**PROXY STATEMENT FOR THE
2005 ANNUAL MEETING OF STOCKHOLDERS**

INFORMATION CONCERNING SOLICITATION AND VOTING

General

The enclosed proxy is solicited on behalf of the board of directors of SERENA Software, Inc., a Delaware corporation ("SERENA"), for use at the Annual Meeting of Stockholders (the "Annual Meeting") to be held on Friday, June 24, 2005, at 2:00 p.m., local time, or at any adjournment or postponement thereof, for the purposes set forth herein and in the accompanying Notice of Annual Meeting of Stockholders. The Annual Meeting will be held at SERENA 's principal executive offices at 2755 Campus Drive, 3rd Floor, San Mateo, California 94403. The telephone number at that location is (650) 522-6600. When proxies are properly dated, executed, and returned, the shares they represent will be voted at the Annual Meeting in accordance with the instructions of the stockholder. If no specific instructions are given, the shares will be voted for the election of the nominees for directors set forth herein, for the ratification of the appointment of KPMG LLP as independent auditors as set forth herein, and at the discretion of the proxy holders, upon such other business as may properly come before the Annual Meeting or any adjournment or postponement thereof.

These proxy solicitation materials and the Annual Report to Stockholders for the fiscal year ended January 31, 2005, including financial statements, were first mailed on or about May 27, 2005, to all stockholders entitled to vote at the Annual Meeting.

Record Date and Shares Outstanding

Stockholders of record at the close of business on May 20, 2005 (the "Record Date") are entitled to notice of, and to vote at, the Annual Meeting. At the Record Date, SERENA had issued and outstanding and entitled to vote 41,185,722 shares of common stock, \$.001 par value.

Revocability of Proxies

Any proxy given pursuant to the solicitation may be revoked by the person giving it at any time before it is voted. Proxies may be revoked by (i) filing with the Secretary of SERENA at or before the taking of the vote at the Annual Meeting a written notice of revocation bearing a later date than the proxy, (ii) duly executing a later dated proxy relating to the same shares and delivering it to the Secretary of SERENA at or before the taking of the vote at the Annual Meeting, or (iii) attending the Annual Meeting and voting in person (although attendance at the Annual Meeting will not in and of itself constitute a revocation of a proxy). Any written notice of revocation or subsequent proxy should be delivered to

Edgar Filing: SERENA SOFTWARE INC - Form DEF 14A

SERENA Software, Inc. at 2755 Campus Drive, 3rd Floor, San Mateo, California 94403, Attention: Secretary, or hand-delivered to the Secretary of SERENA at or before the taking of the vote at the Annual Meeting.

Voting

Each share of common stock outstanding on the Record Date is entitled to one vote. Stockholders' votes will be tabulated by persons appointed by the board of directors to act as inspectors of election for the Annual Meeting. The holders of a majority of our outstanding shares of common stock, present in person or by proxy, will constitute a quorum for the transaction of business at the Annual Meeting. If a quorum is not present, the Annual Meeting may be adjourned from time to time until a quorum is obtained. Abstentions and broker non-votes are considered stockholders who are present and entitled to vote and they count toward the quorum. A broker non-vote occurs when a nominee holding shares for a beneficial owner does not vote on a particular

proposal because the nominee does not have discretionary voting power with respect to that proposal and has not received instructions from the beneficial owner (despite voting on at least one other proposal for which the nominee does have discretionary authority or for which it has received instructions). Brokers holding shares of record for customers generally are not entitled to vote on certain non-routine matters unless they receive voting instructions from their customers.

Solicitation of Proxies

The expense of soliciting proxies in the enclosed form will be borne by SERENA. In addition, SERENA may reimburse banks, brokerage firms, and other custodians, nominees, and fiduciaries representing beneficial owners of shares for their expenses in forwarding soliciting materials to such beneficial owners. Proxies may also be solicited by certain of SERENA's directors, officers, and employees, personally or by telephone, telegram, facsimile, or other means of communication. No additional compensation will be paid for such services.

Deadline for Receipt of Stockholder Proposals for Year 2006 Annual Meeting

Stockholders may present proposals for action at a future meeting only if they comply with the requirements of the proxy rules established by the Securities and Exchange Commission and our bylaws. Stockholder proposals that are intended to be included in our Proxy Statement and form of Proxy relating to the meeting for our 2006 Annual Meeting of Stockholders under rules set forth in the Securities Exchange Act of 1934 must be received by us no later than February 3, 2006 to be considered for inclusion. If a stockholder intends to submit a proposal or nomination for director for our 2006 Annual Meeting of Stockholders that is not to be included in our Proxy Statement and form of Proxy relating to that meeting, the stockholder must give us notice in accordance with the requirements set forth in our bylaws no later than March 24, 2006. Our bylaws require that certain information and acknowledgments with respect to the proposal and the stockholder making the proposal be set forth in the notice. A copy of the relevant bylaw provision is available upon written request to:

Board and Corporate Governance Committee Meetings

Edgar Filing: SERENA SOFTWARE INC - Form DEF 14A

SERENA's board of directors held seven (7) meetings during the fiscal year ended January 31, 2005. No director during fiscal 2005 attended fewer than seventy-five percent (75%) of the aggregate of (i) the total number of meetings of the board of directors held during the period for which such person was a director and (ii) the total number of meetings held by all committees of the board of directors on which such person served (during the period such person served) during fiscal 2005.

Our Board of Directors currently has three committees: an Audit Committee, a Compensation Committee and a Nominating and Governance Committee. Each committee has a written charter approved by the Board of Directors outlining the principal responsibilities of the committee. These charters are available on the Corporate Governance page of the Investor section of our website.

Audit Committee

SERENA Software, Inc.'s Audit Committee is comprised of directors J. Hallam Dawson, Gregory J. Owens and David G. DeWalt, each of whom has been determined to be independent within the meaning of the rules of the Securities and Exchange Commission and the listing standards of The Nasdaq Stock Market (the "Nasdaq Rules") and was formed in January 1999 in connection with SERENA's initial public offering of its common stock. The Audit Committee met four (4) times in fiscal 2005.

The purposes of the Audit Committee are to review with SERENA's management and independent auditors such matters as internal accounting controls and procedures, the plan and results of the annual audit, and suggestions of the auditors for improvements in accounting procedures; to nominate independent auditors; and to provide such additional information as the committee may deem necessary to make the board of directors aware of significant financial matters which require the board's attention, as well as perform such other functions as may be required by the Nasdaq Rules or other applicable law. The board of directors has determined that Messrs. Dawson, Owens and DeWalt are audit committee financial experts within the meaning of the rules of the Securities and Exchange Commission and has determined that each has the accounting and related financial management expertise to satisfy the requirement that at least one member of the Audit Committee be financially sophisticated within the meaning of the Nasdaq Rules.

Compensation Committee

Our Compensation Committee is comprised of directors J. Hallam Dawson, Gregory J. Owens and Carl Bass and was formed in January 1999 in connection with SERENA's initial public offering of its common stock. The Compensation Committee met two (2) times in fiscal 2005. The purposes of the Compensation Committee are to review and approve the compensation to be paid or provided to SERENA's executive officers, the aggregate compensation of all employees of SERENA, the terms of compensation plans and to administer SERENA's Amended and Restated 1997 Stock Option and Incentive Plan.

Nominating and Governance Committee

Our Nominating and Governance Committee is comprised of directors J. Hallam Dawson and David G. DeWalt and was originally formed in May 2001, as a Nominating Committee, in connection with the Company's desire to find qualified and appropriate candidates to serve on SERENA's board of directors. The Nominating Committee became known as the Nominating and Governance Committee in November 2003, when the expanded charter for the Nominating and Governance Committee was adopted.

In addition to the Committee's former duties, the Nominating and Governance Committee must also ensure that our board of directors is properly constituted to meet its fiduciary obligations and follows appropriate governance standards. The Nominating and Governance Committee met one (1) time in fiscal 2005 as part of an Audit Committee meeting.

Director Independence

In 2005, consistent with the Nasdaq Rules regarding director independence, our Board of Directors undertook a review of the independence of our directors and considered whether any director had any relationship with SERENA Software, Inc. or management that would compromise his ability to exercise independent judgment in carrying out his responsibilities. As a result of this review, our Board of Directors

affirmatively determined that Directors Bass, Dawson, DeWalt, and Owens are independent within the meaning of the Nasdaq Rules.

Code of Conduct for Officers

Our Board of Directors has adopted a *Code of Business Conduct and Ethics* that is applicable to all of our employees, officers and directors. Our *Code of Business Conduct and Ethics* is intended to ensure that our employees, officers and directors act ethically and with a commitment to honesty and fairness. This code is intended to deter wrongdoing and promote ethical conduct among our executives and to ensure all of our public disclosure is full, fair and accurate. The *Code of Business Conduct and Ethics* is available on the Corporate Governance page of the Investor section of our website at <http://www.serena.com>.

Director Nomination Process

Stockholder Recommendations and Nominations

It is the policy of the Nominating and Governance Committee to consider director candidates recommended by our stockholders holding on the date of submission of such recommendation, at least 250,000 shares of our common stock continuously for at least 12 months prior to such date.

Stockholders desiring to recommend a candidate for election to the board of directors should send their recommendation in writing to the attention of the Chairman of the Nominating and Governance Committee, at our offices located at 2755 Campus Drive, San Mateo, California 94403. This written recommendation must include the information and materials required by our bylaws as well as the candidate's name, home and business contact information, detailed biographical data, relevant qualifications, a signed letter from the candidate confirming willingness to serve, information regarding any relationships between the candidate and SERENA within the last three years and evidence of the required ownership of our common stock by the recommending stockholder. A copy of the relevant bylaw provision is available upon written request to our Corporate Secretary at the address provided above.

In accordance with the advance notice provision in our bylaws, director nominations to be considered at the next annual meeting of stockholders must be received by March 24, 2006.

Identifying and Evaluating Nominees for Director

The nominating and governance committee uses the following procedures for identifying and evaluating any individual recommended or offered for nomination to the board of directors:

The committee considers candidates recommended by stockholders in the same manner as candidates recommended by other sources.

The committee considers the following factors in its evaluation of candidates:

The current size and composition of the board of directors and the needs of the board of directors and the respective committees of the board of directors.

The candidate's judgment, independence, character and integrity, area of expertise, diversity of experience, length of service and potential conflicts of interest.

Other factors that the committee considers appropriate.

The nominating and governance committee requires the following minimum qualifications to be satisfied by any candidate recommended or offered for nomination to the board of directors:

The highest personal and professional ethics and integrity.

Proven achievement and competence in the candidate's field and the ability to exercise sound business judgment.

Skills that are complementary to those of the existing board of directors.

The ability to assist and support management and make significant contributions to our success.

An understanding of the fiduciary responsibilities that are required of a member of the board of directors and the commitment of time and energy necessary to diligently carry out those responsibilities.

Stockholder Communications with the Board of Directors

Stockholders who wish to communicate directly with our independent directors may do so by sending an e-mail message to Vita Strimaitis, our senior vice president and general counsel, at vstrimaitis@serena.com. Ms. Strimaitis monitors these communications and provides a summary of all received messages to the board of directors at its regularly scheduled meetings. Where the nature of the communication warrants, Ms. Strimaitis may decide to obtain more immediate attention of the appropriate committee or independent director of the board of directors, of independent advisors or of our management. Ms. Strimaitis may decide in her judgment whether a response to any stockholder communication is necessary.

Attendance at the Annual Meeting of the Stockholders

All directors are welcome to attend the annual meeting of stockholders. At the June 2004 annual meeting of stockholders, directors Dawson and Woodward were in attendance.

Interlocks and Insider Participation

The Compensation Committee is responsible for determining salaries, incentives and other forms of compensation for the directors and officers of SERENA and administering various incentive compensation and benefit plans. The Compensation Committee consists of J. Hallam Dawson, Gregory J. Owens and Carl Bass. Mark E. Woodward, President, Chief Executive Officer and a director of SERENA, participated in all discussions and decisions regarding salaries and incentive compensation for all employees and consultants of SERENA, except that he was excluded from discussions and decisions regarding his own salary and incentive compensation. No interlocking relationship exists between any member of SERENA's Compensation Committee and any member of any other company's board of directors or compensation committee.

PROPOSAL TWO

RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS

The board of directors has selected KPMG LLP, independent auditors, to audit the financial statements of SERENA for the current fiscal year ending January 31, 2006. SERENA expects that representatives of KPMG LLP will be present at the Annual Meeting, will have the opportunity to make a statement if he or she desires to do so, and will be available to answer any appropriate questions.

Vote Required and Board of Directors Recommendation

The affirmative vote of the holders of a majority of the shares of Company stock present or represented and voting at the Annual Meeting will be required to approve this proposal. An abstention or nonvote is not an affirmative vote and, therefore, will have the same effect as a vote against the proposal.

The board of directors has unanimously approved this proposal and recommends that stockholders vote FOR the ratification of the selection of KPMG LLP.

Option Grants During Last Fiscal Year

The following table sets forth certain information with respect to stock options granted to each of the Named Executive Officers during fiscal 2005, including the potential realizable value over the 10 year term of the options based on assumed rates of stock appreciation of 5% and 10%, compounded annually. These assumed rates of appreciation comply with the rules of the Securities and Exchange Commission and do not represent SERENA's estimate of our future stock price. Actual gains, if any, on stock option exercises will be dependent on the future performance of SERENA common stock. In fiscal 2005, SERENA granted options to acquire up to an aggregate of 2,158,338 shares to employees and directors, 2,113,338 shares of which were granted under the Amended and Restated 1997 Stock Option and Incentive Plan and 45,000 shares of which were granted under the Amended and Restated 1999 Director Option Plan. All grants under both plans were at an exercise price equal to not less than the fair market value of SERENA's common stock on the date of grant. Optionees may pay the exercise price by cash, check or delivery of already-owned shares of SERENA's common stock. All options granted in fiscal 2005 under the Amended and Restated 1997 Stock Option and Incentive Plan vest over four years with 25% of the shares subject to option vesting on the first anniversary of the grant date, and the remaining option shares vesting ratably monthly thereafter. The options granted in fiscal 2005 under the Amended and Restated 1999 Director Option Plan vest over one year, with all the shares subject to the option vesting after one year.

- (1) Consists of the following plans: The Amended and Restated 1997 Stock Option and Incentive Plan (the "Plan"), the Amended and Restated 1999 Director Option Plan (the "Director Plan") and the Employee Stock Purchase Plan. Employee benefit trusts organized by Merant plc for the benefit of its employees hold a total of 176,858 shares of SERENA common stock, which it received in the Offer upon exchange of Merant ordinary shares held by the trusts prior to the Offer. SERENA plans to use the shares from these trusts to satisfy grants approved to former Merant employees. These grants have been issued under the Plan rather than the acquired company plans.
- (2) We have assumed certain stock options granted to former employees of Merant plc, a company we acquired in the first quarter of fiscal 2005. All of the acquired options have been adjusted to give effect to the conversion under the terms of the acquisition agreement between us and Merant plc. The acquired options generally become exercisable over a four-year period and expire ten years from the date of grant. Additional stock options will not be granted under any of the acquired company's plans, and these plans have not been approved by our security holders.

Employment Agreements and Change in Control Arrangements

SERENA and Douglas D. Troxel, SERENA's founder, Chief Technology Officer, Chairman of the Board and Director, are parties to an employment agreement that automatically renews each June unless Mr. Troxel is terminated for cause.

SERENA entered into Management Retention Agreements dated April 24, 2003 (the "Retention Agreements") with Mr. Woodward, the Company's Chief Executive Officer, and Mr. Pender, the Company's Chief Financial Officer. The Retention Agreements call for the continuation of certain company benefits should the individual's employment with SERENA be terminated for reasons other than cause, the employee's death or disability or in connection with or within twelve months of a Change in Control. Such company benefits would include salary continuation and 100% of Company-paid health, dental and vision insurance coverage for a period of six (6) months following the employee's termination of employment, and accelerated vesting of equity awards in that number of shares that would otherwise have been vested on the six-month anniversary of the date of the employee's termination. In connection with or within twelve months of a Change of Control, the Retention Agreements call for the continuation of certain company benefits should the individual's employment with SERENA be terminated for reasons

other than cause, the employee's death or disability or by employee pursuant

to a voluntary termination for good reason. Such company benefits would include salary continuation and 100% of Company-paid health, dental and vision insurance coverage for a period of twelve (12) months following the employee's termination of employment, and a cash bonus equal to the annual target bonus for the fiscal year of the Company in which employee's employment is terminated prorated for the time in which the employee served as an employee during that fiscal year plus the twelve (12) month Change in Control severance period.

The 1997 Plan provides that in the event of a merger or consolidation of SERENA with or into another corporation, a sale of substantially all of SERENA's assets or certain other changes in control of SERENA, the right of SERENA to repurchase shares purchased pursuant to a restricted stock purchase agreement lapses. Additionally, in any of the events noted in the preceding sentence, the holders of stock options awarded under the 1997 Plan shall have the right to exercise all of the shares of stock covered under the applicable option agreement, including shares which would not otherwise be exercisable.

Report of the Compensation Committee of the Board of Directors

Notwithstanding any statement to the contrary in any of SERENA's previous or future filings with the Securities and Exchange Commission, the Report of the Compensation Committee of the board of directors and the Company Performance graph shall not be deemed filed with the Commission and shall not be incorporated by reference by any general statement incorporating this Proxy Statement into any such filings.

The Compensation Committee of the board of directors (the Compensation Committee) establishes the general compensation policies of SERENA and the compensation plans and the specific compensation levels for senior executives, including SERENA's Chief Executive Officer. The Compensation Committee's charter reflects these responsibilities, and the Compensation Committee and the Board periodically review and revise the charter. At or near the beginning of each fiscal year, the Compensation Committee typically reviews the compensation of its executive officers for the previous fiscal year and establishes base salary levels and target bonuses for the CEO and other executive officers at SERENA for the next fiscal year. In addition, the Compensation Committee administers SERENA's equity incentive plans, including the 1997 Plan and the Directors' Plan.

General Compensation Philosophy

The primary objectives of SERENA's executive compensation policies include the following:

To attract, motivate, and retain a highly qualified executive management team;

To link executive compensation to SERENA's financial performance as well as to define individual management objectives established by the Compensation Committee;

To compensate competitively with the practices of similarly situated technology companies; and

To create management incentives designed to enhance stockholder value.

Edgar Filing: SERENA SOFTWARE INC - Form DEF 14A

SERENA competes in an aggressive and dynamic industry and, as a result, believes that finding, motivating, and retaining quality employees, particularly senior managers, sales personnel, and technical personnel, are key factors to SERENA's future success. The Compensation Committee's compensation philosophy seeks to align the interests of stockholders and management by tying compensation to SERENA's financial performance, either directly in the form of salary and bonuses paid in cash or indirectly in the form of appreciation of stock options granted to employees through SERENA's equity incentive programs.

Total compensation for the majority of SERENA employees, including executive officers, consists of some or all of the following components:

cash compensation, consisting of base salary and performance-based bonus;

equity incentives, including stock option awards and the right to participate in a tax-qualified employee stock purchase plan;

retirement benefits through a 401(k) savings plan, in which SERENA makes matching contributions. For employees outside the U.S., SERENA offers similar retirement benefits that are consistent with local market practices;

a group life insurance program; and

health and welfare benefits, in which SERENA shares the cost with its employees.

The Compensation Committee's review of SERENA's executive compensation programs and practices includes an analysis, for each of SERENA's executives, of all elements of compensation, consisting of base salary, bonus, equity awards, retirement programs, change of control and severance arrangements and health and welfare benefits. The base salaries and incentive compensation of, and equity awards granted to, SERENA executive officers are determined in part by the Compensation Committee's discretionary evaluation of a number of factors, including surveys of competitive salaries and equity practices in the similarly situated technology companies for similar positions, as well as individual and corporate performance. SERENA engaged Watson Wyatt, Inc. to review executive compensation programs in April 2004 against peer group companies consisting of software companies with similar revenues to SERENA after the acquisition of Merant plc. Watson Wyatt gathered information on over a dozen similarly sized public software companies and analyzed all aspects of the pay packages including salary, bonus, options, long term compensation, performance and benefits. The Compensation Committee also recently hired a second firm, Venture Pay Consulting Group, to help further analyze and study long term compensation and retention of SERENA's top executives. This is an ongoing process which is expected to be finalized later in this fiscal year.

Cash Compensation

Base Salary

The Compensation Committee determined fiscal 2005 individual base salaries for executive officers based on a review of the officer's performance and contribution to various individual, departmental, and corporate objectives and a review of market data described above. In addition, the Compensation Committee considered the recommendations of the Chief Executive Officer with respect to executive officers other than the Chief Executive Officer.

Cash Bonus Compensation

Cash bonuses are intended to provide additional incentives to achieve various individual, departmental, and corporate objectives. Cash bonuses for SERENA's President and Chief Executive Officer and Chief Financial Officer for fiscal 2005 were allocated from a bonus pool established by the board of directors based on overall SERENA Non-GAAP earnings per share versus targets set by the Board of Directors at the beginning of the year. Cash bonuses were also earned by operational vice presidents based on their divisional financial performance and the overall financial performance of SERENA.

Based on its review of relevant market data and the other factors described above, the Compensation Committee believes that cash compensation paid to SERENA's executive officers for fiscal 2005, including the Chief Executive Officer, was in the aggregate reasonable and not excessive and was generally consistent with amounts paid to officers with similar responsibilities at similarly-situated software companies.

Equity-Based Compensation

Stock Options. Stock options are periodically granted to provide additional incentive to executives and other employees to maximize long-term total return to SERENA's stockholders. Stock options are a particularly strong incentive because they are valuable to employees only if the fair market value of SERENA's common stock increases above the exercise price, which is set at the fair market value of SERENA common stock on the date the option is granted. In addition, employees must remain employed with SERENA for a fixed period of time in order for the options to vest fully. Options generally vest over a four year period to encourage option holders to continue in the employ of SERENA.

All of the stock options granted to executives in the year ended January 31, 2005 were based on recommendations of the Compensation Committee and approved by the independent members of the board of directors. Option grants to employees were determined by the Compensation Committee or the full board of directors. In making its determination, the Compensation Committee considers the executive's position at SERENA, such executive's individual performance, the number of options held (if any) and the extent to which such options are vested, market data and any other factors that the Compensation Committee may deem relevant.

Chief Executive Officer Compensation for fiscal 2005

In establishing Mr. Woodward's compensation for fiscal 2005, the Compensation Committee applied the principles outlined above in the same manner as they were applied to other executives.

During fiscal year 2005, Mr. Woodward received an annual base salary of \$324,000 from February 1, 2004 and his annual base salary increased to \$375,000 effective April 23, 2004 after SERENA'S acquisition of Merant plc. In January 2004, the compensation committee undertook a review of Mr. Woodward's total compensation. Based on the committee's review of benchmark data and an analysis provided by an independent executive compensation consultant, the committee approved an increase to Mr. Woodward's annual base salary from \$300,000 to \$324,000 and the committee approved an additional increase to \$375,000 on April 23, 2004. Half of Mr. Woodward's total compensation is at-risk and is only payable upon achievement of specific corporate Non-GAAP earnings per share objectives set by the Board of Directors at the beginning of the fiscal year. Specifically, Mr. Woodward was eligible to receive a bonus of 100% of his annual base salary if SERENA met Non-GAAP earnings per share objectives and Mr. Woodward could earn additional amounts if SERENA overperformed those targets. Based on SERENA'S actual results, \$504,438 in bonus was earned by Mr. Woodward during fiscal year 2005.

In January 2004, the compensation committee of the board of directors undertook a review of Mr. Woodward's total compensation. The compensation committee also reviewed total compensation data of chief executive officers from peer group companies, SERENA'S performance over the last year and Mr. Woodward's contribution to SERENA. Based on its review and in order to aid in retention, on February 24, 2004, the compensation committee granted Mr. Woodward a stock option grant for 77,500 shares of stock and granted Mr. Woodward a stock option grant for 150,000 shares of stock effective May 19, 2004 after SERENA'S acquisition of Merant plc. Both grants were made pursuant to SERENA'S 1997 Plan. These option grants provide for cliff vesting of 25% of the grant after one year and monthly vesting over the following three years.

Submitted by the Compensation Committee of the Company's board of directors, J. Hallam Dawson, Gregory J. Owens and Carl Bass.

Audit Committee Report

Notwithstanding any statement to the contrary in any of SERENA's previous or future filings with the Securities and Exchange Commission, the Audit Committee Report shall not be deemed filed with the Commission and shall not be incorporated by reference by any general statement incorporating this Proxy Statement into any such filings.

The Audit Committee of the SERENA Software, Inc. board of directors (the Audit Committee) was comprised of three independent directors in fiscal 2005 and operates under a written charter adopted by the Board, which is on the Corporate Governance page of the Investor section of our website at <http://www.serena.com>. The members of the Audit Committee are J. Hallam Dawson, David G. DeWalt and Gregory J. Owens. The board of directors has determined that all three members are audit committee financial experts as such term is defined in the applicable rules and regulations.

As described more fully in its charter, the Audit Committee, on behalf of the board of directors, oversees SERENA's financial reporting, internal controls, and audit process; and monitors compliance with applicable laws, regulations, and policies. In addition, the Audit Committee approves the selection, compensation, evaluation, and, when appropriate, the replacement of the Company's auditors. All services provided by the Company's auditors are pre-approved.

Management has the primary responsibility for the financial statements and the reporting process, including the systems of internal controls. The Company's auditors, KPMG LLP, are responsible for expressing an opinion on the conformity of SERENA's audited financial statements with accounting principles generally accepted in the United States of America. The Audit Committee reviewed and discussed with management and the Company's auditors the audited financial statements for fiscal 2005 and SERENA's critical accounting policies. The Audit Committee has also discussed with KPMG LLP the matters required to be discussed by Statement on Auditing Standard No. 61 (Communications with Audit Committees).

The Audit Committee received and reviewed the written disclosures from KPMG LLP required by Independence Standards Board Standard No. 1 (*Independence Discussions with Audit Committees*), and discussed with KPMG LLP their independence from the Company. In addition, the Audit Committee considered whether the information technology and other non-audit services provided by the auditors' firm could impair the auditors' independence and concluded that such services have not impaired the auditors' independence.

Based on the Audit Committee's discussion with management and the auditors and the Audit Committee's review of the representation of management and the auditors' report to the Audit Committee, the Audit Committee recommended to the Board that the audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the year ended January 31, 2005 filed with the Securities and Exchange Commission.

Submitted by the Audit Committee of the Company's board of directors, J. Hallam Dawson, David G. DeWalt and Gregory J. Owens.

The aggregate fees earned by KPMG LLP comprised the following (in thousands):

In making its recommendation to ratify the appointment of KPMG LLP as SERENA's independent auditors for the fiscal year ending January 31, 2006, the audit committee has considered whether services other than audit and audit-related provided by KPMG LLP are compatible with maintaining the independence of KPMG LLP. All services were pre-approved by the audit committee prior to their commencement.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires SERENA's officers and directors and persons who own more than 10% of a registered class of SERENA's equity securities to file reports of ownership on Form 3 and changes in ownership on Forms 4 or 5 with the Securities and Exchange Commission. Such officers, directors, and 10% stockholders are also required by applicable rules to furnish SERENA with copies of all Section 16(a) reports they file.

To the company's knowledge, based solely upon review of the copies of such reports furnished to SERENA during the fiscal year ended January 31, 2005, no director, officer or beneficial holder of more than 10% of any class of equity securities of the Company failed to file on a timely basis reports required by Section 16(a) of the Securities Exchange Act of 1934 during the most recent fiscal year, except as described in the following sentence. Due to a Company administrative error, Forms 4 reporting option grants to each of Mr. Dawson, Mr. Owens, Mr. Dewalt and Mr. Bass were not timely filed after the automatic grant made under the 1999 Director Option Plan on February 1, 2005. On February 24, 2005, the omission was discovered and the reports were immediately filed.

CERTAIN TRANSACTIONS

In March 2005, SERENA acquired a small privately held company, which developed application management software technology, in a cash merger transaction. Robert I. Pender, Jr., SERENA's Chief Financial Officer owned some common stock in, and held a promissory note from, this technology company. Mr. Pender's equity interest in this technology company represented less than 1% of its outstanding equity. As a result of the transaction, Mr. Pender received an aggregate of approximately \$80,000, which represented payment of principal, interest and premium on his promissory note from the company and consideration for his shares of common stock in the company. In accordance with SERENA's code of conduct, SERENA's Board of Directors reviewed and approved the transaction in advance after disclosure of Mr. Pender's interest in the company.

COMPANY PERFORMANCE

The following line graph compares the cumulative total return to stockholders on SERENA's common stock since January 31, 2000. The graph compares stockholder return on SERENA's common stock with the same cumulative total return on the Nasdaq Stock Market U.S. Index and the Research Data Group (RDG) Technology Composite Index.
