**PROXY STATEMENT FOR ANNUAL MEETING
OF SHAREHOLDERS**

November 4, 2005

This proxy statement is being furnished to the shareholders of II-VI Incorporated, a Pennsylvania corporation (the "Company"), in connection with the solicitation by the Board of Directors of the Company of proxies to be voted at the annual meeting of shareholders (the "Annual Meeting") scheduled to be held on Friday, November 4, 2005, at 1:30 p.m. local time at the offices of the Company, 375 Saxonburg Boulevard, Saxonburg, Pennsylvania, 16056. A shareholder reception will start at 12:45 p.m. local time. This proxy statement was first mailed to shareholders on or about September 26, 2005. A copy of the Company's Annual Report to Shareholders for the fiscal year ended June 30, 2005 is being furnished with this proxy statement.

Only shareholders of record as of the close of business on Wednesday, September 7, 2005, are entitled to notice of and to vote at the Annual Meeting and any adjournment thereof. The outstanding capital stock of the Company on that date consisted of 29,241,688 shares of Common Stock, no par value ("Common Stock"), each entitled to one vote per share.

All shares represented by valid proxies received by the Company prior to the Annual Meeting will be voted as specified in the proxy. If no specification is made, the shares will be voted as described below under the caption "Recommendation of the Board of Directors." Unless otherwise indicated by the shareholder, the proxy card also confers discretionary authority on the Board-appointed proxies to vote the shares represented by the proxy on any matter that is properly presented for action at the Annual Meeting. A shareholder giving a proxy has the power to revoke it any time prior to its exercise by delivering to the Company a written revocation or a duly executed proxy bearing a later date (although no revocation shall be effective until notice thereof has been given to the Secretary of the Company), or by attendance at the meeting and voting his or her shares in person.

Under the Company's Articles of Incorporation, By-Laws and applicable law, the affirmative vote of shareholders entitled to cast at least a majority of the votes which all shareholders present at the meeting in person or by proxy are entitled to cast generally is required for shareholder approval, including approval of the II-VI Incorporated 2005 Omnibus Incentive Plan and the ratification of the Audit Committee's selection of Deloitte & Touche LLP as the Company's independent registered public accounting firm for the fiscal year ending June 30, 2006. As such, abstentions generally have the effect of a negative vote. Any broker non-votes on a particular matter have no effect since, by definition, they are not entitled to be cast on the matter. With regard to the election of directors, votes may be cast in favor of a candidate or may be withheld. As directors are elected by a plurality, abstentions and broker non-votes have no effect on the election of directors.

RECOMMENDATION OF THE BOARD OF DIRECTORS

The Board of Directors of the Company recommends a vote FOR each of the nominees named below for election as director, FOR the approval of the II-VI Incorporated 2005 Omnibus Incentive Plan and FOR the ratification of the Board of Directors' selection of Deloitte & Touche LLP as the independent registered public accounting firm of the Company for the fiscal year ending June 30, 2006.

ELECTION OF DIRECTORS

(PROPOSAL 1)

The Company's By-Laws provide that the Board of Directors shall establish the number of directors which shall be not less than five nor more than nine members. The By-Laws also provide for a board of directors of three classes, each class consisting of as nearly an equal number as practicable, as determined by the Board. At present, the Board of Directors of the Company has determined that the number of directors shall be seven, consisting of two directors each in Classes One and Two and three directors in Class Three.

Three directors of Class Three are to be elected to hold office for a term of three years, and each until their respective successors are elected and qualified, subject to the right of the shareholders to remove any director as provided in the By-Laws. A vacancy in the office of a director may be filled by the remaining directors then in office, even if less than a quorum, or by the sole remaining director. Any director elected by the Board of Directors to fill a vacancy shall serve until his or her successor is elected and has qualified, or until his or her death, resignation or removal. If the Board of Directors increases the number of directors, any vacancy so created may be filled by the Board of Directors.

The holders of Common Stock have cumulative voting rights in the election of directors. In voting for directors, a shareholder has the right to multiply the total number of shares which the shareholder is entitled to vote by the number of directors to be elected in each class, and to cast the whole number of votes so determined for one nominee in the class or to distribute them among the nominees if more than one nominee is named in such class. The three Class Three nominees receiving the greatest number of affirmative votes each will be elected as a Class Three director whose term expires in 2008. Unless otherwise indicated by the shareholder, a vote for the nominees of the Board of Directors will give the named proxies discretionary authority to cumulate all votes to which the shareholder is entitled and to allocate them after the total vote counts are available in favor of any one or more of such nominees as the named proxies determine, with a view to maximizing the number of nominees of the Board of Directors who are elected. The effect of cumulation and voting in accordance with that discretionary authority may be to offset the effect of a shareholder having withheld authority to vote for an individual nominee or nominees because the proxies will be able to allocate votes of shareholders who have not withheld authority to vote in any manner they determine among such nominees. If a shareholder desires specifically to allocate votes among one or more nominees, the shareholder should so specify on the proxy card.

The persons named as proxies on the enclosed proxy card were selected by the Board of Directors and have advised the Board of Directors that, unless authority is withheld, they intend to vote the shares represented by them at the Annual Meeting as follows: for the election of Carl J. Johnson, who has served as a director of the Company since 1971; for the election of Thomas E. Mistler, who has served as a director of the Company since 1977; and for the election of Joseph J. Corasanti, who has served as a director of the Company since 2002.

The Board of Directors knows of no reason why any nominee for director would be unable to serve as director. If at the time of the Annual Meeting any of the named nominees are unable or unwilling to serve as directors of the Company, the persons named as proxies intend to vote for such substitutes as may be nominated by the Board of Directors.

The following sets forth certain information concerning each nominee for election as a director of the Company and each director whose term of office will continue after the meeting.

DIRECTOR INDEPENDENCE AND CORPORATE GOVERNANCE

The Corporate Governance Guidelines provide that in accordance with II-VI Incorporated's long-standing policy, a substantial majority of the members of the Company's Board of Directors must qualify as independent directors. The Company's Board of Directors has determined that each continuing director and nominee for election as director, other than Carl J. Johnson and Francis J. Kramer, has no material relationship with the Company (other than as director) and is therefore independent within the meaning of the current listing standards of Nasdaq. In its annual review of director independence, the Board of Directors considers all commercial, banking, consulting, legal, accounting or other business relationships any director may have with the Company. The Board of Directors considers a material relationship to be one that impairs or inhibits, or has the potential to impair or inhibit, a director's exercise of critical and disinterested judgment on behalf of the Company and its shareholders. When assessing the materiality of a director's relationship with the Company, the Board of Directors considers all relevant facts and circumstances not only from the standpoint of the director in his individual capacity, but also from the standpoint of the persons to whom the director is related and organizations with which the director is affiliated.

Lead Independent Director

The position of Lead Independent Director was created to ensure that the Board of Directors serves in a capacity which is independent of management and that directors have an independent leadership contact. Thomas E. Mistler was appointed by the Board of Directors in 2003 to this position. In general, the major responsibilities of the Lead Independent Director include:

Chairing executive sessions conducted at each Board of Directors meeting of the non-management directors

Acting as a liaison between the Board of Directors and the Chairman/CEO

Supporting the Chairman/CEO in the setting of the agenda for Board of Director meetings, based on input from other directors

Chairing meetings of the Board of Directors in the absence of the Chairman/CEO

Carrying out other duties as requested by the Nominating and Corporate Governance Committee and the Board of Directors.

Audit Committee Financial Experts

The Board of Directors has determined that at least one member of the Audit Committee, Duncan A.J. Morrison, qualifies as an audit committee financial expert as such term is defined by the Securities and Exchange Commission and that he has the requisite level of financial sophistication required under the listing standards of Nasdaq.

Director Mandatory Retirement

Edgar Filing: II-VI INC - Form DEF 14A

The Board of Directors has adopted a retirement policy for directors. Under this policy, directors may not stand for re-election after age 75. There are no directors retiring under this provision at the Annual Meeting.

Standing Board Limits

Board members are limited to serving on a maximum of three public company boards excluding the Company.

Direct Stock Ownership Program

In order to further align the directors and executive officers interests with those of II-VI Incorporated's shareholders, the Board of Directors has established a stock ownership program that requires each director and executive officer own a minimum of 200 shares of the stock of the Company. A director who did not comply

with this program would not be permitted to stand for re-election. All directors and executive officers currently meet or exceed this program.

Code of Business Conduct and Ethics

The Board of Directors has approved and adopted a Code of Business Conduct and Ethics applicable to all directors, officers, and employees of the Company and its subsidiaries. In addition, the Company has adopted an additional Code of Ethics for Senior Financial Officers. The documents are available on the Company's website. The Company will promptly disclose on its website (i) any waiver of a director or executive officer's compliance with the Code of Business Conduct and Ethics, and (ii) any amendments or waiver of the Code of Ethics for Senior Financial Officers.

Executive Sessions of Non-Management Directors

Executive sessions of non-management directors (consisting of all directors other than Dr. Johnson and Mr. Kramer) are regularly scheduled and held at each meeting. The Lead Independent Director presides over these meetings.

Self-Evaluation, Self-Assessment and Director Continuing Education

The Board of Directors has a process whereby the full board and its members are subject to periodic self-evaluation and self-assessment.

The Board of Directors works with management to schedule new-director orientation programs and director continuing education programs. The orientation programs are designed to familiarize new directors with the Company's businesses, strategies and challenges, and to assist new directors in developing and maintaining skills necessary or appropriate for the performance of their responsibilities. Continuing education programs for board members may include a mix of in-house and third-party presentations and programs.

Communications with Directors

Shareholders wishing to communicate with the Company's Board of Directors may do so by sending a written communication addressed to the Lead Independent Director or to any member of the Board of Directors individually in care of II-VI Incorporated, 375 Saxonburg Boulevard, Saxonburg, Pennsylvania 16056. Any communication addressed to any director that is received at II-VI Incorporated's principal executive offices will be delivered or forwarded to the individual director as soon as practical. II-VI Incorporated will forward all communications received from its shareholders that are simply addressed to the Board of Directors to the chairman of the committee of the Board of Directors whose purpose and function is most closely related to the subject matter of the communication.

Nomination of Director Candidates

Edgar Filing: II-VI INC - Form DEF 14A

The Company may consider Director candidates identified by several sources including existing Directors, members of the Company's management team, shareholders and third-party search firms.

The Company's By-Laws describe the procedures to be followed by a shareholder in recommending nominees for director. In general, such recommendations can only be made by a shareholder entitled to notice of and to vote at a meeting at which directors are to be elected, must be in writing and must be received by the Chairman of the Company no later than (i) with respect to the election of directors at an annual meeting, 90 days prior to the anniversary date of the prior year's annual meeting, or (ii) with respect to the election of directors at a special meeting, within 10 days after notice of such meeting is given to shareholders or publicly disseminated. Furthermore, the recommendation must include certain information regarding the nominating shareholder and the nominee including their relationship and any understanding between such persons regarding such nomination, the

shares owned by the nominating shareholder, the number of shares to be voted for such nominee and information concerning such nominee that would be required in a proxy statement filed with the Securities and Exchange Commission.

The Nominating and Corporate Governance Committee considers a variety of factors when determining whether to recommend a nominee for election to the Board of Directors, including those factors set forth in the Company's Nominating and Corporate Governance Committee Charter. In general, candidates nominated for election or re-election to the Board of Directors should possess the following qualifications:

High personal and professional ethics, integrity, practical wisdom and mature judgment;

Broad training and experience in policy-making decisions in business;

Expertise that is useful to the Company and complementary to the background and experience of other directors;

Willingness to devote the amount of time necessary to carry out the duties and responsibilities of Board membership;

Commitment to serve on the Board over a period of several years in order to develop knowledge about the Company's principal operations; and

Willingness to represent the best interest of all shareholders and objectively appraise management performance.

Potential candidates are screened and interviewed by the Nominating and Corporate Governance Committee of the Board of Directors. All members of the Board of Directors may interview the final candidates. The same identifying and evaluating procedures apply to all candidates for director nomination, including candidates submitted by shareholders.

Director Attendance at Annual Meeting of Shareholders

Directors are expected to attend the Annual Meeting of Shareholders. All of the incumbent directors attended last year's Annual Meeting.

MEETINGS AND COMMITTEES OF THE BOARD OF DIRECTORS

The Company's Board of Directors held four (4) meetings during the fiscal year ended June 30, 2005. Each director attended at least 75% of the meetings of the Board of Directors and any committee of which he is a member.

Directors who are not also employees of the Company receive an annual retainer of \$15,000 and a fee of \$1,250 per day for attending meetings of the Board of Directors, plus reimbursement of expenses. Some of the meetings of the Board of Directors are held over a two-day period. In addition, eligible nonemployee directors may receive a grant of options to purchase shares of Common Stock at the fair market value of such Common Stock on the date of grant.

Edgar Filing: II-VI INC - Form DEF 14A

The Board of Directors has three standing Committees: Audit; Compensation; and Nominating and Corporate Governance. The Chairman of the Audit Committee receives an additional annual retainer of \$4,000. The Lead Independent Director receives an additional annual retainer of \$1,500. Non-employee directors of the Board of Directors are paid \$850 for attendance at Board Committee meetings if held on a day other than a day on which a Board meeting is held, plus reimbursement of expenses.

The Board of Directors has the authority to hire independent advisors to help fulfill its duties.

Audit Committee

The Board has an Audit Committee of independent, non-management directors currently consisting of Duncan A.J. Morrison (Chairman), Joseph J. Corasanti and Thomas E. Mistler. The Audit Committee's duties, in accordance with its written Audit Committee Charter (which is available on the Company's website: www.ii-vi.com), include monitoring performance of the Company's business plan, reviewing the Company's internal accounting methods and procedures and reviewing certain business strategies. The Audit Committee has the authority to hire independent advisors to help fulfill its duties. The Audit Committee has established procedures for the receipt, retention and treatment of complaints received by the Company regarding accounting, internal accounting controls or auditing matters, and the confidential, anonymous submission by employees of concerns regarding accounting or auditing matters. The Board of Directors has determined that Duncan A.J. Morrison qualifies as an audit committee financial expert, as such term is defined by the Securities and Exchange Commission and has the requisite level of financial sophistication required by the listing standards of Nasdaq. Each member of the Audit Committee is also independent as that term is defined under Rule 10A-3(b)(1)(ii) of the Securities Exchange Act of 1934, as amended. The Audit Committee met four times in fiscal 2005.

Compensation Committee

The Board has a Compensation Committee, comprised of independent, non-management directors, which is responsible for determining, in accordance with its written Charter (which is available on the Company's website: www.ii-vi.com), the compensation of the Company's executive officers and management. The Nominating and Corporate Governance Committee has the authority to hire independent advisors to help fulfill its duties. The current members of the Nominating and Corporate Governance Committee are Thomas E. Mistler (Chairman), Marc Y.E. Pelaez and Peter W. Sognefest. Option Plan

Edgar Filing: II-VI INC - Form DEF 14A

The Company's Board of Directors and shareholders in 1982 adopted an Incentive Stock Option Plan which was amended and restated by the Board and approved by the shareholders in 1987 as the II-VI Incorporated Stock Option Plan of 1987, in 1990 as the II-VI Incorporated Stock Option Plan of 1990, in 1997 as the II-VI Incorporated Stock Option Plan of 1997 and in 2001 as the II-VI Incorporated Stock Option Plan of 2001 (the "Option Plan"). The Option Plan currently provides for the issuance of up to 7,740,000 shares of the Company's Common Stock. As of June 30, 2005, approximately 423 officers and employees of the Company were eligible for consideration to receive options under the Option Plan.

The following table sets forth information with respect to each of the Company's Named Executive Officers concerning the exercise of options during fiscal 2005 and exercisable and unexercised options held as of June 30, 2005:

Employment Agreements

Carl J. Johnson, Francis J. Kramer and Herman E. Reedy have employment agreements with the Company, terminable by either party on thirty days' prior written notice, which contain, among other matters, provisions for payment of compensation and benefits in the discretion of the Company, and agreements regarding confidentiality, non-competition and assignment of inventions. The employment agreements also provide that in the event the employee is terminated by the Company for any reason except for fraud, theft, embezzlement or any other dishonest act, the employee will continue to receive his base salary at the time of termination for up to nine months after the date of termination.

Report of the Compensation Committee

The Compensation Committee has the responsibility of recommending to the Board of Directors appropriate salaries and bonuses for all executive officers and senior management of the Company. The Compensation Committee has the responsibility of granting stock options to eligible employees including the executive officers. The committee is comprised of all of the non-management directors of the Company.

Compensation Philosophy

To link the interests of executives and managers to the interests of shareholders and other potential investors.

To provide incentives for working toward increasing short-term and long-term shareholder value through growth-driven financial compensation.

To provide incentives for innovation, quality management, responsiveness to customer needs, environmental, health and safety performance and an action-oriented approach to opportunities in the marketplace.

To attract and retain individuals with the leadership and technical skills required to carry the Company into the future, and to grow the business.

To provide compensation in a manner that allows for shared risks by the executives and managers but also the potential for shared rewards.

Executive Compensation

The Company uses a three-pronged approach to its executive compensation program: 1) base salary; 2) potential for cash bonuses; and 3) equity-based compensation. The Company's compensation plans tie a significant portion of executive compensation to performance goals. In fact, executive officers have a significant portion of their compensation package at-risk, which means it is not guaranteed but rather is received through cash bonuses or equity-based compensation based on the Company's performance. In the aggregate, 61%, 69% and 62% of the executive officer's compensation for fiscal 2005, 2004 and 2003, respectively, came from at-risk incentive directly related to Company performance. During the course of each year, the Committee meets with the Chief Executive Officer and Chief Operating Officer of the Company to review recommendations on changes, if any, in the base salary of each executive officer. Based on the Committee's judgment and knowledge of salary practices, national surveys and an individual's performance and contribution to the Company, the Committee modifies or approves such recommendations.

Base Salary: The Company sets base salary levels for executive officers and senior management each year based on a number of factors, including the status of the competitive marketplace for such positions, the responsibilities of the position, the experience of the individual, the individual's performance during the past year, and equity in relationship to other positions within the Company.

Cash Bonuses: The Company awards cash bonuses under a Bonus Incentive Plan which is based on a formula percentage of the Company's profits determined annually by the Board of Directors. The Company also awards cash bonuses under a Management-By-Objective Plan which is based on a formula percentage of operating profits, determined annually by the Board, based on achievement of certain strategic objectives integral to the annual operating plan. Finally, cash bonuses may be awarded at the discretion of the Compensation Committee based on

achievement of pre-determined goals or other factors.

Equity-based Compensation: The Company has a stock option plan covering employees, including executive officers, and awards under this plan are made by the Compensation Committee. Periodically, the Compensation Committee may consider granting executive officers and senior management of the Company awards under the plan. These options, which generally vest over time, are awarded to executive officers and senior management based on their continued contribution to the Company's achievement of financial and

operating objectives. These awards are designed to align the interests of the Company's shareholders and to motivate the Company's executive officers and senior management to remain focused on the overall long-term performance of the Company.

Chief Executive Officer and Chief Operating Officer

In setting compensation for the Chief Executive Officer and Chief Operating Officer, the Compensation Committee considers objective criteria including performance of the business, accomplishments of long-term strategic goals and the development of management. The Compensation Committee considers the Company's revenue and earnings growth to be the most important factors in determining the Chief Executive Officer's and Chief Operating Officer's compensation package. Along with the financial performance factors, the Compensation Committee also considers achievement of long-term strategic goals, including enhancing the Company's reputation among both its customer and investor bases during the year, and the market base salary of comparable positions. The base salary has normally been 75-80% of the market base salary due to the at risk portion of the compensation mentioned earlier.

Deductibility of Executive Compensation

The Compensation Committee believes that the compensation program for executive officers should be structured in a manner that would permit deductibility under the Internal Revenue Code. It also realizes that the evaluation of the overall performance of executive officers cannot be reduced in all cases to a fixed formula. There may be situations in which the prudent use of discretion in determining pay levels is in the best interest of the Company and its constituencies. In some situations where discretion is used, compensation may not be fully deductible. However, the Compensation Committee does not believe that such loss of deductibility would have a material impact on the financial condition of the Company.

APPROVAL OF THE II-VI INCORPORATED 2005 OMNIBUS INCENTIVE PLAN

(PROPOSAL 2)

On August 13, 2005, the Board of Directors unanimously adopted, subject to approval of the shareholders of the Company, the Company's 2005 Omnibus Incentive Plan. The shareholders will be asked to vote on a proposal to approve the 2005 Omnibus Incentive Plan which provides for the grant of stock options, stock appreciation rights (SARs), restricted shares, deferred shares or performance shares in the aggregate not to exceed 1,800,000 of Common Stock and performance units. If the 2005 Omnibus Incentive Plan is approved by shareholders, no further stock option grants will be made under the 2001 Stock Option Plan.

The Board of Directors has concluded that the 2005 Omnibus Incentive Plan is necessary in order to maintain the availability of incentive and rewards as a vehicle for securing the advantages of incentive and the sense of proprietorship inherent in stock ownership with respect to directors, officers, key employees, consultants and independent contractors who are responsible for the Company's continued growth, development and future success and assisting the Company's efforts to recruit, retain and motivate high-quality employees. Accordingly, the Board of Directors believes that adoption of the 2005 Omnibus Incentive Plan is in the best interests of the Company and its shareholders.

The affirmative vote of a majority of the votes entitled to be cast at the Annual Meeting by shareholders present in person or by proxy at the meeting is required to approve the 2005 Omnibus Incentive Plan.

THE BOARD UNANIMOUSLY RECOMMENDS THAT THE SHAREHOLDERS VOTE FOR THE ADOPTION OF THE 2005 OMNIBUS INCENTIVE PLAN.

Summary Plan Description

The following description is not a complete statement of the 2005 Omnibus Incentive Plan and is qualified in its entirety by reference to the complete text of the 2005 Omnibus Incentive Plan, a copy of which is attached hereto as Exhibit A.

Administration. The 2005 Omnibus Incentive Plan is to be administered by the Board of Directors or, at its election, either by (i) a committee of the Board of Directors or (ii) with respect to individuals not subject to Section 16 of the Securities Exchange Act of 1934, as amended, an officer of the Company (the "Plan Administrator"). The Plan Administrator from time to time at its discretion makes determinations with respect to the persons who shall be granted awards, as well as the amount, timing and conditions of such awards.

Awards Available. Awards under the 2005 Omnibus Incentive Plan may be in the form of stock options; stock appreciation rights, restricted stock, deferred shares, performance shares or performance units. The maximum number of shares as to which stock awards may be granted under the 2005 Omnibus Incentive Plan is 1,800,000 shares of Common Stock. This reserved share amount is subject to adjustments by the Plan Administrator as provided in the 2005 Omnibus Incentive Plan for stock splits, stock dividends, recapitalizations and other similar transactions or events. Shares of Common Stock issued under the 2005 Omnibus Incentive Plan may be shares of original issuance, shares held in treasury or shares that have been reacquired by the Company.

Edgar Filing: II-VI INC - Form DEF 14A

Eligibility. Employees of the Company and its subsidiaries, nonemployee directors and consultants may be selected by the Plan Administrator to receive awards under the 2005 Omnibus Incentive Plan. The benefits or amounts that may be received by or allocated to participants under the 2005 Omnibus Incentive Plan will be determined at the discretion of the Plan Administrator.

Types of Awards

1. *Stock Options.* Stock options entitle the optionee to purchase shares of Common Stock at a price equal to or greater than the fair market value on the date of grant. Options may be either incentive stock

options or nonqualified stock options, provided that only employees may be granted incentive stock options. No stock option may be exercised more than 10 years from the date of grant.

2. *Stock Appreciation Rights.* Stock appreciation rights represent the right to receive an amount, determined by the Plan Administrator and expressed as a percentage not exceeding 100%, of the difference between the base price established for such rights and the fair market value of the Company's Common Stock on the date the rights are exercised. The base price must not be less than the fair market value of the Common Stock on the date the right is granted. The Plan Administrator may grant tandem stock appreciation awards in connection with an option or free-standing stock appreciation awards unrelated to an option. No stock appreciation right may be exercised more than 10 years from the date of grant.
3. *Restricted Stock.* An award of restricted stock involves the immediate transfer by the Company to a participant of ownership of a specific number of shares of Common Stock in return for the performance of services. The participant is entitled immediately to voting, dividend and other ownership rights in such shares, subject to the discretion of the Plan Administrator. Restricted stock must be subject to a substantial risk of forfeiture within the meaning of Code Section 83 for a period to be determined by the Plan Administrator on the grant date and any grant or sale may provide for the earlier termination of such risk of forfeiture in the event of a change of control of the Company or similar event.
4. *Deferred Shares.* An award of deferred shares represents the right to receive a specific number of shares at the end of a specified deferral period. During the deferral period, the participant is not entitled to vote or receive dividends on the shares subject to the award, but the Plan Administrator may provide for the payment of dividend equivalents on a current or deferred basis.
5. *Performance Shares and Units.* A performance share is the equivalent of one share of Common Stock, and a performance unit is the equivalent of \$1.00. Each grant will specify one or more performance objectives to be met within a specified period (the performance period). If by the end of the performance period the participant has achieved the specified performance objectives, the participant will be deemed to have fully earned the performance shares or performance units. If the participant has not achieved the level of acceptable achievement, the participant may be deemed to have partly earned the performance shares or performance units in accordance with a predetermined formula. To the extent earned, the performance shares or performance units will be paid to the participant at the time and in the manner determined by the Plan Administrator.

Performance Objectives. The 2005 Omnibus Incentive Plan provides that grants of performance shares, performance units or, when determined by the Plan Administrator, options, deferred shares, restricted stock or other stock-based awards may be made based upon performance objectives. Performance objectives applicable to awards that are intended to be exempt from the limitations of Code Section 162(m) are limited to specified levels of or increases in the Company's or subsidiary's return on equity, diluted earnings per share, total earnings, earnings growth, return on capital, return on assets, earnings before interest and taxes, sales, sales growth, gross revenue, gross margin return on investment, increase in the fair market value of the Company's common stock, share price (including but not limited to, growth measures and total stockholder return), operating profit, net earnings, cash flow (including, but not limited to, operating cash flow and free cash flow), cash flow return on investment (which equals net cash flow divided by total capital), inventory turns, financial return ratios, total return to shareholders, market share, earnings measure/ratios, economic value added (EVA), balance sheet measurements such as receivable turnover, internal rate of return, increase in net present value or expense targets, Employer of Choice or similar survey results, customer satisfaction surveys and productivity. Performance criteria may be measured on an absolute or relative basis. Relative performance may be measured by a group of peer companies or by a financial market index. Except in the case of an award intended to be exempt from the limitations of Code Section 162(m), if the Plan Administrator determines that a change in the business, operations, corporate structure or capital structure of the Company, or the manner in which it conducts its business, or other events or circumstances render the performance objectives unsuitable, the Plan Administrator may modify the performance objectives or the related minimum acceptable level of achievement, in whole or in part, as the Plan Administrator deems appropriate and equitable.

Plan Termination. The 2005 Omnibus Incentive Plan will terminate on the tenth anniversary of the date it is approved by shareholders, and no award will be granted under the plan after that date.

Tax Aspects. The following is a general summary of the principal federal income tax consequences of certain awards and transactions under the 2005 Omnibus Incentive Plan. The following summary is based upon an interpretation of present federal tax laws and regulations and may be inapplicable if such laws and regulations are changed. This summary is not intended to be exhaustive or constitute tax advice and does not describe state, local or foreign tax consequences. To the extent any awards under the Plan are subject to Code Section 409A, the following description assumes that such awards will be designed to conform to the requirements of Code Section 409A and the regulations or other guidance promulgated thereunder.

Nonqualified Stock Options and Stock Appreciation Rights. In general, an optionee will not recognize income at the time a nonqualified stock option is granted. At the time of exercise, the optionee will recognize ordinary income in an amount equal to the difference between the option price paid for the shares and the fair market value of the shares on the date of exercise. At the time of sale of shares acquired pursuant to the exercise of a nonqualified stock option, any appreciation (or depreciation) in the value of the shares after the date of exercise generally will be treated as capital gain (or loss). The Company is generally entitled to a tax deduction in an amount equal to the compensation income recognized by the optionee. This deduction is allowed in the Company's taxable year in which the income is included as compensation to the optionee.

Stock appreciation rights are treated very similarly to nonqualified stock options for tax purposes. The holder of a stock appreciation right will not normally realize any taxable income upon the grant of the stock appreciation right. Upon the exercise of a stock appreciation right, the person exercising the stock appreciation right will realize compensation taxable as ordinary income equal to either: (i) the cash received upon the exercise; or (ii) if shares are received upon the exercise of the stock appreciation right, the fair market value of such shares as of the exercise date. The Company will generally be entitled to a tax deduction for compensation paid in the same amount that the holder of the stock appreciation right realizes as ordinary income. This deduction is allowed in the Company's taxable year in which the income is included as compensation to the optionee.

Incentive Stock Options. Options issued under the 2005 Omnibus Incentive Plan and designated as incentive stock options and are intended to qualify under Code Section 422. Under the provisions of Code Section 422 and the related regulations, an optionee will not be required to recognize any income for federal income tax purposes at the time of grant of an incentive stock option, nor is the Company entitled to any deduction. The exercise of an incentive stock option is also not a taxable event, although the difference between the option price and the fair market value of the option stock on the date of exercise is an item of tax preference for purposes of the alternative minimum tax.

The taxation of gain or loss upon the sale of stock acquired upon exercise of an incentive stock option depends, in part, on whether the stock is held for at least two years from the date the option was granted and at least one year from after the date the stock was transferred to the optionee. If shares issued to an optionee upon the exercise of an incentive stock option are not disposed of prior to satisfying the holding period requirements, then upon the sale of the shares any amount realized in excess of the option price generally will be taxed to the optionee as long-term capital gain and any loss sustained will be a long-term capital loss. If shares acquired upon the exercise of an incentive stock option are disposed of prior to satisfying the holding period requirements described above (a disqualifying disposition), the optionee generally will recognize ordinary income in the year of disposition in an amount equal to any excess of the fair market value of the shares at the time of exercise (or, if less, the amount realized on the disposition of the shares) over the option price paid for the shares. Any further gain (or loss) realized by the optionee generally will be taxed as short-term or long-term capital gain (or loss) depending on the holding period. If the optionee recognizes ordinary income upon a disqualifying disposition, the Company generally will be entitled to a tax deduction in the same amount.

Subject to certain exceptions for death or disability, if an optionee exercises an incentive stock option more than three months after termination of employment, the exercise of the option will be taxed as the exercise of a nonqualified stock option.

Restricted Stock. Upon the grant of restricted stock, the participant will not recognize taxable income and the Company will not be allowed a tax deduction. Rather, on the date when the restrictions lapse, the participant will recognize ordinary income equal to the fair market value of the stock on that date (less the price paid, if any, for such stock). Alternatively, the participant may elect, within 30 days after the grant of restricted stock, to recognize ordinary income at the time of the grant, in which event the amount of such ordinary income will be equal to the fair market value of the stock on the date of grant. If a Section 83(b) election has not been made, any dividends received with respect to the restricted stock prior to the lapse of the restrictions will be treated as additional compensation that is taxable as ordinary income to the participant. In either event, at the time the participant recognizes income with respect to the restricted stock, the Company is generally entitled to a deduction in an equal amount.

Deferred Shares. A participant of a deferred share award will not be required to recognize any income for federal income tax purposes at the time of the grant of such award, nor is the Company entitled to any deduction at such time. Rather, when the deferred shares are paid, the participant will recognize ordinary income equal to the fair market value of the shares, reduced by any amount paid by the participant. When the participant recognizes ordinary income upon receipt of the deferred shares, the Company generally will be entitled to a tax deduction in the same amount.

Performance Shares and Units. A participant generally will not recognize income upon the grant of performance shares or performance units. Upon payment, with respect to performance shares or performance units, the participant generally will recognize as ordinary income an amount equal to the amount of cash received and the fair market value of any unrestricted stock received. When the participant recognizes ordinary income upon payment of the performance shares and /or units, the Company generally will be entitled to a tax deduction in the same amount.

Limitations on Company's Deductions; Consequences of Change of Control. With certain exceptions, Code Section 162(m) limits the Company's deduction for compensation in excess of \$1 million paid to certain covered employees (generally the Company's chief executive officer and its four other highest-paid executive officers). Compensation paid to covered employees is not subject to the deduction limitation if it is considered qualified performance-based compensation within the meaning of Code Section 162(m). If the Company's shareholders approve the 2005 Omnibus Incentive Plan, the Company believes that stock options, stock appreciation rights and performance awards (intended to be treated as qualified performance-based compensation as defined in the Code) granted to covered employees under the 2005 Omnibus Incentive Plan will satisfy the requirements of qualified performance-based compensation and therefore the Company will be entitled to a deduction with respect to such stock options, stock appreciation rights and performance awards. However, with respect to compensation attributable to restricted stock, deferred share awards, stock awards, other stock-based awards and performance awards (not intended to be treated as qualified performance-based compensation as defined in the Code), the deduction that the Company might otherwise receive with respect to such awards to covered employees may be disallowed.

In addition, if a change of control of the Company causes awards under the 2005 Omnibus Incentive Plan to accelerate vesting or is deemed to result in the attainment of performance goals, the participants could, in some cases, be considered to have received excess parachute payments, which could subject participants to a 20% excise tax on the excess parachute payments and could result in a disallowance of the Company's deductions under Code Section 280G.

Code Section 409A. Awards of stock options, stock appreciation rights, deferred shares, performance shares and performance units under the 2005 Omnibus Incentive Plan may, in some cases, result in the deferral of compensation that is subject to the requirements of Code Section 409A. To date, the U.S.

Treasury Department and Internal Revenue Service have issued only preliminary guidance regarding the impact of Code Section 409A on the taxation of these types of awards. Generally, to the extent that these awards fail to meet certain requirements under Code Section 409A, such awards will be subject to immediate taxation and tax penalties in the year they vest. It is the intent of the Company that awards under the 2005 Omnibus Incentive Plan will be structured and administered in a manner that complies with the requirements of Code Section 409A.

With respect to a Qualified Performance-Based Award and to the extent permissible under Code Section 162(m), the Committee may provide that one or more Performance Objectives will be adjusted in an objectively determinable manner to reflect events (e.g., extraordinary, unusual, infrequent or non-recurring items) occurring during the Performance Period that affect the applicable Qualified Performance-Based Award.

4. *Plan Administration.*

4.1 *Board Committee Administration.* This Plan shall be administered by the Committee, provided that the full Board may at any time act as the Committee. Except to the extent prohibited by applicable law or regulation, the Committee may allocate all or any portion of its responsibilities and powers to any one or more of its members and may revoke any such allocation at any time. The interpretation and construction by the Committee of any provision of this Plan or of any Award Agreement and any determination by the Committee pursuant to any provision of this Plan or any such agreement, notification or document, shall be final and conclusive. No member of the Committee shall be liable to any person for any such action taken or determination made in good faith.

5. *Options.* The Committee may from time to time authorize grants to Participants of options to purchase Shares upon such terms and conditions as the Committee may determine in accordance with the following provisions:

5.1 *Number of Shares.* Each grant shall specify the number of Shares to which it pertains.

5.2 *Option Price.* Each grant shall specify an Option Price per Share, which shall be equal to or greater than the Fair Market Value per Share on the Grant Date.

5.3 *Consideration.* Each grant shall specify the form of consideration to be paid in satisfaction of the Option Price and the manner of payment of such consideration, which may include (i) cash in the form of currency or check or other cash equivalent acceptable to the Company, (ii) nonforfeitable, unrestricted Shares owned by the Optionee which have a value at the time of exercise that is equal to the Option Price provided such Shares have been purchased by such Optionee in the open market or have been held by such Optionee for at least six months, (iii) any other legal consideration that the Committee may deem appropriate, including without limitation any form of consideration authorized under Section 5.4, on such basis as the Committee may determine in accordance with this Plan, or (iv) any combination of the foregoing.

5.4 *Payment of Option Price in Shares.* On or after the Grant Date of any Option other than an Incentive Stock Option, the Committee may determine that payment of the Option Price may also be made in whole or in part in the form of Restricted Shares or other Shares that are subject to risk of forfeiture or restrictions on transfer. Unless otherwise determined by the Committee, whenever any Option Price is paid in whole or in part by means of any of the forms of consideration specified in this Section 5.4, the Shares received by the Optionee upon the exercise of the Options shall be subject to the same risks of forfeiture or restrictions on transfer as those that applied to the consideration surrendered by the Optionee, provided that such risks of forfeiture and restrictions on transfer shall apply only to the same number of Shares received by the Optionee as applied to the forfeitable or restricted Shares surrendered by the Optionee.

5.5 *Cashless Exercise.* To the extent permitted by applicable law, any grant may provide for deferred payment of the Option Price from the proceeds of sale through a bank or broker on the date of exercise of some or all of the Shares to which the exercise relates.

5.6 *Performance-Based Options.* Any grant of an Option may specify Performance Objectives that must be achieved as a condition to exercise of the Option. Each grant of an Option may specify in respect of the specified Performance Objectives a minimum acceptable level of achievement below which no portion of the Option will be exercisable and may set forth a formula for determining the portion of the Option to be exercisable if performance is at or above such minimum acceptable level but falls short of the maximum achievement of the specified Performance Objectives.

A-7

5.7 Vesting. Each Option grant may specify a period of continuous employment of the Optionee by the Company or any Subsidiary (or, in the case of a Nonemployee Director, service on the Board) that is necessary before the Options or installments thereof shall become exercisable, and any grant may provide for the earlier exercise of such rights in the event of a change in control of the Company or other similar transaction or event.

5.8 ISO Dollar Limitation. Options granted under this Plan may be Incentive Stock Options, Nonqualified Stock Options or a combination of the foregoing, provided that only Nonqualified Stock Options may be granted to Nonemployee Directors. Each grant shall specify whether (or the extent to which) the Option is an Incentive Stock Option or a Nonqualified Stock Option. (b) If an Optionee's employment with the Company shall terminate because of total and permanent disability, as defined in Code Section 105(d)(4), such Optionee's Options which are vested and exercisable at the time of such termination may be exercised at any time, or from time to time, within twelve (12) months of the date of termination of employment, but in no event later than the expiration date of such Option(s).

(c) If an Optionee's employment with the Company shall terminate because of his early, normal or late retirement as those terms are defined in the Company's profit sharing plan, such Optionee's Options which are vested and exercisable at the time of such termination may be exercised at any time, or from time to time, within three (3) years of the date of termination of employment, but in no event later than the expiration date of such Option(s).

(d) If an Optionee's employment shall terminate for any reason other than death, total and permanent disability or retirement as aforesaid, all of such Optionee's rights to exercise Options shall terminate at the date of such termination of employment.

5.10 Award Agreement. Each grant shall be evidenced by an Award Agreement containing such terms and provisions as the Committee may determine consistent with this Plan.

6. Stock Appreciation Rights. The Committee may also authorize grants to Participants of Stock Appreciation Rights. A Stock Appreciation Right is the right of the Participant to receive from the Company an amount, which shall be determined by the Committee and shall be expressed as a percentage (not exceeding 100 percent) of the Spread at the time of the exercise of such right. Any grant of Stock Appreciation Rights under

Edgar Filing: II-VI INC - Form DEF 14A

this Plan shall be upon such terms and conditions as the Committee may determine in accordance with the following provisions:

A-8

(i) either grant to the Participant or reserve to the Committee the right to elect among those alternatives or (ii) preclude the right of the Participant to receive and the Company to issue Shares or other equity securities in lieu of cash.

6.2 *Maximum SAR Payment.* Any grant may specify that the amount payable upon the exercise of a Stock Appreciation Right shall not exceed a maximum specified by the Committee on the Grant Date.

6.3 *Exercise Period.* Any grant may specify (i) a waiting period or periods before Stock Appreciation Rights shall become exercisable and (ii) permissible dates or periods on or during which Stock Appreciation Rights shall be exercisable.

6.4 *Change in Control.* Any grant may specify that a Stock Appreciation Right may be exercised only in the event of a change in control of the Company or other similar transaction or event.

6.5 *Dividend Equivalents.* On or after the Grant Date of any Stock Appreciation Rights, the Committee may provide for the payment to the Participant of dividend equivalents thereon in cash or Shares on a current, deferred or contingent basis.

6.6 *Performance-Based Stock Appreciation Rights.* Any grant of a Stock Appreciation Right may specify Performance Objectives that must be achieved as a condition to exercise of the Stock Appreciation Right. Each grant of a Stock Appreciation Right may specify in respect of the specified Performance Objectives a minimum acceptable level of achievement below which no portion of the Stock Appreciation Right will be exercisable and may set forth a formula for determining the portion of the Stock Appreciation Right to be exercisable if performance is at or above such minimum acceptable level but falls short of the maximum achievement of the specified Performance Objectives.

6.7 *Award Agreement.* Each grant shall be evidenced by an Award Agreement which shall describe the subject Stock Appreciation Rights, identify any related Options, state that the Stock Appreciation Rights are subject to all of the terms and conditions of this Plan and contain such other terms and provisions as the Committee may determine consistent with this Plan.

6.8 *Tandem Stock Appreciation Rights.* Each grant of a Tandem Stock Appreciation Right shall provide that such Tandem Stock Appreciation Right may be exercised only (i) at a time when the related Option (or any similar right granted under any other plan of the Company) is also exercisable and the Spread is positive; and (ii) by surrender of the all or a portion of the related Option (or such other right) for cancellation in an amount equal to the portion of the Tandem Stock Appreciation Right so exercised.

6.9 *Exercise Period.* No Stock Appreciation Right granted under this Plan may be exercised more than ten years from the Grant Date.

6.10 *Freestanding Stock Appreciation Rights.* Regarding Freestanding Stock Appreciation Rights only:

(i) Each grant shall specify in respect of each Freestanding Stock Appreciation Right a Base Price per Share, which shall be equal to or greater than the Fair Market Value on the Grant Date;

(ii) Successive grants may be made to the same Participant regardless of whether any Freestanding Stock Appreciation Rights previously granted to such Participant remain unexercised; and

(iii) Each grant shall specify the period or periods of continuous employment of the Participant by the Company or any Subsidiary that are necessary before the Freestanding Stock Appreciation Rights or installments thereof shall become exercisable, and any grant may provide for the earlier exercise of such rights in the event of a change in control of the Company or other similar transaction or event.

A-9

7. *Restricted Shares.* The Committee may also authorize grants to Participants of Restricted Shares upon such terms and conditions as the Committee may determine in accordance with the following provisions:

7.1 *Transfer of Shares.* Each grant shall constitute an immediate transfer of the ownership of Shares to the Participant in consideration of the performance of services, subject to the substantial risk of forfeiture and restrictions on transfer hereinafter referred to.

7.2 *Consideration.* Each grant may be made without additional consideration from the Participant or in consideration of a payment by the Participant that is less than the Fair Market Value on the Grant Date.

7.3 *Substantial Risk of Forfeiture.* Each grant shall provide that the Restricted Shares covered thereby shall be subject to a substantial risk of forfeiture within the meaning of Code Section 83 for a period to be determined by the Committee on the Grant Date, and any grant or sale may provide for the earlier termination of such risk of forfeiture in the event of a change in control of the Company or other similar transaction or event.

7.4 *Dividends, Voting and Other Ownership Rights.* Unless otherwise determined by the Committee, an award of Restricted Shares shall entitle the Participant to dividend, voting and other ownership rights during the period for which such substantial risk of forfeiture is to continue.

7.5 *Restrictions on Transfer.* Each grant shall provide that, during the period for which such substantial risk of forfeiture is to continue, the transferability of the Restricted Shares shall be prohibited or restricted in the manner and to the extent prescribed by the Committee on the Grant Date. Such restrictions may include, without limitation, rights of repurchase or first refusal in the Company or provisions subjecting the Restricted Shares to a continuing substantial risk of forfeiture in the hands of any transferee.

7.6 *Performance-Based Restricted Shares.* Any grant or the vesting thereof may be further conditioned upon the attainment of Performance Objectives established by the Committee in accordance with the applicable provisions of Section 9 regarding Performance Shares and Performance Units.

7.7 *Dividends.* Any grant may require that any or all dividends or other distributions paid on the Restricted Shares during the period of such restrictions be automatically sequestered and reinvested on an immediate or deferred basis in additional Shares, which may be subject to the same restrictions as the underlying Award or such other restrictions as the Committee may determine.

7.8 *Award Agreements.* Each grant shall be evidenced by an Award Agreement containing such terms and provisions as the Committee may determine consistent with this Plan. Unless otherwise directed by the Committee, all certificates representing Restricted Shares, together with a stock power that shall be endorsed in blank by the Participant with respect to such Shares, shall be held in custody by the Company until all restrictions thereon lapse.

8. *Deferred Shares.* The Committee may authorize grants of Deferred Shares to Participants upon such terms and conditions as the Committee may determine in accordance with the following provisions:

Edgar Filing: II-VI INC - Form DEF 14A

8.1 *Deferred Compensation.* Each grant shall constitute the agreement by the Company to issue or transfer Shares to the Participant in the future in consideration of the performance of services, subject to the fulfillment during the Deferral Period of such conditions as the Committee may specify.

8.2 *Consideration.* Each grant may be made without additional consideration from the Participant or in consideration of a payment by the Participant that is less than the Fair Market Value on the Grant Date.

8.3 *Deferral Period.* Each grant shall provide that the Deferred Shares covered thereby shall be subject to a Deferral Period, which shall be fixed by the Committee on the Grant Date, and any grant or sale may provide for the earlier termination of such period in the event of a change in control of the Company or other similar transaction or event.

A-10

8.4 *Dividend Equivalents and Other Ownership Rights.* During the Deferral Period, the Participant shall not have any right to transfer any rights under the subject Award, shall not have any rights of ownership in the Deferred Shares and shall not have any right to vote such shares, but the Committee may on or after the Grant Date authorize the payment of dividend equivalents on such shares in cash or additional Shares on a current, deferred or contingent basis.

8.5 *Performance Objectives.* Any grant or the vesting thereof may be further conditioned upon the attainment of Performance Objectives established by the Committee in accordance with the applicable provisions of Section 9 regarding Performance Shares and Performance Units.

8.6 *Award Agreement.* Each grant shall be evidenced by an Award Agreement containing such terms and provisions as the Committee may determine consistent with this Plan.

9. *Performance Shares and Performance Units.* The Committee may also authorize grants of Performance Shares and Performance Units, which shall become payable to the Participant upon the achievement of specified Performance Objectives, upon such terms and conditions as the Committee may determine in accordance with the following provisions:

9.1 *Number of Performance Shares or Units.* Each grant shall specify the number of Performance Shares or Performance Units to which it pertains, which may be subject to adjustment to reflect changes in compensation or other factors.

9.2 *Performance Period.* The Performance Period with respect to each Performance Share or Performance Unit shall commence on the Grant Date and may be subject to earlier termination in the event of a change in control of the Company or other similar transaction or event.

9.3 *Performance Objectives.* Each grant shall specify the Performance Objectives that are to be achieved by the Participant.

9.4 *Threshold Performance Objectives.* Each grant may specify in respect of the specified Performance Objectives a minimum acceptable level of achievement below which no payment will be made and may set forth a formula for determining the amount of any payment to be made if performance is at or above such minimum acceptable level but falls short of the maximum achievement of the specified Performance Objectives.

9.5 *Payment of Performance Shares and Units.* Each grant shall specify the time and manner of payment of Performance Shares or Performance Units that shall have been earned, and any grant may specify that any such amount may be paid by the Company in cash, Shares or any combination thereof and may either grant to the Participant or reserve to the Committee the right to elect among those alternatives.

9.6 *Maximum Payment.* Any grant of Performance Shares may specify that the amount payable with respect thereto may not exceed a maximum specified by the Committee on the Grant Date. Any grant of Performance Units may specify that the amount payable, or the number of Shares issued, with respect thereto may not exceed maximums specified by the Committee on the Grant Date.

Edgar Filing: II-VI INC - Form DEF 14A

9.7 *Dividend Equivalents.* Any grant of Performance Shares may provide for the payment to the Participant of dividend equivalents thereon in cash or additional Shares on a current, deferred or contingent basis.

9.8 *Adjustment of Performance Objectives.* If provided in the terms of the grant, and to the extent permissible under Code Section 162(m), the Committee may adjust Performance Objectives and the related minimum acceptable level of achievement if, in the sole judgment of the Committee, events or transactions have occurred after the Grant Date that are unrelated to the performance of the Participant and result in distortion of the Performance Objectives or the related minimum acceptable level of achievement.

A-11

9.9 *Award Agreement.* Each grant shall be evidenced by an Award Agreement which shall state that the Performance Shares or Performance Units are subject to all of the terms and conditions of this Plan and such other terms and provisions as the Committee may determine consistent with this Plan.

10. *Transferability.*

10.1 *Transfer Restrictions.* Except as provided in Section 10.2, no Award granted under this Plan shall be transferable by a Participant other than by will or the laws of descent and distribution, and Options and Stock Appreciation Rights shall be exercisable during a Participant's lifetime only by the Participant or, in the event of the Participant's legal incapacity, by his guardian or legal representative acting in a fiduciary capacity on behalf of the Participant under state law. Any attempt to transfer an Award in violation of this Plan shall render such Award null and void.

10.2 *Limited Transfer Rights.* The Committee may expressly provide in an Award agreement (or an amendment to an Award agreement) that a Participant may transfer such Award (other than an Incentive Stock Option), in whole or in part, to a spouse or lineal descendant (a Family Member), a trust for the exclusive benefit of Family Members, a partnership or other entity in which all the beneficial owners are Family Members, or any other entity affiliated with the Participant that may be approved by the Committee. Subsequent transfers of Awards shall be prohibited except in accordance with this Section 10.2. All terms and conditions of the Award, including provisions relating to the termination of the Participant's employment or service with the Company or a Subsidiary, shall continue to apply following a transfer made in accordance with this Section 10.2.

10.3 *Restrictions on Transfer.* Any Award made under this Plan may provide that all or any part of the Shares that are (i) to be issued or transferred by the Company upon the exercise of Options or Stock Appreciation Rights, upon the termination of the Deferral Period applicable to Deferred Shares or upon payment under any grant of Performance Shares or Performance Units, or (ii) no longer subject to the substantial risk of forfeiture and restrictions on transfer referred to in Section 7, shall be subject to further restrictions upon transfer.

11. *Adjustments.* The Committee may make or provide for such adjustments in the (a) number of Shares covered by outstanding Awards, including Options, Stock Appreciation Rights, Deferred Shares, Restricted Shares and Performance Shares, granted hereunder, (b) prices per share applicable to such Options and Stock Appreciation Rights, and (c) kind of shares covered thereby (including shares of another issuer), as the Committee in its sole discretion may in good faith determine to be equitably required in order to prevent dilution or enlargement of the rights of Participants that otherwise would result from (x) any stock dividend, stock split, combination or exchange of Shares, recapitalization or other change in the capital structure of the Company, (y) any merger, consolidation, spin-off, spin-out, split-off, split-up, reorganization, partial or complete liquidation or other distribution of assets (other than a normal cash dividend), issuance of rights or warrants to purchase securities or (z) any other corporate transaction or event having an effect similar to any of the foregoing. Moreover, in the event of any such transaction or event, the Committee may provide in substitution for any or all outstanding Awards under this Plan such alternative consideration as it may in good faith determine to be equitable under the circumstances and may cancel all Awards in exchange for such alternative consideration. If, in connection with any such transaction or event in which the Company does not survive, the amount payable pursuant to any Award, based on consideration per Share to be paid in connection with such transaction or event and the Base Price, Option Price, Spread or otherwise of the Award, is not a positive amount, the Committee may provide for cancellation of such Award without any payment to the holder thereof. The Committee may also make such adjustments to this Plan and/or outstanding Awards in order to conform the provisions of the Plan or such Awards with Code Section 409A regardless of whether such modification, amendment, or termination of the Plan shall adversely affect the rights of a Participant under the Plan or an Award Agreement. The Committee may also make or provide for such adjustments in each of the limitations specified in Section 3 as the Committee in its sole discretion may in good faith determine to be appropriate in order to reflect any transaction or event described in this Section 11.

12. *Fractional Shares.* The Company shall not be required to issue any fractional Shares pursuant to this Plan. The Committee may provide for the elimination of fractions or for the settlement thereof in cash.

13. *Withholding Taxes.* To the extent that the Company is required to withhold federal, state, local or foreign taxes in connection with any payment made or benefit realized by a Participant or other person under this Plan, it shall be a condition to the receipt of such payment or the realization of such benefit that the Participant or such other person make arrangements satisfactory to the Company for payment of all such taxes required to be withheld. At the discretion of the Committee, such arrangements may include relinquishment of a portion of such benefit.

14. *Certain Terminations of Employment, Hardship and Approved Leaves of Absence.* Notwithstanding any other provision of this Plan to the contrary, in the event of termination of employment by reason of death, disability, normal retirement, early retirement with the consent of the Company or leave of absence approved by the Company, or in the event of hardship or other special circumstances, of a Participant who holds an Option or Stock Appreciation Right that is not immediately and fully exercisable, any Restricted Shares as to which the substantial risk of forfeiture or the prohibition or restriction on transfer has not lapsed, any Deferred Shares as to which the Deferral Period is not complete, any Performance Shares or Performance Units that have not been fully earned, or any Shares that are subject to any transfer restriction pursuant to Section 10.3, the Committee may in its sole discretion take any action that it deems to be equitable under the circumstances or in the best interests of the Company, including, without limitation, waiving or modifying any limitation or requirement with respect to any Award under this Plan.

15. *Foreign Participants.* In order to facilitate the making of any grant or combination of grants under this Plan, the Committee may provide for such special terms for Awards to Participants who are foreign nationals, or who are employed by or perform services for the Company or any Subsidiary outside of the United States of America, as the Committee may consider necessary or appropriate to accommodate differences in local law, tax policy or custom. Moreover, the Committee may approve such supplements to, or amendments, restatements or alternative versions of, this Plan as it may consider necessary or appropriate for such purposes without thereby affecting the terms of this Plan as in effect for any other purpose, provided that no such supplements, amendments, restatements or alternative versions shall include any provisions that are inconsistent with the terms of this Plan, as then in effect, unless this Plan could have been amended to eliminate such inconsistency without further approval by the shareholders of the Company.

16. *Amendments and Other Matters.*

16.1 *Plan Amendments.* This Plan may be amended from time to time by the Board, but no such amendment shall increase any of the limitations specified in Section 3, other than to reflect an adjustment made in accordance with Section 11, without the further approval of the shareholders of the Company. The Board may condition any amendment on the approval of the shareholders of the Company if such approval is necessary or deemed advisable with respect to the applicable listing or other requirements of a national securities exchange or other applicable laws, policies or regulations.

16.2 *Award Deferrals.* The Committee may permit Participants to elect to defer the issuance of Shares or the settlement of Awards in cash under the Plan pursuant to such rules, procedures or programs as it may establish for purposes of this Plan. In the case of an award of Restricted Shares, the deferral may be effected by the Participant's agreement to forego or exchange his or her award of Restricted Shares and receive an award of Deferred Shares. The Committee also may provide that deferred settlements include the payment or crediting of interest on the deferral amounts, or the payment or crediting of dividend equivalents where the deferral amounts are denominated in Shares.

16.3 *Conditional Awards.* The Committee may condition the grant of any award or combination of Awards under the Plan on the surrender or deferral by the Participant of his or her right to receive a cash bonus or other compensation otherwise payable by the Company or any Subsidiary to the Participant.

A-13

16.4 *Repricing Prohibited.* The Committee shall not reprice any outstanding Option, directly or indirectly, without the approval of the shareholders of the Company, provided that nothing herein shall prevent the Committee from taking any action provided for in Section 11.

16.5 *No Employment Right.* This Plan shall not confer upon any Participant any right with respect to continuance of employment or other service with the Company or any Subsidiary and shall not interfere in any way with any right that the Company or any Subsidiary would otherwise have to terminate any Participant's employment or other service at any time.

16.6 *Tax Qualifications.* To the extent that any provision of this Plan would prevent any Option that was intended to qualify under particular provisions of the Code from so qualifying, such provision of this Plan shall be null and void with respect to such Option, provided that such provision shall remain in effect with respect to other Options, and there shall be no further effect on any provision of this Plan. Notwithstanding any provision of this Plan to the contrary, if any benefit or Award provided under this Plan is subject to the provisions of Code Section 409A and the regulations issued thereunder, the provisions of the Plan shall be administered, interpreted and construed in a manner necessary to comply with Section 409A and the regulations issued thereunder (or disregarded to the extent such provision cannot be so administered, interpreted, or construed). Notwithstanding any provision of this Plan to the contrary, if any benefit or Award under this Plan is intended to qualify as performance-based compensation under Code Section 162(m) and the regulations issued thereunder and a provision of this Plan would prevent such benefit or Award from so qualifying, such provision shall be administered, interpreted and construed to carry out such intention (or disregarded to the extent such provision cannot be so administered, interpreted or construed).

17. *Effective Date.* This Plan shall become effective upon its approval by the shareholders of the Company.

18. *Termination.* No Award shall be granted from and after the tenth anniversary of the date upon which this Plan is approved by the shareholders of the Company. This Plan shall remain in effect with respect to Awards outstanding at that time.

19. *Limitations Period.* Any person who believes he or she is being denied any benefit or right under the Plan may file a written claim with the Committee. Any claim must be delivered to the Committee within forty-five (45) days of the specific event giving rise to the claim. Untimely claims will not be processed and shall be deemed denied. The Committee, or its designated agent, will notify the Participant of its decision in writing as soon as administratively practicable. Claims not responded to by the Committee in writing within ninety (90) days of the date the written claim is delivered to the Committee shall be deemed denied. The Committee's decision is final and conclusive and binding on all persons. No lawsuit relating to the Plan may be filed before a written claim is filed with the Committee and is denied or deemed denied and any lawsuit must be filed within one year of such denial or deemed denial or be forever barred.

20. *Governing Law.* The validity, construction and effect of this Plan and any Award hereunder will be determined in accordance with the internal laws of the Commonwealth of Pennsylvania without giving effect to conflict of laws.
