Dear Shareholder:

I am writing to inform you of the pending merger between Factory Point Bancorp, Inc. (FAPB) and Berkshire Hills Bancorp, Inc. I have enclosed a copy of the press release concerning the merger. We will distribute proxy information later this summer for a special meeting of shareholders to vote on the proposed transaction.

This was an extremely difficult decision for your board of directors but one we believe to be in the best interests of all stakeholders in your company; our employees, customers, communities and of course, you our shareholders.

The proxy statement will describe the merger in great detail, including the form of consideration you may elect to receive (Berkshire common stock, cash or a combination of stock and cash) in the event the merger is approved by shareholders of both companies and all required regulatory approvals are received.

May 15, 2007

PITTSFIELD, MA and MANCHESTER CENTER, VT Berkshire Hills Bancorp, Inc. (Berkshire Hills) (NASDAQ:BHLB), and Factory Point Bancorp, Inc. (Factory Point) (OTC BB: FAPB.OB) announced today that they have signed a definitive merger agreement under which Berkshire Hills will acquire Factory Point and its subsidiary, The Factory Point National Bank of Manchester Center, in a transaction valued at approximately \$82 million.

Headquartered in Manchester Center, Vermont, Factory Point had assets of approximately \$339 million at March 31, 2007 and operates seven banking offices in Bennington, Rutland, and Windsor counties in Southern Vermont. Factory Point National Bank will be merged into Berkshire Bank, the principal operating subsidiary of Berkshire Hills. After the merger is completed, Berkshire Bank will serve customers in Massachusetts, New York, and Vermont through a network of 38 full-service branches and 10 insurance agency offices. Berkshire Hills is expected to have total assets of approximately \$2.6 billion and a total market capitalization for its common stock in excess of \$350 million.

Under the terms of the merger agreement, stockholders of Factory Point will have the right to elect to receive either 0.5844 shares of Berkshire Hills common stock or \$19.50 in cash in exchange for each share of Factory Point common stock held by them, subject to proration procedures, so that 80% of the outstanding Factory Point common shares are converted into Berkshire Hills common stock and the balance is converted into the cash consideration. The transaction is intended to qualify as a reorganization for federal income tax purposes, and as a result, the shares of Factory Point common stock exchanged for shares of Berkshire Hills common stock are expected to be transferred on a tax-free basis. The purchase price represents 17.9x Factory Point's trailing twelve month earnings. The purchase price represents 291% of Factory Point's tangible book value and a 20.9% premium to core deposits. Berkshire Hills expects to implement ongoing cost savings equal to approximately 25% of Factory Point's total non-interest expenses. Berkshire Hills expects that the acquisition will be up to four cents accretive to earnings per share in the first full year of combined operations.

Michael P. Daly, President and Chief Executive Officer of Berkshire Hills stated, "Factory Point is within our targeted market area and this transaction is expected to accelerate our long term earnings growth. Factory Point is a quality institution, with strong profitability and a low risk profile. It is well located, with good market share in desirable markets and complements our own banking strengths. We believe that the scope of our regional bank product selection and our engaging and exciting business environment will be well received in these markets. These markets are proximate to our Berkshire County base, allowing us to provide the local responsiveness that gives us an advantage in competing against larger institutions. The Southern Vermont market is close to both our Western Massachusetts and Northeastern New York regions, and will provide synergies for the residential, recreational, and commercial activity that flows among those regions.
