PROXY STATEMENT

ANNUAL MEETING OF STOCKHOLDERS

INTRODUCTION

This Proxy Statement is furnished by the Board of Directors of Noble International, Ltd., a Delaware corporation (the "Company"), in connection with the solicitation of proxies for use at the Annual Meeting of Stockholders to be held on May 19, 2006 and at any adjournments thereof. The Annual Meeting has been called to consider and vote upon (1) the election of seven (7) Directors, (2) a proposal to amend the Company's Certificate of Incorporation, and (3) such other business as may properly come before the Annual Meeting or any adjournment(s) thereof. This Proxy Statement and the accompanying Proxy are being sent to Stockholders on or about April 26, 2006.

Persons Making the Solicitation

The Proxy is solicited on behalf of the Board of Directors of the Company. The original solicitation will be by mail. Following the original solicitation, the Board of Directors expects that certain individual Stockholders will be further solicited through telephone or other oral communications from the Board of Directors. The Board of Directors does not intend to use specially engaged employees or paid solicitors. The Board of Directors intends to solicit Proxies for shares which are held of record by brokers, dealers, banks or voting trustees, or their nominees, and may pay the reasonable expenses of such record holders for completing the mailing of solicitation materials to persons for whom they hold shares. All solicitation expenses will be borne by the Company.

Terms of the Proxy

The enclosed Proxy indicates the matters to be acted upon at the Annual Meeting and provides boxes to be marked to indicate the manner in which the Stockholder's shares are to be voted with respect to such matters. By appropriately marking the boxes, a Stockholder may specify whether the proxy shall vote for or against or shall be without authority to vote the shares represented by the Proxy. The Proxy also confers discretionary voting authority with respect to such other business as may properly come before the Annual Meeting.

If the Proxy is executed properly and is received by the proxy holder prior to the Annual Meeting, the shares represented by the Proxy will be voted. An abstention and a broker non-vote would be included in determining whether a quorum is present at the meeting, but would otherwise not affect the outcome of any vote. Where a Stockholder specifies a choice with respect to the matter to be acted upon, the shares will be voted in accordance with such specification. Any Proxy which is executed in such a manner as not to withhold authority to vote for the election of the specified nominees as Directors (see "Matters To Be Acted Upon" Item 1: Election of Directors) shall be deemed to confer such authority. A Proxy may be revoked at any time prior to its exercise by giving written notice of the revocation thereof to Michael C. Azar, Secretary, Noble International, Ltd., 28213 Van Dyke Avenue, Warren, Michigan 48093, by attending the meeting and electing to vote in person, or by a duly

executed Proxy bearing a later date.

MATTERS TO BE ACTED UPON

ITEM 1: ELECTION OF DIRECTORS

Directors

The nominees for the Board of Directors are set forth below. The Company previously had a classified Board of Directors that was divided into three (3) classes with three year terms of office ending in different years. In 2005, the Company amended its Bylaws to eliminate the classified Board and to provide for the annual election of Directors and to provide the Board the power to set the number of Directors at no less than 7 and no more than 12. The size of the Company's Board is currently set at seven (7) and each will be filled by election at the Annual Meeting to be held on May 19, 2006.

Seven (7) persons have been nominated by the Board of Directors to serve as Directors until the 2007 Annual Meeting of Stockholders. The Board of Directors recommends that each nominee, Robert J. Skandalaris, Mark T. Behrman, Van E. Conway, Fred L. Hubacker, Thomas L. Saeli, Joseph C. Day and Larry R. Wendling be elected to serve until the 2007 Annual Meeting of Stockholders. Information on the background and qualifications of the nominees is set forth on the following page.

The Board knows of no reason why any nominee for director would be unable to serve as a director. In the event that any of them should become unavailable prior to the Annual Meeting, the Proxies will be voted for a substitute nominee or nominees designated by the Board of Directors, or the number of directors may be reduced accordingly. In no event will the Proxies be voted for more than seven (7) persons.

Edgar Filing: NOBLE INTERNATIONAL, LTD. - Form DEF 14A

The favorable vote of a plurality of the shares of Common Stock of the Company present in person or by proxy at the Annual Meeting is required for the election of each nominee for Director. **THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE FOR EACH OF THE NOMINEES LISTED ABOVE.**

Each gain is based on an arbitrarily assumed annual rate of compound appreciation of the market price at the date of grant of 5% and 10% from the date the option was granted to the end of the option term. The 5% and 10% rates of appreciation are specified by the rules of the Securities and Exchange Commission and do not represent the Company's estimate or projection of future Common Stock prices. Actual gains, if any, on Option exercises are dependent on the future performance of the Company's Common Stock and overall market conditions.

1997 Stock Option Plan

In November 1997, the Board of Directors of the Company adopted, and in April 1998, the Company's Stockholders approved, the Noble International, Ltd. 1997 Stock Option Plan (the "1997 Plan"). The 1997 Plan provides for the grant to employees, officers, directors, consultants and independent contractors of non-qualified stock options as well as for the grant of stock options to employees that qualify as incentive stock options under Section 422 of the Internal Revenue Code of 1986 ("Code"). Although the Company has approximately 1,000 employees technically eligible to participate in the 1997 Plan, it is anticipated the stock options will be granted only to a limited number of management level personnel. The 1997 Plan terminates on November 24, 2007. The purpose of the 1997 Plan is to enable the Company to attract and retain qualified persons as employees, officers and directors and others whose services are required by the Company, and to motivate such persons by providing them with an equity participation in the Company. The 1997 Plan reserved 700,000 shares of the Company's Common Stock for issuance, subject to adjustment upon occurrence of certain events affecting the capitalization of the Company.

The 1997 Plan is administered by the Compensation Committee of the Board of Directors (the "Committee"), which has, subject to specified limitations, the full authority to grant options and establish the

terms and conditions for vesting and exercise thereof. The exercise price of incentive stock options granted under the 1997 Plan is required to be no less than the fair market value of the common stock on the date of grant (110% in the case of a greater than 10% Stockholder). The exercise price of non-qualified stock options is required to be no less than 85% of the fair market value of the Common Stock on the date of grant. Options may be granted for terms of up to 10 years (5 years in the case of incentive stock options granted to greater than 10% Stockholders). No optionee may be granted incentive stock options such that the fair market value of the options which first become exercisable in any one calendar year exceeds \$100,000. If an optionee ceases to be employed by, or ceases to have a relationship with the Company, such optionee's options expire six months after termination of the employment or consulting relationship by reason of death, one year after termination by reason of permanent disability, immediately upon termination for cause and three months after termination for any other reason.

In order to exercise an option granted under the 1997 Plan, the optionee may pay the full exercise price of the shares being purchased or by utilizing a cashless exercise feature. Payment may be made either: (i) in cash; (ii) at the discretion of the Committee, by delivering shares of Common Stock already owned by the optionee that have a fair market value equal to the applicable exercise price; or (iii) in the form of such other consideration as may be determined by the Committee and permitted by applicable law.

Subject to the foregoing, the Committee has broad discretion to describe the terms and conditions applicable to options granted under the 1997 Plan. The Committee may at any time discontinue granting options under the 1997 Plan or otherwise suspend, amend or terminate the 1997 Plan and may, with the consent of an optionee, make such modification of the terms and conditions of such optionee's option as the Committee shall deem advisable. However, the Committee has no authority to make any amendment or modifications to the 1997 Plan or any outstanding option which would: (i) increase the maximum number of shares which may be purchased pursuant to options granted under the 1997 Plan, either in the aggregate or by an optionee, except in connection with certain antidilution adjustments; (ii) change the designation of the class of employees eligible to receive qualified options; (iii) extend the term of the 1997 Plan or the maximum option period thereunder; (iv) decrease the minimum qualified option price or permit reductions of the price at which shares may be purchased for qualified options granted under the 1997 Plan, except in connection with certain antidilution adjustments; or (v) cause qualified stock options issued under the 1997 Plan to fail to meet the requirements of incentive stock options under Section 422 of the Code. Any such amendment or modification shall be effective immediately, subject to Stockholder approval thereof within 12 months before or after the effective date. No option may be granted during any suspension or after termination of the 1997 Plan.

The 1997 Plan is designed to meet the requirements of an incentive stock option plan as defined in Code Section 422. As a result, an optionee will realize no taxable income, for federal income tax purposes, upon either the grant of an incentive stock option under the 1997 Plan or its exercise, except that the difference between the fair market value of the stock on the date of exercise and the exercise price is included as income for purposes of calculating Alternative Minimum Tax. If no disposition of the shares acquired upon exercise is made by the optionee within two years from the date of grant or within one year from the date the shares are transferred to the optionee, any gain realized upon the subsequent sale of the shares will be taxable as a capital gain. In such case, the Company will be entitled to no deduction for federal income tax purposes in connection with either the grant or the exercise of the option. If, however, the optionee disposes of the shares within either of the periods mentioned above, the optionee will realize earned income in an amount equal to the excess of the fair market value of the shares on the date of exercise (or the amount realized on disposition if less) over the exercise price, and the Company will be allowed a deduction for a corresponding amount.

As of December 31, 2005, all shares reserved under the 1997 Plan have been issued.

2001 Non-Employee Director Stock Incentive Plan

On March 30, 2001, the Company's Board of Directors adopted, and in May 2001, the Company's Stockholders approved, the 2001 Non-Employee Director Stock Incentive Plan (the Non-Employee Director

Plan). The Non-Employee Director Plan is designed to attract and retain the services of experienced and knowledgeable independent directors of the Company for the benefit of the Company and its Stockholders and to provide additional incentive for such directors to continue to work for the best interests of the Company and its Stockholders through continuing ownership of its Common Stock.

Each director who is not, and has not been during the immediately preceding 12-month period, an employee of the Company or any subsidiary of the Company, is eligible to participate in the Non-Employee Director Plan, provided that such director is not separately compensated by the Company as a consultant and does not fail to attend (or otherwise participate in) at least two-thirds (2/3) of the board meetings.

An aggregate of 200,000 shares of Common Stock initially were reserved for issuance under the Non-Employee Director Plan. In connection with the Stock Split, reserved but unissued shares under the Non-Employee Director Plan adjusted upwards pro-rata in accordance with the Stock Split. The Non-Employee Director Plan provides for the annual grant of incentive awards consisting of restricted stock grants and stock purchase participation awards. The Non-Employee Director Plan will be administered by the Board of Directors or, if the Board so determines, by a committee of the Board. The annual restricted stock award shares and stock purchase participation award limit will be established by the Board of Directors (or by a committee thereof) at its first meeting following the annual meeting of Stockholders each year.

Restricted stock awards will be subject to such restrictions and conditions to the vesting of awards as the Board of Directors (or committee) deems appropriate, including, without limitation, that the non-employee director remain in the continuous service of the Company for a certain period; provided, however, that no restricted stock award may vest prior to six months from its date of grant other than in connection with a participant's death or disability.

Stock purchase participation awards shall consist of a right to receive shares of Common Stock with a fair market value equal to one-third (1/3) of the net amount spent by the non-employee director on purchases of Common Stock in the public market, subject to the terms and limitations determined by the Board of Directors (or committee). The Board of Directors (or committee) shall impose such restrictions or conditions to the vesting of stock purchase participation awards as it deems appropriate, including, without limitation, that the non-employee director remain in the continuous service of the Company for a specified period.

2001 Stock Incentive Plan

On March 30, 2001, the Company's Board of Directors adopted, and in May, 2001, the Company's Stockholders approved, the 2001 Stock Incentive Plan (the "Stock Incentive Plan"). The purpose of the Stock Incentive Plan is to advance the interests of the Company and its Stockholders by enabling the Company and its subsidiaries to attract and retain persons of ability to perform services for the Company and its subsidiaries by providing an incentive to such individuals through equity participation in the Company and by rewarding such individuals who contribute to the achievement by the Company of its economic objectives.

All employees of the Company and its subsidiaries, as well as non-employee directors, consultants and independent contractors, are eligible to participate in the Stock Incentive Plan. It is anticipated that the Stock Incentive Plan will be used primarily for the grant of incentive awards to executive officers of the Company and its subsidiaries.

An aggregate of 400,000 shares of Common Stock have been reserved for issuance under the Stock Incentive Plan. In connection with the Stock Split, reserved but unissued shares under the Stock Incentive Plan adjusted upwards pro-rata in accordance with the Stock Split. The Stock Incentive Plan provides for the grant of incentive awards consisting of restricted stock grants and stock bonuses. The Stock Incentive Plan will be administered by the Board of Directors or, if the Board so determines, by a committee of the Board.

Restricted stock awards will be subject to such restrictions and conditions to the vesting of awards as the Board of Directors (or committee) deems appropriate, including, without limitation, that the participant remain in the continuous employ or service of the Company or a subsidiary for a certain period or that the participant or the Company (or any subsidiary or division thereof) satisfy certain performance goals or criteria; provided, however, that no restricted stock award may vest prior to six months from its date of grant other than in connection with a participant's death or disability.

Stock bonuses shall consist of a grant of shares of Common Stock, subject to the terms and limitations determined by the Board of Directors (or committee). In no event will a stock bonus be granted in consideration of future services. The participant will have all voting, dividend, liquidation and other rights with respect to the shares of Common Stock issued to a participant as a stock bonus upon the participant becoming the holder of record of such shares; provided, however, that the Board of Directors (or committee) may impose such restrictions on the assignment or transfer of shares of Common Stock issued as a stock bonus as it deems appropriate.

2006 Executive Stock Appreciation Rights Plan

On April 4, 2006, the Company's Board of Directors adopted the Noble International, Ltd. Executive Stock Appreciation Rights Plan (the "SAR Plan"). The purpose of the SAR Plan is to advance the interests of the Company and its Stockholders by enabling the Company and its subsidiaries to attract and retain executives of ability to perform services for the Company and its subsidiaries by providing an incentive to such individuals through equity growth in the Company and by rewarding such individuals who contribute to the achievement by the Company of its economic objectives.

All employees of the Company and its subsidiaries, as well as non-employee directors, consultants and independent contractors, are eligible to participate in the SAR Plan. It is anticipated that the SAR Plan will be used primarily for the grant of incentive awards to executive officers of the Company and its subsidiaries.

An aggregate of 750,000 SAR units have been authorized for issuance under the SAR Plan. The SAR Plan provides for the grant of incentive awards consisting of SAR units. The SAR Plan will be administered by the Compensation Committee of the Board of Directors.

SAR grants will be subject to such restrictions and conditions to the vesting of awards as the Compensation Committee deems appropriate, including, without limitation, that the participant remain in the continuous employ or service of the Company or a subsidiary for a certain period or that the participant or the Company (or any subsidiary or division thereof) satisfy certain performance goals or criteria.

Employment Agreements

The Company and Mr. Saeli have agreed in principal to the terms of his employment as Chief Executive Officer, and the Company expects to enter into a definitive employment agreement (the "Employment Agreement") with Mr. Saeli prior to the date of the Annual Meeting. The Employment Agreement will provide for an initial term commencing on March 1, 2006 and expiring December 31, 2008, with an unlimited number of successive one-year renewals subject to the election by either party not to renew the Employment Agreement. Mr. Saeli will also be entitled to an incentive bonus for each fiscal year in an amount to be determined by the Compensation Committee of the Board, as well as to participate in any executive bonus or other incentive compensation program adopted by the Company. For calendar year 2006, Mr. Saeli will be guaranteed a bonus of \$250,000, payable in first quarter of 2007. Mr. Saeli will also receive a restricted stock grant of 16,287 shares of Common Stock of the Company under the terms of the Company's 2001 Employee Stock Incentive Plan, which shares will bear a restriction prohibiting Mr. Saeli from trading such shares during his initial employment term. Mr. Saeli will also be entitled to receive 400,000 units under the SAR

Edgar Filing: NOBLE INTERNATIONAL, LTD. - Form DEF 14A

Plan. 250,000 of these SAR units will be granted upon the Company's achievement of certain performance targets, and all of the granted SAR units will vest in equal increments over four years from the date of grant.

In the event Mr. Saeli's employment is terminated by the Company without cause, or by Mr. Saeli for good reason, or in the event the Employment Agreement is not renewed, the Company will be obligated to pay to

Mr. Saeli, as severance, an amount equal to one (1) to two (2) times his annual base salary at the time of termination (depending on the date of termination), payment of any vested SAR units and continuation of certain other benefits under the Employment Agreement. Under the Employment Agreement, Mr. Saeli will be subject to nondisclosure covenants and to a covenant not to compete with the Company during the employment term and for one year thereafter.

On February 23, 2006 the Company entered into a Severance and Release Agreement with Mr. Morin, its former Chief Executive Officer. The Severance and Release Agreement provides for Mr. Morin to receive his 2005 incentive bonus plus one year of severance in the amount of \$400,000, payable in accordance with the Company's payroll practices. The Severance and Release Agreement also provides Mr. Morin with certain other benefits during the severance period.

The Company entered into a three (3) year employment agreement with Robert J. Skandalaris, its Chairman, on April 2, 1997. The Employment Agreement provides for an initial term of three years, with an unlimited number of successive three-year renewals subject to the election by either party not to renew the Employment Agreement. Mr. Skandalaris is also entitled to an incentive bonus for each fiscal year in an amount to be determined by the Compensation Committee of the Board, as well as to participate in any bonus or other incentive compensation program adopted by the Company. In the event Mr. Skandalaris' employment is terminated by the Company without cause, or by reason of his death or disability, or in the event the Employment Agreement is not renewed, the Company is obligated to pay to Mr. Skandalaris, as severance, an amount equal to three times his highest annual base salary in the three years prior to termination plus any incentive bonus due under the Employment Agreement. Mr. Skandalaris' employment agreement was renewed in 2000 and 2003 and has been amended to reflect increases in his annual compensation authorized by the Compensation Committee of the Board. In 2004 Mr. Skandalaris voluntarily reduced his base compensation to an annual amount of \$250,000.

The Company has also entered into employment agreements with Messrs. Hansen, Prue, Fallon and Azar. Messrs. Hansen, Prue, Fallon and Azar are also entitled to an incentive bonus for each fiscal year in an amount to be determined by the Compensation Committee of the Board, as well as to participate in any executive bonus or other incentive compensation program adopted by the Company. These agreements have automatic renewal terms of one year and provide for varying amounts of severance based upon the individual's length of employment with the Company. These employment agreements contain certain restrictive covenants which prohibit the employees from disclosing confidential information of the Company and from competing with the Company during the term of employment and for up to a year thereafter.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires the Company's officers, directors and persons who beneficially own more than 10% of a registered class of the Company's equity securities to file reports of securities ownership and changes in such ownership with the Securities and Exchange Commission (the "SEC"). Directors, certain officers and greater than 10% beneficial owners are also required by rules promulgated by the SEC to furnish the Company with copies of all Section 16(a) forms they file.

Based solely upon a review of the copies of Form 4 filings furnished to the Company, or written representations that no Form 5 filings were required, the Company believes that during the period from January 1, 2005 through December 31, 2005, all Section 16(a) filing requirements applicable to its officers, directors and greater than 10% beneficial owners were complied with, except the following: i) Mr. Azar exercised 4500 options on October 3, 2006. The Form 4 for this transaction was not filed until October 6, 2006. ii) Mr. Timothy Emmitt exercised 7167 options and sold such option shares on July 1, 2005. The Form 4 for this transaction was not filed until July 7, 2005. iii) Mr. Hansen was granted 7500 options on December 5, 2005. The Form 4 for this transaction was not filed until December 15, 2005. iv) Mr. Morin was granted 22,618 options on December 5, 2005. The Form 4 for this transaction was not filed until December 15, 2005. v) Mr. Conway purchased 1300 shares of our common stock on June 27, 2005. The Form 4 for this transaction was not filed until the first quarter of 2006.

Certain Relationships and Related Transactions

In 2005, the Company engaged the firm of Conway, McKenzie and Dunleavy, LLC (CMD) to assist it in performing financial due diligence of its proposed acquisition of Northern Tube, LLC. Van Conway, a member of the Board of Directors of the Company, is a principal of CMD. Fred Hubacker, also a member of the Board of Directors of the Company, is an Executive Director and Interim Manager of CMD. In connection with its engagement of CMD, the Company paid \$90,331 for services provided and \$2475.18 in expense reimbursement. The management of the Company and the Board of Directors, exclusive of Mr. Conway, approved the engagement of CMD. The Company believes that the fees charged by CMD were fair and reasonable.

On January 21, 2004, the Company (through Noble Metal Processing, Inc.) completed the acquisition of Prototech Laser Welding, Inc. (LWI), a company then owned 50% by Mr. Prue, for approximately \$13.6 million in cash, the assumption of approximately \$0.7 million in subordinated debt and up to an additional \$1.0 million payable if certain new business is awarded to the Company based upon quotes submitted within the twenty-four month period following the acquisition. The Company is currently awaiting response on three such quotes eligible for qualification for the additional payment which is estimated not to exceed \$0.3 million. Also in connection with the LWI transaction, the Company entered into a Management Services Agreement with Mr. Prue pursuant to which Mr. Prue provided certain consulting, advisory, sales and marketing services to the Company (including LWI). The Company compensated Mr. Prue in the amount of \$162,000 in each of 2004 and 2005 for such services. The Management Services Agreement expired in January 2006. Mr. Prue was not an employee of the Company at the time of the LWI transaction.

REPORT OF THE COMPENSATION COMMITTEE ON EXECUTIVE COMPENSATION

The Compensation Committee report shall not be deemed incorporated by reference by any general statement incorporating by reference this Proxy Statement into any filing under the Securities Act of 1933 or under the Securities Exchange Act of 1934, except to the extent that the Company specifically incorporates this information by reference, and shall not otherwise be deemed filed under such acts.

Compensation Philosophy

The Company's executive compensation program is designed to link executive compensation to corporate performance. To this end, the Company has developed an overall compensation strategy and specific compensation plans that tie executive compensation to the Company's success in meeting specified performance goals. The overall objectives of this strategy are to attract and retain the best possible executive talent, to motivate these executives to achieve goals that support the Company's business strategy, to establish a link between executive and stockholder interests, and to provide a compensation package that is based on individual performance and initiative, as well as overall business results, both long and short term.

The Compensation Committee reviews the Company's executive compensation program annually. The review includes a comparison of current total compensation levels (including base salary, annual bonus and

long-term incentives) to those provided in similarly situated companies, with data being collected from several executive compensation surveys. In addition to the Compensation Surveys, the Compensation Committee also considers the compensation reported for executives by the companies included in a group of automotive companies.

The Compensation Committee determines the compensation of the Chief Executive Officer and the officers of the corporation, reviews the policies and philosophy set for the next level of key executives (approximately 5), and evaluates and recommends to the Board of Directors all long-term incentive plans. This process is designed to ensure congruity throughout the executive compensation program. In reviewing the individual performance of the executives whose compensation is detailed in this proxy statement the Compensation Committee takes into account the views of Mr. Skandalaris, the Company's Chairman, and the Company's Chief Executive Officer.

The key elements of the Company's executive compensation program are base salary, annual bonus and long-term incentives that consist of cash compensation, Company stock, and stock options. The Compensation Committee's policies with respect to each of these elements, are the basis for the compensation awarded to the Company's Chief Executive Officer.

Base Salaries

Base salaries for management employees are based primarily on the responsibilities of the position and the experience of the individual, with reference to the competitive marketplace for management talent, measured in terms of executive compensation offered by comparable companies in related businesses. Increases in base salaries are based upon the performance of the executive officers as compared to pre-established goals.

Cash Bonuses

Cash bonuses are awarded, at the discretion of the Compensation Committee, to executive officers based in part on the overall financial performance of the Company and in part on the performance of the executive officer. The financial performance of the Company is measured by revenue and operating income growth and actual performance against budgeted performance. Although annual bonuses depend primarily on the achievement of performance objectives as described above, the Compensation Committee may adjust bonus measures and awards based on other financial or non-financial actions that the Compensation Committee believes will benefit long-term stockholder value. For fiscal year 2005, Mr. Morin received a cash bonus of \$150,000. In 2006, cash bonuses were also paid to certain executive officers in connection with the performance of the Company for fiscal year 2005. Pursuant to Mr. Saeli's Employment Agreement, Mr. Saeli is guaranteed a cash bonus of \$250,000 for fiscal year 2006, payable in the first quarter of 2007.

Stock Options

The Company grants stock options under the 1997 Plan as part of its strategy to attract and retain qualified persons as executive officers and to motivate such persons by providing them with an equity participation in the Company. During 2005, options were granted to Mr. Morin and Mr. Hansen. Mr. Morin received 22,618 options at an exercise price of \$22.09 (adjusted per the Company's 3-for-2 stock split to 33,927 options at an exercise price of \$14.73).

Stock Grants

The Company grants stock pursuant to the Employee Stock Incentive Plan as part of its strategy to attract and retain qualified persons as executive officers and to motivate such persons by providing them with an opportunity to obtain equity in the Company. During 2005, the following stock grants were made: i) 4962 shares to Directors as compensation for their service to the Company; ii) 920 shares to Directors pursuant to matches made to certain Directors who made open market purchases of the Company's stock; and iii) 1905 shares to

certain executives (approximately 5) under the 2001 Stock Incentive Plan as matches in connection with open market purchases of the Company's stock. Pursuant to the terms of his Employment Agreement, Mr. Saeli will be entitled to receive a restricted stock grant of 16,287 shares of Common Stock of the Company under the terms of the Company's 2001 Employee Stock Incentive Plan, which shares will bear a restriction prohibiting Mr. Saeli from trading such shares during his initial employment term.

SAR Grants

The Company grants SARs pursuant to the 2006 SAR Plan as part of its strategy to attract and retain qualified persons as executive officers and to motivate such person by providing them with an opportunity to realize financial gain matched to the growth of the equity of the Company. The 2006 SAR Plan was not in effect in 2005, and therefore no units under the 2006 SAR Plan were issued in 2005. Pursuant to the terms of his Employment Agreement, Mr. Saeli will be entitled to receive 400,000 units under the SAR Plan in 2006. 250,000 of these SAR units will be granted upon the Company's achievement of certain performance targets, and all of these SAR units will vest in equal increments over four years from the date of grant.

Chairman Compensation

The factors considered by the Compensation Committee in determining the compensation of the Chairman of the Board of Directors, in addition to the criteria outlined above, include the Company's operating and financial performance, as well as his leadership and establishment and implementation of the strategic direction for the Company. In 2003 Mr. Skandalaris voluntarily reduced his base compensation to \$250,000 per year. Mr. Skandalaris' compensation for fiscal 2005 remained at \$250,000 in accordance with the terms of his Employment Agreement with the Company. Mr. Skandalaris received no cash bonus for fiscal year 2005. Mr. Skandalaris' base compensation for 2006 remains at \$250,000.

CEO Compensation

The factors considered by the Compensation Committee in determining the compensation of the Chairman of the Board of Directors who serves in an executive capacity, in addition to the criteria outlined above, include the Company's operating and financial performance, as well as his leadership and establishment and implementation of the strategic direction for the Company.

Mr. Saeli's base compensation for fiscal 2006 is \$500,000 in accordance with the terms of his Employment Agreement. For calendar year 2006, Mr. Saeli will be guaranteed a bonus of \$250,000, payable in first quarter of 2007. Mr. Saeli also will receive a restricted stock grant of 16,287 shares of Common Stock of the Company under the terms of the Company's 2001 Employee Stock Incentive Plan, which shares will bear a restriction prohibiting Mr. Saeli from trading such shares during his initial employment term. In the event Mr. Saeli's employment is terminated by the Company without cause, or by Mr. Saeli for good reason, or in the event the Employment Agreement is not renewed, the Company will be obligated to pay to Mr. Saeli, as severance, an amount equal to one (1) to two (2) times his annual base salary at the time of termination (depending on the date of termination), payment of any vested SAR units and continuation of certain other benefits under the Employment Agreement.

The base compensation for Mr. Morin, the Company's former Chief Executive Officer, was \$400,000 for fiscal year 2005 in accordance with the terms of his Employment Agreement with the Company. Mr. Morin also received a cash bonus for fiscal year 2005, totaling \$150,000.

Compensation Limitations

Under section 162(m) of the Internal Revenue Code, adopted in August 1993, and regulations adopted thereunder by the Internal Revenue Service, publicly-held companies may be precluded from deducting certain compensation paid to an executive officer in excess of \$1.0 million in a year. The regulations exclude from this limit performance-based compensation and stock options provided certain requirements such as Stockholder approval, are satisfied. The Company plans to take actions, as necessary, to insure that its stock option plans and executive compensation plans qualify for exclusion.

Summary

The Compensation Committee believes that the compensation plans are consistent with the Company's strategic objectives and are properly aligned with the stockholder's best interest. The programs enable the Company to attract, retain and incent highly qualified individuals and provide appropriate incentives to reward them for achieving and surpassing corporate and personal goals. The Committee periodically reviews these programs to assure that they emphasize performance and reward enhancement of stockholder value, and modifies the programs as deemed necessary and appropriate to achieve stated objectives, as well as to take into account systemic changes in leading compensation practices. The Committee also reviews these programs and changes them in recognition of the market in which the Company competes.

Sincerely,

Mark T. Behrman

Larry R. Wendling

COMPENSATION COMMITTEE

THE COMMITTEE ON DIRECTORS AND BOARD GOVERNANCE

The Committee on Directors and Board Governance is currently composed of three directors, Mr. Fred L. Hubacker (chairman), Mark T. Behrman and Van E. Conway. Messrs. Hubacker, Behrman and Conway meet the criteria for independence specified in the listing standards of the NASDAQ. The principal functions of the Committee on Directors and Board Governance is to:

consider and recommend to the Board qualified candidates for election as directors of the Company;

periodically prepare and submit to the Board for adoption the Committee's selection criteria for directors nominees;

recommend to the Board and management a process for new Board member orientation;

consider matters of corporate governance and Board practices and recommend improvements to the Board;

review periodically the Company's charter and bylaws in light of statutory changes and current best practices;

review periodically the charter, responsibilities, membership and chairmanship of each committee of the Board and recommend appropriate changes;

review Director independence, conflicts of interest, qualifications and conduct and recommend to the Board removal of a Director when appropriate; and

annually assess the Committee's performance.

The Committee on Directors and Board Governance held five meetings in fiscal year 2005. See "Nominating Procedures" below for further information on the nominating process.

Nominating Procedures

As described above, the Company has a standing Committee on Directors and Board Governance. The Committee on Directors and Board Governance's charter is posted on our website, www.nobleintl.com in the investor relations section.

The Board has adopted membership guidelines that outline the desired composition of the Board and the criteria to be used in selecting directors. These guidelines provide that the Board should be composed of directors with a variety of experience and backgrounds who have high-level managerial experience in a complex organization and who represent the balanced interests of shareowners as a whole rather than those of special interest groups. Other important factors in Board composition include diversity, age, international background and experience and specialized expertise. A significant majority of the Board should be directors who are not past or present employees of the Company or of a significant stockholder, customer or supplier.

In considering candidates for the Board, the Committee on Directors and Board Governance considers the entirety of each candidate's credentials and does not have any specific, minimum qualifications that must be met by a Board nominee. The Committee is guided by the composition guidelines set forth above and by the following basic selection criteria: highest character and integrity; experience and character.

Corporate Governance

The Board of Directors has determined that for 2005, five of the Company's seven directors were independent under the rules of the NASDAQ. The independent directors were: Thomas L. Saeli, Fred L. Hubacker, Larry R. Wendling, Van E. Conway and Mark Behrman. The other two directors were Robert J. Skandalaris, Chairman of the Board, and Christopher L. Morin. Each of the directors serving on the Audit

Committee, the Compensation Committee and the Corporate Governance Committee were independent under the standards of the NASDAQ. Mr. Saeli ceased to be an independent director under the rules of the NASDAQ upon his appointment as Chief Executive Officer in March 2006.

Meetings of Non-Employee Directors

The non-employee directors of the Board typically meet in executive session without management present either prior to or immediately following each scheduled Board Meeting, and as otherwise needed. When the non-employee directors of the Board or respective committees meet in executive session without management, and their chairman is unavailable for the executive session, a temporary chair is selected from among the directors to preside at the executive session.

The Company has adopted Charters for its Audit, Compensation, Executive and Corporate Governance Committees. These Charters are published on the Company's website: www.nobleintl.com. The Company will provide without charge a copy of the Charters to any stockholder upon written request to the Corporate Secretary.

For the fiscal year ended December 31, 2005, the Audit Committee approved all of the audit and non-audit services rendered by Deloitte and Touche listed above.

Leased Employees. Deloitte & Touche LLP has informed the Company that none of the hours expended on its engagement to audit the Company's financial statements for the fiscal year ended December 31, 2005, were attributable to work performed by persons other than full time, permanent employees.

The Audit Committee report set forth below shall not be deemed incorporated by reference by any general statement incorporating by reference this Proxy Statement into any filing under the Securities Act of 1933 or under the Securities Exchange Act of 1934, except to the extent that the Company specifically incorporates this information by reference, and shall not otherwise be deemed filed under such acts.

Audit Committee Report. Management is responsible for the Company's internal controls, financial reporting process and compliance with laws and regulations and ethical business standards. The independent auditor is responsible for performing an independent audit of the Company's consolidated financial statements in accordance with generally accepted auditing standards and issuing a report thereon. The Audit Committee's responsibility is to monitor and oversee these processes on behalf of the Board of Directors. In this context, the Audit Committee has reviewed and discussed with management and the independent auditors the audited financial statements. The Audit Committee has discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees). In addition, the Audit Committee has received from the independent auditors the written disclosures required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees) and discussed with them their independence from the Company and its management. Moreover, the Audit Committee has considered whether the independent auditor's provision of other non-audit services to the Company is compatible with the auditor's independence. In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2005, for filing with the Securities and Exchange Commission. By recommending to the Board of Directors that the audited financial statements be so included, the Audit Committee is not opining on the accuracy, completeness or fairness of the audited financial statements.

Sincerely,

Van E. Conway

PERFORMANCE GRAPH

The following graph demonstrates the cumulative total return, on an indexed basis, to the holders of the Company's Common Stock in comparison with the Russell 2000 Index and an industry index of twelve publicly traded companies operating primarily in Standard Industrial Classification 3714, except Genuine Parts Corp (5013) and Tower Automotive (3460) (the Peer Group Index). The Peer Group Index consists of Arvin Meritor, Inc., Borg Warner, Inc., Dana Corp., Delphi Corp., Gentex Corp, Genuine Parts Corp., Johnson Controls, Inc., Lear Corporation, Modine Manufacturing Co., Superior Industries International Inc., Tower Automotive, Inc. and Visteon Corp¹. The Peer Group Index closely approximates Noble's peer group both in range of products provided and market capitalization.

The graph assumes \$10,000 invested on December 31, 2000 in the Common Stock, in the Russell 2000 Index and the Peer Group Index. The historical performance shown on the graph is not necessarily indicative of future price performance.

ITEM 2: PROPOSED AMENDMENT TO THE CERTIFICATE OF INCORPORATION

On January 11, 2006, the Board unanimously declared advisable an amendment to the Company's Certificate of Incorporation to provide for an increase in the number of shares of Common Stock included in the authorized capital of the Company, from 20,000,000 shares to 50,000,000 shares, subject to the approval of the amendment by the shareholders at the Annual Meeting. The text of this proposed amendment is included in the Certificate of Amendment attached as Appendix 1 to this Proxy Statement.

OVERVIEW. The Company is required by Delaware law to obtain shareholder approval for any amendment to our Certificate of Incorporation. After considering the Company's current number of issued and outstanding shares of Common Stock and our current outstanding equity obligations, your Board of Directors has determined that it is necessary to increase the number of shares of Common Stock authorized for issuance from 20,000,000 to 50,000,000 shares.

If approved by our shareholders, the increase in authorized capital would become effective as soon as reasonably practicable after the Annual Meeting by filing the Certificate of Amendment with the Secretary of State of the State of Delaware.

REASONS FOR PROPOSAL. As a result of the Stock Split, approximately 5,100,000 shares of Common Stock were issued to shareholders of record as of January 27, 2006. Your Board believes that the proposed amendment will restore the flexibility for issuances of equity that was available to the Board prior to the stock split, thus maintaining the Company's ability to respond to various corporate opportunities which may arise in the future while continuing to have enough shares in reserve to satisfy current obligations. The unissued shares would be available for issuance from time to time for various corporation purposes, including stock splits, stock dividends, employee benefit and compensation plans, acquisitions and public or private sales for cash as a means of raising capital. The increase in authorized capital would mean that the additional authorized shares would be available for issuance from time to time at the discretion of your Board without further shareholder action except as may be required for a particular transaction by law, the policies of the NASDAQ Exchange or any contractual obligations of the Company that may be in effect at the time of issuance which will in many cases avoid any potential expense of delay in connection with obtaining shareholder approval for a particular issuance of shares. The Company has no current plans or proposals to conduct an issuance or sale of shares other than issuances of shares pursuant to existing incentive compensation plans and awards thereunder.

PRINCIPAL EFFECTS OF RIGHTS OF CURRENT SHAREHOLDERS. The proposal to increase the authorized capital of the Company may affect the rights of existing holders of Common Stock to the extent that future issuances of Common Stock reduce each existing shareholder's proportionate ownership and voting rights in the Company. In addition, possible dilution caused by future issuances of Common Stock could lead to a decrease in the Company's net income per share in future periods and a resulting decline in the market price of the Company's Common Stock. It is not anticipated that adoption of the amendment would have any other effect on the holders of the Company's Common Stock.

VOTE REQUIRED: The proposed amendment to the Company's Certificate of Incorporation will require the affirmative vote of the holders of at least a majority of the outstanding shares of the Company's Common Stock present or represented at the meeting. **THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE AMENDMENT TO THE COMPANY'S CERTIFICATE OF INCORPORATION IN SUBSTANTIALLY THE SAME FORM AS APPENDIX 1 TO THIS PROXY STATEMENT.**
