eSpeed Completes Evaluation of Accounting Policy

*Company Plans to File 1Q2007 10-Q/A and FY2006 10-K/A and a  
2Q2007 10-Q Within 5 Business Days*

eSpeed, Inc., a leading developer of electronic marketplaces and related trading technology for the global capital markets, today announced that it has resolved the previously announced evaluation of its accounting policy. As a result, the Company expects to file within one business day a Form 10-K/A for the year ended December 31, 2006 and a Form 10-Q/A for the quarter ended March 31, 2007. eSpeed currently expects to file within five business days a Form 10-Q for the second quarter ended June 30, 2007.

On August 15, 2007, the Company, based on the recommendation of its management, after discussions with Deloitte & Touche LLP, the Company's independent registered public accounting firm, determined that the Company's previously issued financial statements for the fiscal years ended December 31, 1999 through 2006 and for the fiscal quarter ended March 31, 2007 should no longer be relied upon and that a restatement of certain of those financial statements and related financial information and disclosures was required. The restatement relates to the Company's previously disclosed evaluation of its accounting policy with respect to certain revenues and expenses related to a portion of the development of related party software covered under the Company's Joint Services Agreement (the "JSA") with Cantor Fitzgerald, L.P. eSpeed had accounted for certain fees paid by related parties for software development as revenue in the period when the cash was received. The Company has now concluded that some of these paid fees should have been deferred and recognized ratably over future periods. The principal effect of this restatement was an aggregate non-cash reduction to revenue and income of less than \$4 million spread over the affected periods. The Company expects this deferred revenue and income of less than \$4 million recorded through this adjustment will be recognized between June 30, 2007 and the closing of its proposed merger with BGC Partners, Inc. and its affiliates and the related termination of the JSA. The planned filings will reflect these restatements, and the Company believes that no further amended filings will be required.

BGC and eSpeed combined are expected to have over \$1.1 billion in revenue in 2008. This planned restatement is both highly technical and non-cash and does not involve any reduction in aggregate revenue or income for the combined company, said Howard W. Lutnick, Chairman, Chief Executive Officer and President of eSpeed. Now that this issue is resolved, we can finalize our proxy statement and move towards the completion of our highly-accretive proposed merger.

In a related matter, on August 15, 2007, eSpeed received an expected Staff Determination notice from The Nasdaq Stock Market stating that because the Company was delayed in filing its Form 10-Q for the second quarter ended June 30, 2007, the Company was not in compliance with the timely filing requirements for continued listing set forth in Nasdaq Marketplace Rule 4310(c)(14) and that its Class A Common Stock was, therefore, subject to delisting from The Nasdaq Global Market. The Staff Determination notice is standard procedure when a Nasdaq-listed company is not timely in filing a periodic report. The Company expects to file its Form 10-Q for the second quarter of 2007 within five business days and, accordingly, believes that its deficiency with respect to Nasdaq Marketplace Rule 4310(c)(14) will be cured. In addition, the Company has also requested a hearing before a Nasdaq Listing Qualifications Panel to appeal the Staff Determination, which request has automatically stayed the delisting of the Company's Class A Common Stock pending the Panel's review and determination. The Company believes that its planned filing of its second quarter Form 10-Q will render the purpose for the hearing moot and that the Company will thus be entitled to the continued listing of its Class A Common Stock.

A copy of the Company's press release dated August 21, 2007 with respect to this Item 8.01 and Items 3.01 and 4.02 set forth above is furnished as Exhibit 99.1 to this Current Report on Form 8-K and is incorporated by reference herein.
