Item 1.01 Entry into a Material Definitive Agreement; and

Item 3.02 Unregistered Sales of Equity Securities.

On October 30, 2007, Hydron Technologies, Inc., a New York corporation (the Company), closed on a private offering (the Offering) of 400,000 units (Units), comprised of one (1) share (Share) of its Common Stock and one (1) warrant (Warrant) for the purchase of one (1) share of Common Stock of the Company for each Unit purchased or a total of 400,000 Shares and 400,000 Warrants to purchase Shares. The Company received gross cash proceeds of Fifty Thousand Dollars (\$50,000) from the sale of Units in the Offering.

After issuance of the Shares sold in the Offering, the Company has a total of 18,958,676 shares of Common Stock outstanding plus an additional 10,356,500 shares of Common Stock issuable upon the exercise of options and warrants (including the Warrants). Accordingly, the issuance of Units will increase the number of shares of Common Stock by approximately 2.2% and the number of fully-diluted shares of Common Stock by approximately 2.8%.

Ronald J. Saul, a director of the Company, purchased the 400,000 Units together with his spouse pursuant to a subscription agreement dated October 30, 2007.

Following the closing of the Offering, Mr. Saul beneficially owns 6,838,536 shares of Common Stock, comprised of 4,038,536 shares held directly by him and his immediate family members and 2,800,000 shares of Common Stock issuable upon the exercise of options and common stock purchase warrants (including the Warrants), representing beneficial ownership of approximately 31.4% of the Common Stock.

Under the terms of the Offering, the Company has agreed that in the event that the Company shall grant piggy back registration rights to any other party to cause the Company's Common Stock or any security exercisable or exchangeable for, or convertible into, shares of Common Stock to be included in a registration statement filed by the Company for sale by any selling shareholder or by the Company, the Company will grant similar registration rights to Mr. Saul and his spouse.

The Company offered and sold the Units, including the Shares and the Warrants included in the Units, without registration under the Securities Act in reliance on the exemptions from registration provided by Rule 506 of Regulation D and Section 4(2) of the Securities Act, and with respect to applicable state securities law registration requirements in reliance on the preemption from applicable state registration requirements provided under Section 18(a) of the Securities Act. Mr. Saul and his spouse are accredited investors as defined in Rule 501(a) under the Securities Act of 1933, as amended (the Securities Act).

The Company intends to use the proceeds of the Offering to pay current obligations of the Company. The balance, if any, will be used for working capital and general corporate purposes, including funding ongoing operations.
