Item 8.01 Other Events

On February 15, 2005, The Coast Distribution System, Inc. issued a press release announcing that its Board of Directors had initiated a dividend policy that calls for the payment of an expected total annual cash dividend of \$0.16 per common share, payable in the amount of \$0.04 per share per quarter. At the same time, the Board of Directors also declared the first of the quarterly cash dividends under this policy, of \$0.04 per share, which will be paid on March 15, 2005 to stockholders of record on February 23, 2005. A copy of that press release is attached as Exhibit 99.1 to this Current Report on Form 8-K.

The actual declaration of future cash dividends, and the establishment of dividend record and payment dates, is subject to final determination by the Board of Directors each quarter after its review of the Company's financial performance and its available cash resources, its cash requirements and alternative uses of cash that the Board may conclude would represent an opportunity to generate a greater return on investment for the Company. Also, it could become necessary for Coast's to obtain the consent of its lender under its secured bank loan agreement in order to pay cash dividends pursuant to its new dividend policy. For these reasons, as well as others, there can be no assurance that the Company's future dividends will in fact be equal or similar to the amounts described in this Current Report or that this new dividend policy will not be changed by the Board of Directors in the future.
