalco has informed the Company that it will abstain from voting at the resolution relating to the Lanzhou Merger Proposal.

Under the Hong Kong Listing Rules, implementation of the Shandong Merger Proposal and the Lanzhou Merger Proposal constitutes a discloseable transaction of the Company under Rule 14.06(2) of the Hong Kong Listing Rules. The purpose of this circular is to provide you with more information relating to the share reforms of Shandong Aluminum and Lanzhou Aluminum through the implementation of the Merger Proposals. This circular is prepared to comply with the Hong Kong Listing Rules.

By an agreement dated 18 December 2006 and subject to further approval by SASAC, the Gansu SASAC has agreed to transfer to Chinalco the entire equity interest in Lanzhou Aluminum Factory at nil consideration. If SASAC's approval and the procedures for the transfer of the equity of Lanzhou Aluminum Factory have been completed prior to the completion of the Lanzhou Merger Proposal, Lanzhou Aluminum Factory will be wholly-owned by Chinalco and become a connected person of the Company. Any issue of Chalco A Shares to Chinalco in exchange for the non-tradable Lanzhou Shares held by Lanzhou Aluminum Factory will constitute a connected transaction under the Hong Kong Listing Rules. Although as at the Latest Practicable Date, Lanzhou Aluminum Factory is not yet a connected person and in order to avoid any appearance of conflicts of interest, the Company has deemed Lanzhou Aluminum Factory as a connected person. As the transaction relating to the Lanzhou Aluminum Factory Tranche involves the issue of new securities by the Company to a connected person, such transaction is a non-exempt connected transaction subject to the approval by the independent Shareholders. The SGM will be supplemented by a separate resolution for the independent Shareholders to consider and, if appropriate, to approve at the SGM the transaction relating to the Lanzhou Aluminum Factory Tranche under the Lanzhou Merger Proposal. Chinalco will abstain from voting at the relevant resolution to approve the transaction relating to the Lanzhou Aluminum Factory Tranche, if the Lanzhou Merger Proposal is implemented.

The purposes of this circular are:

1. to provide you with further information in relation to the Merger Proposals and the transaction relating to the Lanzhou Aluminum Factory Tranche, which will constitute a connected transaction under the Hong Kong Listing Rules, if the Lanzhou Merger Proposal is implemented;
2. to set out the letter of advice from DBS Asia to the Independent Board Committee and the independent Shareholders and the recommendation of the Independent Board Committee as advised by DBS Asia in respect of the transaction relating to the Lanzhou Aluminum Factory Tranche which will constitute a connected transaction under the Hong Kong Listing Rules, if the Lanzhou Merger Proposal is implemented; and
3. to seek your approval of the resolutions in relation to (1) the Shandong Merger Proposal; (2) the Lanzhou Merger Proposal; (3) the modification, refreshment and approval of the resolutions passed at the 2005 annual general meeting to authorize the Company to issue the Chalco A Shares to implement the Merger Proposals; and (4) the transaction relating to the Lanzhou Aluminum Factory Share Tranche which will constitute a connected transaction under the Hong Kong Listing Rules, if the Lanzhou Merger Proposal is implemented. Resolutions 1 (the Shandong Merger Proposal) and 2 (the Lanzhou Merger Proposal) are not interdependent. If resolution 3 (the issue of Chalco A Shares) is not approved, resolutions 1 and 2 will not proceed. If resolution 4 (the transaction relating to the Lanzhou Aluminum Factory Tranche) is not approved, resolution 2 (the Lanzhou Merger Proposal) will not proceed. Chinalco will abstain from voting at resolutions 2 and 4 only.

MERGER PROPOSALS NOT INTERDEPENDENT

The Shandong Merger Proposal and the Lanzhou Merger Proposal are not dependent or conditional upon each other. Each such proposal will be implemented in accordance with the terms and conditions applicable to that proposal. If for any reason either proposal is not implemented, this will not affect the implementation of the other proposal.

THE CASH ALTERNATIVE

The Merger Proposals are accompanied by the Shandong Cash Alternative to the holders of tradable Shandong Shares at the rate of RMB16.65 per Shandong Share and the Lanzhou Cash Alternative to the holders of tradable Lanzhou Shares at the rate of RMB9.50 per tradable Lanzhou Share and to the other holders of the non-tradable Lanzhou Shares (other than the Company) at the rate of RMB5.534 per non-tradable Lanzhou Share, who elect not to receive in whole or in part their entitlements to Chalco A Shares, subject to the Merger Proposals becoming unconditional. Lanzhou Aluminum Factory has undertaken in writing not to exercise the Lanzhou Cash Alternative.

The Cash Alternative will be made available by the Cash Alternative Provider. The Cash Alternative Provider is an independent third party who is independent of the Company and its subsidiaries, their directors, chief executives and substantial shareholders or their respective associates (as defined in the Hong Kong Listing Rules) and who is not a connected person (as defined in the Hong Kong Listing Rules) of the Company. The Company itself is not a Cash Alternative Provider.

For the holders of tradable Shandong Shares and the holders of tradable Lanzhou Shares who elect to receive the Shandong Cash Alternative and the Lanzhou Cash Alternative, respectively, the Cash Alternative Provider has agreed, subject to contract, to pay the Shandong Cash Alternative Amount and the Lanzhou Cash Alternative Amount to such holders, and such holders will transfer their respective tradable Shandong Shares and Lanzhou Shares to the Cash Alternative Provider, who will then exchange such Shandong Shares and Lanzhou Shares with the Chalco A Shares at the relevant Exchange Ratio. On the assumption that all the holders of tradable Shandong Shares and the relevant holders of Lanzhou Shares (including tradable and non-tradable shares (other than the non-tradable shares held by Lanzhou Aluminum Factory)) elect to receive the Cash Alternatives, a maximum of 1.157 billion Chalco A Shares, representing approximately 8.98% of the total issued share capital of the Company, may be held by the Cash Alternative Provider.

Pursuant to the agreement to be entered into between the Company and the Cash Alternative Provider, the Cash Alternative Provider has agreed to commit a maximum total of approximately RMB6.12 billion cash being the aggregate total of the maximum Shandong Cash Alternative Amount and Lanzhou Cash Alternative Amount, if all holders of the relevant Shandong Shares and Lanzhou Shares elect to accept the Cash Alternative.

EFFECTS OF THE MERGER PROPOSALS

The Merger Proposals, if fully implemented, will involve the issue of the Chalco A Shares, at the Shandong Exchange Ratio and the Lanzhou Exchange Ratios by the Company to the holders of tradable Shandong Shares and the holders of tradable and non-tradable Lanzhou Shares on a record date to be determined, in exchange for the tradable Shandong Shares and Lanzhou Shares held by them respectively (subject to election by the holders of tradable Shandong Shares and the relevant holders of the Lanzhou Shares electing to take the Cash Alternatives mentioned above). Upon completion of the Merger Proposals, the assets of Shandong Aluminum and Lanzhou Aluminum will be absorbed into and the liabilities of Shandong Aluminum and Lanzhou Aluminum will be assumed by the Company. Shandong Aluminum and Lanzhou Aluminum will then cease to exist. Subject to the approval of the CSRC and the Shanghai Stock Exchange, the Chalco A Shares issued for the purpose of the Merger Proposals will be listed on the Shanghai Stock Exchange. The non-tradable Domestic Shares of the Company, including those held by Chinalco and other holders of Domestic Shares, will be converted into tradable Chalco A Shares and will subject to certain lock-up arrangements. The H Shares will continue to be listed on the Hong Kong Stock Exchange.

In the event that the Merger Proposals are implemented, a maximum of 1.237 billion Chalco A Shares will be issued under the Merger Proposals, under which a maximum of 0.604 billion Chalco A Shares will be issued under the Shandong Merger Proposal and a maximum of 0.633 billion Chalco A Shares will be issued under the Lanzhou Merger Proposal. On the basis of 3.944 billion H Shares in issue, the Chalco tradable shares (including the Chalco A shares issued for the Merger Proposals and the Domestic Shares of the Company which will become tradable Chalco A shares of the Company) will represent approximately 69.4% and the H Shares will represent approximately 30.6%

Edgar Filing: ALUMINUM CORP OF CHINA LTD - Form 6-K

of the Company's total issued shares (as enlarged by the issue of Chalco A Shares). Upon completion of the Merger Proposals, the Domestic Shares of the Company held by Chinalco and other promoters will be tradable shares (tradable Chalco A Shares) listed on the Shanghai Stock Exchange, subject to certain lock-up periods. The Chalco A Shares issued pursuant to the Merger Proposals to the holder of tradable Shandong Shares and Lanzhou Shares will be freely tradable and not subject to any lock-ups. The issue of Chalco A Shares to Lanzhou Aluminum Factory will be subject to a lock-up of three years.

THE EXCHANGE RATIOS

The Shandong Exchange Ratio, has been determined as follows:

- (i) the per share price of the tradable Shandong Shares is RMB20.81, representing a premium of 25% over the closing price per Shandong Share of RMB16.65 as at 27 November 2006, being the last day prior to the suspension of trading in the tradable Shandong Shares on the Shanghai Stock Exchange; and

- (ii) the issue price of the Chalco A Shares is determined to be RMB6.60 per share, which was determined based on the closing price of HK\$6.25 per H Share of the Company on 27 November 2006 (the last trading day immediately before the suspension of trading of the H Shares on 28 November 2006) plus a premium of approximately 5%. The 5% premium was determined by the Company based on an analysis of the A and H Shares prices of major dual listed companies in Hong Kong and PRC.

Accordingly, based on the Shandong Exchange Ratio, 3.15 Chalco A Shares will be issued by the Company for one (1) tradable Shandong Share.

The Lanzhou Exchange Ratios have been determined as follows:

- (i) the per share price of the tradable Lanzhou Shares is RMB11.88, representing a premium of 25% over the closing price per tradable Lanzhou Share of RMB9.50 as at 27 November 2006, being the last day prior to the suspension of trading in the tradable Lanzhou Shares on the Shanghai Stock Exchange; and
- (ii) the issue price of the Chalco A Shares is determined to be RMB6.60 per share, which was determined based on the closing price of HK\$6.25 per H Share of the Company on 27 November 2006 (the last trading day immediately before the suspension of trading of the H Shares on 28 November 2006) plus a premium of approximately 5%. The 5% premium was determined by the Company based on an analysis of the A and H Shares prices of major dual listed companies in Hong Kong and PRC.

Accordingly, based on the Lanzhou Exchange Ratios, (a) 1.80 Chalco A Shares will be issued by the Company for one (1) tradable Lanzhou Share; and (b) one (1) Chalco A Share will be issued by the Company for one (1) non-tradable Lanzhou Share, representing a premium of 20% over the net asset value per non-tradable Lanzhou Share.

When determining the premium of the Shandong Shares and Lanzhou Shares, the Directors have taken into account the following factors: (a) the Exchange Ratios shall be sufficiently attractive to the holders of tradable Shandong Shares and the holders of tradable Lanzhou Shares; (b) the costs to be involved in implementing the share reforms of both Shandong Aluminum and Lanzhou Aluminum; and (c) the increase in the share prices of other domestically listed aluminum companies since the suspension of trading in the tradable shares of Shandong Aluminum and Lanzhou Aluminum on 28 November 2006.

The Merger Proposals may or may not be proceeded with or become unconditional or effective. There is no assurance that all the conditions precedent contained in the Merger Agreements can be satisfied. Investors and potential investors in Shares of the Company should exercise care, and they should only rely on information published by the Company, when they deal, or contemplate dealing, in the H Shares or other securities of the Company.

AUTHORIZATION TO ISSUE CHALCO A SHARES

The issue of Chalco A Shares will be based on the specific mandate approved by the Shareholders duly passed at the 2005 annual general meeting of the Company held on 10 May 2006 authorizing the Board to issue a maximum of 1,500,000,000 Chalco A Shares. The specific mandate passed at the 2005 annual general meeting was to authorize the Company to issue Chalco A Shares to the PRC public (i.e. PRC individuals and institutional investors) with the

proceeds thereof to be used for the purposes specified in the resolutions. If the Merger Proposals are implemented, the Chalco A Shares will be issued to exchange for the Shandong Shares and Lanzhou Shares and no proceeds will be raised by such issue. By an agreement dated 18 December 2006 and subject to further approval by SASAC, the Gansu SASAC has agreed to transfer to Chinalco the entire equity interest in Lanzhou Aluminum Factory at nil consideration. If SASAC's approval and the procedures for the transfer of the equity of Lanzhou Aluminum Factory have been completed prior to the completion of the Lanzhou Merger Proposal, Lanzhou Aluminum Factory will be wholly-owned by Chinalco and a connected person of the Company. Any issue of Chalco A Shares in exchange for the non-tradable Lanzhou Shares held by Lanzhou Aluminum Factory will constitute a connected transaction under the Hong Kong Listing Rules. Although as at the Latest Practicable Date, Lanzhou Aluminum Factory is not yet a connected person and in order to avoid any appearance of conflicts of interest, the Company has deemed Lanzhou Aluminum Factory as a connected person. As the transaction relating to the Lanzhou Aluminum Factory Tranche involves the issue of new securities by the Company to a connected person, such transaction is a non-exempt connected transaction subject to the approval by the independent Shareholders. The SGM will be supplemented by a separate resolution for the independent Shareholders to consider and, if appropriate, to approve at the SGM the transaction relating to the Lanzhou Aluminum Factory Tranche under the Lanzhou Merger Proposal. Chinalco will abstain from voting at the relevant resolution to approve the transaction relating to the Lanzhou Aluminum Factory Tranche, if the Lanzhou Merger Proposal is implemented.

In our capacity as the independent financial adviser to the Independent Board Committee and the independent Shareholders, our role is to give an independent opinion as to whether the terms and conditions of the transaction relating to the Lanzhou Aluminum Factory Tranche are fair and reasonable and are in the interests of the Company and the independent Shareholders as a whole and to advise whether or not the independent Shareholders to vote in favour of the transaction relating to the transaction relating to the Lanzhou Aluminum Factory Tranche. It is not within our scope to opine on the overall Lanzhou Merger Proposal.

BASIS OF OUR OPINION

In arriving at our opinion, we have relied on the information, opinions and facts supplied, and representations made to us, by the Directors, advisers and representatives of the Company (including those contained or referred to in the Circular). We have also assumed that the information and representations contained or referred to in the Circular were true and accurate in all respects at the time they were made and continue to be so at the date of despatch of the Circular. We have no reason to doubt the truth, accuracy and completeness of the information and representations provided to us by the Directors. We have also relied on certain information available to the public and have assumed such information to be accurate and reliable, and we have not independently verified the accuracy of such

information. We have been advised by the Directors and believe that no material facts have been omitted from the Circular.

We consider that we have reviewed sufficient information to reach an informed view, to justify reliance on the accuracy of the information contained in the Circular and to provide a reasonable basis for our opinion. We have not, however, conducted an independent verification of the information nor have we conducted any form of in-depth investigation into the businesses and affairs or other prospects of the Company or any of its respective subsidiaries or associates.

PRINCIPAL FACTORS AND REASONS CONSIDERED

In forming our opinion with regard to terms and conditions of the transaction relating to the Lanzhou Aluminum Factory Tranche, we have considered the following principal factors and reasons:

1. Background of the transaction relating to the Lanzhou Aluminum Factory Tranche

In relation to the non-tradable Lanzhou Shares held by Lanzhou Aluminum Factory, by an agreement dated 18 December 2006 and subject to further approval by SASAC, the Gansu SASAC has agreed to transfer to Chinalco the entire equity interest in Lanzhou Aluminum Factory at nil consideration. If SASAC's approval and the procedures for the transfer of the equity interest of Lanzhou Aluminum Factory have been completed prior to the completion of the Lanzhou Merger Proposal, Lanzhou Aluminum Factory will be wholly-owned by Chinalco and a connected person of the Company. The transaction relating to the Lanzhou Aluminum Factory Tranche will constitute a connected transaction under the Hong Kong Listing Rules. Although as at the Latest Practicable Date, Lanzhou Aluminum Factory is not yet a connected person and in order to avoid any appearance of conflicts of interest, the Company has deemed Lanzhou Aluminum Factory as a connected person.

2. Reasons for and benefits of the Lanzhou Merger Proposal

As stated in the Letter from the Board, the reasons for and benefits of the Merger Proposals, of which the Lanzhou Merger Proposal forms part are:

1. the Merger Proposals allow the Company to implement the share reforms for Shandong Aluminum and Lanzhou Aluminum in accordance with the requirements of the relevant PRC laws and regulations;
2. the Merger Proposals at the same time enable the Company to restructure Shandong Aluminum and Lanzhou Aluminum and through the Merger Proposals, the Company will achieve a more balanced chain of production between alumina and primary aluminum and will enable the Company to integrate Shandong Aluminum and Lanzhou Aluminum into the management and operations of the Company ; and
3. the Merger Proposals enable the Company to issue and list Chalco A Shares on the Shanghai Stock Exchange.

In accordance with the relevant rules and regulations promulgated by the PRC authorities, including "Certain Opinions on Further Reform, Opening Up and Stable Development of the Capital Market" (Chinese Character) (Guo Fa 2004 No.3) issued by the State Council of the PRC, "Provisions on Management of Share Reform Proposals of Listed Companies" (Chinese Character) (Zheng Jian Fa 2005 No. 86) jointly issued by CSRC, State-owned Assets Supervision and Administration Commission of the State Council, the Ministry of Finance, the People's Bank of China and the Ministry of Commerce, and "Guidelines on the Practice and Operation of the Share Reform Proposals of Listed Companies" (Chinese Character) jointly issued by Shanghai Stock Exchange, Shenzhen Stock Exchange and China Securities Depository and Clearing Corporation Limited, the Directors are of the view that the completion of the Lanzhou Merger Proposal will allow the Company to implement the share reform for Lanzhou Aluminum.

The Chalco Group is engaged principally in alumina refining and primary aluminum smelting operations. Lanzhou Aluminum and its subsidiaries are engaged principally in the production of primary aluminum and aluminum-fabricated products. Upon completion of the Merger Proposals, the Directors believe that there will be enhancement of the Chalco Group's output and production capacity in primary aluminum and its market share of primary aluminum in the domestic market and resulting in a more balanced chain of production between alumina and primary aluminum.

It is not within our scope of work to opine on the overall Lanzhou Merger Proposal, however, we concur with the Directors' views that the Lanzhou Merger Proposal will (i) allow the Company to implement the share reform for Lanzhou Aluminum in accordance with the requirements of the relevant PRC laws and regulations; (ii) allow the Company to restructure Lanzhou Aluminum and obtain a more balanced business portfolio; and (iii) enable the Company to issue and list Chalco A Shares on the Shanghai Stock Exchange.

3. Major terms and conditions

3.1. Issue of Chalco A Shares in exchange for non-tradable Lanzhou Shares held by Lanzhou Aluminum Factory

As stated in the Letter from the Board, the Lanzhou Exchange Ratios have been determined as follows:

- (i) the per share price of the tradable Lanzhou Shares is RMB11.88, representing a premium of 25% over the closing price per tradable Lanzhou Share of RMB9.50 as at 27 November 2006, being the last day prior to the suspension of trading in the tradable Lanzhou Shares on the Shanghai Stock Exchange; and
- (ii) the issue price of the Chalco A Shares is determined to be RMB6.60 per share, which was determined based on the closing price of HK\$6.25 per H Share of the Company on 27 November 2006 (the last trading day immediately before the suspension of trading of the H Shares on 28 November 2006) plus a premium of approximately 5%, the 5% premium was determined by the Company based on an analysis of the A and H

shares prices of major dual listed companies in Hong Kong and the PRC.

Accordingly, based on the Lanzhou Exchange Ratios, (a) 1.80 Chalco A Shares will be issued by the Company for one (1) tradable Lanzhou Share; and (b) one (1) Chalco A Share will be issued by the Company for one (1) non-tradable Lanzhou Share, representing a premium of 20% over the net asset value per non-tradable Lanzhou Share ("Lanzhou Non-tradable Exchange Ratio").

3.1.1 Issue price of Chalco A Shares

The issue price of Chalco A Shares at RMB6.60 per share, which was determined based on the closing price of HK\$6.25 per H Share of the Company on 27 November 2006 (the last trading day immediately before the suspension of trading of the H Shares on 28 November 2006) plus a premium of approximately 5%, the 5% premium was determined by the Company based on an analysis of the A and H shares prices of major dual listed companies in Hong Kong and the PRC.

In assessing the issue price of Chalco A Share at RMB6.6 per share, we have reviewed

- (a) the relevant discount or premium of A-share closing prices to H-shares closing prices on 27 November 2006 for dual listed companies in Hong Kong and the PRC engaged in the metal and resources sector ("Metal Comparables").
- (b) the issue prices of the A shares for other Hong Kong listed H shares companies which have over the past six months had new issue of A shares in the PRC ("New Issue Comparables") and the relevant discount or premium to the H-share closing prices as at the last trading date immediately before the date of announcement of the major terms and conditions of the new issue ("Last Trading Date").

The issue price of Chalco A Shares represents a premium of approximately 5% to the closing price of Chalco H Shares on 27 November 2006. We consider that such price difference is within the overall range and is comparable to the average for the Metal Comparables.

Table 2: The following table summarises the A-share issue prices of New Issue Comparables and the relevant discount or premium to the H-share closing prices as at the Last Trading Date.

1. Exchange rate as at the Last Trading Date is used for the conversion of RMB to HK\$.

As shown above, the A shares of the New Issue Comparables were issued at a discount ranged from 2% to 23%, with an average discount of approximately 10%. The issue price of Chalco A Shares represents a premium of approximately 5% to the closing price of the H-share on 27 November 2006. We consider that the issue price of Chalco A Share is more favourable than the A-share issue prices of New Issue Comparables.

3.1.2 Lanzhou Non-tradable Exchange Ratio

In assessing the exchange of one Chalco A Share for one non-tradable Lanzhou Share at the issue price of RMB6.6 per share, we have reviewed (i) the implied price to earning ratio ("PER") and the implied price to net asset value ratio ("P/NAV") of the transaction relating to the Lanzhou Aluminum Factory Tranche, and (ii) the PER and P/NAV of A-share listed companies whose principal businesses are similar to that of Lanzhou Aluminum ("Market Comparables").

Table 3: The following table summarises the PER and P/NAV of Market Comparables:

Notes:

- 1) Price refers to the closing price of the relevant companies as quoted on Bloomberg on the Latest Practicable Date and the total number of shares in issue according to the companies' latest published annual or interim report or announcement as the case may be. Earnings refer to the net profit as per the latest published audited annual report of the relevant companies available on the Latest Practicable Date.
- 2) Net asset value or unaudited net asset value refers to net assets as per the companies' latest published annual or interim report or announcement as the case may be.

Edgar Filing: ALUMINUM CORP OF CHINA LTD - Form 6-K

The PER of the Market Comparables differed substantially, ranged from 19.6 times to 50.3 times, with an average of approximately 38.9 times whereas the P/NAV of the Market Comparables ranged from 2.4 times to 6.3 times, with an average of approximately 4.4 times. We consider that this is due to, inter alia, the fact that the business models and financial performance of the Market Comparables differ to a great extent and there are different ratings in terms of their share price performances.

Table 4: The following table summarises the implied PER and the P/NAV of the transaction relating to the Lanzhou Aluminum Factory Tranche based on the issue price of the Chalco A Shares of RMB6.60 per share and the Non-tradable Lanzhou Exchange Ratio:

Transaction relating to the Lanzhou Aluminum Factory Tranche

Issue price per Chalco A Share	RMB6.6

-------------------------------------	---

Lanzhou Aluminum

Total net asset value as at 31 December 2005	RMB2,882.4 million

Net profits after tax for the year ended 31 December 2005	RMB112.3 million

Implied P/E of the transaction relating to the

Lanzhou Aluminum Factory Tranche	31.9 times
----------------------------------	------------

Implied P/NAV of the transaction relating to the

Lanzhou Aluminum Factory Tranche	1.2 times
----------------------------------	-----------

The implied PER of the transaction relating to the Lanzhou Aluminum Tranche is within the range and is comparable with the average PER of the Market Comparables. The implied P/NAV of the transaction relating to the Lanzhou Aluminum Tranche is below the range and the average P/NAV of the Market Comparables.

Given the above, we consider that the exchange of one Chalco A Share for one non-tradable Lanzhou Share at the issue price of Chalco A Shares at RMB6.6 per share is fair and reasonable so far as the independent Shareholders are concerned.

3.2. Undertakings by Chinalco

In connection with the Lanzhou Merger Proposal, Chinalco has undertaken that:

1. within 36 months after the listing of the Chalco A Shares on the Shanghai Stock Exchange, Chinalco will not transfer its tradable Chalco A Shares or entrust any third parties to manage such tradable Chalco A Shares and will not procure Chalco to repurchase such tradable Chalco A Shares;
2. within 3 months after the listing of Chalco A Shares on the Shanghai Stock Exchange, if the market price of Chalco A Shares falls below RMB6.60 per share, being the price per share of the proposed share exchange, Chinalco shall increase its shareholding of Chalco A Shares through market bidding in the Shanghai Stock Exchange, until the cumulative number of shares so purchased reaches 30% of the total number of newly issued Chalco A Shares under the Merger Proposals;
3. within 12 months after completion of the increased shareholding arrangement, Chinalco shall not sell its increased Chalco A Shares aforesaid and shall discharge its information disclosure obligations; and
4. after the listing of Chalco A Shares on the Shanghai Stock Exchange, Chinalco will inject quality aluminum assets (including but not limited to business assets of aluminum and aluminum fabrication and related equity interest), where appropriate, in order to improve the production chain of Chalco.

We concur with the Directors' opinion that the above undertakings indicate the commitment by Chinalco towards the Company, and therefore are in the interests of the Company and the independent Shareholders as a whole.

4. Financial impact

4.1 Earnings

According to the Company's 2005 annual report, the audited profit after tax of the Company for the two years ended 31 December 2005 were approximately RMB6,635 million and RMB7,246 million respectively.

As stated in the Letter from the Board, the net profit after tax of Lanzhou Aluminum in accordance with PRC GAAP for the two years ended 31 December

2005 were approximately RMB107.6 million and RMB112.3 million respectively.

Based on our discussion with the Directors, the Company's investment in Lanzhou Aluminum is presently accounted for using the equity method based on its 28% shareholding. Upon completion of the Lanzhou Merger Proposal, all revenues and expenses of Lanzhou Aluminum will be combined into the Company's consolidated financial statements. Despite the profit generating track record of Lanzhou Aluminum for the two years ended 31 December 2005 as stated in the Letter from the Board, the future earnings of the Chalco Group cannot be determined at this stage.

4.2 Net Asset Value ("NAV")

According to the Company's 2005 annual reports, the audited NAV of the Company as at 31 December 2004 and 31 December 2005 was approximately RMB27,567 million and RMB32,644 million respectively.

As stated in the Letter from the Board, the NAV of Lanzhou Aluminum in accordance with PRC GAAP as at 31 December 2004 and 31 December 2005 was approximately RMB2,770.1 million and RMB2,882.4 million respectively

Based on our discussion with the Directors, the Company's investment in Lanzhou Aluminum is presently accounted for using the equity method based on its 28% shareholding. Upon completion of the Lanzhou Merger Proposal, all assets and liabilities of Lanzhou Aluminum will be combined into the Company's consolidated financial statements. In addition, Chalco's net asset value will be increased as a result of the proposed issue of Chalco A Shares in exchange for the non-tradable and tradable Lanzhou shares (other than those held by the Company) according to the Lanzhou Exchange Ratios.

In addition, based on our discussion with the Directors, upon completion, there may be a goodwill recognised in the Company's consolidated accounts, however, the requirement or likelihood for recognition of such goodwill or treatment in the consolidated account, or the amount or extent of such goodwill, cannot be determined at this stage. Pursuant to the new and revised Hong Kong Financial Reporting Standards and Hong Kong Accounting Standards issued by the Hong Kong Institute of Certified Public Accountants which has become effective for accounting period beginning on or after 1 January 2005, the recognised goodwill is required to be measured at cost less accumulated impairment losses. The goodwill will not be amortised annually but is required to be assessed annually in order to determine whether there is any impairment in value.

4.3 Working Capital

The Lanzhou Merger Proposal is accompanied by the Lanzhou Cash Alternative to the holders of tradable Lanzhou Shares at the rate of RMB9.5 per tradable Lanzhou Share and to the other holders of the non-tradable Lanzhou Shares (other than the Company) at the rate of RMB5.534 per non-tradable Lanzhou Share, who elect not to exchange in whole or in part their entitlements to Chalco A Share. However, as

the Lanzhou Cash Alternative will be made available by one or more independent third parties, the Directors are of the opinion that the proposed Lanzhou Merger Proposal will not have a substantial impact on the Chalco Group's working capital.

Based on our discussion with the Directors, in light of the above, the Directors are of the view that, on an overall basis, the terms and conditions of the transaction relating to the Lanzhou Aluminum Factory Tranche will not cause any material financial impact on the Company.

5. Dilution effect of the Merger Proposals

The Merger Proposals, if fully implemented, will involve the issue of the Chalco A Shares, at the Shandong Exchange Ratio and the Lanzhou Exchange Ratios by the Company to the holders of tradable Shandong Shares and the holders of tradable and non-tradable Lanzhou Shares on a record date to be determined, in exchange for the tradable Shandong Shares and Lanzhou Shares held by them respectively (subject to election by the holders of tradable Shandong Shares and the relevant holders of the Lanzhou Shares electing to take the Cash Alternatives mentioned above). Subject to the approval of the CSRC and the Shanghai Stock Exchange, the Chalco A Shares issued for the purpose of the Merger Proposals will be listed on the Shanghai Stock Exchange. The non-tradable Domestic Shares of the Company, including those held by Chinalco and other holders of Domestic Shares, will be converted into tradable Chalco A Shares and will subject to certain lock-up arrangements. The H Shares will continue to be listed on the Hong Kong Stock Exchange.

In the event that the Merger Proposals are implemented, a maximum of 1.237 billion Chalco A Shares will be issued under the Merger Proposals, under which a maximum of 0.604 billion Chalco A Shares will be issued under the Shandong Merger Proposal and a maximum of 0.633 billion Chalco A Shares will be issued under the Lanzhou Merger Proposal. On the basis of 3.944 billion H Shares in issue, the Chalco tradable shares (including the Chalco A shares issued for the Merger Proposals and the Domestic Shares of the Company which will become tradable Chalco A shares of the Company) will represent approximately 69.4% and the H Shares will represent approximately 30.6% of the Company's total issued shares (as enlarged by the issue of Chalco A Shares). Upon completion of the Merger Proposals, the Domestic Shares of the Company held by Chinalco and other promoters will be tradable shares ("tradable Chalco A Shares") listed on the Shanghai Stock Exchange, subject to certain lock-up periods. The Chalco A Shares issued pursuant to the Merger Proposals to the holder of tradable Shandong Shares and Lanzhou Shares will be freely tradable and not subject to any lock-ups. The issue of the Chalco A Shares to Lanzhou Aluminum Factory will be subject to a lock-up of three years.

10. RIGHT OF SHAREHOLDERS WHO DISSENT THE MERGER PROPOSALS

According to article 210 of the Articles of Association of the Company (the "Articles of Association"), a Shareholder who is entitled to attend and vote and has voted its Shares against the Merger Proposals (the "Dissenting Shareholder") at the SGM may, upon complying with certain conditions, request (the "Dissenting Request") the Company or the Shareholder(s) who has/have voted in favour of the Merger Proposals (the "Assenting Shareholders" and each an "Assenting Shareholder") to purchase the Shares held by such Dissenting Shareholder (the "Dissenting Shares") at a fair price. However, in order to exercise such dissenting right, the Dissenting Shareholders shall comply with or satisfy the following:

- (1) the Dissenting Shareholder is the registered holder of the Dissenting Shares and is entitled to attend and vote on the date of the SGM;
- (2) such Dissenting Shareholder has voted its Shares against either or both of the resolutions for the Merger Proposals to be approved at the SGM;
- (3) on the date of final completion of the Merger Proposals, that is, the date of the de~registration of Shandong Aluminum and Lanzhou Aluminum, such Dissenting Shareholder remains the registered holder of the same Dissenting Shares that it held on the date of the SGM and has not lost the right to make the Dissenting Shareholder Request; and
- (4) such Dissenting Shareholder has made a Dissenting Shareholder Request in writing, and has not withdrawn such Dissenting Shareholder Request up to the date of completion of the Merger Proposals.

Any Shareholder who wishes to make a Dissenting Shareholder Request should note that any Dissenting Shareholder Request should be made at any time from the date of approval by the Shareholders of the Merger Proposals to the date of the final completion of the Merger Proposals (that is, the date of de~registration of Shandong Aluminum and Lanzhou Aluminum) and any Dissenting Shareholder Request made outside this time period will not be valid.

Since the Articles of Association of the Company provide that a Dissenting Shareholder may request an Assenting Shareholder to purchase the Dissenting Shares and in the event that any Assenting Shareholder receives any such Dissenting Shareholder Request from any Dissenting Shareholder, such Assenting Shareholder may at any time upon receipt of such Dissenting Request notify the Company by mail to No. 62 North Xizhimen Street, Haidian District, Beijing, The People's Republic of China, Postal Code 100082 or by fax to 8610~8229 8158. The purpose of such notice is to ensure that the Company shall, at the request of such Assenting Shareholder, assume any liability which such Assenting Shareholder may have towards the Dissenting Shareholder. In any such notification, the Assenting Shareholder shall (1) provide the Company with the Dissenting Shareholder Request received by it or any withdrawal (if any) of such Dissenting Request, and any other documents required to be provided pursuant to the PRC Company Law or the Articles of Association of the Company; (ii) give the Company the opportunity to lead all negotiations

and procedures to determine the fair price under the Articles of Association of the Company, and (iii) such Assenting Shareholder shall not, except with the prior written consent of the Company, determine the fair price or make any voluntary payment with respect to the fair price, or settle or offer to settle any such request to determine the fair price.

The right of the Dissenting Shareholder to make a Dissenting Shareholder Request is provided by the Articles of Association of the Company. Furthermore, there is no law or administrative guidance on the substantive as well as procedural rules as to how the fair price shall be determined. Thus, (i) the Company or an Assenting Shareholder or any third party arranged by the Company to purchase Dissenting Shares is not obliged to pay the price requested by a Dissenting Shareholder for its Dissenting Shares, and (ii) if any Dissenting Shareholder shall exercise such right, no assurance can be given as to how long the process will take.

The dissenting right under article 210 of the Articles of Association to make the Dissenting Shareholder Request as referred to above is only available to the registered holders of such Shares. Accordingly, any investor who has its H Shares held by nominee (including, for example, but without limitation, any H Shares held through CCASS operated by Hong Kong Securities Clearing Company Limited ("HKSCC") by any CCASS broker/custodian participant) or trustee and wishes to exercise such dissenting right should:

- (a) take steps to register such H Shares under the name of such investor and take delivery of its H Shares so as to become the registered holder of the such Shares prior to the SGM. Accordingly, it should be noted that any investor who wish to become a Shareholder should lodge the relevant transfer documents by not later than 4:00 p.m. on Friday , 26 January 2007 and transfer lodged after that time will not be processed and the transferee will not become registered Shareholder of prior to SGM. Any investor who has Shares held by nominee or trustee (including, for example, without limitation, any shares held through CCASS by any CCASS broker/custodian participant) and who wishes personally to exercise the above dissenting right should take the steps to have the Shares registered in his/her/its name; or
- (b) give instructions to and/or enter into private arrangements with its nominee or trustee such that such nominee or trustee will make the Dissenting Shareholder Request in strict compliance conditions and procedures set out above.

Holders of ADSs of the Company who wish to exercise dissenting rights should take steps to present their ADRs of the Company to the Depository for cancellation (upon compliance with the terms of the Deposit Agreement, including payment of the Depository's fees and expenses and any applicable taxes or governmental charges, such as stamp taxes or stock transfer taxes or fees) and delivery of the H Shares so as to become registered shareholders of the Company prior to the SGM.
