**PROXY STATEMENT FOR ANNUAL MEETING  
OF SHAREHOLDERS**

**November 7, 2003**

---

This proxy statement is being furnished to the shareholders of II-VI Incorporated, a Pennsylvania corporation (the "Company"), in connection with the solicitation by the Board of Directors of the Company of proxies to be voted at the annual meeting of shareholders (the "Annual Meeting") scheduled to be held on Friday, November 7, 2003, at 1:30 p.m. local time at the Treesdale Golf & Country Club, One Arnold Palmer Drive, Gibsonia, Pennsylvania 15044. A shareholder reception will start at 12:45 p.m. This proxy statement was first mailed to shareholders on or about September 30, 2003. A copy of the Company's Annual Report to Shareholders for the fiscal year ended June 30, 2003 is being furnished with this proxy statement.

Only shareholders of record as of the close of business on Wednesday, September 10, 2003, are entitled to notice of and to vote at the Annual Meeting and any adjournment thereof. The outstanding capital stock of the Company on that date consisted of 14,259,161 shares of Common Stock, no par value ("Common Stock"), each entitled to one vote per share.

All shares represented by valid proxies received by the Company prior to the Annual Meeting will be voted as specified in the proxy. If no specification is made, the shares will be voted as described below under the caption "Recommendation of the Board of Directors." Unless otherwise indicated by the shareholder, the proxy card also confers discretionary authority on the Board-appointed proxies to vote the shares represented by the proxy on any matter that is properly presented for action at the Annual Meeting. A shareholder giving a proxy has the power to revoke it any time prior to its exercise by delivering to the Company a written revocation or a duly executed proxy bearing a later date (although no revocation shall be effective until notice thereof has been given to the Secretary of the Company), or by attendance at the meeting and voting his or her shares in person.

Under the Company's Articles of Incorporation and By-Laws, and applicable law, the affirmative vote of shareholders entitled to cast at least a majority of the votes which all shareholders present at the meeting in person or by proxy are entitled to cast generally is required for shareholder approval, including shareholder proposals properly presented at the meeting and the ratification of the selection of Deloitte & Touche LLP as independent auditors of the Company for the fiscal year ending June 30, 2004. As such, abstentions generally have the effect of a negative vote. Any broker non-votes on a particular matter have no effect since, by definition, they are not entitled to be cast on the matter. With regard to the election of directors, votes may be cast in favor of a candidate or may be withheld. As directors are elected by a plurality, abstentions and broker non-votes have no effect on the election of directors.

Edgar Filing: II-VI INC - Form DEF 14A

**RECOMMENDATION OF THE BOARD OF DIRECTORS**

The Board of Directors of the Company recommends a vote FOR each of the nominees named below for election as director, FOR the ratification of the Board of Directors' selection of Deloitte & Touche LLP as independent auditors of the Company for the fiscal year ending June 30, 2004, and AGAINST the shareholder proposal presented below.

## ELECTION OF DIRECTORS

The Company's By-Laws provide that the Board of Directors shall establish the number of directors which shall be not less than five nor more than nine members. The By-Laws also provide for a board of directors of three classes, each class consisting of as nearly an equal number as practicable, as determined by the Board. At present, the Board of Directors of the Company has determined that the number of directors shall be seven, consisting of two directors each in Classes One and Two and three directors in Class Three.

Two directors of Class One are to be elected to hold office for a term of three years, and each until their respective successors are elected and qualified, subject to the right of the shareholders to remove any director as provided in the By-Laws. A vacancy in the office of a director may be filled by the remaining directors then in office, even if less than a quorum, or by the sole remaining director. Any director elected by the Board of Directors to fill a vacancy shall serve until his successor is elected and has qualified or until his or her earlier death, resignation or removal. If the Board of Directors increases the number of directors, any vacancy so created may be filled by the Board of Directors.

The holders of Common Stock have cumulative voting rights in the election of directors. In voting for directors, a shareholder has the right to multiply the total number of shares which the shareholder is entitled to vote by the number of directors to be elected in each class, and to cast the whole number of votes so determined for one nominee in the class or to distribute them among the nominees if more than one nominee is named in such class. The two Class One nominees receiving the greatest number of affirmative votes will be elected as a Class One director whose term expires in 2006. Unless otherwise indicated by the shareholder, a vote for the nominees of the Board of Directors will give the named proxies discretionary authority to cumulate all votes to which the shareholder is entitled and to allocate them after the total vote counts are available in favor of any one or more such nominees as the named proxies determine, with a view to maximizing the number of nominees of the Board of Directors who are elected. The effect of cumulation and voting in accordance with that discretionary authority may be to offset the effect of a shareholder's having withheld authority to vote for an individual nominee or nominees because the proxies will be able to allocate votes of shareholders who have not withheld authority to vote in any manner they determine among such nominees. If a shareholder desires specifically to allocate votes among one or more nominees, the shareholder should so specify on the proxy card.

The persons named as proxies on the enclosed proxy card were selected by the Board of Directors and have advised the Board of Directors that, unless authority is withheld, they intend to vote the shares represented by them at the Annual Meeting: for the election of Duncan A.J. Morrison, who has served as director of the Company since 1982; and for the election of Marc Y.E. Pelaez, who has served as director of the Company since 2002.

The Board of Directors knows of no reason why any nominee for director would be unable to serve as director. If at the time of the Annual Meeting any of the named nominees are unable or unwilling to serve as directors of the Company, the persons named as proxies intend to vote for such substitutes as may be nominated by the Board of Directors.

The following sets forth certain information concerning each nominee for election as a director of the Company and each director whose term of office will continue after the meeting.

## Report of the Compensation Committee

The Compensation Committee has the responsibility of recommending to the Board of Directors appropriate salaries and bonuses for all executive officers and top management of the Company. The Option Committee has the responsibility of granting stock options to eligible employees including the executive officers. Both committees are comprised of all of the non-management directors of the Company.

### *Compensation Philosophy*

To link the interests of executives and managers to the interests of shareholders and other potential investors.

To provide incentives for working toward increasing short-term and long-term shareholder value through growth-driven financial compensation.

To provide incentives for innovation, quality management, responsiveness to customer needs, environmental, health and safety performance and an action-oriented approach to opportunities in the marketplace.

To attract and retain individuals with the leadership and technical skills required to carry the Company into the future, and to grow the business.

To provide compensation in a manner that allows for shared risks by the executives and managers but also the potential for shared rewards.

### *Executive Compensation*

The Company uses a three-pronged approach to its executive compensation program: 1) base salary; 2) potential for cash or stock bonuses; and 3) incentive stock. The Company's compensation plans tie a significant portion of executive compensation to performance goals. In fact, executive officers collectively have over 25% to 50% of their compensation package at-risk, which means it is not guaranteed but rather is received through bonuses or incentive stock based on the Company's performance. In the aggregate, 62%, 26% and 62% of the executive officer's compensation for fiscal 2003, 2002 and 2001, respectively, on average, came from at-risk incentive directly related to Company performance. During the course of each year, the Committee meets with the CEO and COO of the Company to review recommendations on changes, if any, in the base salary of each executive officer. Based on the Committee's judgment and knowledge of salary practices, national surveys and an individual's performance and contribution to the Company, the Committee modifies or approves such recommendations.

**Base Salary:** The Company sets base salary levels for executive management each year based on a number of factors, including the status of the competitive marketplace for such positions, the responsibilities of the position, the experience of the individual, the individual's performance during the past year, and equity in relationship to other executive positions within the Company.

**Cash Bonuses:** The Company awards cash bonuses under a Bonus Incentive Plan which is based on a formula percentage of the Company's profits determined annually by the Board of Directors. The Company also awards bonuses under a Management-By-Objective Plan which is based on a formula percentage of operating profits, determined annually by the Board, based on achievement of certain strategic objectives integral to the annual operating plan.

Incentive Stock: The Company has a variable compensation plan covering all employees, including executive officers, based on achievement of certain objectives. On average, once every two fiscal years the Option Committee may consider granting executive officers of the Company awards under the Option Plan. These options, which generally vest over time, are awarded to officers based on their continued contribution to

the Company's achievement of financial and operating objectives. These awards are designed to align the interests of the Company's shareholders and to motivate the Company's executive officers to remain focused on the overall long-term performance of the Company.

*Chief Executive Officer and Chief Operating Officer*

In setting compensation for the Chief Executive Officer and Chief Operating Officer, the Compensation Committee considers objective criteria including performance of the business, accomplishments of long-term strategic goals and the development of management. The Compensation Committee considers the Company's revenue growth and earnings to be the most important factors in determining the Chief Executive Officer's and Chief Operating Officer's compensation package. Along with the financial performance factors, the Compensation Committee also considers achievement of long-term strategic goals, including enhancing the Company's reputation among both its customer and investor bases during the year, and the market base salary of comparable positions. The base salary has normally been 75-80% of the market base salary due to the at risk portion of the compensation mentioned earlier.

## RATIFICATION OF SELECTION OF AUDITORS

Unless otherwise directed by the shareholders, proxies will be voted for the ratification of the Board of Directors' selection of Deloitte & Touche LLP as the Company's independent auditors for the fiscal year ending June 30, 2004. The affirmative vote of the holders of at least a majority of the votes which all shareholders present at the Annual Meeting are entitled to cast is required to ratify such selection. A representative of Deloitte & Touche LLP is expected to be present at the Annual Meeting to respond to appropriate questions and will have the opportunity to make a statement if such person so desires.

During fiscal 2003, the Company incurred the following fees for services performed by Deloitte & Touche, LLP the member firms of Deloitte Touche Tohmatsu, and their respective affiliates (collectively "Deloitte") during the fiscal years ended June 30, 2003 and 2002:

	2003	2002
Audit Fees	\$ 226,000	226,000
Audit-Related Fees (1)	7,000	4,000
Tax Fees (2)	284,000	367,000

(1) Audit-related fees represented audits of the Company's Profit Sharing Plan.

(2) Tax fees consisted of fees for tax compliance and consulting services including transfer pricing studies and corporate reorganizations.

The Audit Committee pre-approves the retention of the auditors, and the auditor's fees for all audit and non-audit services provided by the auditor and determines whether the provision of non-audit services is compatible with maintaining the independence of the auditor.

## SHAREHOLDER PROPOSAL

The Company received a shareholder proposal from Mr. James Hollister. Mr. Hollister requested that the Company include the proposal in this proxy statement. Following SEC rules, other than minor formatting changes, the Company is reprinting the proposal and supporting statements as they were submitted to us. The Company takes no responsibility for Mr. Hollister's proposal, which is as follows:

The shareholders of II-VI Incorporated request that the Board of Directors rescind the so-called "Shareholder Rights Plan" passed by the Board of Directors and announced to the public August 14, 2001 and refrain from passing future such resolutions unless previously approved by a majority of the shareholders.

In my opinion, the Board resolution may make a hostile takeover of II-VI Incorporated very difficult. In my view, II-VI Incorporated already had mechanisms in place which may have made a hostile takeover difficult. Management currently owns over 19% of outstanding stock, and management's continued employment could be considered important to the future success of a high-tech company such as II-VI Incorporated. Also, elections of the II-VI Incorporated's Board of Directors are staggered and, under Pennsylvania Business Corporation Law Section 515, the board may consider the interests of all stakeholders when evaluating takeover proposals. In my opinion, it makes no sense to risk depressing demand for II-VI common stock via a needless impairment of shareholder rights.

**BOARD OF DIRECTORS STATEMENT OF OPPOSITION**

**The Board of Directors recommends a vote AGAINST the shareholder proposal for the following reasons:**

The Board of Directors believes that our Shareholder Rights Plan better enables the Board to act in the best interests of the Company, taking into account all pertinent factors, including (i) the interests of the Company's shareholders, customers, employees, creditors, suppliers and the communities in which it is located, (ii) the short-term and long-term interests of the Company, including benefits that may accrue to the Company from its long-term plans and the possibility that those interests may be best served by the continued independence of the Company and (iii) the resources, intent and conduct (past, stated and potential) of any person seeking to acquire control of the Company.

Contrary to the proponent's contentions, the Shareholder Rights Plan is not intended to deter a friendly takeover of the Company, and will not operate to do so. The Shareholder Rights Plan will not interfere with a merger or other business combination transaction approved by the Company's Board of Directors. The existence of the Shareholder Rights Plan should not affect any prospective bidder making an offer at a full and fair price that is willing to negotiate with the Board of Directors. To the contrary, past studies have shown that in many cases premiums paid to acquire target companies with rights plans were higher than premiums paid to target companies without rights plans and that rights plans do not reduce the likelihood of a company becoming an acquisition target.

The Shareholder Rights Plan is designed to deal with a very specific and serious problem. It operates to deter unilateral actions by hostile acquirers which are calculated to deprive the Company and its shareholders of their ability to determine the destiny of the Company. The Board of Directors believes that the maintenance of our Shareholder Rights Plan is essential to preventing hostile takeovers that are not in the best interest of the Company, including takeovers that are abusive, coercive or unfair (because the price offered to shareholders is inadequate or otherwise detrimental). Our Shareholder Rights Plan provides an additional degree of control in these situations and permits the Board to exercise its fiduciary duties to act in the best interests of the Company.

In summary, this proposal would deny the Board the degree of control and flexibility, which is necessary to effectively respond to hostile bids, so as to act in the best interests of the Company. Additionally, requiring the Board to seek shareholder approval with respect to future resolutions concerning shareholder rights plans would undermine the Board's ability to quickly respond to hostile takeover bids in a manner which most effectively protects the interests of the Company.

**THE BOARD OF DIRECTORS RECOMMENDS A VOTE AGAINST THE SHAREHOLDER PROPOSAL FOR THE REASONS DISCUSSED ABOVE.**

**FORM 10-K ANNUAL REPORT TO THE SECURITIES  
AND EXCHANGE COMMISSION**

A copy of the Annual Report on Form 10-K of the Company for the fiscal year ended June 30, 2003, as filed with the Securities and Exchange Commission is included in the Annual Report to Shareholders which is being furnished with this proxy statement. Creaturo, Chief Accounting Officer and Treasurer of II-VI Incorporated, 375 Saxonburg Boulevard, Saxonburg, Pennsylvania 16056.

**OTHER MATTERS**

The Company knows of no other matters to be presented for action at the meeting. However, if any other matters should properly come before the meeting it is intended that votes will be cast pursuant to the proxy in respect thereto in accordance with the best judgment of the persons acting as proxies.

The Company will pay the expense in connection with the printing, assembling and mailing to the holders of capital stock of the Company the notice of meeting, this proxy statement and the accompanying form of proxy. In addition to the use of the mails, proxies may be solicited by directors, officers or regular employees of the Company personally or by telephone or telegraph. The Company may request the persons holding stock in their names, or in the names of their nominees, to send proxy material to and obtain proxies from their principals, and will reimburse such persons for their expense in so doing.

**Section 16(a) Beneficial Ownership Reporting Compliance**

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires the Company's directors, executive officers and persons who beneficially own more than ten percent of a class of the Company's registered equity securities to file with the Securities and Exchange Commission and deliver to the Company initial reports of ownership and reports of changes in ownership of such registered equity securities.

To the Company's knowledge, based solely on a review of the copies of such reports furnished to the Company and written representations that no other reports were required, the Company's directors, executive officers and more than ten percent shareholders filed all reports due under Section 16(a) for the period from July 1, 2002, through June 30, 2003, with the exception of a delinquent report by Carl J. Johnson of a private non-market purchase under a buy-sell agreement from a third party and a one-day delinquent report by Herman E. Reedy of a stock option transaction.

**Shareholder Proposals**

Proposals by shareholders intended for inclusion in the Company's proxy statement and form of proxy for the Annual Meeting of the Company expected to be held in November 2004 must be delivered to Robert D. German, Secretary of II-VI Incorporated, 375 Saxonburg Boulevard, Saxonburg, Pennsylvania 16056, by June 2, 2004. Rules under the Securities Exchange Act of 1934, as amended, describe the standards as to the

submission of shareholder proposals. Additionally, the Board-appointed proxies will have discretionary authority to vote on any proposals by shareholders that are not intended to be included in the Company's proxy materials for the 2004 Annual Meeting, but are intended to be presented by the shareholder from the floor, unless notice of the intent to make such proposal is received by Mr. German at the address above on or before August 16, 2004.
