K2's sporting goods include several name brand lines such as K2 and Olin alpine skis, K2 and Ride snowboards, boots and bindings, Morrow, 5150 and Liquid snowboards, Tubbs and Atlas snowshoes, K2 in-line skates, K2 mountain bikes and BMX bikes, Rawlings baseball and related equipment, Worth softball and related equipment, Shakespeare fishing rods and reels, Stearns personal flotation devices, outdoor water recreational products and rainwear, Brass Eagle, JT and Viewloader paintball equipment, Mad Dog hunting accessories and K2 and Dana Design backpacks. Planet Earth apparel, Adio and Hawk skateboard shoes and Hilton corporate casuals. In addition, K2's portfolio includes industrial products consisting primarily of Shakespeare monofilament line, which is used in weed trimmers, paper mills and as fishing line, and Shakespeare fiberglass marine antennas.

K2 has embarked upon an aggressive growth strategy to leverage its existing operations and to complement and diversify its product offerings within the sporting goods and recreational product industries. K2 intends to implement internal growth by continuing to improve operating efficiencies, extending product offerings with new product launches, and maximizing its extensive distribution channels. In addition, K2 is seeking strategic acquisitions of other sporting goods companies with well-established brands and complementary distribution channels. K2 believes that the growing influence of large format sporting goods retailers and retailer buying groups as well as the consolidation of certain sporting goods retailers worldwide is leading to a consolidation of sporting goods suppliers. K2 also believes that the most successful sporting goods suppliers will be those with greater financial and other resources, including those with the ability to produce or source high-quality, low cost products and deliver these products on a timely basis, to invest in product development projects, and to access distribution channels with a broad array of products and brands. In pursuing this growth strategy, K2 acquired Rawlings Sporting Goods Company on March 26, 2003, Worth Inc. on September 16, 2003, certain assets and liabilities of Winter Quest LLC on October 17, 2003, Brass Eagle Inc. on December 11, 2003 and Fotoball USA, Inc. on January 22, 2004.

K2's principal executive offices are located at 2051 Palomar Airport Road, Carlsbad, California 92009 (telephone number: (760) 494-1000).

Unless K2 has indicated otherwise, references in this prospectus to K2 are to K2 Inc. and its consolidated subsidiaries.

Table of Contents**RATIO OF EARNINGS TO FIXED CHARGES**

The following table sets forth K2's ratio of earnings to fixed charges for the periods indicated:

Year Ended December 31,				
1999	2000	2001	2002	2003
1.9x	2.5x	(1)	2.9x	2.5x

(1) For fiscal 2001, fixed charges exceeded earnings by approximately \$12.0 million.

The ratio of earnings to fixed charges is computed by dividing earnings available for fixed charges for each period by fixed charges for that period. For purposes of these computations, earnings is calculated by adding K2's income (loss) before taxes and K2's fixed charges. Fixed charges is calculated by adding the interest K2 pays on its indebtedness, the amount K2 amortizes for debt financing costs and K2's estimate of the amount of interest within its rental expense.

DESCRIPTION OF DEBT SECURITIES

The following is a general description of the debt securities that K2 may offer from time to time and sets forth certain general terms and provisions of the indentures under which the debt securities are to be issued. The particular terms of the debt securities and indenture will be set forth in an accompanying prospectus supplement relating to such debt securities. K2 may also sell hybrid securities that combine certain features of debt securities and other securities described in this prospectus. As you read this section, please remember that the specific terms of a debt security as described in the applicable prospectus supplement will supplement and, if applicable, may modify or replace the general terms described in this section. If there are any differences between the applicable prospectus supplement and this prospectus, the applicable prospectus supplement will control. As a result, the statements K2 makes in this section may not apply to the debt security you purchase.

The debt securities will represent unsecured general obligations of K2, unless otherwise provided in the prospectus supplement. As indicated in the applicable prospectus supplement, the debt securities will either be (a) senior to all future subordinated indebtedness of K2 and pari passu with other current and future unsecured, unsubordinated indebtedness of K2, (b) subordinated only to senior debt, pari passu with senior subordinated debt and senior to any debt that expressly provides that it be subordinated to all other debt or (c) subordinated debt subordinate in right of payment to current and future senior debt and pari passu with other future subordinated indebtedness of K2. The debt securities will be issued under an indenture that will be filed as an exhibit to an amendment to the registration statement of which this prospectus forms a part, subject to such amendments or supplemental indentures as are adopted from time to time. The indentures will be executed by K2 and one or more trustees. The following summary of certain provisions of the indentures does not purport to be complete and is subject to, and qualified in its entirety by, reference to all the provisions of the indentures, including the definitions therein of certain terms. Wherever particular sections or defined terms of the indentures are referred to, it is intended that such sections or defined terms shall be incorporated herein by reference.

General

The indentures will not limit the amount of debt securities that may be issued thereunder. Reference is made to the prospectus supplement of the following terms of the debt securities offered pursuant thereto: (a) designation (including whether they are senior debt, senior subordinated debt or subordinated debt and whether such debt is convertible), aggregate principal amount, purchase price and denomination; (b) the date of maturity; (c) interest rate or rates (or method by which such rate will be determined), if any; (d) the dates on which any such interest will be payable and the method of payment (cash or common stock); (e) the place or places where the principal of and interest, if any, on the debt securities will be payable; (f) any redemption or sinking fund provisions; (g) any rights of the holders of debt securities to convert the debt securities into other securities or property of K2; (h) the terms, if any, on which such debt securities will be subordinate to other debt of K2; (i) if other than the principal amount hereof, the portion of the principal amount of the debt securities that will be payable upon declaration of acceleration of the maturity thereof or provable in bankruptcy; (j) any events of default in addition to or in lieu of those described herein and remedies therefor; (k) any trustees, authenticating or paying agents, transfer agents or registrars or any other agents with respect to the debt securities; (l) listing (if any) on a securities exchange; (m) whether such debt securities will be certificated or in book-entry form; and (n) any other specific terms of the debt securities, including any additional events of default or covenants provided for with respect to debt securities, and any terms that may be required by or advisable under United States laws or regulations.

Debt securities may be presented for exchange, conversion or transfer in the manner, at the places and subject to the restrictions set forth in the debt securities and the prospectus supplement. Such services will be provided without charge, other than any tax or other governmental charge payable in connection therewith, but subject to the limitations provided in the indentures.

Table of Contents

Debt securities will bear interest at a fixed rate or a floating rate. Debt securities bearing no interest or interest at a rate that, at the time of issuance, is below the prevailing market rate, will be sold at a discount below its stated principal amount. Special United States federal income tax considerations applicable to any such discounted debt securities or to any debt securities issued at par that is treated as having been issued at a discount for United States income tax purposes will be described in the relevant prospectus supplement.

The indentures will not contain any covenant or other specific provision affording protection to holders of the debt securities in the event of a highly leveraged transaction or a change in control of K2, except to the limited extent described below under Consolidation, Merger and Sale of Assets. K2's Articles of Incorporation also contain other provisions which may prevent or limit a change of control. See Description of Capital Stock.

Modification and Waiver

Each indenture will provide that modifications and amendments of such indenture may be made by K2 and the applicable trustee, with the consent of the holders of a majority in aggregate principal amount of the outstanding debt securities issued under such indenture that are affected by the modification or amendment voting as one class; provided that no such modification or amendment may, without the consent of the holder of each such debt security affected thereby, among other things: (a) extend the final maturity of such debt securities, or reduce the principal amount thereof, or reduce the rate or extend the time of payment of interest thereon, or reduce any amount payable on redemption thereof, or reduce the amount of the principal of debt securities issued with original issue discount that would be due and payable upon an acceleration of the maturity thereof or the amount thereof provable in bankruptcy, or extend the time or reduce the amount of any payment to any sinking fund or analogous obligation relating to such debt securities, or materially and adversely affect any right to convert such debt securities in accordance with such indenture or impair or affect the right of any holder of debt securities to institute suit for the payment thereof or, if such debt securities provide therefor, any right of repayment at the option of the holder; (b) reduce the aforesaid percentage of such debt securities of any series, the consent of the holders of which is required for any such supplemental indenture; (c) reduce the percentage of such debt securities of any series necessary to consent to waive any past default under such indenture to less than a majority; or (d) modify any of the provisions of the sections of such indenture relating to supplemental indentures with the consent of the holders, except to increase any such percentage or to provide that certain other provisions of such indenture cannot be modified or waived without the consent of each holder affected thereby, provided, however, that this clause shall not be deemed to require the consent of any holder with respect to changes in the references to the trustee and concomitant changes in such section or the deletion of this proviso.

Each indenture will provide that a supplemental indenture that changes or eliminates any covenant or other provision of such indenture that has expressly been included solely for the benefit of one or more particular series of debt securities, or that modifies the rights of the holders of such series with respect to such covenant or other provision, shall be deemed not to affect the rights under such indenture of the holders of debt securities of any other series.

Each indenture entered into under the registration statement of which this prospectus is a part and each supplemental indenture thereunder will provide that K2 and the applicable trustee may, without the consent of the holders of any series of debt securities issued thereunder, enter into additional supplemental indentures for one of the following purposes: (a) to secure any debt securities issued thereunder or provide guarantees therefor; (b) to evidence the succession of another corporation to K2 and the assumption by any such successor of the covenants, agreements and obligations of K2 in such indenture and in the debt securities issued thereunder; (c) to add to the covenants of K2 or to add any additional events of default; (d) to cure any ambiguity, to correct or supplement any provision in such indenture that may be inconsistent with any other provision of such indenture or to make any other provisions with respect to matters or questions arising under such indenture, provided that such action shall not adversely affect the interests of the holders of any series of debt securities issued thereunder in any material respect; (e) to establish the form and terms of debt securities issued thereunder; (f) to evidence

Table of Contents

and provide for a successor trustee under such indenture with respect to one or more series of debt securities issued thereunder or to provide for or facilitate the administration of the trusts under such indenture by more than one trustee; (g) to permit or facilitate the issuance of debt securities in global form or bearer form or to provide for uncertificated debt securities to be issued thereunder; (h) to change or eliminate any provision of such indenture, provided that any such change or elimination shall become effective only when there are no debt securities outstanding of any series created prior to the execution of such supplemental indenture that are entitled to the benefit of such provision; or (i) to amend or supplement any provision contained in such indenture, which was required to be contained in the indenture in order for the indenture to be qualified under the Trust indenture Act of 1939, if the Trust indenture Act of 1939 or regulations thereunder change what is so required to be included in qualified indentures, in any manner not inconsistent with what then may be required for such qualification.

Events of Default

Unless otherwise provided in any prospectus supplement, the following will be events of default under each indenture with respect to each series of debt securities issued thereunder: (a) failure to pay principal (or premium, if any) on any series of the debt securities outstanding under such indenture when due; (b) failure to pay any interest on any series of the debt securities outstanding under such indenture when due, continued for 30 days; (c) default in the payment, if any, of any sinking fund installment when due, payable by the terms of such series of debt securities; (d) failure to perform any other covenant or warranty of K2 contained in such indenture or such debt securities continued for 90 days after written notice; (e) certain events of bankruptcy, insolvency or reorganization of K2; and (f) any other event of default provided in a supplemental indenture with respect to a particular series of debt securities. In case an event of default described in (a), (b) or (c) above shall occur and be continuing with respect to any series of such debt securities, the applicable trustee or the holders of not less than 25% in aggregate principal amount of the debt securities of such series then outstanding (each such series acting as a separate class) may declare the principal (or, in the case of discounted debt securities, the amount specified in the terms thereof) of such series to be due and payable. In case an event of default described in (d) above shall occur and be continuing, the applicable trustee or the holders of not less than 25% in aggregate principal amount of all debt securities of each affected series then outstanding under such indenture (treated as one class) may declare the principal (or, in the case of discounted debt securities, the amount specified in the terms thereof) of all debt securities of all such series to be due and payable. If an event of default described in (e) above shall occur and be continuing then the principal amount (or, in the case of discounted debt securities, the amount specified in the terms thereof) of all the debt securities outstanding shall be and become due and payable immediately, without notice or other action by any holder or the applicable trustee, to the full extent permitted by law. Any event of default with respect to particular series of debt securities under such indenture may be waived by the holders of a majority in aggregate principal amount of the outstanding debt securities of such series (voting as a class), except in each case a failure to pay principal of or premium, if any, or interest on such debt securities or a default in respect of a covenant or provision which cannot be modified or amended without the consent of each holder affected thereby.

Each indenture will provide that the applicable trustee may withhold notice to the holders of any default with respect to any series of debt securities (except in payment of principal of or interest or premium on, or sinking fund payment in respect of, the debt securities) if the applicable trustee considers it in the interest of holders to do so.

K2 will be required to furnish to each trustee annually a statement as to its compliance with all conditions and covenants in the applicable indenture.

Each indenture will contain a provision entitling the applicable trustee to be indemnified by the holders before proceeding to exercise any trust or power under such indenture at the request of such holders. Each indenture will provide that the holders of a majority in aggregate principal amount of the then outstanding debt securities of any series may direct the time, method and place of conducting any proceedings for any remedy

available to the applicable trustee or of exercising any trust or power conferred upon the applicable trustee with respect to the debt securities of such series; *provided, however*, that the applicable trustee may decline to follow any such direction if, among other reasons, the applicable trustee determines in good faith that the actions or proceedings as directed may not lawfully be taken, would involve the applicable trustee in personal liability or would be unduly prejudicial to the holders of the debt securities of such series not joining in such direction. The right of a holder to institute a proceeding with respect to the applicable indenture will be subject to certain conditions precedent including, without limitation, that the holders of not less than 25% in aggregate principal amount of the debt securities of such series then outstanding under such indenture make a written request upon the applicable trustee to exercise its powers under such indenture, indemnify the applicable trustee and afford the applicable trustee reasonable opportunity to act, but the holder has an absolute right to receipt of the principal of, premium, if any, and interest when due on the debt securities, to require conversion of debt securities if such indenture provides for convertibility at the option of the holder and to institute suit for the enforcement thereof.

Consolidation, Merger and Sale of Assets

Each indenture will provide that K2 may not consolidate with, merge into or sell, convey or lease all or substantially all of its assets to any person unless K2 is the surviving corporation or the successor person is a corporation organized under the laws of any domestic jurisdiction and assumes K2's obligations on the debt securities issued thereunder, and under such indenture, and after giving effect thereto no event of default, and no event that, after notice or lapse of time or both, would become an event of default shall have occurred and be continuing, and that certain other conditions are met.

Certain Covenants

Existence. Except as permitted under Consolidation, Merger or Sale of Assets, the indentures will require K2 to do or cause to be done all things necessary to preserve and keep in full force and effect its corporate existence, rights (by Articles of Incorporation, Bylaws and statute) and franchises; *provided, however*, that K2 will not be required to preserve any right or franchise if its board of directors determines that the preservation thereof is no longer desirable in the conduct of its business.

Maintenance of Properties. The indentures will require K2 to cause all of its material properties used or useful in the conduct of its business or the business of any subsidiary to be maintained and kept in good condition, repair and working order and supplied with all necessary equipment and will cause to be made all necessary repairs, renewals, replacements, betterments and improvements thereof, all as in the judgment of K2 may be necessary so that the business carried on in connection therewith may be properly and advantageously conducted at all times; *provided, however*, that K2 and its subsidiaries will not be prevented from selling or otherwise disposing of their properties for value in the ordinary course of business.

Payment of Taxes and Other Claims. The indentures will require K2 to pay or discharge or cause to be paid or discharged, before the same shall become delinquent, (a) all taxes, assessments and governmental charges levied or imposed upon it or any subsidiary or upon the income, profits or property of K2 or any subsidiary, and (b) all lawful claims for labor, materials and supplies which, if unpaid, might by law become a lien upon the property of K2 or any subsidiary; *provided, however*, that K2 shall not be required to pay or discharge or cause to be paid or discharged any tax, assessment, charge or claim whose amount, applicability or validity is being contested in good faith.

Provision of Financial Information. Whether or not K2 is subject to Section 13 or 15(d) of the Exchange Act, the indentures will require K2, within 15 days of each of the respective dates by which K2 would have been required to file annual reports, quarterly reports and other documents with the SEC if K2 were so subject, (1) to transmit by mail to all holders of debt securities or to a trustee or other agent, as their

names and addresses appear in the applicable register for such debt securities, without cost to the holders, copies of the annual reports, quarterly reports and other documents that K2 would have been required to file with the SEC pursuant to Section

13 or 15(d) of the Exchange Act if K2 were subject to such sections, (2) to file with the applicable trustee copies of the annual reports, quarterly reports and other documents that K2 would have been required to file with the Commission pursuant to Section 13 or 15(d) of the Exchange Act if K2 were subject to such sections and (3) to supply, promptly upon written request and payment of the reasonable cost of duplication and delivery, copies of the documents to any prospective holder.

Additional Covenants. Any additional covenants of K2 with respect to any series of debt securities will be set forth in the prospectus supplement relating thereto.

Conversion Rights

The terms and conditions, if any, upon which the debt securities are convertible into common stock will be set forth in the applicable prospectus supplement relating thereto. Such terms will include the conversion price (or manner of calculation thereof), the conversion period, provisions as to whether conversion will be at the option of the holders, K2 or both, the events requiring an adjustment of the conversion price and provisions affecting conversion in the event of redemption of such debt securities and any restrictions on conversion.

Discharge, Defeasance and Covenant Defeasance

Each indenture will provide with respect to each series of debt securities issued thereunder that K2 may terminate its obligations under such debt securities of a series and such indenture with respect to debt securities of such series if: (a) all debt securities of such series previously authenticated and delivered, with certain exceptions, have been delivered to the applicable trustee for cancellation and K2 has paid all sums payable by it under the indenture; or (b) (i) the debt securities of such series mature within one year or all of them are to be called for redemption within one year under arrangements satisfactory to the applicable trustee for giving the notice of redemption, (ii) K2 irrevocably deposits in trust with the applicable trustee, as trust funds solely for the benefit of the holders of such debt securities, for that purpose, money or U.S. government obligations or a combination thereof sufficient (unless such funds consist solely of money, in the opinion of a nationally recognized firm of independent public accountants expressed in a written certification thereof delivered to the applicable trustee), without consideration of any reinvestment, to pay principal of and interest on the debt securities of such series to maturity or redemption, as the case may be, and to pay all other sums payable by it under such indenture, and (iii) K2 delivers to the applicable trustee an officers' certificate and an opinion of counsel, in each case stating that all conditions precedent provided for in such indenture relating to the satisfaction and discharge of such indenture with respect to the debt securities of such series have been complied with. With respect to the foregoing clause (a), only K2's obligations to compensate and indemnify the applicable trustee under the indenture shall survive. With respect to the foregoing clause (b) only K2's obligations to execute and deliver debt securities of such series for authentication, to maintain an office or agency in respect of the debt securities of such series, to have moneys held for payment in trust, to register the transfer or exchange of debt securities of such series, to deliver debt securities of such series for replacement or to be canceled, to compensate and indemnify the applicable trustee and to appoint a successor trustee, and its right to recover excess money held by the applicable trustee shall survive until such debt securities are no longer outstanding. Thereafter, only K2's obligations to compensate and indemnify the applicable trustee and its right to recover excess money held by the applicable trustee shall survive.

Each indenture will provide that K2 (1) will be deemed to have paid and will be discharged from any and all obligations in respect of the debt securities issued thereunder of any series, and the provisions of such indenture will, except as noted below, no longer be in effect with respect to the debt securities of such series, and (2) may omit to comply with any term, provision, covenant or condition of such indenture, and such omission shall be deemed not to be an event of default under clause (d) of the first paragraph of *Events of Default* with respect to the outstanding debt securities of such series; provided that the following conditions shall have been satisfied: (i) K2 has irrevocably deposited in trust with the applicable trustee as trust funds solely for the benefit of the holders of the debt securities of such series, for payment of the principal of and interest of the debt securities of

such series, money or U.S. government obligations or a combination thereof sufficient (unless such funds consist solely of money, in the opinion of a nationally recognized firm of independent public accountants expressed in a written certification thereof delivered to the applicable trustee) without consideration of any reinvestment and after payment of all federal, state and local taxes or other charges and assessments in respect thereof payable by the applicable trustee, to pay and discharge the principal of and accrued interest on the outstanding debt securities of such series to maturity or earlier redemption (irrevocably provided for under arrangements satisfactory to the applicable trustee), as the case may be; (ii) such deposit will not result in a breach or violation of, or constitute a default under, such indenture or any other material agreement or instrument to which K2 is a party or by which it is bound; (iii) no default with respect to such debt securities of such series shall have occurred and be continuing on the date of such deposit; (iv) K2 shall have delivered to such trustee an opinion of counsel that (A) only in the case of legal defeasance, the holders of the debt securities of such series will not recognize income, gain or loss for Federal income tax purposes as a result of K2's exercise of its option under this provision of such indenture and will be subject to federal income tax on the same amount and in the same manner and at the same times as would have been the case if such deposit and defeasance had not occurred, and (B) the holders of the debt securities of such series have a valid security interest in the trust funds subject to no prior liens under the Uniform Commercial Code; and (v) K2 has delivered to the applicable trustee an officers' certificate and an opinion of counsel, in each case stating that all conditions precedent provided for in such indenture relating to the defeasance contemplated have been complied with. In the case of legal defeasance under clause (1) above, the opinion of counsel referred to in clause (iv)(A) above may be replaced by a ruling directed to the applicable trustee received from the Internal Revenue Service to the same effect. Subsequent to a legal defeasance under clause (1) above, K2's obligations to execute and deliver debt securities of such series for authentication, to maintain an office or agency in respect of the debt securities of such series, to have moneys held for payment in trust, to register the transfer or exchange of debt securities of such series, to deliver debt securities of such series for replacement or to be canceled, to compensate and indemnify the applicable trustee and to appoint a successor trustee, and its right to recover excess money held by the applicable trustee shall survive until such debt securities are no longer outstanding. After such debt securities are no longer outstanding, in the case of legal defeasance under clause (1) above, only K2's obligations to compensate and indemnify the applicable trustee and its right to recover excess money held by the applicable trustee shall survive.

Applicable Law

The indentures will provide that the debt securities and the indentures will be governed by and construed in accordance with the laws of the State of New York, United States of America.

No holder of a purchase contract will have the rights of a holder of the underlying purchase contract property, including any right to receive payments on that property, until the purchase contract is exercised.

The prospectus supplement will contain, where applicable, the following information about the purchase contract:

whether the purchase contract obligates the holder to purchase or sell, or both purchase and sell, one or more purchase contract properties and the nature and amount of each of those properties, or the method of determining those amounts;

Unless otherwise indicated in the applicable prospectus supplement, any such agent will be acting on a best efforts basis for the period of its appointment. Any agent may be deemed to be an underwriter, as that term is defined in the Securities Act, of the securities so offered and sold.

If K2 offers and sells securities through an underwriter or underwriters, K2 will execute an underwriting agreement with the underwriter or underwriters. The names of the specific managing underwriter or underwriters, as well as any other underwriters, and the terms of the transactions, including compensation of the underwriters and dealers, which may be in the form of discounts, concessions or commissions, if any, will be described in the applicable prospectus supplement, which will be used by the underwriters to make resales of the securities.

Edgar Filing: K2 INC - Form S-3

Some of the agents, underwriters or dealers, or their affiliates, may be customers of, engage in transactions with or perform services for K2 in the ordinary course of business.

Table of Contents

K2 may authorize its agents or underwriters to solicit offers to purchase securities at the public offering price under delayed delivery contracts. The terms of these delayed delivery contracts, including when payment for and delivery of the securities sold will be made under the contracts and any conditions to each party's performance set forth in the contracts, will be described in the applicable prospectus supplement. The compensation received by underwriters or agents soliciting purchases of securities under delayed delivery contracts will also be described in the applicable prospectus supplement.

Unless indicated in the applicable prospectus supplement, all debt securities, preferred stock, warrants, purchase contracts and units will be new issues of securities with no established trading market. Unless indicated in the applicable prospectus supplement, K2 does not expect to list the securities on a securities exchange, except for the common stock, which is listed on the New York Stock Exchange and the Pacific Stock Exchange. Underwriters involved in the public offering and sale of these securities may make a market in the securities. They are not obligated to make a market, however, and may discontinue market making activity at any time. K2 cannot give any assurance as to the liquidity of the trading market for any of these securities.

USE OF PROCEEDS

Unless otherwise indicated in an accompanying prospectus supplement, the net proceeds K2 expects to receive from the sale of the securities will be used to reduce outstanding debt, finance acquisitions or for general corporate purposes, which may include the repayment of existing debt and the financing of capital expenditures.

Item 15. Indemnification of Directors and Officers

Section 102(b)(7) of the Delaware General Corporation Law, as amended, allows a corporation to include a provision in its certificate of incorporation limiting or eliminating the personal liability of directors of the corporation to the corporation or its stockholders for monetary damages for a breach of fiduciary duty as a director, except where the director (a) breached his/her duty of loyalty to the corporation or its stockholders, (b) acted not in good faith or in knowing violation of a law, (c) authorized the payment of a dividend or approved a stock repurchase in violation of Delaware General Corporation Law or (d) obtained an improper personal benefit from a transaction.

Section 145 of the Delaware General Corporate Law permits a corporation to indemnify a person who was or is a party or is threatened to be made a party to any threatened, pending or completed third party proceeding, other than an action by or in the right of the Registrant, by reason of the fact that such person is or was a director, officer, employee or agent of the corporation against expenses including attorneys' fees, judgments, fines and amounts paid in settlement actually and reasonably incurred by such person in connection with such action, suit or proceeding. The power to indemnify applies (a) if such person is successful on the merits or otherwise in defense of any action, suit or proceeding, or (b) if such person acted in good faith and in a manner such person reasonably believed to be in, or not opposed to, the best interests of the corporation, and, with respect to any criminal action or proceeding, had no reasonable cause to believe that such person's conduct was unlawful. In a derivative action, i.e., one by or in the right of the corporation, the corporation is permitted to indemnify any of its directors or officers against expenses, including attorneys' fees, actually and reasonably incurred by such person in connection with the defense or settlement of such action or suit if such person acted in good faith and in a manner such person reasonably believed to be in or not opposed to the best interests of the corporation, except that the corporation shall not indemnify such person if such person shall have been adjudged liable to the corporation, unless and only to the extent that the court in which such action or suit was brought shall determine upon application that such person is fairly and reasonably entitled to indemnity for such expenses despite such adjudication of liability. The rights granted under this

Edgar Filing: K2 INC - Form S-3

section of the Delaware General Corporate Law are not exclusive of any other rights to which such person is entitled. The corporation may purchase and maintain insurance on behalf of such persons against any liability asserted against or incurred by such persons in any capacity as or arising out of such persons status as a director, officer, employee or agent of the corporation.

Section 174 of the Delaware General Corporation Law provides, among other things, that all directors who willfully or negligently approve an unlawful payment of dividends or an unlawful stock purchase or redemption

II-1

may be held liable for the full amount paid out in connection with these actions. A director who was either absent when the unlawful actions were approved or dissented at the time, may avoid liability by causing his or her dissent to these actions to be entered in the books containing the minutes of the meetings of the board of directors at the time the action occurred or immediately after the absent director receives notice of the unlawful acts. Any director against whom a claim is successfully asserted may recover contribution from any other directors who voted or concurred in the unlawful action.

Article 17 of the Registrant's Restated Certificate of Incorporation, as amended, includes a provision eliminating the personal liability of its officers and directors for monetary damages for breach of fiduciary duty as a director to the fullest extent authorized by, and subject to the limitations expressed in Delaware law. In addition, as permitted by Section 145 of the Delaware General Corporation Law, Article 18 of the Restated Certificate provides that: (a) the Registrant is required to indemnify its directors, officers and persons serving at the request of the Registrant as a director, officer, employee or agent of another corporation or business entity, to the fullest extent permitted by Delaware law; (b) the Registrant may indemnify employees and agents of the Registrant with the same scope and effect as the indemnification provided to officers and directors; (c) the Registrant will advance amounts as required by law after the director or officer delivers to the Registrant an undertaking to repay all amounts advanced if it is determined that the director or officer is not entitled to indemnification; (d) the director or officer may bring suit against the Registrant to recover an amount if the director or officer was successful in whole or in part and the Registrant has not paid the director or officer within thirty days of receipt of the director or officer's claim for payment; (e) the rights conferred in the Restated Certificate are not exclusive of any other right which the director or officer may have, or thereafter acquire under any statute, provision of the Restated Certificate, bylaw, agreement or otherwise; and (f) the Registrant may maintain director and officer liability insurance at its own expense.

In addition, the Registrant has entered into an agreement with its officers and directors providing for indemnification from certain liabilities and advancement of expenses to the fullest extent permitted by Delaware law in connection with these officers and directors providing services to the Registrant as officer or director, as the case may be.

(ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. (iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

(2) That, for the purpose of determining any liability under the Securities Act, each post-effective amendment shall be deemed to be a new registration statement relating to the securities offered herein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(b) The undersigned Registrant hereby undertakes that, for purposes of determining any liability under the Securities Act, each filing of the Registrant's annual report pursuant to Section 13(a) or 15(d) of the Exchange Act (and, when applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Exchange Act) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered herein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

(c) Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the Registrant pursuant to the foregoing provisions, or otherwise, the Registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the Registrant of expenses incurred or paid by a director, officer or controlling person of the Registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the Registrant will, unless in the opinion of counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.

(d) The undersigned Registrant hereby undertakes to file an application for the purpose of determining the eligibility of the trustee to act under subsection (a) of Section 310 of the Trust Indenture Act in accordance with the rules and regulations prescribed by the SEC under Section 305(b)(2) of the Trust Indenture Act.
