The Board of Directors

Markel Corporation

The Administrative Committee

Markel Corporation Retirement Savings Plan:

We have audited the accompanying statements of assets available for benefits of the Markel Corporation Retirement Savings Plan (the Plan) as of December 31, 2003 and 2002, and the related statements of changes in assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the assets available for benefits of the Markel Corporation Retirement Savings Plan as of December 31, 2003 and 2002, and the changes in assets available for benefits for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedules of assets (held at end of year) (Schedule 1) and reportable transactions (Schedule 2) are presented for the purpose of additional analysis and are not a required part of the basic financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These supplemental schedules are the responsibility of the Plan's management. The supplemental schedules have been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

MARKEL CORPORATION RETIREMENT SAVINGS PLAN

Notes to Financial Statements

December 31, 2003 and 2002

(1) Summary of Significant Accounting Policies

The following are the significant accounting policies followed by the Markel Corporation Retirement Savings Plan (the Plan).

(a) Basis of Presentation

The accompanying financial statements, which present the assets of the Plan, and changes in those assets, have been prepared on the accrual basis of accounting. Accordingly, contributions to the Plan and interest and dividend income are recognized as earned; plan benefits and withdrawals are recorded when paid and net appreciation and depreciation of investments are recognized as they occur. Participant loans receivable represent loans to participants made against their vested balances as permitted by the Plan.

(b) Use of Estimates

Accounting principles generally accepted in the United States of America require the plan administrator to make estimates and assumptions when preparing financial statements. Actual results could differ from those estimates.

(c) Investments

The Plan's investments are stated at fair value. The fair value of Markel Corporation common stock is based upon the quoted market price of the stock as of the end of each year.

Investments in shares of mutual funds are valued according to the net asset values of the funds on the basis of fair values of the assets and liabilities thereof. Participant loans are valued at the principal amount outstanding, which approximates fair value.

The change in the difference between the fair value and the cost of investments held at the beginning and end of each year, adjusted for realized gains, or losses, on investments sold during the year, is reflected in the statements of changes in assets available for benefits as appreciation/depreciation in the fair value of investments.

Edgar Filing: MARKEL CORP - Form 11-K

The cost of investments sold is determined on the basis of average cost. Purchases and sales of investments are recorded on a settlement date basis. The recording of these transactions on a trade date basis would not have had a material impact on the accompanying financial statements.

(d) Income Taxes

The Plan is in receipt of a favorable determination letter dated August 12, 2002, which states that the Plan complies in form with the series of tax law changes collectively referred to as GUST. The plan administrator believes the Plan operated in compliance with the plan document and current law for the years under audit. Accordingly, participants have not been taxed on their salary reduction contributions, or investment earnings related to these contributions when received by the trustee under the Plan. Ordinarily, participants are subject to tax on these amounts when they receive distributions from the Plan.

MARKEL CORPORATION RETIREMENT SAVINGS PLAN

Notes to Financial Statements

December 31, 2003 and 2002

Under normal circumstances, the Plan will not be taxed on its dividend, and interest income, or any capital gains realized by it or any unrealized appreciation on investments.

(2) Summary of Significant Provisions of the Plan

The following description of the Plan provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan covering all North American employees of Markel Corporation and its wholly owned domestic subsidiaries (the Company). Employees, age 18 or older, are eligible for Plan participation upon date of employment, with matching Company contributions commencing after one year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), and is administered by an administrative committee appointed by the chief executive officer of the Company. The assets of the Plan are held in trust under an agreement with Fidelity Management Trust Company (the Trustee), with administrative services provided by Fidelity Institutional Retirement Services Company, a division of Fidelity Investment Institutional Services Company, Inc.

(b) Contributions

Each year, the Company is obligated to contribute to the Plan, subject to service requirements, an amount equal to 6% of each participant's compensation. The Company also contributes under the matching provision of the Plan an amount equal to 100% of the first 2% and 50% of the next 2% of compensation contributed by a participant, not to exceed 3% of the participant's compensation for any such year. Participants may contribute, in whole percentage increments, up to 50% of their annual compensation, excluding bonuses, on a pre-tax basis up to a limit of \$12,000 in 2003. In addition, participants that reach age 50 before the close of the plan year can elect to make a catch-up contribution to the Plan for the plan year. The amount of the catch-up contribution is limited to \$2,000 for 2003. The allocation of both employer and participant contributions to the various funds is based upon the individual participant's election. One-third of the Company's contribution, representing up to 3% of a participant's annual compensation, will be allocated to a company stock fund; however, once the funds are invested in the company stock fund, the participant has the ability to redirect these funds at their discretion.

Participant contributions, as shown in the accompanying statements of changes in assets available for benefits, include amounts rolled over into the Plan from other qualified plans totaling \$1,326,166 and \$390,866 for the years ended December 31, 2003 and 2002, respectively.

(c) *Participant Accounts*

Each participant's account is credited with the participant's and Company's contributions and earnings of the Plan. The posting of earnings is made on a daily basis.

(d) Vesting and Plan Termination

Participants are immediately vested in their own contributions plus earnings thereon. Vesting in the Company's contributions is based on years of service as follows:

<u>Years of vesting service</u>	<u>Vested percentage</u>
Less than two years of service	0%
Two years of service	20%
Three years of service	50%
Four or more years of service	100%

In accordance with the provisions of the Plan, any portion of the Company's contributions that has not vested at the time of a participant's withdrawal shall be forfeited by the participant, and applied to reduce future Company contributions. For the years ended December 31, 2003 and 2002, forfeited amounts totaled \$98,021 and \$133,338, respectively.

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

(e) Payment of Benefits

Upon termination of service, participants may receive a lump sum amount equal to the value of their vested account within 60 days of the quarter end in which termination occurred or their account will continue to be held in the trust fund until the participant reaches age 65 or dies, whichever occurs first.

(f) Participant Loans

The Plan contains a provision for loans to participants. Under the terms of the Plan, participants may borrow from their accounts a minimum of \$1,000 up to the lesser of \$30,000 or 30% of the vested value of the participant's account or under certain conditions, with the plan administrator's

Edgar Filing: MARKEL CORP - Form 11-K

consent, up to a maximum of the lesser of \$50,000 or 50%. Loans bear interest at a market rate and are repayable in accordance with terms established by the Plan.

(g) Investment Options

The Plan offers 16 investment fund options: Markel Corporation Common Stock, the Fidelity Magellan Fund, the Fidelity Puritan Fund, the Fidelity Equity Income Fund, the Fidelity Retirement Money Market Portfolio, the Fidelity Stock Selector Fund, the Fidelity Intermediate Bond Fund, the Fidelity Contrafund, the Fidelity Overseas Fund, the Fidelity Small Capital Independence Fund, the Fidelity Freedom 2010 Fund, the Fidelity Freedom 2020 Fund, the Fidelity Freedom 2030 Fund, the Fidelity Freedom 2040 Fund, the Fidelity Freedom Income Fund, and the Fidelity Freedom 2000 Fund. Participants in the Plan are able to direct into which fund contributions are invested as discussed in note 2(b). Participants are allowed to change investment options daily.
