PROXY STATEMENT FOR ANNUAL MEETING OF STOCKHOLDERS

General Information Concerning the Annual Meeting

You are receiving this Notice of Annual Meeting and Proxy Statement because you are a stockholder of Silicon Graphics, Inc. (SGI, we, our, or the Company). You are invited to attend the 2007 Annual Meeting of Stockholders on November 19, 2007, at 8:00 a.m., Pacific time, at the offices of Cooley Godward Kronish LLP in San Francisco. Since seating is limited, please request a ticket by emailing us at annualmeeting@sgi.com or by contacting the Corporate Secretary at (650) 960-1980 or 1140 East Arques Avenue, Sunnyvale, California 94085. Please see the section *Directions to the Annual Meeting of Stockholders* for further information.

Our Board of Directors (the Board) is sending you these proxy materials in connection with our solicitation of proxies to be voted at our Annual Meeting and at any postponement or adjournment of our Annual Meeting. We intend to mail these proxy solicitation materials on or about October 18, 2007, to all stockholders of record entitled to vote at the meeting. Any correspondence concerning the Annual Meeting may be sent to Mr. Barry Weinert, Vice President, General Counsel and Corporate Secretary at our principal address set forth above.

Appointment of Proxy Holders

Your vote is very important. For this reason, our Board is requesting that you permit your shares of common stock to be represented at our Annual Meeting by the proxies named on the enclosed proxy card. You make this appointment by submitting the enclosed proxy form or using one of the voting methods described below. If appointed by you, the proxy holders will vote your shares as you direct on the matters described in the Proxy Statement. In absence of directions from you, they will vote your shares as recommended by the Board. Unless you otherwise indicate on the proxy form or through another voting method, you also authorize your proxy holders to vote your shares on any matters that are not known by your Board at the time this Proxy Statement was printed and that, under our bylaws, may be properly presented for action at the Annual Meeting.

Who May Vote at the Annual Meeting

You may vote your shares if you were a stockholder of record at the close of business on October 2, 2007 (the Record Date). As of the Record Date, 11,125,000 shares of our common stock were outstanding and entitled to vote. Each outstanding share of common stock is entitled to one vote.

Votes Needed to Hold the Meeting

A quorum, which is a majority of the outstanding shares as of the Record Date, must be present to hold the Annual Meeting. A quorum is calculated based on the number of shares represented at the meeting, either by the stockholders attending in person or by the proxy holders. If you indicate an abstention as your voting preference in all matters, your shares will be counted toward a quorum but will not be voted on any matter.

Voting Methods

If you are a stockholder of record (you own shares in your own name), you can vote by telephone, on the Internet, or by mail. If you are a street name stockholder (you own shares in the name of a

Table of Contents

bank, broker, or other holder of record), you should refer to the proxy form or the information you receive from the record holder to see the voting methods available to you. If you vote by telephone or on the Internet, you do not need to return your proxy form. Telephone and Internet voting will be available 24 hours a day and will close at the time listed on your proxy form.

Voting by Telephone. You may vote by proxy by using the toll-free number listed on the proxy form or mailed with your proxy materials. Easy-to-follow voice prompts allow you to vote your shares and confirm that your instructions have been properly recorded.

Voting on the Internet. You may vote by proxy on the Internet by following the instructions on the proxy form or included in the proxy materials. As with telephone voting, you can confirm that your instructions have been properly recorded.

Voting by Mail. You may vote by proxy by signing, dating, and returning your proxy forms in the pre-addressed, postage-paid envelope provided.

Voting at the Annual Meeting. The method by which you vote your proxy form will not limit your right to vote at the Annual Meeting if you decide to attend in person. If you are a street name stockholder, you must obtain a proxy, executed in your favor, from the holder of record to be able to vote at the Annual Meeting.

Changing Your Vote

Any proxy given in response to this solicitation may be revoked by the person giving it at any time before its use by delivering to our Corporate Secretary at our principal offices a written notice of revocation or a duly executed proxy bearing a later date or by voting at a later time by telephone or the Internet, or by attending the meeting and voting in person.

Issues to be Voted on at the Annual Meeting

In this Proxy Statement, you are asked to vote on three matters: (1) the election of directors; (2) approval of the Management Incentive Plan; and (3) approval of the Employee Stock Purchase Plan. Our Board does not know of any other matter that will be presented for consideration at the Annual Meeting. If any other matter does properly come before the Annual Meeting, your proxy holders will vote on it as they think best unless you direct otherwise in your proxy instruction.

Counting the Vote

Votes will be counted by the inspector of election appointed for the meeting, who will separately count For and Withhold and, with respect to proposals other than the election of directors, Against votes, abstentions, and broker non-votes. Abstentions will be

counted towards the vote total for each proposal and will have the same effect as *Against* votes. Broker non-votes have no effect and will not be counted towards the vote total for any proposal.

Broker Non-Vote

Generally, if shares are held in street name, the beneficial owner of the shares is entitled to give voting instructions to the broker or nominee holding the shares. Broker non-votes occur when a beneficial owner of shares held in *street name* does not give instructions to the broker or nominee holding the shares as to how to vote on matters deemed *non-routine*. If the beneficial owner does not provide voting instructions, the broker or nominee can still vote the shares with respect to matters that are considered to be *routine* but not with respect to *non-routine* matters.

Method and Cost of Proxy Solicitation

We do not anticipate retaining the services of a proxy solicitor this year and we will pay the entire cost of soliciting proxies. Our employees may solicit your proxy voting instructions without additional compensation. We have retained Broadridge Financial Solutions, Inc. (*Broadridge*) and our Transfer Agent, Computershare Investor Services (*Computershare*), to assist in distributing these proxy materials. Computershare will serve as the proxy tabulator.

We will also reimburse brokerage firms, banks, and other holders of record for reasonable out-of-pocket expenses for forwarding these proxy materials to you, according to certain regulatory fee schedules. See *Receiving Future Proxy Materials on the Internet* for information on how you can help reduce printing and mailing costs.

Householding

Brokers with account holders who are SGI stockholders will be *householding* our proxy materials. Under this procedure, stockholders of record who have the same address and last name and do not participate in electronic delivery of proxy materials will receive only one copy of the Proxy Statement and accompanying materials, but will continue to receive separate proxy forms. Once you have received notice from your broker that it will be *householding* communications to your address, *householding* will continue until you are notified otherwise or until you revoke your consent. This procedure reduces printing and mailing costs.

If you prefer to receive separate sets of proxy materials for our Annual Meeting, we will promptly deliver them to you if you request it by writing to our Corporate Secretary at our principal offices. If you wish to receive separate proxy materials in the future, you may telephone Broadridge toll-free at 1-800-542-1061 and request a separate mailing of materials.

Stockholders who currently receive multiple copies of the proxy materials at their address and would like to request *householding* of their proxy and other materials should contact their broker.

2008 Deadline for Receipt of Stockholder Proposals

Proposals of stockholders intended to be presented at our 2008 Annual Meeting of Stockholders must be received by our Corporate Secretary no later than June 20, 2008, in order to be included in the proxy materials for that meeting.

If you intend to present a proposal at our 2008 Annual Meeting, but you do not intend to have it included in our 2008 Proxy Statement, notice must be received by our Corporate Secretary no earlier than July 23, 2008, and no later than August 21, 2008. You are also advised to review our Bylaws, which contain additional requirements about advance notice of stockholder proposals and director nominations. Our Bylaws are available at www.sgi.com under the *Investors* and then *Corporate Governance* sections.

Receiving Future Proxy Materials on the Internet

The Notice of Annual Meeting and Proxy Statement and our Annual Report for the fiscal year ended June 29, 2007, are available on our Web site at www.sgi.com under the *Investors* and then *Annual Report* sections.

Instead of receiving paper copies of the Proxy Statement and accompanying materials in the mail, you can elect to receive an e-mail that will provide an electronic link to these documents. Opting to receive your proxy materials online conserves natural resources and will save us the cost of printing and mailing documents to you and also gives you an electronic link to the proxy voting site.

Table of Contents

If you are a stockholder of record, you may enroll in electronic delivery by following the instructions on the proxy card provided by Computershare. You may revoke your electronic delivery election at any time and request a paper copy of our Proxy Statement and Annual Report.

If you are a street name stockholder, you may also have the opportunity to receive copies of the Annual Report and Proxy Statement electronically. Please contact your broker or bank for more information on electronic delivery of your proxy materials.

Proposal 1 Election of Two Directors

We have seven directors serving on our Board. The directors are divided into three classes and they serve staggered three-year terms. The Class I directors, James A. McDivitt and Robert H. Ewald, are being nominated for re-election this year for a three-year term expiring at the 2010 Annual Meeting. The Board has nominated these individuals for election to the Board at the recommendation of the Corporate Governance and Nominating Committee. Following the Annual Meeting, at which two Class I directors are to be elected, the Board will consist of two directors in Class I, three in Class II, and two in Class III. The current Class II directors' terms expire at the 2008 Annual Meeting, and the current Class III directors' terms expire at the 2009 Annual Meeting. We encourage nominees for director to attend the Annual Meeting.

Directors and Nominees for Director

Unless otherwise instructed, the proxy holders will vote for the nominees named below. Each of the nominees has consented to serve another term as a director if re-elected. In the unexpected event that any nominee becomes unavailable or declines to serve, the proxy holders will vote the proxies in their discretion for any nominee designated by the Board to fill the vacancy or allow the vacancies to remain open until a suitable candidate or candidates are located. Directors must be elected by a plurality of the votes cast at the Annual Meeting. This means that the two nominees receiving the highest number of votes will be elected. Abstentions will have no effect on the election of directors. If you hold your shares through a broker, bank or other nominee and you do not instruct them how to vote on this proposal, your broker may vote your shares.

Information Regarding Operations of the Board of Directors and Corporate Governance

Background Information

On May 8, 2006, the Company and certain of its subsidiaries (collectively with the Company, the Debtors) filed voluntary petitions for reorganization under chapter 11 of title 11, United States Code, in the United States Bankruptcy Court for the Southern District of New York (Case Nos. 06-10977 (BRL) through 06-10990 (BRL)). On September 19, 2006, the Debtors First Amended Joint Plan of Reorganization Under Chapter 11 of the Bankruptcy Code, as Modified, (the Plan) was confirmed by the Court, and on October 17, 2006 (the Effective Date), the Plan became effective under the Bankruptcy Code and we emerged from the bankruptcy process.

During the fiscal year ended June 30, 2006, and prior to the Effective Date, the members of our Board were Dennis McKenna, Robert R. Bishop, Dr. Lewis S. Edelheit, James A. McDivitt, Arthur L. Money, Anthony R. Muller, and Dr. Robert M. White. Mr. Money resigned from the Board in June 2006. As of the Effective Date, Dr. Edelheit, Dr. White, Mr. Muller, and Mr. Bishop ceased being directors of the Company, and the following persons became members of the Board pursuant to and by operation of the Plan: Eugene I. Davis, Anthony Grillo, Kevin D. Katari, and Chun Won Yi. In addition, Mr. McKenna and Mr. McDivitt remained as directors of the Company and Messrs. White, Money, and McDivitt remained directors of our subsidiary, Silicon Graphics Federal, Inc. On October 18, 2006, the Board elected Mr. Katari as Chairman of the Board. Mr. McKenna resigned from the Board on April 6, 2007. The resulting vacancy was filled by Mr. Ewald, who joined the Board on April 9, 2007. Joanne O. Isham joined the Board on January 31, 2007.

Independence of the Board of Directors

As required under the Nasdaq Stock Market (Nasdaq) listing standards, a majority of the members of a listed company s Board must qualify as independent, as affirmatively determined by the Board. The Board consults with the Company s counsel to ensure that the Board s determinations are consistent with relevant securities and other laws and regulations regarding the definition of independent, including those set forth in pertinent listing standards of Nasdaq as in effect from time to time. Consistent with these considerations, after review of all relevant transactions or relationships between each director or any of his or her family members and the Company, its senior management, and its independent auditors, the Board has affirmatively determined that, other than Robert Ewald, all members of our Board are independent directors within the meaning of the applicable Nasdaq listing standards. In making this determination, the Board found that none of these directors, other than Mr. Ewald, had a material or other disqualifying relationship with the Company. Mr. Ewald, our Chief Executive Officer, is not an independent director by virtue of his employment with the Company.

Meetings of the Board of Directors

The Board and its committees meet throughout the year on a regular schedule and hold special meetings or act by written consent as needed. During fiscal 2007, the Board held nineteen meetings either in person or by telephone. Each regularly scheduled meeting of the Board includes a separate executive session for the non-management members of the Board. All directors attended at least 75% of the aggregate of the meetings of the Board, and of the committees on which they served, held during the period for which they were directors and committee members, respectively.

Table of Contents***Information Regarding Committees of the Board of Directors***

The Board has three committees: the Audit Committee, the Compensation and Human Resources Committee, and the Corporate Governance and Nominating Committee. The following table provides membership and meeting information for fiscal 2007 for each of the Board committees:

Name	Audit	Compensation and Human Resources	Corporate Governance and Nominating
Eugene I. Davis	x*	x	
Robert H. Ewald			
Anthony Grillo	x	x*	
Joanne O. Isham		x	x
Kevin D. Katari			x
James A. McDivitt	x	x	
Chun Won Yi			x*

* Committee Chairperson

The Board periodically reviews its standing committees, the committee charters, and the appointment of directors to serve on standing committees. The Board has determined that all members of these committees are independent directors within the meaning of the rules and regulations of Nasdaq. Each of our standing committees operates under a written charter adopted by the Board, and each committee's charter is available on our Web site at www.sgi.com under the *Investors* and then *Corporate Governance* sections. Below is a description of each committee of the Board.

Audit Committee

The Audit Committee of the Board was established by the Board to oversee our corporate accounting and financial reporting processes and audits of its financial statements. For this purpose, the Audit Committee performs several functions. The Audit Committee evaluates the performance of and assesses the qualifications of the independent auditors; determines and approves the engagement of the independent auditors; determines whether to retain or terminate the existing independent auditors or to appoint and engage new independent auditors; reviews and approves the retention of the independent auditors to perform any proposed permissible non-audit services; monitors the rotation of partners of the independent auditors on the Company's audit engagement team as required by law; reviews and approves or rejects transactions between us and any related persons; confers with management and the independent auditors regarding the effectiveness of internal controls over financial reporting; establishes procedures, as required under applicable law, for the receipt, retention, and treatment of complaints we receive regarding accounting, internal accounting controls or auditing matters, and the confidential and anonymous submission by employees of concerns regarding questionable accounting or auditing matters; and meets to review the Company's annual audited financial statements and quarterly financial statements with management and the independent auditor, including reviewing related disclosures set forth in our periodic reports filed with the SEC. The Audit Committee is composed of three directors: Messrs. Davis (Chair), Grillo, and McDivitt. The Audit Committee met sixteen times during the fiscal year.

The Board has also determined that Mr. Davis qualifies as an audit committee financial expert as defined in applicable SEC rules. The Board made a qualitative assessment of Mr. Davis' level of knowledge and experience based on a number of factors, including his formal education and experience as a chief financial officer for public reporting companies.

The charter of the Audit Committee is attached as Appendix A.

Table of Contents***Fees Paid to Independent Registered Public Accountants***

In June 2006, the Audit Committee made the decision to change independent accountants, which decision was approved, ratified, and adopted by our Board. As a result, on June 19, 2006, we dismissed the previous independent registered public accounting firm, Ernst & Young, LLP, and engaged KPMG LLP as our independent registered public accounting firm. The report of our principal accountants on our financial statements for fiscal year 2006 did not contain any adverse opinion or disclaimer of an opinion, and was not qualified or modified as to uncertainty, audit scope or accounting principles. In fiscal year 2007 our principal accountants' report included an adverse opinion on the effectiveness of the Company's internal control over financial reporting.

Compensation and Human Resources Committee

The Compensation and Human Resources Committee (the Compensation Committee) is composed of four directors: Messrs. Grillo (Chair), Davis, and McDivitt and Ms. Isham. The Compensation Committee met fourteen times during the fiscal year. The

Edgar Filing: SILICON GRAPHICS INC - Form DEF 14A

Compensation Committee has adopted a written charter that is available to stockholders on the Company's Web site at www.sgi.com under the *Investors* and then *Corporate Governance* sections.

The Compensation Committee of the Board acts on behalf of the Board to review, approve, and oversee the Company's compensation strategy, policies, plans and programs, including the following:

establishment of corporate and individual performance objectives relevant to the compensation of our executive officers, directors, and other senior management and evaluation of performance in light of these stated objectives;

review and approval of the compensation and other terms of employment or service, including severance and change-in-control arrangements, of our Chief Executive Officer and the other executive officers and directors;

Table of Contents

administration of our equity compensation plans and other similar plans and programs; and

review of the Compensation Discussion and Analysis with management and consideration of whether to recommend that it be included in the Proxy Statements and other filings.

Compensation and Human Resources Committee Processes and Procedures

Typically, the Compensation Committee meets at least quarterly and with greater frequency if necessary. The agenda for each meeting is usually developed by our SVP of Human Resources with approval of the CEO and the Chair of the Compensation Committee. Agenda items may also be added directly by the Chair of the Compensation Committee. The Compensation Committee meets regularly in executive session. However, from time to time, members of the Board, various members of management and other employees, and outside advisors or consultants may be invited by the Compensation Committee to make presentations, provide financial or other background information and advice, or otherwise participate in Compensation Committee meetings. The CEO may not participate in or be present during any deliberations or determinations of the Compensation Committee regarding his compensation or individual performance objectives. The charter of the Compensation Committee grants it full access to our books, records, facilities, and personnel as well as the authority to obtain, at our expense, advice and assistance from internal and external compensation, legal, accounting, or other advisors and consultants and other external resources that the Compensation Committee considers necessary or appropriate in the performance of its duties. In particular, the Compensation Committee has the sole authority to retain compensation consultants to assist in its evaluation of executive and director compensation, including the authority to approve the consultant's reasonable fees and other retention terms.

During the past fiscal year, the Compensation Committee engaged Frederic W. Cook & Co., Inc. as compensation consultants (the Compensation Consultant), based on recommendations from members of the Board. The Compensation Committee requested that the Compensation Consultant do the following:

evaluate the efficacy of our existing compensation strategy and practices in supporting and reinforcing the Company's long-term strategic goals; and

assist in refining our compensation strategy and in developing and implementing an executive compensation program to execute that strategy.

As part of its engagement, the Compensation Consultant was requested by the Compensation Committee to develop a comparative group of companies and to perform analyses of competitive performance and compensation levels for that group. At the request of the Compensation Committee, the Compensation Consultant also conducted individual interviews with members of the Compensation Committee and executives to learn more about the Company's business operations and strategy, key performance metrics, and strategic goals as well as the labor markets in which we compete. The Compensation Consultant developed an analysis and database that served as a set of external market benchmarks which, along with design recommendations from the Compensation Consultant, were used by management in the development of our overall compensation strategy and components. Upon presentation by management, the external market benchmarks, other relevant internal data, SGI business objectives and the recommendations were discussed in detail between the Compensation Committee, management and the Compensation Consultant. The Compensation Committee ultimately approved the compensation strategy and components, based on the financial and operating objectives of the Company, the relevant internal data and external market benchmarks. The approved compensation strategy and components are discussed in the *Compensation Discussion and Analysis* section of this Proxy Statement.

Table of Contents

Historically, the Compensation Committee has reviewed and approved significant adjustments to annual compensation, determined bonus and equity awards, and established new performance objectives at one or more meetings held during the first quarter of the year. Generally, the Compensation Committee's process comprises two related elements: the determination of compensation levels and the establishment of performance objectives for the current year. For executives other than the CEO, the Compensation Committee solicits and considers evaluations and recommendations submitted to the Compensation Committee by the CEO. In the case of the CEO, the evaluation of his performance is conducted by the Compensation Committee, which determines any adjustments to his compensation as well as awards to be granted. As part of its deliberations, the Compensation Committee may review and consider, for all executives and directors as appropriate, materials such as financial reports and projections, operational data, tax and accounting information, tally sheets that set forth total compensation payable in various hypothetical scenarios, executive and director stock ownership information, company stock performance data, analyses of historical executive compensation levels and current Company-wide compensation levels, and recommendations of the Compensation Consultant. These recommendations may include analyses of executive and director compensation paid at other companies identified by the Compensation Consultant. The Compensation Committee considers matters related to individual compensation, such as compensation for new executive hires, as well as high-level strategic issues, such as the efficacy of the Company's compensation strategy, potential modifications to that strategy and new trends, and plans or approaches to compensation. At various meetings throughout the year and on a monthly basis, the Compensation Committee approves new-hire and other equity grants. The specific determinations of the Compensation Committee with respect to executive compensation for fiscal year 2007 are described in detail in the *Compensation Discussion and Analysis* section of this Proxy Statement.

Compensation and Human Resources Committee Interlocks and Insider Participation

The members of the Compensation Committee during fiscal 2007 were Messrs. Grillo, Davis and McDivitt and Ms. Isham. Each committee member was a non-employee director. During fiscal 2007, no interlocking relationships existed between the Board and the Compensation Committee and the board of directors or compensation committee of another company.

Compensation and Human Resources Committee Report

The Compensation Committee has reviewed and discussed with management the Compensation Discussion and Analysis (CD&A) contained in this Proxy Statement. Based on this review and discussion, the Compensation Committee recommended to the Board that the CD&A be included in this Proxy Statement and incorporated by reference into our Annual Report on Form 10-K for the fiscal year ended June 29, 2007.

Corporate Governance and Nominating Committee

Edgar Filing: SILICON GRAPHICS INC - Form DEF 14A

The Corporate Governance and Nominating Committee (the Governance Committee) of the Board is responsible for identifying, reviewing, and evaluating candidates to serve as directors (consistent with criteria approved by the Board), reviewing and evaluating incumbent directors, recommending to the Board candidates for election to the Board, making recommendations to the Board regarding the membership of the committees of the Board, assessing the performance of the Board, and developing a set of corporate governance principles for the Company. The Governance

Table of Contents

Committee is composed of three directors: Messrs. Yi (Chair) and Katari and Ms. Isham. The Governance Committee met five times during the fiscal year.

The Governance Committee believes that candidates for director should have certain minimum qualifications, including the ability to read and understand basic financial statements, being over 21 years of age, and having the highest personal integrity and ethics. The Governance Committee also considers such factors as possessing relevant expertise upon which to be able to offer advice and guidance to management, having sufficient time to devote to the affairs of the Company, demonstrating excellence in his or her field, having the ability to exercise sound business judgment, and having the commitment to rigorously represent the long-term interests of the our stockholders. However, the Governance Committee retains the right to modify these qualifications from time to time. Candidates for director nominees are reviewed in the context of the current composition of the Board, our operating requirements, and the long-term interests of stockholders. In conducting this assessment, the Governance Committee considers diversity, age, skills, and such other factors as it deems appropriate given the current needs of the Board and the Company to maintain a balance of knowledge, experience, and capability.

In the case of incumbent directors whose terms of office are set to expire, the Governance Committee reviews these directors overall service to the Company during their terms, including the number of meetings attended, level of participation, quality of performance, and any other relationships and transactions that might impair the directors' independence. In the case of new director candidates, the Governance Committee also determines whether the nominee is independent for Nasdaq purposes, which determination is based upon applicable Nasdaq listing standards, applicable SEC rules and regulations, and the advice of counsel if necessary. The Governance Committee then uses its network of contacts to compile a list of potential candidates but may also engage, if it deems appropriate, a professional search firm. The Governance Committee conducts any appropriate and necessary inquiries into the backgrounds and qualifications of possible candidates after considering the function and needs of the Board. The Governance Committee meets to discuss and consider the candidates' qualifications and then selects a nominee for recommendation to the Board by majority vote.

Candidates for director suggested by stockholders will be considered by the Governance Committee. The Governance Committee screens all potential candidates in the same manner regardless of the source of the recommendation. Such suggestions should include the candidate's name and qualifications and may be submitted in writing to our Corporate Secretary at our principal address. In addition, nominations for director may be made by a stockholder entitled to vote who complies with the advance notice provision in our Bylaws.

Code of Business Conduct and Ethics

We have adopted a Code of Business Conduct and Ethics that applies to all officers, directors and employees. The Code of Business Conduct and Ethics encompasses our code of ethics and is applicable to our CEO, principal financial officer, and principal accounting officer and controller. The Code of Business Conduct and Ethics is available on our website at www.sgi.com under the *Investors* and then *Corporate Governance* sections. You may also request a copy of the Code of Business Conduct and Ethics, free of charge, by writing to our Corporate Secretary at our principal address. We intend to make any required disclosures regarding amendments to or waivers granted to any of our directors or executive officers under the Code of Business Conduct and Ethics on our Web site.

succession, and committee composition and charters as well as Board self-evaluation. The corporate governance guidelines are available on our Web site at *www.sgi.com* under the *Investors* and then *Corporate Governance* sections.

Contacting the Board of Directors

The Board, including a majority of our independent directors, has adopted a formal process by which stockholders may communicate with the Board. Stockholders may communicate with the Board at any time by writing to our Corporate Secretary at our principal address or by sending an email to the Board at *boardcommunication@sgi.com*. All concerns will be received and processed by our Corporate Secretary as further described on our Web site at *www.sgi.com* under the *Investors* and then *Corporate Governance* sections. Concerns relating to our accounting, internal accounting controls, or auditing matters will be referred to the Audit Committee.

Transactions With Related Persons

Review, Approval or Ratification of Transactions with Related Persons

We require that any transaction with a related party required to be reported under applicable SEC rules, other than compensation-related matters and waivers of our Code of Business Conduct and Ethics, be reviewed and approved or ratified by a majority of our independent, disinterested directors. We have not adopted procedures for review of, or standards for approval of, these transactions but instead review such transactions on a case by case basis. We require that all compensation-related matters be recommended for Board approval by the Compensation Committee and that any waiver of our Code of Business Conduct and Ethics be reviewed and approved by the Nominating and Corporate Governance Committee and be reported under applicable SEC rules.

Proposal 2 Approve the Management Incentive Plan

The Silicon Graphics, Inc. Management Incentive Plan (the *Incentive Plan*) was adopted by our Board and became effective on October 17, 2006. On September 17, 2007, our Board amended and restated the Incentive Plan, subject to stockholder approval. As used in this Proposal 2, the term *Incentive Plan* refers to the Incentive Plan, as amended and restated by our Board on September 17, 2007. There are 2,473,750 shares of our common stock reserved for issuance under the Incentive Plan.

We believe it is in the best interests of the Company to have a stockholder-approved plan that allows for grants of various equity-based awards. The approval of the Incentive Plan will allow us to utilize a broad array of equity incentives in order to secure and retain the services of our employees, consultants, and directors and to provide incentives for such persons to exert maximum efforts for our success.

The approval of the Incentive Plan also will allow us to provide for awards that may be granted or may vest based upon the achievement of certain corporate performance goals and that are intended to qualify as performance-based compensation for purposes of Section 162(m) of the Internal Revenue Code of 1986, as amended (the *Code*) (*Section 162(m)*). Section 162(m) denies a deduction to any publicly-held corporation for certain compensation paid to covered employees in a taxable year to the extent that compensation to a covered employee exceeds \$1 million. However, some kinds of compensation, including qualified performance-based compensation, are not subject to this deduction limitation. For performance-based awards under the Incentive Plan to qualify as performance-based compensation under Section 162(m), among other things, our stockholders must approve the material terms of the awards, including (i) the employees eligible to receive the awards, (ii) the business criteria on which the performance goals are based, and (iii) the maximum number of shares or amount of cash that could be granted or paid to any employee during a certain period.

Our stockholders are requested in this Proposal 2 to approve the adoption of the Incentive Plan. The affirmative vote of the holders of a majority of the shares present in person or represented by proxy and entitled to vote at the Annual Meeting will be required to approve the Incentive Plan. Abstentions will be counted toward the tabulation of votes cast on proposals presented to the stockholders and will have the same effect as negative votes. Broker non-votes are counted towards a quorum but are not counted for any purpose in determining whether this matter has been approved.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE IN FAVOR OF PROPOSAL 2.

Table of Contents

The Incentive Plan

The material features of the Incentive Plan are outlined below. The following description of the Incentive Plan is a summary only and is qualified in its entirety by reference to the Incentive Plan attached as Appendix B.

General

The Incentive Plan provides for the grant of incentive stock options, nonqualified stock options, stock appreciation rights, stock awards, stock unit awards, other stock-based awards, dividend equivalent rights, and cash awards (collectively, awards). Stock awards, stock unit awards, other stock-based awards, and cash awards may be designed to qualify as performance-based awards. Incentive stock options granted under the Incentive Plan are intended to qualify as incentive stock options within the meaning of Section 422 of the Code. Nonqualified stock options granted under the Incentive Plan are not intended to qualify as incentive stock options under the Code. See Federal Income Tax Information for a discussion of the tax treatment of awards.

Purpose

Our Board adopted the Incentive Plan to provide a means to attract, retain, and motivate our employees (including officers), consultants, and non-employee directors by providing them with the opportunity to acquire shares of our common stock, to receive monetary payments based on the value of such shares, and to receive other equity or cash incentive compensation.

Administration

The Incentive Plan will be administered by the Compensation Committee, which is comprised of two or more members, each of whom will be a non-employee director within the meaning of Rule 16b-3 of the Securities Exchange Act of 1934, as amended (the Exchange Act), an outside director within the meaning of Section 162(m) of the Code, and an independent director within the meaning of the Nasdaq listing requirements. Subject to the provisions of the Incentive Plan, the Compensation Committee has the authority to construe and interpret the Incentive Plan, to determine the persons to whom and the dates on which awards will be granted, what type or combination of types of awards will be granted, the number of shares of common stock to be subject to each award, the time or times during the term of each award within which all or a portion of the award may be exercised, the exercise or purchase price of each award, the type of consideration permitted to exercise or purchase each award, and other terms and conditions of the awards. The Compensation Committee also has the right to accelerate the vesting or exercisability of awards and cancel awards upon a change in control (as defined in the Incentive Plan).

The Compensation Committee may delegate administrative duties and powers to one or more of its members or to one or more officers, agents, or advisors. To the extent permitted by law, the Compensation Committee may also delegate to one or more officers the authority to designate employees and consultants to receive awards and determine the terms and conditions of such awards. If such authority is delegated, (i) the officer(s) shall have no authority to make awards to Section 16 insiders, (ii) the delegation shall set forth the amount of awards authorized, and (iii) the officer(s) shall report to the Compensation Committee periodically regarding the scope and nature of awards granted.

Eligibility

Incentive stock options may be granted under the Incentive Plan only to our employees (including officers) and employees of our subsidiaries. All of our employees, directors, and consultants, as well as those of our subsidiaries, are eligible to receive all other types of awards under the Incentive Plan. All

Table of Contents

of our approximately 1,600 employees, directors, and consultants are eligible to participate in the Incentive Plan.

No incentive stock option may be granted under the Incentive Plan to any person who, at the time of the grant, owns (or is deemed to own) stock totaling more than 10% of the total combined voting power of our stock or that of our affiliates unless the exercise price of such option is at least 110% of the fair market value of the stock subject to the option on the date of grant and the term of the option does not exceed five years from the date of grant. In addition, the aggregate fair market value, determined on the date of grant, of the shares of common stock with respect to which incentive stock options are exercisable for the first time by a participant during any calendar year (under the Incentive Plan and any of our other plans and those of our affiliates) may not exceed \$100,000. (please see [Terms of Options](#) below for information regarding nonqualified stock options.

The following sets forth the maximum number of shares of our common stock or cash that may be granted to any participant under the Incentive Plan with respect to certain types of awards during the applicable period (each a 162(m) Limitation):

With respect to options, stock appreciation rights, and other stock-based awards designed to provide equity compensation based solely upon the appreciation in the value of our common stock over an exercise or base price following the date of grant, the 162(m) Limitation is 250,000 shares during any consecutive 12 month period.

With respect to stock awards, stock unit awards, and other stock-based awards designed to provide equity compensation based upon the value of stock on the date of grant (rather than solely on the appreciation of such stock after the date of grant) (full value awards), the 162(m) limitation is 100,000 shares during any consecutive 36 month period.

The 162(m) Limitation for any award denominated in cash that may be paid, credited, or become vested during any consecutive 12 month period is \$3,000,000.

Stock Subject to the Incentive Plan

As shown in the table below, the maximum number of shares of common stock available for issuance under the Incentive Plan is 2,473,750 shares, all of which may be issued as incentive stock options. Of the total number of shares reserved under the Incentive Plan, a maximum of 924,375 shares may be issued pursuant to full value awards (as described above under [Eligibility](#)). The October 2006 allocation represented a fixed share amount as agreed in the plan of reorganization. The November 2007 allocation represents 11% of total shares outstanding currently.

	Allocation	Max. Full Value Shares	Stock Options
October 2006	1,250,000 (100%)	312,500 (25%)	937,500 (75%)
November 2007	1,223,750 (100%)	611,875 (50%)	611,875 (50%)
Total Reserve	2,473,750	924,375	1,549,375

If an award is not settled in shares of common stock, the shares that are not actually issued to a participant will not be counted against the share reserve of the Incentive Plan. Any shares related to awards that terminate by expiration, forfeiture, cancellation, or otherwise without the issuance of such shares or are settled in cash in lieu of shares will be available again for grant under the Incentive Plan. In the case of a stock appreciation right granted in tandem with an option, only the number of shares of common stock subject to the option will be deducted from the share reserve. If the exercise price or tax withholding obligations of an award

are satisfied by tendering shares of common stock, only the net number of shares issued will be deducted from the share reserve. The share reserve also will not be reduced to reflect any dividends or dividend equivalents paid pursuant to awards under the Incentive

Plan that are settled or reinvested in shares of common stock or additional awards; *provided, however*, that for options, stock appreciation rights, and certain other stock-based awards, this provision will only apply if the payment or settlement of such dividend or dividend equivalent is not contingent upon the exercise of the award. If awards granted under another plan are issued or assumed under the Incentive Plan in connection with a merger, consolidation, acquisition of property or stock, or reorganization (a substituted award), such issuance or assumption will not reduce the number of shares available for issuance under the Incentive Plan.

Terms of Options

Options may be granted under the Incentive Plan pursuant to option agreements. The following is a description of the permissible terms of options under the Incentive Plan. Individual option agreements may be more restrictive as to any or all of the permissible terms described below.

The exercise price of incentive stock options may not be less than 100% of the fair market value of the stock subject to the option on the date of grant and, in some cases (see *Eligibility* above), may not be less than 110% of such fair market value. The exercise price of nonqualified stock options may not be less than 100% of the fair market value of the stock on the date of grant. As of October 3, 2007, the closing price of our common stock as reported on the Nasdaq Global Market was \$19.58 per share.

Consideration. The exercise price of options granted under the Incentive Plan may be paid, to the extent permitted by applicable law and at the discretion of the Compensation Committee, (i) by cash, check, or other readily available funds, (ii) by delivery of other common stock of the Company, (iii) pursuant to a broker-assisted cashless exercise, or (iv) in any other form of legal consideration acceptable to the Compensation Committee.

Vesting. No option will be exercisable earlier than the second anniversary of the date of grant except that (i) in the event of a participant's death, termination of service due to disability or a change in control (as defined in the Incentive Plan), the Compensation Committee may provide for an earlier exercise date, and (ii) in the case of an option which is a substituted award, the option will be exercisable at such times as the original award was exercisable; *provided, however*, that the Compensation Committee will have the discretion to grant options that are not subject to such vesting provisions.

Term. The maximum term of options granted under the Incentive Plan is seven years except that (i) in certain cases (see *Eligibility* above), the maximum term is five years, and (ii) in the event of a participant's death or termination of service due to disability, the exercise period will be extended beyond the original term but no longer than one year after such death or termination.

Stock awards may be granted under the Incentive Plan pursuant to stock award agreements. We may use stock awards to pay compensation, including incentive compensation under our other programs. If a stock award provides for the grant of common stock that is subject to a substantial risk of forfeiture that lapses in accordance with a vesting schedule, such award may be referred to as a restricted stock award. If the issuance or vesting of a stock award is contingent upon the satisfaction of performance criteria, such award may be referred to as a performance stock award. If a participant is granted a right to receive common stock on a fixed future date or upon the occurrence of a particular event, such award may be referred to as deferred stock award.

Vesting. No stock award may vest solely on the basis of time more rapidly than pro rata over a two year period following the date of grant, except that (i) in the event of a participant's death, termination of service due to disability or a change in control (as defined in the Incentive Plan), the Compensation Committee may provide for accelerated vesting, (ii) a performance stock award will vest in accordance with its terms when performance goals are satisfied, provided that the performance period for any performance stock award will not be less than one year, (iii) a stock award granted to pay incentive compensation earned under our other programs may be fully vested when granted, and (iv) a stock award which is a substituted award or which is issued to a newly hired participant to replace awards granted by a former employer will vest in accordance with the vesting schedule of the original award (or in the case of a stock award to a new hire, on the first anniversary of the date of grant, if later); *provided, however,* that the Compensation Committee will have the discretion to grant stock awards that are not subject to such vesting provisions.

Deferral. A deferred stock award may not provide for the delivery of common stock prior to the expiration of one year following the date of grant except that in the event of a participant's death, termination of service due to disability, or a change in control (as defined in the Incentive Plan), the Compensation Committee may provide for earlier delivery.

Stockholder Rights. Each stock award will specify whether the participant will have, with respect to the shares of common stock subject to the stock award, all of the rights of a holder of shares of our common stock, including the right to receive dividends and to vote the shares.

Terms of Stock Unit Awards

Stock unit awards may be granted under the Incentive Plan pursuant to stock unit award agreements. If a stock unit award is subject to a vesting schedule, such award may be referred to as a restricted stock unit award. If the issuance or vesting of a stock unit award is contingent upon the satisfaction of performance criteria, such award may be referred to as a performance stock unit award.

Table of Contents

If a participant is granted a stock unit award that will be settled on a fixed future date or upon the occurrence of a particular event, such award may be referred to as a deferred stock unit award.

Settlement of Awards. A stock unit award may be settled by the delivery of shares of our common stock, in cash or other awards, as determined by the Compensation Committee. If a stock unit award is settled in shares of common stock, such shares may be issued with or without payments or for other consideration, as may be required by applicable law or as may be determined by the Compensation Committee.

Vesting. No stock unit award may vest solely on the basis of time more rapidly than pro rata over a two year period following the date of grant, except that (i) in the event of a participant's death, termination of service due to disability or a change in control (as defined in the Incentive Plan), the Compensation Committee may provide for accelerated vesting, (ii) a performance stock unit award will vest in accordance with its terms when performance goals are satisfied, provided that the performance period for any performance stock unit award will not be less than one year, and (iii) a stock unit award which is a substituted award or which is issued to a newly hired participant to replace awards granted by a former employer will vest in accordance with the vesting schedule of the original award (or in the case of a stock unit award to a new hire, on the first anniversary of the date of grant, if later); *provided, however*, that the Compensation Committee will have the discretion to grant stock unit awards that are not subject to such vesting provisions.

Deferral. A deferred stock unit award may not be settled prior to the expiration of one year following the date of grant, except that in the event of a participant's death, termination of service due to disability or a change in control (as defined in the Incentive Plan), the Compensation Committee may provide for earlier settlement.

Terms of Other Stock-Based Awards

The Compensation Committee may grant other equity-based or equity-related awards denominated in shares of our common stock or an equivalent measurement based on our equity which are not otherwise described under the Incentive Plan. Subject to the provisions of the Incentive Plan, the Compensation Committee has the authority to determine the terms and conditions of such other stock-based awards; *provided, however*, that the terms of other stock-based awards may not be more favorable to participants than similar award provided for under the Incentive Plan. Specifically, (i) any stock-based award that is a full value award may not vest on the basis of time more rapidly than pro rata over two years, may not provide a shorter performance period than one year, and may not provide for settlement prior to the expiration of one year, and (ii) any stock-based award that is an option or a stock appreciation right may not be granted with an exercise or strike price less than 100% of the fair market value of our common stock on the date of grant, may not vest on the basis of time prior to the expiration of two years following the date of grant, and may not expire later than seven years after the date of grant; *provided, however*, that the Compensation Committee will have the discretion to grant other stock-based awards that are not subject to such vesting provisions.

Terms of Dividend Equivalent Rights

The Compensation Committee may grant dividend equivalent rights (rights to receive the amount of any dividend paid on our common stock) on shares that are subject to awards under the Incentive Plan. Dividend equivalent rights may be converted and payable in cash, shares of our common stock, or in the form of additional awards as determined by the Compensation Committee.

Table of Contents

Terms of Cash Awards

The Compensation Committee may grant awards denominated in cash in such amounts and subject to such terms and conditions as determined by the Compensation Committee. Each such cash award will specify a payment amount or payment range determined by the Compensation Committee.

Terms of Performance Awards

The Incentive Plan allows the Compensation Committee to grant stock awards, stock unit awards, other stock-based awards, and cash awards that are intended to qualify as performance based compensation under Section 162(m) of the Code. As determined by the Compensation Committee, such performance awards may be granted or may vest based upon the attainment during a certain period of time of certain performance goals. All of our employees (including officers), consultants, and directors, as well as those of our affiliates, are eligible to receive performance awards under the Incentive Plan. The length of any performance period, the performance goals to be achieved during the performance period, and the measure of whether and to what degree such performance goals have been attained shall be determined by the Compensation Committee.

In granting a performance award, the Compensation Committee will set a period of time, or a performance period, over which the attainment of one or more goals, or performance goals, will be measured for the purpose of determining whether the award recipient has a vested right in or to such performance award. Within the time period prescribed by Section 162(m) of the Code (typically before the 90th day of a performance period), the Compensation Committee will establish the performance goals, based upon one or more pre-established criteria, or performance criteria, enumerated in the Incentive Plan and described below. No performance awards shall be payable or vest until the Compensation Committee certifies in writing that the performance goals (and any other material terms) applicable to the performance period have been satisfied.

Performance goals under the Incentive Plan will be established by the Compensation Committee, based on one or more of the following performance criteria: (i) revenue growth; (ii) premium growth; (iii) policy growth; (iii) earnings (including earnings before taxes, earnings before interest and taxes, or earnings before interest, taxes, depreciation and amortization); (iv) operating income; (v) pre- or after-tax income; (vi) cash flow (before or after dividends); (vii) cash flow per share (before or after dividends); (viii) earnings per share; (ix) return on equity; (x) return on capital (including return on total capital or return on invested capital); (xi) cash flow return on investment; (xii) return on assets; (xiii) economic value added (or an equivalent metric); (xiv) market share or penetration; (xv) share price performance; (xvi) total stockholder return; (xvii) improvement in or attainment of expense levels or expenses ratios; (xviii) employee and/or agent satisfaction; (xix) customer satisfaction; (xx) customer retention; and (xxi) rating agency ratings. In addition, performance awards may include comparisons to the performance of other companies or an index covering multiple companies, such performance to be measured by one or more of the foregoing business criteria.

When calculating the attainment of performance goals for a performance period, the Compensation Committee may exclude or adjust for the impact of certain events or occurrences that were not budgeted or planned for in setting the goals, including, among other things, the impact of charges for restructurings, discontinued operations, extraordinary items and other unusual or non-recurring items, and the cumulative effects of tax or accounting changes, each as defined by generally accepted accounting principles as identified in the financial statements, notes to the financial statements or management's discussion, or analysis or other SEC filing. In addition, the Compensation Committee shall not have the authority to increase the amount of compensation payable upon attainment of the performance goals but may reduce or eliminate compensation if provided under the applicable award agreement.

Table of Contents

If this Proposal 2 is approved by the stockholders, compensation attributable to performance awards under the Incentive Plan will qualify as performance-based compensation, provided that (i) the award is granted by the Compensation Committee, which at the time of the grant is comprised solely of outside directors, (ii) the award is granted (or exercisable) only upon the achievement of an objective performance goal established in writing by the Compensation Committee while the outcome is substantially uncertain, and (iii) the Compensation Committee certifies in writing prior to the granting (or exercisability) of the award that the performance goal has been satisfied.

Changes to Capital Structure

If there is any change in our common stock through merger, reorganization, recapitalization, stock dividend, stock split, or other similar change in capital structure or distribution (other than normal cash dividends), an adjustment will be made to each outstanding option and stock appreciation right such that each such award will become exercisable for the securities, cash, or property a participant would have received had such award been exercised prior to such change. In addition, in the event of any such change or distribution or any extraordinary dividend or distribution of cash or other assets, the Compensation Committee will adjust the number and kind of shares that may be issued and granted under the Incentive Plan, the number and kind of shares subject to outstanding awards, the exercise price applicable to outstanding awards, and the fair market value of the common stock and other value determinations or affected terms applicable to outstanding awards. The Compensation Committee also will make appropriate adjustments to the terms of any awards (other than performance awards unless permitted under Section 162(m) of the Code) to reflect such changes or distributions (and any extraordinary dividend or distribution of cash or other assets) and to modify corresponding terms of such outstanding awards. Such changes may include modifications of performance targets and changes in the length of performance periods. In addition, the Compensation Committee will make adjustments to the terms and conditions of, and the criteria included in, awards in recognition of unusual or nonrecurring events affecting us or our financial statements or in response to changes in applicable laws, regulations, or accounting principles (except that with respect to options, stock appreciation rights and performance awards, such adjustments will not be made unless permitted under Section 162(m) of the Code).

Change in Control

Under the Incentive Plan, in the event of a change in control (as defined in the Incentive Plan and described below), the Compensation Committee is authorized to take such actions as it deems appropriate with respect to outstanding awards, including, without limitation, (i) accelerating the exercisability or vesting of such awards, (ii) providing for the assumption of all awards by the continuing entity, or (iii) performing such other actions provided in an agreement approved by our Board in connection with the change in control. The Compensation Committee may determine that, upon the occurrence or in anticipation of and subject to the occurrence of a change in control, each outstanding option and stock appreciation right under the Incentive Plan will terminate within a specified number of days after notice to the participant. In addition, the Compensation Committee may provide that each such participant will receive, with respect to each share of common stock subject to such award, an amount equal to the excess of the fair market value of such share immediately prior to the change in control over the exercise price per share of such award, with such amount to be payable in cash, property, or in a combination thereof as determined by the Compensation Committee.

For purposes of the Incentive Plan, a change in control will be deemed to occur upon any of the following events:

- (i)

Edgar Filing: SILICON GRAPHICS INC - Form DEF 14A

The acquisition of beneficial ownership, by any person(s) acting together that would constitute a group, of at least 35% of the total voting power of all classes of our capital stock entitled to vote in the election of our Board;

Table of Contents

- (ii) Either (a) incumbent directors (as defined in the Incentive Plan) cease to constitute at least a majority of the members of our Board, or (b) at any meeting of our stockholders called for the purpose of electing directors, a majority of the persons nominated by the Board for election as directors fails to be elected;
- (iii) A merger or consolidation (a) in which we are not the continuing or surviving corporation (other than a merger or consolidation with our wholly-owned subsidiary in which all shares of our outstanding common stock are changed into or exchanged for common stock of the subsidiary) or (b) pursuant to which all shares of our common stock are converted into cash, securities, or other property, except in either case a merger or consolidation in which our stockholders immediately prior to such transaction hold at least a majority of the shares of common stock of the continuing or surviving corporation or in which the Board immediately prior to such transaction would constitute a majority of the board of directors of the continuing or surviving corporation;
- (iv) A complete liquidation of the Company; or
- (v) A sale or other disposition of all or substantially all of the assets of the Company.

The acceleration of vesting of an award in the event of a change in control under the Incentive Plan may be viewed as an anti-takeover provision, which may have the effect of discouraging a proposal to acquire or otherwise obtain control of us.

Termination of Employment or Service

Each award agreement will specify the effect of a participant's termination of employment or service with us, including the extent to which unvested portions of the award will be forfeited and the extent to which options, stock appreciation rights, or other awards requiring exercise will remain exercisable. Such provisions will be determined by the Compensation Committee.

Restrictions on Transfer

Each award granted under the Incentive Plan to a participant (other than a stock award for which there are no transfer restrictions) shall not be transferable other than by will or the laws of descent and distribution and shall be exercisable during the participant's lifetime only by the participant. In the event of a participant's death, his or her options and stock appreciation rights may be exercised only by the executor or administrator of the participant's estate or the person to whom the participant's rights pass by will or the laws of descent and distribution. Notwithstanding the foregoing, at the discretion of the Compensation Committee, an award other than an incentive stock option may be transferred by a participant (i) to certain individuals, entities, or trusts specified in the Incentive Plan, (ii) to the participant's former spouse in accordance with a domestic relations order, or (iii) in the case of a participant who is one of our non-employee directors, to the entity that employs such participant or to its affiliate.

Tax Withholding

All payments or distributions of awards made pursuant to the Incentive Plan will be net of any amounts required to be withheld pursuant to federal, state and local tax withholding requirements. Notwithstanding the foregoing, for awards that require

distributions of our common stock, we may require the recipient to remit to us an amount sufficient to satisfy such tax withholding requirements. The Compensation Committee will determine whether the recipient may make such remittance by (i) tendering already-owned shares of our common stock, (ii) attesting to the number of shares already-owned, in which case we would issue only the number of incremental shares above the amount of the

Table of Contents

withholding obligation, or (iii) delivering a copy of irrevocable instructions to a broker to deliver promptly to us the amount of sale proceeds (from the sale of shares of our common stock subject to the award) to satisfy such tax withholding requirements. We also have the right to withhold the amount of such taxes from any other sums due to the recipient. The Compensation Committee may permit a recipient to satisfy such tax withholding requirements by electing to have us withhold shares of common stock from the shares issuable under the award.

Section 409A

The Incentive Plan and awards granted under the Incentive Plan will be interpreted in accordance with Section 409A of the Code regarding deferred compensation arrangements. In the event that the Compensation Committee determines that the Plan or awards are subject to Section 409A of the Code, the Compensation Committee may, without a participant's consent, amend the Plan and/or awards, adopt policies and procedures, or take any other actions necessary or appropriate to (i) exempt the Plan and/or awards from Section 409A of the Code, (ii) preserve the intended tax treatment of any such awards, and (iii) comply with the requirements of Section 409A of the Code. To the extent not otherwise specified in the applicable award agreement, each award shall be paid or otherwise settled on or as soon as practicable after the amount due is determinable and no longer subject to a substantial risk of forfeiture but in no event later than the 15th day of the third month after the end of (i) the participant's tax year that includes the applicable payment date or (ii) the Company's tax year that includes the applicable payment date, whichever is later.

Duration, Termination, and Amendment; Repricing

The Compensation Committee may suspend or terminate the Incentive Plan without stockholder approval or ratification at any time. Unless sooner terminated, the Incentive Plan will terminate on October 16, 2016.

The Compensation Committee may amend or modify the Incentive Plan at any time. However, no amendment shall be effective unless approved by our stockholders to the extent stockholder approval is necessary to satisfy applicable law or exchange listing requirements.

Without the prior approval of our stockholders, options, stock appreciation rights, and any other stock-based awards that are not full value awards under the Incentive Plan may not be repriced, replaced, or regranted through cancellation or by lowering the exercise price or grant price of a previously granted award or cancelled while the exercise price is lower than the fair market value of our common stock on the date of such cancellation in exchange for a cash payment.

Federal Income Tax Information

The following is a summary of the principal United States federal income taxation consequences to employees and us with respect to participation in the Incentive Plan. This summary is not intended to be exhaustive and does not discuss the income tax laws of any city, state, or foreign jurisdiction in which a participant may reside.

Edgar Filing: SILICON GRAPHICS INC - Form DEF 14A

Incentive Stock Options. Incentive stock options granted under the Incentive Plan are intended to be eligible for the favorable federal income tax treatment accorded incentive stock options under the Code. There generally are no federal income tax consequences to the participant or us by reason of the grant or exercise of an incentive stock option. However, the exercise of an incentive stock option may increase the participant's alternative minimum tax liability, if any.

If a participant holds stock acquired through exercise of an incentive stock option for more than two years from the date on which the option was granted and more than one year after the date the

Table of Contents

option was exercised for those shares, any gain or loss on a disposition of those shares, or a qualifying disposition, will be a long-term capital gain or loss. Upon such a qualifying disposition, we will not be entitled to any income tax deduction.

Generally, if the participant disposes of the stock before the expiration of either of these holding periods, or a disqualifying disposition, then at the time of disposition, the participant will realize taxable ordinary income equal to the lesser of (i) the excess of the stock's fair market value on the date of exercise over the exercise price or (ii) the participant's actual gain, if any, on the purchase and sale. The participant's additional gain or any loss upon the disqualifying disposition will be a capital gain or loss, which will be long-term or short-term depending on whether the stock was held for more than one year.

To the extent the participant recognizes ordinary income by reason of a disqualifying disposition, generally we will be entitled (subject to the requirement of reasonableness, the provisions of Section 162(m) of the Code, and the satisfaction of a tax reporting obligation) to a corresponding income tax deduction in the tax year in which the disqualifying disposition occurs.

Nonqualified Stock Options. No taxable income is recognized by a participant upon the grant of a nonqualified stock option. Upon exercise of a nonqualified stock option, the participant will recognize ordinary income equal to the excess, if any, of the fair market value of the purchased shares on the exercise date over the exercise price paid for those shares. Generally, we will be entitled (subject to the requirement of reasonableness, the provisions of Section 162(m) of the Code, and the satisfaction of a tax reporting obligation) to a corresponding income tax deduction in the tax year in which such ordinary income is recognized by the participant.

However, if the shares acquired upon exercise of the nonqualified stock option are unvested and subject to repurchase by us in the event of the participant's termination of service prior to vesting in those shares, the participant will not recognize any taxable income at the time of exercise but will have to report as ordinary income, as and when our purchase right lapses, an amount equal to the excess of (i) the fair market value of the shares on the date the repurchase right lapses over (ii) the exercise price paid for the shares. The participant may, however, elect under Section 83(b) of the Code to include as ordinary income in the year of exercise of the option an amount equal to the excess of (i) the fair market value of the purchased shares on the exercise date over (ii) the exercise price paid for such shares. If the Section 83(b) election is made, the participant will not recognize any additional income as and when the repurchase right lapses.

Upon disposition of the stock, the participant will recognize a capital gain or loss equal to the difference between the selling price and the sum of the amount paid for such stock plus any amount recognized as ordinary income upon acquisition (or vesting) of the stock. Such gain or loss will be long-term or short-term depending on whether the stock was held for more than one year.

Stock Appreciation Rights. No taxable income is realized upon the receipt of a stock appreciation right. Upon exercise of the stock appreciation right, the fair market value of the shares (or cash in lieu of shares) received is recognized as ordinary income to the participant in the year of such exercise. Generally, with respect to employees, we are required to withhold from the payment made on exercise of the stock appreciation right or from regular wages or supplemental wage payments an amount based on the ordinary income recognized. Subject to the requirement of reasonableness, Section 162(m) of the Code, and the satisfaction of a reporting obligation, we will be entitled to an income tax deduction equal to the amount of ordinary income recognized by the participant.

Stock Awards. Upon receipt of a stock award, the participant will recognize ordinary income equal to the excess, if any, of the fair market value of the shares on the date of issuance over the purchase

Table of Contents

price, if any, paid for those shares. We will be entitled (subject to the requirement of reasonableness, the provisions of Section 162(m) of the Code, and the satisfaction of a tax reporting obligation) to a corresponding income tax deduction in the year in which such ordinary income is recognized by the participant.

However, if the shares issued upon the grant of a stock award are unvested and subject to repurchase by us in the event of the participant's termination of service prior to vesting in those shares, the participant will not recognize any taxable income at the time of issuance but will have to report as ordinary income, as and when our repurchase right lapses, an amount equal to the excess of (i) the fair market value of the shares on the date the repurchase right lapses over (ii) the purchase price, if any, paid for the shares. The participant may, however, elect under Section 83(b) of the Code to include as ordinary income in the year of issuance an amount equal to the excess of (a) the fair market value of the shares on the date of issuance over (b) the purchase price, if any, paid for such shares. If the Section 83(b) election is made, the participant will not recognize any additional income as and when the repurchase right lapses. The participant and we will be required to satisfy certain tax withholding requirements applicable to such income. We will be entitled to an income tax deduction equal to the amount of ordinary income recognized by the participant at the time the shares are issued. In general, the deduction will be allowed for the taxable year in which such ordinary income is recognized by the participant.

Upon disposition of the stock acquired upon the receipt of a stock award, the participant will recognize a capital gain or loss equal to the difference between the selling price and the sum of the amount paid for such stock plus any amount recognized as ordinary income upon issuance (or vesting) of the stock. Such gain or loss will be long-term or short-term depending on whether the stock was held for more than one year.

Stock Unit Awards. No taxable income is recognized upon receipt of a stock unit award. The participant will recognize ordinary income in the year in which the shares subject to that unit are actually issued to the participant in an amount equal to the fair market value of the shares on the date of issuance. The participant and we will be required to satisfy certain tax withholding requirements applicable to such income. Subject to the requirement of reasonableness, Section 162(m) of the Code, and the satisfaction of a tax reporting obligation, we will be entitled to an income tax deduction equal to the amount of ordinary income recognized by the participant at the time the shares are issued. In general, the deduction will be allowed for the taxable year in which such ordinary income is recognized by the participant.

Potential Limitation on Company Deductions. Section 162(m) of the Code denies a deduction to any publicly-held corporation for compensation paid to certain covered employees in a taxable year to the extent that compensation to each covered employee exceeds \$1,000,000. It is possible that compensation attributable to awards, when combined with all other types of compensation received by a covered employee from us, may cause this limitation to be exceeded in any particular year.

Certain kinds of compensation, including qualified performance-based compensation, are disregarded for purposes of the deduction limitation. In accordance with Treasury Regulations issued under Section 162(m) of the Code, compensation attributable to stock options and stock appreciation rights will qualify as performance-based compensation if such awards are approved by a compensation committee comprised solely of outside directors, the plan contains a per-employee limitation on the number of shares for which such awards may be granted during a specified period, the per-employee limitation is approved by our stockholders, and the exercise or strike price of the award is no less than the fair market value of the stock on the date of grant.

Proposal 3 Approve the Employee Stock Purchase Plan

The Silicon Graphics, Inc. 2007 Employee Stock Purchase Plan (the "Purchase Plan") was adopted by our Board on September 17, 2007, subject to stockholder approval. There are 500,000 shares of our common stock reserved for issuance under the Purchase Plan.

The approval of the Purchase Plan will provide our employees (and the employees of any of our parent or subsidiary companies designated by our Board to participate in the Purchase Plan) with the opportunity to acquire an equity interest in the Company and thereby attract, motivate, and retain the services of such employees.

Our stockholders are requested in this Proposal 3 to approve the adoption of the Purchase Plan. The affirmative vote of the holders of a majority of the shares present in person or represented by proxy and entitled to vote at the Annual Meeting will be required to approve the Purchase Plan. Abstentions will be counted toward the tabulation of votes cast on proposals presented to the stockholders and will have the same effect as negative votes. Broker non-votes are counted towards a quorum but are not counted for any purpose in determining whether this matter has been approved.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE IN FAVOR OF PROPOSAL 3.

The Employee Stock Purchase Plan

The material features of the Purchase Plan are outlined below. The following description of the Purchase Plan is a summary only and is qualified in its entirety by reference to the Purchase Plan attached hereto as Appendix C.

Purpose

The purpose of the Purchase Plan is to provide a means by which certain employees may be given an opportunity to purchase our common stock through payroll deductions, to attract, motivate, and retain the services of those individuals, and to provide incentives for those individuals to exert maximum efforts toward our success.

Administration

Our Compensation Committee will administer the Purchase Plan and has the final power to construe and interpret both the Purchase Plan and the purchase rights granted thereunder. Our Compensation Committee will have the power, subject to the provisions of the Purchase Plan, to determine the provisions of each offering of rights to purchase our common stock and whether employees of any of our parent or subsidiary companies will be eligible to participate in the Purchase Plan.

Our Board will delegate administration of the Purchase Plan to the Compensation Committee, which is composed of one or more members of our Board. As used herein with respect to the Purchase Plan, the term "Board" refers to the Compensation Committee as well as to the Board itself.

Stock Subject to Purchase Plan

The number of shares of our common stock reserved for issuance under the Purchase Plan is limited to 500,000 shares. No shares have yet been issued under the Purchase Plan.

Table of Contents

Offering Periods

Shares of our common stock are offered under the Purchase Plan through a series of offering periods of such duration as determined by our Board, provided that in no event may an offering period exceed 27 months. Each offering period consists of one or more purchase dates as determined by our Board prior to the commencement of that offering period. Our Board has the authority to alter the duration of subsequent offering periods or change the number of purchase dates within each such offering period. When an eligible employee elects to join an offering period, he or she is granted a purchase right to acquire shares of our common stock on each purchase date within the offering period. On the purchase date, all payroll deductions collected from the participant are automatically applied to the purchase of our common stock, subject to certain limitations. Any residual funds remaining, after all whole shares are purchased for any given offering period, will be refunded to the participant.

If the Purchase Plan is approved by our stockholders, our Board intends to establish a series of ongoing offerings under the Purchase Plan commencing in 2008.

Eligibility

Any person who is customarily employed more than 20 hours per week and five months per calendar year by us (or by any of our parent or subsidiary companies designated by our Board) on the first day of an offering period is eligible to participate in that offering under the Purchase Plan, provided such employee has been in our continuous employment for such continuous period preceding the first day of the offering period as our Board may require, but in no event may the required period of continuous employment be greater than two years. Our Board may provide in any offering that certain of our employees who are "highly compensated" as defined in the Code are not eligible to participate in the Purchase Plan.

However, no employee is eligible to participate in the Purchase Plan if, immediately after the grant of purchase rights, the employee would own, directly or indirectly, stock possessing 5% or more of the total combined voting power or value of all classes of stock of us or of any of our parent or subsidiary companies (including any stock that such employee may purchase under all outstanding purchase rights and options). In addition, no employee may contribute more than \$21,250, in any calendar year, under the Purchase Plan (equivalent to \$25,000 of stock valued at the undiscounted stock price on the first day of the offering period).

As of October 3, 2007, approximately 1,560 of our employees were eligible to participate in the Purchase Plan.

Participation in the Plan

Eligible employees enroll in the Purchase Plan by delivering to us, prior to the date selected by our Board as the beginning of the offering period, an agreement authorizing payroll deductions of up to 15% of such employees' compensation during the offering period.

Purchase Price

The purchase price per share at which shares of our common stock are sold on each purchase date during an offering period is equal to 85% of the fair market value per share of our common stock on that purchase date. As of October 3, 2007 the closing price of our common stock as reported on the Nasdaq Global Market was \$19.58 per share.

Table of Contents

Payment of Purchase Price; Payroll Deductions

The purchase price of the shares is funded by payroll deductions accumulated over the offering period. During an offering, a participant may change his or her rate of payroll deductions as determined by our Board in the offering. All payroll deductions made for a participant are credited to his or her account under the Purchase Plan and deposited with our general funds.

Restrictions on Transfer and Purchased Shares

Purchase rights granted under the Purchase Plan are not transferable and may be exercised only by the person to whom such right is granted.

Our Board may provide, in its discretion, that if a participant purchases any shares on a purchase date in an Offering, the participant may not sell, transfer or otherwise dispose of such shares for a period of up to six (6) months following such purchase date, as determined by our Board.

Exercise Contingent on Shareholder Approval

The Purchase Rights granted under an offering are subject to the approval of the Plan by the stockholders of the Company as required for the Plan to obtain treatment as an Employee Stock Purchase Plan.

Purchase of Stock

By executing an agreement to participate in the Purchase Plan, an employee is entitled to purchase shares under the Purchase Plan. In connection with offerings made under the Purchase Plan, our Board may specify a maximum number of shares of common stock each employee may purchase and the maximum aggregate number of shares of common stock that may be purchased by all participants in such offering. If the aggregate number of shares to be purchased upon exercise of outstanding purchase rights in the offering would exceed the maximum aggregate number of shares of common stock available, our Board will make a pro rata allocation of available shares in a uniform and equitable manner. Unless an employee's participation is discontinued, his or her right to purchase shares is exercised automatically on the next purchase date at the applicable price. See "Withdrawal" below.

Withdrawal

Participants may withdraw from a given offering period by delivering a notice of withdrawal and terminating their payroll deductions. Such withdrawal may occur at any time prior to the end of an offering except as otherwise provided by our Board. Upon such withdrawal, we will refund accumulated payroll deductions without interest to the employee, and such employee's right to

participate in that offering will terminate. However, an employee's withdrawal from an offering does not affect such employee's eligibility to participate in subsequent offerings under the Purchase Plan.

Termination of Employment

Purchase rights granted pursuant to any offering under the Purchase Plan terminate immediately upon cessation of employment for any reason, and we will refund all accumulated payroll deductions to the terminated employee without interest.

Changes in Capitalization

In the event that there is any change to our outstanding common stock (whether by reason of merger, consolidation, reorganization, recapitalization, stock dividend, dividend in property other than cash, stock split, liquidating dividend, combination of shares, exchange of shares, change in corporate structure, or other transaction not involving our receipt of consideration), appropriate adjustments will be made to (a) the class(es) and maximum number of shares of common stock subject to the Purchase Plan, (b) the class(es) and number of shares and price per share in effect under each outstanding purchase right, and (c) the number of shares and purchase limits of all outstanding purchase rights.

Effect of Certain Corporate Transactions

In the event of certain significant corporate transactions, any surviving or acquiring corporation (or its parent company) may assume or substitute similar purchase rights for those outstanding under the Purchase Plan. If the surviving or acquiring corporation (or its parent company) does not assume such rights or substitute similar rights, then the participants' accumulated payroll deductions will be applied to the purchase of shares of our common stock within ten business days prior to the corporate transaction, and such purchase rights will terminate immediately thereafter.

A significant corporate transaction will be deemed to occur in the event of (a) a sale or other disposition of all or substantially all of our assets, (b) a sale or other disposition of at least 90% of our outstanding securities, (c) a merger or consolidation in which we are not the surviving corporation, or (d) a merger or consolidation in which we are the surviving corporation, but shares of our outstanding common stock are converted into other property by virtue of the transaction.

Termination and Amendment

Our Board may suspend or terminate the Purchase Plan at any time.

Our Board may amend the Purchase Plan at any time. Any amendment of the Purchase Plan must be approved by the stockholders within twelve months of its adoption by our Board if such amendment (a) would increase the number of shares of common stock reserved for issuance under the Purchase Plan, (b) modify the requirements relating to eligibility for participation in the Purchase Plan, or (c) is necessary for the Purchase Plan to satisfy Sections 423 of the Code or other applicable laws and regulations.

Except as provided in the Purchase Plan, purchase rights granted before amendment or termination of the Purchase Plan will not be altered or impaired by any amendment or termination of the Purchase Plan without the consent of the employee to whom such purchase rights were granted.

Federal Income Tax Information

The following is a summary of the principal United States federal income taxation consequences to employees and us with respect to participation in the Purchase Plan. This summary is not intended to be exhaustive and does not discuss the income tax laws of any city, state or foreign jurisdiction in which a participant may reside.

Table of Contents

The Purchase Plan is intended to qualify as an "employee stock purchase plan" within the meaning of Section 423 of the Code. Under such an arrangement, a participant will be taxed on amounts withheld for the purchase of shares of our common stock as if such amounts were paid directly to the participants. However, no taxable income will be recognized by a participant, and no deductions will be allowable to us upon either the grant or exercise of purchase rights. Taxable income will not be recognized until there is a sale or other disposition of the shares acquired under the Purchase Plan or in the event the participant should die while still owning the purchased shares.

If a participant sells or otherwise disposes of the purchased shares within two years after the beginning of the offering period in which such shares were acquired or within one year after the actual purchase date of those shares, then the participant will recognize ordinary income in the year of sale or disposition equal to the amount by which the fair market value of the shares on the purchase date exceeded the purchase price paid for those shares, and we will be entitled to an income tax deduction for the taxable year in which such disposition occurs, equal in amount to such excess. The participant will also recognize a capital gain to the extent the amount realized upon the sale of the shares exceeds the sum of the aggregate purchase price for those shares and the ordinary income recognized in connection with their acquisition.

If the participant sells or disposes of the purchased shares more than two years after the beginning of the offering period in which such shares were acquired and more than one year after the actual purchase date of those shares, the participant will recognize ordinary income in the year of sale or disposition equal to the lesser of (a) the amount by which the fair market value of the shares on the sale or disposition date exceeded the purchase price paid for those shares or (b) 15% of the fair market value of the shares at the beginning of that offering period. Any additional gain upon the disposition will be taxed as a long-term capital gain. We will not be entitled to an income tax deduction with respect to such disposition.

If the participant still owns the purchased shares at the time of death, the lesser of (a) the amount by which the fair market value of the shares on the date of death exceeds the purchase price or (b) 15% of the fair market value of the shares at the beginning of the offering period in which those shares were acquired will constitute ordinary income in the year of death.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires our executive officers and directors and persons who own more than ten percent of a registered class of our equity securities to file reports of ownership on Form 3 and changes in ownership on Forms 4 or 5 with the SEC. Based on the written representations of its directors and executive officers and a review of the copies of such forms filed during the fiscal year ended June 29, 2007, we believe that our executive officers, directors, and ten-percent stockholders complied with all Section 16(a) filing requirements.

Executive Compensation

Compensation Discussion and Analysis

Our policies with respect to the compensation of executive officers are designed to attract, motivate, and retain world-class executive talent in all functions, largely through compensation programs that we intend to be externally competitive, internally aligned, and effectively focused on specific team and individual behaviors and results that add short-term and long-term value to the Company. Our philosophy is to reward based on performance. Toward that end, we set performance goals for our executives and condition a significant portion of their compensation on the achievement of those goals. We design criteria and payment amounts relating to these performance goals that are intended to positively correlate higher rewards with higher levels of performance. To further support this approach, at the highest levels of the Company, we place greater emphasis on variable cash and longer-term incentives that are tied directly to Company performance. We believe executives have the greatest impact on longer-term results and should accordingly have a larger portion of their total compensation tied to those long-term results, sharing the upside and downside risk.

Role of the Compensation Committee The Compensation Committee, which is comprised entirely of independent directors as determined in accordance with Nasdaq rules, oversees and

Table of Contents

approves all compensation and benefit arrangements for Company officers. Throughout each year, the Compensation Committee monitors developments and trends in executive compensation to enhance its ability to oversee the design and better evaluate the effectiveness of our compensation practices. In addition, the Compensation Committee considers a variety of other factors to determine compensation amounts, including recommendations by our CEO and other members of executive management, recommendations by the Compensation Committee's independent compensation consultant, and competitive studies and analyses prepared by independent consultants and management.

Role of the Independent Consultant As permitted by its charter, the Compensation Committee retains an external advisor. During fiscal year 2007, the Compensation Committee retained Frederic W. Cook & Co., Inc. (the Compensation Consultant), an independent compensation consulting firm, to provide consulting services on matters relating to executive and Board compensation. A representative from the Compensation Consultant attends Compensation Committee meetings when requested by the Compensation Committee or management and communicates with members of the Compensation Committee outside of scheduled meetings. The Compensation Consultant is charged with providing the Compensation Committee with impartial analysis regarding competitive pay practices for key employees, proactively advising on new trends and developments, and conducting special projects at the Compensation Committee's request. Services provided by the Compensation Consultant were strictly limited by the Compensation Committee's own scope of responsibilities and were provided for the Compensation Committee.

Role of Management Management performs an important role in providing to the Compensation Committee information it needs in the fulfillment of the full scope of its responsibilities. Management also provides relevant background information to the Compensation Consultant for the completion of studies and projects requested by the Compensation Committee. From time to time, members of management may also work in conjunction with the Compensation Consultant at the request of the Compensation Committee and are invited to attend Compensation Committee meetings. During portions of any meetings of the Compensation Committee in fiscal year 2007 involving deliberations regarding a specific member of management, the affected member of management was excused from that portion of the meeting.

Benchmarking Each year, the Compensation Committee reviews an annual study prepared by the Compensation Consultant, regarding competitive compensation levels for each executive. The companies considered to be peers for fiscal year 2007 compensation benchmarking purposes (the Compensation Peer Group) were Adaptec, Inc.; Avid Technology, Inc.; Cray Inc.; Electronics for Imaging, Inc.; Emulex Corporation; Hutchinson Technology Incorporated; Hypercom Corporation; Imation Corp.; Intermec, Inc.; Komag, Incorporated; Novatel Wireless, Inc.; Palm, Inc.; Quantum Corporation; Rackable Systems, Inc.; STEC, Inc.; and Synaptics Incorporated. The Compensation Peer Group was selected by the Compensation Consultant without input or oversight by management and was reviewed and approved by the Compensation Committee. In selecting the members of the Compensation Peer Group, the Compensation Consultant identified companies with similar Global Industrial Classification System industry codes and then used other criteria for further selection such as net revenues, operating margins, operating cash flow, number of employees, and market capitalization. In fiscal year 2007, the Compensation Committee also considered data from The Radford Benchmark Survey of technology companies in its review of compensation levels for executives.

Conclusion The Compensation Committee reviewed the amounts payable under each individual element of compensation and the aggregate compensation for each executive. In conducting this review, the Compensation Committee examined tally sheets outlining the comprehensive compensation for each executive, including the long-term incentive grants and potential pay-outs under various termination scenarios, including a change of control. Based on such review and discussions with the Compensation Consultant, the Compensation Committee has concluded that the compensation of these executives reflects our compensation philosophy and objectives.

Table of Contents

In addition to reviewing all elements of total compensation in fiscal year 2007 for our executives, the Compensation Committee and Compensation Consultant reviewed the overall design of our compensation programs. With consideration to the financial condition of the Company, the Compensation Committee has concluded that our compensation program is appropriate for a company of our size, performance, and industry.

Components of Executive Compensation

Base Salary The Compensation Committee believes that it is necessary to set base salaries at levels that allow the Company to secure and retain the services of key executive talent. We annually review the salaries of our executives against basic performance objectives, including absolute performance, performance relative to peers, comparison to external market data and the total reward scenario for each executive. Recommendations for executive salary adjustments are reviewed and approved by the Compensation Committee. In fiscal year 2007, due to the financial condition of the Company, there were no broadly-distributed salary increases for executives as a group, and no specific action was taken to target executive salaries against a specific benchmark.

For fiscal year 2008, the Compensation Committee has targeted executive base salaries at the 75th percentile of the Compensation Peer Group. In setting the level of executive base salaries, we consider performance, internal equity, external benchmarking data, and related analyses. We generally benchmark our compensation levels against the companies listed above in *Benchmarking*.

Cash Bonus Plan The Cash Bonus Plan is designed to reward Executives for producing critical, short-term (up to one year) results with emphasis on bookings, revenue, operating results, and personal objectives. In fiscal year 2007, the Compensation Committee established an individual cash bonus target for each executive equal to 40% - 100% of their base salaries. The average bonus target in fiscal year 2007, as a percentage of base salary, was 44.3% for Vice Presidents and 58% for Senior Vice Presidents. Individual bonus targets were determined through a combination of market benchmarking, internal alignment/segmenting for equity (by job band and reporting relationship), and pay-out modeling to determine cost and affordability. The Compensation Committee has determined that the same general ranges and averages would be used for executive bonus targets in fiscal year 2008.

In selecting objectives for the bonuses of our executives, we identify metrics that are relevant to our business and reflect where we believe the most focus is needed to improve overall financial and operating results. The weighting of each metric suggests the relative level of impact we expect our executives to have on each metric.

For fiscal year 2007, all executives, with the exception of the CEO and those covered by a sales commission plan, were covered by one Cash Bonus Plan design. The table below shows the metrics, weightings, and goal achievement for our executives in the Cash Bonus Plan for fiscal year 2007.

Metrics	Weighting	Goal Achievement %
Revenue	35%	95.12%
Operating Results	35%	185.85%
Personal Objectives	30%	96.80%

The average individual bonus payout was 104% of the individual bonus target for fiscal year 2007.

Table of Contents

For fiscal year 2008, the total executive population, with the exception of those covered under a sales commission plan, will be segmented into two groups for bonus purposes. These groups are Executive Committee members (including the CEO) and other SVPs & VPs who are not on the Executive Committee. The table below shows the fiscal year 2008 metrics and weightings for each of these groups.

Metrics	Weighting	
	Executive Committee	Other SVPs & VPs
Bookings	25%	20%
Revenue	25%	20%
Operating Results	50%	40%
Personal Objectives		20%

At the end of a given fiscal year, the company's actual performance for each metric is compared to its established target. The goal achievement results for the corporate financial metrics are then applied to a scoring table previously approved by the Compensation Committee. The resulting scores for each metric are applied against the weighting and the executive's individual bonus target. The personal objectives (if applicable) are rated and approved by the CEO for each executive and then scored, applied against the weighting, and calculated much like the financial metrics. The calculations for the corporate financial metrics and the personal objectives are then added together. The sum is the actual bonus for the executive. The CEO and Board review and approve the actual calculated bonuses for executives. Any exceptions to the established bonus plan for executives are proposed by the CEO and must be approved by the Compensation Committee.

Equity Plans We believe that providing a significant portion of our executives' total compensation package in the form of equity awards aligns the incentives of our executives with the interests of our stockholders and with our long-term success. The Compensation Committee determines the form and size of equity awards with a view to each executive's overall compensation package, including prior equity awards. Additional factors considered in determining the form and size of equity awards include performance, impact on the business, future potential, internal fairness, external competitive position, and recommendations from our CEO. Equity awards for our executives include both restricted stock units (RSUs) and stock options. The Compensation Committee typically determines whether to award equity to our executives in the second quarter of each fiscal year, with the grant date being December 1st. It is the practice of the Compensation Committee to award RSUs and stock options as of the 15th day (or the applicable following business day) of the month following the start date of all new employees (when equity is part of the new-hire package), including executives. Equity grants resulting from promotions are also awarded on the same timetable as new-hires.

Vesting schedules for RSUs and stock options for executives other than the CEO are shown in the following table:

Year	RSUs	Stock Options
FY2007	33% on 1 st anniversary of grant date, plus 8.375% each 3-month period until fully vested after a total of 36 months	25% on 1 st anniversary of grant date, plus 6.25% each 3-month period until fully vested after a total of 48 months
FY2008	25% on 1 st anniversary of grant date, plus 6.25% each 3-month period until fully vested after a total of 48 months	25% on 1 st anniversary of grant date, plus 6.25% each 3-month period until fully vested after a total of 48 months

Stock option and RSU grants for Robert Ewald, our CEO, in fiscal year 2007 were given according to his employment contract. The vesting of these stock options and RSUs is in a series of 48 successive and equal monthly installments upon the CEO's completion of each month of service over the 48 month period, commencing on his hire date.

Post-Termination Compensation and Benefits Severance and change in control arrangements for certain of our executives are discussed below under the section *Post Employment Compensation and Benefits*. The post-termination compensation and benefits for our CEO, Robert Ewald, are explained below in the section entitled *Mr. Ewald's Compensation*. The Compensation Committee believes that these change in control arrangements serve the best interests of stockholders because they help to minimize the distraction of management at a cost that the Compensation Committee believes is appropriate and reasonable.

Other Compensation During fiscal year 2007, two of our executives received special one-time bonuses outside of the Cash Bonus Plan that were based on metrics established, and later assessed at the end of their defined performance periods, by the then-current CEO and the Compensation Committee. These metrics had urgent and significant impact on the financial restructuring of the Company. The bonus targets for each of these special bonuses were set by the former CEO and the Compensation Committee, based on the magnitude of the potential impact of the metrics on the Company.

All of our executives are eligible to participate in our employee benefit plans, including medical, dental, life insurance, ESPP (if approved by the stockholders and unless prohibited by law), and 401(k) plans. These plans are available to all salaried employees and do not discriminate in favor of executives. It is generally our policy not to extend significant perquisites to our executives that are not available to our employees. We will continue to survey the market and at some point in the future may propose changes to the levels of certain benefits and perquisites provided to our executives.

Executive Compensation During Fiscal Year 2007

On May 8, 2006, SGI and its U.S. subsidiaries filed voluntary petitions under Chapter 11 of the U.S. Bankruptcy Code. We emerged from the bankruptcy process on October 17, 2006, under a plan of reorganization (the Plan). In accordance with the Plan, all prior outstanding shares of our common stock were canceled. Most of our executive team, including our former CEO Dennis McKenna, remained in place throughout the reorganization process and managed the operations of the business without daily supervision from the court.

During the Chapter 11 proceedings, we developed and communicated details of a retention strategy that consisted of a cash retention plan for key employees below the executive level. In addition, as a component of the Plan, we outlined a Management Incentive Plan (MIP) which included an equity grant incentive program for all executives and for key employees below the executive level. We engaged the Compensation Consultant to assist in the design of these plans. The bankruptcy court approved the cash retention plan, which was implemented in July 2006 shortly after approval. The MIP became effective upon emergence from bankruptcy pursuant to the terms of the confirmed Plan. Additional information on the RSU and stock option grants follows in the paragraph below.

In the ordinary course of business, in August 2006, the Compensation Committee implemented a cash bonus plan for fiscal year 2007, which covered all executives (other than the CEO) and many non-executives who were not on a sales commission plan. In the performance-based cash bonus plan, corporate revenue and operating income goals constituted 70% of the weightings, and personal objectives accounted for the remaining 30% weighting for executives. We assumed the cash bonus plan upon emergence

from bankruptcy. Upon review by the Compensation Committee in November of

Table of Contents

2006, the average bonus target, as a percentage of base salary, was set at 44.3% for Vice Presidents and 58% for Senior Vice Presidents.

On December 1, 2006, under an overall Management Incentive Plan adopted by our Board, we granted RSUs and stock options as a retention strategy to all executives (other than Mr. McKenna) and to a number of key employees below the executive level. Vice Presidents received RSU grants ranging from 5,859 to 9,206 shares and stock option grants ranging from 17,576 to 27,619 options. Senior Vice Presidents received RSU grants ranging from 9,206 to 12,554 shares and stock option grants ranging from 27,619 to 37,663 options.

On August 28, 2007, the results of the fiscal year 2007 cash bonus plan were formally approved by the Board, and bonuses were paid to participants on September 21, 2007. On average, executives received bonus payments equal to 104% of their individual bonus targets.

Mr. McKenna's Compensation During the course of completing the final stages of the plan of reorganization and subsequent emergence from Chapter 11, Mr. McKenna and key bondholders that had been named in the Plan to become members of the new Board came to the mutual conclusion that the Board, when constituted, would begin a search for a new CEO to lead us in our post-bankruptcy growth effort. The Company's reconstituted Board initiated the CEO search in the fall of 2006. Due to the desire to keep Mr. McKenna actively engaged in guiding us during the search for a new CEO and to fairly compensate Mr. McKenna for results achieved, our Board approved a bonus agreement for Mr. McKenna, covering the first two quarters of fiscal year 2007, of up to \$500,000 based on achievement of certain revenue and EBITDAR targets. We paid \$465,122 under this agreement.

On March 30, 2007, the Compensation Committee granted Mr. McKenna an RSU award covering 20,619 shares of common stock. The RSU award was fully vested on the Grant Date and the underlying shares became issuable on May 15, 2007, subject to a six-month deferral under certain specified circumstances. As a condition to the issuance of the RSU award, Mr. McKenna executed a General Release Agreement pursuant to which he released and waived all claims he might have otherwise had against us, including claims relating to the equity compensation awards we previously granted to him.

Also, on March 30, 2007, the Compensation Committee approved a bonus agreement with Mr. McKenna whereby if our revenue and EBITDA for the third quarter of fiscal 2007 met or exceeded specified targets, then we would pay Mr. McKenna a bonus up to \$250,000. We paid \$197,541 to Mr. McKenna under this agreement.

Previously, on April 6, 2007, we had entered into a Mutual Separation and General Release Agreement with Mr. McKenna. Under the separation agreement, Mr. McKenna executed a general release of all claims against us in exchange for a lump sum severance payment of \$500,000 and continued health care coverage at our expense for up to twelve months. The severance payment is payable on the earlier of (i) the date that is six months following his separation from service with the Company and (ii) the date of his death.

Mr. Ewald's Compensation On April 6, 2007, Mr. McKenna left his position as our CEO and President and resigned from the Board. On April 9, 2007, we announced that Mr. McKenna had been replaced by Robert Ewald as our CEO. The Board also appointed Mr. Ewald as a Class I Director of the Board.

Edgar Filing: SILICON GRAPHICS INC - Form DEF 14A

In negotiating Mr. Ewald's compensation, his extensive industry experience, the status of the Company's turnaround, and market comparisons for CEOs of other companies were taken into consideration. As a result of the negotiations and pursuant to the terms of Mr. Ewald's offer letter,

Table of Contents

Mr. Ewald's annual base salary is \$600,000, subject to annual adjustment by the Board upon recommendation by the Compensation Committee. Mr. Ewald is also eligible to receive a cash bonus each fiscal year, beginning with fiscal year 2008, of up to 100% of his annual base salary, based upon the achievement of the goals outlined for Executive Committee members under the Annual Variable Incentive Plan. For fiscal year 2007, Mr. Ewald was guaranteed a cash bonus equal to 100% of his annual base salary, prorated for the number of days he was employed by us in fiscal year 2007, provided he remained employed by us through June 29, 2007. Mr. Ewald was paid a fiscal 2007 bonus in the amount of \$138,462 on September 21, 2007. SGI also agreed to reimburse Mr. Ewald for up to \$75,000 in relocation expenses pursuant to the Company's relocation policy. In addition, the Compensation Committee approved reimbursement of certain personal travel expenses relating to three-destination business and personal travel by Mr. Ewald.

Also, pursuant to the terms of the offer letter, on April 16, 2007, Mr. Ewald was granted an option to purchase 241,142 shares of common stock. The options were granted under our Management Incentive Plan (MIP) with the stipulation that any shares subject to the option in excess of 147,500 would be subject to stockholder approval of an increase of at least 93,642 shares of common stock available under the MIP within nine months following the option grant date so as to cover those shares. The approval being sought pursuant to Proposal 2 is intended to meet this requirement. The shares are subject to a vesting schedule discussed in the section entitled *Equity Plans*.

On April 17, 2007, Mr. Ewald received an RSU grant in the amount of 46,358 shares. The number of shares comprising the RSU grant was derived from the difference between 287,500 shares and the 241,142 shares of common stock subject to the stock option grant. The vesting schedule of the RSUs is discussed under the section entitled *Equity Plans*.

Mr. Ewald is not expected to receive any change in his compensation package for fiscal year 2008. In addition, we do not expect to issue any additional stock option or RSU awards to Mr. Ewald until at least fiscal year 2009.

If the Company terminates Mr. Ewald's employment without cause, Mr. Ewald executes a general release of all claims in favor of the Company, and Mr. Ewald agrees not to solicit any of our employees for a 12-month period following his termination date and complies with the terms of his proprietary information agreement with us, Mr. Ewald will receive salary continuation payments for a 12-month period following his termination date at his rate of base salary in effect on his termination date and COBRA premiums paid on his behalf until the earlier of 12 months following his termination or until he is covered by another employer's health care plan.

Executive Compensation During Fiscal Year 2008.

In fiscal year 2007, retention was the primary focus of our compensation strategy. For fiscal year 2008, our primary focus has shifted to performance. Salary reviews for executives will take place in fiscal year 2008 with the opportunity for salary increases based on performance, overall compensation, and individual alignment with market data. On August 28, 2007, the Fiscal Year 2008 Annual Variable Incentive Plan (formerly called the Cash Bonus Plan), covering executives outside of the Sales function, was approved by the Compensation Committee. As previously noted in the section entitled *Cash Bonus Plan*, for members of the Executive Committee, the Fiscal Year 2008 Annual Variable Incentive Plan does not include the Personal Objectives metric that was present in the fiscal year 2007 Cash Bonus Plan. For the Executive Committee members, including the CEO, in fiscal year 2008, the Annual Variable Incentive Plan will be weighted 100% on corporate financial metrics. The individual bonus targets, as a percentage of base salary, will be reviewed and potentially adjusted more precisely by job band and reporting relationship at the time executive salaries are reviewed in November 2007 to ensure the total cash compensation for each executive is appropriate relative to market and internal comparisons.

Table of Contents

For other executives who are not members of the Executive Committee, the Fiscal Year 2008 Annual Variable Incentive Plan includes personal objectives weighted at 20% and corporate financial metrics weighted at 80%. For this group, the individual bonus targets, as a percentage of base salary, will also be reviewed and potentially adjusted more precisely by job band and reporting relationship at the time executive salaries are reviewed in November 2007 to ensure the total cash compensation for each of these executives is appropriate relative to market and internal comparisons. For all other non-executive participants in the FY2008 Annual Variable Incentive Plan, the weightings are 50% personal objectives and 50% corporate financial metrics.

We pay bonuses upon the Compensation Committee's determination that at least the minimum goal achievement thresholds are achieved for all three corporate financial metrics, which are Bookings, pro forma Revenue and pro forma Operating Result. Each of these metrics has a goal achievement threshold (generally 85%), a target (100% of goal achievement) and a maximum (generally 125% of goal achievement). There is a corresponding score for each level of goal achievement that enables the company to put greater reward opportunity at higher levels of goal achievement. An example of how goal achievement might be correlated to scoring is as follows: 85% goal achievement correlated to a 50% score, 100% goal achievement correlated to a 100% score and 125% goal achievement correlated to a 150% score. Goal achievement above the maximum will be considered on an exception basis and the Board will determine if a payout above the stated maximum will be made for any metric. Detailed scoring tables are used for all metrics.

Regulatory Issues

Under Section 162(m) of the Internal Revenue Code, the Company generally receives an annual federal income tax deduction for compensation paid to the CEO and the other four most highly paid executives only if the compensation is less than \$1 million or is performance-based. The awards granted under the Management Incentive Plan qualify as performance-based compensation and thus are fully deductible for the Company. The MIP's performance-based criteria are being considered for approval by the stockholders in this Proxy Statement. The Compensation Committee intends to continue seeking a tax deduction for all executive compensation to the extent it is in the best interests of the Company and the stockholders.

The following table shows the compensation information for our Chief Executive Officer, the next four most highly compensated executive officers and two former executive officers earned during the fiscal year ended June 29, 2007. (1) Mr. Ewald's salary reflects three months of employment with the Company.

(2) Ms. Lanterman's and Mr. Weinert's bonuses reflect special awards made in recognition of their service during the bankruptcy and \$250 spot bonus awards. Dr. Goh's amount reflects the award of a patent bonus. Mr. McKenna received bonuses totaling \$465,122 during the first two quarters of the fiscal year and a bonus of \$197,540 during the third quarter of the fiscal year. These bonuses are discussed in the *Compensation Discussion and Analysis* section under *Mr. McKenna's Compensation*.

(3) Amounts in this column represent the amount of restricted stock unit (RSU) expense in fiscal 2007 for the named executive officers. Pursuant to FAS 123R, we recorded a charge of approximately \$4 million during the three month period ended September 30, 2007 for all unvested RSU's and stock options that were cancelled when we emerged from bankruptcy. Of this charge, \$2 million related to unvested RSUs and stock options held by Mr. McKenna and this amount is reported as compensation in the table above. We are required to treat Mr. McKenna's cancelled RSUs and stock options as compensation under the SEC rules. However, Mr. McKenna received no cash or other value for the cancelled RSUs and stock options reflected in the table above. Without this required adjustment for SEC reporting, Mr. McKenna's equity compensation for the year was \$623,106 and his total compensation was \$2,218,167. For a description of the assumptions made to arrive at these amounts, see note 5 to our consolidated financial statements in our Annual Report on Form 10-K for the fiscal year ended June 29, 2007.

(2) The fair value of each option is estimated on the date of grant using the Black-Scholes-Merton closed-form option valuation model that uses assumptions for volatility, expected term, risk-free interest rate and expected dividends. Expected volatilities are based on the company's historical volatility combined with our peers' most recent and implied volatility. We use the simplified approach as described in Question 6 of SEC Staff Accounting Bulletin #107 to calculate the options' expected term,

which represents the period of time that options granted are expected to be outstanding. The risk-free rate for periods within the contractual life of the option is based on the U.S. Treasury yield curve in effect at the time of grant. Expected dividends are currently forecasted at zero.

- (1) Under Mr. Ewald's Employment Agreement entered into with us on April 4, 2007 (the "Ewald Agreement"), in the event of a change of control all of Mr. Ewald's equity awards granted pursuant to the Ewald Agreement become 100% vested. For each other Named Executive Officer, under the Employment Continuation Agreements entered into between each of them and us on various dates (the "Continuation Agreements"), upon a change in control all equity awards become 100% vested (except that incentive stock options granted prior to the date of the Continuation Agreement, to the extent then unvested, will vest in full 15 calendar days after a change in control and any restricted stock granted to the Named Executive Officer shall be released from our repurchase right 15 calendar days after a change in control). Further, under the Notices of Stock Option Grants and Notices of Restricted Stock Unit Awards between us and the named executive officers on various dates (the "Notices"), upon a change of control, the grant or award, or any unvested portion thereof, becomes 100% vested if the grant or award is not assumed, converted or replaced by the continuing entity. In this chart, equity acceleration figures represent the sum of (i) outstanding and unvested restricted stock units that accelerate, multiplied by the fair market value as of June 29, 2007 and (ii) the number of unvested shares underlying stock options that

accelerate, multiplied by the difference between the June 29, 2007 fair market value and the grant exercise price.

- (2) Under the Ewald Agreement, if Mr. Ewald's employment is terminated without cause in connection with a change in control, he will continue to receive (i) his current salary for twelve months following his termination date and (ii) group health coverage under COBRA for which we will pay the premiums for one year or until Mr. Ewald becomes eligible to receive such benefits from a subsequent employer or elsewhere. Mr. Ewald's receipt of such severance benefits is conditioned upon (i) his execution of a unilateral general release of all claims in our favor; and (ii) his continued compliance with our standard employee invention assignment and confidentiality agreement. For each other Named Executive Officer, under the Continuation Agreements, if the Named Executive Officer is terminated without cause or resigns for good reason within 24 months after a change of control, the Named Executive Officer will receive an amount equal to 24 months of their current compensation, payable in cash between 30 and 60 days after termination. In addition to the salary payments indicated in this column, upon a change in control Named Executive Officers will also receive the equity acceleration reflected in the change of control column.
- (3) Under the Ewald Agreement, if Mr. Ewald's employment is terminated by us without cause, he will continue to receive his current salary for twelve months following his termination date and group health coverage under COBRA for which we will pay the premiums for one year or until Mr. Ewald becomes eligible to receive such benefits from a subsequent employer or elsewhere. Mr. Ewald's receipt of such severance benefits is conditioned upon (i) his execution of a unilateral general release of all claims in our favor; and (ii) his continued compliance with our standard employee invention assignment and confidentiality agreement.
- (4) In the event Mr. Ewald dies or is permanently disabled while employed by us, he or his estate will continue to receive his current salary for twelve months following his termination date and group coverage under COBRA for which we will pay the premiums for one year or until Mr. Ewald becomes eligible to receive such benefits from a subsequent employer or elsewhere. Mr. Ewald's receipt of such severance benefits is conditioned upon (i) his execution of a unilateral general release of all claims in our favor; and (ii) his continued compliance with our standard employee invention assignment and confidentiality agreement. Under the terms of the Notices, in the event the other Named Executive Officers' service terminates due to death or disability, their equity awards become 100% vested.

Other Events. If Mr. Ewald resigns or is terminated for cause, he is not entitled to any cash severance benefits, additional vesting of shares of restricted stock or options, or any additional payments from us of any other kind. If other Named Executive Officers resign, all unvested equity benefits expire immediately on the resignation date. If other Named Executive Officers are terminated for cause, all equity benefits are forfeited (regardless of vesting) on the date the officer's service is terminated.

Director Compensation

The compensation we provide to non-employee directors is designed to be competitive with our peer group, link rewards to business results and stockholder return and facilitate increased ownership of our stock. We do not have a retirement plan for non-employee directors. Our executives are not paid additional compensation for their services as directors.

In 2007, the non-employee Chairman of the Board received an annual retainer of \$40,000 and each non-employee director received an annual retainer of \$25,000 paid quarterly, in arrears. Each non-employee Board member also received a per-meeting fee of \$2,000. Board members receive additional retainers for serving on Board committees. The additional annual retainer for the Chairman of the Audit Committee was \$25,000 and the additional annual retainer for all other members of the

Table of Contents

Audit Committee was \$10,000. The additional annual retainer for the Chairman of the Compensation and Human Resources Committee was \$16,000 and the additional retainer for all other members of the Compensation and Human Resources Committee was \$6,000. The additional retainer for the Chairman of the Corporate Governance and Nominating Committee was \$10,000 and the additional annual retainer for all other members of the Governance and Nominating Committee was \$4,000. Each committee member received \$1,000 for each meeting in excess of 10 (for the Audit Committee), 8 (for the Compensation and Human Resources Committee) and 4 (for the Corporate Governance and Nominating Committee). Meeting fees are paid to non-employee directors for each formal Board meeting attended in person, each formal telephonic Board meeting and each committee meeting. Our directors are also entitled to receive reimbursement of reasonable out-of-pocket expenses incurred by them to attend board meetings.

In addition to the cash compensation, we issued each non-employee director an option to purchase 12,500 shares of our common stock upon election to the Board and we annually issue each non-employee director an option to purchase 5,000 shares of our common stock. All stock options for non-employee directors cliff vest 100% on the one year anniversary of the grant date.

During fiscal 2007, Mr. Arthur Money, Mr. Robert White, and Mr. James McDivitt also served on the Board of Silicon Graphics Federal, Inc., our federal government sales subsidiary. They received director fees for their services in fiscal year 2007: Mr. Money received \$6,000, Mr. White received \$4,000 and Mr. McDivitt received \$4,000.

- (1) The fair value of each option is estimated on the date of grant using the Black-Scholes-Merton closed-form option valuation model that uses assumptions for volatility, expected term, risk-free interest rate and expected dividends. Expected volatilities are based on the company's historical volatility combined with our peers' most recent and implied volatility. We use the simplified approach as described in Question 6 of SEC Staff Bulletin #107 to calculate the options' expected term, which represents the period of time that options granted are expected to be outstanding. The risk-free rate for periods within the contractual life of the option is based on the U.S. Treasury yield curve in effect at the time of grant. Expected dividends are currently forecasted at zero.

1. **Purpose.** The Silicon Graphics, Inc. Management Incentive Plan (the *Plan*) is intended to attract, retain and motivate officers and employees of, consultants to, and non-employee directors providing services to Silicon Graphics, Inc. 2. **Administration.**

(a) *Committee.* The Plan will be administered by the Compensation and Human Resources Committee (the *Compensation Committee*) of the Board of Directors of the Company (the *Board*) which shall be comprised, unless otherwise determined by the Board, of not less than two (2) members each of whom shall be (i) a *Non-Employee Director* within the meaning of Rule 16b-3(b)(3) (or any successor rule) promulgated under the Securities Exchange Act of 1934, as amended (the *Exchange Act*), (ii) outside directors within the meaning of Treasury Regulation Section 1.162-27(e)(3) under Section 162(m) of the Internal Revenue Code of 1986, as amended (the *Code*), and (iii) an independent director within the meaning of the listing requirements of the National Association of Securities Dealers Automated Quotation System and such other exchange on which the Company may be listed.

(b) *Authority.* The Compensation Committee is authorized, subject to the provisions of the Plan, to establish such rules as it deems necessary for the proper administration of the Plan and to make such determinations and interpretations in its sole discretion and to take such action in connection with the Plan and any Benefits (as defined in Section 4) granted hereunder as it deems necessary or advisable, including, subject to the terms of the Plan, the right to accelerate the vesting or exercisability of Benefits, establish the terms and conditions of Benefits and cancel Benefits upon a Change in Control. All determinations and interpretations made by the Compensation Committee shall be binding and conclusive on all participants and their legal representatives.

(c) *Indemnification.* Except in circumstances involving bad faith or willful misconduct of the person acting or failing to act, no member of the Compensation Committee and no employee of the Company shall be liable for any act or failure to act hereunder or for any act or failure to act hereunder by any other member or employee or by any agent to whom duties in connection with the administration of this Plan have been delegated. The Company shall indemnify members of the Compensation Committee and any agent of the Compensation Committee who is an employee of the Company, a subsidiary or an affiliate against any and all liabilities or expenses to which they may be subjected by reason of any act or failure to act with respect to their duties on behalf of the Plan, except in circumstances involving such person's bad faith or willful misconduct.

Any person to whom it has delegated duties as aforesaid may employ one or more persons to render advice with respect to any responsibility the Compensation Committee or such person may have under the Plan. To the extent permitted by applicable law, the Compensation Committee may, by resolution, authorize one or more officers of the Company to do one

or both of the following on the same basis as can the Compensation Committee: (i) designate employees and consultants to be recipients of Benefits, and (ii) determine the terms and conditions of any such Benefits; *provided, however*, that (1) the Compensation Committee shall not delegate such responsibilities to any such officer for Benefits granted to an employee that is considered an insider for purposes of Section 16 of the Exchange Act; (2) the resolution providing for such authorization shall set forth the total number of Benefits such officer(s) may grant; and (3) the officer(s) shall report periodically to the Compensation Committee regarding the nature and scope of the Benefits granted pursuant to the authority delegated.

(e) *Advisors*. The Compensation Committee may employ such legal or other counsel, consultants and agents as it may deem desirable for the administration of the Plan and may rely upon any opinion or computation received from any such counsel, consultant or agent. Expenses incurred by the Compensation Committee in the engagement of such counsel, consultant or agent shall be paid by the Company, or the subsidiary or affiliate whose employees, consultants and directors have benefited from the Plan, as determined by the Compensation Committee.

3. Participants. Participants will consist of such officers, employees, consultants, and non-employee directors of the Company and its subsidiaries as the Compensation Committee in its sole discretion determines and whom the Compensation Committee may designate from time to time to receive Benefits under the Plan. The Compensation Committee may impose such conditions on participation as it shall deem appropriate, including, without limitation, a condition that any Benefit be subject to the participant's agreement to modify existing agreements with the Company related to indemnification and/or Change in Control. In addition, participation in the Plan and enjoyment of Benefits hereunder is conditioned upon the agreement to be bound by restrictive covenants relating to confidentiality, non-disclosure and non-competition, which covenants shall be contained in the applicable Benefit Agreement, as defined in Section 4. Designation of a participant in any year shall not require the Compensation Committee to designate such person to receive a Benefit in any other year or, once designated, to receive the same type or amount of a Benefit as granted to the participant in any other year. The Compensation Committee shall consider such factors as it deems pertinent in selecting participants and in determining the type and amount of their respective Benefits.

4. Type of Benefits. Awards under the Plan may be granted in the form of any one or a combination of the following (collectively, *Benefits*): (a) Stock Options, (b) Stock Appreciation Rights, (c) Stock Awards, (d) Stock Units, (e) Other Stock Based Awards, (f) Dividend Equivalent Rights, and (g) Cash Awards. Stock Awards, Stock Units, Other Stock Based Awards and Cash Awards may be designed to qualify as Performance-Based Awards, as described in Section 13 hereof. Benefits awarded to a participant shall be evidenced by written agreements between the Company and the participant (which need not be identical) in such forms as the Compensation Committee may from time to time approve (each a *Benefit Agreement*); *provided, however*, that in the event of any conflict between the provisions of the Plan and any Benefit Agreement, the provisions of the Plan shall prevail.

5. Common Stock Available Under the Plan; Plan Maximums.

(a) *Plan Maximums*. Subject to the provisions of this Section 5 and any adjustments made in accordance with Section 16 hereof, the maximum number of shares of Common Stock that may be delivered to participants (including permitted assignees) and their beneficiaries under this Plan shall be equal to two million four hundred seventy three thousand seven hundred fifty (2,473,750) shares of Common Stock, which may be authorized and unissued or treasury shares, all of which may be issued as Incentive Stock Options, under Section 6 of this Plan, if the Compensation Committee so elects. Of the shares of Common Stock reserved for issuance under this Section, no more than nine hundred twenty four thousand three hundred seventy five (924,375) shares may be issued as Full Value Benefits, as defined in Section 5(c) below.

Table of Contents

(b) *Share Counting Rules.*

(i) *General.* Shares shall be charged against the Plan maximums and the individual maximums of Section 5(c) on the date of grant to the extent such Benefits are denominated in Common Stock and on the date of settlement for any other Benefit which are settled in shares of Common Stock; *provided, however,* that in the case of a Stock Appreciation Right granted in tandem with a Stock Option, only the number of shares of Common Stock subject to the Stock Option shall be counted.

(ii) *Benefits Not Settled in Shares.* If all or a portion of a Benefit denominated in shares of Common Stock is not settled in such shares, such shares of Common Stock that are not actually issued and delivered to a participant (or, if permitted by the Compensation Committee, to a participant's designated transferee) shall not be counted against the total number of shares available for Benefits but shall continue to be counted for purposes of the individual maximums.

(iii) *Cancelled/Forfeited Awards.* Any shares of Common Stock related to Benefits which terminate by expiration, forfeiture, cancellation, or otherwise without the issuance of such shares or are settled in cash in lieu of shares of Common Stock shall be available again for grant under the Plan but shall continue to be counted for purposes of the individual maximums.

(iv) *Stock Options; Withholding.* To the extent the Compensation Committee permits the exercise price of any Stock Option (or related tax withholding) or Other Stock Based Award or the tax withholding on other Benefits to be satisfied by tendering shares to the Company (by either actual delivery or by attestation), only the number of shares of Common Stock issued, net of the shares of Common Stock tendered, if any, will be deemed delivered for purposes of determining the Plan maximums but such shares shall continue to be counted for purposes of the individual maximums.

(v) *Dividends or Dividend Equivalent.* The Plan maximums and individual maximums shall not be reduced to reflect any dividends or Dividend Equivalents paid in respect of Benefits made under the Plan that are settled or reinvested in shares of Common Stock or additional Benefits under the Plan; *provided, however,* that if a dividend or Dividend Equivalent is granted in respect of an Appreciation Benefit, as defined below in Section 5(c)(ii), this rule shall only apply if the payment or settlement of such dividend or Dividend Equivalent is not contingent upon the exercise of the Benefit.

(vi) *Substituted Benefit.* If the Compensation Committee authorizes the issuance or assumption under this Plan of awards granted under another plan in connection with any merger, consolidation, acquisition of property or stock, or reorganization (such Benefit, a *Substituted Benefit*), such authorization shall not reduce the Plan maximums; *provided, however,* that if any assumed Substituted Benefits is an Incentive Stock Option such Substituted Benefit shall reduce the maximum number of shares that may be delivered to participants under the Plan pursuant to the exercise of an Incentive Stock Option.

(c) *Individual Maximums.*

(i) *Appreciation Benefits.* Stock Options, Stock Appreciation Rights and Other Stock Based Awards designed to provide equity compensation based solely upon the appreciation in the value of stock over an exercise price or base price following the date of grant, are *Appreciation Benefits*. The maximum number of shares of Common Stock with respect to which Appreciation Benefits denominated in such shares may be granted or measured to any Participant in any consecutive 12 month period shall be 250,000

shares.

(ii) *Full Value Benefits*. Stock Awards, Stock Units and Other Stock Based Awards designed to provide equity compensation based upon the value of stock on the date of grant rather than solely on the appreciation of such stock after the date of grant are *Full Value Benefits*. The

B-3

Table of Contents

maximum number of shares of Common Stock with respect to which Full Value Benefits denominated in such shares may be granted or measured to any Participant in any consecutive 36 month period shall be 100,000 shares.

(iii) *Maximum Dollar Benefit.* The maximum amount of any Benefit denominated in cash that may be paid, credited or vested to any Participant in any consecutive 12 month period shall be \$3,000,000.

6. Stock Options.

(a) *Stock Options.* Stock Options are awards from the Company that enable the holder to purchase a number of shares of Common Stock at the exercise price. Stock Options may be incentive stock options within the meaning of Section 422 of the Code (*Incentive Stock Options*), or Stock Options which do not constitute Incentive Stock Options (*Nonqualified Stock Options*).

(b) *Authority to Grant.* The Compensation Committee shall have the authority to grant to any participant one or more Incentive Stock Options, Nonqualified Stock Options, or both types of Stock Options (in each case with or without Stock Appreciation Rights). All Stock Options granted under the Plan shall be Nonqualified Stock Options unless the Benefit Agreement expressly states that the Stock Option is intended to be an Incentive Stock Option. Each Stock Option shall be subject to such terms and conditions consistent with the Plan as the Compensation Committee may impose from time to time, subject to the limitations of Sections 6(c) through 6(g) below.

(c) *Exercise Price.* Each Stock Option granted hereunder shall have such per-share exercise price as the Compensation Committee may determine at the date of grant; *provided, however*, that subject to any additional requirements imposed with respect to Incentive Stock Options under Section 6(f), the per-share exercise price of each Stock Option (i) shall not be less than 100% of the Fair Market Value (as defined in Section 18 below) of the Common Stock on the date the Stock Option is granted, or (ii) in the case of a Stock Option that is a Substituted Benefit shall not be less than the exercise price necessary to ensure that the Stock Option is excluded from coverage under Section 409A of the Code.

(d) *Payment of Exercise Price.* The exercise price of a Stock Option may be paid in cash, check or other readily available funds or, in the discretion of the Compensation Committee, by tendering shares of Common Stock of the Company then owned by the participant or by a combination of these methods. In the discretion of the Compensation Committee, payment also may be made by delivering a properly executed exercise notice to the Company together with a copy of irrevocable instructions to a broker to deliver promptly to the Company the amount of sale or loan proceeds to pay the exercise price. To facilitate the foregoing, the Company may enter into agreements for coordinated procedures with one or more brokerage firms. The Compensation Committee may prescribe any other method of paying the exercise price that it determines to be consistent with applicable law and the purposes of the Plan, including, without limitation, in lieu of the exercise of a Stock Option by tendering shares of Common Stock of the Company then owned by a participant, providing the Company with a notarized statement attesting to the number of shares owned, in which case upon verification by the Company, the Company would issue to the participant only the number of incremental shares to which the participant is entitled upon exercise of the Stock Option. In determining which methods a participant may utilize to pay the exercise price, the Compensation Committee may consider such factors as it determines are appropriate.

(e) *Exercise Period.* Except as otherwise provided in this Section 6(e), Stock Options granted under the Plan shall be vested and exercisable at such time or times and subject to such terms and conditions as shall be determined by the Compensation Committee. All Stock Options shall terminate at such earlier times and upon such conditions or circumstances as the

Compensation Committee shall in its discretion set forth in the Benefit Agreement relating to the Stock Option grant.

B-4

Table of Contents

(i) *Expiration.* No Stock Option shall be exercisable later than seven years after the date it is granted except in the event of a participant's death or termination of service due to disability, in which case, the exercise period of such participant's Stock Option shall be extended beyond such period but no longer than one year after the participant's death or termination of service due to disability.

(ii) *Vesting.* No Stock Option shall be exercisable earlier than the second anniversary of the date of grant except (1) in the event of a participant's death, termination of service due to disability or a Change in Control, in which case, the Compensation Committee may provide for an earlier exercise date, and (2) in the case of a Stock Option which is a Substituted Benefit in which case the Stock Option shall be exercisable at such times as the original award was exercisable; *provided, however,* that the Compensation Committee shall have the discretion to grant Stock Options that are not subject to the foregoing vesting provisions.

(f) *Limitations on Incentive Stock Options.* Incentive Stock Options may be granted only to participants who are employees of the Company or one of its subsidiaries (within the meaning of Section 424(f) of the Code) at the date of grant. The aggregate Fair Market Value (determined as of the time the Stock Option is granted) of the Common Stock with respect to which Incentive Stock Options are exercisable for the first time by a participant during any calendar year (under all option plans of the Company and of any parent corporation or subsidiary corporation (as defined in Sections 424(e) and (f) of the Code, respectively)) shall not exceed \$100,000. For purposes of the preceding sentence, Incentive Stock Options will be taken into account in the order in which they are granted. The per-share exercise price of an Incentive Stock Option shall not be less than 100% of the Fair Market Value of the Common Stock on the date of grant, and no Incentive Stock Option may be exercised later than ten years after the date it is granted; *provided, however,* that Incentive Stock Options may not be granted to any participant who, at the time of grant, owns stock possessing (after the application of the attribution rules of Section 424(d) of the Code) more than 10% of the total combined voting power of all classes of stock of the Company or any parent or subsidiary corporation of the Company, unless the exercise price is fixed at not less than 110% of the Fair Market Value of the Common Stock on the date of grant and the exercise of such Incentive Stock Option is prohibited by its terms after the expiration of five years from the date of grant of such Incentive Stock Option. If a Stock Option is intended to be an Incentive Stock Option, and if for any reason such Stock Option (or any portion thereof) shall not qualify as an Incentive Stock Option, then, to the extent of such nonqualification, such Stock Option (or portion thereof) shall be regarded as a Nonqualified Stock Option appropriately granted under the Plan; provided that such Stock Option (or portion thereof) otherwise complies with the Plan's requirement relating to Nonqualified Stock Options.

(g) *Rights as a Shareholder.* No participant shall have any rights to dividends or other shareholder rights with respect to shares of Common Stock subject to a Stock Option until the participant has given written notice of exercise of the Stock Option, paid in full for such shares, received such shares from the Company and, if applicable, has satisfied any other conditions imposed by the Compensation Committee pursuant to the Plan or any Benefit Agreement.

7. Stock Appreciation Rights.

(a) *Stock Appreciation Rights.* A Stock Appreciation Right is a right to receive a payment in cash, Common Stock or a combination thereof, in an amount equal to the excess of (i) the Fair Market Value, or other specified valuation (which shall be no greater than the Fair Market Value), of a specified number of shares of Common Stock on the date the right is exercised over (ii) the Fair Market Value, or other specified valuation (which, (1) shall be no less than 100% the Fair Market Value of such shares of Common Stock on the date the right is granted, or (2) in the case of a Stock Appreciation that is a Substituted Benefit shall not be less than the amount necessary to ensure that the Stock Appreciation Right is excluded from coverage under Section 409A of the Code); *provided, however,*

that if a Stock Appreciation Right is granted in tandem with or in substitution for a Stock Option, Fair Market Value in clause (ii) above shall be the Fair Market Value of a share of Common Stock on the date such Stock Option was granted.

(b) *Authority to Grant.* The Compensation Committee shall have the authority to grant Stock Appreciation Rights to the holders of any Stock Options granted hereunder. In addition, Stock Appreciation Rights may be granted independently of, and without relation to, Stock Options.

(c) *Terms.* Except as otherwise provided herein, each Stock Appreciation Right shall be subject to such terms and conditions as the Compensation Committee shall impose from time to time:

(i) *Expiration.* No Stock Appreciation Right shall be exercisable later than seven years after the date it is granted except in the event of a participant's death or termination of service due to disability, in which case, the exercise period of such participant's Stock Appreciation Rights shall be extended beyond such period but no longer than one year after the participant's death or termination of service due to disability.

(ii) *Vesting.* No Stock Appreciation Right shall be exercisable earlier than the second anniversary of the date of grant except (1) in the event of a participant's death, termination of service due to disability or a Change in Control, in which case, the Compensation Committee may provide for an earlier exercise date, and (2) in the case of a Stock Appreciation Right which is a Substituted Benefit in which case the Stock Appreciation Right may be exercised at such times as the original award was exercisable; *provided, however,* that the Compensation Committee shall have the discretion to grant Stock Appreciation Rights that are not subject to the foregoing vesting provisions.

8. Stock Awards.

(a) *Stock Award.* A Stock Award is an award that results in the issuance or transfer of Common Stock to a participant with or without payment therefore. Stock Awards can be used by the Company to pay earned compensation, including earned incentive compensation under other Company programs. If a Stock Award provides for the grant of Common Stock that is subject to a substantial risk of forfeiture that lapses in accordance with a vesting schedule, such Stock Award may be referred to as a Restricted Stock Award. If the issuance or vesting of a Stock Award is contingent upon the satisfaction of performance criteria, such Stock Award may be referred to as a Performance Stock Award. If a participant is granted a right to receive Common Stock on a fixed future date or upon the occurrence of a particular event such Stock Award may be referred to as Deferred Stock Award.

(b) *Authority to Grant.* The Compensation Committee shall have the authority to grant Stock Awards.

(c) *Terms.* Except as otherwise provided herein, each Stock Award shall be subject to such terms and conditions as the Compensation Committee shall impose from time to time, including, without limitation, restrictions on the sale or other disposition of shares subject to the Stock Award and the right of the Company to reacquire such shares for no consideration upon termination of the participant's employment within specified periods.

Edgar Filing: SILICON GRAPHICS INC - Form DEF 14A

(i) *Vesting.* No Stock Award shall vest solely on the basis of time more rapidly than pro rata over a two year period following the date of the award except (1) in the event of a participant's death, termination of service due to disability or a Change in Control, in which case the Compensation Committee may provide for accelerated vesting, (2) subject to Section 8(c)(ii) below, in the case of a Performance Stock Award, which shall vest in accordance with its terms when performance conditions are satisfied, (3) in the case of a Stock Award granted to pay incentive compensation earned under other Company programs, which may be fully vested when

granted, and (4) in the case of a Stock Award which is a Substituted Benefit or which is issued to a newly hired participant to replace awards granted by a former employer or entity to which such participant provided services, in which case such Stock Award shall vest in accordance with the vesting schedule of the original or forfeited award (or in the case of a Stock Award to a new hire, on the first anniversary of the date of grant, if later); *provided, however*, that the Compensation Committee shall have the discretion to grant Stock Awards that are not subject to the foregoing vesting provisions.

(ii) *Performance Stock*. The performance period established with respect to any Performance Stock Award shall not be less than one year. Performance Stock may be designed as Performance-Based Awards which qualify under Section 162(m) of the Code.

(iii) *Deferred Stock*. No Deferred Stock Award shall provide for the delivery of Common Stock prior to the expiration of one year following the date of the award except in the event of a participant's death, termination of service due to disability or a Change in Control, in which case the Compensation Committee may provide for earlier delivery of the Common Stock.

(iv) *Rights as a Shareholder*. Each Stock Award shall specify whether the participant shall have, with respect to the shares of Common Stock subject to the Stock Award, all of the rights of a holder of shares of Common Stock of the Company, including the right to receive dividends and to vote the shares.

(d) *Additional Conditions*. The Compensation Committee may require the participants who receive Stock Awards to deliver a duly signed stock power, endorsed in blank, relating to the Common Stock covered by a Stock Award. The Compensation Committee also may require that the stock certificates evidencing shares subject to a Stock Award be held in custody or bear restrictive legends until the restrictions thereon shall have lapsed.

9. Stock Units.

(a) *Stock Unit*. A *Stock Unit* is a notional unit representing one share of Common Stock. If a Stock Unit is subject to a vesting schedule, such Stock Unit may be referred to as a Restricted Stock Unit. If the issuance or vesting of a Stock Unit is contingent upon the satisfaction of performance criteria, such Stock Award may be referred to as a Performance Unit. If a participant is granted a Stock Unit which will be settled on a fixed future date or upon the occurrence of a particular event such Stock Unit may be referred to as a Deferred Stock Unit.

(b) *Authority to Grant*. The Compensation Committee shall have the authority to grant Stock Units to participants hereunder, which are settled in cash, shares of Common Stock or other Benefits. If Stock Units will be settled in shares of Common Stock, such shares may be issued with or without payments or other consideration therefore, as may be required by applicable law or as may be determined by the Compensation Committee.

(c) *Terms*. Except as otherwise provided herein, the Compensation Committee shall determine the criteria for the vesting and settlement of Stock Units, including whether the participant may defer such payment pursuant to a valid deferral agreement. Any such deferral shall comply with Section 409A of the Code.

Edgar Filing: SILICON GRAPHICS INC - Form DEF 14A

(i) *Vesting.* No Stock Unit shall vest solely on the basis of time more rapidly than pro rata over a two year period following the date of the award except (1) in the event of a participant's death, termination of service due to disability or a Change in Control, in which case the Compensation Committee may provide for accelerated vesting, (2) subject to Section 9(c)(ii) below, in the case of a Performance Unit, which shall vest in accordance with its terms when performance conditions are satisfied, and (3) in the case of a Stock Unit which is a Substituted Benefit or which is granted

to a newly hired participant to replace awards granted by a former employer or entity to which such participant provided services, in which case such Stock Unit shall vest in accordance with the vesting schedule of the original or forfeited award (or in the case of a Stock Unit to a new hire, on the first anniversary of the date of grant, if later); *provided, however*, that the Compensation Committee shall have the discretion to grant Stock Units that are not subject to the foregoing vesting provisions.

(ii) *Performance Unit*. The performance period established with respect to any Performance Unit shall not be less than one year. Performance Units may be designed as Performance-Based Awards which qualify under Section 162(m) of the Code.

(iii) *Deferred Stock Unit*. No Deferred Stock Units shall provide for settlement prior to the expiration of one year following the date of the award except in the event of a participant's death, termination of service due to disability or a Change in Control, in which case, the Compensation Committee may provide for earlier settlement.

10. Other Stock Based Awards.

(a) *Other Stock Based Awards*. An *Other Stock-Based Award* is an equity-based or equity-related award denominated in shares of Common Stock or an equivalent measurement based on the equity of the Company which are not otherwise described by the terms of the Plan and may include, without limitation, the sale of unrestricted shares of Common Stock or an award designed to comply with or take advantage of the applicable local laws of jurisdictions other than the United States. Other Stock Based Awards may be designed as either Appreciation Benefits or Full Value Benefits. Other Stock Based Awards may be designed as Performance Based Awards which qualify under Section 162(m) of the Code.

(b) *Authority*. The Compensation Committee shall have the authority to grant Other Stock Based Awards.

(c) *Terms*. Except as otherwise provided herein, the Compensation Committee shall have the authority to determine all of the terms of the Other Stock Based Awards; *provided, however*, that subject to Section 15 related to grants made to participants subject to the tax laws of foreign jurisdictions, the Compensation Committee shall ensure that the terms of the Other Stock Based Awards are not more favorable to the participants than similar Benefits provided for under the Plan. Specifically, subject to Section 15,

(i) *Full Value Benefits* Other Stock Based Awards which are Full Value Benefits shall, subject to similar exceptions provided under Section 8 and 9, (1) not provide for time vesting more rapidly than pro rata over two years, (2) not provide a shorter performance period than one year, and (3) not provide for settlement prior to the expiration of one year; *provided, however*, that the Compensation Committee shall have the discretion to grant Other Stock Based Awards that are not subject to the foregoing vesting provisions; and

(ii) *Appreciation Benefits* Other Stock Based Awards which are Appreciation Benefits shall (1) be granted with an exercise price or base value that is not less than 100% of Fair Market Value, (2) subject to similar exceptions provided under Sections 6 and 7, not provide for time vesting prior to the expiration of two years following the date of grant, and (3) subject to similar exceptions provided under Sections 6 and 7, expire no later than seven years after the date of grant; *provided, however*, that the Compensation Committee shall have the discretion to grant Other Stock Based Awards that are not subject to the foregoing vesting provisions.

11. Dividend Equivalent Rights.

(a) *Dividend Equivalent Right.* A *Dividend Equivalent Right* is the right to receive the amount of any dividend paid on one share of Common Stock. Dividend Equivalent Rights shall be payable in cash, share of Common Stock or in the form of additional Benefits.

(b) *Authority to Grant.* The Compensation Committee is authorized to grant dividend equivalent rights on Shares that are subject to any Benefit.

(c) *Terms.* Dividend Equivalent Rights shall be credited as of dividend payment dates during the period between the date the Benefit is granted and the date the Benefit is exercised, vested, expired, credited or paid. Dividend Equivalent Rights shall be converted to cash, shares of Common Stock or additional Benefits by such formula and at such time and subject to such limitations as is determined by the Compensation Committee. Dividend Equivalents granted with respect to any Stock Option or Stock Appreciation Right may be payable regardless of whether such Stock Option or Stock Appreciation Right is subsequently exercised.

12. Cash Awards.

The Compensation Committee is authorized to grant Benefits to participants denominated in cash in such amounts and subject to such terms and conditions as the Compensation Committee may determine. Such Benefits shall be referred to as *Cash-Based Awards*. Each such Cash-Based Award shall specify a payment amount or payment range as determined by the Compensation Committee.

13. Performance-Based Awards.

(a) *Performance-Based Awards.* The Compensation Committee is authorized to design Stock Awards, Stock Units, Other Stock Based Awards and Cash Awards so that the amounts or shares of Common Stock payable or distributed pursuant to such Benefit are treated as *qualified performance based compensation* within the meaning Section 162(m) of the Code and related regulations. As determined by the Compensation Committee in its sole discretion, either the granting or vesting of such Performance-Based Awards shall be based on achievement of hurdle rates and/or growth rates in one or more business criteria that apply to the individual participant, one or more business units, divisions, subsidiaries or business segments or the Company as a whole.

(b) *Business Criteria.* The Compensation Committee may use any of the following business criteria, individually or in combination, in designing a Performance-Based Award: (i) revenue growth, (ii) premium growth, (iii) policy growth; (iii) earnings (including earnings before taxes, earnings before interest and taxes or earnings before interest, taxes, depreciation and amortization), (iv) operating income; (v) pre- or after-tax income; (vi) cash flow (before or after dividends); (vii) cash flow per share (before or after dividends); (viii) earnings per share; (ix) return on equity; (x) return on capital (including return on total capital or return on invested capital); (xi) cash flow return on investment; (xii) return on assets; (xiii) economic value added (or an equivalent metric); (xiv) market share or penetration; (xv) share price performance; (xvi) total shareholder return; (xvii) improvement in or attainment of expense levels or expenses ratios; (xviii) employee and/or agent satisfaction (xix) customer satisfaction; (xxi) customer retention; and (xxii) rating agency ratings. In addition, Performance-Based Awards may include comparisons to the performance of other

Edgar Filing: SILICON GRAPHICS INC - Form DEF 14A

companies or an index covering multiple companies, such performance to be measured by one or more of the foregoing business criteria. Furthermore, the measurement of performance against goals may exclude or adjust for the impact of certain events or occurrences that were not budgeted or planned for in setting the goals, including, among other things, the impact of charges for restructurings, discontinued operations, extraordinary items and other unusual or non-recurring items, and the cumulative effects of tax or accounting changes, each as defined by generally accepted accounting principles as identified in the financial

statements, notes to the financial statements or management's discussion or analysis or other SEC filing.

(c) *Procedure.* For each Performance-Based Award, the Compensation Committee shall establish in writing, no later than 90 days after the commencement of a performance period (but in no event after one-quarter of such period has elapsed) (i) the performance goals applicable to the performance period specifying in terms of an objective formula or standard the method for computing the amount of compensation payable to the participant if such performance goals are achieved and (ii) the individual employees or class of employees to which such performance goals apply. No Performance-Based Awards shall be payable to or vest with respect to any participant for a given period until the Compensation Committee certifies in writing that the objective performance goals (and any other material terms) applicable to such period have been satisfied. The Compensation Committee shall not have the authority to increase the amount of compensation payable upon attainment of the performance goals but may reduce or eliminate compensation, provided the Benefit Agreement so permits.

14. Section 409A of the Code.

(a) *Compliance.* Notwithstanding anything herein or in any Benefit Agreement to the contrary, (i) this Plan and any Benefit shall be interpreted in accordance with Section 409A of the Code, Department of Treasury regulations and other interpretive guidance issued thereunder, including without limitation any such regulations or other guidance that may be issued after the Effective Date, (ii) in the event that the Compensation Committee determines that the Plan and/or Benefits are subject to Section 409A of the Code, the Compensation Committee may, in its sole discretion and without a participant's prior consent, amend the Plan and/or Benefits, adopt policies and procedures, or take any other actions (including amendments, policies, procedures and actions with retroactive effect) as are necessary or appropriate to (1) exempt the Plan and/or any Benefits from the application of Section 409A of the Code, (2) preserve the intended tax treatment of any such Benefit, and (3) comply with the requirements of Section 409A of the Code, including any regulations or other interpretive guidance that may be issued after the grant of any Benefit. Notwithstanding the foregoing, neither the Compensation Committee nor the Company is obligated to ensure that Benefits comply with Section 409A of the Code or to take any actions to ensure such compliance.

(b) *Specified Payment Date.* To the extent not otherwise specified in the applicable Benefit Agreement, each Benefit shall be paid or otherwise settled on or as soon as practicable after the amount due is determinable and no longer subject to a substantial risk of forfeiture, but in no event later than the 15th day of the third month from the end of (i) the participant's tax year that includes the applicable payment date, or (ii) the Company's tax year that includes the applicable payment date, whichever is later.

15. Foreign Laws. The Compensation Committee may grant Benefits to individual participants who are subject to the tax laws of nations other than the United States, which Benefits may have terms and conditions which the Compensation Committee determines to be necessary to comply with applicable foreign laws. The Compensation Committee may take any action which it deems advisable to obtain approval of such Benefits by the appropriate foreign governmental entity; *provided, however,* that no Benefits may be granted pursuant to this Section 15 and no action may be taken which would result in a violation of the Exchange Act, the Code or any other applicable law.

16. Adjustment Provisions; Change in Control.

(a) *Adjustments.* If there shall be any change in the Common Stock of the Company, through merger, consolidation, reorganization, recapitalization, stock dividend, stock split, reverse stock split, split up, spinoff, combination of shares, exchange of shares,

dividend in kind or other like change in

B-10

capital structure or distribution (other than normal cash dividends) to stockholders of the Company, an adjustment shall be made to each outstanding Stock Option and Stock Appreciation Right such that each such Stock Option and Stock Appreciation Right shall thereafter be exercisable for such securities, cash and/or other property as would have been received in respect of the Common Stock subject to such Stock Option or Stock Appreciation Right had such Stock Option or Stock Appreciation Right been exercised in full immediately prior to such change or distribution, and such an adjustment shall be made successively each time any such change shall occur. In addition, in the event of any such change or distribution or any extraordinary dividend or distribution of cash or other assets, in order to prevent dilution or enlargement of participants' rights under the Plan, the Compensation Committee shall adjust, in an equitable manner, the number and kind of shares that may be issued and granted under the Plan, the number and kind of shares subject to outstanding Benefits, the exercise price applicable to outstanding Benefits, and the Fair Market Value of the Common Stock and other value determinations or affected terms applicable to outstanding Benefits. The Compensation Committee shall also make appropriate adjustments to the terms of any Benefits (other than Benefits intended to constitute Performance-Based Awards unless permitted under Section 162(m) of the Code) to reflect such changes or distributions (and any extraordinary dividend or distribution of cash or other assets) and to modify corresponding terms of such outstanding Benefits. Such changes may include modifications of performance targets and changes in the length of performance periods. In addition, the Compensation Committee shall make adjustments to the terms and conditions of, and the criteria included in, Benefits in recognition of unusual or nonrecurring events affecting the Company or the financial statements of the Company, or in response to changes in applicable laws, regulations, or accounting principles (except that with respect to Stock Options, Stock Appreciation Rights, and other Benefits intended to constitute Performance-Based Awards, such adjustments shall not be made unless permitted under Section 162(m) of the Code).

(b) *Change in Control*. Notwithstanding any other provision of this Plan, in the event of a Change in Control (as defined below), the Compensation Committee, in its discretion, may take such actions as it deems appropriate with respect to outstanding Benefits, including, without limitation, accelerating the exercisability or vesting of such Benefits, providing for the assumption of all Benefits by the continuing entity or such other actions provided in an agreement approved by the Board in connection with a Change in Control and such Benefits shall be subject to the terms of such agreement as the Compensation Committee, in its discretion, shall determine. The Compensation Committee, in its discretion, may determine that, upon the occurrence or in anticipation of and subject to the occurrence of a Change in Control of the Company, each Stock Option and Stock Appreciation Right outstanding hereunder shall terminate within a specified number of days after notice to the holder. In addition, the Compensation Committee may provide that each such holder shall receive, with respect to each share of Common Stock subject to such Stock Option or Stock Appreciation Right, an amount equal to the excess of the Fair Market Value of such shares of Common Stock immediately prior to the occurrence of such Change in Control over the exercise price per share of such Stock Option or Stock Appreciation Right; such amount to be payable in cash, in one or more kinds of property (including the property, if any, payable in the transaction) or in a combination thereof, as the Compensation Committee, in its discretion, shall determine. For purposes of this Section 16(b), a *Change in Control* of the Company shall be deemed to have occurred upon any of the following events:

(i) Any person(s) acting together which would constitute a group for purposes of Section 13(d) of the Exchange Act (other than the Company, any subsidiary, or any permitted holder as defined below) shall beneficially own (as defined in Rule 13d-3 under the Exchange Act), directly or indirectly, at least 35% of the total voting power of all classes of capital stock of the Company entitled to vote generally in the election of the Board;

(ii) Either (A) incumbent directors, as defined below, shall cease for any reason to constitute at least a majority of the members of the Board (for these purposes, an incumbent director shall mean any member of the Board as of the Effective Date, and any successor of an incumbent

Table of Contents

director whose election, or nomination for election by the Company's shareholders was approved by at least a majority of the current directors then on the Board), or (B) at any meeting of the shareholders of the Company called for the purpose of electing directors, a majority of the persons nominated by the Board for election as directors shall fail to be elected;

(iii) Consummation of a merger or consolidation of the Company (A) in which the Company is not the continuing or surviving corporation (other than a consolidation or merger with a wholly-owned subsidiary of the Company in which all shares of Common Stock outstanding immediately prior to the effectiveness thereof are changed into or exchanged for common stock of the subsidiary) or (B) pursuant to which all shares of Common Stock are converted into cash, securities or other property, except in either case, a consolidation or merger of the Company in which the holders of the shares of Common Stock immediately prior to the consolidation or merger have, directly or indirectly, at least a majority of the shares of Common Stock of the continuing or surviving corporation immediately after such consolidation or merger or in which the Board immediately prior the merger or consolidation would, immediately after the merger or consolidation, constitute a majority of the board of directors of the continuing or surviving corporation; or

(iv) Consummation of a plan of complete liquidation of the Company.

(v) The consummation of a sale or other disposition (in one transaction or a series of transactions) of all or substantially all of the assets of the Company.

17. Nontransferability. Each Benefit granted under the Plan to a participant (other than a Stock Award for which there are no transfer restrictions) shall not be transferable otherwise than by will or the laws of descent and distribution, and shall be exercisable, during the participant's lifetime, only by the participant. In the event of the death of a participant, each Stock Option or Stock Appreciation Right theretofore granted to him or her shall be exercisable during such period after his or her death as the Compensation Committee shall in its discretion set forth in the Benefit Agreement at the date of grant, subject to the restrictions set forth in Sections 6 and 7 herein, and then only by the executor or administrator of the estate of the deceased participant or the person or persons to whom the deceased participant's rights under the Stock Option or Stock Appreciation Right shall pass by will or the laws of descent and distribution. Notwithstanding the foregoing, at the discretion of the Compensation Committee, a Benefit other than an Incentive Stock Option may permit the transferability of a Benefit (i) by a participant solely to the participant's spouse, siblings, parents, children and grandchildren or a charitable organization that is exempt under Section 501(c)(3) of the Code or to trusts for the benefit of such persons or partnerships, corporations, limited liability companies or other entities owned solely by such persons, including trusts for such persons, subject to any restriction included in the Benefit Agreement or to the participant's former spouse in accordance with a domestic relations order, or (ii) by a participant who is a non-employee director of the Company to the entity that employs such participant or to its affiliate.

18. Fair Market Value. For purposes of this Plan and any Benefits awarded hereunder, Fair Market Value shall be the average of the high and low prices of the Common Stock on the date of calculation (or on the last preceding trading date if Common Stock was not traded on such date) if the Common Stock is readily tradeable on a national securities exchange or other market system, and if the Common Stock is not readily tradeable, Fair Market Value shall mean the amount determined in good faith by the Compensation Committee as the fair market value of the Common Stock upon the reasonable application of a reasonable valuation method.

19. Withholding. All payments or distributions of Benefits made pursuant to the Plan shall be net of any amounts required to be withheld pursuant to applicable federal, state and local tax-withholding requirements at the minimum statutory withholding rates. Notwithstanding the foregoing, if the

B-12

Table of Contents

Company proposes or is required to distribute Common Stock pursuant to the Plan, it may require the recipient to remit to it or to the corporation that employs such recipient an amount sufficient to satisfy such tax withholding requirements prior to the delivery of any certificates for such Common Stock. The Compensation Committee shall determine whether the recipient may make such remittance by (i) tendering shares of Common Stock of the Company then owned by the participant, (ii) providing the Company with a notarized statement attesting to the number of shares owned, in which case upon verification by the Company, the Company would issue to the participant only the number of incremental shares above the amount of the withholding obligation to which the participant is entitled in respect of the Benefit, or (iii) delivering a copy of irrevocable instructions to a broker to deliver promptly to the Company (or to the corporation that employs such recipient, if applicable) the amount of sale proceeds (from the sale of shares of Common Stock subject to the Benefit) to satisfy such tax withholding requirements. To facilitate the foregoing, the Company may enter into agreements for coordinated procedures with one or more brokerage firms. In lieu thereof, the Company or the employing corporation shall have the right to withhold the amount of such taxes from any other sums due or to become due from such corporation to the recipient as the Compensation Committee shall prescribe. The Compensation Committee may, in its discretion and subject to such rules as it may adopt (including any as may be required to satisfy applicable tax and/or non-tax regulatory requirements), permit an optionee, or an award or right holder to pay all or a portion of the federal, state and local withholding taxes arising in connection with any Benefit consisting of shares of Common Stock by electing to have the Company withhold shares of Common Stock having a Fair Market Value equal to the amount of tax to be withheld at the minimum statutory withholding rates.

20. Tenure. A participant's right, if any, to continued employment or service of Company or any of its subsidiaries as an officer, employee, or otherwise, shall not be enlarged or otherwise affected by his or her designation as a participant under the Plan.

21. Unfunded Plan. Participants shall have no right, title, or interest whatsoever in or to any investments that the Company may make to aid it in meeting its obligations under the Plan. Nothing contained in the Plan, and no action taken pursuant to its provisions, shall create or be construed to create a trust of any kind, or a fiduciary relationship between the Company and any participant, beneficiary, legal representative or any other person. To the extent that any person acquires a right to receive payments from the Company under the Plan, such right shall be no greater than the right of an unsecured general creditor of the Company. All payments to be made hereunder shall be paid from the general funds of the Company and no special or separate fund shall be established and no segregation of assets shall be made to assure payment of such amounts except as expressly set forth in the Plan.

22. No Fractional Shares. No fractional shares of Common Stock shall be issued or delivered pursuant to the Plan or any Benefit. The Compensation Committee shall determine whether cash, or Benefits, or other property shall be issued or paid in lieu of fractional shares or whether such fractional shares or any rights thereto shall be forfeited or otherwise eliminated.

23. Amendment, Termination, Duration. The Compensation Committee may, at any time and from time to time, alter, amend, modify, suspend, or terminate the Plan and any Benefit in whole or in part; *provided, however*, that, without the prior approval of the Company's shareholders, Stock Options or Stock Appreciation Rights and any Other Stock Based Award that is not a Full Value Benefit which is issued under the Plan will not be repriced, replaced, or regranted through cancellation or by lowering the exercise price or grant price of a previously granted Benefit or cancelled while the per share exercise price is lower than the Fair Market Value of a share of Common Stock on the date of such cancellation in exchange for a cash payment, and no amendment of the Plan shall be made without shareholder approval if shareholder approval is required by law, regulation, or stock exchange rule; and *provided, further*, no Benefit may be amended if such amendment is prohibited by the applicable terms of the Benefit Agreement. No Benefit shall be granted under the Plan more than ten years after

Table of Contents

the Effective Date. After the Plan is terminated in accordance with this Section 23, no Benefits may be granted but any Benefit previously granted shall remain outstanding in accordance with the terms and conditions of the Plan and the Benefit Agreement.

24. **Governing Law.** This Plan, Benefits granted hereunder and actions taken in connection herewith shall be governed and construed in accordance with the laws of the State of Delaware (regardless of the law that might otherwise govern under applicable Delaware principles of conflict of laws).

25. **Effective Date.** The Plan shall be effective as of the date October 17, 2006 and as amended by the Committee or the Board of Directors.

4. Grant of Purchase Rights; Offering.

(a) The Board may from time to time grant or provide for the grant of Purchase Rights to purchase shares of Common Stock under the Plan to Eligible Employees in an Offering (consisting of one or more Purchase Periods) on an Offering Date or Offering Dates selected by the Board. Each Offering shall be in such form and shall contain such terms and conditions as the Board shall deem appropriate, which shall comply with the requirement of Section 423(b)(5) of the Code that all Employees granted Purchase Rights shall have the same rights and privileges. The terms and conditions of an Offering shall be incorporated by reference into the Plan and treated as part of the Plan. The provisions of separate Offerings need not be identical, but each Offering shall include (through incorporation of the provisions of this Plan by reference in the document comprising the Offering or otherwise) the period during which the Offering shall be effective, which period shall not exceed twenty-seven (27) months beginning with the Offering Date, and the substance of the provisions contained in Sections 5 through 8, inclusive.

(b) If a Participant has more than one Purchase Right outstanding under the Plan, unless he or she otherwise indicates in agreements or notices delivered hereunder: (i) each agreement or notice delivered by that Participant shall be deemed to apply to all of his or her Purchase Rights under the Plan, and (ii) a Purchase Right with a lower exercise price (or an earlier-granted Purchase Right, if different Purchase Rights have identical exercise prices) shall be exercised to the fullest possible extent before a Purchase Right with a higher exercise price (or a later-granted Purchase Right if different Purchase Rights have identical exercise prices) shall be exercised.

(c) The Board shall have the discretion to structure an Offering so that if the Fair Market Value of the shares of Common Stock on the first day of a new Purchase Period within that Offering is less than or equal to the Fair Market Value of the shares of Common Stock on the Offering Date, then (i) that Offering shall terminate immediately, and (ii) the Participants in such terminated Offering shall be automatically enrolled in a new Offering beginning on the first day of such new Purchase Period.

5. Eligibility.

(a) Purchase Rights may be granted only to Employees of the Company or, as the Board may designate as provided in Section 2(b), to Employees of a Related Corporation. Except as provided in Section 5(b), an Employee shall not be eligible to be granted Purchase Rights under the Plan unless, on the Offering Date, such Employee has been in the employ of the Company or the Related Corporation, as the case may be, for such continuous period preceding such Offering Date as the Board may require, but in no event shall the required period of continuous employment be greater than two (2) years. In addition, the Board may provide that no Employee shall be eligible to be granted Purchase Rights under the Plan unless, on the Offering Date, such Employee's customary employment with the Company or the Related Corporation is more than twenty (20) hours per week and more than five (5) months per calendar year or such other criteria as the Board may determine consistent with Section 423 of the Code.

(b) The Board may provide that each person who, during the course of an Offering, first becomes an Eligible Employee shall, on a date or dates specified in the Offering which coincides with the day on which such person becomes an Eligible Employee or which occurs thereafter, receive a Purchase Right under that Offering, which Purchase Right shall thereafter be deemed to be a part of that Offering. Such Purchase Right shall have the same characteristics as any Purchase Rights originally granted under that Offering, as described herein, except that:

(i) the date on which such Purchase Right is granted shall be the Offering Date of such Purchase Right for all purposes, including determination of the exercise price of such Purchase Right;

(ii) the period of the Offering with respect to such Purchase Right shall begin on its Offering Date and end coincident with the end of such Offering; and

(iii) the Board may provide that if such person first becomes an Eligible Employee within a specified period of time before the end of the Offering, he or she shall not receive any Purchase Right under that Offering.

(c) No Employee shall be eligible for the grant of any Purchase Rights under the Plan if, immediately after any such Purchase Rights are granted, such Employee owns stock possessing five percent (5%) or more of the total combined voting power or value of all classes of stock of the Company or of any Related Corporation. For purposes of this Section 5(c), the rules of Section 424(d) of the Code shall apply in determining the stock ownership of any Employee, and stock which such Employee may purchase under all outstanding Purchase Rights and options shall be treated as stock owned by such Employee.

(d) As specified by Section 423(b)(8) of the Code, an Eligible Employee may be granted Purchase Rights under the Plan only if such Purchase Rights, together with any other rights granted under all Employee Stock Purchase Plans of the Company and any Related Corporations, do not permit such Eligible Employee's rights to purchase stock of the Company or any Related Corporation to accrue at a rate which exceeds twenty five thousand dollars (\$25,000) of Fair Market Value of such stock (determined at the time such rights are granted, and which, with respect to the Plan, shall be determined as of their respective Offering Dates) for each calendar year in which such rights are outstanding at any time.

Edgar Filing: SILICON GRAPHICS INC - Form DEF 14A

(e) Officers of the Company and any designated Related Corporation, if they are otherwise Eligible Employees, shall be eligible to participate in Offerings under the Plan. Notwithstanding the foregoing, the Board may provide in an Offering that Employees who are highly compensated Employees within the meaning of Section 423(b)(4)(D) of the Code shall not be eligible to participate.

6. Purchase Rights; Purchase Price.

(a) On each Offering Date, each Eligible Employee, pursuant to an Offering made under the Plan, shall be granted a Purchase Right to purchase up to that number of shares of Common Stock purchasable either with a percentage or with a maximum dollar amount, as designated by the Board, but in either case not exceeding fifteen percent (15%) of such Employee's earnings (as defined by the Board in each Offering) during the period that begins on the Offering Date (or such later date as the Board determines for a particular Offering) and ends on the date stated in the Offering, which date shall be no later than the end of the Offering.

(b) The Board shall establish one (1) or more Purchase Dates during an Offering as of which Purchase Rights granted pursuant to that Offering shall be exercised and purchases of shares of Common Stock shall be carried out in accordance with such Offering.

(c) In connection with each Offering made under the Plan, the Board may specify a maximum number of shares of Common Stock that may be purchased by any Participant on any Purchase Date during such Offering. In connection with each Offering made under the Plan, the Board may specify a maximum aggregate number of shares of Common Stock that may be purchased by all Participants pursuant to such Offering. In addition, in connection with each Offering that contains more than one Purchase Date, the Board may specify a maximum aggregate number of shares of Common Stock that may be purchased by all Participants on any Purchase Date under the Offering. If the aggregate purchase of shares of Common Stock issuable upon exercise of Purchase Rights granted under the Offering would exceed any such maximum aggregate number, then, in the absence of any Board action otherwise, a pro rata allocation of the shares of Common Stock available shall be made in as nearly a uniform manner as shall be practicable and equitable.

(d) The purchase price of shares of Common Stock acquired pursuant to Purchase Rights shall be an amount equal to eighty-five percent (85%) of the Fair Market Value of the shares of Common Stock on the applicable Purchase Date.

7. Participation; Withdrawal; Termination.

(a) A Participant may elect to authorize payroll deductions pursuant to an Offering under the Plan by completing and delivering to the Company, within the time specified in the Offering, an enrollment form (in such form as the Company may provide). Each such enrollment form shall authorize an amount of Contributions expressed as a percentage of the submitting Participant's earnings (as defined in each Offering) during the Offering (not to exceed the maximum percentage specified by the Board). Each Participant's Contributions shall be credited to a bookkeeping account for such Participant under the Plan and shall be deposited with the general funds of the Company except where applicable law requires that Contributions be deposited with a third party. To the extent provided in the Offering, a Participant may begin such Contributions after the beginning of the Offering. To the extent provided in the Offering, a Participant may thereafter reduce (including to zero) or increase his or her Contributions.

(b) During an Offering, a Participant may cease making Contributions and withdraw from the Offering by delivering to the Company a notice of withdrawal in such form as the Company may provide. Such withdrawal may be elected at any time prior to the end of the Offering, except as provided otherwise in the Offering. Upon such withdrawal from the Offering by a Participant, the Company shall distribute to such Participant all of his or her accumulated Contributions (reduced to the extent, if any, such Contributions have been used to acquire shares of Common Stock for the Participant) under the Offering, and such Participant's Purchase Right in that Offering shall thereupon terminate. A Participant's withdrawal from an Offering shall have no effect upon such Participant's eligibility

to participate in any other Offerings under the Plan, but such Participant shall be required to deliver a new enrollment form in order to participate in subsequent Offerings.

(c) Purchase Rights granted pursuant to any Offering under the Plan shall terminate immediately upon a Participant ceasing to be an Employee for any reason or for no reason (subject to any post-employment participation period required by law) or other lack of eligibility. The Company shall distribute to such terminated or otherwise ineligible Employee all of his or her accumulated Contributions (reduced to the extent, if any, such Contributions have been used to acquire shares of Common Stock for the terminated or otherwise ineligible Employee) under the Offering.

(d) Purchase Rights shall not be transferable by a Participant except by will, the laws of descent and distribution, or by a beneficiary designation as provided in Section 10. During a Participant's lifetime, Purchase Rights shall be exercisable only by such Participant.

(e) Unless otherwise specified in an Offering, the Company shall have no obligation to pay interest on Contributions.

8. Exercise of Purchase Rights.

(a) On each Purchase Date during an Offering, each Participant's accumulated Contributions shall be applied to the purchase of shares of Common Stock up to the maximum number of shares of Common Stock permitted pursuant to the terms of the Plan and the applicable Offering, at the purchase price specified in the Offering. No fractional shares shall be issued upon the exercise of Purchase Rights unless specifically provided for in the Offering.

(b) If any amount of accumulated Contributions remains in a Participant's account after the purchase of shares of Common Stock and such remaining amount is less than the amount required to purchase one share of Common Stock on the final Purchase Date of an Offering, then such remaining amount shall be held in such Participant's account for the purchase of shares of Common Stock under the next Offering under the Plan, unless such Participant withdraws from such next Offering, as provided in Section 7(b), or is not eligible to participate in such Offering, as provided in Section 5, in which case such amount shall be distributed to such Participant after the final Purchase Date, without interest. If the amount of Contributions remaining in a Participant's account after the purchase of shares of Common Stock is at least equal to the amount required to purchase one (1) whole share of Common Stock on the final Purchase Date of the Offering, then such remaining amount shall be distributed in full to such Participant at the end of the Offering, without interest.

(c) No Purchase Rights may be exercised to any extent unless the shares of Common Stock to be issued upon such exercise under the Plan are covered by an effective registration statement pursuant to the Securities Act and the Plan is in material compliance with all applicable federal, state, foreign and other securities and other laws applicable to the Plan. If, on a Purchase Date during any Offering hereunder, the shares of Common Stock are not so registered or the Plan is not in such compliance, no Purchase Rights of any Offering shall be exercised on such Purchase Date, and the Purchase Date shall be delayed until the shares of Common Stock are subject to such an effective registration statement and the Plan is in such compliance, except that the Purchase Date shall not be delayed more than twelve (12) months and the Purchase Date shall in no event be more than twenty-seven (27) months from the Offering Date. If, on the Purchase Date under any Offering hereunder, as delayed to the maximum extent permissible, the shares of Common Stock are not registered and the Plan is not in such compliance, no Purchase Rights of any Offering shall be exercised and all Contributions accumulated during the Offering (reduced to the extent, if any, such Contributions have been used to acquire shares of Common Stock) shall be distributed to the Participants, without interest.

9. Covenants of the Company.

The Company shall seek to obtain from each federal, state, foreign or other regulatory commission or agency having jurisdiction over the Plan such authority as may be required to issue and sell shares

of Common Stock upon exercise of the Purchase Rights. If, after commercially reasonable efforts, the Company is unable to obtain from any such regulatory commission or agency the authority that counsel for the Company deems necessary for the lawful issuance and sale of Common Stock under the Plan, the Company shall be relieved from any liability for failure to issue and sell Common Stock upon exercise of such Purchase Rights unless and until such authority is obtained.

10. Designation of Beneficiary.

(a) A Participant may file a written designation of a beneficiary who is to receive any shares of Common Stock and/or cash, if any, from the Participant's account under the Plan in the event of such Participant's death subsequent to the end of an Offering but prior to delivery to the Participant of such shares of Common Stock or cash. In addition, a Participant may file a written designation of a beneficiary who is to receive any cash from the Participant's account under the Plan in the event of such Participant's death during an Offering. Any such designation shall be on a form provided by or otherwise acceptable to the Company.

(b) The Participant may change such designation of beneficiary at any time by written notice to the Company. In the event of the death of a Participant and in the absence of a beneficiary validly designated under the Plan who is living at the time of such Participant's death, the Company shall deliver such shares of Common Stock and/or cash to the executor or administrator of the estate of the Participant, or if no such executor or administrator has been appointed (to the knowledge of the Company), the Company, in its sole discretion, may deliver such shares of Common Stock and/or cash to the spouse or to any one or more dependents or relatives of the Participant, or if no spouse, dependent or relative is known to the Company, then to such other person as the Company may designate.

11. Miscellaneous Provisions.

(a) The Plan and Offering do not constitute an employment contract. Nothing in the Plan or in the Offering shall in any way alter the at will nature of a Participant's employment or be deemed to create in any way whatsoever any obligation on the part of any Participant to continue in the employ of the Company or a Related Corporation, or on the part of the Company or a Related Corporation to continue the employment of a Participant.

(b) The provisions of the Plan shall be governed by the laws of the State of Delaware without resort to that state's conflicts of laws rules.

(c) Proceeds from the sale of shares of Common Stock pursuant to Purchase Rights shall constitute general funds of the Company.

(d) A Participant shall not be deemed to be the holder of, or to have any of the rights of a holder with respect to, shares of Common Stock subject to Purchase Rights unless and until the Participant's shares of Common Stock acquired upon exercise of Purchase Rights are recorded in the books of the Company (or its transfer agent).

12. Adjustments upon Changes in Common Stock; Corporate Transactions.

(a) In the event of a Capitalization Adjustment, the Board shall equitably adjust: (i) the class(es) and maximum number of securities subject to the Plan pursuant to Section 3(a); (ii) the class(es) and number of securities subject to outstanding Purchase Rights; and (iii) the class(es) and number of securities imposed by purchase limits under each ongoing Offering. The Board shall make such adjustments, and its determination shall be final, binding and conclusive.

(b) In the event of a Corporate Transaction, then: (i) any surviving corporation or acquiring corporation (or the surviving or acquiring corporation's parent company) may assume or continue Purchase Rights outstanding under the Plan or may substitute similar rights (including a right to acquire the same consideration paid to the stockholders in the Corporate Transaction) for those outstanding under the Plan, or (ii) if any surviving or acquiring corporation (or its parent company) does not assume or continue such Purchase Rights or does not substitute similar rights for Purchase Rights outstanding under the Plan, then the Participants' accumulated Contributions shall be used to purchase shares of Common Stock within ten (10) business days prior to the Corporate Transaction under any ongoing Offerings, and the Participants' Purchase Rights under the ongoing Offerings shall terminate immediately after such purchase.

13. Amendment of the Plan.

(a) The Board at any time, and from time to time, may amend the Plan. However, except as provided in Section 12(a) relating to Capitalization Adjustments and except as to amendments solely to benefit the administration of the Plan, to take account of a change in legislation or to obtain or maintain favorable tax, exchange control or regulatory treatment for Participants or the Company or any Related Corporation, no amendment shall be effective unless approved by the stockholders of the Company to the extent stockholder approval is necessary for the Plan to satisfy the requirements of Section 423 of the Code or other applicable laws or regulations.

(b) It is expressly contemplated that the Board may amend the Plan in any respect the Board deems necessary or advisable to provide Employees with the maximum benefits provided or to be provided under the provisions of the Code and the regulations promulgated thereunder relating to Employee Stock Purchase Plans and/or to bring the Plan and/or Purchase Rights into compliance therewith.

(c) The rights and obligations under any Purchase Rights granted before amendment of the Plan shall not be impaired by any amendment of the Plan except: (i) with the consent of the person to whom such Purchase Rights were granted, or (ii) as necessary to comply with any laws or governmental regulations (including, without limitation, the provisions of the Code and the regulations promulgated thereunder relating to Employee Stock Purchase Plans).

14. Termination or Suspension of the Plan.

(a) The Board may suspend or terminate the Plan at any time. Unless sooner terminated, the Plan shall terminate at the time that all of the shares of Common Stock reserved for issuance under the Plan, as increased and/or adjusted from time to time, have been issued under the terms of the Plan. No Purchase Rights may be granted under the Plan while the Plan is suspended or after it is terminated.

(b) Any benefits, privileges, entitlements and obligations under any Purchase Rights while the Plan is in effect shall not be impaired by suspension or termination of the Plan except (i) as expressly provided in the Plan or with the consent of the person to whom such Purchase Rights were granted, (ii) as necessary to comply with any laws, regulations or listing requirements, or (iii) as necessary to ensure that the Plan and/or Purchase Rights comply with the requirements of Section 423 of the Code.

15. Effective Date of Plan.

The Plan shall become effective on the Effective Date, but no Purchase Rights shall be exercised unless and until the Plan has been approved by the stockholders of the Company, which approval shall be within twelve (12) months before or after the date the Plan is adopted by the Board.
