SECTION 2: FINANCIAL INFORMATION

ITEM 2.01: Completion of Acquisition or Disposition of Assets.

On April 10, 2015, Quadrant 4 System Corporation (the “Company”) formally completed the acquisition of Brainchild Corporation (“Brainchild”) pursuant to an agreement effective January 1, 2015. Under the acquisition agreement, the Company took operational control of the assets of Brainchild effective January 1, 2015 and has now completed integration of those assets into Company’s organization and technology platform. From an accounting standpoint, the assets will be integrated effective January 1, 2015. The Company reached milestones allowing final consummation as of April 10, 2015.

Brainchild based in Naples, Florida was a leading provider of web-based and mobile learning solutions for kindergarten to high school (K-12) schools. This acquisition of Brainchild includes technology, staffing and software solutions developed for providing its educational solutions and represents entry into a new market segment, the education market, but not a change in business model; the Company intends to leverage its experience providing cloud-based exchanges for healthcare and media, its other markets, to the education market to meet what the Company believes to be growing demand for platforms that bring together the delivery of digital instructional content and assessments and the analysis of student information and performance data in the K-12 schools in the US.

Based on Brainchild’s demonstration of in excess of \$2,000,000 in revenues for the year ended 2014, the Company paid \$500,000 in cash and issued 250,000 shares of the Company’s common stock and delivered its promissory note for \$1,000,000 to be paid and amortized over three years, as consideration for this acquisition.
