-Warren Buffett

Dear Fellow Fund Shareholder:

For the first six months of 2007, the Fund's per share net asset value (NAV) was up 3.2% (from \$9.55 to \$9.86), compared to a 7.0% increase in the S&P 500 (with dividends reinvested) over the same period. Since the beginning of 2000, the Fund's NAV has outperformed the S&P 500 as shown on the graph below. (All of our comparisons in this letter focus on changes in NAV, which is the only variable that an investment advisor can practically affect.)

Ken Janke, the recently retired Fund portfolio manager, left the Fund with a wonderful portfolio. For the most part, we agree with Ken's investment judgment and are happy to continue to hold wonderful companies such as Johnson & Johnson (NYSE: JNJ), Colgate-Palmolive (NYSE: CL), PepsiCo (NYSE: PEP) and many others. In those few situations where we feel the need to fine-tune the portfolio, we have already taken some steps down that path. Promptly after taking over management of the Fund portfolio, we sold RPM International (NYSE: RPM) and McCormick & Co. (NYSE: MKC).

Our first Fund purchases may be of more interest to you. The Home Depot, Inc. (NYSE: HD) and Lowe's Companies, Inc. (NYSE: LOW) are the No. 1 and the No. 2 competitors in the retail home improvement industry. Each has particular advantages and disadvantages, and we're happy to own both of these fine companies. We also bought Graco, Inc. (NYSE: GGG), a well-managed worldwide supplier of fluid control equipment, including industrial paint sprayers, lubrication equipment and related products.

Edgar Filing: NAIC GROWTH FUND INC - Form N-CSRS

Our analysis of Home Depot (HD) may help you better understand our investment philosophy of buying great companies at temporarily depressed prices. Home Depot has suffered in the recent past from a great deal of bad publicity, and a lackluster stock price. However, HD's future is a lot brighter than its recent past. We were attracted to HD because:

- § HD is the No. 1 company in its industry in North America (United States, Canada and Mexico), and has opportunities to continue to expand internationally, including a fledgling operation in China.
- § HD recently agreed to sell its contractor supply business in order to focus on its retail business.
- § HD's new Chief Executive Officer (Frank Blake) appears to have stabilized HD, and is focusing HD on its core retail business.
- § HD has historically earned high returns on the capital employed in its business, and this is likely to continue in the future.
- § HD is using its significant cash flow (including the proceeds from the sale of its contractor supply business and new long-term debt) in a massive stock repurchase plan, which could result in HD repurchasing up to 30% of its outstanding shares.
- § HD owns 87% of the real estate underlying its retail stores.

There is no question that HD faces some current headwinds, including the bad publicity referred to above and a slow and deteriorating housing market. Nevertheless, we believe that long-term HD investors will be well rewarded.

We thank Ken Janke (and previously, the team of Ken Janke and Tom O'Hara) for their wisdom and insight in creating the Fund portfolio that we've inherited. We wish Ken well in retirement. Hopefully, Ken will be able to spend more time playing golf, which is another one of his loves after investing.

We also say goodbye to Tom O'Hara, who leaves the Board after 18 years as a director. Tom was instrumental in getting the Fund off the ground, and spent most of these 18 years co-managing the Fund with Ken Janke. We wish Tom continued good health, and know that he will be carefully watching the Fund's progress.

We enjoy hearing from Fund shareholders. If you have a question or a comment, please contact us. However, we cannot (and will not) discuss any pending or proposed Fund purchase or sale, so please don't ask.

We appreciate your continued support, and will work hard to justify your confidence.

Notes to Financial Statements

(1) *Organization.*

The NAIC Growth Fund, Inc., a Maryland corporation (Fund), is a diversified closed-end investment company subject to the Investment Company Act of 1940.

(2) *Significant Accounting Policies.*

The following is a summary of the significant accounting policies followed by the Fund not otherwise set forth in the Notes to the Financial Statements:

Dividends and distributions Dividends from the Fund's net investment income and realized net long- and short-term capital gains will be declared and distributed at least annually. Shareholders can participate in the Fund's Dividend Reinvestment and Cash Purchase Plan (see Note 4).

Investments Investments in equity securities are stated at market value, which is determined based on quoted market prices or dealer quotes. If no such price is available on the valuation date, the Board of Directors has determined that the most recent market price be used. Pursuant to Rule 2A-7 of the Investment Company Act of 1940, the Fund uses the amortized cost method to determine the carrying value of short-term debt obligations. Under this method, investment securities are valued for both financial reporting and Federal tax purposes at amortized cost, which approximates fair value. Any discount or premium is amortized from the date of acquisition to maturity. Investment security purchases and sales are accounted for on a trade date basis. Interest income is accrued on a daily basis while dividends are included in income on the ex-dividend date.

Use of estimates The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Federal income taxes The Fund intends to comply with the general qualification requirements of the Internal Revenue Code applicable to regulated investment companies such as the Fund. The Fund plans to distribute annually at least 90% of its taxable income, including net long-term capital gains, to its shareholders. In order to avoid imposition of the excise tax applicable to regulated investment companies, the Fund intends to declare as dividends in each calendar year an amount equal to at least 98% of its net investment income and 98% of its net realized capital gains (including undistributed amounts from previous years).

The following information is based upon the Federal income tax basis of portfolio investments as of June 30, 2007:

Gross unrealized appreciation	\$ 11,178,766
Gross unrealized depreciation	(14,396)
	<hr/>
Net unrealized appreciation	\$ 11,164,370
Federal income tax basis	\$ 14,047,165

Expenses The Fund's service providers bear all of their expenses in connection with the performance of their services. The Fund bears all of its expenses incurred in connection with its operations including, but not limited to, investment advisory fees (as discussed in Note 3), legal and audit fees, taxes, insurance, shareholder reporting and other related costs. As noted in Note 3, the Fund's investment advisor, as part of its responsibilities under the Investment Advisory Agreement, is required to provide certain internal administrative services to the Fund at such investment advisor's expense. The Fund's expenses are charged to expense daily as a percentage of net assets. The Investment

Edgar Filing: NAIC GROWTH FUND INC - Form N-CSRS

Advisory Agreement provides that the Fund may not incur annual aggregate expenses in excess of two percent (2%) of the first \$10,000,000 of the Fund's average net assets, one and a half percent (1.5%) of the next \$20,000,000 of the average net assets, and one percent (1%) of the remaining average net assets for any fiscal year. Any excess expenses are the responsibility of the investment advisor.

(3) *Certain Service Providers Arrangements*

Investment advisor Sims Capital Management LLC serves as the Fund's investment advisor pursuant to an investment advisory agreement (*Investment Advisory Agreement*), and is responsible for the management of the Fund's portfolio, subject to oversight by the Fund's Board of Directors generally. For its services under the Investment Advisory Agreement, the investment advisor receives a monthly fee calculated at an annual rate of three-quarters of one percent (0.75%) of the average weekly net asset value of the Fund, as long as the average weekly net asset value is at least \$3,800,000. The investment advisor is not entitled to any compensation for any week in which the average weekly net asset value falls below \$3,800,000. Pursuant to the Investment Advisory Agreement, the investment advisor is required to provide certain internal administrative services to the Fund at the investment advisor's expense.

Custodian LaSalle Bank, NA (*LaSalle*) serves as the Fund's custodian pursuant to a custodian agreement. As the Fund's custodian, LaSalle receives fees and compensation of expenses for services provided including, but not limited to, an annual account charge, annual security fee, security transaction fee and statement of inventory fee.

Transfer Agent Transfer agent American Stock Transfer & Trust Company (*AST*) serves as the Fund's transfer agent and dividend disbursing agent pursuant to custody agreements. AST receives fees for services provided including, but not limited to, account maintenance fees, activity and transaction processing fees and reimbursement for its out-of-pocket expenses. AST also acts as the agent under the Fund's Dividend Reinvestment and Cash Purchase Plan.

(4) *Dividend Reinvestment and Cash Purchase Plan.*

The Fund has a Dividend Reinvestment and Cash Purchase Plan (*Plan*) which allows shareholders to reinvest cash dividends and make cash contributions. Under the Plan, cash dividends and voluntary cash contributions are used to purchase Fund shares in the open market. In the event the Plan agent is unable to complete its purchases by the end of the thirtieth (30th) day following receipt of cash dividends from the Fund, any remaining funds are returned to participants on a pro rata basis. In the event the Plan agent is unable to complete purchases from cash contributions by the end of the twentieth (20th) day following the Investment Date (as defined), any remaining funds are returned to participants on a pro rata basis. The number of shares credited to each participant's account is based on the average purchase price for all shares purchased.

(5) *Fund Investment Transactions.*

Purchases and sales of securities, other than short-term securities, for the six-month period ended June 30, 2007 were \$2,552,536 and \$2,672,983, respectively.

(6) *Financial Highlights.*

The Financial Highlights present a per share analysis of how the Fund's net asset value has changed during the periods presented. Additional quantitative measures expressed in ratio form analyze important relationships between certain items presented in the financial statements. The total investment return based on market value assumes that shareholders bought into the Fund at the bid price and sold out of the Fund at the bid price. In reality, shareholders buy into the Fund at the asked price and sell out of the Fund at the bid price. Therefore, actual returns may differ from the amounts shown.
