**ITEM 1.01. Entry into a Material Definitive Agreement.**

On May 18, 2007, we entered into a new data license agreement with Tribune Media Services, Inc., or TMS, the current sole supplier of cable and broadcast television program guide data for the TiVo service. This agreement supersedes our existing data license agreement with TMS, which was originally executed in 2004. Pursuant to our new agreement, we will license and have the right to sublicense TMS program guide data in connection with the TiVo service in exchange for monthly fees. As part of the new agreement, TMS has agreed to reserve a portion of the yearly fees paid by TiVo for TMS development work done on behalf of TiVo in the future. The agreement provides each party with a termination right if the other party becomes controlled by certain third parties. However, if TMS chooses to exercise its termination right pursuant to such a change of control of TiVo, such termination would not take effect until one year after the close of the transaction giving effect to such change of control of TiVo. The new agreement is effective May 14, 2007 and has an initial term of five years, with TiVo having the right to renew the agreement for an additional four years.

The foregoing description of our new licensed data agreement with TMS is qualified in its entirety by reference to the provisions of the agreement that will be filed as an exhibit with the Company's Form 10-Q for the fiscal quarter ended April 30, 2007.
