Benefit Plan Financial Committee

Darden Restaurants, Inc.:

We have audited the accompanying statements of net assets available for benefits of the Darden Savings Plan (the Plan) as of April 30, 2007 and 2006, and the related statements of changes in net assets available for benefits for the years ended April 30, 2007 and 2006. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of April 30, 2007 and 2006, and the changes in net assets available for benefits for the years then ended, in conformity with U.S. generally accepted accounting principles.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedules Schedule H, line 4i Schedule of Assets (Held at End of Year) and Schedule H, line 4j Schedule of Reportable Transactions are presented for the purpose of additional analysis and are not a required part of the basic financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These supplemental schedules are the responsibility of the Plan's management. The supplemental schedules have been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

DARDEN SAVINGS PLAN

Notes to Financial Statements

April 30, 2007 and 2006

(1) Description of the Plan

The following description of the Darden Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

The Plan, as amended, was originally established in June 1973. The Plan covers certain employees of Darden Restaurants, Inc.'s operating and administrative subsidiaries, and their divisions and affiliates (collectively, the Company) who are age 21 or older, regardless of their length of service. The Plan also allows allocation of Company shares in the ESOP Fund (an employee stock ownership component of the Plan) for payment of incentive bonuses earned by certain restaurant management and Restaurant Support Center administrative employees that have at least five years of service with the Company. Effective March 2004, the Plan was amended to temporarily suspend the allocation of Company shares in the ESOP Fund for incentive bonuses earned by restaurant management through August 2004 and then restrict the allocation of Company shares in the ESOP Fund for payment of incentive bonuses to individuals who were classified as qualified managers under the Plan as of May 31, 2003. This amendment also disallowed the allocation of Company shares in the ESOP Fund for payment of incentive bonuses earned by certain Restaurant Support Center administrative employees effective March 2004.

Effective June 2002, the Plan allowed participants to immediately transfer ESOP Funds credited to their accounts to any of the Plan's other investment funds. The Plan was amended to change the maximum Company variable contribution from 100% to 120% effective July 2002. Effective January 2004, the Plan was amended to allow employees, other than qualified managers, to contribute up to 25% of their eligible compensation each year. Effective April 29, 2004, the deferral limit for qualified managers was also raised to 25% of eligible pay.

Eligible employees may elect to make primary contributions to the Plan ranging from 1% to 6% of their eligible compensation for each year on an after-tax or before-tax basis. Participants electing to contribute 6% may also elect to make unmatched contributions equal to between 1% and 19% of their eligible compensation for the year. The Company makes quarterly variable contributions to the Plan ranging from 25% to 120% of the primary contribution percentages made by the participants. The Company contribution varies depending on the Company's operating results. Plan matching provisions become effective for participants upon completion of 12 months of service and accumulation of 1,000 hours of service in an anniversary year. Income earned by the Plan is allocated to participants' accounts based on their relative account balances.

Participants may borrow from their vested account as follows: a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000, minus the highest outstanding loan balance in the preceding 12 months; 50% of their vested account balance; an amount which would result in loan repayments not to exceed 50% of the participant's 13 week average net take-home pay; or the vested balance in the participant's account excluding amounts in the ESOP Fund. Loan repayment terms generally may not exceed 5 years. The loans are secured by the balance in the participant's account and bear market rates of interest. Principal and interest is paid through payroll deductions and may be repaid in full at any time without penalty.

On termination of service due to death, disability, retirement, induction into the Armed Forces of, or service with, the United States Government, or involuntary separation or elimination of position due to a sale, destruction, shut-down, or closing out of an activity or facility, a participant shall be entitled to a distribution of the total value of his or her account. If that participant had a vested account balance as of

DARDEN SAVINGS PLAN

Notes to Financial Statements

April 30, 2007 and 2006

June 1, 1990, he or she may elect monthly installments not to exceed 120 months. All other terminating participants, including those who terminate service due to other reasons, will receive a lump sum distribution of their vested account balance if such balance is \$5,000 or less (See note 3). Terminating participants having vested account balances greater than \$5,000 may elect to receive either a lump sum distribution or to leave their accounts in the Plan until attainment of age 65. Effective March 2005, the Plan was amended to lower the threshold for automatic distributions from \$5,000 to \$1,000. Effective October 2003, the Plan was amended to allow the Plan to charge annual fees to terminated participants who leave their accounts in the Plan. All benefits are recorded when paid.

Ameriprise Financial, Inc. (Ameriprise) was formerly a wholly owned subsidiary of American Express Company. Effective September 30, 2005, American Express Company distributed its Ameriprise common shares to American Express Company shareholders. Ameriprise Trust Company (the Trustee), a subsidiary of Ameriprise Financial, Inc. and formerly known as American Express Trust Company, performs the trustee and administrative duties for the Plan. On June 1, 2006, Wachovia Corp. acquired the defined contribution recordkeeping business of Ameriprise. Upon completion of the acquisition, the defined contribution recordkeeping business of Ameriprise became part of Wachovia Retirement Services, a division of Wachovia Corp. Effective June 1, 2006, Wachovia Retirement Services (Trustee) began to serve as trustee and administrator of the Plan.

Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account and is notified by the Trustee prior to the time that such rights are to be exercised. The Trustee will vote any allocated share for which instructions have not been given by a participant in the same proportion that it votes allocated shares that it did receive instructions for. The Trustee is required to vote any unallocated shares on behalf of the collective best interest of plan participants and beneficiaries.

(2) Summary of Significant Accounting Policies

(a) Basis of Presentation

The financial statements of the Plan are prepared under the accrual method of accounting.

The Plan accounts for certain changes in net assets as follows:

Dividends and interest, net realized and unrealized gains or losses and administrative expenses of the Participant Directed Funds (excluding Company Common Stock Fund) are recognized by the Plan only as they are reflected in the Plan's proportionate share of net increases (decreases) in the fair value of the respective funds; and

Net realized gains or losses are recognized by the Plan upon the sale of investment securities on the basis of weighted average cost.

(b) Investments

Plan investments are recorded at fair value. When available, fair value is determined by quoted market prices. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year end. Short-term investments are stated at cost, which approximates fair value. Participant loans are valued at their outstanding balances, which approximates fair value. Investments in common collective trusts are carried at fair value based on the fair value of the underlying securities in which the account is invested.

Table of Contents

DARDEN SAVINGS PLAN

Notes to Financial Statements

April 30, 2007 and 2006

Purchases and sales of securities are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

The Plan's investments include funds which invest in various types of investment securities and in various companies within various markets. Investment securities are exposed to several risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Plan's financial statements and schedules.

As of April 30, 2007, 59% of the Plan's investments are in the common stock of Darden Restaurants, Inc., the Plan's sponsor. Accordingly, changes in the value of the Company's common stock could have a greater effect on the Plan's financial statements than other Plan investments.

(c) Use of Estimates

The preparation of financial statements, in accordance with accounting principles generally accepted in the United States, requires the Plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the reported amounts of additions to and deductions from those net assets during the reporting period. Actual results could differ from those estimates.

(d) Reclassifications

Certain reclassifications have been made to prior year amounts to conform to current year presentation.

(3) Forfeitures and Vesting

Vested rights to Company contribution amounts accrue at a rate of 5% per quarter beginning with the participant's fifth quarter of service. Forfeitures of nonvested Company contributions to the Plan can be used in the following order of priority: cover administrative expenses incurred by the Plan, reinstate previously forfeited amounts to rehired employees and cover Company matching contributions. During the 2007 and 2006 Plan years, \$182,098 and \$344,873, respectively, of forfeitures were used to cover administrative expenses of the Plan. No forfeited funds were used to cover Company contributions during 2007 or 2006.

(4) Choice of Investments

In August 2005, the following six funds were added to the Plan: Vanguard Target Retirement 2045 Fund, Vanguard Target Retirement 2035 Fund, Vanguard Target Retirement 2025 Fund, Vanguard Target Retirement 2015 Fund, Vanguard Target Retirement 2005 Fund, and Vanguard Target Retirement Income Fund. In addition, the Vanguard Strategic Equity Fund was added to replace the MSIF Trust U.S. Mid Cap Value Portfolio.

Effective June 2002, the Plan was amended to allow participants to immediately transfer ESOP funds credited to their accounts to any of the Plan's other investment funds. However, amounts may not be transferred from any of the other investment funds into the ESOP Fund.

At April 30, 2007 and 2006, the ESOP Fund consists of 7,895,680 and 8,937,803 shares, respectively, of the Company's common stock. Of the total shares held by the ESOP Fund, 4,063,298 shares at April 30, 2007 and 4,206,354 shares at April 30, 2006 of Company common stock have been allocated to individual participant accounts. The remaining 3,832,382 shares at April 30, 2007 and 4,731,449 shares at April 30, 2006 of Company common stock, which are held by the Trustee, are reserved for future Company matching contributions and incentive bonuses to individuals who were classified as qualified managers under the Plan as of May 31, 2003. The shares become available for allocation to participants' accounts as ESOP loan principal and interest is paid. At April 30, 2007, the fair value of the 3,832,382 unallocated Company shares was \$158,967,205 and the fair value of the 4,063,298 allocated shares was \$168,545,601. (8) Related Party Transactions

Certain plan investments are in common stock of the Company, as previously described, units of participation in common trust funds and shares of mutual funds managed by the Trustee and, therefore, these transactions qualify as party-in-interest transactions. The Company pays the Trustee's administrative and trustee fees. Such fees, net of plan forfeitures and fees paid by terminated participants used to cover plan expense, were \$301,562 and \$396,562 for the years ended April 30, 2007 and 2006, respectively.

Certain plan investments are loans to participants who are employees of the Company and, therefore, these transactions qualify as party-in-interest transactions. Terminated participants that elect to leave their accounts in the Plan are required to pay annual fees. Therefore, these transactions also qualify as party-in-interest transactions. Annual fees paid by participants were \$58,766 and \$54,184 for the years ended April 30, 2007 and 2006, respectively.

(10) Tax Status

The Plan obtained its latest determination letter on July 15, 2002, in which the Internal Revenue Service stated that the Plan, as designed through November 13, 2001, was in compliance with the applicable requirements of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the Company believes that the Plan currently is designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and, therefore, the Plan qualifies under Section 401(a) and 4975(e)(7) and the related trust is tax exempt as of April 30, 2007. Therefore, no provision for income taxes has been included in the Plan's financial statements.

(11) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of the Employee Retirement Income Security Act of 1974. In the event of Plan termination, no further contributions shall be made to the Trust Fund by either the Company or the participants, participants would become fully vested in their employer contributions and the related Plan trust would be used exclusively for the benefit of participants and beneficiaries after the payment of liquidation expenses. Any unallocated leveraged shares in the ESOP Fund would be sold to the Company or on the open market. The proceeds of such sale would be used to satisfy any outstanding acquisition loans and the balance of any amounts remaining would be allocated to each participant in proportion to each participant's ESOP account balance to the total of all ESOP account balances.
