LandAmerica Financial Group, Inc.

We have audited the accompanying statements of net assets available for benefits of the LandAmerica Financial Group, Inc. Savings and Stock Ownership Plan (the Plan) as of December 31, 2003 and 2002 and the related statement of changes in net assets available for benefits for the year ended December 31, 2003. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan at December 31, 2003 and 2002, and the changes in its net assets available for benefits for the year ended December 31, 2003, in conformity with U.S. generally accepted accounting principles.

Our audits were performed for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying supplemental schedule of assets (held at end of year) as of December 31, 2003 is presented for purposes of additional analyses and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in our audits of the financial statements and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

LandAmerica Financial Group, Inc. Savings and Stock Ownership Plan

Notes to Financial Statements

December 31, 2003 and 2002

1. Description of the Plan

The Plan is a defined contribution plan covering salaried employees of LandAmerica Financial Group, Inc. (the Company), who have completed 30 days of employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The following description of the Plan provides only general information. For a more complete description of the Plan's provisions, copies of the Summary Plan Description are available on the Sponsor's website and from the Sponsor's Human Resources Department.

Contributions

Participants may contribute up to 25% of pretax and after-tax annual compensation as defined in the Plan. Prior to April 1, 2002, participants could contribute up to 15% of pretax and after-tax annual compensation.

Also, employees age 50 or older beginning in 2002 could make catch-up contributions. This group of employees could defer an additional \$1,000 in 2002 and may increase the additional contribution by \$1,000 each year to a maximum of \$5,000 in 2006.

Each year, the Company's discretionary matching contributions are determined by the board of directors of the Company. The discretionary match for the 2003 Plan year was 50% of the next 3% of a participant's compensation over the first 3% contributed to the Plan. Beginning July 1, 2002, the Company's discretionary match was no longer made in Company stock. The Company also makes non-discretionary matching contributions equal to 80% of the employee contributions not to exceed 3% of the participant's compensation.

Participant Accounts

Each participant's account is credited with the participant's contributions and an allocation of (a) the Company's contributions and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. Forfeited balances of terminated participants' nonvested accounts are used to reduce future Company contributions. The balance of forfeited accounts as of December 31, 2003 was \$380,281. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Payment of Benefits

On termination of service, a participant generally may elect to receive a lump-sum amount equal to the vested value of his or her account, or defer payment if participant's balance is over \$5,000. Prior to May 16, 2002, participants could elect to receive installment payments from his or her account.

2. Summary of Accounting Policies

Investment Valuation and Income Recognition

Marketable securities are stated at fair value based upon quoted market prices obtained by the Trustee from national security exchanges. Shares of registered investment companies are valued at quoted market prices which represent the net asset value of shares held by the Plan at the valuation date. LandAmerica Financial Group, Inc.'s stock is valued at its quoted market price. Participant loans are valued at their outstanding balances, which approximate fair value.

Assets underlying the Merrill Lynch Retirement Preservation Trust Fund are primarily guaranteed investment contracts. These contracts are valued at contract values which approximate fair value. Contract value represents contributions made under the contract, plus interest at the contract rate, less Plan withdrawals.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

4. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

5. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

6. Income Tax Status

The Plan has received a determination letter from the Internal Revenue Service dated June 5, 2003, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the Code) and, therefore, the related trust is exempt from taxation. Subsequent to this determination by the Internal Revenue Service, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan sponsor believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan, as amended, is qualified and the related trust is tax exempt.

7. Party-in-Interest Transactions

Participants may direct the Trustee as to the voting of the LandAmerica Financial Group, Inc. stock credited to his or her account.

Administrative expenses paid by the Company for the operation and maintenance of the Plan for the year ended December 31, 2003 amounted to \$37,047.

8. Distributions Payable to Withdrawn Participants

Amounts related to participants who had withdrawn from participation in the earnings and operations of the Plan as of the Plan year end but for which disbursement had not been made were approximately \$231,968 and \$261,663 as of December 31, 2003 and 2002, respectively. Such amounts are required to be reported as liabilities on the prescribed financial statements of Form 5500 and, accordingly, will be a reconciling item between the net assets available for benefits as reported in the financial statements of Form 5500 and the accompanying financial statements.

9. Subsequent Events

Effective January 1, 2004, the after-tax contribution feature of the Plan was eliminated. Any funds in after-tax accounts at December 31, 2003 remain in place. Participants have the same rights regarding these funds as they did in the past.
