PROXY STATEMENT

FOR ANNUAL MEETING OF STOCKHOLDERS

TO BE HELD ON JUNE 2, 2004

Our Board of Directors (the **Board**) is furnishing this proxy statement to solicit proxies on its behalf to be voted at the 2004 Annual Meeting of Stockholders (the **Annual Meeting**) of Toys R Us, Inc. (the **Company**), or at any adjournments or postponements thereof. The meeting will be held at the Toys R Us Times Square Store, 1514 Broadway (between 44th Street and 45th Street), New York, New York, on June 2, 2004, beginning at 8:30 a.m., local time. The approximate date of mailing for this proxy statement and the accompanying proxy card, as well as a copy of the Company's 2003 Annual Report, is April 14, 2004.

QUESTIONS AND ANSWERS

1. Q: Who is entitled to vote?

A: Stockholders of the Company as of the close of business on the record date of April 9, 2004 are entitled to vote at the Annual Meeting.

2. Q: What are the proposals to be voted upon at the Annual Meeting and what are the Board's recommendations regarding those proposals?

A: There are two proposals to be voted upon at the Annual Meeting:

- (1) a directors' proposal to elect the nominated slate of directors; and
- (2) a stockholder's proposal.

We will also consider other business that properly comes before the Annual Meeting.

Our Board recommends that you vote your shares **FOR** each of the nominees to the Board and **AGAINST** the stockholder proposal.

3. Q: How do I cast my vote?

A: There are four different ways you may cast your vote this year. You may vote by:

- (1) *telephone*, using the toll-free number listed on each proxy card (if you are a registered stockholder, that is if you hold your stock in your name) or vote instruction card (if your shares are held in street name, that is if your shares are held in the name of a broker, bank or other nominee, and your bank, broker or nominee makes voting by telephone available);
- (2) *the Internet*, at the address provided on each proxy card (if you are a registered stockholder) or vote instruction card (if your shares are held in street name and your bank, broker or nominee makes Internet voting available);
- (3) *marking, signing, dating and mailing* each proxy card or vote instruction card and returning it in the envelope provided; or
- (4) *attending the meeting and voting in person*, if your shares are registered directly in your name on the Company's books and not held through a broker, bank or other nominee, or, if your shares are

Table of Contents

held in street name, you have obtained a proxy from your bank, broker or nominee and you bring that proxy to the meeting.

If your shares are held in street name, you have the right to direct your broker on how to vote your shares. You will receive instructions from your broker with your materials that you must follow in order to have your shares voted.

The deadline for voting by telephone or the Internet is 11:59 a.m. Eastern U.S. Time, June 1, 2004.

4. Q: How do I revoke or change my vote?

A: To revoke or change your vote:

- (1) notify the Company's Corporate Secretary in writing at any time before the meeting;
- (2) submit a later dated proxy by telephone, the Internet or mail within the required time; or
- (3) vote in person at the meeting, if your shares are registered directly in your name on the Company's books and not held through a broker, bank or other nominee, or, if your shares are held in street name, you have obtained a proxy from your bank, broker or nominee and you bring that proxy to the meeting.

The latest dated, properly completed proxy that you submit whether by telephone, the Internet or mail will count as your vote. If a vote has been recorded for your shares and you submit a proxy card that is not properly signed or dated, the previously recorded vote will stand. Attendance at the meeting shall not have the effect of revoking a proxy.

5. Q: Who will count the vote?

A: Representatives of American Stock Transfer & Trust Company, the Company's transfer agent, will count the vote and act as the inspector of election.

6. Q: Is my vote confidential?

A: Yes, your vote is confidential, and only the inspector of election and certain employees associated with processing proxy cards and counting the vote have access to your vote, except (i) as necessary to determine compliance with law or assert or defend legal claims; (ii) as necessary to allow the inspector of election to certify the results of a vote; (iii) in the event that a stockholder expressly authorizes disclosure with respect to his or her vote; (iv) in certain circumstances in a contested proxy solicitation; or (v) in the event that a stockholder makes a written comment on a proxy card or an attachment to it.

7. Q: What does it mean if I get more than one proxy card or vote instruction card?

A:

Edgar Filing: TOYS R US INC - Form DEF 14A

If your shares are registered differently and are in more than one account, you will receive more than one card. Please complete and return all of the proxy cards or vote instruction cards you receive (or vote by telephone or the Internet, if available to you) to ensure that all of your shares are voted.

8. Q: How many shares can I vote?

A: Every stockholder is entitled to one vote for each share of the Company's Common Stock they own as of the record date of April 9, 2004. In the election of directors, stockholders have cumulative voting rights. Each stockholder is entitled to one vote for each share of the Company's Common Stock they own as of the record date multiplied by the number of directors to be elected. Each stockholder may cast all those votes for a single director or may distribute them among all or some of the director nominees.

9. Q: What is a quorum and what vote is required to approve a proposal?

A: A quorum is a majority of the outstanding shares of stock entitled to vote at the meeting. As of the April 9, 2004 record date, 213,881,298 shares of the Company's Common Stock were issued and

Table of Contents

outstanding. They may be present at the meeting or represented by proxy. There must be a quorum for the meeting to be held. If you submit a timely, properly executed proxy card or vote instruction card, then you will be considered part of the quorum, even if you abstain from voting.

Directors are elected by a plurality of the votes cast in the election. For all other matters, a proposal must receive more than fifty percent of the shares voting to be adopted.

10. Q: How are abstentions, broker non-votes and withheld votes counted?

A: Abstentions, broker non-votes and withheld votes are each counted as present for the purpose of determining the presence of a quorum.

Abstentions: Abstentions are counted as shares present and entitled to be voted with respect to the matter being voted on and will not affect the outcome of any of the matters being voted upon at the meeting.

Broker Non-Votes: Broker non-votes occur when shares held by a broker are not voted with respect to a proposal because (1) the broker has not received voting instructions from the stockholder and (2) the broker lacks the authority to vote the shares at his/her discretion. Broker non-votes are not counted as shares present and entitled to be voted with respect to the matter on which the broker has not voted expressly. Thus, broker non-votes will not affect the outcome of any of the matters being voted upon at the meeting.

Withheld Votes: With regard to the election of directors, votes may be cast in favor of or withheld from each nominee. Votes that are withheld will be excluded entirely from the vote and will have no effect on the outcome of the vote.

11. Q: Who can attend the Annual Meeting?

A: All stockholders of the Company as of the close of business on the record date of April 9, 2004 may attend. Just check the box on your proxy card or vote instruction card, or as indicated on the Internet site, or press the appropriate key if voting by telephone. If you plan to attend the meeting, you will need to bring the letter from our Chief Executive Officer included as the cover page of this proxy statement and valid picture identification (such as a driver's license or passport) with you to the meeting, as the letter and your picture identification will serve as your admittance pass to the meeting. In addition, if your shares are held in street name, you will also need to provide proof of beneficial ownership on the record date, such as your most recent account statement prior to April 9, 2004, a copy of the vote instruction card provided by your broker, bank or nominee, or other similar evidence of ownership.

12. Q: What if a stockholder does not specify a choice for a matter when returning a proxy?

A: Stockholders should specify their choice for each matter on the enclosed proxy card, and where a choice is specified as to a matter, the proxy will be voted in accordance with such specification. Unless contrary instructions are given, the persons named in the proxy will have discretionary authority to accumulate votes for the election of directors. If no specific instructions are given, proxies which are signed and returned will be voted FOR the proposal to elect all of the nominated directors (unless the persons named in the proxy elect to use their discretionary authority to accumulate votes for the election of directors in the manner described under Directors Proposal to Elect Directors on page 6) and AGAINST the stockholder proposal.

13. Q: How will voting on any other business be conducted?

A: Although we do not know of any business to be considered at the Annual Meeting other than as described above, if any other business is presented at the Annual Meeting, your signed proxy card or vote instruction card or your authenticated Internet or telephone proxy gives authority to John H. Eyer, Jr., the Company's Chairman of the Board, President and Chief Executive Officer, and Arthur B.

Table of Contents

Newman, one of the Company's directors and Chairman of the Audit Committee, to vote on such matters at their discretion.

14. Q: What is householding?

A: As permitted by the rules of the Securities and Exchange Commission (the SEC), only one copy of this proxy statement and the Company's 2003 Annual Report is being delivered to stockholders residing at the same address, unless such stockholders have notified the Company of their desire to receive multiple copies. This practice, known as householding, reduces the volume of duplicate information you receive and reduces the Company's printing and mailing costs. The Company will promptly deliver, upon oral or written request, an additional copy of this proxy statement and the Company's 2003 Annual Report to any stockholders residing at an address to which only one copy was mailed. Requests for additional copies should be directed as described below. Stockholders residing at the same address and currently receiving only one copy of this proxy statement may contact the persons described below to request multiple copies of the proxy statement and annual report in the future. Stockholders residing at the same address and currently receiving multiple copies of this proxy statement are encouraged to contact the persons described below to request that only a single copy of the proxy statement and annual report be mailed in the future.

For any of the above requests:

- (1) *if you are a registered stockholder:* contact American Stock Transfer & Trust Company, our transfer agent, at (877) 777-0800; or
- (2) *if you hold shares through a broker, bank or other nominee,* contact your broker, bank or nominee.

15. Q: Does any stockholder own five percent or more of the Company's Common Stock?

A: The information below is based on a review of all statements on Schedules 13D and 13G filed with the SEC, except as otherwise known by the Company. As of March 31, 2004, these stockholders have reported the following ownership of shares of the Company's Common Stock, which represents the following percent of outstanding shares of the Company's Common Stock as of that date:

A proposal may be presented from the floor only after the Board has determined that it is a proper matter for consideration under our By-Laws.

Table of Contents**PROPOSALS ON WHICH YOU MAY VOTE****Proposal 1****Directors Proposal to Elect Directors**

Upon the recommendation of the Corporate Governance and Nominating Committee of the Board (the Corporate Governance and Nominating Committee), the Board has proposed for election at the Annual Meeting the ten individuals listed below to serve, subject to the Company's Amended and Restated By-Laws (the By-Laws), as directors of the Company. All directors are elected annually, and serve a one-year term until the next Annual Meeting of the Stockholders and until the election and qualification of their successors. If any director is unwilling or unable to stand for re-election (which is not anticipated), the Board may reduce its size or designate a substitute. If a substitute is designated, proxy votes in favor of the original director candidate will be counted for the substituted candidate. Each of the individuals listed below, except Frank R. Noonan, was elected by the stockholders at the Annual Meeting of the Stockholders held in 2003.

Pursuant to the By-Laws, in electing directors, holders of Common Stock have cumulative voting rights. Each holder of record of Common Stock is entitled to as many votes as the number of shares they own of record multiplied by the number of directors to be elected, and may cast all of those votes for a single director or may distribute them among all or some of the directors to be voted for, as the stockholder sees fit. Unless contrary instructions are given, the persons named in the proxy will have discretionary authority to accumulate votes in the same manner.

YOUR BOARD UNANIMOUSLY RECOMMENDS A VOTE FOR EACH OF THESE DIRECTORS.

Proposal 2

Stockholder Proposal Regarding Voting

The United Brotherhood of Carpenters Pension Fund (the Carpenters Fund), 101 Constitution Avenue, N.W., Washington, D.C., has requested that the Company include the following proposal and supporting statement in its proxy statement for the Annual Meeting. The Carpenters Fund beneficially owns 3,600 shares of Common Stock. The proposal is quoted verbatim below.

Stockholder Proposal:

Resolved: That the shareholders of Toys R Us, Inc. (Company) hereby request that the board of directors initiate the appropriate process to amend the Company s governance documents (certificate of incorporation or bylaws) to provide that nominees standing for election to the board of directors must receive the vote of a majority of the shares entitled to vote and present in person or by proxy at an annual meeting of shareholders in order to be elected or re-elected to the board of directors.

Supporting Statement:

Our Company is incorporated in the state of Delaware. Delaware corporate law provides that a company s certificate of incorporation or bylaws may specify the number of votes that shall be necessary for the transaction of any business. (8 Del. C. 1953, Section 216 Quorum and required vote for stock corporations). Further, the law provides that in the absence of any such specification in the certificate of incorporation or bylaws of the corporation, directors shall be elected by a plurality of the votes of the shares present in person or represented by proxy at the meeting and entitled to vote on the election of directors. Our Company presently does not specify a vote requirement other than a plurality for the election of directors, so Company directors are elected by a plurality of the vote.

We feel that it is appropriate and timely for the board to initiate a change in the threshold vote required for a nominee to be elected to the board of directors. While the governance change proposed would entail a vote of the shareholders, the board of directors is positioned to initiate the amendment process. We believe that in order to make corporate director elections more meaningful at our Company, directors should have to receive the vote of a majority of the shares entitled to be voted in a director election. Under the present system, a director can be re-elected even if a substantial majority of the votes cast is withheld from that director. For example, if there are 100 million votes represented at a meeting and eligible to be cast and 90 million of these votes are withheld from a given candidate, he or she would still be elected with a plurality of the vote despite the fact that 90% of the votes cast withheld support for that nominee s election to the board. We believe that a director candidate that does not receive a majority of the vote cast should not be seated as a director.

It is our contention that the proposed majority vote standard for corporate board elections is a fair and reasonable standard and adoption of such a standard will strengthen the corporate governance processes at our Company. We urge your support of this important governance reform.

The Board unanimously recommends that stockholders vote against this proposal for the following reasons:

Edgar Filing: TOYS R US INC - Form DEF 14A

The Board believes that each director should represent the interests of all stockholders, including stockholders holding a small amount of our common stock. Our Restated Certificate of Incorporation provides for cumulative voting in connection with the election of directors. Cumulative voting entitles each holder of common stock to as many votes as equals the number of shares owned by such stockholder multiplied by the number of director nominees, and to cast all of such votes for a single nominee or to distribute such votes for any two or more of such nominees if not all of them. In connection with cumulative voting, directors are elected by a

Table of Contents

plurality of votes, so that the nominees with the most votes are elected. Cumulative voting favors our smaller stockholders by enabling them possibly to elect a director or influence the election of one or more directors.

In making the proposal, the proponent erroneously suggests some of our Board members would not have been elected had we had a system of majority voting in place. To the contrary, last year, each of our directors was elected by approximately 95% 98% of the votes cast. The Board believes that our current system of electing directors best serves the interests of all of our stockholders.

FOR THESE REASONS, YOUR BOARD UNANIMOUSLY RECOMMENDS THAT YOU VOTE AGAINST THIS STOCKHOLDER PROPOSAL.

The Company is committed to having superior corporate governance standards. To this end, the Company's Amended and Restated Corporate Governance Guidelines (the "Corporate Governance Guidelines") address, among other things, director qualifications and responsibilities, responsibilities of key Board committees and director compensation. The Company has also adopted a code of business conduct and ethics, the Code of Ethical Standards and Business Practices and Conduct (the "Code of Conduct"), for all of its directors, officers and employees. The Code of Conduct focuses the Board and the Company's management on areas of ethical risk, provides guidance to personnel to help them recognize and deal with ethical issues, provides mechanisms to report unethical conduct and helps to foster a culture of honesty and accountability. The Code of Conduct requires that any waiver of compliance with the Code of Conduct must be made by the Board, the Audit Committee of the Board or the Corporate Governance and Nominating Committee of the Board and that any waiver for an executive officer or a director must be promptly disclosed to the Company's stockholders. Any such waivers, if made, will be promptly disclosed on the Company's website located at www.toysrusinc.com. The Company also has an additional code of ethics for its senior financial officers, the Chief Executive Officer and Senior Financial Officer's Code of Ethics (the "CEO and Senior Financial Officers Code"), that seeks to ensure that the Company's business records meet the Company's high standards. Any amendment to, or waiver from, a provision of the CEO and Senior Financial Officers Code that applies to the Company's Chief Executive Officer, Chief Financial Officer, principal accounting officer or controller, or persons performing similar functions will be promptly disclosed to the Company's stockholders on the Company's website located at www.toysrusinc.com. Corporate Governance and Nominating Committee

The Corporate Governance and Nominating Committee met five times during fiscal year 2003.

Table of Contents

The Corporate Governance and Nominating Committee reviews, as appropriate, the corporate governance practices and related governance structures of the Company, including the annual review of the Corporate Governance Guidelines, the charters of each Board committee and the Company's Code of Conduct. In addition, this committee is responsible for conducting a performance evaluation of each Board member, conducting an evaluation of the committees of the Board, recommending to the Board (after consultation with the Chairman of the Board) the assignments of directors to its committees and establishing the criteria and implementing the process by which the Board conducts its annual self-evaluation.

In addition to the above, the Corporate Governance and Nominating Committee recommends to the Board the individuals to be nominated for election as directors at the Annual Meeting of Stockholders and has the authority to recommend to the Board the individuals to be elected as directors to fill any vacancies or additional directorships which may arise from time to time on the Board. To fulfill this role, the committee reviews the composition of the full Board to determine the skills, characteristics, experiences and areas of expertise needed to further enhance the composition of the Board and works with management in attracting candidates with those qualifications. The Board is committed to having a diversified membership. Nominees for director are selected on the basis of broad experience, wisdom, integrity, ability to make independent analytical inquiries, understanding of the Company's business environment and willingness to devote adequate time to Board duties.

Subject to certain exceptions, one-third of such options become exercisable on a cumulative basis on each of the third, fourth and fifth anniversaries of the date of the grant.

Non-Employee Directors may elect to receive the grant of an option in lieu of the payment of all or any portion of the cash retainer fee or stock unit awards described above (other than the award to new Non-Employee Directors of stock units valued at \$50,000 described above) at the exchange ratio specified by the Directors Option Plan and in accordance with the terms and conditions of the Plan. Any such election is generally irrevocable. Payment in settlement of any amounts of cash, Common Stock or other property deposited in the deferral accounts established for Non-Employee Directors will generally be made as soon as practicable after the expiration of the deferral period, and in such number of installments as elected by a Non-Employee Director.

EXECUTIVE COMPENSATION

Report of the Compensation and Organizational Development Committee

The Compensation and Organizational Development Committee (the Compensation Committee) is composed entirely of independent directors, none of whom is or has been an officer or employee of the Company.

The Company's executive compensation program is based on its pay for performance philosophy and has been designed to:

Attract high-caliber talent to meet the organization's executive resource needs;

Retain top-performing executives at the corporate level and in each of the divisions;

Provide compensation opportunities that are fair and competitive with those offered by comparable organizations with whom the Company competes for business and talent;

Motivate high performance by executive officers and all employees;

Reward executives based on individual, business unit, subsidiary and Company quarterly, annual and long-term strategic progress, business results and the creation of stockholder value; and

Align executive officers and employees with stockholders' interests through a mix of long-term and short-term incentives.

All of the Company's executive officers, including the Chief Executive Officer, participate in the same compensation program. The main components of the executive compensation program are base salaries, short-term incentives in the form of quarterly and annual bonuses, and long-term incentives in the form of equity compensation. Base salaries for executive officers are reviewed annually and, consistent with the objectives expressed above, are part of a competitive review of comparable companies in the industry. Bonuses for the Chief Executive Officer and other executive officers are governed by the Amended and Restated Toys R Us, Inc. Management Incentive Compensation Plan. Target bonuses are based on meeting financial and individual strategic objectives that are established at the beginning of the fiscal year. Finally, equity awards are based on individual and Company performance, as well as competitive industry practices.

To strengthen the executive compensation program's alignment with the objectives expressed above, the Compensation Committee implemented several significant changes for fiscal year 2003:

In response to the Company's prior year performance and the overall competitive environment, the Company declined to implement its annual management merit increase program in fiscal year 2003. While some base salary increases were made for executive officers and other managers who were promoted or took on additional responsibilities, most of the Company's management received no increase to their base salaries in 2003.

For fiscal year 2003, the financial performance component of an executive officer's bonus target was increased from seventy-five percent (75%) to eighty percent (80%). Correspondingly, the individual performance component of an executive officer's bonus target, was decreased from twenty-five percent (25%) to twenty percent (20%). Moreover, of the eighty percent (80%) financial performance component, forty percent (40%) is now based on Company-wide financial performance and forty percent (40%) is based on divisional financial performance. This compares to twenty-two and a half percent (22.5%) and fifty-two and a half percent (52.5%), respectively, in fiscal year 2002. The purpose of these changes was to better align the bonuses for all executive officers, including that of the Chief Executive, with the performance of the Company as a whole.

During fiscal year 2003, the Compensation Committee reviewed and approved adjustments to the bonuses for executive officers to better align them with the compensation objectives expressed above. One major adjustment included the disallowance of the increased sales volume resulting from the

Table of Contents

closing of the standalone Kids R Us and Imaginarium stores. Without such an adjustment, bonuses would have been artificially and inappropriately inflated from the inventory liquidation sales, which were not anticipated when the sales incentive targets were established at the beginning of fiscal year 2003.

The Compensation Committee believes that equity should continue to be a significant part of the Chief Executive Officer's, and other executive officers', total compensation. To minimize the resulting cost of providing such equity in anticipation of possible mandatory stock option expensing in 2005, and to slow overall dilution of shareholder value by decreasing the distribution rate of Company equity, the Compensation Committee modified the equity compensation program for executive officers, including the Chief Executive Officer. This modification, which impacts the equity compensation grants in fiscal year 2004, included reducing the total number of options granted by more than 50% and introducing performance shares and restricted stock as new components of the annual equity program.

Compensation for the Chairman, President and Chief Executive Officer

During fiscal year 2003, John H. Eyer, Jr. served as the Company's Chairman, President and Chief Executive Officer. Mr. Eyer has entered into an employment agreement with the Company, as described under Employment Agreements Retention Agreement Mr. Eyer at page 25.

The Chief Executive Officer of the Company participates in the Company's executive compensation plans on the same basis as all other executive officers and key employees. In determining the Chief Executive Officer's compensation performance goals, the Compensation Committee periodically conducts a competitive review and analysis, as it does for other executive officers. The Compensation Committee's objective is to pay the Chief Executive Officer and other executive officers competitive base salaries, and to provide a performance-based bonus. The goal is to provide participants total cash compensation that is above the median paid by comparable companies in the industry for exceeding performance objectives and below that total cash compensation median for not meeting those objectives. Based on this objective, for fiscal year 2003, the Compensation Committee established the Chief Executive Officer's total compensation (base salary, quarterly and annual bonuses, stock options and other compensation described under Summary Compensation Table at page 22). In determining the long-term incentive (equity) component of the Chief Executive Officer's compensation, the Compensation Committee considers the Company's performance and relative stockholder return, the value of similar incentive awards to chief executive officers of comparable companies and the awards given to the Chief Executive Officer in past years.

Mr. Eyer's base salary has remained at \$1,000,000 since fiscal year 2000, as described under Employment Agreements Retention Agreement Mr. Eyer at page 25. As expressed above, eighty percent (80%) of Mr. Eyer's target bonus for fiscal year 2003 was based on achieving certain Company-wide financial objectives that were established by the Compensation Committee at the beginning of the fiscal year. Half of this financial performance component of the bonus is based on the financial performance of the entire Company. The other half of this financial performance component of the bonus is based on the financial performance of each division. The remaining twenty percent (20%) of Mr. Eyer's target bonus was based on achieving certain individual strategic objectives that were determined at the beginning of the fiscal year. In accordance with the Corporate Governance Guidelines and the Compensation Committee's charter, Mr. Eyer's bonus also reflects the Compensation Committee's annual evaluation of Mr. Eyer's performance against his individual strategic objectives that were determined at the beginning of the fiscal year. Based on the level of achievement of these financial performance objectives and individual strategic objectives during fiscal year 2003, Mr. Eyer received a bonus in the aggregate amount of \$990,000, which is less than fifty percent (50%) of his target bonus and less than he received in the prior fiscal year. This payout level reflects the Company's financial successes in the Babies R Us and Toys R Us International divisions, as well as its financial shortfall in the Toys R Us U.S. division.

As expressed above, the Compensation Committee determined that in order to ensure continued alignment of the interests between management and stockholders, equity awards to senior management should continue to be a significant amount of total annual compensation. During each year of the employment period under

Table of Contents

Mr. Eyler's employment agreement, Mr. Eyler was entitled to receive stock options to purchase not less than 300,000 shares of the Company's Common Stock. In an effort to more closely align his compensation with the Company's performance, and that of the other executive officers of the Company, Mr. Eyler waived this right, contingent upon being provided an appropriate annual grant of stock options, performance shares and restricted stock by the Compensation Committee. Mr. Eyler was granted 200,000 stock options for fiscal year 2003, as of April 1, 2004. In addition, Mr. Eyler was awarded 20,000 shares of restricted stock of the Company as of April 1, 2004, which are subject to certain vesting conditions. Finally, Mr. Eyler is eligible to receive 25,000 shares of restricted stock as of April 1, 2005, if the Company achieves certain pre-established performance goals in fiscal year 2004, and up to an additional 25,000 shares if the Company exceeds those goals.

Mr. Eyler's total compensation for fiscal year 2003 is less than he received in the prior fiscal year.

Compensation of Other Executive Officers

As expressed above, base salaries for executive officers are reviewed annually. Base salary levels are set such that the principal compensation opportunities are derived from cash bonuses and increases in the market value of the Company's Common Stock. During fiscal year 2003, some executive officers took on significantly larger responsibilities. Base salaries for those executive officers were increased to reflect their new roles.

As with the Chief Executive Officer's bonus, bonuses for executive officers are governed by the Amended and Restated Toys R Us, Inc. Management Incentive Compensation Plan. Target bonuses are based on meeting financial and individual strategic objectives that are established by the Compensation Committee at the beginning of the fiscal year. Eighty percent (80%) of the annual bonus opportunity for executive officers for fiscal year 2003 was based on predetermined financial performance objectives for sales and earnings. Half of this financial performance component of the bonus for executive officers was based on the financial performance of the entire corporation. For those executive officers with divisional responsibilities, the other half of this financial performance component of the bonus was based on the financial performance of their respective division or divisions. For corporate executive officers without specific divisional responsibilities, the other half of this financial performance component of the bonus was based on the financial performance of each division. Twenty percent (20%) of the annual bonus opportunity for executive officers was based on achieving predetermined individual strategic objectives for those executive officers.

For fiscal year 2003, Messrs. Feldt, Kay, Markee, and Wahle and all of the other executive officers received a portion of their target bonus based on the level of achievement of their financial performance objectives and of their individual strategic objectives. For fiscal year 2003, the Compensation Committee guaranteed Messrs. Markee and Feldt that their bonuses would not be less than \$800,000 and \$400,000, respectively. Mr. Markee was guaranteed a minimum bonus equivalent to what he had earned in fiscal year 2002 and to insure that he would not be disadvantaged for accepting the Company's mid-fiscal year request to lead the Company's largest division, Toys R Us U.S., when many of the decisions that would affect the division's 2003 financial performance had already been made. Mr. Feldt was guaranteed a minimum bonus for retention purposes. In accordance with the Compensation Committee's charter, the Compensation Committee reviewed the results achieved by the executive officers during fiscal year 2003 in making these compensation determinations.

Consistent with the modified equity compensation program described above, for fiscal year 2003, the Compensation Committee authorized grants of stock options, performance shares and restricted stock to certain executive officers to strengthen the alignment of its overall compensation program with the interests of its shareholders and to reinforce the Company's ability to attract, retain and motivate a highly qualified management team.

Tax Considerations

Section 162(m) of the Internal Revenue Code limits the Company's tax deduction to \$1,000,000 for compensation paid to the Company's Chief Executive Officer and the four other most highly compensated executive officers as of the end of any fiscal year, unless certain exemptions apply. One of the exemptions is for

performance-based compensation. The Amended and Restated Toys R Us, Inc. Management Incentive Compensation Plan, the Amended and Restated Toys R Us, Inc. 1994 Stock Option and Performance Incentive Plan and the Toys R Us, Inc. 2001 Stock Option and Performance Incentive Plan, which were approved by stockholders, are designed to qualify for this exemption. The Compensation Committee's policy is to preserve corporate tax deductions attributable to the compensation of executives while maintaining flexibility to approve, when appropriate, compensation arrangements which it deems to be in the best interests of the Company and its stockholders, but which may not always qualify for full tax deductibility.

Table of Contents**Option Grant Table**

The following table sets forth certain information concerning stock options granted by the Company during fiscal year 2003 to the Named Executive Officers. The hypothetical present value on the date of grant shown below is presented pursuant to the rules of the SEC and is calculated under the modified Black-Scholes model for pricing options. The actual before-tax amount, if any, realized upon the exercise of a stock option will depend upon the excess, if any, of the market price of the Common Stock over the exercise price per share of the stock option at the time the stock option is exercised. There is no assurance that the hypothetical present value or any value of the stock options reflected in these tables will be realized.

Name	Number of Securities Underlying Options Granted (1)	Percent of Total Options Granted to Employees in Fiscal Year(2)	Exercise Price (\$/Sh)	Expiration Date	Grant Date Present Value \$(3)
John H. Eyler, Jr.	400,000	6.97%	\$ 8.25	04/01/2013	\$ 1,096,000
James E. Feldt	60,000	1.05%	8.25	04/01/2013	164,400
	9,737(4)	0.17%	14.23	04/01/2013	46,153
Christopher K. Kay	115,000	2.00%	8.25	04/01/2013	315,100
Richard L. Markee	175,000	3.05%	8.25	04/01/2013	479,500
	86,682(4)	1.51%	14.01	04/01/2013	408,272
Elliott Wahle	60,000	1.05%	8.25	04/01/2013	164,400
	2,389(4)	0.04%	12.41	04/01/2013	9,819

- (1) All of these stock options were granted pursuant to the Amended and Restated Toys R Us, Inc. 1994 Stock Option and Performance Incentive Plan (the "1994 Plan"). The options become exercisable six months after the date of the grant. Upon exercise of the options, the number of shares having a value equal to the aggregate fair market value on the date of exercise in excess of the aggregate purchase price paid to exercise the options is generally subject to forfeiture if the grantee does not remain employed by the Company until the second anniversary of the option grant date, subject to certain exceptions. If the grantee remains employed by the Company until such second anniversary, 50% of the number of shares having a value equal to the aggregate fair market value on the date of exercise in excess of the aggregate purchase price paid to exercise the options generally remain subject to forfeiture if the grantee does not remain employed by the Company until the third anniversary of the option grant date, subject to certain exceptions. To the extent that the purchase price paid to exercise the options is made through the delivery of shares of the Common Stock owned by the grantee or such shares are surrendered in satisfaction of any withholding taxes incurred in connection with the exercise of the options, the grantee, if then employed by the Company, is automatically granted restoration options to purchase a number of shares equal to the number of shares so delivered or surrendered, so long as on the date of exercise the aggregate market price of such Common Stock is at least 133% (subject to adjustment) of the aggregate purchase price paid for such Common Stock and subject to certain other conditions. The per share exercise price of the restoration options is generally the fair market value on the restoration option grant date, and such restoration options generally have the same expiration date as the original options that were exercised to which they relate. The restoration options are generally exercisable upon the earlier of (a) 6 months after the restoration option grant date and (b) 1 month prior to the expiration date of the option, if the grantee remains employed by the Company through such date, and are generally subject to the same forfeiture conditions described above.
- (2) In fiscal year 2003, the Company granted options to employees to purchase 5,740,547 shares of Common Stock.

- (3) The hypothetical present values on grant date are calculated under the modified Black-Scholes model, which is a mathematical formula used to value options traded on stock exchanges. This formula considers a number of factors in estimating an option's present value. Factors used to value original options issued in fiscal year 2003 include the following:

	<u>April 1, 2003</u>	<u>Oct. 1, 2003</u>	<u>Oct 20, 2003</u>	<u>Oct. 28, 2003</u>
Volatility	50.16%	49.46%	49.42%	49.31%
Risk Free Rate	2.55%	2.82%	3.33%	3.11%

Additional assumptions of 0% dividend yield, 5 year projected time to exercise and 8% to 10% percent per annum risk of forfeiture are applied to all original options granted in fiscal year 2003.

- (4) Represents restoration options granted pursuant to the 1994 Plan.

Long Term Incentive Plan Awards

No awards were made to the Named Executive Officers during the last fiscal year under any long-term incentive plan, as defined by the SEC.

Employment Agreements

Retention Agreement Mr. Eyler

On January 6, 2000, the Company entered into a retention agreement with John H. Eyler, Jr. (the Eyler Retention Agreement). The current term of employment under the Eyler Retention Agreement expires on January 17, 2005. The agreement provides for automatic one-year renewals, unless the Company provides Mr. Eyler with notice of non-renewal at least six months prior to the next renewal date. The Eyler Retention Agreement provides for an initial base salary of \$1,000,000, which may be increased at the discretion of the Board or the Compensation and Organizational Development Committee. The Eyler Retention Agreement also provides for participation in any and all insurance and other plans for the benefit of the Company's senior executive officers, which are in effect during the employment period. Mr. Eyler is also entitled to participate in the Company's incentive bonus plans. Mr. Eyler was entitled to receive an annual award of options to purchase not less than 300,000 shares of the Company's Common Stock. In an effort to more closely align his compensation to the Company's performance, Mr. Eyler has waived this right, contingent upon being provided an annual grant of options, restricted stock and performance shares or units as determined by the Compensation Committee.

The Eyler Retention Agreement provides that, if Mr. Eyler's employment is terminated for death, disability or retirement, he would be entitled to a lump sum cash payment, payable within thirty days after termination, equal to the sum of: (i) his pro-rated annual base salary payable through the date of termination to the extent not paid, his actual earned incentive bonus for any completed fiscal year to the extent not already paid and his account balances under and subject to the terms of the Company's benefit plans; and (ii) his pro-rated targeted amount of incentive bonus through the date of termination that would have been payable with respect to the fiscal year in which the date of termination occurs, absent such termination. All unvested options and other equity-based awards would vest on the date of termination. Vested options would remain exercisable through the expiration date of such options. The Company would be obligated to provide for the continuation of health benefits to Mr. Eyler and to his spouse and dependent children under the Company's benefit plans for the period of time specified in his agreement. In exchange for these payments and benefits, Mr. Eyler must comply with a three-year non-solicitation/non-hiring covenant and a two-year non-competition covenant unless there is a subsequent Change of Control (as defined in the Eyler Retention Agreement).

If Mr. Eyler's employment is terminated by the Company without Cause (as defined in the Eyler Retention Agreement), or if Mr. Eyler terminates his employment for Good Reason (as defined in the Eyler Retention Agreement), Mr. Eyler would be entitled to (i) a lump sum cash payment, payable within thirty days after termination, of: (a) his pro-rated annual base salary payable through the date of termination to the extent not paid and his actual earned incentive bonus for any completed fiscal year to the extent not already paid and (b) his pro-rated targeted amount of incentive bonus through the date of termination that would have been payable with respect to the fiscal year in which the date of termination occurs, absent such termination; and (ii) payment of an

Table of Contents

aggregate amount equal to two times his annual base salary in effect on the date of termination plus two times the targeted amount of incentive bonus that would have been paid to him or accrued to him with respect to the fiscal year in which the date of termination occurs, payable in equal installments at least monthly over the twenty-four months following the date of termination. All unvested options would vest on the date of termination. Vested options would remain exercisable through the expiration date of such options. All unvested profit shares and other equity-based awards (including, without limitation, restricted stock and stock units) would vest on the date of termination, with fifty percent of such awards being deliverable to Mr. Eyler promptly following the termination date and the remaining fifty percent of the awards being deliverable on the first anniversary of the termination date. The Company would be obligated to provide for the continuation of health benefits to Mr. Eyler and to his spouse and dependent children under the Company's benefit plans and to provide Mr. Eyler the continuation of other benefits under the Company's benefit plans, in each case for the period of time specified in his agreement. Mr. Eyler would be fully vested in any account balance or other benefits provided under any of the Company's benefit plans. In exchange for these payments and benefits, Mr. Eyler must comply with a two-year non-solicitation/non-hiring covenant and a two-year non-competition covenant unless there is a subsequent Change of Control.

All benefits described in the two immediately preceding paragraphs are also conditioned upon Mr. Eyler executing a Release Agreement (as defined in the Eyler Retention Agreement) and not revoking or challenging the enforceability of the Release Agreement or the Eyler Retention Agreement.

If Mr. Eyler's employment is terminated by the Company without Cause or by Mr. Eyler for Good Reason within one hundred and twenty days prior to, or within three years after, a Change of Control, Mr. Eyler would be entitled to a lump sum cash payment, payable within thirty days after termination, of: (i) his pro-rated annual base salary payable through the date of termination to the extent not paid and his actual earned incentive bonus for any completed fiscal year to the extent not already paid; (ii) his pro-rated targeted amount of incentive bonus through the date of termination that would have been payable with respect to the fiscal year in which the date of termination occurs, absent such termination; and (iii) an aggregate amount equal to three times his annual base salary in effect on the date of termination plus three times the targeted amount of incentive bonus that would have been paid to him or accrued to him with respect to the fiscal year in which the date of termination occurs. Mr. Eyler would also be entitled to receive, within thirty days after termination, a lump sum payment of certain benefits to which he would have been entitled under the Company's benefit plans if he had remained employed by the Company for three years following the date of termination. The Company would also be obligated to provide for the continuation of health benefits to Mr. Eyler and to his spouse and dependent children under the Company's benefit plans. All unvested options would vest on the termination date. Vested options would remain exercisable through the expiration date of such options. All unvested profit shares and other equity-based awards (including, without limitation, restricted stock and stock units) would vest on the termination date and be deliverable to Mr. Eyler.

The Eyler Retention Agreement provides that, for three years following a Change of Control, the compensation and benefits to which Mr. Eyler is entitled will not be less favorable than that to which he would have been entitled based upon the most favorable of the Company's benefit plans in effect for Mr. Eyler at any time during the one hundred and twenty day period immediately preceding the Change of Control.

Pursuant to the Eyler Retention Agreement, Mr. Eyler is also entitled, under specified circumstances, to be paid by the Company an amount intended to reimburse him for any excise tax imposed under Section 4999 of the Internal Revenue Code, including any tax payable by reason of such reimbursement.

Retention Agreement Mr. Markee

On May 1, 1997, the Company entered into a retention agreement with Mr. Markee (the Markee Retention Agreement). The current term of employment under the Markee Retention Agreement expires on May 1, 2004. The Markee Retention Agreement provides for automatic one-year renewals, unless the Company provides Mr.

Table of Contents

Markee with notice of non-renewal at least six months prior to the next renewal date. The Markee Retention Agreement provides for a specified base salary per year (which may, and has been, increased in the discretion of the Compensation Committee) plus participation in any and all insurance and other plans for the benefit of the Company's officers, which are in effect during the employment period. Mr. Markee is also entitled to participate in the Company's incentive bonus plans.

If Mr. Markee's employment is terminated by the Company without Cause (as defined in the Markee Retention Agreement), or if Mr. Markee terminates his employment for Good Reason (as defined in the Markee Retention Agreement), Mr. Markee would be entitled to receive (i) a lump sum cash payment equal to the sum of his pro-rated annual base salary payable through the date of termination to the extent not paid, his pro-rated targeted annual bonus and long-term incentive awards through the date of termination that would have been payable with respect to the fiscal year in which the date of termination occurs, absent such termination, and his actual earned annual or long-term incentive awards for any completed fiscal year to the extent not paid, payable within thirty days after termination; and (ii) payment of an aggregate amount equal to two times his annual base salary in effect on the date of termination, plus two times the targeted amount of incentive bonus that would have been paid to him with respect to the fiscal year in which the date of termination occurs plus two times the targeted amount of the long-term incentive awards that would have been paid to him with respect to that fiscal year, payable in equal installments at least monthly over the twenty four months following the date of termination. The Company would be obligated to provide for the continuation of health benefits to Mr. Markee under the Company's benefit plans for the period of time specified in his agreement. In addition, the Company would be obligated to provide Mr. Markee the continuation of other benefits under the Company's benefit plans for the period of time specified in his agreement. Mr. Markee would be fully vested in any account balance or other benefits provided under any of the Company's benefit plans. Unvested options and unvested profit shares would continue to vest in accordance with their terms for two years after the date of termination, with all remaining unvested options, and, subject to certain exceptions, unvested profit shares, vesting on the second anniversary of the termination date. Options that are vested at the date of termination or vest thereafter would be exercisable until the earlier of the thirty-month anniversary of the termination date or the expiration date of the options. Any other unvested equity-based awards (including, without limitation, restricted stock and stock units) would vest on a pro rata basis determined by a fraction specified in the Markee Retention Agreement on the second anniversary of the date of termination. In exchange for these payments and benefits, Mr. Markee is subject to a two-year non-competition covenant (other than in the event of termination following a Change of Control or if there is a subsequent Change of Control) and a two-year non-solicitation/non-hiring covenant. All benefits described in this paragraph are also conditioned upon Mr. Markee executing a Release Agreement (as defined in the Markee Retention Agreement) and not revoking or challenging the enforceability of the Release Agreement or the Markee Retention Agreement.

In the event of termination of Mr. Markee's employment by the Company without Cause or by Mr. Markee for Good Reason, whether before or after a Change of Control, following a Change of Control, any remaining amounts described in the first, third and fourth sentences of the immediately preceding paragraph would be payable in a lump sum within thirty days after the later of the termination date or the Change of Control, and all unvested options and other equity-based awards would vest immediately on the later of the date of termination or the Change of Control. Such options would be exercisable until the earlier of the thirty-month anniversary of the termination date or the expiration date of the options.

Any other unvested equity-based awards (including, without limitation, restricted stock and stock units) would vest on a pro rata basis determined by a fraction specified in the Kay Retention Agreement on the second anniversary of the date of termination. In exchange for these payments and benefits, Mr. Kay is subject to a two-year non-competition covenant (other than in the event of termination following a Change of Control or if there is a subsequent Change of Control) and a two-year non-solicitation/non-hiring covenant. All benefits described in this paragraph are also conditioned upon Mr. Kay executing a Release Agreement (as defined in the Kay Retention Agreement) and not revoking or challenging the enforceability of the Release Agreement or the Kay Retention Agreement.

In the event of termination of Mr. Kay's employment by the Company without Cause or by Mr. Kay for Good Reason, whether before or after a Change of Control, following a Change of Control, any remaining amounts described in the first, third and fourth sentences of the immediately preceding paragraph would be payable in a lump sum within thirty days after the later of the termination date or the Change of Control, and all unvested options and other equity-based awards would vest immediately on the later of the date of termination or the Change of Control. Summary Description of the Company's Non-Stockholder Approved Equity Compensation Plans

The purpose of the 1995 Employee Stock Option Plan and the 1997 Employee Stock Option Plan (together, the Non-Stockholder Approved Option Plans) is to encourage and enable all eligible employees to acquire a proprietary interest in the Company through the ownership of the Company's Common Stock. The maximum aggregate number of shares of Common Stock available for award under each of the Non-Stockholder Approved Option Plans is 15,000,000, of which 6,043,286 remained available under both plans in the aggregate as of January 31, 2004. The Non-Stockholder Approved Option Plans provide for the grant of nonqualified stock options to eligible participants, which includes all employees of (and in the case of the 1997 Employee Stock Option Plan, consultants and agents to) the Company or any of its subsidiaries other than executive officers of the Company. The Compensation Committee shall determine the terms of each option, including the exercise price per share, but in no event shall the exercise price be less than 90% of the fair market value of the Company's Common Stock on the date the option is granted.

The Company maintains the Employee Stock Purchase Plan under which employees may, by payroll deduction, purchase shares of Common Stock on the open market at fair market value through a broker designated by the Company. For each 10% of employee dollars used to purchase shares through Employee Stock Purchase Plan, the Company makes a matching grant to the employee in the form of an award of unrestricted Common Stock under the 2001 Plan, the 1994 Plan or any future equity compensation plan approved by the Company's stockholders.
