NOTICE IS HEREBY GIVEN that the annual meeting of the stockholders of Westwood Holdings Group, Inc. ("Westwood," the "Company," "we," "us" or "our") will be held at The Crescent Club, 200 Crescent Court, Suite 1700, Dallas, Texas 75201 on Wednesday, April 25, 2018, at 10:00 a.m., Central Time, to consider and vote on the following proposals:

- Proposal 1. The election of eight directors to hold office until the next annual meeting of Westwood's stockholders and until their respective successors shall have been duly elected and qualified;
- Proposal 2. The ratification of the appointment of Deloitte & Touche LLP as Westwood's independent auditors for the year ending December 31, 2018;
- Proposal 3. To approve the Fifth Amended and Restated Westwood Holdings Group, Inc. Stock Incentive Plan; and
- Proposal 4. To cast a non-binding, advisory vote on the Company's executive compensation.

In addition, we will consider the transaction of such other business as may properly come before the meeting or at any adjournments or postponements.

The foregoing items of business are more fully described in the attached proxy statement.

Only stockholders of record at the close of business on March 5, 2018 are entitled to notice of, and to vote at, the annual meeting and any adjournments or postponements thereof. A holder of shares of our common stock as of the record date is entitled to one vote in person or by proxy for each share of common stock owned by such holder on all matters properly brought before the annual meeting or at any adjournments or postponements.

All of our stockholders are invited to attend the annual meeting. Whether or not you expect to attend the annual meeting, we urge you to complete, sign, date and promptly return the accompanying proxy card in the enclosed postage-paid envelope to assure your representation at the meeting. You may also vote by Internet at www.voteproxy.com using the control number shown on your proxy card or voting instruction card. You can revoke your proxy at any time before it is voted by delivering written notice to our Corporate Secretary at our principal executive office located at 200 Crescent Court, Suite 1200, Dallas, Texas 75201, by signing and mailing to us a proxy bearing a later date, by changing your vote by Internet (if you voted by Internet) or by attending the annual meeting and voting in person.

If you are the beneficial owner of shares of our common stock held in street name, you will receive voting instructions from your broker, bank or other nominee (who must be the stockholder of record). The voting instructions will provide details regarding how to vote these shares. Additionally, you may vote these shares in person at the annual meeting if you have requested and received a legal proxy from your broker, bank or other nominee giving you the right to vote the shares at the annual meeting, and you complete the legal proxy and present it to us at the annual meeting. Pursuant to the New York Stock Exchange ("NYSE") rules, if you hold your shares in street name, nominees will not have discretion to vote these shares on the election of directors, the approval of the Fifth Amended and Restated Westwood Holdings Group, Inc. Stock Incentive Plan and the matter pertaining to executive compensation. Accordingly, if your shares are held in street name and you do not submit voting instructions to your broker, bank or other nominee, these shares will not be counted in determining the outcome on Proposals 1, 3, and 4 set forth in this proxy statement at the annual meeting. If you hold your shares in street name, we encourage you to provide voting instructions to your broker, bank, or other nominee so that your voice is heard on these proposals.

This proxy statement and proxy card are being mailed to our stockholders on or about March 19, 2018.

TO BE HELD ON APRIL 25, 2018
GENERAL QUESTIONS AND ANSWERS

The following questions and answers are intended to provide brief answers to frequently asked questions concerning the proposals described in this proxy statement and the proxy solicitation process. These questions and answers do not, and are not intended to, address all the questions that may be important to you. You should carefully read the remainder of this proxy statement. The Annual Meeting

Q: When and where is the annual meeting?

A: The annual meeting will be held on Wednesday, April 25, 2018, at 10:00 a.m., Central Time, at The Crescent Club, 200 Crescent Court, Suite 1700, Dallas, Texas 75201.

Q: What am I being asked to vote on?

A: Our stockholders are being asked to vote on the following proposals at the annual meeting:

- To elect eight directors to hold office until the next annual meeting of Westwood's stockholders and until their respective successors shall have been duly elected and qualified;
- To ratify the appointment of Deloitte & Touche LLP as Westwood's independent auditors for the year ending December 31, 2018;
- To approve the Fifth Amended and Restated Westwood Holdings Group, Inc. Stock Incentive Plan; and
- To cast a non-binding, advisory vote on the Company's executive compensation.

Q: How does the Board of Directors recommend that I vote?

The Board of Directors recommends that you vote your shares (i) "FOR" each of the eight director nominees for election to the Board of Directors, (ii) "FOR" the ratification of the appointment of Deloitte & Touche LLP as Westwood's independent auditors for the year ending December 31, 2018, (iii) "FOR" the approval of the Fifth Amended and Restated Westwood Holdings Group, Inc. Stock Incentive Plan, and (iv) "FOR" the approval, on a non-binding, advisory basis, of the Company's executive compensation. If you submit your properly executed proxy without voting instructions, your shares represented by that proxy will be voted as recommended by the Board of Directors.

Q: Who is entitled to vote at the annual meeting?

Stockholders of record at the close of business on March 5, 2018 (the "record date") are entitled to notice of, and to vote at, the annual meeting and any adjournments or postponements thereof. A holder of shares of our common stock as of the record date is entitled to one vote in person or by proxy for each share of common stock owned by such holder on all matters properly brought before the annual meeting or at any adjournments or postponements thereof. As of March 5, 2018, there were 8,985,885 shares of common stock outstanding and entitled to vote on each of the proposals.

Q: What constitutes a quorum?

A: In order to carry on the business of the annual meeting, we must have a quorum. This means at least a majority of the shares of common stock outstanding as of the record date must be represented at the annual meeting, either by proxy or in person. Abstentions and broker non-votes, which are described in more detail below, are counted as shares present at the annual meeting for purposes of determining whether a quorum exists.

Q: What is the difference between holding shares as a "stockholder of record" and as a "beneficial owner"?

A: **Stockholder of Record:** A stockholder of record holds shares registered directly in the stockholder's name with our transfer agent. As a stockholder of record, you have the right to grant your voting proxy directly to us in accordance with the procedures described below or to vote in person at the annual meeting.

Beneficial Owner: If your shares are held through a bank, broker or other nominee, you are the "beneficial owner" of shares held in "street name," and these proxy materials are being forwarded to you by your bank, broker or other nominee, which is considered, with respect to those shares, the stockholder of record. As the beneficial owner, you have the right to direct your bank, broker or other nominee on how to vote your shares by completing the instructions provided to you by your bank, broker or other nominee. However, since you are not a stockholder of record, you may not vote these shares in person at the annual meeting unless you obtain a valid proxy from your bank, broker or other nominee (who must be the stockholder of record) giving you the right to vote the shares.

Q: What is a broker non-vote?

A: Generally, a broker non-vote occurs when a bank, broker or other nominee that holds shares in "street name" for customers is precluded from exercising voting discretion on a particular proposal because (i) the beneficial owner has not instructed the bank, broker or other nominee how to vote, and (ii) the bank, broker or other nominee lacks discretionary voting power to vote such shares. A bank, broker or other nominee does not have discretionary voting power with respect to the approval of "non-routine" matters absent specific voting instructions from the beneficial owners of such shares.

Under applicable rules, Proposals 1, 3, and 4 are considered "non-routine" matters, on which banks, brokers and other nominees are not allowed to vote unless they have received voting instructions from the beneficial owners of such shares. The proposal to ratify the appointment of Deloitte & Touche LLP as Westwood's independent auditors for the year ending December 31, 2018 (Proposal 2) is considered a routine matter on which banks, brokers and other nominees may vote in their discretion on behalf of beneficial owners who have not provided voting instructions. Your bank, broker or other nominee will send you instructions on how you can instruct them to vote on Proposal 2. If you do not provide voting instructions, your bank, broker or other nominee will have discretionary authority to vote your shares with respect to Proposal 2.

Q: What vote is required to approve each proposal?

A: **Proposal 1:** The election of directors requires the affirmative "FOR" vote of a plurality of the shares represented in person or by proxy at the annual meeting and entitled to vote. This means that the eight director nominees who receive the most votes will be elected. You may vote "FOR" or "WITHHOLD" with respect to the election of each director. As the election of directors is a non-routine matter under applicable rules, your bank, broker or other nominee cannot vote without instructions from you. Therefore, only "FOR" votes will be counted in determining whether a plurality has been cast in favor of a director. Broker non-votes and "WITHHOLD" votes will not affect the outcome on the election of directors.

Proposal 2: The ratification of the appointment of Deloitte & Touche LLP as Westwood's independent auditors for the year ending December 31, 2018 requires the affirmative "FOR" vote of a majority of the votes cast at the annual meeting. Abstentions will have no effect on the outcome of this proposal.

Proposal 3: The approval of the Fifth Amended and Restated Westwood Holdings Group, Inc. Stock Incentive Plan requires the affirmative "FOR" vote of a majority of the votes cast at the annual meeting. As the approval of Proposal 3 is a non-routine matter under applicable rules, your bank, broker or other nominee cannot vote without instructions from you. An abstention is a vote cast under current NYSE rules, and, as a result, abstentions will have the effect of a vote "AGAINST" this proposal. A broker non-vote, however, is not a vote cast under current NYSE rules, and, as a result, will have no effect on the outcome of this proposal.

Proposal 4: The non-binding, advisory vote on the Company's executive compensation requires the affirmative "FOR" vote of a majority of the votes cast at the annual meeting. As the advisory vote on the Company's executive compensation is a non-routine matter under applicable rules, your bank, broker or other nominee cannot vote without instructions from you. Broker non-votes and abstentions will have no effect on the outcome of this proposal.

Procedures for Voting

Q: Who is entitled to vote?

A: Only stockholders of record as of the close of business on March 5, 2018, the record date, will be entitled to vote on the proposals at the annual meeting. Each share of common stock is entitled to one vote.

Q: How do I vote?

If you are the record holder of your shares, you can vote by attending the annual meeting in person or by completing, signing and returning your proxy card in the enclosed postage-paid envelope. You can also vote by Internet at www.voteproxy.com using the control number shown on your proxy card or voting instruction card. If your shares are held by your broker as your nominee (that is, in "street name"), you will need to obtain a proxy form from the institution that holds your shares and follow the instructions included on that form regarding how to instruct your broker to vote your shares. If your shares are held in street name, your proxy card may contain instructions from your broker that allow you to vote your shares using the Internet or telephone. Please consult with your broker if you have any questions regarding the electronic voting of your shares held in street name.

Q: Is my proxy revocable and can I change my vote?

A: If you are a stockholder of record you may revoke your proxy at any time before it is officially voted by doing one of the following:

- Sending a written notice revoking your proxy to Julie K. Gerron, our Corporate Secretary, at 200 Crescent Court, Suite 1200, Dallas, Texas 75201;
- Signing and mailing to us a proxy bearing a later date;
- Changing your vote by Internet (if you voted by Internet); or
- Attending our annual meeting and voting in person.

If you are not a stockholder of record, but instead hold your shares in "street name" through a bank, broker or other nominee, the above-described options for revoking your proxy do not apply. Instead, you will need to follow the instructions provided to you by your bank, broker or other nominee in order to revoke your proxy and submit new voting instructions.

Q: Is my vote confidential?

A: Yes. Only the inspector of votes and certain of our employees will have access to your proxy card. All comments will remain confidential, unless you ask that your name be disclosed.

Our Current Stock Ownership

Q: What percentage of stock do the directors and executive officers own?

A: Collectively, our executive officers and directors beneficially owned approximately 805,308 shares, or approximately 9.0%, of our outstanding common stock as of March 5, 2018.

We believe that our executive officers and directors intend to vote their shares of our common stock on each of the proposals presented in this proxy statement as recommended by the Board of Directors.

Q: Who are the largest principal stockholders?

A: Based on our review of Schedule 13G, Schedule 13D and Form 13F filings, as of March 5, 2018, the ten institutional stockholders with the largest percentage ownership of our outstanding common stock were Conestoga

Capital Advisors, LLC (8.1%), Wells Fargo & Company (7.2%), GAMCO Investors, Inc. (6.2%), BlackRock, Inc. (6.2%), Royce & Associates, LP (4.5%), The Vanguard Group, Inc. (3.8%), Dimensional Fund Advisors LP (3.4%), Renaissance Technologies LLC (2.9%), Wellington Management Company, LLP (2.7%) and Punch & Associates Investment Management, Inc (2.1%).

Brian O. Casey, our President and Chief Executive Officer, owned 3.5%, Susan M. Byrne, our Vice Chairman, owned 2.7% and Mark R. Freeman, our Chief Investment Officer, owned 0.7%, of our outstanding common stock as of March 5, 2018. Our employees and directors, including Ms. Byrne and Messrs. Casey and Freeman, collectively owned approximately 21% of our outstanding common stock as of March 5, 2018.

Other Information

Q: What is the deadline to propose actions for consideration at the 2019 annual meeting of stockholders?

To be included in the proxy statement for the 2019 annual meeting, stockholder proposals must be in writing and must be received by Westwood at our principal executive office at 200 Crescent Court, Suite 1200, Dallas, Texas A: 75201, Attn: Corporate Secretary, no later than November 19, 2018. In addition, such stockholder proposals must comply with Rule 14a-8 under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), which lists the requirements for the inclusion of stockholder proposals in company-sponsored proxy materials.

If a stockholder intends to present a proposal at the 2019 annual meeting, but does not seek to include the proposal in the 2019 proxy statement, notice of the proposal must be received by Westwood at our principal executive offices at least 45 calendar days before the date of this proxy statement, or your proxy will confer discretionary authority on the person(s) named in the form of proxy for the 2019 annual meeting to vote on the proposal if it is properly presented for consideration at the meeting.

Q: How may I recommend or nominate individuals to serve as directors, and what is the deadline to propose or nominate individuals to serve as directors?

You may propose director candidates for consideration by the Governance/Nominating Committee of our Board of Directors. Any such recommendations must be in writing to our Corporate Secretary at our principal executive office and received at least 120 calendar days before the one-year anniversary of the date that the proxy statement A: for the previous year's annual meeting was released to stockholders. However, if we did not hold an annual meeting during the previous year or if the date of the current year's annual meeting has been changed by more than 30 days from the date of the previous year's annual meeting, then the deadline is a reasonable time before we begin to print and mail our proxy materials.

For the 2019 annual meeting, the deadline for proposing or nominating individuals to serve as director is November 19, 2018. Director candidates recommended by stockholders are evaluated by the Governance/Nominating Committee based on the same criteria applied by the Governance/Nominating Committee to director candidates identified by that committee. To be valid, a stockholder's notice to the Corporate Secretary must set forth specified information, as further described in "Corporate Governance Information—Director Nominees."

Q: Who is soliciting my proxy and who will pay the solicitation expenses?

The Company is soliciting your proxy by and on behalf of our Board of Directors, and we will pay the cost of A: preparing and distributing this proxy statement and the cost of soliciting votes. We will reimburse stockbrokers and other custodians, nominees and fiduciaries for forwarding proxy and solicitation material to the owners of our common stock.

Q: Who can help answer my additional questions?

A: Stockholders who would like additional copies, without charge, of this proxy statement or have additional questions about this proxy statement, including the procedures for voting their shares, should contact:

Tiffany B. Kice, Chief Financial Officer & Treasurer

Westwood Holdings Group, Inc.

200 Crescent Court, Suite 1200

Dallas, Texas 75201

Telephone: (214) 756-6900

This question and answer section is qualified in its entirety by the more detailed information contained in this proxy statement.

This proxy statement contains important information that should be read before you vote on the proposals herein. You are strongly urged to read this proxy statement in its entirety. You are also strongly urged to read our Annual Report on Form 10-K for the year ended December 31, 2017, filed with the Securities and Exchange Commission ("SEC") on February 22, 2018 (the "2017 Form 10-K"), which is being sent to you with this proxy statement.

PROPOSAL 1:

Election of Directors

Our bylaws provide that the Board of Directors of the Company (the "Board") will consist of between three and eleven directors, as determined from time to time by resolution of the Board. The Board has previously set the number of directors at eight. The terms of the eight incumbent directors expire at the 2018 Annual Meeting. Each director elected at the 2018 Annual Meeting will serve until the 2019 Annual Meeting and thereafter until his or her successor has been elected and qualified or until the director's earlier death, resignation or removal. The Board of Directors, upon the recommendation of the Governance/Nominating Committee, has nominated the nominees listed below. Each nominee has consented to being named in this proxy statement and to serve if elected.

We have no reason to believe that any of the nominees will not serve if elected but, if any of them should become unavailable to serve as a director, and if the Board of Directors designates a substitute nominee, the persons named in the accompanying proxy will vote for the substitute nominee designated by the Board of Directors, unless a contrary instruction is given in the proxy.

Each stockholder is entitled to cast one vote for each director nominee per share of common stock held by them at the close of business on March 5, 2018. A plurality of the shares represented in person or by proxy at the annual meeting and entitled to vote is required for the election of directors. This means that the eight director nominees who receive the most votes will be elected. Votes may be cast in favor of a director nominee or withheld. Stockholders may withhold authority to vote for any individual nominee by marking "FOR ALL EXCEPT" and then filling in the circle next to such director's name in the space provided for such purpose on the proxy card. Broker non-votes and votes that are withheld will be excluded entirely from the vote and will have no effect. Votes that are withheld for a particular nominee will be excluded from the vote for that nominee only.

Nominees

The persons nominated to be directors are listed below. The following information is submitted concerning the nominees for election as directors:

Board Committees

Audit Committee. The Audit Committee operates pursuant to a charter approved by our Board of Directors, which the Audit Committee reviews periodically to determine if revisions are necessary or appropriate. A copy of the charter is posted on our website at westwoodgroup.com. In addition, a copy of the charter is available upon written request to

our Corporate Secretary at our principal executive office (200 Crescent Court, Suite 1200, Dallas, Texas 75201). The Audit Committee monitors our independent auditors, as well as the preparation of our financial statements and our system of internal control over financial reporting. The Audit Committee selects an independent accounting firm to conduct the annual audit, monitors the independence of our independent accountants, monitors our accounting and financial reporting processes and audits of our financial statements. The Audit Committee is responsible for reviewing reports from management relating to our financial condition and other matters that may have a material impact on our financial statements and compliance policies. The Audit Committee is responsible for asking our management and independent auditors about the appropriateness of the accounting principles we follow, as well as reviewing changes in accounting principles and their impact on our financial statements in terms of the scope of audits conducted or scheduled to be conducted. The Audit Committee is further responsible for preparing a report stating, among other things, whether our audited financial statements should be included in our Annual Report on Form 10-K. Finally, the Audit Committee evaluates the adequacy and effectiveness of our risk assessment, risk management policies, and overall enterprise risk management. The Audit Committee met five times during 2017. All members of the Audit Committee attended all of the meetings held in 2017.

Compensation Committee. The Compensation Committee operates pursuant to a charter approved by our Board of Directors, which the Compensation Committee reviews periodically to determine if revisions are necessary or appropriate. A copy of the charter is posted on our website at westwoodgroup.com. In addition, a copy of the charter is available upon written request to our Corporate Secretary at our principal executive office (200 Crescent Court, Suite 1200, Dallas, Texas 75201). The Compensation Committee authorizes and determines all compensation for our executive officers, administers our incentive compensation plans in accordance with the powers granted in such plans, determines any incentive awards to be made to our officers, administers our stock incentive plans and other equity ownership, compensation, retirement and benefit plans, approves the performance-based compensation of individuals pursuant to Section 162(m) of the Internal Revenue Code of 1986, as amended, and administers other matters relating to compensation and benefits. The Compensation Committee met six times during 2017. All members of the Compensation Committee attended all of the meetings held in 2017.

Governance/Nominating Committee. The Governance/Nominating Committee operates pursuant to a charter approved by our Board of Directors, which the Governance/Nominating Committee reviews periodically to determine if revisions are necessary or appropriate. A copy of the charter is posted on our website at westwoodgroup.com. In addition, a copy of the charter is available upon written request to our Corporate Secretary at our principal executive office (200 Crescent Court, Suite 1200, Dallas, Texas 75201). The primary function of the Governance/Nominating Committee is to develop and oversee the application of corporate governance principles to Westwood, to identify and evaluate qualified candidates for Board membership, recommend director nominees to the Board to be voted on at the annual meeting of stockholders, and communicate with members of the Board regarding Board and committee meeting format and procedures. The Governance/Nominating Committee met four times during 2017. All members of the Governance/Nominating Committee attended all of the meetings held in 2017.

Director Independence

Our Board of Directors has adopted Corporate Governance Guidelines regarding director independence, among other matters. The full text of our Corporate Governance Guidelines is available on our website at westwoodgroup.com. In addition, a copy of our Corporate Governance Guidelines is available upon written request to our Corporate Secretary at our principal executive office (200 Crescent Court, Suite 1200, Dallas, Texas 75201).

Pursuant to our Corporate Governance Guidelines, a majority of the members of our Board of Directors, as well as all members of each committee of the Board, must be non-management directors who meet the "independence" requirements of the NYSE Corporate Governance Listing Standards and other governing laws and regulations. In addition, all members of the Audit Committee must meet additional "independence" standards required under the Exchange Act. Our Board of Directors annually reviews director independence. In the 2017 review, the Board of Directors reviewed directors' responses to a questionnaire asking about their relationships, and the relationships of their family members, with us, and other potential conflicts of interest. In addition, our Board of Directors was aware that some of our directors and individuals or entities affiliated with such directors have asset management accounts held by one of our subsidiaries and managed by us. After noting such items, and based upon its review, the Board of Directors unanimously determined that none of these relationships constituted a material relationship with us that would affect the "independence" of any such director under SEC and NYSE rules.

As a result, the Board affirmatively determined that Messrs. Frank, McTeer, Norman, Weiland and Wooldridge and Ms. Masterson are "independent" as defined under SEC and NYSE rules. Ms. Byrne, who currently serves as a consultant to the Company, and Mr. Casey, who served as an executive officer of the Company during 2017, are not independent directors.

Board Leadership Structure

Our Board of Directors currently separates the roles of Chief Executive Officer and Chairman of the Board; however, the Board does not have a policy in place that requires these two roles to remain separate. Brian O. Casey serves as our President, Chief Executive Officer and director, and Richard M. Frank serves as our Chairman of the Board. As President and Chief Executive Officer, Mr. Casey has primary responsibility for the day-to-day operations of the Company and provides leadership on the Company's key strategic objectives. As Chairman of the Board, Mr. Frank (i) provides leadership to the Board and chairs its meetings, (ii) chairs executive sessions of the non-management directors, and (iii) sets the agenda items for such meetings and sessions. In accordance with our Corporate Governance Guidelines, our non-management directors meet in executive session without the presence of management on a regular basis.

With a supermajority of independent directors, an Audit Committee, a Compensation Committee and a Governance/Nominating Committee each comprised entirely of independent directors, a Chairman of the Board who chairs all executive sessions of the non-management directors and who has extensive knowledge with regard to executive and board level oversight of a public company through his significant experience as chief executive officer, chairman and a director of CEC, and who also has a deep understanding of business, governance, compensation and financial matters through his service with CEC, the Board of Directors believes that its current leadership structure provides an appropriate balance that best serves the Company and its stockholders.

Board's Role in Risk Oversight

The Board's role in the Company's risk oversight process includes receiving regular reports from members of senior management on the Company's enterprise risk management committee regarding areas of material risk to the Company, including operational, financial, legal and regulatory and strategic risks. The Audit Committee is responsible for oversight of risks relating to the Company's accounting matters, financial reporting and legal and regulatory compliance. To satisfy these oversight responsibilities, the Audit Committee meets regularly with management, the Company's internal auditor and Deloitte & Touche LLP, the Company's independent auditor. The Compensation Committee is responsible for overseeing risks relating to employment policies and the Company's compensation and benefits programs. To satisfy these oversight responsibilities, the Compensation Committee meets regularly with management to understand the implications of compensation decisions, particularly the risks the Company's compensation policies may pose to the Company's financial condition, human resources and stockholders. The Governance/Nominating Committee is responsible for overseeing risks relating to overall corporate governance and succession planning. To satisfy these oversight responsibilities, the Governance/Nominating Committee annually reviews Board composition, as well as Board and committee performance, and periodically reports to the Board on corporate governance and succession planning matters.

Additionally, the Board's risk oversight function is supported by the directorships of Mr. Casey and Ms. Byrne, whose industry knowledge and experience provide the Board with a deep understanding of the risks facing the Company. Accordingly, the Board of Directors believes that having Mr. Casey and Ms. Byrne serve on the Board, together with a supermajority of independent directors and three independent Board committees, provides the appropriate leadership structure to assist in effective risk oversight by the Board.

Risks Related to Compensation Policies and Practices

As part of its oversight of the Company's executive and non-executive compensation programs, the Compensation Committee considers the impact on our risk profile of our compensation programs, and the incentives created by the compensation awards that it administers. In addition, the Company reviews all of its compensation policies and procedures, including the incentives that they create and factors that may affect the likelihood of excessive risk-taking, to determine whether they present a material risk to the Company. The Compensation Committee also considers the following risk mitigating factors:

- Overall compensation levels that are competitive with the market;
- Limits on annual cash incentive awards;
- The Compensation Committee's discretionary authority to reduce annual cash incentive awards;
- Use of long-term equity incentive awards to reward executives and other key employees for driving sustainable, profitable growth for stockholders and clients;
-

Vesting periods for long-term equity incentive awards that encourage executives and other key employees to focus on sustained stock price appreciation; and

• The Company's internal control over financial reporting and other financial, operational and compliance policies and practices currently in place that are intended to prevent manipulation of performance.

Based on this review, the Company has concluded that its compensation policies and practices do not create risks that are reasonably likely to have a material adverse effect on the Company.

Director Nominees

The Board of Directors has delegated to the Governance/Nominating Committee specific responsibilities relating to selection of directors to serve on the Board. The Governance/Nominating Committee is responsible for identifying potential candidates for Board membership and for recommending to the Board a slate of director candidates to stand for election at the annual meeting of our stockholders. The Governance/Nominating Committee seeks to identify, and the Board then selects, director candidates who (i) have significant business experience that is relevant and beneficial to the Board and Westwood, (ii) are willing and able to make a sufficient time commitment to the affairs of Westwood to effectively perform the duties of a director, including regular attendance at Board and committee meetings, (iii) are committed to the long-term growth and profitability of Westwood, (iv) are individuals of character and integrity, (v) are individuals with inquiring minds willing to challenge and stimulate management and (vi) represent the interests of Westwood as a whole and not just the interests of a particular stockholder or group. The Governance/Nominating Committee does not have a specific policy considering diversity in identifying director candidates, but uses the criteria listed above. The Governance/Nominating Committee believes these criteria are the key factors in identifying qualified director candidates.

The Governance/Nominating Committee has a policy for considering new director candidates recommended by our stockholders if such recommendations are made in compliance with the following procedures. A stockholder wishing to recommend a candidate for inclusion as a director nominee in the proxy statement for our annual meeting must submit a written notice of the recommendation to our Corporate Secretary at our principal executive office. The submission must be received at our principal executive office not fewer than 120 calendar days before the one-year anniversary of the date that the proxy statement for the previous year's annual meeting was released to stockholders. However, if we did not hold an annual meeting during the previous year, or if the date of the current year's annual meeting has been changed by more than 30 days from the date of the previous year's meeting, then the deadline will be a reasonable time before we begin to print and mail our proxy materials. For the 2019 annual meeting, the deadline is November 19, 2018. Director candidates recommended by stockholders are evaluated by the Governance/Nominating Committee using the same criteria applied by the Governance/Nominating Committee to director candidates identified by that committee, as described in the previous paragraph.

To be valid, a stockholder's notice to the Corporate Secretary must set forth (i) the name and address of the stockholder recommending such candidate, as such information appears on our books (if the stockholder is a record holder), (ii) the class and number of shares of Westwood stock beneficially owned by the stockholder, if any, (iii) the name, age, business address and residence address of each candidate proposed in the notice, (iv) each candidate's biographical data and qualifications, (v) the class and number of shares of Westwood stock beneficially owned by the candidate, if any, (vi) a description of all arrangements or understandings between the stockholder (or between any person(s) at whose request the stockholder is making the recommendation) and each candidate, and (vii) any other information required to be disclosed in solicitations of proxies for election of directors or otherwise required pursuant to Regulation 14A under the Exchange Act. The foregoing information must be provided with respect to any person that the stockholder proposes to recommend for election or re-election as a director. The prospective candidate's signed written consent to being named in the proxy statement as a nominee and to serving as a director if elected must also be provided.

For the 2018 Annual Meeting, our Governance/Nominating Committee has not received a candidate recommendation from any stockholder (or group of stockholders), including any stockholder (or group of stockholders) that beneficially owns more than five percent of our common stock.

Communications with the Board

Stockholders or other interested parties may communicate with the Board of Directors or particular Board members (including our Chairman or non-management directors as a group) by mailing a written communication to our Corporate Compliance Officer at 200 Crescent Court, Suite 1200, Dallas, Texas 75201, by email to compliance@westwoodgroup.com or by telephone to 214-756-6900. All communications are received and processed by the Corporate Compliance Officer before being referred to the appropriate Board member(s). Complaints relating to our accounting, internal controls or auditing matters, and concerns regarding questionable accounting or auditing matters, are referred to the Chairman of the Audit Committee. Other communications intended for the Board of

Directors at large are referred to our Chairman, while communications intended for specific Board members are referred to those Board members. Advertisements, solicitations for periodicals or other subscriptions, and similar communications are not forwarded to Board members. In the event that a complaint or concern appears to involve the Corporate Compliance Officer, then the stockholder or other interested party is encouraged to contact directly the Chairman of the Audit Committee, Ellen H. Masterson at emasterson@westwoodgroup.com.

Stockholders may also communicate directly with Board members at the annual meetings of stockholders, as it is our policy that Board members should attend such meetings and make themselves available to address any matters properly brought before the meetings. All of our Board members attended the 2017 annual meeting of stockholders.

Code of Business Conduct

All of our employees, including our principal executive officer, principal financial officer and principal accounting officer, and all of our directors, are required by our Code of Business Conduct to conduct business in the highest legal and ethical manner. The full text of the Code of Business Conduct is available on our website at westwoodgroup.com. In addition, a copy of the Code of Business Conduct is available upon written request to our Corporate Secretary at our principal executive office address. We intend to post amendments to or waivers from the Code of Business Conduct as required by applicable rules on our website.

Our employees are required to report any conduct that they believe could in any way be construed as a fraudulent or illegal act or otherwise in violation of the Code of Business Conduct. The Audit Committee has established procedures to receive, retain and address complaints regarding accounting, internal accounting controls or auditing matters and to allow for the confidential and anonymous submission by employees of related concerns.

Director Compensation

For 2017, we paid each non-employee member of our Board of Directors a \$60,000 annual retainer. The Chairman of the Board received an additional \$20,000 annual retainer, the committee chairs for the Audit and Compensation Committees each received an additional \$10,000 annual retainer and the committee chair for the Governance/Nominating Committee received an additional \$5,000 annual retainer. There are no specific fees for attendance at Board or committee meetings. Additionally, upon election or re-election as a member of our Board of Directors, each non-employee director is awarded restricted shares of our common stock, which generally vest 12 months from the date of grant. Each restricted share award is made in a number of shares equal in value to \$90,000 on the date of the award.

The Board has established a policy that non-employee directors should own a minimum number of shares of our common stock equal to five times the dollar amount of their annual retainer within five years of their initial election or the establishment of this policy, whichever is later. In the event a significant decline in the price of the Company's common stock causes a non-employee director's holdings to fall below the applicable threshold, that non-employee director will not be required to purchase additional shares to meet the threshold, but such non-employee director may not sell or transfer any shares until holdings above the threshold has again been achieved. Compliance with these stock ownership guidelines is evaluated periodically as determined by our Board of Directors. As of December 31, 2017, all of our non-employee directors were in compliance with, or on target to meet, the requirements of this stock ownership policy within the established compliance time-frame.

The Compensation Committee reviews our compensation arrangements for directors from time to time. Brian O. Casey, our President and Chief Executive Officer, is not included in this table as he is a Company employee and receives no compensation for his service as director. See "Executive Compensation" for information concerning Mr. Casey's compensation. The Company's executive officers do not make recommendations regarding the non-employee directors' compensation.

Overview of our Executive Compensation Program

The intellectual capital of our employees is one of the most important assets of our firm. As an asset manager, our financial results are primarily based upon the amount of assets we manage, which is dependent on our ability to generate competitive long-term investment performance, build strong relationships with clients, investment consulting firms and other financial intermediaries, provide attentive client service and develop new client relationships, all of which depend, in part, on the intellectual capital of our employees, including the named executive officers.

Highlights of our 2017 performance include the following:

Assets under management as of December 31, 2017 were \$24.2 billion, a 14% increase compared to December 31, 2016. Quarterly average assets under management increased 9% to \$23.1 billion for 2017 compared to 2016, which contributed to the 9% increase in total revenue in 2017.

Strong performance of our SmallCap Value, Income Opportunity and LargeCap Value strategies.

Resolution of the AGF litigation.

Recorded \$3.4 million incremental income tax expense related to tax reform.

In October 2017, the Board approved a 10% increase in our quarterly dividend to \$0.68 per share, or an annual rate of \$2.72 per share, resulting in a dividend yield of 4.1% using the year-end stock price of \$66.21 per share.

Our financial position remains strong with liquid cash and investments of \$105.6 million and no debt as of December 31, 2017.

We believe that the quality, expertise and commitment of our named executive officers are critical to achieving our business objectives and strategies. Accordingly, a principal objective of our executive compensation program is to deliver competitive total direct compensation (i.e., base salary, annual cash incentive awards, long-term equity awards, and mutual fund awards) that attract, motivate and retain talented executives who can contribute to the success of our business.

We also believe it is important that our executive compensation program reflect strong corporate governance.

Significant Aspects of our Executive Compensation Program

What We Do

- ü Variable "at risk" compensation accounts for a significantly larger portion of pay than fixed base salary
- ü Compensation outcomes are aligned with performance achievement
- ü Incentive plan payouts for executives have caps on the amount that can be earned
- ü Change-in-control severance is "double trigger"
- ü Officers and directors are required to own significant amounts of Company stock
- ü Clawback policy allowing recoupment of incentives for financial restatements due to misconduct or fraud
- ü Provide reasonable post-employment and change-in-control arrangements
- ü The Committee reviews competitive compensation market data relative to our peer group and our industry

What We Do Not Do

- û We do not provide significant perquisites to executives
- û We prohibit hedging and short-sales of Company stock by executives and directors
- û We discourage executives and directors from pledging Company stock or holding shares in a margin account
- û We do not pay dividends on unvested equity-based compensation awards
- û We prohibit repricing of stock options without shareholder approval
- û We do not gross-up change-in-control related benefits for excise tax

Stockholders Advisory Vote on Executive Compensation

At our 2017 Annual Meeting of Stockholders held in April 2017, over 75% of the votes cast (excluding abstentions and broker non-votes) on the say-on-pay proposal at the meeting were voted in favor of the proposal. The Compensation Committee noted the slight decline from the over 76% support received in 2014 and sought to understand shareholder perspectives on our executive compensation program. During 2017, we discussed our executive compensation program with nine stockholders and all employee stockholders, representing approximately 53% of our outstanding shares. During these discussions, stockholders and employees generally conveyed support for the design of our executive compensation program. The Compensation Committee remains open to stockholder perspectives on our executive compensation program and will continue to consider the outcome of the Company's say-on-pay votes when making future compensation decisions for our executive officers.

We also continuously evaluate our pay practices and review performance metrics annually for rigor and relevance, reflecting meaningful drivers to create value for our stockholders. As further discussed in Proposal 4 of this proxy statement, we are conducting an advisory vote on our executive compensation at this year's Annual Meeting of Stockholders.

Our last advisory vote on the frequency of executive compensation was held at our 2017 Annual Meeting of Stockholders, and a majority of the votes cast favored conducting an annual advisory vote on executive compensation. Therefore, the Board changed the vote frequency from once every three years to an annual vote frequency in order to give our shareholders the opportunity to provide feedback on our executive compensation program on a more frequent basis.

During 2016 and 2017, the Compensation Committee adopted significant changes to our executive compensation program.

Compensation Component	Actions Taken
Short-Term Incentive Plan	Modified the annual incentive plan for the CEO and CIO from a fixed percentage of annual adjusted pretax income to a more structured scorecard with multiple pre-established performance goals to improve the alignment of executive pay with Company performance and to diversify performance metrics so that our short- and long-term incentive plans no longer have significantly overlapping performance criteria.
Long-Term Incentive Plan	Modified the long-term incentive program for the CEO and CIO from a front-loaded five-year equity award to an annual performance-based award structure equally weighted between two performance-based restricted stock awards, each tied to its own annual performance goal with additional time-based vesting.
Employment Agreements	Entered into new employment agreements with our CEO and CIO, which provide for the following features: Three-year term (shortened from a five-year term under the previous agreements); Double-trigger change-in-control related cash severance, requiring a qualifying termination of employment within 24 months following a qualifying change-in-control event; and "Net best" treatment for potential excise taxes (no gross-up provided).
Peer Group	Modified the peer group of companies used to benchmark compensation in 2015 (for informing 2016 compensation decisions) to a set of companies more reflective of Westwood's size, complexity and business.
Other Policies	Implemented stock ownership guidelines for the CEO, certain other executives and members of our Board of Directors, requiring the following minimum holdings: CEO holdings equal 6x base salary; Officers reporting directly to the CEO holdings equal 3x base salary; Non-employee members of our Board of Directors holdings equal 5x cash retainer; and For each of the above, those subject to these stock ownership guidelines have up to five years to meet the minimum ownership level and are required to hold 100% of net shares acquired through vesting of equity-based compensation programs until the minimum guideline level is met. Adopted a "clawback" policy allowing our Board of Directors the discretion to recoup incentive compensation earned for performance that was subject to materially misstated financial reporting due to misconduct or fraud.

CEO and CIO Realized Pay

The pay of our Chief Executive Officer, Mr. Casey, and Chief Investment Officer, Mr. Freeman, as reported in the 2017 Summary Compensation Table, reflects the accounting value of long-term equity awards at grant and not the value actually realized by Messrs. Casey and Freeman from these awards. Since a significant portion of the reported compensation of Messrs. Casey and Freeman represents potential pay, we believe it is useful to supplement the information provided in the 2017 Summary Compensation Table by also looking at the pay that Messrs. Casey and Freeman actually realized during the year. The table below compares our Income before income taxes to "realized pay" of Messrs. Casey and Freeman for each of the last five years, illustrating the strong correlation between our financial performance and the pay actually received by these individuals.

* At the Compensation Committee's discretion, 2017 Income before income taxes excludes a \$4.0 million legal settlement charge.

* At the Compensation Committee's discretion, 2017 Income before income taxes excludes a \$4.0 million legal settlement charge.

Compensation Philosophy and Objectives

In designing and implementing our executive compensation program, the Compensation Committee is guided by the following philosophy and objectives:

- Deliver competitive total direct compensation at levels to attract, motivate and retain talented executives who can contribute to the success of our business;
- Award compensation that motivates and rewards short- and long-term individual and company performance but discourages excessive risk-taking; and
- Align named executive officers' interests with those of our stockholders.

As further discussed below, during 2015 and 2016 the Compensation Committee reviewed and considered market compensation data derived from the McLagan Survey and the Custom Peer Group (as defined below) to ensure, in its subjective judgment, that the named executive officers' total direct compensation (i.e., base salary, annual cash incentive awards, long-term equity awards, and mutual fund awards in the case of Mr. Freeman) remained competitive in our marketplace for executive talent.

Role of Executive Officers in Compensation Decisions

In 2017, the Compensation Committee, in collaboration with Mr. Casey, formulated specific plans and awards designed to align our executive compensation program with our business objectives and strategies.

The Compensation Committee has full discretion regarding the compensation of our executive officers. Mr. Casey provided the Compensation Committee with his recommendations on the level and form of compensation for Messrs. Freeman and Root and Mses. Gerron and Kice based upon his annual review of these executive officers' individual performance and, where applicable, their contractual employment arrangements. In 2017, the Compensation Committee reviewed and approved Mr. Casey's recommendations regarding the base salaries, annual cash incentive awards and long-term equity awards for Messrs. Freeman and Root and Mses. Gerron and Kice.

Mr. Casey did not make recommendations to the Compensation Committee with respect to his own compensation.

Setting Executive Compensation

Based on the foregoing philosophy and objectives, the Compensation Committee aims to structure the executive compensation program to motivate our named executive officers to achieve the Company's business objectives and strategies and to reward them for achieving such objectives and strategies.

Market Compensation Data.

The Compensation Committee reviewed market compensation data from the McLagan 2015 Investment Management Survey—U.S., a widely-used source for compensation information within public and private investment firms (the "McLagan Survey") and a custom peer group of publicly-traded asset management companies (collectively, the "Custom Peer Group").

The McLagan Survey provides detailed analyses of compensation in greater depth for investment management employees than those available from our public peers and specifically focuses on the asset management industry. The McLagan Survey provides market compensation data for approximately 219 public and private investment management firms. Compensation analysis for specific officer positions in the McLagan Survey does not identify individual investment management and advisory firms. Instead, market compensation data is presented in different groupings by headquarter location, range of assets under management and job function. Confidentiality obligations to McLagan Partners and its survey participants prevent the disclosure of the firms included in the survey.

For 2017, the companies comprising our Custom Peer Group were:

- Artisan Partners Asset Management
- Cohen & Steers, Inc.
- Diamond Hill Investment Group, Inc.
- Federated Investors, Inc.
- GAMCO Investors, Inc.
- Manning & Napier
- OM Asset Management Plc
- Pzena Investment Management, Inc.
- Silvercrest Asset Management Group, Inc.
- Virtus Investment Partners, Inc.
- WisdomTree Investments Inc.

The peer companies were selected primarily based upon their (i) industry (asset management or financial advisory services), (ii) equity market capitalization and (iii) assets under management, all based on publicly available information during 2016 and 2017. In 2017 we removed Calamos Asset Management Inc. and Janus Capital Group Inc. from our Custom Peer Group. During 2017, Calamos Asset Management Inc. was acquired in a private transaction, and Janus Capital Group Inc. merged with United Kingdom-based Henderson Group to form a significantly larger asset management company as compared to Westwood.

In 2018, we have updated our Custom Peer Group to include Hennessy Advisors, Inc. and Victory Capital Holdings and exclude Federated Investors, Inc. Hennessy Advisors, Inc. is a smaller U.S.-based publicly-traded asset management company primarily managing, servicing and marketing open-end mutual funds. Victory Capital Holdings is a multi-boutique asset manager that began publicly trading in February 2018. The Compensation Committee believes the relative size, nature and operations and assets under management provide meaningful compensation and performance information. Federated Investors, Inc. was removed from the Custom Peer Group due to the significantly larger assets under management, annual revenues and market capitalization as compared to Westwood.

We have few direct peers that are public and are similar in size and complexity to us. As a result, most companies that comprise the Custom Peer Group are somewhat larger than us in terms of revenues and assets under management. The Compensation Committee considers this size disparity when looking at market compensation data derived from the Custom Peer Group in the context of evaluating and approving compensation for the named executive officers. The Compensation Committee considers the market compensation data derived from the McLagan Survey and the Custom Peer Group similarly relevant, with neither source of information being the determinative factor in setting executive compensation levels. The Compensation Committee uses both sources of information as a reference to ensure, in its subjective judgment, that individual pay components remain competitive. The Compensation Committee does not target any individual pay component of the named executive officers to fall within a specific range or percentile of the market compensation data derived from the McLagan Survey or the Custom Peer Group.

2017 Executive Compensation Components

For 2017, the principal components of compensation for the named executive officers were:

Component of Pay	Purpose and Rationale
Base salary	Fixed portion of compensation intended to reward for execution of the primary day-to-day duties and responsibilities
Annual cash incentive awards	Variable at-risk element of pay designed to reward for achieving specific pre-established performance goals for a given fiscal year
Mutual fund award	Variable at-risk element of pay for the CIO designed to motivate the CIO to maximize performance of a key investment strategy and to reward achieving a specific pre-established performance goal for a given fiscal year
Long-term equity awards	Variable at-risk element of pay designed to drive performance that delivers long-term value to shareholders and ties the interests of our executives to those of our shareholders, as well as retain critical talent
Employee and post-retirement benefits	Market-competitive form of compensation intended to assist with the financial security and the health and welfare of our executives during and after employment with Westwood

There is no pre-established target for the allocation between (i) cash and equity-based compensation and (ii) short-term and long-term incentive compensation. Rather, the Compensation Committee considers, among other things, Company performance, individual performance, and market compensation data derived from the McLagan Survey and Custom Peer Group, as well as its own subjective judgment to determine the appropriate level and mix of each component of the executive compensation program.

As shown in the graph below, a significant portion of the named executive officers' 2017 total direct compensation - ranging from approximately 31% to 88% - represented "at risk" compensation, delivered in the form of annual cash incentive awards and long-term equity awards. This range excludes Ms. Kice, who was entitled to a minimum Annual Cash Incentive Award pursuant to the terms of her offer letter.

Base Salary

Base salary is the fixed component of the named executive officers' annual cash compensation. The Company provides the named executive officers with a base salary to compensate them for services rendered during the fiscal year and in recognition of their expertise, skills, knowledge and experience.

Salary levels are typically considered annually as part of our performance review process, as well as upon promotions, changes in job responsibilities, or in connection with the negotiation of terms of initial employment.

The base salaries of the named executive officers as of the beginning and end of 2017, including any adjustments made during the year, were as follows:

Named Executive Officers	Base Salary as of 1/1/17	Base Salary as of 12/31/17	Percentage Change	
Brian O. Casey, President and Chief Executive Officer	\$ 650,000	\$ 650,000	0	%
Tiffany B. Kice, Senior Vice President, Chief Financial Officer & Treasurer	\$ 250,000	\$ 250,000	0	%
Mark R. Freeman, Executive Vice President and Chief Investment Officer	\$ 500,000	\$ 500,000	0	%
Julie K. Gerron, Senior Vice President, General Counsel, Chief Compliance Officer and Corporate Secretary	\$ 225,000	\$ 225,000	0	%
Randall L. Root, ⁽¹⁾ Chairman, Westwood Trust Dallas	\$ 250,000	\$ 200,000	(20)	%

⁽¹⁾ In February 2017, we entered into a Letter of Understanding with Mr. Root in connection with his retirement on March 1, 2018, whereby he transitioned to Chairman, Westwood Trust Dallas.

Annual Cash Incentive Awards

In general, the Compensation Committee approves annual cash incentive awards to each of the named executive officers. These awards are intended to focus named executive officers on achieving short-term business objectives and strategies and to enable them to participate in our growth and profitability.

Annual Cash Incentive Award of Mr. Casey

For 2017, Mr. Casey had an annual incentive target of \$1,350,000. Mr. Casey had the opportunity to earn 50% of target for achieving threshold performance and up to 185% of target for achieving maximum performance (with no payouts for performance below threshold levels). The annual incentive performance criteria were based on a scorecard with the following performance categories:

Several specific performance goals were established within each category. Based on the results for 2017 and the Compensation Committee's evaluation of Mr. Casey's performance against the scorecard performance goals, Mr. Casey earned a \$1,539,000 annual cash incentive award in 2017, 114% of his 2017 incentive target of \$1,350,000, which was paid in March 2018 (listed in column (f) in the "2017 Summary Compensation Table" below).

Annual Cash Incentive Awards of Mr. Freeman

To align the Chief Investment Officer's annual cash incentive compensation structure with that of the Chief Executive Officer, Mr. Freeman's annual incentives have been significantly changed to provide for more detailed goal-setting and improved pay and performance alignment. Specifically, for 2017, Mr. Freeman's annual incentive opportunity has been changed from 1.5% of adjusted pre-tax income to an annual incentive target of \$750,000. Furthermore, for 2017, Mr. Freeman had the opportunity to earn 50% of target for achieving threshold performance and up to 185% of target for achieving maximum performance (with no payouts for performance below threshold levels). The annual incentive performance criteria were based on a scorecard with the following performance categories:

Several specific performance goals were established within each category. Based on the results for 2017 and the Compensation Committee's evaluation of Mr. Freeman's performance against the scorecard performance goals, Mr. Freeman earned a \$772,000 annual cash incentive award in 2017, 103% of his 2017 incentive target of \$750,000, which was paid in March 2018 (listed in column (f) in the "2017 Summary Compensation Table" below).

Mutual Fund Award for Mr. Freeman

Mr. Freeman is eligible throughout the term of his employment agreement to receive "mutual fund share bonus awards" that may be granted from time to time by our Board or the Compensation Committee. These mutual fund share bonus awards are annual performance bonus awards, the amounts and payment of which are conditioned on one or more of our mutual funds achieving one or more performance goals established by the Compensation Committee. The Compensation Committee created these mutual fund bonus awards to provide significant motivation for Mr. Freeman to maximize the performance of one or more of our mutual funds, which the Compensation Committee believes will benefit the Company and its stockholders by attracting investments into such fund(s). Mr. Freeman's employment agreement provides that any mutual fund bonus award granted to him must be pursuant to an agreement similar to the 2017 Mutual Fund Share Incentive Agreement (as defined below) and (i) provide a target bonus amount no less than the amount of his then-current base salary and (ii) be subject to performance criteria tied to bonus award amounts that provide Mr. Freeman an equal or better opportunity for success than he had under the terms of the Mutual Fund Share Incentive Award dated February 7, 2012.

For 2017, Mr. Freeman and the Company entered into a Mutual Fund Share Incentive Agreement, dated March 23, 2017 (the "2017 MFSI Agreement"). The 2017 MFSI Agreement provided that Mr. Freeman was eligible to earn (i) \$500,000 (the target bonus amount) if the Westwood Income Opportunity Fund (the "Fund") received a 4-star overall rating from Morningstar for the Fund performance period that commenced on January 1, 2017 and ended on December 31, 2017 (the "performance period") and (ii) \$1 million (the maximum bonus amount) if the Fund received a 5-star overall rating from Morningstar for the performance period, either of which is subject to vesting as further described below. The 2017 MFSI Agreement alternatively provided that Mr. Freeman was eligible to earn (i) \$500,000 (the target bonus amount) if the Fund received a 3-star overall rating, and (ii) \$1 million if the Fund received a 4-star or 5-star overall rating in the event the Fund was classified in the Allocation-50-70% Equity Category reported by Morningstar at the end of the performance period, and the Fund's Morningstar Risk Rating for the performance period was "Below Average" or "Low". If the Compensation Committee determined that the fund had received a 3-, 4- or 5-star overall rating from Morningstar, then the amounts of \$500,000 or \$1 million, as applicable, would be notionally credited to a bookkeeping account (the "account") maintained by the Company and converted, on a notional basis, to a number of fund shares equal to the bonus amount divided by the net closing value of a Fund share on the date the bonus amount is credited to the account. The value of Mr. Freeman's account adjusts (up or down) to reflect changes in the net value of the Fund shares credited to the account. If and when distributions are paid by the Fund with respect to its shares, the Company would credit Mr. Freeman's account with additional Fund shares having a value equal to the amount of the distributions that would have been payable if the Fund shares credited to the account were issued and outstanding. Mr. Freeman's right to receive payment of the amount credited to his account vests on the earliest of (i) 50% on December 31, 2018 and 50% on December 31, 2019, provided that he remains continuously employed by the Company through such dates, (ii) the date of his death, (iii) the date of his disability (assuming the Compensation Committee exercises its discretion to accelerate such vesting), (iv) upon a change in control of the Company where the successor does not honor the terms of the 2017 MFSI Agreement, or (v) upon Mr. Freeman's involuntary termination without cause or voluntary termination for good reason following a change in control. Payment of the amount credited to Mr. Freeman's account may, in the Compensation Committee's discretion, be in Fund shares, cash or other property, and subject to any applicable tax withholding. Payment is due within 30 days of the applicable date of vesting.

For 2017, Mr. Freeman received a mutual fund bonus award of \$1 million under the 2017 MFSI Agreement because the Fund received a 4-star rating for the performance period and was classified by Morningstar in the Allocation-50-70% Equity Category with a Low Risk Rating. This amount is listed in column (f) in the "2017 Summary Compensation Table".

Annual Cash Incentive Award for Ms. Kice and Geron and Mr. Root

We maintain a Company bonus pool in which nearly every employee of the Company is eligible to participate. In 2017 the Company bonus pool totaled \$13.2 million, representing approximately 39% of the Company's 2017 Income before income taxes. The Compensation Committee reviews the level of the bonus pool annually to ensure that, in its subjective judgment, the levels reflect industry practices, will adequately fund potential bonuses and will provide sufficient capacity to reward extraordinary performance, if and when earned. The amount and calculation of the bonus

pool are subject to change at the discretion of the Compensation Committee.

25

On March 10, 2016, the Compensation Committee approved the adoption of an annual bonus pool under the terms of the Plan (the "Umbrella Bonus Pool"), which is included within the overall Company bonus pool. The purpose of the Umbrella Bonus Pool is to enable the Company to grant performance-based incentive awards to executive officers that qualify as "performance-based compensation" under Section 162(m). A participant in the Umbrella Bonus Pool is eligible to earn an annual bonus for a specified calendar year performance period (each such one-year period, an "Umbrella Performance Cycle") up to the amount of his or her awarded share of the Umbrella Bonus Pool. The Compensation Committee, however, retains complete discretion to reduce, but not increase, the amount of the bonus, if any, payable to a participant under the Umbrella Bonus Pool. The amount credited to the Umbrella Bonus Pool for the 2017 Umbrella Performance Cycle was equal to twenty-five percent (25%) of the Company's Income before income taxes, as certified by the Compensation Committee in accordance with Section 162(m). Pursuant to the terms of the Plan, the maximum amount that can be paid to a participant under the Umbrella Bonus Pool for any Umbrella Performance Cycle is \$5,000,000 (or such lesser amount as may be prescribed under the Plan). Participants must remain continuously employed by the Company through the payment date to receive payment of a bonus under the Umbrella Bonus Pool. The Compensation Committee will approve the list of participants in the Umbrella Bonus Pool and each participant's share of the pool on or before March 30 of each Umbrella Performance Cycle. The Compensation Committee approved all named executive officers as set forth in our 2017 Proxy Statement and certain other senior employees as participants for the 2017 Umbrella Performance Cycle.

The following 2018 annual incentive payouts were all part of the 2017 Umbrella Bonus Pool:

Name	2017 Annual Incentive Payout	Determining Factors
Tiffany B. Kice ⁽¹⁾	\$260,000	Contributions to the Company's strategic initiatives, including corporate development, financial and tax planning; Membership on the Company's Information Technology Steering Committee, Enterprise Risk Management Committee and Disclosure Committee; and Firm-wide oversight and enhancements of our financial reporting process and internal control over financial reporting.
Julie K. Gerron	\$200,000	Management and oversight of our compliance with legal and regulatory requirements; Management and oversight of risk management issues, including review and negotiation of legal agreements and participation in internal risk management committees; Oversight of external counsel with a goal toward timely resolution of legal issues (e.g. litigation, trademark issues, corporate governance, etc.); and Effective representation of our legal and compliance program and processes to clients, investment consulting firms and other financial intermediaries.
Randall L. Root	\$100,000	Oversight of responsibilities for the Westwood Trust Dallas office.

⁽¹⁾ Pursuant to the terms of Ms. Kice's Offer Letter, she was entitled to a minimum cash bonus target of \$225,000 for 2017 (payable in February 2018), subject to Compensation Committee approval.

Cash incentive awards earned in 2017 and paid in 2018 to Mses. Kice and Gerron and Mr. Root are listed in column (d) in the "2017 Summary Compensation Table" below.

Long-Term Equity Awards

Each year, the Compensation Committee grants long-term equity awards to our named executive officers under the Fourth Amended and Restated Westwood Holdings Group, Inc. Stock Incentive Plan (the "Stock Incentive Plan"). These equity awards are intended to attract, retain and motivate our named executive officers as well as focus them on our long-term performance. The Compensation Committee determines long-term equity awards such that at-risk long-term equity compensation represents a significant portion of overall compensation and provides significant motivation for short- and long-term performance and financial results. The Compensation Committee also performs periodic benchmarking against our peers.

While the Stock Incentive Plan authorizes the grant of several types of equity awards, the Compensation Committee currently expects that the named executive officers' long-term equity awards will be limited to time-based restricted stock awards and performance-based restricted stock awards.

Unless the Compensation Committee determines otherwise, recipients of restricted stock awards will generally have the right to vote the underlying restricted shares. Dividends on restricted stock awards are accrued and payable to the recipient only when the underlying restricted shares vest. Any accrued dividends on forfeited shares are forfeited. No restricted shares may be sold, transferred, or pledged during the restricted period.

The Company does not have a formal policy on timing equity compensation grants in connection with the release of material non-public information that may affect the value of compensation. In the event that material non-public information becomes known to the Compensation Committee prior to granting equity awards, the Committee will take the existence of such information under advisement and make an assessment on whether or not to delay the grant of the equity award in order to avoid any impropriety or appearance of impropriety.

Time-Based Restricted Stock Awards

The Compensation Committee believes that restricted stock awards align the interests of our named executive officers with those of our stockholders because the value of the awards is tied to the market value of our common stock.

Time-based awards are generally subject to ratable vesting over four years based on the following vesting schedule:

- 50% of awards vest upon the second anniversary of the grant date;
- 25% of awards vest upon the third anniversary of the grant date; and
- 25% of awards vest upon the fourth anniversary of the grant date.

In February 2017, the Compensation Committee awarded the following time-based restricted stock grants to our named executive officers:

Name (1)	Grant	
	Number of Restricted Shares Granted (#)	Date Fair Value of Shares (\$) ⁽²⁾
Tiffany B. Kice	3,854	237,252
Julie K. Gerron	3,246	199,824

(1) Mr. Root did not receive a time-based restricted stock grant in 2017.

Amounts reflect the grant date fair value of time-vested restricted stock award granted to Mses. Kice and Gerron in 2017, computed in accordance with ASC 718 (except that no assumptions for forfeitures were included). The assumptions used in the valuation of the restricted stock awards are discussed in Note 9 "Employee Benefits" of our audited financial statements, included in our 2017 Form 10-K. The grant date fair value for time-vested awards for Mses. Kice and Gerron was based on \$61.56 per share, which was the closing price of our common stock on the grant date of February 23, 2017, adjusted for the accrual of dividends on unvested shares.

Performance-Based Restricted Stock Awards

The Compensation Committee believes that granting performance-based restricted stock awards to Messrs. Casey and Freeman strengthens the alignment of their interests with our stockholders and clients.

The Compensation Committee selected Income before income taxes as the basis for our 2017 performance target because it believes that this measure is a meaningful indicator of our performance and profitability and aligns with the interests of our shareholders. Income before income taxes is determined based on the Company's audited financial statements for the applicable Performance Cycle and equals the Company's revenues minus expenses, excluding tax. In the sole discretion of the Committee, earnings before taxes may exclude start up, non-recurring, mergers and acquisitions, litigation or claim adjustments or settlements, lift outs and other similar expense items. At the Committee's discretion, we excluded a \$4.0 million legal settlement expense recorded during the third quarter of 2017 to arrive at our actual 2017 Income before income taxes of \$37.9 million.

Chief Executive Officer

Long-term incentive awards for Mr. Casey are determined by the Compensation Committee on an annual basis. Mr. Casey's long-term incentive awards for 2017 included:

▲ a performance-based restricted stock award for 36,490 performance shares, which is earned as follows:

50% in performance shares earned based upon an Income before income taxes goal of \$24.0 million for 2017, which vest ratably over a three-year period, and

50% in performance shares earned based upon an Income before income taxes target of \$34.0 million for 2017, but ranges from 25% of target for threshold performance of \$30.3 million to 185% of target for maximum performance of \$42.5 million ("Target Performance shares"), which vest ratably over a three-year period.

Based on actual 2017 Income before income taxes, as adjusted for legal settlement expense, of \$37.9 million, the following table illustrates the performance shares Mr. Casey earned:

	Shares	%
Non-variable shares earned ⁽¹⁾	18,245	
Target Performance shares		
Threshold	4,562	25 %
Target	18,245	100 %
Maximum	33,753	185 %
Target Performance shares earned based on Income before income taxes ⁽¹⁾	25,361	139 %
Total performance-based shares earned	43,606	

One third of these shares vested on March 10, 2018. The remainder will vest 50% on March 10, 2019 and 2020, subject to Mr. Casey's continued employment with the Company through each vesting date. Any unvested shares ⁽¹⁾ will accelerate and become fully vested upon Mr. Casey's death, disability, termination without cause or for good reason, or upon a change of control.

As allowed under the Stock Incentive Plan and approved by the Compensation Committee, Mr. Casey will surrender approximately 17,000 of the vested shares in order to partially satisfy tax withholding requirements due to the vesting of these shares.

Chief Investment Officer

To align the Chief Investment Officer's long-term equity compensation structure with that of the Chief Executive Officer, beginning in 2017, long-term incentive awards for Mr. Freeman are determined by the Compensation Committee on an annual basis, versus the front-loaded approach used in his prior employment agreement. Mr. Freeman's long-term incentive awards for 2017 included:

▲ performance-based restricted stock award for 18,246 performance shares, which is earned as follows: 50% in performance shares earned based upon an Income before income taxes goal of \$24.0 million for 2017, which vest ratably over a three-year period, and

50% in performance shares earned based upon an Income before income taxes target of \$34.0 million for 2017, but ranges from 25% of target for threshold performance of \$30.3 million to 185% of target for maximum performance of \$42.5 million ("Target Performance shares"), which vest ratably over a three-year period.

A performance-based restricted stock award for 20,000 shares earned based upon a performance goal of Income before income taxes target of \$24.0 million for 2017, which vests ratably over a two-year period ("One-Time Performance shares")

This "bridge grant" is a one-time grant due to the change in vesting of Mr. Freeman's performance-based restricted stock awards from 100% vesting in one year to vesting ratably over a three-year period and will not be a part of Mr. Freeman's future compensation program.

Based on actual 2017 Income before income taxes, as adjusted for legal settlement expense, of \$37.9 million, the following table illustrates the performance shares Mr. Freeman earned:

	Shares	%
Non-variable shares earned ⁽¹⁾	9,123	
Target Performance shares		
Threshold	2,281	25 %
Target	9,123	100 %
Maximum	16,878	185 %
Target Performance shares earned based on Income before income taxes ⁽¹⁾	12,681	139 %
One-Time Performance shares earned ⁽²⁾	20,000	
Total performance-based shares earned	41,804	

(1) One third of these shares will vest on March 10, 2018. The remainder will vest 50% on March 10, 2019 and 2020, subject to Mr. Freeman's continued employment with the Company through each vesting date. Any unvested shares will accelerate and become fully vested upon Mr. Freeman's death, disability, termination without cause or for good reason, or upon a change of control.

(2) One half of these shares will vest on March 10, 2018. The remaining shares will vest on March 10, 2019, subject to Mr. Freeman's continued employment with the Company through the vesting date. Any unvested shares will accelerate and become fully vested upon Mr. Freeman's death, disability, termination without cause for good reason, or upon a change in control.

As allowed under the Stock Incentive Plan and approved by the Compensation Committee, Mr. Freeman will surrender approximately 7,000 of the vested shares in order to partially satisfy tax withholding requirements due to the vesting of these shares.

Employee and Post-Retirement Benefits

We offer employee and post-retirement benefits to all full-time employees, including the named executive officers, in order to provide them with a reasonable level of financial support in the event of injury, illness or disability and to help them accumulate retirement savings on a tax-favored basis. All employees are generally eligible to participate in benefit programs including medical, dental and vision insurance coverage, disability insurance and life insurance. In addition, all U.S. employees are generally eligible to participate in applicable health savings or flexible spending accounts. The cost of health insurance and savings plans is partially borne by the Company, including costs for the

named executive officers. We bear the cost of disability insurance and a set amount of term life insurance for all employees.

Savings Plan and Matching Contributions

Under the Company's U.S. Westwood Holdings Group, Inc. Savings Plan (the "U.S. Savings Plan"), all U.S. based employees, including the named executive officers, are eligible to make 401(k) contributions to their plan accounts subject to annual IRS limits. We fully match employee contributions up to 6% of their eligible compensation (subject to IRS limits). Employees are vested immediately in their 401(k) contributions as well as in the Company match.

Profit Sharing Contributions

The Company's U.S. Savings Plan also authorizes us to make discretionary annual contributions to U.S. employees' Savings Plan accounts based on our profitability and performance. The profit sharing component of the Savings Plan is meant to be broad-based and all U.S. employees, including the named executive officers, are eligible for discretionary profit sharing contributions. Beginning with our 2017 discretionary contribution, profit sharing contributions are subject to a four-year graded vesting schedule based on an employee's years of service. Prior to 2017, profit sharing contributions were subject to a six-year graded vesting schedule based on an employee's years of service. For 2017, we made a discretionary contribution for all eligible employees equal to 5% of their eligible compensation (subject to IRS limits).

For 2017, the Company made 401(k) Company matching contributions and Company profit sharing contributions totaling \$29,700 for each of Messrs. Casey, Freeman and Root and Mses. Kice and Gerron.

Perquisites

In 2017 we did not provide significant perquisites to our named executive officers.

Tax and Accounting Implications

Compliance with Section 162(m) of the Internal Revenue Code

Section 162(m) of the Internal Revenue Code ("Code") limits the U.S. federal income tax deduction for compensation paid to our Chief Executive Officer and certain other highly compensated executive officers (including, among others, our next three other most highly compensated executive officers (other than the Chief Executive Officer and Chief Financial Officer) as of the end of the calendar year). Beginning in 2018, the maximum U.S. federal income tax deduction that we may receive for annual compensation paid to any officer, including the Chief Financial Officer, covered by Section 162(m) of the Code will be \$1 million per such covered officer. For years prior to 2018, we also were permitted to receive a tax deduction for "performance-based" compensation as defined under Section 162(m) of the Code without regard to the \$1 million limitation. However, recent U.S. tax legislation eliminated the performance-based exception. These new rules are effective starting in fiscal 2018 for us, except that certain equity awards that we granted on or before November 2, 2017, might still be able qualify as performance-based compensation. To the extent that in 2018, or any later year, the aggregate amount of any covered officer's salary, bonus, and amount realized from equity awards and certain other compensation amounts that are recognized as taxable income by the covered officer exceeds \$1 million in any year, we will not be entitled to a U.S. federal income tax deduction for the amount over \$1 million in that year.

The Compensation Committee believes that, in establishing cash and equity incentive compensation plans and arrangements for our executive officers, the potential deductibility of the compensation payable under those plans and arrangements should be only one of the relevant factors taken into consideration. For that reason, the Compensation Committee may deem it appropriate to provide one or more executive officers with the opportunity to earn incentive compensation, whether through cash incentive awards or equity incentive awards, as well as other forms of compensation, which may not be deductible by reason of Section 162(m) or other provisions of the Code.

The Compensation Committee believes it is important to maintain cash and equity incentive compensation at appropriate levels to attract and retain the individuals essential to our financial success, even if all or part of that compensation may not be deductible by reason of the Section 162(m) limitation.

COMPENSATION COMMITTEE REPORT

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management and, based on such review and discussions, the Compensation Committee recommended to the Board that the Compensation Discussion and Analysis be included in this Proxy Statement.

This column represents base compensation earned during each of the fiscal years presented. Since a significant portion of the reported compensation of Messrs. Casey and Freeman represents potential pay, we believe it is (1) useful to supplement the information provided in the above table by also looking at the pay that Messrs. Casey and Freeman actually realized during the year. See "Compensation Discussion and Analysis - CEO Realized Pay" and "Compensation Discussion and Analysis - CIO Realized Pay."

CEO Pay Ratio

We believe our executive compensation program must be consistent and internally equitable to motivate our employees to perform in ways that enhance shareholder value. We are committed to internal pay equity, and the Compensation Committee monitors the relationship between the pay of our executive officers and the pay of our non-executive employees. The Compensation Committee reviewed a comparison of our CEO's annual total compensation in 2017 to that of all other Company employees for the same period. The calculation of annual total compensation of all employees was determined in the same manner as the total compensation shown for our CEO in the "2017 Summary Compensation Table" above. The pay elements included in the annual total compensation for each employee are:

- Salary and overtime received in 2017;
- Annual cash incentive and commission payments received for performance in 2017;
- Grant date fair value of restricted stock awards granted in 2017; and
- Company matching contributions and Company profit sharing contributions under our 401(k) Plan or Registered Retirement Savings Plan in 2017.

Our calculation includes all employees as of December 31, 2017. We applied a Canadian dollar to U.S. dollar exchange rate to the compensation elements paid in Canadian dollars.

We determined the compensation of our median employee as follows: (i) calculated the consistently applied compensation measure ("CACM") for each of our employees; (ii) ranked the CACM of all employees except the CEO from lowest to highest (a list of 180 employees); and (iii) determined the CACM of the employee ranked 90th on the list ("Median Employee").

The pay elements included in the CACM are:

- Salary and overtime received in 2017;
- Annual cash incentive and commission payments received for performance in 2017; and
- Grant date fair value of restricted stock awards earned in 2017.

The annual total compensation for 2017 for our CEO was \$4,215,068 and for our Median Employee was \$181,913, resulting in a ratio of our CEO's pay to the pay of our Median Employee of 23 to 1.

The assumptions used in the valuation of the restricted stock awards are discussed in Note 9 "Employee Benefits" of our audited financial statements, included in our 2017 Form 10-K. The grant date fair value for Ms. Kice's and Gerron's time-vested awards was based on \$61.56 per share, which was the closing

price of our common stock on the grant date of February 23, 2017, adjusted for the accrual of dividends on unvested shares. The grant date fair value for Messrs. Casey's and Freeman's award was \$54.71, which was based on the closing price of our common stock on the grant date of March 10, 2017, adjusted for the accrual of dividends.

Stock Incentive Plan

All equity-based incentive awards, except those granted under the Share Award Plan of Westwood Holdings Group, Inc. for Service Provided in Canada to its Subsidiaries, are governed by the Fourth Amended and Restated Westwood Holdings Group, Inc. Stock Incentive Plan (the "Stock Incentive Plan").

In 2017, equity awards under the Stock Incentive Plan consisted of our authorized restricted common stock. Awards under the Stock Incentive Plan may be made to employees, including officers and directors who may be employees, non-employee directors, and consultants. Any shares issued under the Stock Incentive Plan may consist of authorized but unissued shares or forfeited shares or a combination thereof.

The Stock Incentive Plan authorizes the grant of several types of equity-based awards, including incentive stock options ("ISOs"), nonstatutory stock options ("NSOs"), restricted stock, stock purchase rights and performance shares (in the form of deferred stock awards). The Stock Incentive Plan also authorizes cash awards in the form of annual incentive awards, performance-based awards, and discretionary bonus awards. The various types of awards authorized under the Stock Incentive Plan may be utilized in the future if determined to be appropriate by the Compensation Committee. To date, the Compensation Committee has limited its equity-based awards under the Stock Incentive Plan to NSOs and restricted stock, and the Compensation Committee currently expects that future equity-based awards will continue to be limited to restricted stock. The Compensation Committee believes that restricted stock

is the most effective vehicle to align the interests of employees with stockholders and clients. Unless the Compensation Committee determines otherwise, the recipient of restricted shares will generally have the right to vote the restricted shares. No dividends are payable with respect to unvested restricted stock. The Compensation Committee has determined that dividends payable on unvested restricted stock will be accrued, and therefore dividends are subject to forfeiture conditions and payable to the recipient only when the underlying shares of restricted stock vest. The Compensation Committee believes that these terms and conditions for restricted stock awards offer the best balance of providing value to the employee if we succeed as a company as well as providing a mechanism to retain key employees over the long-term as they build a meaningful portion of their wealth in the form of Company equity.

The Board or the Compensation Committee administers the Stock Incentive Plan with respect to all eligible individuals. Cash incentive awards earned in a given year are typically communicated to employees and paid in the first quarter of the following year to coincide with year-end performance reviews. Annual time-vested restricted stock awards have generally been awarded in the first quarter of the year in order to align with performance in the prior year.

Time-vested restricted stock awards are generally subject to the following four-year vesting schedule: 50% after two years, 75% after three years and 100% after four years. The Compensation Committee believes that this long-term vesting schedule is effective in acting as a retention tool for Ms. Kice and Geron and Mr. Root and other non-executive employees. All employees are eligible to receive time-vested restricted stock awards.

During 2017, the Compensation Committee made all determinations involving awards to "covered employees" within the meaning of Section 162(m) of the Code. Determinations of the Compensation Committee are final, conclusive, and binding upon all persons having an interest in the Stock Incentive Plan. However, any action or determination by the Compensation Committee specifically affecting or relating to an award to a non-employee director will be approved and ratified by the Board of Directors.

Employment and Related Agreements

The Compensation Committee has determined that our Chief Executive Officer, Brian O. Casey, is critical to our future success, due to his significant responsibilities and contributions to the ongoing day-to-day operation of the business, his involvement in marketing our products, his development and direction of strategic initiatives and corporate development, as well as his participation in the development of new products. As a result, in December 2015, the Compensation Committee entered into a new employment agreement with Mr. Casey effective through December 31, 2018, which is auto-renewable for subsequent one-year periods.

The Compensation Committee has determined that our Chief Investment Officer, Mark R. Freeman, is critical to our future success, due to his significant responsibilities and contributions to the development and oversight of our investment policy, the development of the Company's macroeconomic and investment outlook, his day-to-day operation and oversight of our investment department, his monitoring of absolute risk and consistency of quality across all investment strategies, his integral importance to the ongoing success of our investment performance as well as his involvement in product development, strategic initiatives and marketing our products. As a result, in October 2016, the Compensation Committee entered into a new employment agreement with Mr. Freeman effective January 1, 2017 through December 31, 2019, which is auto-renewable for subsequent one-year periods.

The employment agreements of Messrs. Casey and Freeman broadly address the terms of their employment with the Company including, among other things, their duties, compensation and benefits, termination, and the effects of termination. In addition, the employment agreements include non-solicitation covenants and non-competition covenants that apply in specified circumstances for a period of one year following the date of termination in the case of Mr. Casey and up to six months following the date of termination in the case of Mr. Freeman.

Potential Payments Upon Termination or Change in Control

Set forth below is a summary of the compensation and benefits payable to Messrs. Casey, Freeman and Root and Meses. Kice and Gerron in the event their employment is terminated. For purposes of this disclosure, we have calculated benefits assuming a December 31, 2017 termination date. As of December 31, 2017, executive employment agreements were in effect with Messrs. Casey and Freeman. For further information on the employment agreements, see "Employment and Related Agreements" above.

Under the terms of our Stock Incentive Plan, in the event of their death or a "change in control" of the Company, unvested time-vested restricted stock awards would vest for Meses. Kice and Gerron and Mr. Root. These shares had a value of \$745,392 for Ms. Kice, \$802,929 for Ms. Gerron and \$558,349 for Mr. Root as of December 31, 2017. Other than the acceleration of restricted stock awards for Meses. Kice and Gerron and Mr. Root upon death or a "change in control," Meses. Kice and Gerron and Mr. Root are not contractually entitled to any other severance payments upon their termination or a "change in control" of the Company.

Under the employment agreements in place, payments to Messrs. Casey and Freeman could vary depending on the cause of termination and whether or not the Board of Directors elects to enforce a non-compete agreement. The agreements contain a "double trigger" change in control related to cash severance, requiring a qualifying termination of employment within 24 months following a qualifying change in control event, which is consistent with external market practice. The various payment scenarios for Mr. Casey are described immediately below, and the various payment scenarios for Mr. Freeman are described thereafter.

The various payment scenarios for Mr. Casey are:

Payments upon termination without cause, by the executive for good reason or non-renewal by the Company (the non-compete agreement is automatically enforced)

Amounts under this scenario include the following to the extent they have not been already paid:

- amounts earned by the executive during his employment;
- an amount equal to 1.5 times the sum of one year's worth of salary and the annual bonus paid to Mr. Casey for the most recently completed year, to be paid in monthly installments over eighteen months;
- bonus and incentive compensation earned by the executive as of the termination date;
- vacation time that was earned and unused by the executive;
- medical benefits for the executive and his eligible dependents for eighteen months following termination; and all unvested stock options and unvested restricted shares shall be fully vested; provided, however, that to the extent that any such awards are subject to performance-based vesting conditions that are intended to qualify for the performance-based compensation exemption under Section 162(m) of the Internal Revenue Code, then those awards will only become vested if and to the extent that such awards would have become vested in accordance with their terms if Mr. Casey's employment had continued; and provided further that, if such award is subject to periodic vesting based upon performance conditions established for each vesting period, then the annual performance conditions applicable to any such award following the termination of Mr. Casey's employment shall be the same as the last periodic performance goal established with respect to such award prior to the termination of Mr. Casey's employment or, if more favorable to Mr. Casey, the periodic performance conditions established for performance-based vesting of equity or equity-based awards granted to other senior executives who are then still employed by the Company.

Payments upon termination with cause, by the executive without good reason or non-renewal by the executive where the non-compete agreement is enforced

Amounts under this scenario include the following to the extent they have not been already paid:

- amounts earned by the executive during his employment;
- one year's worth of salary paid in monthly installments, less the amount of medical insurance premiums the executive would have paid had he remained employed;
- bonus and incentive compensation earned by the executive as of the termination date;
- vacation time that was earned and unused by the executive; and
- medical benefits for the executive and his eligible dependents for twelve months following termination.

All unvested stock options and all unvested restricted shares shall be forfeited under this scenario.

Payments upon termination with cause, by the executive without good reason or non-renewal by the executive where the non-compete agreement is not enforced

Amounts under this scenario include the following to the extent they have not been already paid:

- amounts earned by the executive during his employment;
- bonus and incentive compensation earned by the executive as of the termination date;
- vacation time that was earned and unused by the executive; and
- medical benefits for the executive and his eligible dependents for twelve months following termination.

All unvested stock options and all unvested restricted shares shall be forfeited under this scenario.

Payments upon termination due to a change in control (the non-compete agreement is automatically enforced)

Amounts under this scenario include the following to the extent they have not been already paid:

- amounts earned by the executive during his employment;
 - an amount equal to two times the sum of one year's worth of salary and the annual bonus paid to Mr. Casey for the most recently completed year, to be paid in monthly installments over twenty-four months;
 - bonus and incentive compensation earned by the executive as of the termination date;
 - vacation time that was earned and unused by the executive;
 - medical benefits for the executive's eligible dependents for eighteen months following termination; and
- all unvested stock options and all unvested restricted shares shall be fully vested; provided, however, that to the extent that any such awards are subject to performance-based vesting conditions, the performance goals were achieved at 100% of the target performance. In March 2016, we entered into a Performance Share Agreement with Mr. Casey that provides the unvested restricted shares subject to the award will vest upon a change in control as follows: (a) if the change in control occurs before the last day of the one-year performance cycle, 50% of the shares covered by the award (the "Category 1 Shares") will vest and the remaining 50% (the "Category 2 Shares") will vest assuming target level performance or (b) if the change in control occurs after the end of the performance cycle, all Category 1 Shares and Category 2 Shares will fully vest to the extent then earned based on the Company's actual performance for the performance cycle.

 - vacation time that was earned and unused by the executive;

- an amount equal to salary, less the amount of medical insurance premiums the executive would have paid had he remained employed, through the Elective Non-Compete Period;
- bonus and incentive compensation earned by the executive as of the termination date;
- vacation time that was earned and unused by the executive; and
- medical benefits for the executive and his eligible dependents through the Elective Non-Compete Period.

Definitions under the terms of the Stock Incentive Plan

Change in Control shall mean:

a merger or consolidation of the Company with or into another corporation in which the Company shall not be the surviving corporation (other than a merger undertaken solely in order to reincorporate in another state) (for purposes hereof, the Company shall not be deemed the surviving corporation in any such transaction if, as the result thereof, it becomes a wholly-owned subsidiary of another corporation);

a dissolution of the Company;

a transfer of all or substantially all of the assets of the Company in one transaction or a series of related transactions to one or more other persons or entities; or

a transaction or series of transactions that results in any entity, person, or group, becoming the beneficial owner, directly or indirectly, of securities of the Company representing more than 50% of the combined voting power of the Company's then outstanding securities; or during any period of two consecutive years commencing on or after January 1, 2005, individuals who, at the beginning of the period constituted the Company's Board of Directors, cease for any reason to constitute at least a majority, unless the election of each director who was not a director at the beginning of the period has been approved in advance by directors representing at least two-thirds of the directors then in office who were directors at the beginning of the period; provided, however, that a "Change in Control" shall not be deemed to have occurred if the ownership of 50% or more of the combined voting power of the surviving corporation, asset transferee or Company (as the case may be), after giving effect to the transaction or series of transactions, is directly or indirectly held by (A) a trustee or other fiduciary under an employee benefit plan maintained by the Company, or (B) one or more of the "executive officers" of the Company that held such positions prior to the transaction or series of transactions, or any entity, person or group under their control.

Definitions under the terms of the Executive Employment Agreements

Termination for cause could occur due to any of the following events:

executive's conviction of any felony or other serious crimes;

- executive's material breach of any of the terms of the employment agreement or any other written agreement or material company policy to which the executive and the Company are parties or are bound, if such breach shall be willful and shall continue beyond a period of 30 days immediately after written notice thereof by the Company to the executive;

wrongful misappropriation by the executive of any money, assets, or other property of the Company or of a client of the Company;

willful actions or failures to act by the executive which subject the executive or the Company to censure by the Securities and Exchange Commission as described in and pursuant to Section 203(e) or 203(f) of the Investment Advisers Act of 1940 or Section 9(b) of the Investment Company Act of 1940 or to censure by a state securities administrator pursuant to applicable state securities laws or regulations;

executive's commission of fraud or gross moral turpitude; or

- any material breach by the Company of the employment agreement (including any reduction in the executive's base salary);
- any material adverse change in the status, position or responsibilities of the executive including, in the case of Mr. Casey, a change in the executive's reporting relationship so that he no longer reports to the Board of Directors, the removal from or failure to re-elect the executive as a member of the Board or if the Company becomes a wholly-owned subsidiary of another company and the executive serves only as an officer of the subsidiary company;
- assignment of duties to the executive that are materially inconsistent with the executive's position and responsibilities described in his employment agreement;
- the failure of the Company to assign the employment agreement to a successor to the Company or failure of a successor to the Company to explicitly assume and agree to be bound by the employment agreement; or
- requiring the executive to be principally based at any office or location more than 40 miles from the current offices of the Company in Dallas, Texas.

Mr. Casey may terminate his employment without good reason at any time by giving at least 30 days' notice. Mr. Freeman may terminate his employment without good reason at any time by giving at least 90 days' notice.

The Company may terminate the executive's employment without cause at any time.

a transfer of all or substantially all of the assets of the Company in one or more related transactions to one or more other persons or entities;

a transaction or series of transactions that results in any entity, "Person" or "Group" becoming the beneficial owner, directly or indirectly, of securities of the Company representing more than 50% of the combined voting power of the Company's then outstanding securities; or

during any period of two consecutive years commencing on or after January 1, 2016 (in the case of Mr. Casey) or January 1, 2017 (in the case of Mr. Freeman), individuals who, at the beginning of the period constituted the Company's Board of Directors, cease for any reason to constitute at least a majority, unless the election of each director who was not a director at the beginning of the period has been approved in advance by directors representing at least two-thirds (2/3) of the directors then in office who were directors at the beginning of the period; provided, however, that a "Change in Control" shall not be deemed to have occurred if the ownership of 50% or more of the combined voting power of the surviving corporation, asset transferee or Company (as the case may be), after giving effect to the transaction or series of transactions, is directly or indirectly held by (A) a trustee or other fiduciary under an employee benefit plan maintained by the Company, or (B) one or more of the "executive officers" of the Company that held such positions prior to the transaction or series of transactions, or any entity, Person or Group under their control.

Disability shall mean any medically determinable physical or mental impairment that has lasted for a period of not less than six months in any 12-month period and that renders the executive unable to perform the duties or essential functions required under the employment agreement.

PROPOSAL 2:

Ratification of Appointment of Deloitte & Touche LLP as Independent Auditors

Our Audit Committee has appointed Deloitte & Touche LLP as our independent auditors for 2018. Representatives of Deloitte & Touche LLP will attend the annual meeting to answer appropriate questions and may make a statement if they so desire.

Fees Billed by Deloitte & Touche LLP

Audit Fees. With respect to the years ended December 31, 2017 and 2016, Deloitte & Touche LLP billed aggregate fees of \$367,040 and \$387,620, respectively, for professional services in connection with the audit of our annual financial statements, the review of the financial statements included in our Form 10-Qs and testing required by Sarbanes-Oxley Section 404, as well as for services that are normally provided in connection with statutory or regulatory filings or engagements. Fees for the year ended December 31, 2016 have been updated for additional fees billed subsequent to the filing of our 2017 Definitive Proxy Statement, which was filed with the SEC on March 20, 2017.

Audit-Related Fees. With respect to the years ended December 31, 2017 and 2016, Deloitte & Touche LLP billed no fees for audit-related services.

Tax Fees. There were no fees billed for tax services by Deloitte & Touche LLP for the years ended December 31, 2017 and 2016.

All Other Fees. Westwood engaged Deloitte & Touche LLP to provide financial audit services to common trust funds sponsored by Westwood Trust for the year ended December 31, 2017 and financial audit and tax services to the common trust funds for the year ended December 31, 2016. The aggregate fees for services provided by Deloitte & Touche LLP and not otherwise included in Audit Fees, Audit-Related Fees or Tax Fees were \$398,000 and \$645,496 for the years ended December 31, 2017 and 2016, respectively. These fees are not paid by Westwood but are paid by the common trust funds, with the exception of approximately \$60,000 and \$150,857 fees paid by Westwood for additional fees related to 2017 and 2016, respectively. Fees for the year ended December 31, 2016 have been updated for additional fees billed subsequent to the filing of our 2017 Definitive Proxy Statement, which was filed with the SEC on March 20, 2017.

Pre-approval policies and procedures for audit and non-audit services. The Audit Committee has established a policy regarding pre-approval of all audit and non-audit services provided by our independent auditors. Each year the Audit Committee considers for approval the independent auditor's engagement to render audit services, as well as a list prepared by management of anticipated non-audit services and related budget estimates. During the course of the year, management and the independent auditor are responsible for tracking all services and fees to ensure that they are within the scope pre-approved by the Audit Committee. To ensure prompt handling of unexpected matters, the Audit Committee has delegated to its chairman the authority to amend or modify the list of approved audit and non-audit services and fees, provided the chairman reports any action taken to the Audit Committee at its next meeting.

The Audit Committee pre-approved all services provided by Deloitte & Touche LLP for the years ended December 31, 2017 and 2016.

Vote Sought and Recommendation

Although stockholder action on this matter is not required, the appointment of Deloitte & Touche LLP is being recommended to the stockholders for ratification. The affirmative "FOR" vote of a majority of the votes cast at the annual meeting is needed to ratify the appointment of Deloitte & Touche LLP as independent auditors for 2018.

Abstentions will not affect the outcome of a vote on this proposal.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE FOR THE RATIFICATION OF THE APPOINTMENT OF DELOITTE & TOUCHE LLP AS OUR INDEPENDENT AUDITORS FOR 2018.

PROPOSAL 3:

Approval of the Fifth Amended and Restated
Westwood Holdings Group, Inc. Stock Incentive Plan

The Compensation Committee and the Board of Directors of Westwood have approved and have proposed that our shareholders approve the Fifth Amended and Restated Westwood Holdings Group, Inc. Stock Incentive Plan (the "Plan") at the annual meeting. Westwood originally adopted the Stock Incentive Plan on February 1, 2002. Following Westwood's spin-off from SWS Group, Inc. on June 30, 2002, Westwood's public stockholders approved an amended Stock Incentive Plan on April 24, 2003, with a reserve of 948,100 shares of common stock. On February 8, 2005, the Compensation Committee adopted the Second Amended and Restated Plan, which contained certain non-material amendments not requiring stockholder approval. On April 27, 2006, our stockholders approved the Third Amended and Restated Plan (effective as of January 1, 2006), with a reserve of 1,948,100 shares of common stock. The Third Amended and Restated Plan was subsequently amended pursuant to an Amendment of the Plan (effective July 22, 2010), the Second Amendment to the Plan (effective July 22, 2010), the Third Amendment to the Plan (effective March 4, 2015) and the Fourth Amendment to the Plan (effective April 27, 2016). On April 26, 2017, our stockholders approved the Fourth Amended and Restated Plan (effective as of March 10, 2017), with a reserve of 250,000 shares of common stock. These amendments increased the maximum number of shares available for issuance to 4,648,100 shares and clarified compliance with Section 162(m) of the Internal Revenue Code of 1986, as amended ("Section 162(m)").

The material revisions in the Fifth Amended and Restated Plan:

• Increase the total number of shares currently authorized under the Plan by 200,000 shares; and

• Expressly prohibits the accrual or payment of dividends on options.

Westwood is seeking stockholder approval for the Plan. Stockholder approval is required under the requirements of the NYSE Corporate Governance Listing Standards, which are applicable to Westwood.

Awards under the Plan are a major component of our long-term incentive program for our employees, consultants and members of our Board. As noted in the "Compensation Discussion and Analysis," we recognize that having an ownership interest in the Company is critical to aligning the financial interests of our employees and shareholders. The Compensation Committee believes it is important to authorize an additional 200,000 shares for grant under the Plan. As of March 5, 2018, approximately 4,340,321 shares had been issued under the Plan, leaving 307,779 shares available under the Plan for issuance. The Compensation Committee does not believe that this amount is sufficient to meet the Company's anticipated grants of awards through the date of our 2020 Annual Meeting of Shareholders. If shareholders do not approve the Plan, the Plan will remain in effect; however, we anticipate the shares available for equity-based compensation will be quickly depleted, and we will lose our ability to use equity as a compensation tool. Although the Compensation Committee anticipates that the additional shares requested will enable the Company to maintain its current equity compensation program for at least two years, the Compensation Committee plans to request additional shares on an annual basis to accommodate anticipated grants related to the hiring, retention and promotion of employees. In 2017, 2016 and 2015, the number of shares of common stock underlying equity awards granted was approximately 246,000, 296,000 and 305,000, respectively. The Compensation Committee expects to continue to grant awards under the Plan consistent with the Company's historical share utilization rates.

Description of the Fifth Amended and Restated Plan

A summary of the material features of the Plan is set forth below. This description and summary are qualified in their entirety by the full text of the Plan included in Appendix A to this Proxy Statement.

Key Features of the Plan. Awards under the Plan will consist of cash or Westwood's authorized common stock. The fair market value of Westwood's common stock as of March 5, 2018 was \$55.75 per share. The Plan provides for the grant of incentive stock options, nonstatutory options, shares of restricted stock, annual incentive awards, performance-based awards (in the form of cash or deferred stock awards) and discretionary bonus awards. Awards under the Plan may be made to key employees, including officers and directors who may be employees, and non-employee directors, consultants or advisors. There are currently 166 employees of Westwood who may be eligible to receive awards under the Plan, and there are 7 non-employee directors who may be eligible to receive awards under the Plan. The total number of shares of common stock available for delivery pursuant to awards under the Plan over its entire term is 200,000 plus (a) any shares of common stock that remain available for grant under the Fourth Amended and Restated Plan, and (b) any shares of common stock that are represented by awards under the Fourth Amended and Restated Plan, that are forfeited, terminated, expired, or canceled without delivery of shares of common stock. As a result, the aggregate maximum number of shares of common stock for which awards may be granted under the Plan is 4,848,100. Any shares issued under the Plan may consist, in whole or in part, of authorized and unissued shares or forfeited shares or a combination thereof. Shares that are exchanged by a participant or withheld by the Company as full or partial payment of the exercise price of a stock option or to cover any taxes payable as a result of the grant, exercise, vesting or settlement of an award, will not again be available for issuance under the Plan. Subject to adjustment, no more than 316,033 shares of common stock may be covered by stock-based awards granted to any participant under the Plan in a calendar year. Consistent with certain provisions of Section 162(m), there are restrictions providing for a maximum number of shares that may be settled in any year to a participant (including Covered Employees) and a maximum amount of cash compensation payable in any one year as an award under the Plan to a participant (including Covered Employees). The maximum amount of cash payable in respect of a performance-based award under the Plan to any participant in any calendar year is \$5 million and the maximum number of shares of our common stock that may be settled in respect of a performance-based award under the Plan to any participant in any calendar year is 316,033 shares.

Term of the Plan. No awards may be made under the Plan after March 10, 2027.

Types of Awards. The Plan authorizes the grant of several types of stock-based awards, including, without limitation, incentive stock options ("ISOs"), nonstatutory stock options ("NSOs"), restricted stock and performance-based shares. The Plan also authorizes cash awards, including annual incentive awards, performance-based awards, and discretionary bonus awards. The various types of awards authorized under the Plan may be utilized in the future if determined appropriate by the Compensation Committee. However, to date the Compensation Committee has only granted stock-based awards under the Plan in the form of NSOs and restricted stock.

Award Vesting Limitations. Awards granted under the Plan will vest no earlier than the first anniversary of the date an award is granted, with a carve-out exception for up to 5% of the aggregate shares available for issuance under the Plan.

No Discount Stock Options. The Plan prohibits the grant of a stock option with an exercise price less than the fair market value of Westwood's stock on the date of grant.

Share Counting Rules. Any shares subject to an award under the Plan that are forfeited, settled for cash, expire, or otherwise are terminated without issuance of such shares, are available for awards under the Plan. In addition, cash awards do not reduce the shares available under the Plan or to a participant in any calendar year.

Administration. Unless our Board of Directors determines otherwise, the Plan will be administered by the Compensation Committee. Determinations of the Compensation Committee will be final and binding on any interested person. Such determinations include selecting participants, determining the awards that will be made under the Plan, interpreting plan provisions, and deciding the terms and conditions of any award.

Amendment. The Plan may be amended by the Board of Directors or by the Compensation Committee. Amendments will be subject to stockholder approval if and to the extent required by applicable law, regulations or rules. Any amendment that would increase the aggregate number of shares of stock that may be issued under the Plan must be approved by our stockholders.

Antidilution. In the event of any stock dividend, stock split, reverse stock split, recapitalization, combination, reclassification or similar change in the capital structure of the Company, appropriate adjustments will be made in the number and class of shares subject to the Plan and to any outstanding awards (if applicable) and in the exercise price per share of any outstanding awards (if applicable), as the Compensation Committee or the Board of Directors determines fair and equitable.

Persons Eligible for Grants. Any employee, consultant or non-employee director of Westwood or any of its parents or subsidiaries will be eligible to be selected as a participant and receive an award under the Plan by the Compensation Committee, acting in its discretion. However, ISOs will be granted only to participants who are employees of Westwood or a subsidiary thereof.

Change in Control. In the event of a change in control, each outstanding award under the Plan shall become 100% vested and exercisable as of the date ten (10) days prior to the date of the change in control.

Types of Awards

Options. ISOs and NSOs are both stock options allowing the recipient to purchase a fixed number of shares of common stock at a fixed price (which may not be less than the fair market value on the option grant date as determined under the Plan). Options will be exercisable at such time or times, or upon such event or events, and subject to such terms, conditions, performance criteria and restrictions as shall be determined by the Compensation Committee and set forth in the option agreement evidencing such option; provided, however, that (i) no option shall be exercisable after the expiration of 10 years after the effective date of grant of such option, (ii) no ISO granted to a stockholder who owns more than ten percent of our common stock will be exercisable after the expiration of five years after the effective date of grant of such option, and (iii) no option granted to a prospective employee, prospective consultant or prospective director may become exercisable prior to the date on which such person commences service with the Company. Subject to the foregoing, unless otherwise specified by the Compensation Committee in the grant of an option, any option granted hereunder shall terminate ten years after the effective date of grant of the option, unless earlier terminated in accordance with its provisions.

Subject to the limitations of the Plan, payment of the exercise price of an option shall be made (i) in cash, by check or cash equivalent, (ii) by tender to the Company, or attestation to the ownership, of shares of our common stock owned by the participant having a fair market value not less than the exercise price, (iii) through the cashless exercise procedures set forth in the Plan, (iv) with such other consideration as may be approved by the Compensation Committee from time to time to the extent permitted by applicable law, or (v) by any combination thereof.

Restricted Stock Awards. The Compensation Committee may also make awards of restricted shares of our stock. The vesting of restricted stock may be conditioned upon the lapse of time and/or the satisfaction of other factors determined by the Compensation Committee. Unless the Compensation Committee determines otherwise, the recipient of restricted shares will generally have the right to vote the shares. Dividends and dividend equivalents will not be payable with respect to restricted stock. However, the Compensation Committee may provide that dividends will be accrued with respect to restricted shares (at the same rate that is paid to our stockholders generally) and, if so, that the dividends will be subject to the vesting conditions applicable to the corresponding restricted stock. None of the restricted shares may be sold, transferred or pledged during the restricted period, and all restricted shares shall be forfeited and, except for termination due to death or as otherwise determined by the Compensation Committee, all rights to the shares will terminate, if the recipient ceases to be an employee, consultant or director of us or any of our subsidiaries before the expiration or termination of the restricted period and satisfaction of any other conditions prescribed by us with respect to the shares.

Awards to Non-Employee Directors. Non-employee directors are eligible to receive any type of award under the Plan other than ISOs. The grant of an award to a non-employee director, acting in his or her capacity as director, taken together with the cash fees paid to the non-employee director, cannot exceed \$350,000 in the case of a non-employee director other than the Chairman of the Board or \$500,000 in the case of the Chairman of the Board.

Annual Incentive Awards. The Compensation Committee may also grant annual incentive awards of stock, cash or any combination of stock and cash to our employees and other eligible persons, in such amounts and subject to such terms and conditions as the Compensation Committee may determine. The Compensation Committee shall establish the maximum level of annual incentive awards that may be granted for each year. The Compensation Committee may, in its sole discretion, reduce, but not increase, the annual incentive award payable to any participating employee during a year.

Performance-Based Awards. The Plan contains provisions intended to allow the Compensation Committee to grant incentive awards that qualify for the performance-based compensation exemption from the annual \$1 million executive compensation deduction limitation imposed by Section 162(m), and such provisions are intended to apply to any award type under the Plan, including, but not limited to, awards of restricted stock, options, cash, or any combination thereof. Absent the performance-based compensation exemption under Section 162(m), our ability to deduct incentive compensation payable to our Covered Employees could be limited. In order to qualify for the exemption, awards must be based or conditioned upon the satisfaction of pre-established performance goals established by the Compensation Committee. The Plan contains an extensive list of performance measures most

recently approved by our stockholders in 2016 pursuant to the stockholder approval requirements of Section 162(m), thus giving the Compensation Committee significant flexibility in structuring performance goals for awards intended to meet the Section 162(m) performance-based compensation exemption.

The list of performance measures upon which performance goals may be based currently includes: (i) net earnings or net income (before or after taxes, depreciation and amortization); (ii) cash earnings; (iii) earnings per share; (iv) net sales or revenue growth; (v) net operating income; (vi) return measures (including, but not limited to, return on assets, capital, invested capital, equity, sales, or revenue); (vii) cash flow (including, but not limited to, operating cash flow, free cash flow, cash flow return on equity, and cash flow return on investment (discounted or otherwise)); (viii) operating income before interest, taxes, depreciation and amortization;

(ix) return on stockholders' equity; (x) operating margins or operating expenses; (xi) value of the Company's stock or total return to stockholders; (xii) value of an investment in the Company's stock assuming the reinvestment of dividends; (xiii) assets under management; (xiv) performance of one or more of our investment products on an absolute basis or relative to a benchmark or peer group; (xv) adjusted pre-tax income; (xvi) cost targets, reductions and savings, productivity and efficiencies; (xvii) strategic business criteria, consisting of one or more objectives based on meeting specified market penetration, geographic business expansion, customer satisfaction, employee satisfaction, human resources management, supervision of litigation, information technology and goals relating to acquisitions, divestitures, joint ventures and similar transactions and budget comparisons; (xviii) personal professional objectives, consisting of one or more objectives based on the implementation of plans and policies, the negotiation of transactions, the development of long term business goals, formation of joint ventures, research or development collaborations and the completion of other corporation transactions; and/or (xix) a combination of any or all of the foregoing criteria. Under the Plan, performance measures used for establishing the performance goals for an award may reflect such adjustments (including but not limited to, as applicable, adjustments for taxes, depreciation, amortization, compensation, start-up, non-recurring, mergers and acquisitions, lift-outs and/or other similar items of income or expense) as the Compensation Committee deems appropriate under the circumstances and that complies with applicable Treasury Regulations under Section 162(m). Any evaluation of performance in relation to Performance-Based Awards may include or exclude, as applicable: asset write-downs, litigation or claim judgments or settlements, changes in tax laws, accounting principles or other laws or provisions, reorganization or restructuring programs, acquisitions or divestitures, foreign exchange gains and losses, or gains and losses that are treated as unusual in nature or what occur infrequently under Accounting Standards Codification Topic 225.

Discretionary Bonus Awards. The Compensation Committee may also grant discretionary bonus awards of stock, cash or any combination of stock and cash to our officers and key employees in such amounts and subject to such terms and conditions as the Compensation Committee may determine.

Material Federal Income Tax Consequences of the Plan

The following is a summary of the material United States federal income tax consequences associated with awards granted under the Plan. This summary is based upon present federal income tax laws and regulations and does not purport to be a complete description of the federal income tax consequences applicable to a participant or Westwood. This summary does not cover any federal employment tax consequences or any foreign, state, local, estate and gift, or other tax consequences.

Incentive Stock Options. A participant will generally not recognize any taxable income upon either the grant or exercise of an ISO. However, for purposes of the alternative minimum tax, upon the exercise of an ISO, a participant is required to include the difference between the option exercise price and the fair market value of the common stock received in alternative minimum taxable income for purposes of calculating the alternative minimum tax. If a participant sells or otherwise disposes of the common stock acquired pursuant to the exercise of an ISO within either two years from the date of grant or one year from the date of exercise of the option (an "Early Disposition"), the participant will recognize ordinary income at the time of the Early Disposition in an amount equal to the lesser of (i) the excess of the amount realized by the participant on the Early Disposition over the exercise price of the option, or (ii) the excess of the fair market value of the common stock on the date of exercise over the exercise price of the option. The excess, if any, of the amount realized by the participant on the Early Disposition over the fair market value of the common stock on the date of exercise will be capital gain, and will either be short term (taxable at ordinary income tax rates) or long term gain, depending on the participant's holding period. If a participant disposes of the common stock for an amount that is less than the participant's tax basis, the difference between the amount realized in the Early Disposition and the tax basis will generally be capital loss, and will either be short term or long term depending on the participant's holding period.

Nonqualified Stock Options. A participant will not recognize any taxable income upon the grant of an NSO. In general, a participant will recognize ordinary income upon the exercise of an NSO in an amount equal to the difference between the fair market value of the common stock received on the date of exercise and the exercise price paid for the stock.

Annual Incentive Awards, Performance-Based Awards and Discretionary Bonus Awards. In general, a participant who receives cash pursuant to an award made under the Plan will recognize ordinary income equal to the amount of cash

that is received. Except as discussed below in the section entitled "Common Stock Subject to a Substantial Risk of Forfeiture," a participant who receives shares of common stock pursuant to an award under the Plan will recognize ordinary income at the time the shares are received in an amount equal to the fair market value of the shares.

Common Stock Subject to a Substantial Risk of Forfeiture. In general, if a participant receives common stock pursuant to an award made under the Plan that is subject to a substantial risk of forfeiture, then, unless the participant files an early income recognition election under Section 83(b) of the Internal Revenue Code of 1986, as amended ("Section 83(b)") (discussed below), the participant will not recognize any income at the time of receipt of the stock, but will recognize ordinary income when the shares become vested (i.e., when they are no longer subject to a substantial risk of forfeiture) in an amount equal to the then difference between the fair market value of the stock at the time the restrictions lapse and the amount paid, if any, for the stock. However, a participant who receives common stock that is subject to a substantial risk of forfeiture may elect under Section 83(b) to recognize ordinary income at the time the stock is received in an amount equal to the fair market value of the stock at that time, reduced by the

amount, if any, paid for the stock. An 83(b) election may be made, if at all, within 30 days after the date on which the non-vested restricted stock is received.

Availability of Tax Deduction for Westwood. When ordinary income is recognized by a participant in connection with the receipt or exercise of an award under the Plan (including the filing of an election under section 83(b) of the Code), we will generally be entitled to a deduction for federal income tax purposes at the same time and in the same amount, assuming the requisite withholding requirements are met. However, compensation paid by us to Covered Employees is generally subject to the \$1 million annual deduction limitation of Section 162(m). For awards granted before November 2, 2018, this limitation does not apply to performance-based compensation that meets certain requirements of Section 162(m).

Tax Withholding. Our obligation to make payments or issue shares in connection with any award will be subject to and conditioned upon the satisfaction of applicable tax withholding obligations. The Compensation Committee may allow a participant to satisfy a withholding tax obligation in whole or in part by having us withhold shares that would otherwise be issued to the participant, or by having the participant deliver cash or shares to us, in either case with a value equal to the minimum amount of the withholding obligation. Shares that are withheld to satisfy part or all of a withholding tax obligation are not eligible for reissuance under the Plan.

Plan Benefits

The future awards that may be made to eligible participants under the Plan are subject to the discretion of the Compensation Committee, and, therefore, cannot be determined with certainty at this time. Awards made under the Plan in 2017 to our Named Executive Officers are set forth under the "2017 Grants of Plan Based Awards" table.

Vote Sought and Recommendation

The approval of the Plan requires the affirmative vote of a majority of the votes cast with respect to this Proposal. All proxies submitted will be voted "FOR" this Proposal unless stockholders specify a contrary vote in their proxies.

Broker non-votes will not be counted as votes cast with respect to this Proposal; abstentions, however, will have the same effect as a vote against this Proposal.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE FOR APPROVAL OF THE FIFTH AMENDED AND RESTATED WESTWOOD HOLDINGS GROUP, INC. STOCK INCENTIVE PLAN

PROPOSAL 4:

Advisory Vote on Executive Compensation

We are seeking a non-binding, advisory vote from our stockholders to approve the compensation paid to our named executive officers, as disclosed in this proxy statement pursuant to Item 402 of Regulation S-K.

The Compensation Committee has structured our executive compensation program to reflect our "pay-for-performance" philosophy. The compensation opportunities provided to the named executive officers are significantly dependent on the Company's financial performance and the named executive officers' individual performance and are intended to drive the creation of sustainable stockholder value. The Compensation Committee will continue to emphasize responsible compensation arrangements that attract, retain, and motivate high caliber executive officers to achieve the Company's business strategies and objectives.

You have the opportunity to vote "FOR" or "AGAINST" or to "ABSTAIN" from voting on the following non-binding resolution relating to executive compensation:

"Resolved, that the stockholders approve, on a non-binding, advisory basis, the compensation paid to the Company's named executive officers as disclosed in the Company's proxy statement for the 2018 Annual Meeting of Stockholders pursuant to Item 402 of Regulation S-K, including the compensation discussion and analysis, the compensation tables, and the narrative discussion."

In deciding how to vote on this proposal, you are encouraged to consider the Company's executive compensation philosophy and objectives and the components of the Company's executive compensation program as set forth in the Compensation Discussion and Analysis section above, as well as the following key aspects of our executive compensation program:

- A significant portion of each named executive officer's total direct compensation -- approximately 31% to 88% (excluding Ms. Kice as discussed above in "Compensation Discussion and Analysis") -- was "at risk" compensation in 2017, delivered in the form of an annual cash incentive award and an annual equity incentive award.
- The annual incentive awards to the Chief Executive Officer and Chief Investment Officer are based on scorecards with four performance categories (investment performance, service and sales, financial results and strategic goals). The Chief Executive Officer and Chief Investment Officer have the opportunity to earn 50% of target for achieving threshold performance and up to 185% of target for achieving maximum performance (with no payouts for performance below threshold levels).
- The annual performance-based restricted stock awards to the Chief Executive Officer and Chief Investment Officer are based upon annual, pre-determined performance goals, the criteria for which was approved by our stockholders in 2006. An expanded list of performance measures upon which performance goals may be based was approved by our stockholders in 2009, 2011, 2016 and 2017. The Chief Executive Officer and Chief Investment Officer have the opportunity to earn 25% of target for achieving threshold performance and up to 185% of target for achieving maximum performance (with no payouts for performance below threshold levels). The awards vest ratably on the first, second and third anniversary of the grant date.
- Over the past three years, the named executive officers have not received significant perquisites.
- The Compensation Committee endeavors to structure the Company's executive compensation program to motivate and reward our executive officers for taking appropriate business risks, while at the same time avoiding pay practices that incentivize excessive risk-taking. In connection with the Compensation Committee's review of our compensation policies and practices for all employees in February 2018, the Compensation Committee concluded that these policies and practices do not create risks that are reasonably likely to have a material adverse effect on the Company. While your vote on this proposal is advisory and will not be binding on the Compensation Committee, the Board of Directors or the Company, the Compensation Committee values the opinions of the Company's stockholders on executive compensation matters and will take the results of this advisory vote into consideration when making future decisions regarding the Company's executive compensation program.

Vote Sought and Recommendation

The affirmative "FOR" vote of a majority of the votes cast at the annual meeting is required to approve, on a non-binding, advisory basis, the Company's executive compensation. Broker non-votes and abstentions will have no effect on the outcome of the proposal.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE FOR APPROVAL, ON A NON-BINDING, ADVISORY BASIS, OF THE COMPENSATION PAID TO THE NAMED EXECUTIVE OFFICERS, AS DISCLOSED IN THIS PROXY STATEMENT PURSUANT TO ITEM 402 OF REGULATION S-K.

The Conflict of Interest Policy provides that, except with the Board of Directors' prior knowledge and consent, no director, officer or employee of Westwood or its subsidiaries may be involved in a transaction or relationship that gives rise to a "conflict of interest" with Westwood. The policy defines "conflict of interest" as an occurrence where a director, officer or employee's private interests interfere, or appear to interfere, in any way with our interests as a whole, and specifically includes all related party transactions and relationships that we are required to disclose in our proxy statement.

In the event the Board of Directors' consent to a conflict of interest is sought, the request must be addressed to our compliance officer (or, where the matter involves the compliance officer, to the Audit Committee) and referred to the Audit Committee for its consideration. If the matter involves any member of the Audit Committee, the matter is required to be addressed by the disinterested members of the Board of Directors. A majority of the members of the Audit Committee (or a majority of the disinterested members of the Board of Directors, where applicable) must approve any request. The terms of any such transaction must be as favorable to us as the terms would be if the transaction were entered into with an unrelated third party.

REPORT OF THE AUDIT COMMITTEE

In accordance with its written charter adopted by the Board of Directors, the Audit Committee assists the Board in fulfilling its oversight responsibilities by, among other things, reviewing the financial reports and other financial information provided by us to any governmental body or the public. The Audit Committee charter is available on our website westwoodgroup.com under the corporate governance section. The Audit Committee reviews the adequacy of and compliance with such charter annually.

In discharging its oversight responsibilities, the Audit Committee reviewed and discussed the audited consolidated financial statements of Westwood Holdings Group, Inc. ("Westwood") as of and for the fiscal year ended December 31, 2017 with management and the independent auditors. Management is responsible for Westwood's financial reporting process, including its system of internal control over financial reporting (as defined in Rule 13a-15(f) and 15d-15(f) promulgated under the Securities Exchange Act of 1934), and for the preparation of Westwood's consolidated financial statements in accordance with generally accepted accounting principles. The independent auditor is responsible for auditing those financial statements, and expressing an opinion on the conformity of the financial statements with GAAP, as well as opining on the effectiveness of our system of internal control over financial reporting. The Audit Committee's responsibility is to monitor and review these processes. The members of the Audit Committee are "independent" as defined by SEC and NYSE rules, and, although the Board of Directors has determined that Ms. Masterson and Mr. Norman are "audit committee financial experts" as defined by SEC rules, neither Ms. Masterson, Mr. Norman, nor any other member of the Audit Committee, represent themselves to be, or to serve as, accountants or auditors by profession or experts in the field of accounting or auditing.

The Audit Committee is directly responsible for the appointment, compensation, retention and oversight of the work of our independent auditor. As part of fulfilling this responsibility, the Audit Committee engages in an annual evaluation of the independent auditing firm's qualifications, performance and independence as part of its decision as to whether the current firm should be retained for the upcoming year's audit. The Audit Committee discussed with the independent auditor the overall scope and plan for their audits and met with the firm throughout the year, with and without management present, to monitor the firm's progress and results obtained from their audits.

The Audit Committee received from Deloitte & Touche LLP a formal written statement describing all relationships between the firm and Westwood that might bear on the auditors' independence consistent with Independent Standards Board Standard No. 1, discussed with Deloitte any relationships that might impact their objectivity and independence and, based on such information, satisfied itself as to Deloitte's independence. The Audit Committee also approved in advance all audit and permitted non-audit services to be provided and concluded that Deloitte's provision of other permitted non-audit services to Westwood and related entities is compatible with Deloitte's independence.

The Audit Committee discussed with management, Westwood's internal auditors and the independent auditors the quality and adequacy of Westwood's internal controls over financial reporting and the audit scope and plans for audits performed by the internal auditors and the independent auditors.

The Audit Committee also discussed with Deloitte all communications required by generally accepted auditing standards used in the United States, including those described in Statement on Auditing Standards No. 16, as amended, as adopted by the Public Company Accounting Oversight Board in Rule 3200T.

For the fiscal year 2017, management completed the documentation, testing and evaluation of Westwood's system of internal control over financial reporting in response to the requirements set forth in Section 404 of the Sarbanes-Oxley Act of 2002, and related regulations. In making its assessment, management used the criteria set forth by the Committee of Sponsoring Organizations of the Treadway Commission ("COSO") in Internal Control - Integrated Framework (2013 framework). The Audit Committee monitored the progress of the evaluation and provided oversight and guidance to management and internal audit during the process. In connection with this oversight, the Audit Committee received periodic updates provided by management, internal audit and the independent auditors. At the conclusion of the process, management provided the Audit Committee with a report on management's assessment of the effectiveness of Westwood's internal control over financial reporting as of December 31, 2017. The Audit Committee discussed with management and Deloitte the significant accounting policies used and significant estimates made by management in the preparation of our audited consolidated financial statements and the overall quality of management's financial reporting process. In addition, the Audit Committee reviewed the quarterly and annual earnings reports with management and the independent auditors prior to earnings announcements throughout the year.

Based upon the above-mentioned review and discussions with management and Deloitte, the Audit Committee recommended to the Board of Directors that Westwood's audited consolidated financial statements be included in its Annual Report on Form 10-K for the fiscal year ended December 31, 2017, for filing with the Securities and Exchange Commission.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires our directors, executive officers and persons who own more than ten percent of our common stock to file with the SEC initial statements of beneficial ownership of securities and subsequent changes in beneficial ownership. Our officers, directors and greater-than-ten-percent stockholders are required by the SEC's regulations to furnish us with copies of all Section 16(a) forms they file.

To Westwood's knowledge, based solely on a review of the copies of such reports furnished to us and written representations that no other reports were required, we believe that our officers, directors and greater-than-ten-percent beneficial owners complied in a timely fashion with all Section 16(a) filing requirements applicable to them, with the exception of one late Form 4 filing made for Susan M. Byrne, a director, resulting in a failure to timely report one transaction.

STOCKHOLDER PROPOSALS

Proposals Included in the Proxy Statement

To be considered for inclusion in next year's proxy statement, stockholder proposals must be received at our principal executive offices no later than the close of business on November 19, 2018. Proposals should be submitted in writing to 200 Crescent Court, Suite 1200, Dallas, Texas 75201, Attn: Corporate Secretary. In order to be included in next year's proxy statement, stockholder proposals must comply with all applicable legal requirements, including Rule 14a-8 under the Exchange Act. Timely submission of a proposal does not guarantee that such proposal will be included.

Proposals Not Included in Proxy Statement

If Westwood does not receive notice of a stockholder proposal at least 45 calendar days before the mailing date of the proxy statement for the prior year's annual meeting, then your proxy will confer discretionary authority on the person(s) named in the form of proxy for the annual meeting to vote on the proposal if it is properly presented for consideration at a meeting.

ANNUAL REPORT

Our 2017 Annual Report to Stockholders, which includes our consolidated financial statements as of and for the year ended December 31, 2017, is being mailed to you along with this proxy statement. Upon written request, we will provide, without charge to any stockholder, a copy of our 2017 Form 10-K, including the financial statements and financial statement schedules to such report. Such request should be directed to 200 Crescent Court, Suite 1200, Dallas, Texas 75201, Attn: Corporate Secretary.

HOUSEHOLDING OF PROXY MATERIALS

Unless we have received contrary instructions, we may send a single copy of this proxy statement and notice of annual meeting to any household at which two or more stockholders reside if we believe the stockholders are members of the same family. Each stockholder in the household will continue to receive a separate proxy card. This process, known as "householding," reduces the volume of duplicate information received at any one household and helps to reduce our expenses. However, if stockholders prefer to receive multiple sets of our disclosure documents at the same address this year or in future years, they should follow the instructions described below. Similarly, if an address is shared with another stockholder and together both of the stockholders would like to receive only a single set of our disclosure documents, they should follow these instructions:

If the shares are registered in the name of the stockholder, stockholders should contact us at our offices at 200 Crescent Court, Suite 1200, Dallas Texas 75201, Attention: Corporate Secretary, or by telephone at 214-756-6900, to inform Westwood of their request.

If a bank, broker or other nominee holds the shares, stockholders should contact the bank, broker or other nominee directly.

OTHER MATTERS

Our Board of Directors knows of no other matters that will be presented for consideration at the annual meeting. If any other matters are properly brought before the meeting, it is the intention of the persons named as proxy holder in the accompanying proxy to vote on such matters in their discretion.
