**PROXY STATEMENT FOR ANNUAL MEETING
OF SHAREHOLDERS**

November 5, 2004

This proxy statement is being furnished to the shareholders of II-VI Incorporated, a Pennsylvania corporation (the "Company"), in connection with the solicitation by the Board of Directors of the Company of proxies to be voted at the annual meeting of shareholders (the "Annual Meeting") scheduled to be held on Friday, November 5, 2004, at 1:30 p.m. local time at the Treesdale Golf & Country Club, One Arnold Palmer Drive, Gibsonia, Pennsylvania 15044. A shareholder reception will start at 12:45 p.m. This proxy statement was first mailed to shareholders on or about September 1, 2004. A copy of the Company's Annual Report to Shareholders for the fiscal year ended June 30, 2004 is being furnished with this proxy statement.

Only shareholders of record as of the close of business on Wednesday, September 8, 2004, are entitled to notice of and to vote at the Annual Meeting and any adjournment thereof. The outstanding capital stock of the Company on that date consisted of _____ shares of Common Stock, no par value ("Common Stock"), each entitled to one vote per share.

All shares represented by valid proxies received by the Company prior to the Annual Meeting will be voted as specified in the proxy. If no specification is made, the shares will be voted as described below under the caption "Recommendation of the Board of Directors." Unless otherwise indicated by the shareholder, the proxy card also confers discretionary authority on the Board-appointed proxies to vote the shares represented by the proxy on any matter that is properly presented for action at the Annual Meeting. A shareholder giving a proxy has the power to revoke it any time prior to its exercise by delivering to the Company a written revocation or a duly executed proxy bearing a later date (although no revocation shall be effective until notice thereof has been given to the Secretary of the Company), or by attendance at the meeting and voting his or her shares in person.

Under the Company's Articles of Incorporation, By-Laws and applicable law, the affirmative vote of shareholders entitled to cast at least a majority of the votes which all shareholders present at the meeting in person or by proxy are entitled to cast generally is required for shareholder approval, including shareholder proposals properly presented at the meeting and the ratification of the selection of Deloitte & Touche LLP as the independent registered public accounting firm of the Company for the fiscal year ending June 30, 2005. As such, abstentions generally have the effect of a negative vote. Any broker non-votes on a particular matter have no effect since, by definition, they are not entitled to be cast on the matter. With regard to the election of directors, votes may be cast in favor of a candidate or may be withheld. As directors are elected by a

Edgar Filing: II-VI INC - Form PRE 14A

plurality, abstentions and broker non-votes have no effect on the election of directors. With regard to the proposed amendment to the Articles of Incorporation, the affirmative vote of a majority of the votes cast by all shareholders entitled to vote thereon is required for shareholder approval. As they are not votes cast, abstentions and broker non-votes have no effect on the approval of the proposed amendment.

RECOMMENDATION OF THE BOARD OF DIRECTORS

The Board of Directors of the Company recommends a vote FOR each of the nominees named below for election as director, FOR the proposal to increase the authorized shares of common stock from 30,000,000 to 100,000,000, and FOR the ratification of the selection of Deloitte & Touche LLP as the independent registered public accounting firm of the Company for the fiscal year ending June 30, 2005.

ELECTION OF DIRECTORS

The Company's By-Laws provide that the Board of Directors shall establish the number of directors which shall be not less than five nor more than nine members. The By-Laws also provide for a board of directors of three classes, each class consisting of as nearly an equal number as practicable, as determined by the Board. At present, the Board of Directors of the Company has determined that the number of directors shall be seven, consisting of two directors each in Classes One and Two and three directors in Class Three.

Two directors of Class Two are to be elected to hold office for a term of three years, and each until their respective successors are elected and qualified, subject to the right of the shareholders to remove any director as provided in the By-Laws. A vacancy in the office of a director may be filled by the remaining directors then in office, even if less than a quorum, or by the sole remaining director. Any director elected by the Board of Directors to fill a vacancy shall serve until his successor is elected and has qualified or until his or her earlier death, resignation or removal. If the Board of Directors increases the number of directors, any vacancy so created may be filled by the Board of Directors.

The holders of Common Stock have cumulative voting rights in the election of directors. In voting for directors, a shareholder has the right to multiply the total number of shares which the shareholder is entitled to vote by the number of directors to be elected in each class, and to cast the whole number of votes so determined for one nominee in the class or to distribute them among the nominees if more than one nominee is named in such class. The two Class Two nominees receiving the greatest number of affirmative votes each will be elected as a Class Two director whose term expires in 2007. Unless otherwise indicated by the shareholder, a vote for the nominees of the Board of Directors will give the named proxies discretionary authority to cumulate all votes to which the shareholder is entitled and to allocate them after the total vote counts are available in favor of any one or more of such nominees as the named proxies determine, with a view to maximizing the number of nominees of the Board of Directors who are elected. The effect of cumulation and voting in accordance with that discretionary authority may be to offset the effect of a shareholder's having withheld authority to vote for an individual nominee or nominees because the proxies will be able to allocate votes of shareholders who have not withheld authority to vote in any manner they determine among such nominees. If a shareholder desires specifically to allocate votes among one or more nominees, the shareholder should so specify on the proxy card.

The persons named as proxies on the enclosed proxy card were selected by the Board of Directors and have advised the Board of Directors that, unless authority is withheld, they intend to vote the shares represented by them at the Annual Meeting: for the election of Peter W. Sognefest, who has served as director of the Company since 1979; and for the election of Francis J. Kramer, who has served as director of the Company since 1989.

The Board of Directors knows of no reason why any nominee for director would be unable to serve as director. If at the time of the Annual Meeting any of the named nominees are unable or unwilling to serve as directors of the Company, the persons named as proxies intend to vote for such substitutes as may be nominated by the Board of Directors.

The following sets forth certain information concerning each nominee for election as a director of the Company and each director whose term of office will continue after the meeting.

AMENDMENT TO ARTICLES OF INCORPORATION

The Board of Directors has adopted an amendment to the Company's Articles of Incorporation to increase the number of shares of Common Stock the Company is authorized to issue from 30,000,000 to 100,000,000. The purpose of the amendment is to allow the Company to have a sufficient number of shares of authorized and unissued common stock which can be issued in connection with such corporate purposes as may, from time to time, be considered advisable by the Board of Directors. Having such shares available for issuance in the future will give the Company greater flexibility and will allow such shares to be issued as determined by the Board of Directors without the expense and delay of a special shareholders' meeting to approve such additional authorized capital stock. Such corporate purposes could include, without limitation, the issuance of shares in connection with equity financings, acquisitions, equity compensation plans, distributions of shares and stock splits.

The increase in authorized common stock will not have any immediate effect on the rights of existing shareholders. However, the Board of Directors will have the authority to issue authorized common stock without requiring future shareholder approval of such issuances, except as may be required by the Articles of Incorporation and applicable law and regulations. To the extent that the additional authorized shares are issued in the future, they will decrease the existing shareholders' percentage equity ownership and, depending upon the price at which they are issued as compared to the price paid by existing shareholders for their shares, could be dilutive to the Company's existing shareholders. The holders of common stock have no preemptive rights to subscribe for or purchase any additional shares of common stock that may be issued in the future.

The increase in the authorized number of shares of common stock and the subsequent issuance of such shares could have the effect of delaying or preventing a change in control of the Company without further action by the shareholders. Shares of authorized and unissued common stock could (within the limits imposed by applicable law) be issued in one or more transactions that would make a change in control of the Company more difficult, and therefore less likely. Any such issuance of additional stock could have the effect of diluting the earnings per share and book value per share of outstanding shares of common stock, and such additional shares could be used to dilute the stock ownership or voting rights of a person seeking to obtain control of the Company. The Board of Directors is not aware of any attempt to take control of the Company and has not presented this proposal with the intention that the increase in the authorized shares of common stock be used as a type of antitakeover device.

CORPORATE GOVERNANCE MATTERS

Director Independence

The Corporate Governance Guidelines provide that in accordance with II-VI Incorporated's long-standing policy, a substantial majority of the members of the Company's Board of Directors must qualify as independent directors. The Company's Board of Directors has determined that each continuing director and nominee for election as director, other than Carl J. Johnson and Francis J. Kramer, has no material relationship with the Company (other than as director) and is therefore independent within the meaning of the current listing standards of Nasdaq. In its annual review of director independence, the Board of Directors considers all commercial, banking, consulting, legal, accounting or other business relationships any director may have with the Company. The Board of Directors considers a material relationship to be one that impairs or inhibits, or has the potential to impair or inhibit, a director's exercise of critical and disinterested judgment on behalf of the Company and its shareholders. When assessing the materiality of a director's relationship with the Company, the Board of Directors considers all relevant facts and circumstances not only from the standpoint of the director in his individual capacity, but also from the standpoint of the persons to whom the director is related and organizations with which the director is affiliated.

Lead Independent Director

The position of Lead Independent Director was created in November 2003 to ensure that the Board of Directors serves in a capacity which is independent of management and that directors have an independent leadership contact. Thomas E. Mistler was appointed by the Board of Directors to this new position. In general, the major responsibilities of the Lead Independent Director include:

Chairing executive sessions conducted at each Board of Directors meeting of the non-management directors

Acting as a liaison between the Board of Directors and the Chairman/CEO

Supporting the Chairman/CEO in the setting of the agenda for Board of Director meetings, based on input from other directors

Chairing meetings of the Board of Directors in the absence of the Chairman/CEO

Carrying out other duties as requested by the Nominating and Corporate Governance Committee and the Board of Directors.

Audit Committee Financial Experts

The Board of Directors has determined that at least one member of the Audit Committee, Duncan A.J. Morrison, qualifies as an audit committee financial expert as such term is defined by the Securities and Exchange Commission and that he has the requisite level of financial sophistication required under the listing standards of Nasdaq.

Director Mandatory Retirement

The Board of Directors has adopted a retirement policy for directors. Under this policy, directors may not stand for re-election after age 75. There are no directors retiring under this provision at the Annual Meeting.

Directors Resignation

Directors are required to notify the Chairman/CEO and the Chairman of the Nominating and Corporate Governance Committee of any changes of employment or possible conflicts of interest situations.

Direct Stock Ownership Program

In order to further align the directors' interest with those of II-VI Incorporated's shareholders, the Board of Directors has established a stock ownership program that requires each director own a minimum of 100 shares of the stock of the Company. A director who did not comply with this program would not be permitted to stand for re-election. All directors currently meet this program.

Code of Business Conduct and Ethics

The Board of Directors has approved and adopted a Code of Business Conduct and Ethics applicable to all directors, officers, and employees of the Company and its subsidiaries. In addition, the Company has adopted an additional Code of Ethics for Senior Financial Officers. The documents are available on the Company's website. The Company will promptly disclose on its website (i) any waiver of a director or executive officer's compliance with the Code of Business Conduct and Ethics, and (ii) any amendments or waiver of the Code of Ethics for Senior Financial Officers.

Executive Sessions of Non-Management Directors

Executive sessions of non-management directors (consisting of all directors other than Mr. Johnson and Mr. Kramer) are regularly scheduled and held at each meeting. The Lead Independent Director, Thomas E. Mistler, presides over these meetings.

Self-Evaluation, Self-Assessment and Director Continuing Education

The Board of Directors has a process whereby the full board and its members are subject to periodic self-evaluation and self-assessment.

The Board of Directors works with management to schedule new-director orientation programs and director continuing education programs. The orientation programs are designed to familiarize new directors with the Company's businesses, strategies and challenges, and to assist new directors in developing and maintaining skills necessary or appropriate for the performance of their responsibilities. Continuing education programs for board members may include a mix of in-house and third-party presentations and programs.

Communications with Directors

Shareholders wishing to communicate with the Company's Board of Directors may do so by sending a written communication addressed to the Lead Independent Director or to any member of the Board of Directors individually in care of II-VI Incorporated, 375 Saxonburg Boulevard, Saxonburg, Pennsylvania 16056. Any communication addressed to any director that is received at II-VI Incorporated's principal executive offices will be delivered or forwarded to the individual director as soon as practical. II-VI Incorporated will forward all communications received from its shareholders that are simply addressed to the Board of Directors to the chairman of the committee of the Board of Directors whose purpose and function is most closely related to the subject matter of the communication.

Nomination of Director Candidates

The Company may consider Director candidates identified by several sources including existing Directors, members of the Company's management team, shareholders and third-party search firms.

The Company's By-Laws describe the procedures to be followed by a shareholder in recommending nominees for director. In general, such recommendations can only be made by a shareholder entitled to notice of and to vote at a meeting at which directors are to be elected, must be in writing and must be received by the Chairman of the Company no later than (i) with respect to the election of directors at an annual meeting, 90 days

prior to the anniversary date of the prior year's annual meeting, or (ii) with respect to the election of directors at a special meeting, within 10 days after notice of such meeting is given to shareholders or publicly disseminated. Furthermore, the recommendation must include certain information regarding the nominating shareholder and the nominee including their relationship and any understanding between such persons regarding such nomination, the shares owned by the nominating shareholder, the number of shares to be voted for such nominee and information concerning such nominee that would be required in a proxy statement filed with the Securities and Exchange Commission.

The Nominating and Corporate Governance Committee considers a variety of factors when determining whether to recommend a nominee for election to the Board of Directors, including those set forth in the Company's Nominating and Corporate Governance Committee Charter which is contained in Exhibit C. In general, candidates nominated for election or re-election to the Board of Directors should possess the following qualifications:

High personal and professional ethics, integrity, practical wisdom and mature judgment;

Broad training and experience in policy-making decisions in business;

Expertise that is useful to the Company and complementary to the background and experience of other directors;

Willingness to devote the amount of time necessary to carry out the duties and responsibilities of Board membership;

Commitment to serve on the Board over a period of several years in order to develop knowledge about the Company's principal operations; and

Willingness to represent the best interest of all shareholders and objectively appraise management performance.

Potential candidates are screened and interviewed by the Nominating and Corporate Governance Committee of the Board of Directors. All members of the Board of Directors may interview the final candidates. The same identifying and evaluating procedures apply to all candidates for director nomination, including candidates submitted by shareholders.

Director Attendance at Annual Meeting of Shareholders

Directors are expected to attend the Annual Meeting of Shareholders. All of the incumbent directors attended last year's Annual Meeting.

MEETINGS AND COMMITTEES OF THE BOARD OF DIRECTORS

The Company's Board of Directors held four (4) meetings during the fiscal year ended June 30, 2004. Each director attended at least 75% of the meetings of the Board of Directors and any committee of which he is a member.

Edgar Filing: II-VI INC - Form PRE 14A

Directors who are not also employees of the Company receive an annual retainer of \$3,000, a fee of \$1,250 per day for attending meetings of the Board of Directors, plus reimbursement of expenses. Some of the meetings of the Board of Directors are held over a two-day period. In addition, eligible nonemployee directors may receive grants of options to purchase shares of the Company's Common Stock at the fair market value of such Common Stock on the date of grant. Board members are limited to serving on a maximum of three other boards.

The Board of Directors has three standing Committees: Audit; Compensation; and Nominating and Corporate Governance. The Chairman of the Audit Committee receives an additional annual retainer of \$4,000.

No additional compensation is paid to members of the Compensation or Nominating and Corporate Governance Committees.

The Board of Directors has the authority to hire independent advisors to help fulfill its duties.

Audit Committee

The Board has an Audit Committee of independent, non-management directors currently consisting of Duncan A.J. Morrison (Chairman), Joseph J. Corasanti and Thomas E. Mistler. The Audit Committee's duties, in accordance with its written Audit Committee Charter, include monitoring performance of the Company's business plan, reviewing the Company's internal accounting methods and procedures and reviewing certain business strategies. The Audit Committee has the authority to hire independent advisors to help fulfill its duties. The Audit Committee has established procedures for the receipt, retention and treatment of complaints received by the Company regarding accounting, internal accounting controls or auditing matters, and the confidential, anonymous submission by employees of concerns regarding accounting or auditing matters. The Board of Directors has determined that Duncan A.J. Morrison qualifies as an audit committee financial expert, as such term is defined by the Securities and Exchange Commission and has the requisite level of financial sophistication required by the listing standards of Nasdaq. Each member of the Audit Committee is also independent as that term is defined under Rule 10A-3(b)(1)(ii) of the Securities Exchange Act of 1934, as amended. A copy of the Audit Committee Charter is contained in Exhibit A. The Audit Committee met five times in fiscal 2004.

Compensation Committee

The duties relating to the Company's Stock Option Plan of 2001 include selecting from eligible employees those persons to whom options will be granted and determining the type of option, the number of shares to be included in each option any restrictions or exercise for some or all of the shares subject to the option and the option price. The duties under the Company's Amended and Restated Employee Stock Purchase Plan include proscribing, amending and rescinding rules and regulations relating to the Purchase Plan; suspending the operation of the Purchase Plan; and making all other determinations necessary to the administration of the Purchase Plan, including the appointment of individuals to facilitate the day-to-day operation thereof. The Compensation Committee is comprised of Peter W. Sognefest (Chairman), Joseph J. Corasanti, Thomas E. Mistler and Duncan A.J. Morrison. The Compensation Committee met twice in fiscal 2004.

Nominating and Corporate Governance Committee

The Board has a Nominating and Corporate Governance Committee, comprised of independent, non-management directors. The Nominating and Corporate Governance Committee develops and implements policies and processes regarding corporate governance matters, assesses board membership needs and makes recommendations regarding potential director candidates to the Board of Directors. The Nominating and Corporate Governance Committee has the authority to hire independent advisors to help fulfill its duties. A copy of the Nominating and Corporate Governance Committee Charter is contained in Exhibit C. The current members of the Nominating and Corporate Governance Committee are Thomas E. Mistler (Chairman), Marc Y.E. Pelaez and Peter W. Sognefest. The Nominating and Corporate Governance Committee met three times in fiscal 2004.

Under the Company's Management-By-Objective Plan, a formula percentage of the Company's operating profits is determined annually by the Board of Directors and awarded to selected employees. Employment Agreements

Carl J. Johnson, Francis J. Kramer and Herman E. Reedy have employment agreements with the Company, terminable by either party on thirty days' prior written notice, which contain, among other matters, provisions for payment of compensation and benefits in the discretion of the Company, and agreements regarding confidentiality, non-competition and assignment of inventions. The employment agreements also provide that in the event the employee is terminated by the Company for any reason except for fraud, theft, embezzlement or any other dishonest act, the employee will continue to receive his base salary at the time of termination for up to nine months after the date of termination.

Report of the Compensation Committee

The Compensation Committee has the responsibility of recommending to the Board of Directors appropriate salaries and bonuses for all executive officers and top management of the Company. The Compensation Committee has the responsibility of granting stock options to eligible employees including the executive officers. The committee is comprised of all of the non-management directors of the Company.

Compensation Philosophy

To link the interests of executives and managers to the interests of shareholders and other potential investors.

Edgar Filing: II-VI INC - Form PRE 14A

To provide incentives for working toward increasing short-term and long-term shareholder value through growth-driven financial compensation.

To provide incentives for innovation, quality management, responsiveness to customer needs, environmental, health and safety performance and an action-oriented approach to opportunities in the marketplace.

To attract and retain individuals with the leadership and technical skills required to carry the Company into the future, and to grow the business.

To provide compensation in a manner that allows for shared risks by the executives and managers but also the potential for shared rewards.

Executive Compensation

The Company uses a three-pronged approach to its executive compensation program: 1) base salary; 2) potential for cash or stock bonuses; and 3) incentive stock. The Company's compensation plans tie a significant portion of executive compensation to performance goals. In fact, executive officers collectively have over 25% to 50% of their compensation package at-risk, which means it is not guaranteed but rather is received through bonuses or incentive stock based on the Company's performance. In the aggregate, 69%, 62% and 26% of the executive officer's compensation for fiscal 2004, 2003 and 2002, respectively, on average, came from at-risk incentive directly related to Company performance. During the course of each year, the Committee meets with the CEO and COO of the Company to review recommendations on changes, if any, in the base salary of each executive officer. Based on the Committee's judgment and knowledge of salary practices, national surveys and an individual's performance and contribution to the Company, the Committee modifies or approves such recommendations.

Base Salary: The Company sets base salary levels for executive management each year based on a number of factors, including the status of the competitive marketplace for such positions, the responsibilities of the position, the experience of the individual, the individual's performance during the past year, and equity in relationship to other executive positions within the Company.

Cash Bonuses: The Company awards cash bonuses under a Bonus Incentive Plan which is based on a formula percentage of the Company's profits determined annually by the Board of Directors. The Company also awards bonuses under a Management-By-Objective Plan which is based on a formula percentage of operating profits, determined annually by the Board, based on achievement of certain strategic objectives integral to the annual operating plan.

Incentive Stock: The Company has a variable compensation plan covering all employees, including executive officers, based on achievement of certain objectives. On average, once every two fiscal years the Option Committee may consider granting executive officers of the Company awards under the Option Plan. These options, which generally vest over time, are awarded to officers based on their continued contribution to the Company's achievement of financial and operating objectives. These awards are designed to align the interests of the Company's shareholders and to motivate the Company's executive officers to remain focused on the overall long-term performance of the Company.

Chief Executive Officer and Chief Operating Officer

In setting compensation for the Chief Executive Officer and Chief Operating Officer, the Compensation Committee considers objective criteria including performance of the business, accomplishments of long-term strategic goals and the development of management. The Compensation Committee considers the Company's revenue growth and earnings to be the most important factors in determining the Chief Executive Officer's and Chief Operating Officer's compensation package. Along with the financial performance factors, the Compensation Committee also considers achievement of long-term strategic goals, including enhancing the Company's reputation among both its customer and investor bases during the year, and the market base salary of comparable positions. The base salary has normally been 75-80% of the market base salary due to the at risk portion of the compensation mentioned earlier.

Income Tax Consequences

For U.S. federal income tax purposes, the Company may deduct compensation paid as the result of option exercises under the shareholder-approved Company's Stock Option Plan of 2001. The Company may not, however, deduct portions of salary, bonus and other cash and non-cash compensation in excess of \$1 million paid to a named executive.
