**REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

To the Stockholders of América Móvil, S.A. de C.V.

We have audited the accompanying consolidated balance sheets of América Móvil, S.A. de C.V. and subsidiaries as of December 31, 2002 and 2003 and the related consolidated statements of operations, changes in stockholders' equity and changes in financial position for each of the three years in the period ended December 31, 2003. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits. We did not audit the financial statements of América Central Tel, S.A. and subsidiaries, which statements collectively account for 10% of total assets at December 31, 2002, and 10% and 8% of total operating revenues for the years ended December 31, 2001 and 2002, respectively, of the related consolidated amounts, as well as the financial statements of Telecom Américas Ltd, in which the Company's equity in their net loss is stated at P. 3,660,197 in 2001. Those financial statements, presented in accordance with International Accounting Standards and accounting principles generally accepted in the United States of America, respectively, were examined by other independent auditors whose reports have been furnished to us, and our opinion, insofar as it relates to the financial information utilized by Company's management (before conversion to accounting principles generally accepted in Mexico) of such subsidiary and investee in the consolidated financial statements of América Móvil, S.A. de C.V. and subsidiaries, is based solely on the reports of the other independent auditors.

We conducted our audits in accordance with auditing standards generally accepted in Mexico and in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts (including the Company's conversion of the financial statements of América Central Tel, S.A. and Telecom Américas Ltd, to accounting principles generally accepted in Mexico) and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits and the reports of other independent auditors provide a reasonable basis for our opinion.

In our opinion, based on our audits and the reports of the other independent auditors, the accompanying consolidated financial statements present fairly, in all material respects, the consolidated financial position of América Móvil, S.A. de C.V. and subsidiaries at December 31, 2002 and 2003, and the consolidated results of their operations and changes in their financial position for each of the three years in the period ended December 31, 2003, in conformity with accounting principles generally accepted in Mexico, which differ in certain respects from those followed in the United States of America. **REPORT OF INDEPENDENT ACCOUNTANTS**

To the Board of Directors and

Shareholders of América Central Tel, S.A.

In our opinion, the accompanying consolidated balance sheets and the related consolidated statements of income, of cash flows and of changes in shareholders' equity present fairly, in all material respects, the financial position of América Central Tel, S.A. and subsidiaries at December 31, 2002 and 2001, and the results of their operations and their cash flows for the years then ended, in conformity with International Accounting Standards. These financial statements are the responsibility of the Company's management; our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audits of these financial statements in accordance with the standards of the Public Company Accounting Oversight Board (United States of America), which require that we plan and perform the audits to obtain reasonable assurance about whether the consolidated financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall consolidated financial statements presentation. We believe that our audits provide a reasonable basis for the opinion expressed above.

As explained in Note 2 to the consolidated financial statements at December 31, 2002, the company prepared these consolidated financial statements for the first time in conformity with International Accounting Standards (IAS), and, as required by provisions issued by the Standing Committee on Interpretations of IAS, it restated both its financial statements and retained earnings as of December 31, 2001. As more fully explained in note 2 to the consolidated financial statements, the effect of the mentioned restatement was charged to retained earnings.

International Accounting Standards (IAS) vary in certain significant respects from accounting principles generally accepted in the United States. The application of the latter would have affected the determination of consolidated net income expressed in Guatemalan Quetzales for the years ended December 31, 2002 and 2001 and the determination of consolidated stockholders' equity and consolidated cash flows also expressed in Guatemalan Quetzales at December 31, 2002 and 2001 to the extent summarized in Note 17 to the consolidated financial statements.

February 20, 2003, except for Note 17, which is dated March 4, 2003.
