PROXY STATEMENT ANNUAL MEETING OF STOCKHOLDERS MAY 14, 2004

This Proxy Statement is furnished in connection with the solicitation of proxies by the board of directors (the "Board") of Dalrada Financial Corporation, formerly Imaging Technologies Corporation, a Delaware corporation (the "Company"), to be voted at the Annual Meeting of Stockholders of the Company (the "Meeting") which will be held at 9449 Balboa Avenue, Suite 211, San Diego, California 92123 on May 14, 2004 at 10 a.m., local time, and any adjournment(s) thereof, for the purposes set forth in the accompanying Notice of Annual Meeting of Stockholders and in this Proxy Statement.

The principal executive offices of the Company are located at 9449 Balboa Avenue, Suite 211, San Diego, California 92123. The approximate date on which this Proxy Statement and accompanying Proxy will first be sent or given to stockholders is April 15, 2004.

VOTING SECURITIES

VOTING

The specific proposals to be considered and acted upon at the Meeting are summarized in the accompanying Notice of Annual Meeting of Stockholders and are described in more detail in this Proxy Statement. On March 31, 2004, the record date for determination of stockholders entitled to notice of and to vote at the Meeting, 482,277,766 shares of the Company's common stock, par value \$.005 (the "Common Stock") and 420.5 shares of 5% Convertible Preferred Stock, par value \$1,000 per share (the "5% Convertible Stock"), were issued and outstanding. Each stockholder is entitled to one vote for each share of Common Stock and no vote for each share of 5% Convertible Stock held by such stockholder on March 31, 2004.

The attendance, in person or by proxy, of the holders of a majority of the outstanding voting shares of Common Stock entitled to vote at the Meeting is necessary to constitute a quorum. A vote of the holders of a majority of the number of outstanding shares of Common Stock, present, in person or represented by proxy at the Meeting and entitled to vote at the Meeting, will be required for the approval of each of the amendments to the Company's certificate of incorporation (the "Certificate of Incorporation"), the election of directors, approval of the stock option and stock purchase plans, and election of the Company's accountants.

Although the Company is a Delaware corporation, under Section 2115 of the California Corporations Code, certain provisions of the California Corporation Code apply to the Company because of the residence of the Company's stockholders and the extent of its business operations and assets in California. The provisions pertaining to certain requirements of cumulative voting apply to the Company.

Stockholders have cumulative voting rights when voting for directors. Accordingly, any stockholder may multiply the number of votes he or she is entitled to vote by the number of directors to be elected and allocate votes among the candidates in any manner. However, no voting stockholder may cumulative votes unless the name(s) of the director candidate or candidates have been placed in nomination prior to the voting and the stockholder, prior to the voting, has given notice at the Meeting of its intention to cumulate its shares. If any one stockholder has given a notice of its intention to cumulate votes then all stockholders may cumulate their votes for director candidates in

Edgar Filing: DALRADA FINANCIAL CORP - Form DEFA14A

nomination. Stockholders may exercise such cumulative voting rights, either in person or by proxy after providing the proper notice. The five director nominees receiving the highest number of votes will be elected.

The Board intends to vote proxies equally for the five nominees unless otherwise instructed on the Proxy Card. If you do not wish your votes to be voted for particular nominees, please identify the exceptions in the designated place on the Proxy Card. If at the time of the Meeting one or more of the nominees have become unavailable to serve, votes represented by Proxies will be voted for the remaining nominees and for any substitute nominee or nominees designated by the Board. Directors elected at the Meeting will hold office until the next Annual Meeting of Stockholders or until their successors have been elected and qualified.

All votes will be tabulated by the inspector of election appointed for the Meeting, who will separately tabulate affirmative and negative votes, abstentions and broker non-votes. Abstentions and broker non-votes are counted as present for purposes of determining the presence or absence of a quorum for the transaction of business. Abstentions will be counted towards the tabulations of votes cast on proposals presented to the stockholders and will have the same effect as negative votes except in regard to the election of directors. Broker non-votes will not be counted towards the tabulations of votes cast on proposals presented to the stockholders.

PROXIES

If the enclosed form of Proxy is properly signed and returned, the shares represented thereby will be voted at the Meeting in accordance with the instructions specified thereon. If the Proxy does not specify how the shares represented thereby are to be voted, the Proxy will be equally voted FOR the election of the five directors proposed by the Board unless the authority to vote for the election of such directors is withheld and, if no contrary instructions are given, the Proxy will be voted FOR the approval of Proposals 1, 2, and 3, described in the accompanying Notice and Proxy Statement. You may revoke or change your Proxy at any time before the Meeting by filing with the Secretary of the Company at the Company's principal executive offices at 9449 Balboa Avenue, Suite 211, San Diego, California 92123, a notice of revocation or another signed Proxy with a later date. You may also revoke your Proxy by attending the Meeting and voting in person.

SOLICITATION

The Company will bear the entire cost of solicitation, including the preparation, assembly, printing and mailing of this Proxy Statement, the form of Proxy and any additional solicitation materials furnished to the stockholders. Copies of solicitation materials will be furnished to brokerage houses, fiduciaries and custodians holding shares in their names that are beneficially owned by others so that they may forward this solicitation material to such beneficial owners. The Company may reimburse such persons for their costs in forwarding the solicitation materials to such beneficial owners. In addition to the solicitation of Proxies by mail, Proxies may be solicited without extra compensation paid by the Company by directors, officers and employees of the Company by telephone, facsimile, telegraph or personal interview.

Proposals of stockholders of the Company that are intended to be presented by such stockholders at the Company's 2004 Annual Meeting of Stockholders must be received by the Company at its executive offices not later than a reasonable time before the Company begins to print and mail its proxy materials in order that such proposals may be included in the Proxy Statement and form of Proxy relating to such meeting.

The Board and Its Committees

The Board has met and discussed the governance practices followed by the Company in order to assure that the Board will have the necessary authority to review and evaluate the Company's business operations as needed and to make decisions that are independent of the Company's management. These discussions are intended to align the interests of directors and management with those of the Company's shareholders. The nature of these discussions deal with the practices the Board will follow with respect to board composition and selection, board meetings and involvement of senior management, Chief Executive Officer performance evaluation and succession planning, and board committees and compensation. The Board is mindful of the changes in the rules of the Securities and Exchange Commission and the implementation of the Sarbanes-Oxley Act of 2002. The Board has two committees: an Audit Committee and a Compensation Committee. The entire Board acts in relation to corporate governance and nominating.

The Board of Directors met eight times during the fiscal year ended June 30, 2003. All directors attended at least 90% of the Board meetings and meetings of the committees on which they serviced during the fiscal year ended June 30, 2003.

The Company's audit committee (the "Audit Committee"), composed of Messrs. -----
Richard Green, Robert Dietrich and Stephen Fryer, met once during the fiscal year ended June 30, 2003, to review the Company's financial statements and to meet with the Company's independent auditors.

The Audit Committee assists the Board of Directors in its oversight of the quality and integrity of the accounting, auditing, and reporting practices of the Company. The Audit Committee's role includes discussing with management the Company's processes to manage business and financial risk, and for compliance with significant applicable legal, ethical, and regulatory requirements. The Audit Committee is responsible for the appointment, replacement, compensation, and oversight of the independent auditor engaged to prepare or issue audit reports on the financial statements of the Company. The Audit Committee relies on the expertise and knowledge of management, the internal auditors, and the independent auditor in carrying out its oversight responsibilities. The Board of Directors has determined that each Audit Committee member has sufficient knowledge in financial and auditing matters to serve on the Committee.

The Company's compensation committee (the "Compensation Committee"), composed of Messrs. Eric Gaer, Stephen Fryer and Richard Green, met once during the fiscal year ended June 30, 2003, to review executive compensation and the status of the Company's employee stock option plans. The primary responsibilities of the Compensation Committee are to (1) review and recommend to the Board the compensation of the Chief Executive Officer and other officers of the Company, (2) review executive bonus plan allocations, (3) oversee and advise the Board on the adoption of policies that govern the Company's compensation programs, (4) oversee the Company's administration of its equity-based compensation and other benefit plans, and (5) approve grants of stock options and stock awards to officers and employees of the Company under its stock plan. The Compensation Committee's role includes producing the report on executive compensation required by SEC rules and regulations.

The entire Board acts in relation to corporate governance and nominating, with responsibilities including (1) determine the slate of director nominees for election to the Company's Board of Directors, (2) identify and recommend

Edgar Filing: DALRADA FINANCIAL CORP - Form DEFA14A

candidates to fill vacancies occurring between annual shareholder meetings, and (3) review, evaluate, and recommend changes to the Company's corporate governance, including periodic review of the compensation paid to non-employee directors. The Board also meets to annual review the Chief Executive Officer's performance. The Board of Directors will consider shareholder recommendations for candidates to the Board. The name of any recommended candidate for director, including the candidate's willingness to serve, if elected, should be sent to the attention of the Secretary of the Company.

None of the members of the committees above was an officer or employee of the Company at any time during the fiscal year ended June 30, 2003, or at any other time with the exception of Eric Gaer, who was employed by the company in the 1980's.

No current executive officer of the Company has ever served as a member of the board of directors or compensation committee of any other entity that has or has had one or more executive officers serving as a member of the Board or Compensation Committee.

Director and Committee Compensation

Directors who are not employees of the Company or one of its subsidiaries receive fees of \$500 per meeting attended.

THE BOARD RECOMMENDS THAT THE STOCKHOLDERS VOTE FOR
THE ELECTION OF THE NOMINEES LISTED ABOVE.

PROPOSAL 2
APPROVAL OF AN AMENDMENT OF THE COMPANY'S
CERTIFICATE OF INCORPORATION TO INCREASE
THE AUTHORIZED COMMON STOCK

General

On September 3, 2003, the Board unanimously adopted a resolution proposing, declaring advisable and recommending a proposal to amend the Certificate of Incorporation to increase the number of shares of Common Stock which the Company is authorized to issue from 500,000,000 to 1,000,000,000 shares. The Board determined that such amendment is advisable and directed that the proposed amendment be considered at the Meeting. The additional 500,000,000 shares of Common Stock, if and when issued, will have the same rights and privileges as the shares of Common Stock presently issued and outstanding. Each holder of Common Stock is entitled to one vote per share on all matters submitted to a vote of stockholders. The Common Stock does not have cumulative voting rights except for those as may be required under California law. The holders of Common Stock share ratably on a per share basis in any dividends when, as and if declared by the Board out of funds legally available therefor and in all assets remaining after the payment of liabilities in the event of the liquidation, dissolution or winding up of the Company. There are no preemptive or other subscription rights, conversion rights or redemption or sinking fund provisions with respect to the Common Stock.

Reference is made to the proposed amendment to Article Fourth of the Certificate of Incorporation which is attached hereto as Exhibit A to this Proxy Statement.

The Certificate of Incorporation, as amended to date, authorizes the Company to issue 500,000,000 shares of Common Stock, \$.005 par value per share, of which 482,277,766 shares were issued and outstanding as of March 31, 2004, and 100,000 shares of the Company's preferred stock, par value \$1,000.00 per

Edgar Filing: DALRADA FINANCIAL CORP - Form DEFA14A

share (the "Preferred Stock"), of which 420.5 shares of 5% Convertible Stock were outstanding on such date. In addition to the 482,277,766 shares of Common Stock outstanding as of March 31, 2004, 16,887,976 shares of Common Stock are reserved for possible future issuances as follows:

- options to purchase 7,539,661 shares at exercise prices between \$.20 and \$0.56 per share;
- warrants to purchase 9,336,300 shares at exercise prices between \$0.01 and \$11.40 per share; and
- 12,015 shares issuable upon conversion of 420.5 shares of 5% Convertible Stock currently outstanding. The Company expects the remaining shares of 5% Convertible Stock outstanding to be cancelled and replaced by cash or equity, or a combination of both. The 5% Convertible Stock is convertible into Common Stock at the discretion of the holders.

Purposes and Certain Possible Effects of Increasing the Number of Authorized ----- Shares of Common Stock -----

The Company has historically either publicly offered or privately placed its capital stock to raise funds to finance its operations, and has issued securities to management, non-management employees and consultants. The Company expects to continue to make substantial expenditures for development and marketing of products and services. The Company continues to actively explore and negotiate additional financing that it requires. The Company may also seek acquisitions of other companies, products and assets. These activities are likely to require the Company to sell shares of Common Stock or securities convertible into or exchangeable for Common Stock. The Company has, at times in the past, sold shares or securities instruments exercisable or convertible into shares at below the market price of its Common Stock at the date of issuance and may be required to do so in the future in order to raise financing.

The Board acknowledges that the increase in the number of authorized shares of Common Stock at this time will provide the Company with the ability to issue the shares of Common Stock it is currently obligated to issue pursuant to the exercise and conversion of outstanding convertible securities, and also provide it with the flexibility of having an adequate number of authorized but unissued shares of Common Stock available for future financing requirements, including acquisitions and other corporate purposes (including issuances pursuant to the 2001 Stock Option Plan and 2001 Stock Purchase Plan) without the expense or delay attendant in seeking stockholder approval at any special or other annual meeting. The proposed amendment would provide additional authorized shares of Common Stock that could be used from time to time, without further action or authorization by the stockholders (except as may be required by law or by any stock exchange or over-the-counter market on which the Company's securities may then be listed).

Although it is not the purpose of the proposed amendment and the Board is not aware of any pending or proposed effort to acquire control of the Company, the authorized but unissued shares of Common Stock also could be used by the Board to discourage, delay or make more difficult a change in control of the Company.

This proposed amendment will not affect the rights of existing holders of Common Stock except to the extent that further issuances of Common Stock will reduce each existing stockholder's proportionate ownership. In the event that stockholder approval of this proposed amendment of the Certificate of Incorporation to increase the authorized Common Stock is not obtained, the Company will be unable to satisfy its exercise and conversion obligations under

Edgar Filing: DALRADA FINANCIAL CORP - Form DEFA14A

the terms of certain of its outstanding convertible securities and holders of such convertible securities may commence legal proceedings against us.

The increase in authorized shares at this time is to ensure that there is an adequate number of shares available for our convertible note holders to exercise conversions. If the current note holders were to convert the total value of their notes at one time, such a conversion could result in as much as 301,320,755 shares being issued at current market prices. The cycle of continuously converting debt and selling the common stock received may have the consequence of limiting the ability of the market to increase the market price of our stock or to prevent a possible decrease in the market price of our Common Stock.

The failure to increase the number of authorized shares would result in our inability to fulfill our contractual commitment to the convertible note holders to increase our number of authorized shares, which would trigger the default clause contained in the notes. The default clause requires a cash payment which we would not be able to meet. Contractually, we would be obligated to pay the note holders a default payment amounting to the then outstanding principal amount of the notes plus accrued and unpaid interest on the unpaid principal amount of the debentures. In addition, we may be subject to liquidated damages as a result of our inability to honor a note holder's conversion request. Our inability to meet our contractual obligations to the note holders would most likely result in some sort of legal action from the note holders.

Summary of Convertible Notes

On December 12, 2000, the Company entered into a Convertible Note Purchase Agreement with Amro International, S.A., Balmore Funds, S.A. and Celeste Trust Reg. Pursuant to this agreement, the Company sold to each of the purchasers convertible promissory notes in the aggregate principal amount of \$850,000 bearing interest at the rate of eight percent (8%) per annum, due December 12, 2003, each convertible into shares of the Company's common stock. Interest shall be payable, at the option of the purchasers, in cash or shares of common stock. At any time after the issuance of the notes, each note is convertible into such number of shares of common stock as is determined by dividing (a) that portion of the outstanding principal balance of the note as of the date of conversion by (b) the lesser of (x) an amount equal to seventy percent (70%) of the average closing bid prices for the three (3) trading days prior to December 12, 2000 and (y) an amount equal to seventy percent (70%) of the average closing bid prices for the three (3) trading days having the lowest closing bid prices during the thirty (30) trading days prior to the conversion date. The Company has recognized interest expense of \$364,000 relating to the beneficial conversion feature of the above notes. Additionally, the Company issued a warrant to each of the purchasers to purchase 502,008 shares of the Company's common stock at an exercise price equal to \$1.50 per share. The purchasers may exercise the warrants through December 12, 2005. During fiscal 2003, 2002 and 2001, notes payable of \$0, \$0 and \$675,000, respectively, was converted into the Company's common stock.

On July 26, 2001, the Company entered into a convertible note purchase agreement with certain investors whereby the Company sold to the investors a convertible debenture in the aggregate principal amount of \$1,000,000 bearing interest at the rate of eight percent (8%) per annum, due July 26, 2004, convertible into shares of the Company's common stock. Interest is payable, at the option of the investor, in cash or shares of the Company's common stock. The note is convertible into such number of shares of the Company's common stock as is determined by dividing (a) that portion of the outstanding principal balance of the note by (b) the conversion price. The conversion price equals the lesser of (x) \$1.30 and (y) 70% of the average of the 3 lowest closing bid prices during the 30 trading days prior to the conversion date. Additionally, the

Edgar Filing: DALRADA FINANCIAL CORP - Form DEFA14A

Company issued a warrant to the investor to purchase 769,231 shares of the Company's common stock at an exercise price equal to \$1.30 per share. The investor may exercise the warrant through July 26, 2006. In accordance with EITF 00-27, the Company first determined the value of the note and the fair value of the detachable warrants issued in connection with this convertible debenture.
