GENERAL INFORMATION ABOUT THE MEETING AND VOTING

Who may vote?

You may vote at the Annual Meeting if you owned your shares as of the close of business on April 21, 2004, which is referred to as the Record Date.

As of the Record Date, we had a total of 81,755,506 shares of common stock (the Common Stock) outstanding, which were held of record by 767 stockholders. As of the Record Date, we had no shares of preferred stock outstanding.

You are entitled to one vote for each share of our Common Stock that you own.

How do I vote my proxy?

If your shares of Common Stock are held by a broker, bank or other nominee, you will receive instructions from them that you must follow in order to have your shares voted.

Edgar Filing: WIND RIVER SYSTEMS INC - Form DEF 14A

If you hold your shares in your own name as a holder of record, you may instruct the proxy holders how to vote your Common Stock by:

voting via the Internet,

voting by telephone, or

voting by mail.

Of course, even if you vote your shares by proxy, you may also choose to come to the Annual Meeting and vote your shares in person.

Table of Contents

To Vote by Mail

Sign and return the proxy card in the enclosed postage-paid and addressed envelope. If you received more than one proxy card, your shares are held in multiple accounts. Please sign and return all proxy cards to ensure that all of your shares are voted.

To Vote by Telephone

To vote by telephone through services provided by ADP Investor Communication Services, call the phone number printed on your proxy card or voting instruction form, and follow the instructions provided on each proxy card.

If you vote by telephone, you do not need to complete and mail your proxy card.

To Vote over the Internet

To vote over the Internet through services provided by ADP Investor Communication Services, log on to the Internet at: <http://www.proxyvote.com> and follow the instructions at that site.

If you vote on the Internet, you do not need to complete and mail your proxy card.

To Vote in Person at the Annual Meeting

If you plan to attend the Annual Meeting and vote in person, we will provide you with a ballot at the Annual Meeting. If your shares are registered directly in your name, you are considered the stockholder of record and you have the right to vote in person at the Annual Meeting.

If your shares are held in the name of your broker or other nominee, you are considered the beneficial owner of shares held in street name. If you wish to vote at the Annual Meeting, you will need to bring with you to the Annual Meeting a legal proxy from your broker or other nominee authorizing you to vote such shares.

Wind River 401(k) Plan Participants

If you are a participant in our 401(k) Plan, your proxy will incorporate all shares you own through the 401(k) Plan, assuming your shares are registered in the same name. Your proxy will serve as a voting instruction for the trustee of the 401(k) Plan. If you own shares through the 401(k) Plan and you do not vote, the plan trustee will vote those shares in the same proportion as other 401(k) Plan participants vote their 401(k) Plan shares.

How will the proxy holders vote?

If you provide instructions in your completed proxy card, the proxy holders will vote your shares in accordance with those instructions. If you sign and return a proxy card without giving specific voting instructions, your shares will be voted FOR all of the nominees listed in Proposal One and FOR Proposal Two.

What matters are being presented at the Annual Meeting?

We are not aware of any matters to be presented at the Annual Meeting other than those described in the Notice of Meeting and this Proxy Statement.

Table of Contents

Will the proxy holders have discretionary voting power? If any matters not described in this Proxy Statement are properly presented at the Annual Meeting, the proxy holders will use their own judgment to determine how to vote your shares. If the Annual Meeting is adjourned or postponed, the proxy holders can vote your shares on the new Annual Meeting date as well, unless you have subsequently revoked your proxy.

How can I change my vote? If you are a holder of record and would like to change your vote you can do so in the following ways:

deliver written notice of your revocation to our Secretary prior to the Annual Meeting;

deliver a properly executed, later dated proxy prior to the Annual Meeting; or

attend the Annual Meeting and vote in person.

Please note that your attendance at the Annual Meeting in and of itself is not enough to revoke your proxy.

If your shares are held by a broker, bank or other nominee, you must contact them in order to find out how to change your vote.

Who is paying the cost of this proxy solicitation? We will pay the cost of this proxy solicitation. We may, on request, reimburse brokerage firms and other nominees for their expenses in forwarding proxy materials to beneficial owners. In addition to soliciting proxies by mail, we expect that our directors, officers and employees may solicit proxies in person or by telephone or facsimile. None of these individuals will receive any additional or special compensation for doing this.

What constitutes a quorum for the Annual Meeting? The Annual Meeting will be held if a majority of our outstanding shares of Common Stock entitled to vote at the Annual Meeting are represented in person or by proxy.

What are the recommendations of the Board of Directors? Our Board of Directors recommends that you vote:

FOR the re-election of John Bolger, William Elmore, Jerry Fiddler, Narendra Gupta, Grant Inman, Harvey Jones, Kenneth Klein and Standish O Grady; and

FOR the ratification of PricewaterhouseCoopers LLP as our independent auditors for fiscal 2005.

What vote is required for the proposals? Directors are elected by a plurality of the votes present in person or represented by proxy at the Annual Meeting and entitled to vote.

The affirmative vote of a majority of the shares present and entitled to vote at the Annual Meeting will be required to ratify the appointment of PricewaterhouseCoopers LLP as our independent auditors.

Table of Contents

How are abstentions, withheld, and broker non-votes counted?

We treat shares that are voted **WITHHELD** or **ABSTAIN** in person or by proxy as being:

present for purposes of determining whether or not a quorum is present at the Annual Meeting; and

entitled to vote on a particular subject matter at the Annual Meeting.

Therefore a **WITHHELD** or **ABSTAIN** vote is the same as voting against a proposal that has a required, affirmative voting threshold, such as Proposal Two, but will have no effect on Proposal One, the election of our directors, who are elected by a plurality of votes.

If you hold your Common Stock through a broker, the broker may be prevented from voting shares held in your brokerage account on some proposals (a broker non-vote) unless you have given the broker voting instructions. Shares that are subject to a broker non-vote are counted for purposes of determining whether a quorum exists but do not count for or against any particular proposal.

What is the deadline for receipt of stockholder proposals for the 2005 Annual Meeting?

Stockholders may present proposals for action at a future annual meeting only if they comply with the requirements of the proxy rules established by the Securities and Exchange Commission, or the SEC. Stockholder proposals, including nominations for the election of directors, which are intended to be presented by such stockholders at our 2005 Annual Meeting of Stockholders must be received by us no later than January 7, 2005 to be considered for inclusion in the proxy statement and proxy card relating to that meeting.

In addition to the SEC rules and regulations, our bylaws establish an advance notice procedure for proposals that a stockholder does not want to have included in our proxy statement relating to a meeting. Generally for these proposals, including the nomination of a person for director, a stockholder must provide written notice to our corporate secretary at least 90 days in advance of the first anniversary of the previous year's meeting but not more than 120 days prior to that date. Moreover, your notice must contain specific information concerning the matters to be brought before the meeting. We urge you to read Article III, Section 5, of our bylaws in full in order to fully understand the requirements of bringing a proposal or nomination.

A copy of the full text of the bylaw provision relating to our advance notice procedure may be obtained by writing to our corporate Secretary. All notices of proposals by stockholders, whether or not included in proxy materials, should be sent to Wind River Systems, Inc., 500 Wind River Way, Alameda, CA 94501, Attention: Secretary.

In addition, the proxy solicited by the Board of Directors for the 2005 Annual Meeting of Stockholders will confer discretionary authority to vote on any stockholder proposal presented at that meeting if we are not provided with notice of such proposal on or prior to February 6, 2005.

INFORMATION ABOUT OUR BOARD OF DIRECTORS

General

The Board of Directors is responsible for supervision of the overall affairs of Wind River. The Board of Directors held eight meetings during fiscal 2004 and acted by written consent four times. To assist it in carrying out its duties, the Board has delegated certain authority to several committees. Overall attendance at Board and committee meetings was 88% and each director attended at least 75% of meetings of the Board and any committees of which he was a member, with the exception of James M. Bagley.

In September 2003, Mr. Bagley resigned from the Board of Directors. In February 2004, Harvey C. Jones was appointed to fill the vacancy left by Mr. Bagley's resignation. Additionally, in February 2004, the Board of Directors increased the size of the Board to eight members and appointed Standish H. O. Grady to the Board of Directors.

Our policy is that members of the Board of Directors are expected to attend the Annual Meeting of Stockholders. All seven directors at the time of the 2003 Annual Meeting of Stockholders attended that meeting. In the time between annual meetings, the Board has the authority under our bylaws to increase or decrease the size of the Board and fill vacancies.

Based on a review by the Board of Directors of all relevant information, the Board of Directors has determined that each of our directors, other than Messrs. Fiddler, Gupta and Klein, is not an officer or employee of Wind River Systems, Inc. and has no relationship which, in the opinion of the Board of Directors, would interfere with the exercise of their independent judgment in carrying out the responsibilities of a director, and that each is independent as defined under Rule 4200 of the listing standards of the National Association of Securities Dealers, Inc. (NASD) and the applicable rules promulgated by the SEC.

During fiscal 2004, there were four executive sessions of the independent directors.

Committees of the Board

During fiscal 2004, the Board had four standing committees:

an Audit Committee,

a Compensation Committee,

a Nominating Committee, and

A stockholder's recommendation to the Secretary must also set forth as to the stockholder giving the notice and the beneficial owner, if any, on whose behalf the nomination is made: the name and address of the stockholder, as they appear on our books, and of the beneficial owner; the class and number of shares of Wind River that are owned beneficially and of record by the stockholder and of the beneficial owner; and whether either the stockholder or beneficial owner intends to deliver a proxy statement and form of proxy to holders of a sufficient number of holders of our voting shares to elect such nominee(s). Additionally, the stockholder must provide any other information that is required to be provided by the stockholder pursuant to Regulation 14A under the Securities Exchange Act of 1934, as amended, in his capacity as a proponent to a stockholder proposal.

We handle communications to our Board of Directors in the manner described below:

Any stockholder communication that the Board receives will first go to the Director of Investor Relations, who will log the date of receipt of the communication as well as (for non-confidential communications) the identity of the correspondent in our stockholder communications log.

Unless the communication is marked confidential, management will review, summarize and, if appropriate, draft a response to the communication in a timely manner. The summary and response will be in the form of a memo, which will become part of the stockholder communications log that the Investor Relations department maintains with respect to all stockholder communications.

Management will then forward the original stockholder communication along with the memo to the Board member(s) (or committee chair if the communication is addressed to a committee) for review.

Table of Contents

Any stockholder communication marked confidential will be logged by the Director of Investor Relations as received but will not be reviewed, opened or otherwise held by the Director of Investor Relations or any other member of management. Such confidential correspondence will be immediately forwarded to the addressee(s) without a memo or any other comment by management.

Director Compensation

Our Board of Directors is comprised of eight members, seven of whom are not currently employees of Wind River. These non-employee directors receive a quarterly retainer of \$5,000 and a per-meeting fee of \$1,500 for each Board meeting attended and \$500 for each committee meeting attended. The chairman of each committee of the Board also receives an annual fee of \$2,500. In addition, the non-employee directors may be reimbursed for certain expenses in connection with attendance at Board and committee meetings. Beginning in fiscal 2002, the non-employee directors became eligible to receive health benefits under our health plans available generally to all of our regular employees; three of our non-employee directors receive such benefits and we pay a portion of the premiums for them.

Director Kenneth Klein became an employee of Wind River in January 2004 upon his appointment as President and Chief Executive Officer and is no longer separately compensated for his service as director. See Executive Compensation and Other Matters Certain Relationships and Related Transactions Employment, Severance and Change of Control Agreements below for a description of the employment agreement for Mr. Klein and the severance and change of control arrangements applicable to Mr. Klein. As an employee, Mr. Klein is entitled to all the benefits generally made available to similarly situated employees.

In December 2003, the Board of Directors established the following equity compensation levels for all non-employee directors:

Upon election to the Board of Directors, new directors are automatically granted options to purchase 50,000 shares of our Common Stock. These options vest in four equal installments.

On April 1st of each year, each non-employee director is automatically granted options to purchase 15,000 shares of our Common Stock. These options vest in four equal installments but becomes fully vested on the first anniversary of the date of grant so long as the director attended at least 75% of the meetings of the Board and any committee on which he serves that were held during that year.

Previously, the new director grant was for 24,000 shares and the annual grant was for 6,000 shares.

Director grants are made under the 1995 Non-Employee Directors Stock Option Plan and/or the 1998 Equity Incentive Plan. All stock options granted to directors have an exercise price equal to the fair market value of our Common Stock on the date of grant and generally expire ten years from the date of grant. As of April 1, 2004, directors held outstanding options to purchase an aggregate of 3,591,551 shares under all of our option plans, including options granted to Messrs. Fiddler, Gupta and Klein in their capacity as employees. See Executive Compensation and Other Matters Executive Compensation for information about those grants.

**SECURITY OWNERSHIP OF CERTAIN
BENEFICIAL OWNERS AND MANAGEMENT**

Under the SEC's proxy rules, a person who directly or indirectly has or shares voting power or investment power with respect to a security is considered a beneficial owner of the security. Voting power is the power to vote or direct the voting of shares, and investment power is the power to dispose of or direct the disposition of shares.

The following table sets forth certain information as of April 1, 2004, regarding beneficial ownership of our Common Stock by:

each person who is known to us to own beneficially more than 5% of our Common Stock;

each director and each nominee for election as a director of Wind River;

each executive officer named in the Summary Compensation Table of this Proxy Statement; and

all of our current directors and officers as a group.

The information on beneficial ownership in the table and the footnotes is based upon our records and the most recent Schedule 13D or 13G filed by each such person and information supplied to us by such person. Unless otherwise indicated, each person has sole voting power and sole investment power with respect to all shares beneficially owned, subject to community property laws where applicable. Shares subject to options which are exercisable within 60 days after April 1, 2004 are deemed to be outstanding and to be beneficially owned by the person holding such options for the purpose of computing the percentage ownership of such person, but are not deemed to be outstanding and to be beneficially owned for the purpose of computing the percentage ownership of any other person.

- subject to the option on the first anniversary of the date of grant and thereafter at a rate of 1/48 of the shares per month and have a term of 10 years. The exercise price of all options granted is equal to the fair market value of our Common Stock on the date of grant.
- (2) The potential realizable value is based on the term of the option at its time of grant. In accordance with rules promulgated by the Securities and Exchange Commission, it is calculated by assuming that the stock price on the date of grant appreciates at the indicated annual rate, compounded annually for the entire term of the option and that the option is exercised and sold on the last day of its term for the appreciated stock price. Unless the market price of Wind River's Common Stock appreciates over the option term, no value will be realized from these option grants. There can be no assurance that the values shown in this table will be achieved.
- (3) The option to purchase 250,000 shares granted to Dr. Gupta vested at a rate of 1/12 per month from the date of grant and became vested in full upon the successful hiring of a permanent chief executive officer.
- (4) The option to purchase 50,000 shares granted to Mr. Wheaton vested at a rate of 1/12th per month and vests in full if Mr. Wheaton's employment terminates within one year of his hire date.

In accordance with the terms of the agreement, upon commencement of his employment, Mr. Klein was granted three stock options to purchase an aggregate of 2,400,000 shares of our Common Stock under the terms and conditions of the 1998 Equity Incentive Plan. The exercise price of the options was \$9.15, which was the fair market value (as defined in the 1998 Equity Incentive Plan) of our Common Stock on the date of grant. The three options consist of a standard grant of 2,000,000 shares that vests as to 25% of the shares on the first anniversary

of Mr. Klein's employment and then as to 1/4th of the shares each month. The two grants of 200,000 shares have similar vesting, but have a limitation on exercise tied to our stock price performance.

In the event Mr. Klein's employment with Wind River is terminated other than for Cause, or if he resigns his employment with Good Reason (as each term is defined in the employment agreement), in each case other than within 12 months of a change of control, Mr. Klein will be entitled to (i) an amount equal to 12 months of Mr. Klein's base salary as of his termination date plus an amount equal to 100% of his actual bonus for the fiscal year prior to the fiscal year in which the termination occurs, (ii) reimbursement of cost of continued health insurance coverage, if elected, for a period of 12 months after termination, (iii) additional credits towards the vesting and exercisability of the stock options outlined above, and (iv) 12 months of additional credit towards the vesting and exercisability of all equity awards other than the stock options outlined above.

In the event of a Change of Control (as that term is defined in the employment agreement), Mr. Klein would be entitled to (i) an amount equal to 12 months of Mr. Klein's base salary as of his termination date plus an amount equal to 100% of his actual bonus for the fiscal year prior to the fiscal year in which the termination occurs, (ii) reimbursement of cost of continued health insurance coverage, if elected, for a period of 12 months after termination, and (iii) 100% accelerated vesting and exercisability of all equity awards with respect to our Common Stock.

Employment Agreement with Thomas St. Dennis. In September 1999, we entered into an employment agreement with Mr. St. Dennis providing for the employment of Mr. St. Dennis as President and Chief Executive Officer. Under the agreement, for fiscal 2000, Mr. St. Dennis received an annualized base salary of \$400,000, an annualized bonus of \$800,000 for on-plan performance, as determined by the Board of Directors, and a sign-on bonus of \$959,121. The agreement also provided that for subsequent fiscal years Mr. St. Dennis would receive a bonus equal to twice his base salary, as determined by the Compensation Committee of the Board of Directors each year, for on-plan performance and an additional performance bonus of up to 50% of such amount for performance exceeding plan.

In accordance with the terms of the employment agreement, in September 1999, the Board of Directors granted Mr. St. Dennis an option to purchase 1,100,000 shares of our Common Stock, at an exercise price of \$16.00. In addition, we agreed to lend Mr. St. Dennis, under a secured promissory note, up to \$2.4 million to purchase shares of Wind River Common Stock during the first six months of his employment with Wind River, secured by a pledge of personal property. See *Loans to Officers* below for more information about this loan.

The employment agreement provided that in the event Mr. St. Dennis' employment with Wind River was terminated other than for Cause, or if he resigned his employment with Good Reason (as each term is defined in the employment agreement), in each case other than within 12 months of a change of control (in which event Mr. St. Dennis would receive benefits under the Change in Control Incentive and Severance Benefit Plan described below), Mr. St. Dennis would be required to provide certain consulting services for one year thereafter in exchange for compensation in an amount equal to his annual salary at the time of such termination and a pro rata share of the target on-plan bonus for the year.

Loans to Officers

In September 1999, we agreed to lend Mr. St. Dennis, its President and Chief Executive Officer, up to \$2.4 million to purchase our Common Stock, of which Mr. St. Dennis borrowed \$1.9 million. The loan bore interest at the rate of 5.98% per annum, and had a nine-year term. As of January 31, 2004, principal and interest outstanding under the loan totaled \$2,010,034. In connection with the separation agreement entered into between Mr. St. Dennis and us in February 2004, we forgave all outstanding principal and interest and agreed to make a payment to Mr. St. Dennis for tax amounts he owes as a result of such forgiveness. See *Separation Agreement with Mr. St. Dennis* for further information about this loan.

Separation Agreement with Mr. St. Dennis.

In June 2003, Mr. St. Dennis resigned his position as President and Chief Executive Officer. Under the terms of his employment agreement, Mr. St. Dennis was required to provide certain consulting services to us, as and when requested by the Board of Directors, for a period of one year from the date his employment terminated. In exchange, we would pay Mr. St. Dennis consulting fees equal to one year's annual salary, plus a pro rata share of his bonus for fiscal 2004.

In February 2004, we entered into a separation agreement with Mr. St. Dennis that included the following principal terms:

Mr. St. Dennis waived his right to payment by us of any and all consulting fees due under the terms of his employment agreement;

All outstanding stock options held by Mr. St. Dennis, including those which were fully vested, were assigned to Wind River and thereafter canceled;

We forgave the remaining principal and accrued interest under the secured promissory note described above and in return Mr. St. Dennis assigned to us 126,000 shares of our Common Stock that had been held as collateral for the note;

We assigned to Mr. St. Dennis any and all rights and interests we had in a split-dollar life insurance policy in his name; and

We agreed to reimburse Mr. St. Dennis the full amount of any federal and state income taxes he shall actually pay in connection with the forgiveness of the promissory note and the assignment of the split-dollar life insurance policy.

Change in Control Incentive and Severance Benefit Plan. In November 1995, the Compensation Committee of the Board of Directors adopted the Change in Control Incentive and Severance Benefit Plan (the "Change of Control Plan") to provide an incentive to our officers with the title of Vice President or above in the event of certain change of control transactions, and severance benefits in the event of certain terminations of employment within 12 months of the change of control.

Upon the occurrence of a change of control, all executive officers except the Chief Executive Officer will receive acceleration of vesting for all shares subject to stock options that otherwise would have vested within one year of the date of the change of control. The Chief Executive Officer will receive two years' worth of accelerated vesting, except to the extent that the option acceleration would create adverse tax consequences for the Chief Executive Officer and Wind River under the golden parachute provisions of Sections 280G and 4999 of the Internal Revenue Code of 1986, as amended, in which case the Chief Executive Officer will have accelerated the maximum number of shares allowed under the golden parachute provisions.

If an executive officer other than the Chief Executive Officer is terminated without Cause or voluntarily terminates with Good Reason (as each term is defined in the Change of Control Plan), within 12 months after a change in control, the executive will receive continued compensation for 12 months (including an estimated bonus amount), continued health insurance for the same period, and accelerated vesting of stock options that otherwise would vest within one year of the date of termination. In addition, for the Chief Executive Officer, any shares that would have received acceleration of vesting on account of the change in control but did not because of the limitation to avoid the golden parachute tax provisions shall receive accelerated vesting on the termination date. If the total severance payments would cause an executive to become liable for golden parachute excise tax payments, then we will pay that executive's excise tax liability and all other taxes associated with our payment of

the excise tax in order to leave the executive in the same after-tax position as if no excise tax had been imposed.

Vice Presidents Severance Benefit Plan. In May 2001, the Compensation Committee of the Board of Directors adopted the Vice Presidents Severance Benefit Plan (the Severance Plan) to provide for the payment of severance benefits to certain eligible employees whose employment with Wind River is involuntarily terminated. The Severance Plan was amended in June 2003. Eligible employees under the Severance Plan are vice president level or above; however, the Chairman of the Board of Directors and the Chief Executive Officer are not eligible under the Severance Plan. Employees who are eligible for benefits under the Change of Control Plan are not eligible under the Severance Plan, with the result that the Severance Plan shall have no eligible employees for a period of 12 months following a Change of Control as such term is defined in the Change of Control Plan. The Severance Plan provides that we will (i) make a cash lump sum payment equal to 26 weeks of base salary and (ii) pay the first six months COBRA continuation coverage premium on behalf of the employee, if the employee elects COBRA continuation coverage. All other non-health benefits will terminate as of the employee's termination date. In order to receive benefits, an employee must execute a general waiver and release, as well as a non-competition agreement. Additionally, no employee is eligible for benefits under the Severance Plan if the employee is involuntarily terminated for reasons related to job performance or if the employee voluntarily terminates his or her employment, including by resignation, retirement or failure to return from a leave of absence as scheduled.

Indemnification and Limitation of Director and Officer Liability

We have entered into indemnity agreements with certain officers and directors which provide, among other things, that we will indemnify the officer or director, under the circumstances and to the extent provided for therein, for expenses, damages, judgments, fines and settlements he may be required to pay in actions or proceedings which he is or may be made a party by reason of his position as a director, officer or other agent of Wind River, and otherwise to the full extent permitted under Delaware law and our bylaws.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires our directors and executive officers, and persons who own more than 10% of a registered class of Wind River's equity securities to file with the SEC initial reports of ownership and reports of changes in ownership of Common Stock and other equity securities of Wind River. Officers, directors and greater than 10% stockholders are required by SEC regulations to furnish us with copies of all Section 16(a) forms they file.

We believe, based solely on a review of the copies of such reports furnished to us, that during the fiscal year ended January 31, 2004, all Section 16(a) filing requirements applicable to our officers, directors and greater than 10% beneficial owners were timely filed.

OF THE BOARD OF DIRECTORS**

The material in this report is not soliciting material, is not deemed filed with the SEC, and is not to be incorporated by reference into any filing of Wind River under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, whether made before or after the date hereof and irrespective of any general incorporation language contained in such filing.

The following is the report of the Compensation Committee of the Board with respect to the compensation paid to our executive officers during fiscal 2004. Actual compensation earned during fiscal 2004 by the persons named in the Summary Compensation Table is shown in the Summary Compensation Table. For information about the Compensation Committee, its purpose, members and charter, please see Information About Our Board Of Directors Board Committees Compensation Committee.

Compensation Philosophy and Policies

The objectives of Wind River's executive compensation policies are to:

attract, retain and reward executive officers who contribute to Wind River's success;

align the financial interests of executive officers with the performance of Wind River;

strengthen the relationship between executive pay and stockholder value;

motivate executive officers to achieve Wind River's business objectives; and

reward individual performance.

In carrying out these objectives, the Committee considers the level of compensation paid to executive officers in positions of companies similarly situated in size and products, the individual performance of each executive officer, corporate performance, and the responsibility and authority of each position relative to other positions within Wind River.

Elements of Compensation

Compensation for executive officers and key employees includes both cash and equity components. The Committee, working with an outside compensation consultant, has targeted executive officers' base salaries at approximately the 50th percentile and cash bonuses at approximately the 60th percentile of companies in comparable industries with revenues of similar size and has targeted equity awards at the 60th percentile.

Edgar Filing: WIND RIVER SYSTEMS INC - Form DEF 14A

The companies used for comparison purposes may, but need not be, included in the Nasdaq Computer and Data Processing Stocks Index. Each of these components is discussed in turn below.

Cash Compensation.

Cash compensation consists of base salary and bonuses. In establishing base salaries for executive officers, the Committee considers the individual executive's performance, level of responsibility, and comparative data as described above. Salaries for executives are reviewed on an annual basis using a subjective analysis of the executive's individual performance, Wind River's financial performance and changes in salary levels at comparable companies.

The management incentive bonus program is designed to motivate Wind River's executive officers by awarding cash bonuses based upon achievement of corporate performance targets. At the beginning of the fiscal year, corporate performance targets for Wind River are established, and the Committee sets a target bonus, as a percentage of base salary, for each executive. The determination of awards at the end of the fiscal year is based

Table of Contents

upon the extent to which the corporate performance targets are satisfied. The amount and nature of such targets may vary from year to year. Because corporate performance targets were not met, we did not make any payments under the management incentive bonus program in fiscal 2004. During fiscal 2004, the Board of Directors also established a special limited bonus award program for key contributors throughout Wind River, for which all employees were eligible. Certain executive officers received bonus awards under such program in fiscal 2004.

Equity Compensation.

Ownership of our Common Stock is a key element of executive compensation. Our officers and other employees are eligible to participate in the 1998 Equity Incentive Plan and the 1998 Non-Officer Stock Option Plan (collectively, the *Equity Plans*), as well as the Employee Stock Purchase Plan (the *Purchase Plan*). The Equity Plans were established to provide employees, including executive officers, an opportunity to share, along with the stockholders of Wind River, in Wind River's long-term performance. The Equity Plans permit the Board or the Compensation Committee to grant stock options, stock purchase rights and Common Stock equivalents to employees, including executive officers, on such terms as the Board or the Compensation Committee may determine. The Compensation Committee has authority to grant and administer stock options to all of our employees. The Non-Officer Stock Option Committee may also grant options to all employees, other than officers and directors. The Compensation Committee considers, periodically, the grant of stock-based compensation to all officers as well as grants to new officers. Such grants are made on the basis of a subjective analysis of individual performance, our financial performance, and the number of shares subject to the executive's existing options, as well as whether the executive's existing options are in-the-money or underwater.

During fiscal 2004, we offered our employees the opportunity to participate in an option cancellation and regrant program pursuant to which options that were underwater could be cancelled in exchange for the right to receive a new option to purchase fewer shares at least six months and a day after the old options were cancelled. The new options were granted at the fair market value of our Common Stock on the date of grant. Except for the Chief Executive Officer and the Chairman of the Board, our officers were eligible to participate in this program.

The Purchase Plan permits employees to acquire our Common Stock through payroll deductions and promotes broad-based equity participation throughout Wind River.

The Compensation Committee believes that these stock plans align the interests of the employees with the long-term interests of the stockholders.

401(k) Plan.

We also maintain a 401(k) Plan to provide retirement benefits through tax deferred salary deductions for all employees. We make an employer matching contribution equal to 50% of an employee's salary contributions up to a total of 6% of that employee's compensation. These matching contributions are made in the form of Wind River Common Stock and become vested over a four-year period.

Section 162(m)

Edgar Filing: WIND RIVER SYSTEMS INC - Form DEF 14A

The Compensation Committee has considered the potential future effects of Section 162(m) of the Internal Revenue Code of 1986, as amended. Section 162(m) limits the deductibility by public companies of certain executive compensation in excess of \$1 million per executive per year, but excludes from the calculation of such \$1 million limit certain elements of compensation, including performance-based compensation, provided that certain requirements are met. None of our executive officers approached the \$1 million limit in fiscal 2004 nor is any expected to approach such limit in fiscal 2005. However, the provisions of Section 162(m) merit current consideration because, under certain circumstances, the difference between the fair market value and the exercise price of options granted in the present time period, measured at the time of exercise, could be included in the calculation under Section 162(m) of the executive officers' compensation in the time period in which the exercise occurs.

Table of Contents

This result can be avoided if the plans under which such options are granted comply with certain requirements at the time of grant, including administration by a committee consisting solely of two or more outside directors and stockholder approval of the terms of the plan, including approval of an annual limit stated in the plan on the number of shares with respect to which options may be granted to any employee. Our Equity Plan has been designed and administered to meet these requirements. We have not attempted to structure other elements of executive compensation to qualify as performance-based compensation for purposes of Section 162(m).

Fiscal 2004 Chief Executive Officer Compensation

Kenneth Klein joined us as President and Chief Executive Officer in January 2004. Thomas St. Dennis, who joined Wind River in September 1999, served as President and Chief Executive Officer until June 2003. Narendra Gupta, a member of the Board of Directors, served as Interim President and Chief Executive Officer until Mr. Klein joined.

Our executive compensation philosophy is that base salary and cash bonuses should reflect our overall financial and non-financial performance and that non-cash compensation should be closely aligned with stockholder interests. In setting our chief executive officer's compensation, the Compensation Committee, in addition to considering the factors for all executive officers described above, also considers data reflecting comparative compensation information from other companies.

The base salary established for Mr. St. Dennis for fiscal year 2003 was determined based upon reference to external competitive pay practices, the above described compensation approach to executive officers and a subjective assessment by the Compensation Committee of Mr. St. Dennis' performance. In recognition of Mr. St. Dennis' leadership in a difficult time, Mr. St. Dennis was awarded a special recognition bonus in February 2003 of \$225,000. This reflected several factors, including (i) the successful launch of our Wind River Platforms products and the enterprise license model, (ii) Mr. St. Dennis' forgoing of bonuses in prior years and his agreement to take a pay cut in 2002 and (iii) and Mr. St. Dennis' individual performance during difficult economic times.

Dr. Gupta was granted an option to purchase 250,000 shares of our Common Stock upon his appointment as Interim President and Chief Executive Officer. This option vested at a rate of 1/12th per month, but accelerated in full upon the successful hire of a permanent chief executive officer. The Compensation Committee made this grant in recognition of the critical role Dr. Gupta faced in stabilizing the company in light of the departure of several key executives, the implementation of another restructuring program and the continuing transition to our new business model. Subsequently, the Compensation Committee also granted Mr. Gupta a cash bonus of \$15,000 in recognition of his efforts during the interim period.

At the time Mr. Klein was hired, we entered into an employment agreement with him, which agreement is described in further detail above under Executive Compensation Certain Relationships and Related Transactions Employment, Severance and Change of Control Agreements. The employment agreement provides for a base salary of \$450,000 in fiscal year 2005, plus a bonus for on-plan performance, as determined by the Compensation Committee. Mr. Klein's bonus will be paid out in accordance with our standard practice. No bonus is guaranteed to Mr. Klein, and any bonus is subject to the approval of the Compensation Committee. In accordance with the terms of the employment agreement, Mr. Klein was granted three stock options to purchase an aggregate of 2,400,000 shares of Wind River Common Stock under the terms and conditions of our 1998 Equity Incentive Plan.

4. review and discuss with management, the independent auditor and the internal auditor, if any: (i) any significant findings during the year, including the status of previous audit recommendations; (ii) any accounting adjustments that were noted or proposed by the auditor but were passed (as immaterial or otherwise) or any other audit problems or difficulties encountered in the course of audit work; (iii) any restrictions on the scope of activities or access to required information; (iv) any changes required in the scope of the audit plan; (v) the audit budget and staffing; and (vi) the coordination of audit efforts in order to monitor completeness of coverage, reduction of redundant efforts, and the effective use of audit resources;
