CERTIFIED PUBLIC ACCOUNTANTS (ISR.)

REPORT OF INDEPENDENT PUBLIC ACCOUNTANTS

TO THE SHAREHOLDERS OF
QUASAR COMMUNICATION SYSTEMS LTD.

We have audited the Quasar Communication Systems Ltd., ("the Company") balance sheets as of December 31, 2003 and 2002 and the related statements of operations, changes in shareholders' equity and cash flows for each of the two years in the period ended December 31, 2003. These financial statements are the responsibility of the Company's Board of Directors and management. Our responsibility is to express an opinion on the financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in Israel, including those prescribed by the Israeli Auditors (Mode of Performance) Regulations, 1973 and with the standards of the Public Company Oversight Board (United State). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatements. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management as well as evaluating the overall financial statements presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, based on our examination, the financial statements referred to above present fairly, in all material respects, the financial position of the Company as of December 31, 2003 and 2002 and the results of its operations, changes in shareholders equity and its cash flows for each of the two years in the period ended December 31, 2003, in conformity with accounting principles generally accepted in the Israel Furthermore, in our opinion, the financial statements referred to above are prepared in accordance with the Israeli Securities (Preparation of Annual Financial Statements) Regulations, 1993.

Accounting principles generally accepted in Israel vary in certain significant respects from accounting principles generally accepted in the United States of America. Information relating to the nature and effect of such differences is presented in note 19 to the financial statements.

As explained in note 2, the above mentioned financial statements are presented in values adjusted to changes in the general purchasing power of the Israeli currency, in accordance with pronouncements of the Institute of Certified Public Accountants in Israel.

Edgar Filing: BOS BETTER ONLINE SOLUTIONS LTD - Form 6-K

Without qualifying our opinion, we wish to draw your attention to note 1C in the financial statements. The Company had suffered a loss of approximately NIS 6.5 millions in the year ended December 31, 2003. The Company's capital and working capital deficiencies as of December 31, 2003 amounted to approximately NIS 1.4 million and NIS 1.1 millions respectively.

The ability of the Company to continue to operate as a going concern is dependent upon increasing profitability and/or raising additional financial support.

The financial statements do not include any adjustments relating to recoverability and classification of the assets and liabilities that might be necessary should the company be unable to continue as a going concern.

CHAIKIN, COHEN, RUBIN & GILBOA
Certified Public Accountants (Isr.)

Tel-Aviv, January 4, 2005

THE ACCOMPANYING NOTES ARE AN INTEGRAL PART OF THE FINANCIAL STATEMENTS

QUASAR COMMUNICATION SYSTEMS LTD.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

IN THOUSANDS IN NEW ISRAELI SHEKELS

NOTE 1 - GENERAL

A. Quasar Communication Systems Ltd. (the Company) was founded and commenced its operation on August 1993. The Company engaged in developing, manufacturing and selling of cellular communication gateways.

B. DISCONTINUED OPERATION

On September 29, 2004, the company entered into an assets purchase agreement with B.O.S Better On-Line Solutions Ltd. ("BOS). Under the agreement BOS will purchase the majority of the company's assets relating to the company's business, including its fixed assets, product lines, intellectual property rights and industrial rights. BOS also committed to purchase the company's inventory.

These financial statements have been prepared as of September 28, 2004, immediately before the above-mentioned transaction, and do not reflect the impact of the agreement on the financial statements.

C. GOING CONCERN ASSUMPTION

The company had suffered a loss of approximately NIS 6.5 millions and NIS 1.7 millions for the year ended December 31, 2003 and for the period of nine months ended September 28, 2004, respectively. The company had also suffered from negative cash flows from operations amounting to approximately NIS 3.5 millions and NIS 2.2 millions as for these periods, respectively. The company's capital deficiencies as of December 31, 2003 and September 28, 2004 amounted to approximately NIS 1.4 millions and NIS 3 millions, respectively. The company's working capital deficiencies as for these days, amounted to approximately NIS 1.1 millions and NIS 3.6 millions, respectively. The ability of the Company to continue to operate as a going concern is dependent upon increasing its profitability and/or raising additional financial support.

D. THE USE OF ESTIMATES IN THE PREPARATION OF THE FINANCIAL STATEMENTS

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that effect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

E. UNAUDITED INTERIM FINANCIAL STATEMENTS

1) The accompanying balance sheet as of September 28, 2004, the statements of operations and of cash flows for the nine months ended September 28, 2004 and September 30, 2003, and the statements of changes in shareholders' equity for the nine months ended September 28, 2004 are unaudited.

2) The interim financial statements have been prepared in accordance

Edgar Filing: BOS BETTER ONLINE SOLUTIONS LTD - Form 6-K

with generally accepted accounting principles for the preparation of financial statements for interim periods, as prescribed in Accounting Standard No. 14 of the Israeli Accounting Standards Board.

The significant accounting policies applied in the preparation of the interim financial statements are identical to those followed in the preparation of the latest annual financial statements, except as described below.

- 3) The results for the nine months ended September 30, 2004 are not necessarily indicative of the results to be expected for the whole year ending December 31, 2004.

Q - 8

QUASAR COMMUNICATION SYSTEMS LTD.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

IN THOUSANDS IN NEW ISRAELI SHEKELS

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

The principal accounting policies which have been applied consistently with those of prior year, are as follows:

A. ADJUSTED FINANCIAL STATEMENTS

- 1) The financial statements have been prepared on the basis of historical cost adjusted for the changes in the general purchasing power of Israeli currency, in accordance with pronouncements of the Institute of Certified Public Accountants in Israel (hereafter - the Israeli Institute). All figures in the financial statements are presented in adjusted new Israeli shekels (NIS), which have a uniform purchasing power (December 2003 adjusted NIS) - based upon the changes in the consumer price index (hereafter - the CPI). As to the discontinuance of adjusting financial statements for the effects of inflation, with effects from January 1, 2004, see note below.

The adjustment of the financial statements is based on the accounts of the Company maintained in nominal NIS.

The income statement items were, for the most part, adjusted as follows: the components relating to transactions carried out during the year - sales, purchases, labor costs, etc. - were adjusted on the basis of the index for the month in which the transaction was carried out, while those relating to non-monetary balance sheet items (mainly -depreciation and changes in inventories) were adjusted on the same basis as the related balance sheet item. The financing component represents financial income and expenses in real terms including the effect of the erosion of balances of monetary items due to inflation.

- 2) The adjusted amounts of non-monetary assets do not necessarily represent realization value or current economic value, but only the original historical values, adjusted for the changes in the general purchasing power of Israeli currency. In these financial statements, the term "cost" signifies cost in adjusted Israeli

Edgar Filing: BOS BETTER ONLINE SOLUTIONS LTD - Form 6-K

currency.

B. DISCONTINUANCE OF THE ADJUSTMENT OF FINANCIAL STATEMENTS FOR THE EFFECTS OF INFLATION AND FINANCIAL REPORTING IN REPORTED AMOUNTS:

In 2001, the Israel Accounting Standards Board published Accounting Standard No. 12 with respect to the discontinuance of the adjustment of financial statements ("Standard No. 12"). According to this Standard (as amended by Accounting Standard No. 17), the adjustment of financial statements for the effects of inflation should be discontinued beginning January 1, 2004. The Company applied the provisions of the Standard, and accordingly, the adjustment for the effects of inflation was discontinued as from January 1, 2004.

1. STARTING POINT FOR THE PREPARATION OF FINANCIAL STATEMENTS:

- a) In the past, the Company prepared its financial statements on the basis of the historical cost convention, adjusted for the changes in the general purchasing power of the Israeli currency based on the changes in the Israeli Consumer Price Index ("Israeli CPI"). These adjusted amounts, as included in the financial statements as of December 31, 2003 (the transition date), served as a starting point for nominal financial reporting beginning January 1, 2004. Additions made after the transition date are included at nominal values.

Q - 9

QUASAR COMMUNICATION SYSTEMS LTD.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

IN THOUSANDS IN NEW ISRAELI SHEKELS

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (CONT.)

B. DISCONTINUANCE OF THE ADJUSTMENT OF FINANCIAL STATEMENTS FOR THE EFFECTS OF INFLATION AND FINANCIAL REPORTING IN REPORTED AMOUNTS

1. STARTING POINT FOR THE PREPARATION OF FINANCIAL STATEMENTS: (cont.)

- b) The amounts for non-monetary assets do not necessarily represent realizable value or current economic value, but only the reported amounts for those assets.
- c) In the financial statements "cost" represents cost in the reported amount (see 2 below).
- d) All comparative data for previous periods are presented after adjustment for the Israeli CPI as of the transition date (the Israeli CPI for December 2003).

2. FINANCIAL STATEMENTS IN REPORTED AMOUNTS:

a) Definitions:

ADJUSTED AMOUNT - historical nominal amount adjusted for the Israeli CPI as of December 2003, according to the provisions

Edgar Filing: BOS BETTER ONLINE SOLUTIONS LTD - Form 6-K

of Opinions No. 23 and No. 36 of the Institute of Certified Public Accountants in Israel.

REPORTED AMOUNT - adjusted amount as of the transition date, plus additions in nominal values after the transition date and less amounts deducted after the transition date. The amounts deducted after the transition date are in historical nominal values, adjusted amounts as of the transition date or in a combination of historical nominal values and adjusted amounts as of the transition date, according to the relevant situation.

b) Balance sheet:

- 1) Non-monetary items are presented in reported amounts.
- 2) Monetary items are presented in nominal values as of the balance sheet date.

c) Statement of operations:

- 1) Income and expenses relating to non-monetary items are derived from the change in the reported amount between the opening balance and the closing balance.
- 2) Other items in the statement of operations are presented in nominal values.

Q - 10

QUASAR COMMUNICATION SYSTEMS LTD.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

IN THOUSANDS IN NEW ISRAELI SHEKELS

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (CONT.)

C. EXCHANGE RATES AND BASIS OF LINKAGE

Balances in, or linked to, foreign currency are stated in the financial statements at the representative rates of exchange in effect at balance sheet date, as published by The Bank of Israel. Balances linked to the CPI are included in the balance sheets according to the latest index published prior to balance sheet date. Changes in monetary balances caused by changes in foreign currency exchange rate or from changes in the CPI are changed to the statement of operation as incurred. Hereunder are details of the CPI and dollar exchange rates:

EXCHANGE RATE OF ONE U.S.	
DOLLAR	CPI*
-----	-----
NIS	POINTS
-----	-----

Edgar Filing: BOS BETTER ONLINE SOLUTIONS LTD - Form 6-K

At December 31, 2003	4.379	106.16
At December 31, 2002	4.737	108.20
At September 28, 2004	4.480	100.6
At September 30, 2003	4.441	99.8

RATES OF INCREASE (DECREASE) -----	IN PERCENTAGE % -----	
Year ended December 31, 2003	(7.6)	(1.9)
Year ended December 31, 2002	7.3	6.5
Nine months ended September 28, 2004	2.4	1.2
Nine months ended September 30, 2003	(6.2)	(1.48)

* Based on the CPI of the month which ended in the balance date, on the average basis 2000=100.

D. CASH AND CASH EQUIVALENTS

The company considers all highly liquid investments, which include short-term bank deposits (up to 3 months from date of deposit), that are not restricted as to withdrawal or use to be cash equivalents.

E. ALLOWANCE FOR DOUBTFUL ACCOUNTS

The allowance for doubtful accounts is determined with respect to specific debts of doubtful collectibility.

F. INVENTORIES

Inventories are valued at the lower of cost or market value. Cost is determined on "first-in first-out" basis. Labor and production overheads component - on the basis of actual manufacturing costs.

Q - 11

QUASAR COMMUNICATION SYSTEMS LTD.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

IN THOUSANDS IN NEW ISRAELI SHEKELS

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (CONT.)

G. FIXED ASSETS

Fixed assets are stated at cost.

Depreciation is calculated according to the straight-line method at the following rates, which are considered to be adequate to the depreciation of the assets over the course of their estimated useful lives. Leasehold improvements are amortized over the related lease period.

	%

Machinery and equipment	7-20
Furniture and office equipment	20
Computers and computerized equipment	25-33
Vehicles	15
Leasehold improvements	6-20

H. DEFERRED TAXES

- 1) Deferred taxes are computed in respect of differences between the amounts presented in the financial statements and those taken into account for tax purposes.

Deferred taxes are measured at the tax rates, which will be in effect at time of release to income from the deferred tax accounts. Changes in deferred taxes during the reported year are reflected in the statement of income.

- 2) The Company recognizes tax benefits receivable where the expectation of realization according to management estimate, is more likely than not.
- 3) The Company may incur additional tax liability in the event of a dividend distribution by the company. No account was taken of the additional tax, since it is the Company's policy not to cause distribution of dividend, which would involve additional tax liability to the Company in the foreseeable future.

I. REVENUE RECOGNITION

Revenues from sale of products are generally recognized upon delivery to the customer, provided that payment is fixed or determinable, collectibility is probable and there is no significant obligation remaining.

Revenues from services are recognized ratably over the contractual period.

Q - 12

QUASAR COMMUNICATION SYSTEMS LTD.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

IN THOUSANDS IN NEW ISRAELI SHEKELS

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (CONT.)

J. IMPAIRMENT OF ASSETS

In February 2003, Accounting Standard No. 15 of the Israeli Accounting Standards Board ("the IASB") - "Impairment of Assets", became effective. Requires a periodic assessment - at each balance sheet date - to evaluate the need for a provision for the impairment of the company's non-monetary assets - fixed assets and identifiable intangibles, including goodwill, as well as investments in associated

Edgar Filing: BOS BETTER ONLINE SOLUTIONS LTD - Form 6-K

companies. As promulgated by the standard, its provisions are applied as of January 1, 2003. Pursuant to the provisions of the standard if any events have occurred or changed in circumstances have taken place, which might indicate that there has been an impairment of one or more of the above assets, the company is required to evaluate whether the carrying value of the investment in the asset is recoverable from the cash flows anticipated from that asset, and, if necessary, to record an impairment provision up to the amount needed to adjust its carrying amount to its recoverable amount. The impairment loss is carried directly to income.

The adoption of this standard has not had any effect on the company's financial statements.

K. DISCLOSURE OF EFFECT OF NEW ACCOUNTING STANDARDS IN THE PERIOD PRIOR TO THEIR APPLICATION

On July 2004, the Israeli Accounting Standards Board published Accounting Standard No. 19, "Taxes on Income". The Standard provides that a liability for deferred taxes is to be recorded for all temporary differences subject to tax, except for a limited number of exceptions. In addition, a deferred tax asset is to be recorded for all temporary differences that may be deducted, losses for tax purposes and tax benefits not yet utilized, if it is anticipated that there will be taxable income against which they can be offset, except for a limited number of exceptions. The new Standard applies to financial statements for periods beginning on January 1, 2005. The Standard provides that it is to be implemented by means of a cumulative effect of a change in accounting method. The Company estimates that the implementation of the Standard will not have a significant effect on the Company's statements

NOTE 11 - LIABILITY FOR EMPLOYEE RIGHTS UPON RETIREMENT

- a. Labor laws and agreements require the company to pay severance pay to

Edgar Filing: BOS BETTER ONLINE SOLUTIONS LTD - Form 6-K

employees dismissed or reliving from their employ in certain other circumstances. The Company's liability for the payment of severance pay to its employees is covered mainly by purchase of insurance policies. The amounts so funded are not included in the balance sheets since they are not under the control or management of the Company.

- b. Monthly employees (for whom the company makes regular deposits in severance pay funds) dismissed before attaining retirement age are entitled to severance pay computed on the basis of the latest pay rate. In respect of these employees, the company has undertaken to supplement the difference between severance pay computed as above and the amounts accumulated in the above-mentioned funds. An appropriate provision has been made for this liability.
- c. The liability to employees whose salary is partly based on commissions is computed on the basis of the average salary for the preceding 12 months.
- d. The amount of the liability for severance pay presented in the balance sheets reflects that portion of the liability which is not funded as described above. Part of this liability is covered by deposits, in the Company name, with recognized severance pay funds.

The liability for employee rights upon retirement, and the amount funded are composed as follows: DECEMBER 31,

	DECEMBER 31,	
	2002	2003
	----	----
For severance pay	649	347
Less - amount funded	(586)	(421)
	----	----
	63	(74)
	====	====

The Company may only make withdrawals from the severance pay funds for the purpose of paying severance pay.

NOTE 12 - CONTINGENCIES, COMMITMENTS, GUARANTEES AND LIENS

CONTINGENCY

A former employee who is a related party of the company filed a claim against the company for payment of vacations days in the amount of 186,000

Edgar Filing: BOS BETTER ONLINE SOLUTIONS LTD - Form 6-K

NIS.

At this stage of the legal proceedings, the company is unable to estimate the prospects of this legal claim, therefore the company has not made a provision in its financial statements.

COMMITMENTS

- 1) The facilities of the company are rented under a lease agreement, for period of 4 years (with extension option for 3 years) started July 1, 1999.

The annual rental payments are at the amount of \$77,000 per annum (the rented payments will increase in 2.5% for each year in the next becoming 3 years).

On June 2003, the company entered into an agreement with the renter of which the annual rental payments will be decreasing in 2.5% from the above mentioned mounts (NIS 77,000).

- 2) As of December 31, 2003 the company's vehicle are rented under lease agreements. The company committed for minimum payments of 394,000 NIS for the year of 2004, and 21,000 NIS for the year 2005.

GUARANTEES

On December 31, 2003 the company has given a guarantee of 86,000 NIS for the renter of the company's facilities.

LIENS

There are fixed and floating liens, unlimited in amounts on all of the company's assets, including a first degree fixed lien on the company's checks for collection, unpaid share capital and goodwill, in favor of bank Leumi. In addition, the company pledged, in a first degree fixed lien one of its customers account on favor of Bank, according to an agreement from April 29, 2003.

B. INVESTMENT IN THE COMPANY

On November 23, 2003 the company entered into investment agreement with some of its shareholders and another investor for investing of 398,000 NIS, in consideration to issuance of 398,000 ordinary shares and for lending 1,357,000 NIS.

After the above-mentioned issuance, the new investor holds 50.85% of the issued share capital.

In addition the company granted the new investor warrants in case the company will issue additional shares.

After December 31, 2003, the investors lended additional amount of 500,000 NIS.

NOTE 14 - TAXES ON INCOME

a. TAXATION UNDER INFLATIONARY CONDITIONS

The Company reports on its income for tax purposes according to the provisions of the Israeli Income Tax Law (Inflationary Adjustments), 1985, whereby taxable income is measured in NIS adjusted for the changes in the Israeli CPI.

In November 2001, an amendment to the Income Tax (Inflationary Adjustments) Law (Amendment No. 14), 2001 was passed by the "Knesset" (Israeli parliament), pursuant to which until February 28 of the year following the reported tax year, the Minister of Finance, with the approval of the finance committee of the Knesset, is entitled to determine by an order that the provisions of the aforesaid law, in whole or in part, will not apply with respect to a certain tax year if the Israeli CPI in that year did not increase by more than 3%. On January 2004, the Minister of Finance and the finance committee decided that the Inflationary Adjustments Law will be implemented with respect to 2003.

Q - 20

QUASAR COMMUNICATION SYSTEMS LTD.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

IN THOUSANDS IN NEW ISRAELI SHEKELS

NOTE 14 - TAXES ON INCOME (CONT.)

f. TAXES ON INCOME

On June 29, 2004 the Israeli parliament adopted an income tax ordinance amendment. The amendment determines a gradual reduction in the rate of corporate tax commencing from January 1, 2004. In accordance with the amendment the Company's nominal tax rate from 2004 has been reduced from 36% to 35%. In addition future reduction will come into effect at the beginning of 2005 (34%), 2006 (32%) and 2007 until a final tax rate of 30% is achieved.

The adoption of the amendment did not have significant effect on the Company's statements.

g. BENEFITS UNDER THE LAW FOR THE ENCOURAGEMENT OF CAPITAL INVESTMENTS

The Company's plan for investment of NIS 630,000 in fixed assets have been granted on December 6, 2000, an "approved enterprise" status subject to the law for Encouragement of Capital Investments, 5709-1959.

The Company chose the alternative income course, accordingly income from the "approved enterprise" will be exempt from taxes for two years after which a reduced tax rate of 25% will be enacted for the remaining benefit period. The benefit period is a 7 years period beginning the year in which the company first generates taxable income and contingent to a time period limitation as stated in the law. According to management opinion the benefit period commenced on 2000. Dividends distributed from the "approved enterprise" income will be liable to a 15% tax rate.

If the Company distributes a cash dividend to its shareholders out of income attributable to revenues from approved enterprises which received a tax exemption, the Company would be liable for taxes at the rate of the corporate tax (up to 25%) saved from the amount of the earnings distributed.

Edgar Filing: BOS BETTER ONLINE SOLUTIONS LTD - Form 6-K

The above mentioned benefits are contingent on the company meeting the terms of the law and its regulations and an authorization letter according to which the company invested in an "approved enterprise". Non-fulfillment of these terms may lead to the cancellation of some or all of the above mentioned benefits and a demand for the repayment of certain amounts including interest.

The Company applied the "Investment Center" for confirmation of the year 2000 as the year of commencing the benefit period.

On December 2, 2001 the Company applied for additional approved plan under the said law. This application was not approved, yet.

h. FINAL TAX ASSESSMENTS

The company has final tax assessments under the law up to and including the tax year ended at December 31, 1998.

Q - 26

QUASAR COMMUNICATION SYSTEMS LTD.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

IN THOUSANDS IN NEW ISRAELI SHEKELS

NOTE 19 - EFFECT OF MATERIAL DIFFERENCES BETWEEN GENERALLY ACCEPTED ACCOUNTING PRINCIPLES IN ISRAEL AND IN THE U.S.A.

The company prepares its financial statements in accordance with Israeli GAAP. As applicable to these financial statements, Israeli GAAP and U.S. of America GAAP vary in certain significant respects, as described below:

1) EFFECT OF INFLATION

In accordance with Israeli GAAP, through December 31, 2003, the company comprehensively includes the effect of the changes in the general purchasing power of Israeli currency in these financial statements, as described in note 2a above. In view of the inflation in Israel, this is considered a more meaningful presentation than financial reporting based on historical cost.

2) LIABILITIES FOR EMPLOYEE RIGHTS UPON RETIREMENT

Under Israeli GAAP, amounts funded in respect of severance pay liability by purchase of insurance policies are deducted from the related liability. Under U.S. GAAP, the amounts funded should be presented as a long-term investment among the Company's assets. Correspondingly, the entire change in the liability will be classified as part of wages expenses and the income from the funding arrangements will be classified as financing income.

3) IMPAIRMENT OF LONG-LIVED ASSETS

In accordance with Israeli GAAP, the review of an asset for impairment is performed in relation to its recoverable value. The recoverable value of an asset is determined according to the higher of the net selling price of the asset or its value in use to the company. The value in use is determined according to the present value of anticipated cash flow from the continued use of the asset, including those expected at the time of its future retirement and disposal.

For U.S. GAAP purposes the company adopted in 2002 FAS 144 "Accounting for the Impairment or Disposal of Long-Lived Assets" ("FAS 144"). Under FAS 144, if the sum of the expected future cash flows (undiscounted and without interest charges) of the long-lived assets is less than the carrying amount of such assets, an impairment loss would be recognized, and the assets are written down to their estimated fair values.

Since the company did not record an impairment loss in any of the reported periods, this GAAP difference results with no effect of the Company's financial statements.
