# AA- RATING OF ITS BONDS WITH A CHANGE IN OUTLOOK

ROSH HA AYIN, Israel, October 28, 2008 Partner Communications Company Ltd. (Partner or the Company) (NASDAQ and TASE: PTNR), a leading Israeli mobile communications operator, announces that Standard & Poor s Maalot (S&P Maalot) reaffirmed the AA-rating of Partner s series A bonds with a change in outlook from positive to stable.

In its report, S&P Maalot stated that: the stable outlook reflects our assessment that Partner will succeed in maintaining its strong financial and business position in the short term, in spite of the expected increase in competition from Pelephone and the continuous regulatory challenges.

S&P Maalot further stated that: the decision to change the rating from positive to stable is primarily influenced by our assessment that a rating upgrade in the short term is unlikely due to the expected challenges resulting from the change in the macroeconomic environment, as well as the expected increase to some extent in competition from the launch of Pelephone s UMTS network, which will be reflected mostly by higher marketing and retention costs.
