***FORWARD-LOOKING STATEMENTS***

GIANT GROUP, LTD.'s (Company or GIANT) Form 10-Q for the third quarter ended September 30, 2004 contains forward-looking statements regarding future events that are subject to the safe harbors created under the Securities Act of 1933 and the Securities Exchange Act of 1934. These statements are based on current expectations, estimates, forecasts, and projections about the business climate the Company operates in and the beliefs and assumptions of management.

Forward-looking statements may be identified by words such as believes, considers, expects, predicts or could and include, but are not limited to, statements concerning anticipated operating results, ability to obtain financial resources, changes in revenues, changes in profitability, expected market appreciation to be realized from our investment in the common stock of Checkers Drive-In Restaurants (Checkers), interest expense, and the ability to acquire and sell lots. Such forward-looking information involves important risks and uncertainties that could significantly affect actual results and cause them to differ materially from expectations expressed in this and other Securities and Exchange (SEC) filings, reports and statements. These risks and uncertainties include local, regional and national economic and political conditions, the effects of governmental regulation, the competitive environment in which we operate, changes in land prices, the availability and cost of lots for future growth, the availability of capital and weather conditions. Many of these risks and uncertainties are outside of the Company's control.

GIANT is not under any obligation to revise or update any forward-looking statement.

**1. Basis of Presentation**

The accompanying unaudited financial statements have been prepared in accordance with the instructions for Form 10-Q and Rule 10-01 of Regulation S-X. These results have been determined on the basis of generally accepted accounting principles and practices accepted in the United States of America applied consistently with those used in the preparation of the Company's 2003 Annual Report on Form 10-K (2003 Annual Report). The results are also supported by management's use of assumptions, judgments and estimates.

In the opinion of management, all normal and recurring adjustments have been made to present fairly the financial position as of September 30, 2004, the results of operations for the three and nine-month periods ended September 30, 2004 and 2003 and cash flows for the three and nine-month periods ended September 30, 2004 and 2003. The results of operations for the three and nine-month periods ended September 30, 2004 are not necessarily indicative of the results that may be expected for the full year. It is suggested that the accompanying unaudited financial statements be read in conjunction with the Financial Statements and Notes in the 2003 Annual Report. Certain reclassifications have been made to the prior periods' unaudited financial statements to conform to the current period's unaudited financial statement presentation.

## Edgar Filing: GIANT GROUP LTD - Form 10-Q

Prior to May 2004, the Company technically fell within the definition of an Investment Company under the Investment Company Act of 1940 ( Investment Act ). However, the Company was not engaged in the business of investing, re-investing or trading in securities. Therefore, on July 28, 2003, the Company filed an application for a temporary order exempting GIANT from all the provisions of the Investment Act. On April 5, 2004, the SEC notified GIANT that it was unwilling to support the Company s application. On April 16, 2004, GIANT notified the SEC that it had withdrawn the Application.

In May 2004, Giant began acquiring lots in the Yellowstone area of Montana for resale in exchange for cash and shares of its investment in Checkers common stock. Following the acquisition of the lots,

**(Dollars in thousands, except per common share amounts)**

GIANT's remaining investment of 482,773 shares of Checkers common stock in May 2004 was less than 40% of the Company's total assets, exclusive of cash and government securities. Therefore, the Company no longer falls within the definition of an investment company under the 1940 Investment Company Act.

**2. Business**

On September 30, 2004, the Company owned 6 lots which are available for resale.

The Company paid for the lots with a combination of cash and approximately \$7,550 in long-term financing and by delivering 435,000 shares of its investment in Checkers common stock. Prior to delivery, all of the Company's investment in Checkers common stock was registered for resale under the Securities Act of 1933. As a result of the disposition of the 435,000 shares of Checkers common stock, the Company realized a book pre-tax gain of approximately \$2.97 million.

Real estate held for resale includes costs to acquire and to prepare the lots for resale. In addition, real estate held for resale includes interest and real estate taxes if incurred during the periods in which activities necessary to prepare the lots for sale are in progress. Loans fees are amortized over the original financing term of twenty-four months and are included in interest expense. Costs that do not directly relate to a specific lot are charged to expense as incurred. As of September 30, 2004, real estate held for resale included approximately \$155 of capitalized interest.

The lots are currently available for resale; however, the costs of the lots are classified as long-term until the expected time period to sell the lots can be reasonably determined. Because the lots are considered long-lived assets, management evaluates the property in accordance with the guidelines of SFAS No. 144, Accounting for the Impairment or Disposal of Long-Lived Assets ( SFAS 144 ). If this evaluation indicates that an impairment loss should be recognized, a charge for the estimated impairment loss in the period determined is recorded and the carrying value of the lot is reduced by the value management believes is not recoverable.

Revenue and cost of sales are recorded at the time each lot is closed and title and possession are transferred to the buyer. Costs incurred to sell the lots are capitalized if the costs are directly associated with the lot sale.

The Company has obtained financing through a regional bank and a private individual. The bank financing is secured by deeds of trust on five of the Company's lots and the remaining shares of Checkers common stock. The financing from the private individual is secured by the deed of trust on the lot purchased. The Company paid a commitment fee of \$80 to the regional bank to obtain the financing. The interest rate currently ranges from 4¾% to 6% and may increase in the future. However, the outstanding loan balance may be prepaid at any time without penalties. The Company is subject to certain covenants, which consist of, but are not limited to, the maintenance of a minimum tangible net worth. At

September 30, 2004, \$1,850 is available for working capital.

On August 18, 2004, the Company, with the approval of the Board of Directors, exchanged 60,226 shares of its investment in Checkers common stock for 350,000 shares of its \$.01 par value common stock ( Common Stock ). The Company recognized a book gain of \$380 based on the closing market price of its Common Stock of \$1.65.

### **Subsequent Events**

**Table of Contents****GIANT GROUP, LTD.****NOTES TO FINANCIAL STATEMENTS****(Unaudited)****(Dollars in thousands, except per common share amounts)**

During the fourth quarter, the Company sold a total of approximately 127,000 shares of Checkers common stock and recognized a book gain of approximately \$1.1 million. The Company's long-term financing was reduced by the total net proceeds of approximately \$1.5 million.

On October 18, 2004, the Company and the regional bank agreed to reduce the original line from \$8 million to \$7 million. All other terms and conditions remain the same.

On October 27, 2004, the Company purchased a lot for resale for approximately \$2.6 million. The Company paid cash of \$1.6 million provided by its long-term financing facility. In addition, the seller provided financing, secured by the deed of trust, for \$1 million payable in full plus interest at 5% per annum on December 16, 2005.

On November 4, 2004, the Company sold a lot at a gross price of approximately \$1.6 million and recognized income before taxes of approximately \$576. The Company is primarily reducing its long-term financing with the net cash proceeds of approximately \$1.5 million from the sale.

As of November 12, 2004, the Company expects to make the following payments of principal and interest:

<b><u>Fiscal year ended December 31,</u></b>	<b><u>Principal</u></b>	<b><u>Interest</u></b>	<b><u>Total</u></b>
2004	\$	\$ 205	\$ 205
2005	1,350	375	1,725
2006	5,105	170	5,275
2007	700	35	735
	<b>\$ 7,155</b>	<b>\$ 785</b>	<b>\$ 7,940</b>

As of the date of this filing, the Company is not in default of any covenants.

**3. Reverse Stock Split**

## Edgar Filing: GIANT GROUP LTD - Form 10-Q

On September 9, 2004, the Company announced that its Board of Directors unanimously approved a 1 for 300 reverse stock split, subject to stockholder approval. Upon consummation of the reverse stock split, each 300 shares of common stock held by a stockholder will be converted into one share. Fractional shares will be converted into cash based on a value of \$1.85 per pre-split share, which represents a 19.4% premium over the September 8, 2004 closing trading price, a 21.7% premium over the average closing trading price for the last ten days prior to September 8, 2004 and a 37.0% premium over the average closing trading price over the last five years. The reverse stock split will result in GIANT having fewer than 300 stockholders, thereby enabling GIANT to cease its reporting obligations under the Securities Exchange Act of 1934 and become a private company. Giant intends to terminate its registration under the Securities Exchange Act of 1934 and continue its operations as a non-reporting private company.

The accompanying financial statements have not been retroactively restated to reflect the effects of the reverse stock split ( split ) on net income (loss) or on equity because the split is subject to stockholders approval.

#### 4. Stock Option Exchange and Pro Forma Disclosure

**Table of Contents****GIANT GROUP, LTD.****NOTES TO FINANCIAL STATEMENTS****(Unaudited)****(Dollars in thousands, except per common share amounts)**

The Company records non-cash compensation expense for stock options, to purchase shares of Common Stock, granted pursuant to the Company's 2002 Stock Option Exchange plan. The calculation of the non-cash compensation expense for outstanding stock options is based on the number of outstanding stock options multiplied by the difference between the market price of the Company's Common Stock at the end of the reporting period and the option's exercise price of \$.45. The calculation of the non-cash compensation expense for options exercised or expired is based on the number of stock options exercised or expired and the difference between the market price of the Common Stock on the date the option was exercised or expired and the option's exercise price of \$.45. At September 30, 2004, approximately 99,000 options remain outstanding.

If the non-cash compensation expense for all stock options awarded to employees and directors, excluding options granted pursuant to the Company's 2002 Stock Option Exchange plan, had been determined consistent with FASB Statement No. 123, as amended by FASB Statement No. 148, net income (loss) and income (loss) per share for the following nine month periods would have been increased to the following pro forma amounts:

	<b>September 30, 2004</b>	<b>September 30, 2003</b>
Net income (loss), as reported	\$ 3,185	\$ (1,119)
Deduct: Total stock-based compensation expense determined under fair value method for all awards, net of related tax effects	(20)	(30)
<b>Pro forma net income (loss)</b>	<b>\$ 3,165</b>	<b>\$ (1,149)</b>
<b>Income (loss) per share:</b>		
Basic, as reported	\$ 1.11	\$ (0.41)
Diluted, as reported	1.06	(0.41)
Basic, pro forma	1.10	(0.41)
Diluted, pro forma	1.05	(0.41)

The pro forma disclosure assumes (1) the use of the fair value method of accounting and (2) the fair value of each option is estimated on the grant date using the Black-Scholes option pricing model, with an expected dividend yield of zero percent based on the history of no dividends paid to stockholders by the Company, with the following weighted-average assumptions:

<b>Assumptions</b>	<b>September 30, 2004</b>	<b>September 30, 2003</b>
Risk-free interest rates	3.7%	4.8%
Volatility	80.0%	102.0%
Expected lives in months	60	60

## Edgar Filing: GIANT GROUP LTD - Form 10-Q

This option valuation model requires input of highly subjective assumptions. The Company's employee and director stock options have characteristics significantly different from those of traded options and

changes in the subjective input assumptions can materially affect the fair value estimate. Therefore, in management's opinion, this existing model does not necessarily provide a reliable single measure of the fair value of its employee and director stock options.

For the nine months ended September 30, 2004 and 2003, options to purchase approximately 967,000 and 22,000 shares of Common Stock were exercised with the Company receiving proceeds of \$440 and \$2, respectively.

5. Other comprehensive income (loss)

Other comprehensive income (loss), net of income tax for the three and nine-months ended September 30, 2004 consists of the following:

The Company is involved in three legal proceedings, which have been described in the Company's 2003 Annual Report. The following material changes to these legal proceedings have occurred during the nine months ended September 30, 2004:

***GIANT GROUP, LTD. vs. L.H. Friend, Gregory Presson and Robert Campbell***

The trial, which was set to begin on September 1, 2004, has been postponed pending the outcome of a mandatory settlement conference scheduled for November 12, 2004. No settlement was reached at this conference, therefore, a trial has been scheduled to begin on February 8, 2005 in Superior Court, Santa Monica, California. Shortly thereafter, it is anticipated that a trial date involving the same parties will be scheduled in New York.

Management is unable to predict the outcome of this matter.

**ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS  
(Dollars in thousands, except common share and per common share amounts)**

**Critical Accounting Policies**

Management's discussion and analysis of financial condition and results of operations discusses the Company's Balance Sheets as of September 30, 2004 and December 31, 2003 and the Statements of Operations and Comprehensive Income (Loss) and Statements of Cash Flows for the nine months ended September 30, 2004 and 2003 ( Financial Statements ) which have been prepared in accordance with accounting principles generally accepted in the United States of America. The preparation of these Financial Statements and related footnotes ( Notes ) are supported by accounting policies, which may include management's use of assumptions, judgments and estimates (collectively judgments ).

In the ordinary course of doing business, judgments are made that affects decisions on how to operate and report amounts of assets, liabilities, revenues and expenses. These judgments include, but are not limited to, those related to the recognition of income and expenses, impairment of assets, capitalization of costs and provisions for litigation and income taxes. Judgments are based on historical experience and on various other assumptions that are believed to be reasonable under the circumstances. On an ongoing basis, judgments are evaluated and adjusted based on the information currently available. Actual results may differ materially from the amounts reported based on these judgments.

Management considers the following accounting policies as critical in the preparation of the Financial Statements and Notes.

**Real estate held for resale**

Real estate held for resale includes costs to acquire and to prepare the lots for sale. In addition, real estate held for resale includes interest and real estate taxes if incurred during the periods in which activities necessary to prepare the lots for sale are in progress. Loans fees are amortized over the original financing term of twenty-four months and are included in interest expense. Costs that do not directly relate to a specific lot are charged to expense as incurred.

The lots are currently available for resale; however, the costs of the lots are classified as long-term until the expected time period to sell the lots can be reasonably determined. Because the lots are considered long-lived assets, management evaluates the property in accordance with the guidelines of SFAS No. 144. If this evaluation indicates that an impairment loss should be recognized, a charge for the estimated impairment loss in the period determined is recorded and the carrying value of the lot is reduced by the value management believes is not recoverable.

**Revenue Recognition**

Revenue and cost of sales are recorded at the time each lot is closed and title and possession are transferred to the buyer. Costs incurred to sell the lots are capitalized if the costs are directly associated with the lot sale.

## Edgar Filing: GIANT GROUP LTD - Form 10-Q

Recognition of other income, based on agreements and settlements of certain litigation, is generally recognized upon the receipt of cash, due to the uncertainty of cash being received. However, if the Company receives cash in the subsequent period but prior to filing, the appropriate income would be accrued.

(Dollars in thousands, except common share and per common share amounts)**Results of Operations for the Three Months Ended September 30, 2004 Versus September 30, 2003**

**EXPENSES** for the three months ended September 30, 2004 ( 2004 period ) decreased \$858 to a credit of \$204 compared to \$654 for the three months ended September 30, 2003 ( 2003 period ).

**General and administrative** expenses decreased \$25 to \$268 for the 2004 period compared to \$293 for the 2003 period. In the 2004 period, the decrease in legal fees of \$65 due to the Arthur Andersen settlement in December 2003 and the delay of the case against LH Friend, Presson and Campbell more than offset increases due to the premium of \$21 for Director & Officer liability insurance coverage which was reinstated in May 2004 and higher travel expenses of \$26 for the start-up of the Company's new business.

**Interest expense** of \$4 for the 2004 period related to the Company's 2003 Federal and State liabilities. For the 2004 period, interest related to the lots were capitalized because the Company was preparing the lots for resale.

Expense for **repricing of stock options** ( repricing ) decreased \$836 to a credit of \$476 for the 2004 period compared to an expense of \$360 for the 2003 period. During the 2004 period, approximately 944,000 options were exercised at prices lower than the closing market price of the quarter ended June 30, 2004.

**Results of Operations for the Nine Months Ended September 30, 2004 Versus September 30, 2003**

**EXPENSES** decreased \$1,191 to \$429 for the nine months ended September 30, 2004 ( 2004 period ) from \$1,620 for the nine months ended September 30, 2003 ( 2003 period ).

**General and administrative** expenses increased \$32 to \$884 for the 2004 period compared to \$852 for the 2003 period.

## Edgar Filing: GIANT GROUP LTD - Form 10-Q

In the 2004 period, increases in expenses resulted from the premium of \$36 for Director & Officer liability insurance coverage which was reinstated in May 2004 and higher travel expenses of \$28 and audit fees of \$20 for the start-up of the Company's new business and higher Delaware franchise taxes of \$20. These increases were offset by lower legal fees of \$67 due to the Arthur Andersen settlement in December 2003 and the delay of the case against LH Friend, Presson and Campbell.

**(Dollars in thousands, except common share and per common share amounts)**

Expense for **repricing of stock options** ( repricing ) decreased \$1,265 to a credit of \$498 for the 2004 period compared to an expense of \$767 for the 2003 period. During the 2004 period, approximately 944,000 options were exercised at prices lower than the closing market price of the quarter ended June 30, 2004.

For the 2004 period, interest related to financing of the lots during the second quarter of 2004 and the Company's 2003 Federal and State income tax liabilities.

**OTHER INCOME:**

<u>Description</u>	<u>2004 period</u>	<u>2003 period</u>
Realized gain on the exchange/sale of marketable securities	\$ 3,350	\$ 5
Glenn Sands final settlement		175
Century payment	282	142
Trustee		177
Interest income	6	2
	<u>\$ 3,638</u>	<u>\$ 501</u>

**INCOME TAX PROVISION** for the nine months ended September 30, 2004 was \$24 compared to \$0 for the 2003 period. This expense is based on the federal and state alternative minimum tax rates. Management believes these rates are appropriate because of the tax benefit the Company expects to receive in 2004 due to the realization of a portion of the Company's deferred tax assets, related to the sale of Checker stock.

**Liquidity and Capital Resources**

Liquidity for the Company's operations, which began in May 2004, are provided primarily by cash in banks and the Company's \$8 million financing facility. In addition, the sale of the lots will also provide liquidity; however, the timing and the amount of cash that the Company will receive cannot be determined at this time. Secondary sources of liquidity may include cash received over the next few years from the Bankruptcy Trustee and from the sale of the Company's investment in shares of Checkers common stock, held by the bank as collateral. If the Company chooses to sell any or all of the shares, some of the proceeds received by GIANT would be used to reduce the amount of the loan owed to the bank. The Company's other source of liquidity was payments received from Century. However, the Company has been in discussions with Century as to the remaining balance, if any, to be received by the Company.

At September 30, 2004, the Company has cash of \$246, could borrow up to \$1,850 and the market value of the Company's investment in approximately 483,000 Checker's common stock is approximately \$5,673.

**Subsequent Events**

During the fourth quarter, the Company sold a total of approximately 127,000 shares of Checkers common stock and recognized a book gain of approximately \$1.1 million. The Company's long-term financing was reduced by the total net proceeds of approximately \$1.5 million.

On October 18, 2004, the Company and the regional bank agreed to reduce the original line from \$8 million to \$7 million.

**ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS  
(Dollars in thousands, except common share and per common share amounts)**

On October 27, 2004, the Company purchased a lot for resale for approximately \$2.6 million. The Company paid cash of \$1.6 million provided by its long-term financing facility. In addition, the seller provided financing, secured by the deed of trust, for \$1 million payable in full plus interest at 5% on December 16, 2005.

On November 4, 2004, the Company sold a lot at a gross price of approximately \$1.6 million and recognized income before taxes of approximately \$576. The Company is primarily reducing its long-term financing with the net cash proceeds of approximately \$1.5 million from the sale.

Management believes that the Company's current liquidity and its ability to obtain financing are sufficient for the Company to properly capitalize its current and future business operations, as well as its on-going operating expenses.

**Off-balance Sheet Arrangements**

The Company does not maintain any off-balance sheet transactions or arrangements that are likely to have a material current or future effect on the Company's financial condition, changes in financial condition, revenues or expenses, liquidity, capital expenditures or capital resources.

**ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK**

The Company is exposed to market risk primarily due to fluctuations in interest rates and the market price of the investment in Checkers common stock.

For the Company's fixed-rate debt, changes in interest rates generally affect the fair market value of the debt instrument, but not the earnings or cash flow. The Company's fixed rate debt maybe prepaid at any time without penalty. The Company believes interest rate risk and changes in fair market value should not have a significant impact on the outstanding fixed-rate debt.

**ITEM 4. CONTROLS AND PROCEDURES**

(a) Disclosure Controls and Procedures. The Company's management, with the participation of the Company's Chief Executive Officer and Chief Financial Officer, has evaluated the effectiveness of the Company's disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Exchange Act) as of the end of the fiscal period covered by this Quarterly Report on Form 10-Q.
