Edgar Filing: NAIC GROWTH FUND INC - Form N-CSR

January 23, 2008

Dear Fellow Shareholders,

For 2007, our Fund's net asset value (NAV) declined 2.0%, after taking into account the \$0.8765 per share year-end dividend. The S&P 500, calculated on a total return basis, increased 5.5% for the year.

As we've said before, we think NAV is the only proper way to measure the performance of a closed-end fund, so we ignore the short-term movement of the Fund's stock price. However, we should note that the discount between the Fund's stock price and NAV narrowed from 10.7% to 2.2% during the year.

Since the beginning of 2000, the Fund's NAV has outperformed the S&P 500 as shown in the graph below:

Return of \$100 invested in NAIC Growth Fund, Inc. and S&P 500 since 2000

Our Fund's performance suffered because:

A. Our Fund was overweight in financial companies. As we noted in the 2007 Semiannual Report, at mid-year, our Fund had 29% of its assets in financial companies (banks, financial companies and insurers), compared to an S&P 500 weighing of approximately 22% at the beginning of 2007 and 18% at the end of the year. Financial companies suffered from subprime mortgage woes and sloppy risk management.

B. Our investments in Home Depot (HD) and Lowe's (LOW) suffered as the U.S. housing industry continued its sharp decline.

Our long-term goal is to outperform the S&P 500 over an extended time period, but we have to give ourselves a C- for our 2007 investment performance. We're not used to getting average or below average grades, so we're not pleased with our short-term performance.

Despite the 2007 problems, we're still very happy with the overall Fund portfolio. Virtually all of our portfolio companies continue to be profitable and growing despite their stock market performance. We view a share of stock as a piece of the underlying business (in accordance with Benjamin Graham's wisdom). Therefore, as long as we can identify and invest in great growth companies, we're confident that our Fund's investment performance will eventually track the operating performance of its underlying portfolio securities.

In early 2008, Standard & Poor's dropped United Parcel Service from the ranks of its AAA-rated industrial companies, leaving only five companies in that elite category. We're happy to note that the Fund owns four of these five great companies---Automatic Data Processing, Inc. (ADP) (purchased in early 2008), General Electric (GE), Johnson & Johnson (JNJ) and Pfizer (PFE). (In case you're curious, the one missing company is

Edgar Filing: NAIC GROWTH FUND INC - Form N-CSR

ExxonMobil (XON).) We favor companies with extremely high quality balance sheets and conservative finances. We view investing as a long-term proposition, and have no desire to risk a permanent loss of our capital.

We've added some companies to the portfolio that provide some insight into our investment thinking. We bought Eaton Vance (EV) in the Fund during 2007 and Franklin Resources, Inc. (BEN) in early 2008. We love the mutual fund management business' great operating, pretax and after-tax margins; very good (albeit somewhat cyclical) growth; excellent demographics; well-recognized trademarks and operational scale that provide high barriers to entry; and superb cash generation. While the mutual fund managers will experience some near-term speed bumps as the stock market bounces around, the long-term future for the premier fund managers is excellent.

While our investment performance during 2007 was nothing to write home about, we took a number of important steps to position the Fund for the future:

1. In October the Fund moved to the American Stock Exchange (AMEX). This gave us a better trading market, with a specialist making a market in our stock.
2. One of the immediate benefits of the move to the AMEX was the consolidation of our dual trading markets and dual trading symbols into one market under one trading symbol (GRF). Prior to our move to the AMEX, the Fund's shares traded on the Chicago Stock Exchange and in the over-the-counter market, under different trading symbols. This created confusion and the potential for Fund shareholders to be taken advantage of.
3. During the latter part of the year, we revised the Fund's dividend reinvestment plan (DRIP) to allow participating shareholders to easily reinvest their cash dividends in new Fund shares. The Fund's costs are, for the most part, fixed, so there is a compelling need to grow the Fund's assets, spread these fixed costs over a larger asset base and get the Fund's expense ratio down. Pursuant to the operation of the revised DRIP, over \$1.3 million of the year-end 2007 cash dividend was invested in new Fund shares.

As indicated by the Fund's name, the NAIC (National Association of Investors Corporation) plays an important role in the Fund's investment philosophy. During the first half of 2008 we have to change the Fund's name, although the NAIC's guiding principles will continue to play an important role in our investment philosophy. This decision is driven by the NAIC, which recently headed in a new strategic direction that precludes it from continuing to license the NAIC name to us. Our new corporate name, Eagle Capital Growth Fund, Inc. (and logo), is shown on the inside cover of this Annual Report and will be used starting in May, 2008. Our stock symbol will remain GRF.

From time to time we are asked about how closely we follow the NAIC investment philosophy, principles and analytic framework. While we embrace the NAIC's philosophy of long-term investing with a focus on growth companies, we also employ other analytic tools. Our goal is to try to understand each underlying business as well as we can, using both quantitative as well as qualitative tests. As noted above, we try to identify industries (such as the mutual fund managers and the orthopedic implant makers) where the economics of the industry are favorable and where all, or virtually all, of the competitors do well. Therefore, while we embrace the NAIC's quantitative approach, we also spend time on more subjective topics, such as quality of management, operating philosophy and the industry within which the company operates.

If you have any questions or comments, please contact us. Of course, as we've mentioned before, we won't discuss any potential portfolio change (addition or reduction) that we may be considering.

Notes to Financial Statements

(1) *Organization.*

The NAIC Growth Fund, Inc., a Maryland corporation (Fund), is a diversified closed-end investment company subject to the Investment Company Act of 1940.

(2) *Significant Accounting Policies.*

The following is a summary of the significant accounting policies followed by the Fund not otherwise set forth in the Notes to the Financial Statements:

Dividends and distributions Dividends from the Fund's net investment income and realized net long- and short-term capital gains will be declared and distributed at least annually.

Investments Investments in equity securities are stated at market value, which is determined based on quoted market prices or dealer quotes. If no such price is available on the valuation date, the Board of Directors has determined that the most recent market price be used. The Fund uses the amortized cost method to determine the carrying value of short-term debt obligations. Under this method, investment securities are valued for both financial reporting and Federal tax purposes at amortized cost, which approximates fair value. Any discount or premium is amortized from the date of acquisition to maturity. Investment security purchases and sales are accounted for on a trade date basis. Interest income is accrued on a daily basis while dividends are included in income on the ex-dividend date.

Use of estimates The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Federal income taxes The Fund intends to comply with the general qualification requirements of the Internal Revenue Code applicable to regulated investment companies such as the Fund. The Fund plans to distribute annually at least 90% of its taxable income, including net long-term capital gains, to its shareholders. In order to avoid imposition of the excise tax applicable to regulated investment companies, the Fund intends to declare as dividends in each calendar year an amount equal to at least 98% of its net investment income and 98% of its net realized capital gains (including undistributed amounts from previous years).

The following information is based upon the Federal income tax basis of portfolio investments as of December 31, 2007:

Gross unrealized appreciation	\$ 10,183,665
Gross unrealized depreciation	(1,277,282)
	<hr/>
Net unrealized appreciation	\$ 8,906,383
Federal income tax basis	\$ 14,554,978

Expenses The Fund's service providers bear all of their expenses in connection with the performance of their services. The Fund bears all of its expenses incurred in connection with its operations including, but not limited to, investment advisory fees (as discussed in Note 3), legal and audit fees, taxes, insurance, shareholder reporting and other related costs. As noted in Note 3, the Fund's investment advisor, as part of its responsibilities under the Investment Advisory Agreement, is required to provide certain internal administrative services to the Fund at such investment advisor's expense. The Investment Advisory Agreement provides that the Fund may not incur annual aggregate expenses in excess of two percent (2%) of the first \$10 million of the Fund's average net assets, one and a half percent (1.5%) of the next \$20 million of the average net assets, and one percent (1%) of the remaining average net assets for any fiscal year. Any excess expenses are the responsibility of the investment advisor.

Edgar Filing: NAIC GROWTH FUND INC - Form N-CSR

(3) *Certain Service Providers Arrangements*

Investment Advisor For its services under the Investment Advisory Agreement, the investment advisor receives a monthly fee calculated at an annual rate of three-quarters of one percent (0.75%) of the average weekly net asset value of the Fund, as long as the average weekly net asset value is at least \$3.8 million. The investment advisor is not entitled to any compensation for any week in which the average weekly net asset value falls below \$3.8 million. Pursuant to the Investment Advisory Agreement, the investment advisor is required to provide certain internal administrative services to the Fund at the investment advisor's expense.

Effective June 1, 2007, following shareholder approval of a new investment advisory agreement, Sims Capital Management LLC (SCM) began serving as the Fund's investment advisor. Pursuant to the Investment Advisory Agreement, SCM is responsible for the management of the Fund's portfolio, subject to oversight by the Fund's Board of Directors. SCM is 50 percent owned by a Director of the Fund who is also an owner of more than five percent of the Fund's outstanding shares. A family member of the same Director owns the remaining 50 percent of SCM. Investment advisory fees for 2007 totaled \$201,349 of which \$115,470 related to advisory services rendered by SCM for the period June 1, 2007 to December 31, 2007, of which \$14,000 was included in accrued expenses at December 31, 2007.

(4) *Dividend Reinvestment and Cash Purchase Plan.*

Pursuant to the terms of the DRIP, cash dividends may be used by the DRIP agent to either purchase shares from the Fund or in the open market, depending on the most favorable pricing available to DRIP participants. Voluntary cash contributions from DRIP participants are used to purchase Fund shares in the open market. A complete copy of the DRIP is available on the Fund's website (www.naicgrowthfund.com) or from AST, the DRIP agent.

(6) *Fund Investment Transactions.*

Purchases and sales of securities, other than short-term securities, for the period ended December 31, 2007, were \$4,197,641 and \$4,559,958, respectively.

(7) *Financial Highlights.*

The Financial Highlights present a per share analysis of how the Fund's net asset value has changed during the periods presented. Additional quantitative measures expressed in ratio form analyze important relationships between certain items presented in the financial statements. The total investment return based on market value assumes that shareholders bought into the Fund at the bid price and sold out of the Fund at the bid price. In reality, shareholders buy into the Fund at the asked price and sell out of the Fund at the bid price. Therefore, actual returns may differ from the amounts shown.

Our responsibility is to express an opinion on these financial statements and financial highlights based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements and financial highlights are free of material misstatement. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. Our procedures included confirmation of securities owned as of December 31, 2007 by correspondence with the custodian. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements and financial highlights referred to above present fairly, in all material respects, the financial position of NAIC Growth Fund, Inc. as of December 31, 2007, the results of its operations for the year then ended, the changes in net assets for each of the two years in the period then ended, and the financial highlights for each of the five years in the period then ended, in conformity with accounting principles generally accepted in the United States of America.

**NAIC GROWTH FUND, INC.
DIVIDEND REINVESTMENT AND CASH PURCHASE PLAN
(THE PLAN)**

We invite you to join the Dividend Reinvestment and Cash Purchase Plan (the Plan), which is provided to give you easy and economical ways of increasing your investment in the Fund's shares. THOSE SHAREHOLDERS WHO HAVE ELECTED TO PARTICIPATE IN THE PLAN NEED NOT DO ANYTHING FURTHER TO MAINTAIN THEIR ELECTION.

ADVANTAGES OF THE PLAN

Your increased shareholdings of NAIC Growth Fund, Inc. common stock will generate additional dividend and/or other distribution income.

You may choose to have all of your dividends and/or other distributions reinvested in shares of NAIC Growth Fund, Inc. common stock.

You may make an additional voluntary cash investment as often as once each month, in an amount of not less than \$50 nor more than \$250,000 per year.

Your cash dividends and/or other distributions will go directly to American Stock Transfer & Trust Company (the Plan Agent), which will administer the Plan, assuring prompt reinvestment of your dividends and/or other distributions. It is intended that such cash dividends and/or other distributions, together with any voluntary cash payments, will be fully utilized to purchase shares of NAIC Growth Fund, Inc. common stock.

The Plan Agent does all of the work and, at your option, will accept delivery from you, for safekeeping of, the certificates which you hold in your own name and representing shares of stock of NAIC Growth Fund, Inc. by establishing a book-entry account in your name.

The maintenance of your personal records is simplified by the detailed statements which the Plan Agent will mail to you after each investment.

Participation in the Plan is entirely voluntary. You may join at any time, and you may terminate your participation whenever you wish by following the procedures described below.

There are no fees or charges imposed upon you, other than brokerage commissions, and reasonable transaction and termination fees.

PARTICIPATION IN THE PLAN

Any holder of common stock of NAIC Growth Fund, Inc., may participate in the Plan.

JOINING THE PLAN

To join the Plan, you can either enroll on-line at www.amstock.com and clicking on Shareholder Account Access or request DRIP forms by contacting David Sims at 205 E. Wisconsin Ave, Suite 120, Milwaukee, WI 53202, telephone (414) 765-1107. Please make sure that that you sign your name on the forms exactly the same as shown on your shareholder account. Once you have completed and returned the form to American Stock Transfer & Trust Company, you will begin participating automatically in the Plan and all cash dividends and/or other distributions on NAIC Growth Fund, Inc. common stock registered in your name will be reinvested automatically.

COSTS OF THE PLAN

There are no special fees or charges relating to participation in the Plan, other than reasonable transaction fees and brokerage commissions. A termination or sale fee (currently \$15 plus \$0.10 per share) may be imposed when you terminate or sell your shares in the Plan and take delivery of accumulated shares. The benefit of any reduced brokerage commissions will be

passed on, *pro rata*, to participants. In addition, if you wish to deposit your certificated shares in your plan account, there is currently a transaction fee of \$7.50 for this service.

DIVIDEND REINVESTMENT

Dividend payments and/or other distributions made by the Fund to participants in the Plan are made in one of two ways. They are paid to the Plan Agent either in cash (which then are used to purchase shares in the open market), or by the delivery of newly-issued Fund shares. The option chosen by the Fund is the one that the Fund determines is the most favorable to participants, as described below under Additional Terms and Conditions of Participation in the NAIC Growth Fund, Inc. Dividend Reinvestment and Cash Purchase Plan. In the event the Plan Agent is unable to complete its acquisition of shares to be purchased on the open market by the end of the thirtieth (30th) day following receipt of the cash dividends and/or other distributions from the Fund, any remaining funds will be returned to the Participants on a pro rata basis.

VOLUNTARY CASH PAYMENTS

You may make voluntary monthly cash payments of not less than \$50 (but not more than \$250,000 per year) for the purpose of acquiring additional shares. You may make these voluntary cash payments regularly or from time to time, and you may also vary the amount of each payment so long as the amount of any monthly voluntary cash payment meets the foregoing limitations. Voluntary cash payments must be received by the Plan Agent on or prior to the last day of any month and will be invested beginning on or about the first business day of the following month (an Investment Date). Voluntary cash payments will be invested in shares purchased in the open market, (calculated to three decimal places in your account). However, if purchases of shares on the open market with such voluntary cash payments have not been completed by an ex-dividend date, the balance of such cash payments will be returned and credited on a pro rata basis. The Plan Agent will also return all voluntary cash payments it is holding or receives for purchases to be made on the Investment Date immediately following the dividend payment date if purchases are being made with the cash dividends or other distributions on or after such Investment Date. In the event the Plan Agent is unable to complete its acquisition of shares to be purchased on the open market by the end of the thirtieth (30th) day following the Investment Date, any remaining funds will be returned to the participants on a pro rata basis. All cash payments received by the Plan Agent in connection with the Plan will be held without earning interest. To avoid unnecessary cash accumulations, and also to allow ample time for receipt and processing by the Plan Agent, participants that wish to make voluntary cash payments should send such payments to the Plan Agent in such a manner that assures that the Plan Agent will receive and collect federal funds by the end of the month. This procedure will avoid unnecessary accumulations of cash and will enable participants to realize lower brokerage commissions and avoid additional transaction charges. If a voluntary cash payment is not received in time to purchase shares for the calendar month indicated, the Plan Agent shall attempt to invest such payment on the next Investment Date. Optional cash payments can also be made on-line at www.amstock.com. You need to know your American Stock Transfer & Trust Company 10 digit account number to access your account.

If an optional cash payment is paid by a check and the check is returned by the bank, a fee of \$25 will be charged. If the funds have not yet been invested, the Plan Agent will debit the amount of such funds. If the funds have been invested, then the Plan Agent will sell the shares to recover the amount of the returned check. If the cash balance of the sale is not enough to cover the debit of the amount of the returned check, then the Plan Agent reserves the right to sell account shares to pay the balance. The Plan Agent will also sell additional shares to recover the amount of the return fee.

HOLDING OF SHARES

For your convenience, the Plan Agent will hold all shares that you acquire as a result of your participation in the Plan for safekeeping. However, upon your on-line request at www.amstock.com, telephonically at (877) 739-9994 or request by mail, the Plan Agent will send you a certificate representing a specified number of full shares which you have acquired through the Plan and which are held for your account.

Edgar Filing: NAIC GROWTH FUND INC - Form N-CSR

The Plan Agent will also allow you to deposit with it, in safekeeping and in your book-entry account for the Plan, any additional stock certificates for the Fund's shares you might have in your possession. This will enable you to guard against loss, theft or damage.

STATEMENT OF ACCOUNT

A cumulative, detailed statement of your account under the Plan for each current calendar year will be sent to you by the Plan Agent; and you will also receive the customary Form 1099 (Internal Revenue Service) reporting dividend and/or other distribution income.

WITHDRAWAL OF SHARES

You are not committed to remain in the Plan. You may terminate your participation at any time by written notice to the Plan Agent or on line at **www.amstock.com**. All requests for termination of participation in the Plan must be received at least three business days prior to the next dividend and/or other distribution payment date in order for the cash dividend and/or other distribution not to be reinvested. A separate written request, however, must be made to obtain the return of any voluntary cash payment. You may obtain the return of any voluntary cash payment if your written request is received by the Plan Agent at least forty-eight (48) hours prior to the time such voluntary cash payment is invested.

Upon terminating participation in the Plan, certificates for full shares held in your account will be issued and sent to you. Any remaining fractional share will be converted to cash, on the basis of the then current market price of the Fund's common stock, and a check, representing the same, will be issued and sent to you (less service fees). If you desire, you may direct that your full shares be sold in the open market and that the proceeds (less any brokerage commission incurred as a result of such sale) be sent to you.

INCOME TAX CONSIDERATIONS

Dividends (including those declared in shares of stock) and other distributions invested under the Plan are taxable in the same way as dividends and other distributions paid to you in cash.

SHAREHOLDERS RIGHTS

Shares held under the Plan have the same rights as all other shares, in terms of stock dividends, stock splits, and preemptive and voting rights. Stock dividends will be fully credited to your account. Transaction processing may either be curtailed or suspended until the completion of any stock dividend, stock split or corporate action.

Sims Capital Management LLC, a Wisconsin limited liability company (the Advisor), is the investment advisor for the Fund. The Fund and the Advisor, are parties to an Investment Advisory Agreement dated as of February 16, 2007 (the Advisory Agreement). The Fund is one of the Advisor's two advisory clients.

The Advisor's authority to vote the proxies of the Fund is established through the Investment Advisory Agreement. It has adopted the following policies of procedures:

The Advisor will vote proxies for its clients and, therefore, will adhere to the following requirements:

A. General Statement of Policy. When the Advisor votes proxies it generally follows the so-called Wall Street Rule (i.e., it votes as management recommends or sells the stock prior to the meeting). The Advisor believes that following the Wall Street Rule is consistent with the economic best interests of its clients. Consistent with its duty of care the Advisor monitors proxy proposals just as it monitors other corporate events affecting the companies in which its clients invest. In the rare circumstances that the Advisor would vote against management's recommendations, a detailed explanation as to the reason for divergence with the such recommendation would be put into writing and maintained in the client file.

B. Conflicts of Interest. There may be instances where the interests of the Advisor may conflict or appear to conflict with the interests of its clients. For example, the Advisor may manage a pension plan of a company whose management is soliciting proxies and there may be a concern that the Advisor would vote in favor of management because of its relationship with the Advisor. In such situations, the Advisor will, consistent with its duty of care and duty of loyalty, vote the securities in accordance with its pre-determined voting policy, the Wall Street Rule, but only after the disclosing the conflict to clients and affording the clients the opportunity to direct the Advisor in the voting of such securities.

C. Record Keeping. The Advisor will maintain the following records with respect to proxy voting:

- (1) A copy of this proxy voting policy;
- (2) A copy of all proxy statements received (the Advisor may rely on the EDGAR system to satisfy this requirement);
- (3) A record of each vote cast on behalf of a client (the Advisor may rely on a third party to satisfy this requirement);
- (4) A copy of any document prepared by the Advisor that was material to making a voting decision or that memorializes the basis for that decision;
- (5) A copy of each written client request for information on how the Advisor voted proxies on the client's behalf, and a copy of any written response to any (written or oral) client request for information on how the Advisor voted proxies on behalf of the requesting client.
