PROXY STATEMENT

SOLICITATION OF PROXIES

We are furnishing this Proxy Statement to our stockholders in connection with the solicitation on behalf of our board of directors of proxies to be used at our Annual Meeting of Stockholders to be held in the Auditorium of the Pan-American Life Center, 601 Poydras Street, New Orleans, Louisiana, on Thursday, July 15, 2004, at 10:00 a.m. and at any adjournment thereof. Only stockholders of record at the close of business on May 26, 2004, are entitled to vote at the meeting or any adjournment thereof.

We will bear the costs of soliciting proxies. Proxies may be solicited, without extra remuneration, by our directors, officers, or employees by mail, telephone, internet, telex, telefax, telegram, or personal interview. We will reimburse brokers, banks, and other custodians, nominees, or fiduciaries for their reasonable expenses in forwarding proxies and proxy materials to beneficial owners of shares. In addition, we have retained Georgeson Shareholder Communications Inc. to assist in the solicitation of proxies for a fee of \$8,500.

REVOCATION OF PROXIES

You may revoke your proxy at any time before it is voted by voting in person at the meeting or by delivering written revocation or a later dated proxy to our Secretary.

VOTING PROCEDURES

Our bylaws provide that the holders of a majority of the shares of our common stock issued and outstanding and entitled to vote at the annual meeting, present in person or represented by proxy, will constitute a quorum at the annual meeting. The bylaws further provide that, except as otherwise provided by statute, our certificate of incorporation, or the bylaws, all matters coming before the annual meeting will be decided by the vote of the holders of a majority of the number of shares of common stock present in person or represented by proxy and entitled to vote at the annual meeting.

All duly executed proxies received by us in the form enclosed or properly delivered by telephone or over the Internet will be voted as specified and, in the absence of instructions to the contrary, will be voted for the election of the nominees named below, for the ratification of the appointment of Deloitte and Touche as the Company's independent auditors and against the stockholder proposal.

Edgar Filing: TIDEWATER INC - Form DEF 14A

The board of directors does not know of any matters to be presented at our 2004 annual meeting other than those described herein. However, if any other matters properly come before the meeting or any adjournment thereof, it is the intention of the persons named in the enclosed proxy to vote the shares represented by them in accordance with their best judgment.

Votes cast by proxy or in person at the annual meeting will be counted by the persons appointed by us to act as election inspectors for the meeting. The election inspectors will treat shares represented by proxies that reflect abstentions as shares that are present and entitled to vote for purposes of determining the presence of a quorum and for purposes of determining the outcome of any matter submitted to the stockholders for a vote.

Abstentions as to particular proposals will have the same effect as votes against such proposals. Broker non-votes as to particular proposals will not, however, be deemed to be a part of the voting power present with respect to such proposals, will not therefore count as votes for or against such proposals and will not be included in calculating the number of votes necessary for approval of such proposals.

As of the close of business on May 26, 2004, we had 60,568,590 shares of common stock issued, outstanding, and entitled to vote. Each share of common stock is entitled to one vote with respect to matters to be voted upon at the meeting.

Table of Contents

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS

The table below shows the name, address, and stock ownership of each person known by us to own beneficially more than 5% of our common stock as of May 26, 2004. Unless otherwise indicated, all shares listed as beneficially owned are held with sole voting and investment power:

<u>Name and Address of Beneficial Owner</u>	<u>Amount and Nature of Beneficial Ownership</u>	<u>Percent Of Class(1)</u>
Whitney National Bank, as Trustee of the Tidewater Inc. Grantor Stock Trust 228 St. Charles Avenue New Orleans, LA 70130	3,878,441(2)(3)	6.4%

- (1) Based on 60,568,590 shares of common stock outstanding on May 26, 2004.
- (2) Based on Schedule 13G/A dated February 9, 2004 filed with the Securities and Exchange Commission by Whitney National Bank, as trustee of the Tidewater Inc. Grantor Stock Trust.
- (3) We created the Tidewater Inc. Grantor Stock Trust to acquire, hold and distribute shares of our common stock for the payment of benefits and compensation under our employee benefit plans, including our stock option plans and 401(k) plan. Under the trust, Whitney National Bank, as trustee, will vote all shares of common stock held in the trust in accordance with instructions received from current and former employees (excluding members of our board of directors) who participate in our 401(k) plan or hold options to purchase our common stock granted under our stock option plans (the Eligible Participants). For each Eligible Participant, the trustee will vote or abstain from voting, according to instructions received from that Eligible Participant, with respect to that number of trust shares that results from multiplying (x) the total number of trust shares as of the record date by (y) a fraction, the numerator of which is the sum of the number of shares of our common stock allocated to the account of such Eligible Participant in the 401(k) Plan and the number of shares of common stock that are subject to stock options held by such Eligible Participant, and the denominator of which is the total number of shares of our common stock in the 401(k) plan allocated to Eligible Participants and the total number of shares of common stock subject to options held by Eligible Participants, as to which the trustee has received voting instructions.

ELECTION OF DIRECTORS

(PROPOSAL 1)

Our bylaws divide our board into three classes, as nearly equal in number as possible, with each class of directors serving a three-year term. The term of office of each class of directors expires in rotation so that one class is elected at each annual meeting for a full three-year term. All of the nominees for director are currently serving as directors.

A majority of the members of our board are independent directors as defined by the New York Stock Exchange (NYSE) and the Securities and Exchange Commission (SEC). The Board has determined that Messrs. Boh, Carlson, du Moulin, Leonard, Madonna, Murrill, O Malley, Pattarozzi, Roff and Russell have no relationship with the Company that would prevent them from qualifying as independent under the requirements of the NYSE and the SEC.

J. Hugh Roff's term as a member of our board expires at the annual meeting. He has not been nominated for re-election because he has reached retirement age.

Our board has nominated and urges you to vote FOR the election of Richard T. du Moulin, J. Wayne Leonard, Paul W. Murrill, and Dean E. Taylor for terms of office ending in 2007.

It is intended that the proxies solicited hereby will be voted FOR the election of each of the nominees. In the event any nominee is not a candidate when the election occurs, it is intended that the proxies will be voted for the election of the other nominees and may be voted for any substitute nominee. Our board has no reason to believe that any nominee will not be a candidate or, if elected, will be unable or unwilling to serve as a director. In no event, however, will the proxies be voted for a greater number of persons than the number of nominees named.

Nominees for election at this meeting to terms expiring in 2007:

Richard T. du Moulin, 57, President of Intrepid Shipping LLC since 2002; and Chairman and CEO of Marine Transport Corporation, 1998-2002. Director since 2003.

J. Wayne Leonard, 53, Chief Executive Officer and Director of Entergy Corporation (public utility) since 1999. Director since 2003.

Paul W. Murrill, 69, Professional Engineer; Chairman of Piccadilly Cafeterias, Inc., 1994-2000; Special Advisor to the Chairman of the Board of Gulf States Utilities Co. (public utility), 1987-1989, its Chairman, 1982-1987, and its Chief Executive Officer, 1982-1986; and Director of Baton Rouge Water Company, Entergy Corporation and MicroProbe Inc. Director since 1981.

Edgar Filing: TIDEWATER INC - Form DEF 14A

Dean E. Taylor, 56, Chairman since June 2003, Chief Executive Officer since March 2002, and President and member of the Board of Directors since October 2001; Executive Vice President, 2000-2001, Senior Vice President, 1998-2000, and Director of Whitney Holding Corporation and the American Bureau of Shipping. Director since 2001.

Directors whose terms continue until 2005:

Robert H. Boh, 73, Chairman and Former President and Chief Executive Officer of Boh Bros. Construction Co. L.L.C. and Boh Company, L.L.C. (construction companies). Director since 1978.

Richard A. Pattarozzi, 61, former Vice President of Shell Oil Company E&P; former President and Chief Executive Officer of Shell Deepwater Development, Inc. and Shell Deepwater Production, Inc; and Director of Global Industries, Inc., Stone Energy, Inc., Transocean, Inc., Superior Energy Services, Inc. and FMC Technologies, Inc. Director since 2001.

Table of Contents

Donald G. Russell, 72, Chairman of Russell Companies (oil and gas investments) since 1998; Executive Vice President of Sonat Inc., 1993-1998; Chairman of the Board and Chief Executive Officer of Sonat Exploration Company, 1988-1998. Director since 1998.

Directors whose terms continue until 2006:

Arthur R. Carlson, 63, Chairman of TCW Energy and Infrastructure Group (investment management); Managing Director of TCW Group, Inc. (investment advisor); and Director of TCW Asset Management Company. Director since 1982.

Jon C. Madonna, 61, Chairman of DigitalThink, Inc. (e-commerce company), 2002-2004, previously President and Chief Operating Officer since January 2002; President and Chief Executive Officer of Carlson Wagonlit Travel, 1999-2000; Vice Chairman of Travelers Group, 1997-1998; Chairman and Chief Executive Officer of KPMG Peat Marwick, 1990-1996; and Director of Albertson's Inc., AT&T Corp. and Phelps Dodge Corp. Director since 1999.

William C. O Malley, 67, formerly Chairman, 1994-2003; President, 1994-2001, and Chief Executive Officer, 1994-2002 of the Company; prior thereto, served as Chairman of the Board and Chief Executive Officer of Sonat Offshore Drilling, Inc.; Director of Hibernia Corporation, Plains Resources, and BE&K., Inc. Director since 1994.

CORPORATE GOVERNANCE

Corporate Governance Guidelines

Our board of directors recently adopted Corporate Governance Policies and a Code of Business Conduct and Ethics which are available at www.tdw.com/company/corgov.html.

Board Structure and Committee Composition

As of the date of this proxy statement, our board consists of 11 members. During fiscal 2004, our board held six meetings.

Our board does not have a policy on attendance at annual meetings. Our board's practice is to schedule a board meeting on the same date as the annual meeting to facilitate director attendance at the annual meeting. Nine of our ten board members, who were serving on the board at the time, attended last year's annual meeting.

Edgar Filing: TIDEWATER INC - Form DEF 14A

During fiscal 2004, the non-management members of our board, which included Messrs. Boh, Carlson, du Moulin, Leonard, Madonna, Murrill, O Malley, Pattarozzi, Roff, and Russell met six times in executive session. The executive sessions of non-management directors are chaired by the director who is the chairman of the committee responsible for the primary issue being discussed.

We have standing audit, compensation, finance, and nominating and corporate governance committees of our board. The audit, compensation, finance and nominating and corporate governance committees operate under written charters adopted by our board. All of the committee charters are available on our web site at www.tdw.com/company/corpgov.html. During fiscal 2004, each of our directors attended at least 75% of the aggregate number of board and applicable committee meetings.

Consideration of Director Nominees

In evaluating nominees for membership on our board, the nominating and corporate governance committee applies the board membership criteria set forth in our corporate governance policies. The committee will take into account many factors, including integrity, independence, and diligence. The committee will consider candidates submitted by shareholders and others in accordance with our Company's bylaws.

Communications with the Board

Individuals may communicate directly with our board, the non-management directors or any individual director by writing to any one of the independent directors in care of our Secretary at 601 Poydras St., Suite 1900, New Orleans, LA 70130. Our Company or the individual director will forward the stockholder's communication to the appropriate director. For more information regarding where to send your concerns to our board, please see our web site, located at <http://www.tdw.com/company/concerns.html>.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

The members of our compensation committee are Messrs. Boh, Carlson, du Moulin, Roff and Russell. None of the members of our compensation committee have been officers or employees of our Company or any of our subsidiaries. No executive officer of our Company served in the last fiscal year as a director or member of the compensation committee of another entity one of whose executive officers served as a member of our board or on our compensation committee.

Table of Contents

DIRECTOR COMPENSATION

Our outside directors receive an annual retainer of \$30,000 and a fee of \$1,500 for attendance at each board meeting. The chairman of each board committee receives an additional annual retainer of \$5,000, and each committee member, including the chairman, receives a fee of \$1,200 for attendance at each committee meeting.

Outside directors also receive an annual grant of options to purchase up to 5,000 shares of our common stock, the exact number to be set by the compensation committee. Messrs. du Moulin and Leonard received an option to purchase 5,000 shares of our common stock upon joining our board and the other outside directors received an option to purchase 5,000 shares of our stock in March 2004. The exercise price of the stock options is equal to the closing price for our common stock reported on the New York Stock Exchange on the date of the grant.

William C. O Malley, our former President and Chief Executive Officer, served as Chairman of the Board through our 2003 Annual Meeting. He received \$43,333 in fiscal 2004 for his service as Chairman through July 31, 2003 and was permitted to continue to receive perquisites customary and appropriate for the Chairman and retired Chief Executive Officer, including payment of club membership and industry association dues and expenses and provision of office space, clerical support and parking, during that period. He was also permitted to continue to participate in the Company's Executive Medical Plan for 18 months following his retirement on March 28, 2002, and he receives other retirement benefits provided in his employment agreement with the Company or company benefit plans. Mr. O Malley also received the regular compensation paid to other outside directors during fiscal 2004.

We provide a Deferred Compensation Plan under which an outside director may elect to defer all or a portion of the fees that are payable to him for service on our board. Deferred amounts are credited to an account in the name of the director as units in one or more investment funds made available through the plan. Upon termination of board service or on another date chosen by the director, amounts accrued under the plan are payable either in a lump sum or over a period of two to ten years, at the election of the director. One director participated in the Deferred Compensation Plan during fiscal 2004.

We also provide a Retirement Plan for the benefit of outside directors who retire from our board on or after reaching age 65 or after completing five or more years of service on our board. Under the Retirement Plan, an eligible director will be entitled to an annual benefit equal to the annual retainer fee for a board member at the time of his retirement. An eligible director who was a member of our board on May 31, 2001, will receive the annual benefit for a term equal to the number of years the retired director served as an outside director. An eligible director who joins our board after May 31, 2001, will receive the annual benefit for a term equal to the number of years the retired director served as an outside director, but not to exceed five years. If a director dies prior to payment of his benefit, a death benefit is payable to his beneficiaries equal to the then present value of the unpaid benefit.

The Deferred Compensation Plan and the Retirement Plan both provide for the protection of benefits in the event of a change of control of our Company and also permit the acceleration of payment of benefits in such event.

Table of Contents**EXECUTIVE COMPENSATION**

The following table summarizes, for each of the three fiscal years ended March 31, 2002, 2003, and 2004, the compensation paid to each of our executive officers in all capacities in which they served.

- (1) The options become exercisable one-third per year and are fully exercisable three years after the date of grant. Exercisability is accelerated upon a change of control.
- (2) The theoretical values on grant date are calculated under the Black-Scholes Model. The Black-Scholes Model is a mathematical formula used to value options traded on stock exchanges. This formula considers a number of factors to estimate the option's theoretical value, including the stock's historical volatility, dividend rate, exercise period of the option and interest rates. The grant date theoretical value above assumes an expected stock price volatility of 40.7%, an expected annual dividend yield of 2.0%, a 3.25% risk free rate of return and an expected five year stock option life.

Pension Plans

We sponsor a defined benefit pension plan (Pension Plan) and a Supplemental Executive Retirement Plan (SERP) covering eligible employees of our Company and participating subsidiaries. The SERP provides certain benefits to our officers that the Pension Plan is prevented from providing because of compensation and benefits limits in the Internal Revenue Code. The Pension Plan and the SERP are referred to together as the Pension Program.

Table of Contents

An officer's benefits under the Pension Program are based on his highest average of 5 consecutive calendar years of pay over the last 10 years (final average pay). Upon normal retirement at age 65, an officer participating in the Pension Program receives a monthly benefit equal to the sum of (i) 2% of the portion of final average pay that exceeds Social Security covered compensation, times years of service up to a maximum of 35, plus (ii) 1.35% of the portion of final average pay that does not exceed Social Security covered compensation, times years of service up to a maximum of 35, plus (iii) 1% of final average pay times years of service in excess of 35 years.

Early retirement benefits are available upon retirement after attaining age 55 and completing 10 years of service. There is no reduction for benefits that begin at age 62 or later. For retired employees electing commencement between age 55 and 62, the reduction is 5% per year for each year prior to age 62. A retired employee may select a life annuity or one of several optional forms of settlement.

Employees completing five years of credited service are 100% vested in their Pension Program benefits. Messrs. Taylor, Laborde, Dick and Lousteau have 25, 12, 31 and 26 years of credited service, respectively, under the Company's Pension Program.

The following table sets forth estimated aggregate annual benefits payable in the form of a straight life annuity under the Pension Program upon retirement at age 65 to persons in the remuneration and years-of-service classifications specified. Benefits are not subject to any deduction for Social Security or other offset amounts.

Change of Control Agreements

We have in effect change of control agreements with each executive officer. The change of control agreements provide for continued employment for a two-year period following a change of control. Should the officer's employment be terminated during this two-year period for

Edgar Filing: TIDEWATER INC - Form DEF 14A

any reason other than death, disability or Cause, as defined, or should the officer terminate his employment for Good Reason, as defined, the officer will become entitled to certain benefits. The benefits include a lump sum payment equal to three times the officer's base salary at termination, plus a payment equal to three times the greater of the average of his last three bonuses or the target bonus for which the officer is eligible within the following twelve months. The change of control agreements also provide for a pro-rated bonus assuming performance at the target level for the portion of the year prior to termination. Also, the officer will be entitled to continued life and health insurance benefits for thirty-six months following the date of termination. The officer will immediately become fully vested in his

benefits under each of our supplemental or excess retirement plan in which the officer participated. In addition, we will contribute to a trust for the officer's account an amount equal to the additional benefits to which the officer would have been entitled under any of our qualified or non-qualified defined benefit or defined contribution plans, as if the officer had continued to participate in such plans for three years following the change of control.

COMPENSATION COMMITTEE REPORT

Principles of Executive Compensation

The compensation committee is composed of independent outside directors who are responsible for our compensation programs. The executive compensation program is designed to help us attract, motivate, and retain the executive talent that we need in order to maximize the return to stockholders. Toward that end, our executive compensation program has been structured based on the following principles:

Competitive Levels of Compensation Our Company attempts to provide its executives with a total compensation package that, at expected levels of performance, is competitive with those provided to executives who hold comparable positions or have similar qualifications. Total compensation is defined to include base salary, annual incentive bonus, long-term incentives, and executive benefits.

Our philosophy is to provide a total compensation package that is market driven. We generally determine competitive levels of compensation for executive positions based on information drawn from compensation surveys and proxy statements for comparable organizations in setting competitive compensation levels. We also consider market pay data for general industry companies with comparable revenues to our Company and the Value Line oilfield service peer group of companies used in the total stockholder return graph in this proxy statement. In fiscal 2003, we retained an independent compensation consultant to provide us with detailed up-to-date information on the director and officer compensation practices of similar companies.

Pay for Performance Our base salary and incentive plans are managed within a pay for performance framework. As a result, while the expected value of an executive's compensation package may be market driven, actual payments made to executives in a given year may be higher or lower than competitive market rates because of the Company and individual performance.

Focus on Annual and Long Term Results As part of our pay for performance program, we maintain both an annual and a long-term incentive plan for key employees. The purpose of the annual incentive plan is to reward short-term performance that is tied to our annual business objectives. The long-term incentive plan focuses on providing stock based incentives that are intended to be consistent with the goals of long-term stockholders.

Description of the Current Executive Compensation Program

This section describes each of the principal elements of our executive compensation program with specific reference to the objectives discussed above. Our compensation program is periodically reviewed to ensure an appropriate mix of base salary, annual incentive, and long-term

Edgar Filing: TIDEWATER INC - Form DEF 14A

incentive within the philosophy of providing competitive total direct compensation opportunities.

Base Salary Program. We believe that offering competitive rates of base pay plays an important role in our ability to attract and retain executive talent. Discretionary base salary adjustments are also made based upon each executive's performance over time. Consequently, executive officers with higher levels of sustained performance over time will be paid correspondingly higher salaries. Generally, salaries for executives are reviewed annually based on a variety of factors, including individual performance, general levels of market salary increases, our Company's overall financial condition and industry conditions.

Table of Contents

Annual Incentive Plan. We provide an annual management incentive plan in which all executive officers other than the Chief Executive Officer participate. The annual incentive plan is intended to attract, motivate, and retain high quality executives by offering variable pay tied to the Company and individual performance. This program is also an important component in providing a fully competitive compensation package to our executive officers.

A bonus pool is established each year based on our overall performance against measures established by the compensation committee. In fiscal 2004, we considered two performance measures: (1) adjusted net income compared to the budget, and (2) return on total capital compared to a peer group consisting of the Value Line Oilfield Services Group and three direct competitors. As in prior years, the weight of the adjusted net income versus budget measure was 66.67% to once again underscore our emphasis on net income, and the weight of the return on total capital measure was maintained at 33.33%.

For fiscal 2004, we did not reach the minimum level of adjusted net income as compared to the budget necessary to generate that portion of the potential bonus. The bonus pool was generated based upon our return on total capital plus a discretionary amount added by the compensation committee as permitted by the annual management incentive plan. Individual awards from the bonus pool are approved by the compensation committee. Our Chief Executive Officer provides advice to the compensation committee for specific individual awards. Individual awards from the pool are based on a combination of objective performance criteria (such as operating margins, business unit performance, and the attainment of safety goals), as well as a subjective evaluation of individual employee performance. The Chief Executive Officer participates in a separate Executive Officer Annual Incentive Plan, which is described below under 2004 Chief Executive Officer Compensation.

Long-Term Incentive Plan. Each year, we provide long-term incentives in the form of stock options to our executives. Stock options are intended to reward executives for generating appreciation in our Company's stock price through their individual performance. Stock options granted during the last fiscal year were granted at the fair market value on the date of grant. All stock options have a term of 10 years and vest one-third per year commencing one year following the grant date.

In fiscal 2004, we granted 50% fewer stock options to our individual executive officers than in fiscal 2003 and instead granted a combination of stock options and restricted stock as our long-term incentives. We believe that including restricted stock in our long-term incentive program will provide a significant equity ownership opportunity to management that is less subject to market volatility.

The restricted stock is subject to forfeiture if employment terminates other than as a result of death or disability prior to vesting. The shares are scheduled to vest 50% after two years and an additional 25% after three and four years.

In determining the number of shares of restricted stock to grant in place of a portion of the typical option grant, we consulted an independent compensation consultant for guidance as to the practices used by other similar companies and estimates of value comparisons between options and restricted stock.

Our overall stock option and restricted stock grant levels generally are established by considering industry conditions and market data on grant levels. Individual grants are based on a subjective evaluation of level of responsibility, individual performance, and the expected value of future service to our Company.

2004 Chief Executive Officer Compensation

Edgar Filing: TIDEWATER INC - Form DEF 14A

The salary of our Chief Executive Officer, Dean E. Taylor, was increased to \$500,000 in 2004. We determined his salary level after considering his experience as well as salaries paid to chief executive officers of companies with comparable annual revenues and other companies included in the Value Line Oilfield Services Group. However, when market conditions dictated a salary scale restructuring of the domestic Gulf of Mexico

Table of Contents

operations with reductions in salary, Mr. Taylor requested that he participate in the reduction. His salary was reduced by six percent to \$470,000.

Under the terms of our Executive Officer Annual Incentive Plan, Mr. Taylor was eligible for an annual incentive award for fiscal 2004 contingent upon achievement of certain Company performance goals. For fiscal 2004, the performance measures were: 1) adjusted net income versus budget; 2) return on total capital as compared to a peer group consisting of the Value Line Oilfield Services Group and three direct competitors; and 3) safety performance. The actual amount of the incentive award is dependent upon the attainment of corporate performance in each of these three criteria. The target payout is 127% of base salary; the maximum payout is 231% of base salary. For fiscal 2004, Mr. Taylor's bonus under the Executive Officer Annual Incentive Plan was \$222,750 (47% of base salary), which resulted from our Company's return on total capital and safety performance. Additionally, our committee awarded Mr. Taylor a separate bonus of \$173,000 as additional compensation for his performance as CEO under difficult market conditions.

In fiscal 2004, Mr. Taylor was granted stock options to purchase 42,500 shares of our common stock and 17,000 shares of restricted stock based upon our committee's subjective evaluation of Mr. Taylor's performance during the last fiscal year. The terms of the options and restricted stock are the same as the terms described above for the other executive officers.

\$1 Million Pay Deductibility Cap

Section 162(m) of the Internal Revenue Code limits our federal income tax deductions for compensation, other than qualified performance-based compensation, to \$1 million for compensation paid to each of our most highly compensated executive officers. Stock options granted by us and the bonus paid to the Chief Executive Officer through the Executive Officer Annual Incentive Plan are designed to qualify as performance-based and to be excluded in calculating the \$1 million limit of Section 162(m).

We intend to continue to establish executive officer compensation programs that will maximize our Company's income tax deduction. However, from time to time, the committee may award compensation that is not fully tax deductible if we determine that such award is consistent with our philosophy and in the best interest of our Company and our stockholders.

AUDIT COMMITTEE REPORT

Edgar Filing: TIDEWATER INC - Form DEF 14A

The audit committee of our board is composed of four directors, all of whom are independent under the rules of the New York Stock Exchange and the Securities and Exchange Commission. Management has the primary responsibility for the preparation of the financial statements and our Company's reporting process including the systems of internal controls. Our audit committee oversees the Company's financial reporting process on behalf of our board.

In fulfilling its oversight responsibilities for fiscal 2004, our audit committee reviewed and discussed our financial statements with management and our independent auditors, including a discussion of the quality, not just the acceptability, of the accounting principles as selected by management and as applied in the financial statements.

Table of Contents

In addition, our audit committee has discussed with the independent auditors the matters required by Statement on Auditing Standards No. 61 (Communications with Audit Committees). The independent auditors also provided to our audit committee the written disclosures required by Independence Standards Board Statement No. 1 (Independence Discussions with Audit Committees), and our audit committee discussed with the independent auditors their independence, and considered the compatibility of non-audit services with the auditors' independence.

The committee discussed with our internal and independent auditors the overall scope and plans for their respective audits. The committee met with the internal and independent auditors, with and without management present, to discuss the results of their examinations, their evaluations of our internal controls, and the overall quality of our financial reporting. The committee held eight meetings during fiscal 2004.

Under the audit committee charter, each year the audit committee will appoint and retain an independent national audit firm to act as auditors of our Company's financial statements for the ensuing year. The audit committee will pre-approve the scope of all audit services annually. Audit services and permitted non-audit services must be pre-approved by the full audit committee, except that the chairman of the audit committee has the authority to pre-approve any such services if the total anticipated cost of the project is expected to be no more than \$25,000, provided the full audit committee ratifies the chairman's approval at its next regular meeting. All audit and non-audit services for fiscal 2004 were pre-approved by the audit committee.

Other Information

The following table lists the aggregate fees and costs billed by Ernst & Young LLP (Ernst & Young) and its affiliates to our Company for each of the last two fiscal years:

	Amount Billed	
	Fiscal Year Ended	Fiscal Year Ended
	March 31, 2003	March 31, 2004
Audit Fees(1)	\$ 470,000	\$ 500,000
Audit-Related Fees(2)	42,000	20,000
Tax Fees(3)	184,000	218,000
All Other Fees	0	0

- (1) Relates to services rendered in connection with auditing our Company's annual consolidated financial statements for each applicable year and reviewing our Company's quarterly financial statements. Also includes services rendered in connection with statutory audits and financial statement audits of our subsidiaries.
- (2) Consists of accounting consultations and includes acquisition due diligence.
- (3) Consists of United States and foreign corporate tax compliance services and consultations and United States and foreign executive tax compliance services.

The audit committee has determined that the provision of services described above is compatible with maintaining the independence of the independent auditors.

Edgar Filing: TIDEWATER INC - Form DEF 14A

Based on the review and discussions referred to above, the audit committee recommended to the board (and the board has approved) that the audited financial statements be included in our Company's Annual Report on Form 10-K for the year ended March 31, 2004, for filing with the Securities and Exchange Commission. The audit committee has selected Deloitte & Touche as our Company's independent auditors for fiscal year 2005, and that selection is being presented to the stockholders for ratification at the annual meeting.

PROPOSAL FOR THE RATIFICATION OF SELECTION OF INDEPENDENT AUDITORS

(PROPOSAL 2)

The audit committee of our board has selected Deloitte & Touche as independent auditors to audit the financial statements of the Company for the fiscal year ending March 31, 2005. Proxies solicited hereby will be voted to ratify that selection unless stockholders specify otherwise in their proxies. If the stockholders do not ratify the appointment of Deloitte & Touche by the affirmative vote of the holders of a majority of our common stock present in person or by proxy at the meeting and entitled to vote, the audit committee will reconsider the selection of the independent auditors.

On January 16, 2004, our Company engaged Deloitte & Touche as the Company's independent accountants to audit the Company's consolidated financial statements for the year ending March 31, 2005. Ernst & Young, which had been engaged as the Company's principal independent accountants since 1997, has been dismissed effective upon completion of its audit of the Company's consolidated financial statements for the year ending March 31, 2004. The decision to change the Company's independent auditors from Ernst & Young to Deloitte & Touche was made by the audit committee of our board.

Ernst & Young's reports on the Company's consolidated financial statements during the two-year period ended March 31, 2004, did not contain an adverse opinion or disclaimer of opinion, nor were such reports qualified or modified as to uncertainty, audit scope, or accounting principles.

During the two-year period ended March 31, 2004, the Company did not have any disagreements with Ernst & Young on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of Ernst & Young, would have caused it to make a reference to the subject matter of the disagreements in connection with its reports.

During the Company's two fiscal years ended March 31, 2004, there were no reportable events requiring disclosure pursuant to Section 229.304(a)(1)(v) of Regulation S-K under the Securities Exchange Act of 1934. As used herein, the term "reportable event" means any of the items listed in paragraphs (a)(1)(v)(A)-(D) of Section 304 of Regulation S-K.

During the two fiscal years ended March 31, 2004, neither the Company nor anyone on its behalf consulted Deloitte & Touche regarding either the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on the Company's consolidated financial statements, nor has Deloitte & Touche provided to the Company a written report or oral advice regarding such principles or audit opinion.

Representatives of the firms of Ernst & Young and Deloitte & Touche are expected to be present at the Annual Meeting, will have an opportunity to make a statement if they so desire, and will be available to respond to appropriate questions.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT STOCKHOLDERS VOTE FOR RATIFICATION OF THE SELECTION OF DELOITTE & TOUCHE AS THE COMPANY'S INDEPENDENT AUDITORS FOR THE FISCAL YEAR

ENDING MARCH 31, 2005.

PERFORMANCE GRAPH

The following graph compares the change in the cumulative total stockholder return on our common stock with the cumulative total return of the Standard & Poor's 500 Stock Index and the cumulative total return of the Value Line Oilfield Services Group Index over the last five fiscal years. The graph assumes the investment of \$100 on April 1, 1999, at closing prices on March 31, 1999, and the reinvestment of dividends. The Value Line Oilfield Services Group consists of 21 companies.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires our directors, executive officers, and beneficial owners of more than 10% of our common stock to file certain beneficial ownership reports with the SEC. To our knowledge, based on our review of copies of reports received by us and written representations by certain reporting persons, we believe that during fiscal year 2004, all Section 16(a) filing requirements applicable to our officers, directors and 10% stockholders were complied with in a timely manner.

STOCKHOLDER PROPOSAL

(PROPOSAL 3)

A stockholder has advised the Company of its intention to present a proposal at the meeting. In accordance with applicable proxy regulations, the proposal and its supporting statement are set forth below. Approval of this proposal would require the affirmative vote of a majority of the shares of our common stock present in person or by proxy and entitled to vote at the annual meeting.

This proposal has been submitted by Harold J. Mathis, Jr., P.O. Box 1209, Richmond, Texas, 77406-1209, cengulfmar@aol.com. (the owner of 200 shares of our common stock).

RESOLVED: That the stockholders of Tidewater Inc., assembled in annual meeting in person or by proxy, hereby request that the Board of Directors take the needed steps to provide that at future elections of directors new directors be elected annually and not by classes, as is now provided, and that on expiration of present terms of directors their subsequent elections shall also be on an annual basis.

REASONS

It is this proponent's belief that classification of the Board of Directors is not in the best interest of Tidewater Inc. and its shareholders. This proponent also believes that it makes a Board less accountable to shareholders when all directors do not stand for election each year; the piecemeal election insulating directors and senior management from the impact of poor performance.

The Council of Institutional Investors recommends:

1) Council Policies The Board of Directors
www.cii.org/dcwascii/web.nsf/doc/policies_i.cm

All directors should be elected annually (no classified boards).

2) Council Policies Shareholder Voting Rights
www.cii.org/dcwascii/web.nsf/doc/policies_ii.cm

Super majority votes should not be required.

It is the belief of this proponent that classified boards are rapidly becoming a thing of the past as more companies demonstrate a greater commitment to the principles of corporate democracy, adhering to policies that maximize accountability to shareholders.

Board Of Directors' Statement In Opposition To Stockholder Proposal

Our board of directors has been comprised of three classes, serving staggered terms of three years, since 1970. We believe that a classified board structure is in the best interests of the Company and our stockholders and we note that approximately 60% of S&P 500 companies continue to have classified boards, according to the Investor Responsibility Research Center.

First, the classified board structure helps ensure continuity and the continued realization of the Company's long-term goals and strategies, since a majority of the directors serving at any given time have prior experience as directors of the Company and are familiar with our business strategies and operations.

Also, we believe that a classified board structure, together with other well-recognized defensive measures previously adopted by the Company, reduces the Company's vulnerability to potentially abusive takeover tactics, and encourages potential acquirers to negotiate with our board. In the absence of a classified board, an unfriendly suitor could seize control of the board through a single proxy contest, and then use its control of the board to dismantle many of the Company's defensive measures. In the board's view, this would be unwise. The classified board structure does not prevent potential acquirers from making unsolicited acquisition proposals that are worthy of consideration, but rather enhances the power of the incumbent board to act in a manner that maximizes shareholder value by giving the board time and bargaining power to negotiate and consider alternatives.

We disagree with the principal thrust of the proponent's supporting statement; namely, that directors who are elected to three-year terms are less accountable to stockholders than those elected annually. The fiduciary duties imposed on our directors do not depend on how often they are elected or the length of the term that they serve. In addition, we are unaware of any evidence to indicate that electing directors to either annual or staggered terms influences stock performance. In his supporting statement, the proponent references a headline from *The Wall Street Journal* that stated that "weak boardrooms and weak stocks go hand in hand." The underlying article referred to a study that concluded that over the prior three years, companies with high corporate governance rankings outperformed businesses with weak corporate governance rankings. It is important to note, however, that the article mentioned criteria used by the study to measure a company's corporate governance ranking and a declassified board of directors was not one of the criteria mentioned in the article. Moreover, while we are strongly committed to good and effective corporate governance, it is worthwhile noting that the underlying *Wall Street Journal* article cited by the proponent indicated that "while bad governance makes for bad returns, buying companies with top-notch governance won't necessarily mean higher returns." The article further stated with respect to stock performance that "while the companies that get top governance scores did best during the past three years, corporations with average rating won the five- and 10-year contests."

The proponent also directs stockholders to the website of The Council of Institutional Investors as support for his position that directors should be elected annually. The proponent neglects to mention that the Council's recommendation that boards be elected annually is only one of eleven policies addressed by the Council, and that the Council, on its website, has specifically stated that its recommendations are only general guidelines. The recommendations do not take into account specific information regarding the Company, our governing

documents, and Delaware law. We believe that our stockholders should be fully informed before being asked to vote on this matter.

Finally, stockholders should be aware that approval of this proposal would not declassify the board. Under our charter, to declassify the board, the board would have to propose to the stockholders an amendment to the relevant section of our by-laws, following which 80% of the total outstanding shares of common stock must approve the proposed amendment.

STOCKHOLDERS VOTE AGAINST THE ADOPTION OF THIS PROPOSAL.**

STOCKHOLDER PROPOSALS AND DIRECTOR NOMINATIONS

Our stockholders are entitled to submit proposals on matters appropriate for stockholder action consistent with regulations of the Securities and Exchange Commission and our bylaws.

Should a stockholder intend to present a proposal at the Annual Meeting to be held in 2005, under Securities and Exchange Commission rules, it must be received by the secretary of the Company at 601 Poydras Street, Suite 1900, New Orleans, Louisiana 70130 not less than 120 days in advance of June 8, 2005, in order to be included in our Proxy Statement and form of proxy relating to that meeting.

Our bylaws provide that in addition to any other applicable requirements for business to be properly brought before the Annual Meeting by a stockholder, the stockholder must give timely notice in writing to the Secretary. Additionally, our bylaws provide that a stockholder of our Company entitled to vote for the election of directors may make nominations of persons for election to our board at a meeting of stockholders by complying with the required notice procedures. To be timely, your notice must be given in writing and must be delivered or mailed to the Secretary and received at our principal executive offices not less than 75 days nor more than 100 days prior to July 15, 2005, which is the anniversary date of our immediately preceding Annual Meeting, provided that in the event that the Annual Meeting is called for a date more than 50 days prior to such anniversary date, your notice, in order to be timely, must be so received not later than the close of business on the 10th day following the day on which such notice of the date of the meeting was mailed or public disclosure of the date of the meeting was made, whichever occurs first.

The bylaws further provide that your notice to the Secretary must set forth, among other things, specified information as to the matters to be brought before the meeting or as to the nominees, and specified information as to the stockholder making the nomination or proposal. We may require any proposed nominee to furnish such information as may reasonably be required to determine the eligibility of such proposed nominee to serve as a director of our Company.
