Annual Incentive Plans

Fiscal 2006. On February 8, 2007, following an assessment of the financial performance of Triad Hospitals, Inc. (the Company) against its earnings per share target for 2006, the Compensation Committee of the Board of Directors of the Company (the Compensation Committee) determined that fiscal 2006 annual cash bonus awards should not be paid to the Company's chief executive officer (CEO), chief financial officer (CFO) and each of the Company's other named executive officers under the Triad Hospitals, Inc. 2006 Annual Incentive Plan (the 2006 Plan). The 2006 Plan was previously filed as Exhibit 10.2 to the Company's quarterly report on Form 10-Q for the quarter ended March 31, 2006.

Fiscal 2007. At its first quarterly meeting for 2007 and in accordance with its regular practice at such meeting, the Compensation Committee adopted the Triad Hospitals, Inc. 2007 Annual Incentive Plan (the 2007 Plan) on February 8, 2007, to encourage superior performance and to assist the Company in attracting, retaining and motivating key personnel. The 2007 Plan provides for objective, performance-based annual cash bonus awards for eligible employees, including the Company's CEO, CFO and each of the Company's other named executive officers, subject to a maximum limit. The Compensation Committee, which administers the 2007 Plan, will determine the employees eligible to participate in the 2007 Plan.

Amounts payable under the 2007 Plan will be based on the Company's achievement of specific performance criteria. Bonus awards under the 2007 Plan will be paid to plan participants if the Company achieves at least 98% of a specified earnings per share (EPS) target for fiscal 2007, which target has been set by the Compensation Committee. Bonus awards for corporate participants will consist of a base bonus, calculated using a predetermined percentage of a participant's salary (up to a maximum of 75%), and a supplemental bonus, calculated using the amount by which the Company's actual EPS exceed the target EPS. Bonus awards for division participants will consist of a base bonus, calculated using a predetermined percentage of base salary (up to a maximum of 40%), and a supplemental bonus. The supplemental bonus for division participants will be calculated using either (i) the amount by which the division's actual earnings before interest, taxes, depreciation and amortization (EBITDA) exceed a specified EBITDA target, which amount is subject to decrease if the division does not meet additional specified EBITDA, margin and cash accounts receivable targets; or, if greater (ii) the supplemental bonus calculation used for corporate participants. Bonus awards for both corporate and division participants are subject to decrease if specified Company-wide quality and patient financial services performance goals are not met. The use of these goals has been approved by the Compensation Committee. The maximum amount payable to any corporate or division participant under the 2007 Plan, after taking into account both the base and supplemental bonus calculations, is 150% of the participant's base bonus amount, which will be paid if the Company's actual EPS for fiscal 2007 meet or exceed 107.5% of its target EPS.

Awards under the 2007 Plan will be payable as soon as practical following the end of fiscal year 2007. In the event a participant's employment with the Company is terminated prior to the payment of an award under the 2007 Plan by any reason other than retirement, total and permanent disability or death, the participant will forfeit any right to receive an award. The Compensation Committee will have the final authority with respect to all awards made under the 2007 Plan and may consider recommendations to adjust performance criteria retroactively so as to avoid unwarranted penalties or unearned windfalls.
