The Annual Meeting of Stockholders of TD Ameritrade Holding Corporation (the “Company”) will be held at the Company’s corporate headquarters facility, 200 South 108th Avenue in Omaha, Nebraska on Thursday, February 12, 2015, at 9:00 a.m., Central Standard Time. You may also attend the meeting virtually via the Internet at www.virtualshareholdermeeting.com/amtd2015, where you will be able to vote electronically and submit questions during the meeting.

At the annual meeting the following items of business will be considered:

- 1) The election of four nominees recommended by the board of directors to the board of directors;
- 2) An advisory vote on executive compensation; and
- 3) Ratification of the appointment of Ernst & Young LLP as the Company’s independent registered public accounting firm for the fiscal year ending September 30, 2015.

Only stockholders of record at the close of business on December 15, 2014 will be entitled to notice of and to vote at the meeting.

We have adopted the U.S. Securities and Exchange Commission rule that allows companies to furnish their proxy materials over the Internet. As a result, we are mailing a Notice of Internet Availability of Proxy Materials (the “Internet Availability Notice”) to most of our stockholders instead of a paper copy of this Proxy Statement and our 2014 Annual Report. The Internet Availability Notice contains instructions on how to access and review those documents over the Internet. We believe that this process allows us to provide our stockholders with the information they need in a more timely manner, while reducing the environmental impact and lowering the costs of printing and distributing our proxy materials. If you received an Internet Availability Notice by mail and would like to receive a printed copy of our proxy materials, you should follow the instructions for requesting such materials included in the Internet Availability Notice.

Your vote is very important. Whether or not you plan to attend the Annual Meeting (in person or virtually via the Internet), please complete and return your proxy card or vote by telephone or via the Internet by following the instructions on your Internet Availability Notice. Returning a proxy card or otherwise submitting your proxy does not deprive you of your right to attend the Annual Meeting and vote in person or virtually via the Internet. Proxies are being solicited on behalf of the board of directors.

By Order of the Board of Directors

Secretary

GENERAL INFORMATION ABOUT THE MEETING

This Proxy Statement is furnished in connection with the solicitation of proxies to be voted at the 2015 Annual Meeting of Stockholders of TD Ameritrade Holding Corporation (the “Company”). The 2015 Annual Meeting will be held on Thursday, February 12, 2015 at 9:00 a.m., Central Standard Time, at the Company’s corporate headquarters facility, 200 South 108th Avenue in Omaha, Nebraska and via the Internet at www.virtualshareholdermeeting.com/amtd2015, where you will be able to vote electronically and submit questions during the meeting. This Proxy Statement and the accompanying proxy card are first being sent to stockholders on or about January 2, 2015.

Q u o r u m a n d V o t i n g R e q u i r e m e n t s

The Company has one class of common stock. Each share of common stock is entitled to one vote upon each matter to be voted on at the Annual Meeting. Stockholders do not have the right to cumulate votes in the election of directors. Only stockholders of record at the close of business on December 15, 2014 (the “Record Date”) will be entitled to vote at the Annual Meeting. As of the Record Date, there were 543,276,926 shares of common stock issued and outstanding.

This Proxy Statement relates only to the solicitation of proxies from the stockholders with respect to the election of four Class I directors recommended by the board of directors, an advisory vote on executive compensation and ratification of the appointment of the Company’s independent registered public accounting firm. All shares of the Company’s common stock represented by properly executed and unrevoked proxies will be voted by the persons named as proxies in accordance with the directions given. Where no instructions are indicated on any such proxy, properly executed proxies will be voted “FOR” the proposals set forth in this Proxy Statement for consideration at the Annual Meeting. At this time, we are unaware of any matters, other than described above in the Notice of Annual Meeting of Stockholders, that may properly come before the Annual Meeting. If any other

matters come before the Annual Meeting, the proxies in the enclosed form will confer discretionary authority on the persons named as proxies to vote in their discretion with respect to such matters.

The accompanying proxy is solicited from the holders of the Company’s common stock on behalf of the board of directors of the Company. A proxy is revocable at any time by giving written notice of revocation to the secretary of the Company prior to the Annual Meeting or by executing and delivering a later-dated proxy via the Internet, telephone or mail prior to the Annual Meeting. Furthermore, the stockholders who are present at the Annual Meeting (in person or via the Internet) may revoke their proxies and vote in person. Stockholders attending the Annual Meeting via the Internet should follow the instructions at www.virtualshareholdermeeting.com/amtd2015 in order to vote at the meeting.

A quorum consisting of at least a majority of shares of common stock issued and outstanding must be present at the meeting for any business to be conducted. Shares of common stock entitled to vote and represented by properly executed, returned and unrevoked proxies, including shares with respect to which votes are withheld, abstentions are cast or shares that are “broker non-votes,” will be considered present at the Annual Meeting for purposes of determining a quorum. Broker non-votes are shares held by brokers or nominees for which voting instructions have not been received from the beneficial owners or the persons entitled to vote those shares and for which the broker or nominee does not have discretionary voting power under rules applicable to broker-dealers. If your broker holds your shares in its name and you do not instruct your broker how to vote, your broker will nevertheless have discretion to vote your shares on our sole “routine” matter – the ratification of the appointment of the Company’s independent registered public accounting firm. Your broker will not have discretion to vote on the following “non-routine” matters absent direction from you: the election of directors recommended by the board of directors and the advisory vote on executive compensation.

PROPOSAL NO. 1 — ELECTION OF DIRECTORS
RECOMMENDED BY THE BOARD OF DIRECTORS

B o a r d o f D i r e c t o r s

The Company's certificate of incorporation divides the Company's board of directors into three classes, with four directors per class and with each class being elected to a staggered three-year term. J. Joe Ricketts, the Company's founder, certain members of his family and trusts established for their benefit (collectively, the "Ricketts holders") owned approximately 12% of our common stock as of the Record Date. The Toronto-Dominion Bank, a Canadian chartered bank, owned approximately 41% of our common stock as of the Record Date. References to "TD" or "TD Bank Group" in this Proxy Statement refer to The Toronto-Dominion Bank and its subsidiaries. In connection with the Company's January 24, 2006 acquisition of TD Waterhouse Group, Inc. ("TD Waterhouse"), the Ricketts holders, TD and the Company entered into a stockholders agreement, as amended (the "Stockholders Agreement"). Under the Stockholders Agreement, the Company's board of directors consists of twelve members, up to five of whom may be designated by TD, up to three of whom may be designated by the Ricketts holders, one of whom is the chief executive officer of the Company, and a minimum of three of whom are outside independent directors who are nominated by the Outside Independent Directors ("OID") Committee and then approved by TD and the Ricketts holders. The right of each of TD and the Ricketts holders to designate directors is subject to their maintenance of specified ownership thresholds of Company common stock, as set forth in the Stockholders Agreement. See discussion under "STOCK OWNERSHIP AND RELATED INFORMATION – Stockholders Agreement" for additional information regarding the terms of the Stockholders Agreement. As of the Record Date, based on their respective ownership positions in the Company, TD may designate five members of the board of directors and the Ricketts holders may designate one member. Because TD and the Ricketts holders collectively own more than 50% of the voting power of the outstanding common stock of the Company, the Company qualifies as a "controlled company" for purposes of New York Stock Exchange ("NYSE") Rule 303A and therefore is exempt from specified director independence requirements of NYSE.

The board of directors has nominated the following persons as directors to be voted upon at the 2015 Annual Meeting: W. Edmund Clark, Karen E. Maidment, Mark L. Mitchell and Fredric J. Tomczyk, as Class I directors to serve terms ending at the 2018 Annual Meeting. Mr. Clark and Ms. Maidment are designees of TD. Mr. Mitchell is an outside independent director. Mr. Tomczyk is the chief executive officer of the Company. Marshall A. Cohen, Bharat B. Masrani, Todd M. Ricketts and Allan R. Tessler are Class II directors serving terms ending at the 2016 Annual Meeting. Lorenzo A. Bettino, Dan W. Cook III, Joseph H. Moglia and Wilbur J. Prezzano are Class III directors serving terms ending at the 2017 Annual Meeting. The board of directors has determined that Ms. Maidment and Messrs. Bettino, Cohen, Cook, Mitchell, Moglia, Prezzano, Todd M. Ricketts and Tessler are independent as defined in NYSE Rule 303A.02.

The board of directors knows of no reason why any of Messrs. Clark, Mitchell and Tomczyk and Ms. Maidment might be unavailable to serve as directors, and each has expressed an intention to serve if elected. If any of Messrs. Clark, Mitchell and Tomczyk and Ms. Maidment is unable to serve, the shares represented by all valid proxies will be voted for the election of such substitute nominee as the board of directors may recommend. With the exception of the Stockholders Agreement, there are no arrangements or understandings between any of the persons nominated to be a Class I director and any other person pursuant to which any of such nominees was selected.

The election of a director requires the affirmative vote of a plurality of the shares of common stock present in person or represented by proxy at the meeting and voting, provided a quorum of at least a majority of the outstanding shares of common stock is represented at the meeting. If you abstain from voting on this matter, your abstention will have no effect on the vote. If you hold your shares through a broker and you do not instruct the broker how to vote on this "non-routine" proposal, your broker does not have authority to vote your shares. Abstentions and broker non-votes will each be counted as present for purposes of determining the presence of a quorum but will not have any other effect on the outcome of the election of directors.

Table of ContentsPROPOSAL NO. 1 — ELECTION OF DIRECTORS
RECOMMENDED BY THE BOARD OF DIRECTORS

Where no instructions are indicated, properly executed and unrevoked proxies will be voted “FOR” the election of each of Messrs. Clark, Mitchell and Tomczyk and Ms. Maidment as Class I directors.

THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE “FOR” THE ELECTION OF W. EDMUND CLARK, KAREN E. MAIDMENT, MARK L. MITCHELL AND FREDRIC J. TOMCZYK AS CLASS I DIRECTORS.

The board of directors conducts its business through meetings of the board, actions taken by written consent in lieu of meetings and by the actions of its committees. The non-employee members and the independent members of our board of directors each meet in executive session without management present at each regularly scheduled in-person meeting of the board. These directors select a presiding director at these meetings on an ad-hoc basis. The board of directors has a policy requiring the separation of the roles of chief executive officer and chairman of the board because the board of directors believes it improves

the ability of the board to exercise its oversight role. Mr. Tomczyk serves as the chief executive officer and Mr. Moglia serves as chairman of the board. The chairman is responsible for managing the affairs of the board, with the objective that it is properly organized, functions effectively and fulfills its responsibilities. The chairman also works with the chief executive officer and the corporate secretary to establish the agenda for each board meeting and receives input from other directors as necessary or desired for the coordination of board activities. The separation of the roles of chief executive officer and chairman of the board does not affect risk oversight, which is the responsibility of the board of directors, primarily overseen by the Risk Committee. Our management team is responsible for managing risk, using risk management processes, policies and procedures to identify, measure and manage risks.

During the fiscal year ended September 30, 2014, the board of directors held five meetings. During fiscal year 2014, each director attended at least 75% of the aggregate number of meetings of the board of directors and meetings of the committees of the board of directors on which they served. Although the Company does not have a formal policy regarding director attendance at our Annual Meeting of Stockholders, directors are encouraged to attend. All of the then current directors attended the 2014 Annual Meeting of Stockholders.

The board of directors has established six standing committees: Audit, H.R. and Compensation, Corporate Governance, Outside Independent Directors, Non-TD Directors and Risk. The committee members are identified in the following table:

the Company entered into an amendment extending the term of the Stockholders Agreement, as described under “STOCK OWNERSHIP AND RELATED INFORMATION – Stockholders Agreement.”

The 2006 Directors Incentive Plan is designed to:

- fairly compensate non-employee directors for work required of a company the size and complexity of TD Ameritrade and

- align directors’ interests with the long-term interests of stockholders.

The annual cash retainer, the committee chair retainer and the Audit Committee member fee are paid in advance at the beginning of each calendar year.

Under the 2006 Directors Incentive Plan, any non- employee director is permitted to defer any or all of the cash or equity award. Investment earnings on amounts deferred in the form of stock units are based on the fluctuations in the underlying common stock of the Company. Deferred cash awards earn interest at the prime rate as reported by The Wall Street Journal.

The number of restricted stock units (“RSUs”) under the annual equity grant is calculated by using the average of the high and low price of the Company’s common stock for the 20 trading days prior to the grant date. RSU awards

vest completely on the first anniversary of the grant date and are settled by issuing shares of Company common stock.

In the event of a change in control of the Company, the RSUs vest as soon as practicable after the change in control.

RSUs do not have any voting rights. RSUs receive the benefit of any dividends on common stock of the Company in the form of additional RSUs. In the event of the death of a non-employee director, the RSUs will vest and be settled in common stock of the Company. In the event of the disability of a non-employee director, the RSUs will continue to vest over the applicable vesting period whether or not the director continues to serve as a director of the Company.

Non-employee directors are reimbursed for expenses incurred in connection with attending meetings of the board of directors. The Company also indemnifies and provides liability insurance for its directors and officers.

Mr. Moglia is compensated pursuant to a non-employee chairman term sheet. Under the term sheet, Mr. Moglia earns an annual retainer of \$400,000, which is paid in either cash or a combination of cash and equity as agreed upon between Mr. Moglia and the board of directors. Mr. Moglia was paid in cash for his 2014 annual retainer. For the provisions of the non-employee chairman term sheet, see Exhibit 10.2 of the Company’s Annual Report on Form 10-K filed with the SEC on November 18, 2011.

In addition, Mercer provides management with guidance on industry trends and best practices. Management also engages Mercer to provide consulting services to the Company on its health and welfare plans. In fiscal year 2014, Mercer earned \$20,620 in fees for executive compensation market analysis and \$511,882 in fees for other services, including consulting services on the Company's benefit plans, compensation market surveys and compensation market survey software. In addition, the Company paid an affiliate of Mercer \$723,414, which was primarily for premiums on certain insurance coverages during fiscal year 2014. The other services and insurance coverages were not approved by the board of directors or the Compensation Committee because they relate to broad-based compensation and benefit plans.

The Compensation Committee is composed of three non-employee directors of the board. No member of the Compensation Committee during fiscal year 2014 was an employee of the Company or any of its subsidiaries at the time of his service on the Compensation Committee. Each member of the Compensation Committee during fiscal year 2014 qualified as a "non-employee director" under rule 16b-3 under the Securities Exchange Act of 1934 (the "1934 Act") and as an "outside director" under section 162(m) of the Internal Revenue Code of 1986, as amended ("the Code"). Mr. Clark, former group president and chief executive officer of TD, serves as chairman of the Compensation Committee. Given that TD is the Company's largest stockholder, we believe Mr. Clark's views are properly aligned with stockholder interests.

The Compensation Committee has delegated to the chief executive officer of the Company (the "CEO") the authority to increase the compensation of, and grant equity

awards to, any employee participating in the management incentive plan (the "MIP"), except for executive officers and employees whose total target compensation equals or exceeds \$1 million per year, subject in each case to any increase or grant being (1) within the budget previously approved by the Compensation Committee and (2) in accordance with the terms of the applicable compensation plan.

2. Guiding Principles

The objective of the executive compensation plans is to attract, retain and motivate high-performing executives to create sustainable long-term value for stockholders. To achieve this objective, the Company and the Compensation Committee use the following guiding principles when evaluating executive compensation policies and decisions:

▲Alignment with the Company's Business Strategy

- Executive compensation is linked with the achievement of specific short- and long-term strategic business objectives and the Company's overall performance.
- Compensation plans are linked to key business drivers that support long-term stockholder value creation.

▲Alignment to Stockholders' Interests

- The interests of executives are aligned with those of long-term stockholders through policy and plan design.
- Stock ownership guidelines are used to align the interests of executives with those of stockholders over the long term.
- As an executive increases in seniority, an increasing percentage of total compensation is subject to vesting through the greater use of equity-based awards to aid in retention and to focus executives on sustainable long-term performance.

▲Risk Management

—Compensation plan design should not create an incentive for excessive risk-taking and each plan is reviewed on at least an annual basis to determine that it is operating as intended.

EXECUTIVE COMPENSATION AND RELATED INFORMATION

—Incentive compensation is subject to risk of forfeiture in accordance with the clawback policy.

Pay for Performance

—Clear relationships should exist between executive compensation and performance. Compensation should reward both corporate and individual performance.

—Total compensation includes a meaningful variable component that is linked to key business objectives and the Company's overall performance.

—A substantial portion of variable compensation is awarded in the form of equity-based awards.

—Equity awards are generally granted based on the achievement of annual performance goals and are subject to time-based vesting.

—The Compensation Committee has the ability to exercise negative discretion to reduce compensation.

Pay Competitively

—Target total compensation should be based on the median of the competitive market and adjusted to reflect scope of responsibility, experience, potential and performance or other factors specific to the executive.

At the Company's 2014 Annual Meeting, stockholders approved, on a non-binding advisory basis, the compensation of the fiscal year 2013 named executive officers, with more than 94% of the total votes cast voting in favor of the say-on-pay proposal. In connection with the review of such vote and in considering the overall design of the executive compensation program, the Compensation Committee decided to maintain the general approach with respect to the Company's executive compensation program for fiscal year 2014.

3. Risk Assessment

The Compensation Committee, together with the Risk Committee, assessed all of the Company's incentive compensation plans and has concluded that our compensation plans and practices do not create risks that are reasonably likely to have a material adverse effect on the Company. Management assessed all of the Company's

executive, sales and broad-based compensation plans to determine if any provisions or practices create undesired or unintentional risk of a material nature. This risk assessment process included a review of plan design, including business drivers and performance measures. Incentive compensation plan design varies across business units based on differing goals established for business units. Incentive compensation targets are reviewed annually and adjusted as necessary to align with quantitative and qualitative CEO goals (defined below). The Company's compensation structure includes the following risk-mitigating factors: approval of executive compensation by a committee of independent directors, performance-based long-term incentive awards aligned with stockholder interests, stock ownership guidelines and anti-hedging and clawback policies (described below).

4. Elements of Compensation

Targeted Overall Compensation

• The NASDAQ OMX Group, Inc.,
 • Northern Trust Corporation,
 • Raymond James Financial, Inc., and
 • T. Rowe Price Group, Inc.

The criteria for determining the comparator group were industry, business mix, market capitalization, revenue, net income, geographic presence, say-on-pay stockholder advisory vote results, peer group inclusion and competition for talent. For fiscal year 2014, the Compensation Committee replaced State Street Corporation, which was previously one of the largest companies in the comparator group, with Broadridge Financial Solutions, Inc., a company positioned below the comparator group's 25th percentile in revenue, market capitalization and CEO compensation. In addition, Intercontinental Exchange, Inc. became part of the comparator group as a result of its acquisition of NYSE Euronext.

Target total executive compensation consists of: (1) base salary, (2) incentive compensation, which is comprised of cash and equity, and (3) in the case of Mr. Adams, an additional annual equity award. Each of these elements of compensation, as well as the compensation package as a whole, is intended to enable the Company to remain competitive in attracting and retaining talented individuals. While base salaries and fixed annual equity awards are provided to reward executives on a day-to-day basis for their time and services, the incentive compensation links the executives' compensation to achievement of the Company's business strategy and stockholders' interests. These targeted total compensation levels are developed using market data from our comparator group and other financial services compensation data obtained from human resources consulting firms, such as McLagan, Mercer and Towers Watson. The market data considered as part of the competitive review reflect executive responsibilities that are similar to the responsibilities of our executive officers, where available. Mercer, our outside independent compensation consultant, reviewed the market

compensation information and confirmed its appropriateness as a point of reference in setting target total compensation levels for each of our named executive officers for fiscal year 2014.

A significant portion of each executive's total compensation is variable or "at risk." The "at risk" portion of total compensation includes the annual cash incentive and the annual equity incentive, which are both linked to performance during the year. If the Company's or individual's performance is below target, "at risk" compensation may decrease. Conversely, if the Company's or individual's performance is above target, "at risk" compensation may increase. The equity incentive compensation target is established so that a meaningful portion of total compensation is awarded as equity which vests in full on the third anniversary of the grant date. The target mix between cash and equity is based on total compensation level, with the portion that is awarded as equity generally increasing as total compensation increases. This practice, combined with stock ownership guidelines, promotes retention and focuses executives on executing business strategies, sustaining performance and growing value for stockholders over the long-term.

In consideration of the Company's annual executive compensation market review discussed above and the individual performance of each executive, the Compensation Committee approved certain changes for fiscal 2014 executive compensation. These actions are summarized below:

- Mr. Tomczyk's annual target incentive compensation was increased from \$5.6 million to \$6 million and his base salary was increased from \$900,000 to \$1 million.
- Mr. Nally's annual target incentive compensation was increased from \$1.4 million to \$1.55 million and his base salary was increased from \$400,000 to \$450,000.

Thomas A. Nally	450,000	775,000	775,000	1,550,000	—	2,000,000

(1) On October 22, 2012, in order to keep Mr. Adams' compensation competitive with current market compensation for similar positions in the financial services industry and to provide an additional retention incentive, the Compensation Committee approved additional annual restricted stock unit ("RSU") awards for Mr. Adams with a value of \$1 million per year over a 5-year period. The initial award was granted on November 20, 2012. Pursuant to the provisions of the RSU agreements, the awards will vest in full on the third anniversary of each grant date, subject to Mr. Adams' continued employment through the applicable vesting date. However, in the event Mr. Adams ceases to be an employee due to his voluntary resignation on or after December 1, 2016, any granted and unvested awards will vest in full and be settled by the Company as soon as practicable after the date of his resignation. The awards are also subject to accelerated vesting upon certain other events of termination, as described under "Potential Payments Upon Termination or Change-in-Control" later in this section.

Consistent with the Company's overall compensation principles, a large percentage of the total compensation package is paid only after performance objectives have been met. The percentage of each executive's targeted overall compensation that was subject to performance-based objectives for fiscal 2014 was:

Name	Performance-Based
Fredric J. Tomczyk	86%
William J. Gerber	73%
Marvin W. Adams	67%
J. Thomas Bradley, Jr.	81%
Thomas A. Nally	78%

Annual Incentive Award

In fiscal year 2014, the first step for calculating awards under the annual incentive plan for executive officers was based on the achievement of goals for the following key metrics: (1) earnings per share ("EPS"), (2) market share of client revenue trades among the Company's primary publicly-traded competitors and (3) net new client assets. These goals were recommended by the CEO and

established and approved by the Compensation Committee, to align the interests of executives with those of our stockholders. We refer to market share of client revenue trades and net new client assets as the quantitative CEO goals. In addition, the following factors were considered in determining the annual incentive awards of our executive officers:

- Attainment of key qualitative short- and long-term goals, established by the CEO and approved by the Compensation Committee, which we refer to as the qualitative CEO goals and

- Attainment of individual quantitative and qualitative performance goals.

The Compensation Committee reserves the right to reduce the payouts initially determined by the achievement of EPS and quantitative CEO goals by up to 40% for other qualitative considerations and up to an additional 40% based on

each executive's specific performance of individual goals. In addition, the Compensation Committee retains the ability to exercise further negative discretion to reduce incentive payments to executives.

EXECUTIVE COMPENSATION AND RELATED INFORMATION

The Compensation Committee has designed our annual incentive plan to support our pay-for-performance philosophy, with the objective of closely aligning each executive to the long-term growth of the Company and the business strategy for which each executive is most responsible. Based on pre-established targets for EPS and quantitative and qualitative CEO goals, the Compensation Committee believes that the design provides for a balanced assessment of short- and long-term performance.

A portion of the annual incentive award is granted in equity under the Long-Term Incentive Plan (the “LTIP”). Equity is used to motivate, reward and retain key executives and to align their interests to those of stockholders. Equity awards are only granted if the applicable performance measures have been achieved, and then are subject to time-based vesting. If the Company grants RSUs as a component of the annual incentive, the RSUs will fully vest on the third anniversary of the grant date, so long as the executive is then employed by the Company. This vesting schedule aligns the long-term interests of executives with those of our stockholders. The vesting of RSU awards accelerates upon certain events of employment termination, as described under “Potential Payments Upon Termination or Change-in-Control” later in this section.

The MIP permits the “clawback” of any cash incentive awards, and the Company’s RSU agreements permit the clawback of awards granted pursuant to the MIP and LTIP if the Compensation Committee determines, within three years of the date of the award, that certain conduct has occurred. Generally, under the terms of the clawback provisions, an executive who is involved in fraud or willful misconduct that results in a restatement of the Company’s financial statements or who commits an act of fraud, negligence or breach of fiduciary duty resulting in material loss, damage or injury to the Company can be required to: (1) forfeit and transfer to the Company, at no cost to the Company, any unvested RSUs and any shares of common stock issued in connection with vested RSUs and (2) repay to the Company any cash incentive awarded under the MIP or any gain realized from the disposition of any such shares of common stock awarded under the LTIP. The board of directors adopted the clawback policy to prevent executives from unjustly benefiting from certain wrongful conduct.

The Compensation Committee believes that the clear performance measures and specific targets used by the Company ensure a strong, team-oriented, pay-for-performance philosophy. Our compensation plans are designed to permit the full incentive payments to executive officers to qualify as performance-based compensation under section 162(m) of the Code.

Fiscal Year 2014

For fiscal year 2014, 60% of the initial measurement of results under the annual incentive plan was based on EPS, a key measure of the Company's short-term financial performance. The remaining 40% was based on the quantitative CEO goals: (1) market share of client revenue trades among the Company's primary publicly traded competitors (16%) and (2) net new client assets (24%).

Both quantitative CEO goals impact the Company's long-term financial performance and support its long-term strategic goals. All three metrics are intended to incentivize management to drive Company performance in alignment with stockholder interests. The goal ranges and corresponding maximum payout percentage for each of these measures is summarized below (boxed amounts represent actual results):

Fiscal Year 2014 Annual Incentive Award Maximum Payout (% of Target)	Fiscal Year 2014 Goals EPS (\$)	Trading Market Share %	Net New Client Assets (\$ Billions)

In fiscal year 2014, the Company achieved EPS of \$1.42, client trading market share of 48.3% and net new client assets of \$53.4 billion. The following table summarizes the payout calculation based on actual performance results, qualitative adjustments and negative discretion applied by the Compensation Committee.

EXECUTIVE COMPENSATION AND RELATED INFORMATION

Qualitative downward adjustments to the quantitative CEO goal results were made to account for performance of long-term qualitative goals, resulting in funding for the CEO goals of 61.2%. Accordingly, under the terms of the annual incentive program for fiscal year 2014, the Compensation Committee approved annual incentive awards equal to 152.4% of the target annual incentive, subject to the exercise of up to 40% negative discretion for EPS and the CEO goals, up to 40% negative discretion for individual performance goals and further negative discretion based on other qualitative factors determined by the Compensation Committee. The Compensation Committee did not utilize a formula for qualitative considerations or individual performance assessment, as it does with EPS and the quantitative CEO goals, in determining the amount of negative discretion to apply. The qualitative considerations used in fiscal year 2014 to determine the appropriate amount, if any, of qualitative adjustments and negative discretion to be used consisted of the following key corporate performance goals: growth in client cash and market fee-based assets, client experience, progress on

strategic initiatives, associate engagement and delivering superior stockholder return. The Compensation Committee decided that significant strides were accomplished in 2014 on reaching the qualitative CEO goals and applied 20% negative discretion, reducing the maximum incentive award funding to 132.4% for each of the named executive officers. The Compensation Committee then used its judgment to measure the individual performance of each of these named executive officers in order to determine the amount of any additional negative discretion to employ. After all negative discretion was applied, actual incentive awards, as summarized in the table below, were 112.4% of target for each of the named executive officers.

Management was rewarded in fiscal year 2014 for successfully executing on the Company's business strategy, which, in the face of continued difficult operating conditions, resulted in numerous records for the year, including EPS, net new client assets and average client trades per day. The 2014 annual incentive awards consisted of a cash component and an equity component.

The following table sets forth total cash and equity compensation earned by our named executive officers for service during fiscal 2014, including base salary, actual awards earned under the fiscal year 2014 annual incentive, and discretionary equity awards.

Name	Base Salary (\$)	Annual Incentive		Total (\$)	% of Target	Discretionary Equity (\$)	Total (\$)
		Cash Incentive (\$)	Equity Incentive (\$)				
Fredric J. Tomczyk	1,000,000	2,023,200	4,720,800	6,744,000	112.4	% —	7,744,000
William J. Gerber	400,000	618,200	618,200	1,236,400	112.4	% —	1,636,400
Marvin W. Adams	500,000	1,686,000	1,686,000	3,372,000	112.4	% 1,000,000	4,872,000
J. Thomas Bradley, Jr.	500,000	1,236,400	1,236,400	2,472,800	112.4	% —	2,972,800
Thomas A. Nally	450,000	871,100	871,100	1,742,200	112.4	% —	2,192,200

The equity awards for 2014 for each of these named executive officers were granted solely in the form of RSUs. Because the RSU awards were granted in fiscal year 2015, they are not included in the Summary Compensation Table

or the Grants of Plan-based Awards and Outstanding Equity Awards at Fiscal Year-End tables later in this section. As described above, the RSUs will vest in full on the third anniversary of the grant date.

5. Stock Ownership Guidelines and Anti-Hedging Policy

The Compensation Committee and the board of directors strongly believe that senior executives should own a significant amount of Company common stock. This provides a direct and continuing alignment of financial interests between executives and stockholders.

The stock ownership guidelines are as follows:

ten times base salary for Mr. Tomczyk and
five times base salary for Messrs. Gerber, Adams,
Bradley and Nally.

None of these executive officers are permitted to sell any equity interest in the Company until they meet their respective stock ownership guidelines, after which the chief executive officer must obtain prior approval from the Compensation Committee and all other senior executives must obtain prior approval from the chief executive officer. Mr. Tomczyk has agreed to maintain stock ownership under these guidelines for two years after he ceases to be an employee or director of the Company. The Company considers any stock held without restrictions, unvested restricted stock units, vested but unexercised in-the-money stock options, deferred compensation that will settle in common stock and common stock held under the Company's 401(k) plan in determining whether the stock ownership guidelines have been met. Currently, all named executive officers have met the stock ownership guidelines.

The Company does not allow any of its employees to enter into hedging transactions involving its common stock.

6. Change in Control and Severance Provisions

Our senior executive team has been instrumental to the success of the Company, and we believe it is important to provide certain benefits to them in the event of a change in control. We believe that the interests of our stockholders are best served if the interests of senior management are aligned with them, and providing change in control

benefits should minimize any reluctance of senior management to pursue change in control transactions that may be in the best interest of our stockholders. Equity awards under the MIP will vest and settle as soon as practicable following termination by the Company for any reason, other than for cause, within 24 months after a change in control. Our executive officers are not entitled to any other benefits upon a change in control. Rather, our employment arrangements with Messrs. Tomczyk and Adams and our executive compensation practices (described later in this section under "Potential Payments Upon Termination or Change-in-Control") require a termination of employment without cause or resignation with good reason in connection with or following a change in control. We utilize this dual-trigger change in control provision because we believe that triggering payments simply upon a change in control is not in the Company's or stockholders' best interests.

7. Tax Treatment

The Compensation Committee designs certain components of executive compensation to preserve income tax deductibility under section 162(m) of the Code. Section 162(m) generally disallows a tax deduction to public corporations for non-performance-based compensation over \$1 million paid for any fiscal year to each of the individuals who were, at the end of the fiscal year, the corporation's chief executive officer and the three other most highly compensated executive officers.

The Company believes that the cash bonuses paid and stock-based awards granted to executive officers under the MIP are and will be fully deductible under section 162(m). In addition, the Company has adopted a policy that stock-based awards granted to its executive officers should generally be made pursuant to plans that the Company believes satisfy the requirements of section 162(m). However, the Compensation Committee retains discretion and flexibility in developing appropriate compensation programs and establishing compensation levels and, in some instances, may approve compensation that is not fully deductible.

8. Actions Since End of Fiscal Year 2014

The table below summarizes RSUs granted to our named executive officers for service during fiscal year 2014.

Because these grants were made in fiscal year 2015, they are not included in the Summary Compensation Table or the Grants of Plan-based Awards and Outstanding Equity Awards at Fiscal Year-End tables later in this section.

Name	Fiscal 2014 Equity Incentive			Additional Annual Equity Award		
	Amount Earned (\$)	Number of Units (#)	Grant Date Fair Value (\$)	Amount Earned (\$)	Number of Units (#)	Grant Date Fair Value (\$)
Fredric J. Tomczyk	4,720,800	137,273	4,727,806	—	—	—
William J. Gerber	618,200	17,977	619,144	—	—	—
Marvin W. Adams	1,686,000	49,026	1,688,500	1,000,000	29,079	1,001,507
J. Thomas Bradley, Jr.	1,236,400	35,953	1,238,254	—	—	—
Thomas A. Nally	871,100	25,331	872,422	—	—	—

The number of RSUs granted was determined by dividing the dollar amount earned by \$34.39, the average of the high and low price of the Company's common stock for the 20 trading days ended November 25, 2014. The grant date fair value for accounting purposes was determined based upon the volume-weighted average market price (the "VWAP") of the underlying common stock as of November 25, 2014, the date of the grant. The VWAP on November 25, 2014 was \$34.4409. As described above, these awards vest in full on the third anniversary of the

grant date if the executive is then employed by the Company.

In consideration of the Company's annual executive compensation market review, discussed under "Elements of Compensation" above, the Compensation Committee approved the fiscal year 2015 target annual compensation for each named executive officer at the same target amounts as used for fiscal year 2014.

Potential Payments Upon
Termination or Change-in-Control

Introduction and Overview

The Company has entered into employment agreements with Messrs. Tomczyk and Adams. Messrs. Gerber, Bradley and Nally do not have employment agreements. The employment agreements and certain compensation

plans and award agreements require the Company to provide compensation and benefits to the executives in the event of a termination of employment, including in connection with a change in control of the Company. Payments are not triggered simply upon the occurrence of a change in control. Rather, our executives will only receive change in control benefits if their employment is terminated in certain instances following a change in control.

Compensation Plans and Award Agreements

Under the MIP, in the event of death or disability prior to the payment of a scheduled award, compensation will be paid to the executive's estate or other authorized person. Under the RSU award agreements, the consequences of death, disability, retirement, termination without cause and change in control are:

Triggering Event	Consequence
Death, disability or retirement	Award vests in full and settles as soon as practicable
Termination without cause	Award is prorated through the date of termination and then settles as soon as practicable
Change in control	Award vests in full and settles as soon as practicable following termination by the Company for any reason, other than cause, within 24 months after a change in control

In addition, in accordance with the Company's executive compensation practices, unless otherwise specified in an employment agreement, named executive officers will generally receive the following severance benefits upon any termination by the Company without cause or a resignation by the executive for good reason following a change in control: (a) four weeks of base salary for each completed year of service, up to a maximum of 104

weeks, (b) four weeks of annual cash incentive for each completed year of service, up to a maximum of 104 weeks, calculated based on target performance and (c) continued Company-paid employer portion of premium costs for

medical and dental coverage for a period equal to four weeks for each completed year of service, up to a maximum of 78 weeks.

any act of personal dishonesty by Mr. Tomczyk in connection with his responsibilities as an employee of the Company with the intention or reasonable

responsibilities to the Company if (1) the disqualification, bar or loss continues for more than 30 days and (2) during that period the Company uses its good faith efforts to cause the disqualification or bar to be lifted or the license replaced.

Stockholders Agreement

Concurrently with entering into the share purchase agreement related to the Company's acquisition of TD Waterhouse, the Company, the Ricketts holders and TD entered into the Stockholders Agreement. The Stockholders Agreement contains certain governance arrangements and provisions relating to board of directors composition, stock ownership, transfers by TD and the Ricketts holders, voting and various other matters.

Governance of TD Ameritrade. The Stockholders Agreement provides that the board of directors of the Company consists of twelve members, five of whom may be designated by TD, three of whom may be designated by the Ricketts holders, one of whom is the chief executive officer of the Company and three of whom are outside independent directors. The outside independent directors are nominated by the OID Committee and subject to the consent of TD and the Ricketts holders. The number of directors designated by TD and the Ricketts holders depends on their maintenance of specified ownership

thresholds of common stock and may increase or decrease from time to time based on those ownership thresholds, but will never exceed five in the case of TD or three in the case of the Ricketts holders.

In order to accommodate both the election of Joseph H. Moglia as chairman of the board of directors and Fredric J. Tomczyk as chief executive officer, effective October 1, 2008, given the limitation of twelve members of the board of directors and other rights provided under the Stockholders Agreement, TD waived its right to designate one of its directors so long as Mr. Moglia serves as chairman of the board. In 2009, the Ricketts holders' ownership percentage decreased, causing the number of directors designated by the Ricketts holders to be decreased from three to two. The vacancy resulting from this decrease would ordinarily be filled by an outside independent director pursuant to the terms of the Stockholders Agreement. However, on August 3, 2009, the Company entered into Amendment No. 2 and Waiver to the Stockholders Agreement (as modified, "Amendment No. 2"). Under Amendment No. 2: (a) the Company

consented

to the termination of the waiver by TD of its right to designate one of its five TD directors; (b) certain provisions of the Stockholders Agreement and the certificate of incorporation were waived to the extent necessary to permit Mr. Moglia, instead of an outside independent director, to fill the board of directors vacancy created by the resignation of one of the directors designated by the Ricketts holders as a result of the reduction in ownership of Company common stock by the Ricketts holders, and (c) in the event the Ricketts holders are entitled to fill all three of their seats on the board of directors during any time that Mr. Moglia serves as chairman of the board, TD agrees to waive its right to designate one of its five directors to accommodate the continued service of Mr. Moglia as a director, and TD will cause one of its five designated directors to resign to permit a director designated by the Ricketts holders to join the board of directors. This waiver by TD of its right to designate one of its five directors would continue only so long as Mr. Moglia serves as chairman of the board. In the event Mr. Moglia ceases to be chairman of the board, the TD waiver would expire and TD would have the right to designate the full number of TD directors provided for in the Stockholders Agreement. In 2013, the Ricketts holders' ownership decreased, resulting in a decrease in the number of directors that they are entitled to designate from two to one. The vacancy created by the decrease in the number of Ricketts holders' designates was filled by Mr. Bettino, an outside independent director, in accordance with the terms of the Stockholders Agreement. In May 2014, Mr. Moglia met the requirements for independence under the rules of NYSE and was designated as an outside independent director, making the provisions of Amendment No. 2 no longer required.

The Stockholders Agreement provides, subject to applicable laws and certain conditions and exceptions, that the Company shall cause each committee of its board of directors to consist of two of the directors designated by TD, one director designated by the Ricketts holders and two outside independent directors. These levels of committee representation are subject to adjustment from time to time based on TD's and the Ricketts holders' maintenance of specified ownership thresholds. The

parties to the Stockholders Agreement each agreed to vote their shares of common stock in favor of, and the Company agreed that it would solicit votes in favor of, each director nominated for election in the manner provided for in the Stockholders Agreement.

Share Ownership. TD is permitted to exercise voting rights only with respect to 45% of the outstanding shares of common stock of the Company for the remaining term of the Stockholders Agreement. Under the Stockholders Agreement, beginning January 24, 2016, if the Company's stock repurchases cause TD's ownership percentage to exceed 45%, TD shall use reasonable efforts to sell or dispose of such excess stock, subject to TD's commercial judgment as to the optimal timing, amount and method of sales with a view to maximizing proceeds from such sales. TD has no absolute obligation to reduce its ownership percentage to 45% by the termination of the Stockholders Agreement. However, prior to and following the termination of the Stockholders Agreement, TD will vote any such excess stock on any matter in the same proportions as all the outstanding shares of stock held by holders other than TD and its affiliates are voted. Beginning January 24, 2016, in no event may the Company repurchase shares of its common stock that would result in TD's ownership percentage exceeding 47%.

The Stockholders Agreement also provides that TD will not, subject to certain exceptions, solicit proxies with respect to common stock. Notwithstanding the limitations on TD's ownership described above, the Stockholders Agreement permits TD to make a non-public proposal to the board of directors to acquire additional shares pursuant to a tender offer or merger for 100% of the outstanding voting securities of the Company and to complete such a transaction, subject to the approval of independent directors and holders of a majority of the outstanding shares of common stock not affiliated with TD. Under the Stockholders Agreement, the Ricketts holders may acquire additional shares of common stock only up to an aggregate ownership interest of 29% of the outstanding common stock.

Right to Purchase Securities. TD and the Ricketts holders have the right to purchase up to their respective

proportionate share of future issuances of common stock, other than in connection with the Company stock issued as consideration in an acquisition by the Company. If the Company proposes to issue shares as consideration in an acquisition, the Company will discuss in good faith with TD and the Ricketts holders alternative structures in which a portion of such shares would be sold to TD or the Ricketts holders, with the proceeds of such sale used to fund the acquisition.

The Stockholders Agreement further provides that if the Company engages in discussions with a third party that could result in the acquisition by such party of 25% of the voting securities or consolidated assets of the Company, the Company must offer TD the opportunity to participate in parallel discussions with the Company regarding a comparable transaction.

Transfer Restrictions. The Stockholders Agreement generally prohibits TD and the Ricketts holders from transferring shares of common stock, absent approval of the OID Committee, to any holder of 5% or more of the outstanding shares of the Company, subject to certain exceptions. As long as TD and the Company constitute the same audit client, TD may not engage the auditor of the Company, and the Company will not engage the auditors of TD, to provide certain non-audit services.

Information Rights. Subject to confidentiality and nondisclosure obligations and as long as it owns at least 15% of the outstanding shares of common stock, TD is entitled to access information regarding the Company's business, operations and plans as it may reasonably require to appropriately manage and evaluate its investment in the Company and to comply with its obligations under U.S. and Canadian laws.

Obligation to Repurchase Shares. If the Company issues shares of its common stock pursuant to any compensation or similar program or arrangement, then the Company will, subject to certain exceptions, use its reasonable efforts to repurchase a corresponding number of shares of its common stock in the open market within 120 days after any such issuance.

Non-Competition Covenants. Subject to specified exceptions, the Stockholders Agreement generally provides that neither TD nor J. Joe Ricketts (so long as he is a director of the Company) or their respective affiliates may participate in or own any portion of a business engaged in the business of providing securities brokerage services in the U.S. (or, solely in the case of Mr. Ricketts and his affiliates, in Canada) to retail traders, individual investors and registered investment advisors. If TD acquires indirectly a competing business as a result of its acquisition of a non-competing business, TD must offer to sell the competing business to the Company at its appraised fair value determined in accordance with the terms of the Stockholders Agreement. If the Company decides not to purchase the competing business, TD must use commercially reasonable efforts to divest the competing business within two years. Mr. Ricketts, TD and their affiliates are permitted under the terms of the Stockholders Agreement to own a passive investment representing less than 2% of a class of equity securities of a competing business so long as the class of equity securities is traded on a national securities exchange in the U.S. or the Toronto Stock Exchange. TD also is permitted to engage in certain activities in the ordinary course of its banking and securities businesses. In addition, the Company has agreed that it will not hold or acquire control of a bank or similar depository institution except (1) as a result of a business combination transaction approved by the Company's board of directors and involving an entity not more than 75% of whose consolidated revenues were generated by one or more insured depository institutions and as to which (a) TD has elected to acquire such entity's insured depository institutions at a price mutually agreed between the Company and TD, (b) the Company divests or causes the seller to divest completely such insured depository institution before closing, or (c) TD otherwise consents to the business combination transaction with such entity, or (2) in the event that TD does not hold control of any bank or similar depository institution that is able to offer money market deposit accounts to clients of the Company as a designated sweep vehicle or TD has indicated that it is not willing to offer such accounts to clients of the Company through a bank or similar depository institution it controls.

Termination of the Stockholders Agreement. The Stockholders Agreement will terminate (1) with respect to the Ricketts holders, upon the earlier of (a) their aggregate ownership of common stock falling below approximately 4% or (b) January 24, 2016 and (2) in its entirety, upon the earliest to occur of (a) the consummation of a merger or tender offer where TD acquires 100% of the common stock, (b) January 24, 2021, (c) the date on which TD's ownership of common stock falls below approximately 4% of the outstanding voting securities of the Company, (d) the commencement by a third party of a tender offer or exchange offer for not less than 25% of the Company's common stock, unless the board of directors recommends against the offer and continues to take steps to oppose the offer, (e) the approval by the board of directors of a business combination that would result in another party owning more than 25% of the voting securities or consolidated assets of the Company or which would otherwise result in a change of control of the Company, or (f) the acquisition of more than 20% of the voting securities of the Company by a third party. For a period of up to one year following a termination under clause (2)(d), (2)(e) or (2)(f) above, TD and the Ricketts holders will be prohibited from acquiring shares of the Company's common stock that would cause, in the case of TD, its aggregate ownership to exceed 45% or, in the case of the Ricketts holders, 29%, except pursuant to a tender offer or merger for 100% of the outstanding shares of common stock approved by the holders of a majority of the Company's outstanding shares of common stock (other than the Ricketts holders and TD). In addition, during that one-year period, the provisions of the Stockholders Agreement relating to the designation of directors and certain other provisions will remain in effect.

Section 16(a) Beneficial Ownership

Reporting Compliance

Based solely upon the Company's review of forms filed by directors, officers and certain beneficial owners of the Company's common stock (the "Section 16(a) Reporting Persons") pursuant to the 1934 Act, the Company has not identified any late filings by the Section 16(a) Reporting Persons.

Certain Relationships and Related

Party Transactions

Review and Approval of Related Party Transactions. The board of directors has adopted a written Related Party Transactions Policy covering the review and approval or ratification of any transaction, arrangement or relationship involving the Company or any of its subsidiaries, with a value of \$120,000 or more per fiscal year, and in which any related party had, has or will have a direct or indirect material interest required to be disclosed under applicable SEC rules. Related parties are our directors, executive officers and any stockholder beneficially owning more than 5% of our common stock or any of their immediate family members. Under the policy, the OID Committee reviews related party transactions and may approve or ratify them only if it is determined that they are in, or not inconsistent with, the best interests of the Company and its stockholders. When reviewing a related party transaction, the OID Committee will consider, among other factors determined to be appropriate, the following factors (to the extent relevant to the related party transaction):

- whether the terms of the related party transaction are fair to the Company and are no less favorable than terms that would apply if the transaction did not involve a related party;
- whether there are business reasons for the Company to enter into the related party transaction;
- whether the related party transaction would impair the independence of an outside director; and
- whether the related party transaction would present an improper conflict of interest for any director or executive officer of the Company, taking into account the size of the transaction, the overall financial position of the director, executive officer or related party, the direct or indirect nature of the director's, executive officer's or related party's interest in the transaction and the ongoing nature of any proposed relationship.

Nothing in the policy supersedes or modifies any contractual rights or obligations provided in the Stockholders Agreement.

(1) The Company is party to an insured deposit account ("IDA") agreement, under which TD Bank USA and TD Bank, N.A. (together, the "TD Depository Institutions") make available to clients of the Company FDIC-insured money market deposit accounts as either designated sweep vehicles or as non-sweep deposit accounts. The Company provides marketing, recordkeeping and support services for the TD Depository Institutions with respect to the money market deposit accounts. In exchange for providing these services, the TD Depository Institutions pay the Company an aggregate marketing fee based on the weighted average yield earned on the client IDA assets, less the actual interest paid to clients, a servicing fee to the TD Depository Institutions and the cost of FDIC insurance premiums.

The current IDA agreement became effective as of January 1, 2013 and has an initial term expiring July 1, 2018. It is automatically renewable for successive five-year terms, provided that it may be terminated by either the Company or the TD Depository Institutions by providing written notice of non-renewal at least two years prior to the initial expiration date or the expiration date of any subsequent renewal period.

The fee earned on the IDA agreement is calculated based on two primary components: (a) the yield on fixed-rate "notional" investments, based on prevailing fixed rates for identical balances and maturities in the interest rate swap market (generally LIBOR-based) at the time such investments were added to the IDA portfolio (including any adjustments required to adjust the variable rate leg of such swaps to a one-month reset frequency and the overall swap payment frequency to monthly) and (b) the yield on floating-rate investments. As of September 30, 2014, the IDA portfolio was comprised of approximately 75% fixed-rate notional investments and 25% floating rate investments.

The IDA agreement provides that the Company may designate amounts and maturity dates for the fixed-rate notional investments in the IDA portfolio, subject to certain limitations. For example, if the Company designates that \$100 million of deposits be invested in 5-year fixed-rate investments, and on the day such investment is confirmed by the TD Depository Institutions the prevailing fixed yield for the applicable 5-year U.S. dollar LIBOR-based swaps is 1.45%, then the Company will earn a gross fixed yield of 1.45% on that portion of the portfolio (before any deductions for interest paid to clients, the servicing fee to the TD Depository Institutions and the cost of FDIC insurance premiums). Under the IDA agreement, in the event that (1) the federal funds effective rate is established at 0.75% or greater and (2) the rate on 5-year U.S. dollar interest rate swaps is equal to or greater than 1.50% for 20

Table of Contents

STOCK OWNERSHIP AND RELATED INFORMATION

consecutive business days, then the rate earned by the Company on new fixed-rate notional investments will be reduced by 20% of the excess of the 5-year U.S. dollar swap rate over 1.50%, up to a maximum of 0.10%.

Under the IDA agreement, the yield on floating-rate investments is calculated daily based on the greater of the following rates published by the Federal Reserve: (1) the interest rate paid by Federal Reserve Banks on balances held in excess of required reserve balances and contractual clearing balances under Regulation D and (2) the daily effective federal funds rate.

The interest rates paid to clients are set by the TD Depository Institutions and are not linked to any index. The servicing fee to the TD Depository Institutions under the IDA agreement is equal to 25 basis points on the aggregate average daily balance in the IDA accounts, subject to adjustment as it relates to deposits of less than or equal to \$20 billion kept in floating-rate investments or in fixed-rate notional investments with a maturity of up to 24 months ("short-term fixed-rate investments"). For floating-rate and short-term fixed-rate investments, the servicing fee is equal to the difference of the interest rate earned on the investments less the FDIC premiums paid (in basis points), divided by two. The servicing fee has a floor of 3 basis points (subject to adjustment from time to time to reflect material changes to the TD Depository Institutions' leverage costs) and a maximum of 25 basis points.

In the event the marketing fee computation results in a negative amount, the Company must pay the TD Depository Institutions the negative amount. This effectively results in the Company guaranteeing the TD Depository Institutions revenue equal to the servicing fee on the IDA agreement, plus the reimbursement of FDIC insurance premiums. The marketing fee computation under the IDA agreement is affected by many variables, including the type, duration, principal balance and yield of the fixed-rate and floating-rate investments, the prevailing interest rate environment, the amount of client deposits and the yield paid on client deposits. Because a negative marketing fee computation would arise only if there were extraordinary movements in many of these variables, the maximum potential amount of future payments the Company could be required to make under this arrangement cannot be reasonably estimated.

Management believes the potential for the marketing fee calculation to result in a negative amount is remote.

In consideration of the performance by TD of the call center services, the Company pays TD, on a monthly basis, (2) an amount approximately equal to TD's monthly cost. Either party may terminate this agreement without cause and without penalty by providing 24 months' prior written notice.

TD Ameritrade, Inc. is a party to a referral and strategic alliance agreement with TD Bank, N.A. and TD Wealth Management Services, Inc. ("TDWMS"), a wholly-owned subsidiary of TD. The strategic alliance agreement has a term of five years beginning February 1, 2010 and is automatically renewable for successive three-year terms, provided that it may be terminated by any party upon 180 days' prior written notice. Under the agreement, (3) TD Bank, N.A. promotes TD Ameritrade, Inc.'s brokerage services to its clients using a variety of marketing and referral programs and TDWMS referred its existing brokerage account clients to TD Ameritrade, Inc. while TDWMS discontinued its brokerage operations. TD Bank, N.A. clients that open brokerage accounts at TD Ameritrade, Inc. and TDWMS clients that elected to transfer their accounts to TD Ameritrade, Inc. are considered program clients. TD Ameritrade, Inc. retains a fee for providing brokerage services to the program clients, and the program's net margin is shared equally between TD Ameritrade, Inc. and TD Bank, N.A.

In connection with its brokerage business, the Company engages in securities borrowing and lending with (4) TD Securities, Inc. ("TDSI"). The transactions with TDSI are subject to the same collateral requirements as transactions with other counterparties.

STOCK OWNERSHIP AND RELATED INFORMATION

The order routing agreement has a term ending October 31, 2015, and is automatically renewable for successive one-year terms, provided that it may be terminated by either party upon 90 days' prior written notice. Under the (5) agreement, TDAC provides TDW Canada order routing services for U.S. equity and option orders to U.S. brokers and market centers with which TDW Canada has order execution arrangements. TDAC retains a percentage of the net order routing revenue it receives on TDW Canada trades and remits the remainder to TDW Canada.

In exchange for cash management services provided by TD Bank USA to clients of TD Ameritrade, Inc., the (6) Company pays service-based fees agreed upon by the parties. This agreement will continue in effect as long as the IDA agreement remains in effect, provided that it may be terminated by TD Ameritrade, Inc. without cause upon 60 days' prior written notice to TD Bank USA.

Under this agreement, TDAC provides clearing services to clients of TDW UK that trade in U.S. equity securities. In exchange for such services, TDW UK pays TDAC a per-trade commission. The agreement has an initial term of (7) ten years beginning July 16, 2010 and will automatically renew for consecutive two-year terms, provided that either party may give written notice of its intent not to renew at least 180 days prior to the end of the initial term or any renewal term.

Certain directors and executive officers, and members of their immediate families, maintain margin trading accounts with the Company as permitted by applicable law. Margin loans to these individuals were made in the (8) ordinary course of business on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with other persons and did not involve more than the normal risk of collectability or present other unfavorable features.

On June 11, 2009, immediately following the closing of the Company's acquisition of thinkorswim Group Inc. ("thinkorswim"), the Company completed the sale of thinkorswim Canada, Inc. ("thinkorswim Canada") to TDW Canada. In connection with the sale of thinkorswim Canada, the Company and TDW Canada entered into a trading platform hosting and services agreement. The agreement had an initial term of five years beginning June 11, 2009 and automatically renews for additional periods of two years, unless either party provides notice of non-renewal to the other party at least 90 days prior to the end of the then-current term. Because this agreement represents (9) contingent consideration to be paid for the sale of thinkorswim Canada, the Company recorded a \$10.7 million receivable for the fair value of this agreement. Under the agreement, TDW Canada uses the thinkorswim trading platform and TD Ameritrade, Inc. provides the services to support the platform. In consideration for the performance by TD Ameritrade, Inc. of all its obligations under this agreement, TDW Canada pays TD Ameritrade, Inc., on a monthly basis, a fee based on average client trades per day and transactional revenues. Fees earned under the agreement are recorded as a reduction of the contingent consideration receivable until the receivable is reduced to zero, and thereafter will be recorded as fee revenue. As of September 30, 2014, the receivable balance for this agreement was approximately \$4.5 million, a reduction of \$2.0 million from September 30, 2013.

The Company and TD are a party to a trademark license agreement that requires the Company to use the TD (10) trademark and logo as part of the Company's corporate identity. The following is a summary of selected provisions of the trademark license agreement.

The Company is required to use the TD Ameritrade name in the U.S. as its exclusive corporate entity name and to use the TD logo in connection with the TD Ameritrade name in the U.S. in corporate identity and marketing materials. The Company has a worldwide (except in Canada) license to use the name and trademark "TD" as part of the trademark, service mark, trade name, corporate name or domain name "TD Ameritrade" in connection with the Company's business of providing securities brokerage services to retail traders, individual investors and registered

investment advisors. TD has agreed not to use the TD mark or any trademarks, service marks, trade names, corporate names and domain names incorporating the TD mark in connection with any business or activity providing securities brokerage services to retail traders, individual investors and registered investment advisors in the U.S., as so restricted by the Stockholders Agreement.

TD and the Company jointly own the TD Ameritrade name. The Company has agreed to be responsible for the registration, maintenance and prosecution of any trademark applications and registrations for the TD Ameritrade name. The Company and TD have each agreed to be responsible for 50% of the costs and expenses associated with the registration, maintenance and prosecution of the TD Ameritrade trademark.

The Company has agreed to indemnify TD for liability incurred by TD as a result of the Company's (and any of its sublicensees') breach of its obligations under the trademark license agreement. TD has agreed to indemnify the Company for liability incurred by the Company so long as the Company's actions are in accordance with the terms of the trademark license agreement and the Company's use of the TD Ameritrade name or the TD logo is in a jurisdiction where TD has trademark applications or registrations or is using or has used the TD trademark or logo.

The term of the trademark license agreement is 10 years from January 24, 2006, and is automatically renewable for additional periods of 10 years, unless earlier terminated pursuant to the terms of the agreement.

TD and the Company are party to a license agreement pursuant to which TD granted the Company an exclusive license to use the TDWaterhouse.com Internet domain name for redirection to the Company's home page as well as the rights to include links to international TD Waterhouse Internet domain names. In exchange for those rights, the Company agreed to not transfer the rights to the domain names and to use commercially reasonable efforts to include a link on the homepage of the Company to the international TD Waterhouse websites. The term of the URL license agreement is 10 years from January 24, 2006 unless mutually extended. Either party may terminate the agreement if the trademark license is terminated or the other party materially breaches the agreement. The Company has the right to terminate the agreement for any reason upon 30 days' prior written notice.

(11) The Company, the Ricketts holders and TD are parties to a registration rights agreement, pursuant to which the Ricketts holders and TD are granted rights to be included in registrations of Company common stock, as follows. The Company has granted the Ricketts holders and TD, together, the right to demand registration of the shares of Company common stock held by them on nine separate occasions. Six of the nine demand rights, including two shelf registrations, are allocated to TD, and three of the nine demand rights, including one shelf registration, are allocated to the Ricketts holders.

The Company has also agreed that if at any time the Company proposes to file a registration statement with respect to any offering of its securities for its own account or for the account of any stockholder who holds its securities (subject to certain exceptions) then, as expeditiously as reasonably possible (but in no event less than 20 days prior to the proposed date of filing such registration statement), the Company shall give written notice of such proposed filing to all holders of securities subject to registration rights pursuant to the registration rights agreement, or registrable securities, and such notice shall offer the holders of such registrable securities the opportunity to register such number of registrable securities as each such holder may request in writing. The registration rights granted in the registration rights agreement are subject to customary restrictions such as minimums, blackout periods and limitations on the number of shares to be included in any underwritten offering imposed by the managing underwriter. In addition, the registration rights agreement contains other limitations on the timing and ability of stockholders to exercise demands.

**PROPOSAL NO. 2 — ADVISORY VOTE
ON EXECUTIVE COMPENSATION**

The guiding principles of the Company's compensation policies and decisions include aligning each executive's compensation with the Company's business strategy and the interests of our stockholders and providing incentives needed to attract, motivate and retain key executives who are important to our long-term success. Consistent with this philosophy, a significant portion of the total incentive compensation for each of our executives is directly related to the Company's earnings and to other performance factors that measure our progress against the goals of our strategic and operating plans, as well as performance against our peers.

Stockholders are urged to read the Compensation Discussion and Analysis section of this Proxy Statement, which discusses how our compensation design and practices reflect our compensation philosophy. The Compensation Committee and the board of directors believe that our compensation design and practices are effective in implementing our guiding principles. At the 2014 Annual Meeting, our stockholders approved the say-on-pay proposal with more than 94% of the total votes cast voting in favor.

As required by Section 14A of the 1934 Act, we are asking our stockholders to indicate their support for the compensation of our named executive officers as disclosed in this Proxy Statement. This advisory vote on executive compensation proposal, commonly known as a "say-on-pay" proposal, gives our stockholders the opportunity to express their views on the compensation of our named executive officers. This vote is not intended to address any

specific item of compensation, but rather the overall compensation of our named executive officers and the principles, policies and practices described in this Proxy Statement. We currently hold our say-on-pay vote every year.

Stockholders will have an opportunity to cast an advisory vote on the frequency of say-on-pay votes at least every six years. The next advisory vote on the frequency of the say-on-pay vote will occur no later than the 2017 Annual Meeting.

As this is an advisory vote, the result will not be binding on the Company, the board of directors or the Compensation Committee, although our Compensation Committee will consider the outcome of the vote when evaluating our compensation principles, design and practices. If you abstain from voting on this matter, your abstention will have no effect on the vote. If you hold your shares through a broker and you do not instruct the broker how to vote on this "non-routine" proposal, your broker does not have authority to vote your shares. Where no instructions are indicated, properly executed and unrevoked proxies will be voted "FOR" the approval of the compensation of the Company's named executive officers, as disclosed in this Proxy Statement.

THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE "FOR" THE APPROVAL, ON AN ADVISORY BASIS, OF THE COMPENSATION OF ITS NAMED EXECUTIVE OFFICERS, AS DISCLOSED IN THIS PROXY STATEMENT.

INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

Ernst & Young LLP (“EY”) has been appointed by the Audit Committee as the independent registered public accounting firm for the Company and its subsidiaries for the fiscal year ending September 30, 2015. This appointment is being presented to the stockholders for ratification. The ratification of the appointment of the independent registered public accounting firm requires the affirmative vote of the holders of a majority of the total shares of common stock present in person or represented by proxy and voting on the matter, provided that a quorum of at least a majority of the outstanding shares are represented at the meeting. If you abstain from voting on this matter, your abstention will have no effect on the vote. If you hold your shares through a broker and you do not instruct the broker on how to vote on this “routine” proposal, your broker will nevertheless have authority to vote your shares on this “routine” proposal in your broker’s discretion. Abstentions and broker non-votes will each be counted as present for purposes of determining the presence of a quorum but will not have any other effect on the outcome of the proposal. Where no instructions are indicated, properly executed and unrevoked proxies will be voted “FOR” the ratification of EY as the Company’s independent registered public accounting firm for the fiscal year ending September 30, 2015.

THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE “FOR” THE RATIFICATION OF THE APPOINTMENT OF ERNST & YOUNG LLP AS THE COMPANY’S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING SEPTEMBER 30, 2015.

Representatives of EY are expected to be present at the Annual Meeting and will be provided an opportunity to make a statement and to respond to appropriate inquiries from stockholders.

Fees Paid to Independent Auditor

The following table presents fees billed by EY for professional audit services rendered related to the audits of the Company’s annual financial statements for the years ended September 30, 2014 and 2013, and fees for other services rendered by EY during those periods.

	2014	2013
Audit Fees	\$3,992,979	\$3,968,797
Audit-Related Fees	661,585	580,290
Total	\$4,654,564	\$4,549,087

Audit Fees. Annual audit fees relate to services rendered in connection with the audit of the Company’s financial statements included in the Company’s Form 10-K, the quarterly reviews of financial statements included in the Company’s Forms 10-Q and the audits of our subsidiaries required by regulation.

Audit-Related Fees. Audit-related services include fees for third-party service organization internal control audit services, SEC registration statement services, benefit plan audits, consultation on accounting standards or transactions and business acquisitions.

Tax Fees. EY did not provide any tax services during 2014 and 2013.

All Other Fees. EY did not provide any other services during 2014 and 2013.

The Audit Committee considers whether the provision of audit-related, tax and other non-audit services are compatible with maintaining the auditor’s independence, and has determined such services for fiscal 2014 and 2013 were compatible.

We have been advised by EY that neither the firm, nor any member of the firm, has any financial interest, direct or indirect, in any capacity in the Company or its subsidiaries.

Policy on Audit Committee Pre-
Approval of Audit and Non-Audit
Services of Independent Registered
Public Accounting Firm

The Audit Committee is responsible for appointing, setting compensation and overseeing the work of the independent registered public accounting firm. The Audit Committee has established a policy regarding pre-approval of all audit and non-audit services provided by the independent registered public accounting firm.

On an ongoing basis, management communicates specific projects and categories of service for which the advance approval of the Audit Committee is requested.

The Audit Committee reviews these requests and advises management if the committee approves the engagement of the independent registered public accounting firm. No services are undertaken which are not pre-approved. On a periodic basis, management reports to the Audit Committee regarding the actual spending for such projects and services compared to the approved amounts. All of the services provided by our independent auditor in 2014 and 2013, including services related to audit, audit-related fees, tax fees and all other fees described above, were approved by the Audit Committee under its pre-approval policies.

Report of the Audit Committee

The following report is not deemed to be “soliciting material” or to be “filed” with the SEC or subject to the SEC’s proxy rules or to the liabilities of Section 18 of the 1934 Act and the report shall not be deemed to be incorporated by reference into any prior or subsequent filing by the Company under the Securities Act of 1933 or the 1934 Act.

The Audit Committee evidenced its completion of and compliance with the duties and responsibilities set forth in the Audit Committee charter through a formal written report dated and executed as of November 20, 2014. A copy of that report is set forth below.
