Table of Contents

Street Name Holders

Shares which are held in a brokerage account in the name of the broker are said to be held in street name.

If your shares are held in street name, you should follow the voting instructions provided by your broker. You may complete and return a voting instruction card to your broker, or, in many cases, your broker may also allow you to vote via the telephone or internet. Check your proxy card for more information. If you hold your shares in street name and wish to vote at the meeting, you must obtain a legal proxy from your broker and bring that proxy to the meeting.

Regardless of how your shares are registered, if you complete and properly sign the accompanying proxy card and return it to the address indicated, it will be voted as you direct.

What is the deadline for voting via Internet or telephone?

Internet and telephone voting is available through 11:59 p.m. Eastern Standard Time on Wednesday, March 12, 2008 (the day before the annual meeting).

What are the voting recommendations of the Board of Directors?

The Board of Directors recommends that you vote in the following manner:

1. FOR each of the persons nominated by the Board of Directors to serve as directors.
2. FOR the ratification of the appointment of Rothstein, Kass & Company, P.C. as independent registered public accounting firm for the 2008 fiscal year.

Unless you give contrary instructions on your proxy card, the persons named as proxies will vote your shares in accordance with the recommendations of the Board of Directors.

Will any other matters be voted on?

We do not know of any other matters that will be brought before the shareholders for a vote at the annual meeting. If any other matter is properly brought before the meeting, your signed proxy card would authorize Diego Veitia and Sean O Connor to vote on such matters in their discretion.

Who is entitled to vote at the meeting?

Only shareholders of record at the close of business on the Record Date are entitled to receive notice of and to vote at the annual meeting. If you were a shareholder of record on that date, you will be entitled to vote all of the shares that you held on that date at the meeting, or any postponement or adjournment of the meeting.

How many votes do I have?

You will have one vote for each share of the Company's common stock that you owned on the Record Date.

How many votes can be cast by all shareholders?

The Company had 8,464,802 outstanding shares of common stock on the Record Date. Each of these shares is entitled to one vote. There is no cumulative voting.

Table of Contents

How many votes must be present to hold the meeting?

The holders of a majority of the Company's common stock outstanding on Record Date must be present at the meeting in person or by proxy in order to fulfill the quorum requirement necessary to hold the meeting. This means at least 4,232,402 shares must be present in person or by proxy.

If you vote, your shares will be part of the quorum. Abstentions and broker non-votes will also be counted in determining the quorum. A broker non-vote occurs when a bank or broker holding shares in street name submits a proxy that states that the broker does not vote for some or all of the proposals because the broker has not received instructions from the beneficial owners on how to vote on the proposals and does not have discretionary authority to vote in the absence of instructions.

We urge you to vote by proxy even if you plan to attend the meeting so that we will know as soon as possible that a quorum has been achieved.

What vote is required to approve each proposal?

In the election of directors, the affirmative vote of a plurality of the votes present in person or by proxy and entitled to vote at the meeting is required. A proxy that has properly withheld authority with respect to the election of one or more directors will not be voted with respect to the director or directors indicated, although it will be counted for the purposes of determining whether there is a quorum.

For the ratification of Rothstein, Kass & Company, P.C., the affirmative vote of a majority of the shares represented in person or by proxy and entitled to vote at the meeting will be required for approval. An abstention with respect to this proposal will be counted for the purposes of determining the number of shares entitled to vote that are present in person or by proxy. Accordingly, an abstention will have the effect of a negative vote.

If a broker indicates on the proxy that it does not have discretionary authority as to vote on a particular matter, those shares will not be considered as present and entitled to vote with respect to the matter.

Can I change my vote?

Yes. You may change your vote by sending in a new proxy card with a later date, by casting a new vote by telephone or internet, or, if you are a shareholder of record, sending written notice of revocation to the Company's Corporate Secretary at the address on the cover of this proxy statement. Also, if you attend the meeting and wish to vote in person, you may request that your previously submitted proxy not be used.

Who can attend the annual meeting?

Any person who was a shareholder of the Company on January 15, 2008 may attend the meeting. If you own shares in street name, you should ask your broker or bank for a legal proxy to bring with you to the meeting. If you do not receive the legal proxy in time, bring your most recent brokerage statement so that we can verify your ownership of our stock and admit you to the meeting. However, you will not be able to vote your shares at the meeting without a legal proxy.

What happens if I sign and return the proxy card but do not indicate how to vote on an issue?

If you return a proxy card without indicating your vote, your shares will be voted as follows:

FOR each of the nominees for director named in this proxy statement;

FOR ratification of the appointment of Rothstein, Kass & Company, P.C. as the independent registered public accounting firm for the Company for the 2008 fiscal year.

THE BOARD RECOMMENDS A VOTE FOR

EACH NOMINEE

THE BOARD OF DIRECTORS AND ITS COMMITTEES

The Company's Board of Directors is responsible for establishing broad corporate policies and for overseeing the overall management of the Company. In addition to considering various matters which require its approval, the Board of Directors provides advice and counsel to, and ultimately monitors the performance of, the Company's senior management.

There are three committees of the Board of Directors—the Audit Committee, the Compensation Committee and the Nominating Committee. Committee assignments are re-evaluated annually and approved during the Board meeting which follows the annual meeting of shareholders. The Board of Directors has adopted charters for all of its Committees. Copies of these charters can be found on the Company's website at <http://www.intlassets.com>.

During the fiscal year ended September 30, 2007, the Board of Directors held six meetings. Each director attended at least 75% of the total number of meetings of the Board and the Board committees of which he was a member in 2007.

The Company has adopted a formal policy regarding attendance by members of the Board of Directors at the Company's annual meeting of shareholders and at scheduled meetings of the board of directors. This policy is as follows:

Attendance of Directors at Meetings

The Board of Directors currently holds regularly scheduled meetings and calls for special meetings as necessary. Meetings of the Board may be held telephonically. Directors are expected to attend all Board meetings and meetings of the Committees of the Board on which they serve and to spend the time needed and meet as frequently as necessary to properly discharge their duties.

Directors are also expected to attend the annual meeting of shareholders. The Board believes that director attendance at shareholder meetings is appropriate and can assist directors in carrying out their duties. When directors attend shareholder meetings, they are able to hear directly shareholder concerns regarding the Company. It is understood that special circumstances may occasionally prevent a director from attending a meeting.

All of the Company's seven current directors attended the 2007 annual meeting of the shareholders.

Table of Contents

Audit Committee

The Audit Committee meets at least quarterly with the Company's management and independent accountants to, among other things, review the results of the annual audit and quarterly reviews and discuss the financial statements, select and engage the independent accountants, assess the adequacy of the Company's staff, management performance and procedures in connection with financial controls and receive and consider the accountants' comments on the Company's internal controls. The current members of the Audit Committee are John Radziwill (Chairman), Justin R. Wheeler and John M. Fowler. The Audit Committee met five times during the 2007 fiscal year. The Board has determined that each of the current members of the Audit Committee is an audit committee financial expert within the meaning of Item 407(d)(5) of SEC Regulation S-B.

Compensation Committee

The Compensation Committee makes determinations concerning salaries and incentive compensation and otherwise determines compensation levels for the Company's executive officers, directors and other key employees and performs such other functions regarding compensation as the Board may delegate. The current members of the Compensation Committee are John M. Fowler (Chairman), John Radziwill and Robert A. Miller. The Compensation Committee met six times during the 2007 fiscal year.

Nominating Committee

The Nominating Committee reviews and evaluates the effectiveness of the Company's executive development and succession planning processes, as well as providing active leadership and oversight of these processes. The Nominating Committee also evaluates and recommends nominees for membership on the Company's Board of Directors and its committees.

The current members of the Nominating Committee are Robert A. Miller (Chairman), John Radziwill and Justin R. Wheeler. The Committee met four times during the 2007 fiscal year.

In September 2005, the Board of Directors adopted a formal policy concerning shareholder recommendations for candidates as nominees to the Board of Directors. The policy has been incorporated into the charter of the Nominating Committee which is posted on the Company's website. The policy is as follows:

The Nominating Committee is charged with recommending to the entire board a slate of director nominees for election at each annual meeting of the shareholders. Candidates for director nominees are selected for their character, judgment and business experience.

The Committee will consider recommendations from Company shareholders when establishing the slate of director nominees to be submitted to the entire board. Such recommendations will be evaluated by the Committee using the same process and criteria that are used for recommendations received from directors and executive officers. The Committee will consider issues of diversity, experience, skills, familiarity with ethical and corporate governance issues which the Company faces in the current environment, and other relevant factors. The Committee will make these determinations in the context of the perceived needs of the Company at the time.

Procedures by which Shareholders may submit Nominees for Director

For a shareholder to recommend a director nominee to the Committee, the shareholder should send the recommendation to the Chairman of the Nominating Committee, c/o Corporate Secretary, International Assets Holding Corporation, 220 E. Central Parkway, Suite 2060, Altamonte Springs, Florida 32701. The recommendation should include (a) the name, address and telephone number of the potential nominee; (b) a statement regarding the potential nominee's background, experience, expertise and qualifications; (c) a signed statement from the potential nominee confirming his or her willingness and ability to serve as a director and abide by the corporate governance policies of International Assets Holding Corporation (including its

Table of Contents

Code of Ethics) and his or her availability for a personal interview with the Committee; and (d) evidence establishing that the person making the recommendation is a shareholder of the Company.

Recommendations which comply with the foregoing procedures and which are received by the Secretary before September 1 in any year will be forwarded to the Chairman of the Nominating Committee for review and consideration by the Committee for inclusion in the slate of director nominees to be recommended to the entire Board for presentation at the annual meeting of shareholders in the following year.

In evaluating director nominees, the Nominating Committee considers the following factors:

the appropriate size of the Company's Board of Directors;

the needs of the Company with respect to the particular talents and experience of its directors;

the knowledge, skills and experience of nominees, including experience in securities markets, business, finance, administration or public service, in light of prevailing business conditions and the knowledge, skills and experience already possessed by other members of the Board;

familiarity with national and international business matters;

experience with accounting rules and practices; and

the desire to balance the considerable benefit of continuity with the periodic injection of the fresh perspective provided by new members.

The Nominating Committee's goal is to assemble a Board of Directors that brings to the Company a variety of perspectives and skills derived from high quality business and professional experience.

Other than the foregoing, there are no stated minimum criteria for director nominees, although the Nominating Committee may also consider such other factors as it may deem are in the best interests of the Company and its shareholders. The Nominating Committee also believes that it is appropriate for certain key members of the Company's management to serve as directors.

The Nominating Committee identifies nominees by first evaluating the current members of the Board of Directors willing to continue in service. Current members of the Board with skills and experience that are relevant to the Company's business and who are willing to continue in service are considered for re-nomination, balancing the value of continuity of service by existing members of the Board with that of obtaining a new perspective. If any member of the Board does not wish to continue in service or if the Nominating Committee or the Board decides not to re-nominate a member for re-election, the Nominating Committee identifies the desired skills and experience of a new nominee in light of the criteria above. Current members of the Nominating Committee and Board of Directors are polled for suggestions as to individuals meeting the criteria of the Nominating Committee. Research may also be performed to identify qualified individuals. To date, the Company has not engaged third parties to identify or evaluate potential nominees, although the Company reserves the right in the future to retain a third party search firm, if necessary.

Shareholder Communications with Non-Management Members of the Board

The Company has adopted a formal process for shareholder communications with the independent members of the Board. The policy, which is available on the Company's website, www.intlassets.com, is as follows:

Interested parties are invited to communicate with the non-management members of the Board by sending correspondence to the non-management members of the Board of Directors, c/o Corporate Secretary, International Assets Holding Corporation, 220 East Central Parkway, Suite 2060 Altamonte Springs, FL 32701 or via e-mail to board@intlassets.com.

The Corporate Secretary will review all such correspondence and forward to the non-management members of the Board a summary of all such correspondence received during the prior month and copies of all such correspondence that deals with the functions of the Board or committees thereof or that otherwise is determined to require attention of the non-management directors. Non-management directors may at any time review the log of all correspondence received by the Company that is addressed to the non-management members of the Board and request copies of any such correspondence. Concerns relating to accounting, internal controls or auditing matters will immediately be brought to the attention of the Chairman of the Audit Committee.

BOARD MEMBER INDEPENDENCE

The Board of Directors annually determines the independence of Directors based upon a review conducted by the Nominating Committee and the Board. No Director is considered independent unless he has no material relationship with the Company either directly or as a partner, shareholder, family member or officer of an organization that has a material relationship with the Company.

The Board of Directors has determined that, in its judgment as of the date of this Proxy Statement, each of the Company's Directors, other than Scott Branch, Sean O'Connor and Diego Veitia, are independent directors within the meaning of Rule 4200 of the NASDAQ Stock Exchange (NASDAQ). Accordingly, all of the members of the Audit, Compensation and Nominating Committees are independent within the meaning of NASDAQ Rule 4200.

EXECUTIVE COMPENSATION

COMPENSATION DISCUSSION AND ANALYSIS

This section contains a discussion of the Company's executive compensation program, including the objectives of the program, the policies underlying the program, the types of compensation provided by the program, and how the Company determined the compensation paid to each named executive officer.

Background

The Company's Compensation Committee has primary responsibility for design and implementation of the Company's executive compensation program. The Committee directly determines the compensation for the Company's three principal executive officers: Sean O'Connor (the Chief Executive Officer), Scott Branch (the President) and Brian Sephton (the Chief Financial Officer). The Committee receives recommendations from the CEO regarding the compensation of the President and the CFO. The Committee also supervises and reviews the compensation for the Group Controller and the Secretary. The salaries for those officers are currently determined by one or more of the Company's three principal executive officers.

The Company's executive compensation program has been designed to reflect the Company's vital need to attract and retain executives with specific skills and experience in the various businesses operated by the Company. In this regard, the success of these businesses is directly dependent on the ability of the Company's

Table of Contents

executives to generate operating income with an appropriate level of risk. The Company competes with larger and better capitalized companies for individuals with the required skills and experience. As a result, the Company must have a compensation program which provides its executives with a competitive level of compensation relative to the compensation available from the Company's competitors.

The Company's executive compensation program has also been designed to reward executives based on their contribution to the Company's success. The Compensation Committee believes that a compensation program which relies heavily on performance based compensation will both maximize the efforts of the Company's executives and align the interests of executives with those of shareholders. This form of compensation also allows the Company to compete for talented individuals since it is common in the financial services industry.

Objectives of the Company's Executive Compensation Program

The Company's executive compensation program is designed to meet three principal objectives:

To provide competitive levels of compensation in order to attract and retain talented executives.

To provide compensation which reflects the contribution made by each executive to the Company's success.

To encourage long term service to the Company by awarding equity based compensation.

Attract and Retain Talented Employees

The Company's success depends on the leadership of senior executives and the skills and experience of its other executives. In order to attract and retain highly capable individuals, the Company needs to ensure that the Company's compensation program provides competitive levels of compensation. Therefore, the Compensation Committee seeks to provide executives with compensation which is similar to the compensation paid by other financial services firms.

Provide Compensation Based on Performance

The Company believes that its continued success requires it to reward individuals based upon their contribution to the Company's success. Accordingly, a substantial portion of each executive's compensation is in the form of bonuses, which are paid based on both objective and subjective criteria.

Encourage Long-Term Service Through Equity Awards

The Company seeks to encourage long-term service by making equity awards to the Company's executives. In the case of the three principal executive officers, the Compensation Committee has elected to award a portion of the executive's bonus in the form of restricted stock. In the case of other executives, the Compensation Committee offers the executives the right to receive a portion of their bonuses in the form of restricted stock. All executives have the right to exchange a portion of any restricted stock awards into stock options.

Table of Contents

What the Executive Compensation Program is Designed to Reward

By linking compensation opportunities to performance of the Company as a whole, the Company believes the Company's compensation program encourages and rewards:

Efforts by each executive to enhance firm-wide productivity and profitability, and

Entrepreneurial behavior by each executive to maximize long-term equity value in the interest of all shareholders.

Elements of Compensation

The Company's executive compensation program provides for the following elements of compensation:

base salary

bonus under an established bonus plans with objective criteria

discretionary bonus based on subjective criteria

health insurance and similar benefits

Base Salary

The Company pays each executive officer a base salary in order to provide the executive with a predictable level of income and enable the executive to meet living expenses and financial commitments. The Compensation Committee views base salary as a way to provide a non-performance based element of compensation that is certain and predictable. The Compensation Committee believes the base salary levels of the Company's executives are modest compared to other financial service firms.

The base salaries for the CEO and President were originally established at the time the executives joined the Company in 2002 and have not been increased since that time. The base salary for each of them is \$175,000. The base salary for the CFO was also established at the time of his initial employment, and has not been increased since that time. The base salary for the CFO is \$135,000. The base salary for the Group Controller was determined by the CEO and President and was reviewed by the compensation committee. The base salary for the Group Controller during fiscal 2007 was \$125,000. The base salary for the Corporate Secretary was determined by the CEO and President and was reviewed by the compensation committee. The base salary for the Secretary during fiscal 2007 was \$81,120. The base salary for the Secretary as of January 1, 2008 is \$100,000.

Bonuses under Executive Performance Plan

The Company utilizes its Executive Performance Plan to reward the Company's three principal executive officers (Messrs. O'Connor, Branch and Sephton). The bonuses paid under the Executive Performance Plan are objective and are based on criteria established by the Company in advance. The Compensation Committee utilizes bonuses under these plans as the Company's primary tool for encouraging executives to maximize productivity and profitability. Awards under these plans provide executives with an incentive to focus on aspects of the Company's performance that the Compensation Committee believes are key to the Company's success.

Table of Contents

Executive Performance Plan

The Company adopted the Executive Performance Plan (the "EPP") in 2007 in order to provide bonuses to designated executives based upon objective criteria. The plan is structured to satisfy the requirements for performance-based compensation within the meaning of Section 162(m) of the Internal Revenue Code so that the compensation is deductible for federal income tax purposes. The EPP permits awards to be paid in cash and/or restricted stock.

The Compensation Committee administers the EPP and has responsibility to designate eligible participants and establish specific performance targets for each participant in the plan. The performance targets may be based on one or more of the following business criteria, or on any combination thereof, on a consolidated basis:

change in share price

adjusted return on equity

control of fixed costs

control of variable costs

adjusted EBITDA growth

The targets must be established while the performance relative to the target remains substantially uncertain within the meaning of Section 162(m).

With respect to adjusted EBITDA growth, the plan provides that earnings before interest, taxes, depreciation and amortization ("EBITDA") for any year will be adjusted as follows: to the extent that any portion of the commodity inventory of the Company and its subsidiaries is valued pursuant to generally accepted accounting principles ("GAAP") at the end of any year at the lower of cost or market value, the EBITDA for such year will be increased by the amount of any unrealized gains which the Company would have recognized in that year if such commodity inventory had been valued at market in accordance with GAAP.

With respect to adjusted return on equity and adjusted EBITDA growth, the plan generally requires that adjustments be made to return on equity or EBITDA, as the case may be, when determining whether the applicable performance targets have been met, so as to eliminate, in whole or in part, in any manner specified by the Committee at the time the performance targets are established, the gain, loss, income and/or expense resulting from the following items:

changes in accounting principles that become effective during the performance period;

extraordinary, unusual or infrequently occurring events reported in the Company's public filings, excluding early extinguishment of debt, and

the disposition of a business, in whole or in part.

The Committee may, however, provide at the time the performance targets are established that one or more of these adjustments will not be made as to a specific award or awards.

Table of Contents

In addition, the Committee may determine at the time the goals are established that other adjustments will be made under the selected business criteria and applicable performance targets to take into account, in whole or in part, in any manner specified by the Committee, any one or more of the following:

gain or loss from all or certain claims and/or litigation and insurance recoveries,

the impact of impairment of tangible or intangible assets

restructuring activities reported in the Company's public filings, and

the impact of investments or acquisitions.

Each of these adjustments may relate to the Company as a whole or any part of the Company's business or operations, as determined by the Committee at the time the performance targets are established. The adjustments are to be determined in accordance with generally accepted accounting principles, unless another objective method of measurement is designated by the Committee. Finally, adjustments will be made as necessary to any business criteria related to the Company's stock to reflect changes in corporate capitalization, such as stock splits and certain reorganizations.

Concurrently with the selection of performance targets, the Committee must establish an objective formula or standard for calculating the maximum bonus payable to each participating executive officer. Under the plan, the maximum bonus for each fiscal year may not exceed \$3,000,000 for any executive.

Over the five-year term of the plan, the maximum per participant amounts are thus \$15,000,000 for each executive. Notwithstanding this overall maximum, the Committee has sole discretion to determine, pursuant to its negative discretion, whether to actually pay any of or the entire maximum permissible bonus or to defer payment or vesting of any bonus, subject in each case to the plan's terms and any other written commitment authorized by the Committee. The Committee is also authorized to exercise its negative discretion by establishing additional conditions and terms of payment of bonuses, including the achievement of other financial, strategic or individual goals, which may be objective or subjective, as it deems appropriate. Although the Committee may waive these additional conditions and terms, it may not waive the basic performance target as to the business criterion chosen for any particular period.

Bonuses will be paid in either cash or a combination of cash and restricted stock on a basis to be established by the Committee. In general, restricted stock is a grant of stock that is subject to forfeiture if specified vesting requirements are not satisfied.

If any portion of a bonus is payable in the form of restricted stock, then the restricted stock will be issued to the executive at a discount of 25% to the market value of the Company's common stock (determined as of the date that is 75 days following the end of the applicable performance period, or, if the committee has not determined the bonus by this date, 15 days after the amount of the bonus is determined and certified by the Committee). These shares of restricted stock will vest at the rate of one-third per year, with the first one-third to vest on the first anniversary of the award and each subsequent one-third to vest at the end of each subsequent anniversary, all as specified with greater particularity in an award agreement to be entered into in accordance with the Company's Restricted Stock Plan. In its discretion, the Committee may waive these provisions and elect to pay 100% of any bonus payable under the plan, regardless of amount, entirely in cash (for example, in the case of a participant who already holds a substantial number of shares). Likewise, in its discretion, the Committee may alter the vesting period or reduce the discount applicable to any restricted stock award.

In the event sufficient shares are not available pursuant to the Restricted Stock Plan, then the entire bonus will be payable in cash.

Table of Contents

In any case in which a bonus is to be paid to a participant in part in the form of restricted stock, the participant may elect to exchange up to 33% of shares of such restricted stock for options to acquire three times such number of shares of the Company's common stock pursuant to and in accordance with the 2003 Stock Option Plan (the "Substitute Options"). The Substitute Options will have the following terms:

the initial exercise price will be equal to the Fair Market Value (as defined in the Stock Option Plan) of the Company's common stock on the date that the Substitute Options are granted,

the Substitute Options will have a term of four (4) years,

the right to exercise the Substitute Options will generally vest at the rate of one-third per year, with the first one-third to vest on the first anniversary of the grant and each subsequent one-third to vest at the end of each subsequent anniversary, and

other terms to be established by the Committee in accordance with the terms of the Stock Option Plan.

A participant's election to receive Substitute Options must be made by written notice to the Committee not more than five days following the participant's receipt of notice that the participant has been awarded restricted stock under the plan.

The performance plan may from time to time be amended, suspended or terminated, in whole or in part, by the Board of Directors or the Committee, but no amendment will be effective without Board and/or shareholder approval if such approval is required to satisfy the requirements of Section 162(m).

Discretionary Bonuses

The Company may award discretionary bonuses to its executives based on a subjective evaluation of the executive's performance and the overall performance of the Company. These awards are in addition to bonuses paid under the Executive Performance Plan.

In the case of discretionary bonuses awarded to the three principal executive officers, the discretionary bonuses are awarded in the form of cash and restricted stock, as determined by the Compensation Committee. The nominal amount of the portion of any bonus which is awarded in the form of restricted stock is issued at a 25% discount from the fair market value of the Company's common stock at the time of the award. The restricted stock vests over a period of three years.

In the case of discretionary bonuses awarded to other executive officers, the discretionary bonuses are awarded in the form of cash, unless the executive elects, prior to the end of the first quarter of each fiscal year, to receive a portion of any discretionary bonuses in the form of restricted

stock. For fiscal year 2007 the Restricted Stock Plan was approved by shareholders in February, 2007 and the executives were then required to

Table of Contents

make an election on or before March 31, 2007. In the event that the executive makes such an election, then a portion of the nominal amount of the bonus is awarded in the form of restricted stock. This portion is equal to 15% of the first \$50,000 of the bonus and 30% of the portion over \$50,000. The restricted shares are issued at a 25% discount from the fair market value of the Company's common stock at the time of the award. The restricted stock vests over a period of three years.

In 2007, the Compensation Committee utilized discretionary bonuses in order to adjust the total compensation paid to three principal executives to an amount which the Compensation Committee believed to be appropriate in light of each executive's contribution to the Company's success for each fiscal year.

For 2007, the Compensation Committee elected to award discretionary bonuses in the following nominal amounts to the three principal executive officers:

Discretionary Bonuses-Three Principal Executive Officers

Name	Nominal Amount (1)	Cash Amount (2)	Restricted Shares (3)	
			(#)	Value
Sean O Connor	\$360,000	\$263,000	4,689	\$129,323

Brian Sephton	\$270,000	\$207,875	3,003	\$82,822

(1) This column sets forth the nominal amount of the discretionary bonus awarded to each executive in 2007. A portion of these amounts is paid in the form of cash bonuses and the balance is paid in the form of restricted stock valued at a discount of 25% to the market value of the Company's common stock.

(2) This column sets forth the cash amount of the discretionary bonus awarded to the executive in 2007. These amounts were paid in fiscal 2008.

(3) This column sets forth the number of shares of restricted stock awarded to each executive and the value of the shares calculated under FAS 123R. These shares vest over a period of three years. These shares were granted on December 14, 2007, and had a fair market value of \$27.58 per share on the date of grant.

The Committee determined the nominal amount of the discretionary bonuses paid to the three principal officers in light of its assessment of the Company's performance in 2007. In this connection, the Committee concluded that the bonuses earned by these executives under the Executive Performance Plan did not adequately reflect the Company's performance in 2007 because the Executive Performance Plan did not fully take into account the unrealized gains in the Company's commodities inventory, which are not recognized under GAAP.

The Committee elected to award the nominal amount of the discretionary bonuses to the three principal executive officers through a combination of cash and restricted stock.

The Company's other two named executive officers were awarded discretionary bonuses with nominal amounts established by one or more of the Company's three principal executive officers, subject to the supervision and review of the Compensation Committee.

For 2007, the discretionary bonuses awarded to the other two named executive officers were as follows:

The Compensation Committee report in this proxy statement shall not be deemed incorporated by reference into any other filing by the Company under the Securities Act of 1933, as amended, or the Exchange Act, except to the extent that the Company specifically incorporates this information by reference, and shall not otherwise be deemed filed under such Acts.

Table of Contents**DIRECTOR COMPENSATION**

The Board of Directors has retained the oversight of Director compensation and has not delegated that function to any of its committees. The Board periodically reviews its non-executive director compensation to determine if any adjustments are necessary in order for the Company to attract and retain qualified Directors.

Each Director of the Company who is not an officer or employee receives director's fees of \$18,000 per year. The Chairman of each committee of the Board of Directors receives an additional fee of \$5,000 per year. The Chairman of the Board receives an additional \$28,000 per year. In addition, each continuing non-employee Director, as part of his annual compensation, is granted restricted shares of common stock which generally vest ratably over a three year period. The number of shares included in this award is determined by the Board of Directors. On May 3, 2007, each non-employee Director was granted 500 shares of restricted stock, vesting over a period of three years. The fair market value of the Company's common stock on the date of grant was \$22.06 per share.

All Directors are reimbursed for out-of-pocket expenses incurred in the performance of their services for the Company. The Company also extends coverage to Directors under the Company's officers' indemnity insurance policies.

The following chart summarizes the 2007 compensation for the Company's non-employee Directors.

PROPOSAL 2 RATIFICATION OF INDEPENDENT ACCOUNTANTS

The Audit Committee of the Board of Directors has appointed Rothstein, Kass & Company, P.C. (Rothstein Kass) as the Company s independent registered public accountants for the fiscal year ending September 30, 2008. The Board has endorsed this appointment and it is being presented to the shareholders for ratification.

Representatives of Rothstein Kass are expected to be present at the 2008 annual meeting (either in person or by teleconference), will have an opportunity to make a statement if they so desire, and will be available to respond to appropriate questions.

Shareholder ratification of the selection of Rothstein Kass as the Company s independent registered public accountants is not required by the Company s bylaws or otherwise. However, the Board is submitting the appointment of Rothstein Kass to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the appointment, the Audit Committee will reconsider whether or not to retain that firm. Even if the appointment is ratified, the Audit Committee in its discretion may appoint a different independent accounting firm at any time during the year if the Committee determines that such a change would be in the best interests of the Company and its shareholders.

AUDIT COMMITTEE REPORT

The role of the Audit Committee is to assist the Board of Directors in its oversight of the Company's financial reporting process. Management has the primary responsibility for the financial statements and the reporting process, including the system of internal controls. The Company's independent registered public accountants are responsible for auditing the Company's financial statements and expressing an opinion as to their conformity to accounting principles generally accepted in the United States.

The Audit Committee operates under a written charter approved by the Board, a copy of which may be found on the Company's website, www.intlassets.com. The Charter provides, among other things, that the Audit Committee has full authority to engage the independent auditor, independent advisors and consultants.

In the performance of its oversight function, the Audit Committee has reviewed and discussed with management and the independent accountants the Company's audited financial statements. The Audit Committee also has discussed with the independent accountants the matters required to be discussed by Statement on Auditing Standards No. 61 relating to communication with audit committees. In addition, the Audit Committee has received from the independent accountants the written disclosures and letter required by Independence Standards Board Standard No. 1 relating to independence discussions with audit committees, has discussed with the independent accountants their independence from the Company and its management, and has considered whether the independent accountants' provision of non-audit services to the Company is compatible with maintaining the accountants' independence.

The Audit Committee discussed with the Company's independent accountants the overall scope and plans for their respective audits. The Audit Committee met with the independent accountants, with and without management present, to discuss the results of their examinations, their evaluations of the Company's internal controls and the overall quality of the Company's financial reporting. In addition, the Audit Committee met with the Chief Executive Officer and Chief Financial Officer of the Company to discuss the processes that they have undertaken to evaluate the accuracy and fair presentation of the Company's financial statements and the effectiveness of the Company's systems of disclosure controls, including the clarity of the disclosures, and procedures and internal control over financial reporting.

Based on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors, and the Board has approved, that the Company's audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended September 30, 2007 for filing with the Securities and Exchange Commission and has selected Rothstein, Kass & Company, P.C. to serve as the Company's independent auditors for 2008.

Respectfully submitted,

THE AUDIT COMMITTEE

OF THE BOARD OF DIRECTORS

John Radziwill, Chairman
