Item 2.03 Creation of a Direct Financial Obligation or an Obligation Under an Off-Balance Sheet Arrangement of a Registrant

On October 23, 2006, II-VI Incorporated ("II-VI" or the "Company") replaced its existing \$60.0 million credit facility with a new \$60.0 million unsecured credit facility (the "Credit Facility"). The Credit Facility is guaranteed by each existing and subsequently acquired or organized domestic subsidiary of the Company. II-VI has the option to request the participating banks to increase the size of the Credit Facility in an aggregate additional amount not to exceed \$40.0 million. The Credit Facility has a five-year life and has interest rates ranging from LIBOR plus 0.50% to LIBOR plus 1.25% based on the ratio of total consolidated indebtedness to consolidated EBITDA.

The Credit Facility contains customary affirmative and negative covenants for credit facilities of this type, including limitations on the Company and its subsidiaries with respect to indebtedness, liens, investments, distributions, mergers and acquisitions, disposition of assets, repurchases of the Company's common stock and transactions with affiliates. The covenants permit the Company to use proceeds of the Credit Facility for working capital and capital expenditures and other lawful corporate purposes. The Credit Facility also contains financial covenants that require the Company to maintain a minimum interest coverage ratio of 4.0 and a maximum leverage ratio of 3.0.

The Credit Facility provides for customary events of default with corresponding grace periods, including, but not limited to failure to pay any principal or interest when due, failure to comply with covenants, material breaches or representations or warranties made by the Company, certain insolvency or receivership events affecting the Company or its domestic subsidiaries, defaults relating to other indebtedness in excess of \$5.0 million in the aggregate and a change in control of the Company.

In addition, on October 23, 2006, II-VI amended its Rate Protection Term Note to extend the maturity date of this 300 million Japanese Yen loan from December 25, 2007 to September 30, 2011.
