**Item 2.06 Material Impairments**

Today Sara Lee Corporation (the Corporation) announced that it has agreed to an exclusive negotiation period with an affiliate of Sun Capital Partners, Inc. (Sun) regarding the sale of the Corporation's European Apparel business. On September 23, 2005 the Board of Directors of the Corporation authorized management to negotiate and enter into a definitive agreement to sell the Corporation's European Apparel business and, on September 28, 2005, the Corporation agreed to an exclusive negotiation period with Sun. A definitive sales agreement has not been executed. The transaction being negotiated with Sun excludes the Sara Lee Courtaulds business, the Corporation's U.K.-based division that manufactures private-label apparel for retailers.

On July 20, 2005, the Corporation filed a Current Report on Form 8-K to disclose that, during the quarter and year ended July 2, 2005, the Corporation recognized an impairment charge of \$305 million in its European Apparel business, with \$182 million related to goodwill and \$123 million related to indefinite lived trademarks. As a result of differences between the potential transaction terms authorized by the Corporation's Board of Directors on September 23, 2005 and other nonbinding bids for the business previously received, the Corporation conducted another impairment review of the European Apparel business and determined that an additional write down of the business was required. The potential transaction authorized by the Corporation's Board will result in the business being classified as held for sale and the recognition of a material impairment in the Corporation's financial statements for the first quarter ending on October 1, 2005.

The exact amount of the impairment to be recognized will depend upon the terms of any definitive agreement entered into with Sun, the Corporation's investment in the business at the time of the sale and the amount of cash the Corporation receives at closing. The potential transaction terms reviewed by the Board on September 23, 2005 include contingent payments, which were not considered in determining the amount of the impairment charge. Based upon the Corporation's September 3, 2005 financial statements, the impairment to be recognized in the fiscal 2006 first quarter is expected to approximate \$165 million and result in the remaining intangible assets and property of the European Apparel business being written down to zero. The impairment charge to be recognized in fiscal 2006 will not result in the expenditure of cash and is incremental to the amounts disclosed in the Form 8-K filed by the Corporation on July 20, 2005.

In addition, if the potential transaction is executed, it is probable that the Corporation will be required to fund certain pension obligations. Although the exact amount of cash to be contributed will depend upon the funded status of the plans and foreign exchange rates at a future period, the Corporation previously estimated that the cash contribution could approximate \$65 million. The wind up of these pension plans also may result in the purchase of annuities for the impacted employees and the future settlement of these obligations would likely result in a loss.
