Below are the main results for the year:

During this year we faced for the first time an expansion out of Argentina, as we incorporated and participated in BrasilAgro, a company listed in the Sao Paulo Stock Exchange.

BrasilAgro seek to replicate the Company's business in Brazil, seizing the expertise achieved by our Company in the agricultural business and the outstanding opportunities Brazil offers in its rural business.

During the year we continued to be an active party in the sales market, acquiring San Pedro, a 6,022 hectares farm with great agricultural potential, in the province of Entre Ríos, with a cost of US\$ 16,000,000; and selling El Gualicho a 5,727 hectares farm in the province of Córdoba. This operation generated a Ps. 9,900,000 profit due to the difference between its accounting and real value.

We acquired a franchise over 160,000 hectares for 60 years, where we will assign 35,000 hectares to agricultural production, which will increase our production in the future.

We continue with the expansion of Los Pozos farm, adding to the production 8,000 hectares that will be assigned to cattle farming on next fiscal year.

As a result of the incorporation of a new dairy farm in El Tigre farm, dairy production was increased in a 99% with respect to last fiscal year. We are planning to continue our expansion on this business with the development of a brand new dairy farm in La Juanita farm.

During the year, our investment in IRSA contributed an income of Ps. 23.4 million to our results.
