Enclosed with this proxy statement is a proxy card on which the Board of Directors requests that you vote in favor of:

the election of all nominees for Directors of the Company to serve until the next Annual Meeting of Stockholders in 2009;
and

the ratification of the appointment of PricewaterhouseCoopers LLP as independent auditors for fiscal year 2008.

- 4. In Person.** If you wish to vote in person, written ballots will be available at the meeting. However, if your shares are held in street name (i.e., in a brokerage account), you must request a proxy from your broker in order to vote at the meeting.

We would appreciate your vote **as soon as possible** for use at the Annual Meeting or at any adjournments of the Annual Meeting. Properly executed proxies received by Lydall's Corporate Secretary before the meeting will be voted as directed unless revoked. A proxy may be revoked at any time before it is exercised by: (a) notifying Lydall's Corporate Secretary in writing; (b) delivering a proxy with a later date; or (c) attending the meeting and voting in person.

Unless you indicate otherwise, shares represented by proxies properly voted by telephone, over the Internet or signed and returned to the Company **will be voted FOR the nominees** for the Board of Directors named in the proxy, and **FOR the ratification of the appointment of PricewaterhouseCoopers LLP as independent auditors.**

Quorum

Under the applicable provisions of the Company's Bylaws, the presence, either in person or by proxy, of the holders of a majority of the shares entitled to vote is necessary to constitute a quorum for the transaction of business at the Annual Meeting.

Vote Required

The election of Directors requires the affirmative vote of a plurality of the votes cast by the holders of shares who are present in person or represented by proxy at the Annual Meeting and are entitled to vote on the matter. In accordance with the Corporate Governance Guidelines (Appendix A), if a nominee for Director who is an incumbent Director does not receive the vote of at least the majority of the votes cast at any meeting for the election of Directors at which a quorum is present and no successor has been elected at such meeting, the Director shall tender his or her resignation. The Corporate Governance Committee will make a recommendation to the Board of Directors as to whether to accept or reject the tendered resignation, or whether other action should be taken. The Board of Directors will act on the tendered resignation, taking into account the Corporate Governance Committee's recommendation, and publicly disclose (by press release, a filing with the Securities and Exchange Commission (SEC) or other broadly disseminated means of communication) its decision regarding the tendered resignation and the rationale behind the decision within 90 days from the date of the certification of the election results. The Corporate Governance Committee in making its recommendation, and the Board of Directors in making its decision, may each consider any factors or other information that it considers appropriate and relevant. The Director who tenders his or her resignation will not participate in the recommendation of the Corporate Governance Committee or the decision of the Board of Directors with respect to his or her resignation. If such incumbent Director's resignation is not accepted by the Board of Directors, such Director will continue to serve until the next Annual Meeting and until his or her successor is duly elected, or his or her earlier resignation or removal.

If a Director's resignation is accepted by the Board of Directors, or if a nominee for Director is not elected and the nominee is not an incumbent Director, then the Board of Directors, in its sole discretion, may fill any resulting vacancy pursuant to the provisions of Section 5.04 of the Company's Bylaws, as amended and restated as of December 11, 2003, or may decrease the size of the Board of Directors pursuant to the provisions of Section 5.02 of the Bylaws and Article 6(a) of the Company's Restated Certificate of Incorporation.

With respect to all other matters, including ratification of the independent auditors, the affirmative vote of a majority of the shares present in person or represented by proxy at the Annual Meeting and entitled to vote shall be the act of the stockholders. If, however, the question is one upon which, by express provision of an applicable statute, the Restated Certificate of Incorporation or the Bylaws of the Company, a different vote is required, such express provision shall govern.

For purposes of determining the number of votes cast with respect to the election of Directors, only those votes cast FOR all nominees, WITHHOLD AUTHORITY FOR ALL NOMINEES or specifying that votes be withheld from one or more designated nominees, or providing the designated proxies with the right to vote in their discretion, are counted. Abstentions will be treated as shares present and entitled to vote for purposes of determining the presence of a quorum, but will not be considered as votes cast in determining whether a matter has been approved by stockholders. Abstentions, therefore, will not have any effect on the outcome of the voting for the election of Directors but will have the same effect as a negative vote for all other matters presented to stockholders at the Annual Meeting. If a broker, other holder of record or nominee indicates on a proxy that it does not have authority as to certain shares to vote on a particular matter, those shares will not be considered as present and entitled to vote with respect to that matter. As a result, these so-called broker non-votes will not have any effect on the outcome of the voting at the Annual Meeting.

Cost of Solicitation

All costs of solicitation of proxies will be borne by the Company. Other costs anticipated are those ordinarily incurred in connection with the preparation and mailing of proxy material. In addition to solicitations by mail, the Company's Directors, officers and other employees, without additional remuneration, may solicit proxies by telephone and in person.

Eligibility to Vote

Only holders of record of Lydall's common stock, par value \$.10 per share (Common Stock), at the close of business on February 29, 2008 (the Record Date) are entitled to vote at the meeting. On that date, there were 23,009,857 shares of Common Stock outstanding, the holders of which are entitled to one vote per share.

Other Matters

Edgar Filing: LYDALL INC /DE/ - Form DEF 14A

The Board of Directors does not know of other matters which may come before the meeting. However, if other matters are properly presented at the meeting, it is the intention of the proxy committee to vote, or otherwise to act, in accordance with their judgment on such matters.

Copies of the Company's Annual Report on Form 10-K for the fiscal year 2007 may be printed from www.lydall.com or will be provided without charge, upon request. Stockholder Proposals and Nominations for Director for the 2009 Annual Meeting of Stockholders

Proposals of stockholders of the Company that are intended to be presented at the Annual Meeting to be held in 2009, and which stockholders desire to have included in the Company's proxy materials relating to such meeting, must be received by the Company no later than November 24, 2008, which is 120 calendar days prior to the first anniversary of the mailing date for this year's proxy statement, and must be in compliance with applicable laws and regulations in order to be considered for possible inclusion in the proxy statement for that meeting.

Under the Company's Bylaws, no business, including the nomination of persons for election to the Board of Directors of the Company, may be brought before an Annual Meeting of Stockholders, except as set forth in the Notice of the Meeting or as otherwise brought before the meeting by, or at the direction of, the Board of Directors or by a stockholder who has delivered a timely written notice to the Company containing certain specified information. The notice must contain certain specified information about each item of business that the stockholder proposes for consideration or with respect to each person whom the stockholder proposes to nominate for election or reelection as a Director, whichever the case may be. These requirements are separate and distinct from, and are in addition to, the SEC requirements (described above) that a stockholder must meet in order to have a stockholder proposal included in the Company's proxy statement. To be timely under the Company's Bylaws, a stockholder's notice for the 2009 Annual Meeting must be received by the Company on or before February 24, 2009, but no earlier than January 25, 2009 (the Bylaw Deadline), which is the period not less than 60 days, nor more than 90 days prior to the first anniversary of the 2008 Annual Meeting.

Any stockholder proposal or nomination which does not comply with the procedures set forth in the Bylaws (including the Bylaw Deadline) will be disregarded, and the stockholder will not be permitted to present the proposal at the Annual Meeting to be held in 2009. A copy of the Bylaw provisions discussed above (as amended and restated as of December 11, 2003) has previously been filed as Exhibit 3.2 to the Company's Annual Report on Form 10-K dated March 12, 2004 and may be obtained by writing to the Company at its principal executive offices located at One Colonial Road, P.O. Box 151, Manchester, CT 06045-0151, Attention: Vice President, General Counsel and Corporate Secretary.

Meeting Fees

During 2007, all non-employee Directors (outside Directors) were paid \$1,500 for each meeting of the Board of Directors attended, as well as \$1,500 for any standing Committee meetings attended. Telephonic participating fees are \$1,000 per meeting. During 2007, an ad hoc committee to conduct the search for a new Chief Executive Officer was formed and met 12 times independent of the Board. A payment in cash of \$11,000 was made to each member, Messrs. Farrell, Gurley and Soderstrom, and to Mr. Duffy who attended all meetings. An additional \$4,000 was paid in cash to the Chairperson, Mr. Gurley.

Stock Options

Under the 2003 Plan, outside Directors first being elected to the Board receive an automatic grant of nonqualified stock options covering the lesser of (i) 9,000 shares of Common Stock or (ii) a number of shares of Common Stock having an aggregate fair market value on the date of grant equal to \$100,000. In addition, on each Annual Meeting date, there will be an automatic grant of nonqualified stock options to each outside Director covering the lesser of (i) 3,000 shares of Common Stock or (ii) a number of shares of Common Stock having an aggregate fair market value on the date of grant equal to \$33,333. Therefore, in accordance with the 2003 Plan, each outside Director elected at the last Annual Meeting received an automatic grant of nonqualified stock options covering 1,839 shares of Common Stock on April 26, 2007.

Retainers

During 2007, each outside Director received a \$24,000 retainer paid in unrestricted shares of Common Stock, payable 50 percent on June 30 and 50 percent on December 31. Beginning in 2008, the annual retainer will be increased to \$36,000 paid in unrestricted shares of Common Stock, payable 50 percent on June 30 and 50 percent on December 31 of each year.

In 2007, Audit Review Committee members received an annual cash retainer of \$6,000 and the Chairperson received an additional \$6,000. This reflects the added responsibilities of this Committee in complying with the Sarbanes-Oxley Act of 2002 and NYSE rules. The Audit Review Committee retainers are paid 50 percent on June 30 and 50 percent on December 31 of each year. The Chairs of the Compensation and Corporate Governance Committees receive a cash retainer of \$5,000 paid 50 percent on June 30 and 50 percent on December 31 of each year. An annual cash retainer is paid to the Chairman of the Board in the amount of \$75,000, payable monthly in arrears.

Former Deferred Compensation Plan

From 1991 through 1996, the Company maintained a Deferred Compensation Plan for outside Directors and the Chairman of the Board (the "Deferred Compensation Plan"). The Deferred Compensation Plan was discontinued in 1996, and no further benefits will accrue thereunder. All benefits are fully vested. All Directors who participated in this plan except two have received a lump-sum cash payment upon the later of the date they ceased to serve as a Director or their attaining 62 years of age. For the remaining two, Director W. Leslie Duffy and former Director, Paul S. Buddenhagen, the total amount of the payment to be made as set forth above will be equal to \$30,000 and \$42,000, respectively. Under the 2003 Plan, there is an automatic grant each year on the date of the Annual Meeting of a nonqualified stock option covering 325 shares of Common Stock to each outside Director of the Company in lieu of any further accruals under the Deferred Compensation Plan.

Inside Director

Mr. Barnhart, as the only Employee Director, does not receive any compensation for his Board activities. His compensation as an executive is disclosed in the Summary Compensation Table.

CORPORATE GOVERNANCE

Pursuant to the Delaware General Corporation Law and the Company's Bylaws, the Company's business, property and affairs are managed by or under the direction of the Board of Directors. Members of the Board are kept informed of the Company's business through discussions with the Chief Executive Officer and other officers, by reviewing materials provided to them, and by participating in meetings of the Board and its committees. Lydall currently has eight members of the Board and is nominating eight for election as Directors.

Committees

The Board has three standing committees to facilitate and assist the Board in executing its responsibilities. The Committees are the Audit Review Committee, the Compensation Committee and the Corporate Governance Committee. In accordance with NYSE listing standards, each Committee is comprised solely of non-employee, independent Directors. The Board has adopted a charter for each of the three standing committees and corporate governance guidelines that address the makeup and functioning of the Board. The Board has also adopted a code of conduct that applies to all employees, officers and Directors. On December 3, 2007, the Board adopted revised Corporate Governance Guidelines, a copy of which is attached as Appendix A. Links to these materials can be found on Lydall's website at www.lydall.com. All materials available at www.lydall.com are also available to stockholders in print without charge, upon written request to Lydall, Inc., One Colonial Road, P.O. Box 151, Manchester, CT 06045-0151, Attention:

The **Audit Review Committee** focuses its efforts on the following three areas: (i) the adequacy of the Company's internal controls (including compliance with the requirements of Section 404 of the Sarbanes-Oxley Act of 2002), the financial reporting process, and the integrity of the Company's financial statements and earnings releases; (ii) the performance of the Company's internal audit function and the qualifications, independence and performance of the Company's independent auditors; and (iii) the Company's compliance with legal and regulatory requirements.

The Committee meets periodically with management to consider the adequacy of the Company's internal controls and its financial reporting process. It also discusses these matters with the Company's internal auditors, independent auditors, and appropriate Company financial personnel. The Committee reviews the Company's financial statements and discusses them with management and the independent auditors before those financial statements are filed with the SEC. The Committee meets regularly in private session with the independent auditors, has the sole authority to retain and dismiss the independent auditors, and periodically reviews their performance and independence from management. The independent auditors have unrestricted access to, and report directly to, the Committee.

Audit Committee Financial Expert. The Board has determined that each member of the Committee is financially literate within the meaning of the NYSE listing standards, is an audit committee financial expert as that term is defined in Item 407(d)(5)(ii) of Regulation S-K, and is independent for purposes of NYSE listing standards and Section 10A(m)(3) of the Securities Exchange Act of 1934 (the Exchange Act).

The **Compensation Committee** oversees matters relating to the compensation of the President and Chief Executive Officer, executive officers of the Company and Directors. Its responsibilities include: (i) approving contracts with executive officers; and (ii) approving the granting of restricted stock awards, stock options and stock awards to key employees pursuant to the Company's equity and compensation plans. These duties may be delegated to a subcommittee or the Chairman as appropriate. See Compensation Discussion and Analysis.

The **Corporate Governance Committee**, which also functions as a nominating committee: (i) considers stockholder-proposed nominees for Director (see Stockholder Proposals and Nominations and Nominations for Director for the 2009 Annual Meeting of Stockholders above); (ii) reviews the composition of the Board to determine qualifications and expertise needed; (iii) identifies and selects prospective nominees for Director; (iv) periodically reviews the Company's corporate governance guidelines; (v) periodically reviews the performance of the Board and its members and makes recommendations to the Board concerning the number, function and composition of the Board's committees; and (vi) makes recommendations to the Board from time to time as to matters of corporate governance.

In 2007, the Board created an ad hoc committee to oversee the search process for a new Chief Executive Officer. The committee was chaired by Mr. Gurley and also included Messrs. Farrell and Soderstrom. Mr. Duffy was also in attendance at all meetings.

Independence Determination

The Board has made its annual determination, concluding that all of the non-employee Nominees for Directors, including all of those who serve on the above-described committees, are independent for purposes of Section 303A of the Listed Company

Edgar Filing: LYDALL INC /DE/ - Form DEF 14A

Manual of the NYSE, and that the members of the Audit Review Committee are also independent for purposes of Section 10A(m)(3) of the Exchange Act. The Board has adopted categorical independence standards which are set forth in the Company's Corporate Governance Guidelines (see Appendix A or www.lydall.com). The Board has determined that each non-employee Nominee for Director meets those categorical standards. The Board based these determinations primarily on a review of the responses of the Nominee for Directors and executive officers to questions regarding employment and compensation history, affiliations, family and other relationships, together with an examination of those companies with whom the Company transacts business.

Related Party Transactions

The Board is committed to upholding the highest legal and ethical conduct in fulfilling its responsibilities and recognizes that related party transactions can present a heightened risk of potential or actual conflicts of interest. Accordingly, as a general matter, it is Lydall's preference to avoid related party transactions.

The Company has a policy in place for review and prior approval of all related party transactions by the Corporate Controller's Department. In addition, annually, the Corporate Secretary obtains responses of the Directors and executive officers to questions regarding the employment of family and other relationships. Lydall then compiles a list of those companies reported and compares it against the record of companies with whom the Company transacts business, noting the dollar volume of transactions with such companies, if any. The Company then provides a report to the members of the Audit Review Committee, who review the information in conjunction with SEC rules to determine if any transaction requires disclosure.

Based on its review, the Audit Review Committee has determined that the Company did not engage in any related party transactions requiring disclosure during fiscal year 2007.

Board Attendance

During fiscal year 2007, the Board held six meetings and acted by unanimous written consent on two occasions. The Audit Review Committee held nine meetings; the Compensation Committee held five meetings and acted by unanimous written consent on one occasion, and the Corporate Governance Committee held four meetings and acted by unanimous written consent on one occasion. The ad hoc committee met on 12 occasions. All of the Directors attended at least 75 percent of the total number of meetings of the Board of Directors and the Board committees (including the ad hoc search committee) of which he or she was a member during fiscal year 2007. It is the Board's practice to meet in executive session without members of management present at every Board meeting held in person. These sessions are presided over by the Chairman.

A Board meeting is scheduled in conjunction with the Company's Annual Meeting of Stockholders, and according to the Corporate Governance Guidelines, all of the Director nominees are expected to attend the Annual Meeting of Stockholders. All nominees attended last year's Annual Meeting of Stockholders.

Board Nominations

The Board believes that it should be comprised of Directors with varied, complementary backgrounds, and that Directors should, at a minimum, have expertise that may be useful to the Company. Directors should also possess the highest ethical standing and proven integrity and should be willing and able to devote the required amount of time to the Company's business. When considering candidates for Director, the Corporate Governance Committee takes into account a number of factors, including the following criteria approved by the Board: (i) whether the candidate is independent under the NYSE independence requirements, the rules and regulations under the Exchange Act, and the independence standards adopted by the Board; (ii) whether the candidate has skills and expertise needed by the Board; (iii) whether the candidate has demonstrated ability and sound judgment; (iv) what the candidate's prior experience as a corporate director with public and/or manufacturing companies is; (v) what the candidate's existing time commitments and obligations are; (vi) whether the number of boards of publicly-traded companies on which the candidate serves exceeds four in addition to the board of the company by which he or she is employed; (vii) what the candidate's relevant financial expertise is, if the candidate would serve on the Audit Review Committee; and (viii) the size and composition of the existing Board.

The Corporate Governance Committee will consider candidates for Director suggested by stockholders, applying the criteria for candidates described above and considering the additional information referred to below. Stockholders wishing to suggest a candidate for Director should write to Lydall's Corporate Secretary at the address set forth below and include:

A statement that the writer is a stockholder and is proposing a candidate for consideration;

Edgar Filing: LYDALL INC /DE/ - Form DEF 14A

The name and contact information of the candidate;

A statement of the candidate's business and educational experience;

Information regarding each of the factors listed above, other than the factor regarding Board size and composition, sufficient to enable the Corporate Governance Committee to evaluate the candidate;

A statement detailing any relationship between the candidate and any customer, supplier or competitor of the Company;

Detailed information about any relationship or understanding between the proposing stockholder and the candidate; and

A statement that the candidate is willing to be considered and willing to serve as a Director if nominated and elected. Before nominating a current Director for reelection at an Annual Meeting, the Corporate Governance Committee considers the Director's performance on the Board and whether the Director's reelection would be consistent with the Company's Corporate Governance Guidelines.

When seeking candidates for Director, the Corporate Governance Committee may solicit suggestions from incumbent Directors, management or others. In some cases, the Corporate Governance Committee has employed a search firm to identify appropriate candidates and perform screening interviews and reference checks for candidates, who are then interviewed by the Corporate Governance Committee and presented to the Board if appropriate.

In the case of Mr. Giles, the firm of Heidrick & Struggles performed a search for candidates and provided reference checking and summaries of their screening interviews of the candidates. After conducting its initial evaluation of the candidates that were presented after the screening, the Corporate Governance Committee interviewed candidates that it believed might be suitable to be a Director. Two candidates were then asked to meet with the other Directors. The Corporate Governance Committee then presented Mr. Giles to the Board for discussion as its selection for nominee. Following discussion with the Board, the Committee resolved to nominate Mr. Giles for election by the stockholders.

Under the Company's Bylaws, nominations for Director may be made only by or at the direction of the Board of Directors, or by a stockholder of record who delivers written notice, along with the additional information and materials required by the Bylaws, to the Company's Corporate Secretary. This notice must be delivered not less than 60 days or more than 90 days prior to the first anniversary of the preceding year's Annual Meeting. For the Company's Annual Meeting in the year 2009, this notice must be received on or after January 25, 2009, and on or before February 24, 2009. Stockholders may obtain a copy of the full text of the Bylaw provision by writing to the Company at its principal executive offices located at One Colonial Road, P.O. Box 151, Manchester, CT 06045-0151, Attention: Vice President, General Counsel and Corporate Secretary.

Majority Vote

In accordance with the revised Corporate Governance Guidelines (Appendix A), if a nominee for Director who is an incumbent Director does not receive the vote of at least the majority of the votes cast at any meeting for the election of Directors at which a quorum is present and no successor has been elected at such meeting, the Director shall tender his or her resignation. The Corporate Governance Committee will make a recommendation to the Board of Directors as to whether to accept or reject the tendered resignation, or whether other action should be taken. The unaffected Directors will act on the tendered resignation, taking into account the Corporate Governance Committee's recommendation, and publicly disclose (by press release, a filing with the SEC or other broadly disseminated means of communication) its decision regarding the tendered resignation and the rationale behind the decision within 90 days from the date of the certification of the election results. The Corporate Governance Committee in making its recommendation, and the Board of Directors in making its decision, may each consider any factors or other information that it considers appropriate and relevant. If such incumbent Director's resignation is not accepted by the Board of Directors, such Director will continue to serve until the next Annual Meeting and until his or her successor is duly elected, or his or her earlier resignation or removal.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires the Company's executive officers, Directors, persons who own more than 10 percent of a registered class of the Company's equity securities and certain entities associated with the foregoing (Reporting Persons) to file reports of ownership and changes in ownership on Forms 3, 4 and 5 (Beneficial Ownership Reports) with the SEC. These Reporting Persons are required by SEC regulation to furnish the Company with copies of all Forms 3, 4 and 5, and amendments thereto, that they file with the SEC. Based solely on its review of the copies of such forms it has received, the Company believes that, with respect to the fiscal year ended December 31, 2007, all of the Reporting Persons complied with all applicable filing requirements, with the exception of one late Form 4 filing for Mona Estey, Vice President Human Resources, which was required to be filed after the sale of stock.

COMPENSATION DISCUSSION AND ANALYSIS

I. Philosophy and Objectives

The primary objective of the Compensation Committee (the Committee) is to maximize stockholder value over the long term by approving a competitive and reasonable compensation structure designed to attract and retain top talent. The Committee believes in aligning the interests of management with those of Lydall's stockholders by basing executive compensation goals and targets on financial performance and by placing a significant portion of executive compensation at risk if financial performance goals are not met. Annual bonuses are based, therefore, on a key financial objective of the Company operating income at the consolidated and operation levels.

The Committee believes that a well-developed and talented management team is essential to achieving the strategic growth objectives of the Company. The Committee considers competitive salaries and incentive opportunities, both in the short term (annual bonus) and in the long term (equity awards), key to attracting managers of this caliber. The Committee balances the need to attract and motivate top talent by providing a competitive compensation program with the Company's need to control spending responsibly.

The majority of an executive's incentive compensation is based on the elements of Lydall's performance that he or she can influence. The Committee believes that as an executive's responsibilities increase, and thus his or her potential for impacting the Company's results rises, a greater proportion of total compensation should be variable and at risk. The Committee's policy is to use a variety of comparative tools and outside resources to gain perspective and context for executive compensation, including industry standards. The Committee also takes into consideration an individual's experience, qualifications, performance and contribution. The Committee applies this philosophy to the review and approval of the Company's goals and objectives regarding compensation.

II. Policy

It is the policy of the Committee to tie a significant portion of total cash compensation to the financial performance of the Company in order to motivate decisions and performance in line with the best long-term interests of the stockholders. Thus, a portion of total executive compensation is tied directly to the financial performance of the Company and long-term stockholder value. It is the policy of the Committee to grant stock incentive compensation awards in accordance with Lydall's Stock Incentive Compensation Plan, the Committee's Charter, and applicable federal and state laws and regulations. The Committee uses numerous tools and resources to analyze the Company's compensation program. The Committee oversees the Company's compensation plans to ensure that executives are compensated fairly and equitably for their contribution to the overall success of Lydall.

III. Compensation Analysis Tools

The Committee uses the following tools to ensure its compensation plans are fair and equitable.

A. Tally Sheets The Committee annually reviews five-year compensation histories of the President and Chief Executive Officer and the other Named Executive Officers listed in the Summary Compensation Table (NEOs). These tally sheets are compiled and updated each year to provide a broad view of each executive's salary, bonus and equity ownership. Categories reviewed include a five-year history of: base salary showing prior increases; target bonus and actual paid bonuses; perquisites; restricted stock and option grants; employer contributions to the 401(k); personal use of company vehicle or car allowance; executive insurance premiums; relocation expenses; employee stock purchase plan match and stock ownership. The Committee reviews each executive's overall performance in relation to the Company's financial performance and the individual's responsibilities and achievements. The fairness of each individual's total compensation compared with other executives within the organization is also reviewed.

B. Company Stock Ownership Analysis The Committee believes that Lydall's executives should have a level of stock ownership aligning their interests with the stockholders of the Company. When granting long-term stock incentive awards, the Committee primarily looks at the financial performance of the Company, the long-term direction of the business, and the achievements and responsibilities of individual executives. The Committee also considers past awards, realized value of past awards, current stock ownership, the market price of Lydall Common Stock, and exercise prices of outstanding options.

C. Peer Group Compensation Study The Committee regularly reviews the compensation levels and types of incentive compensation offered by peer companies. Since Lydall competes principally with private companies and divisions of much larger conglomerates, publicly available statistics are difficult to obtain. Thus, in 2007 Lydall retained Watson Wyatt & Company, a compensation consultant, to provide data regarding a small peer group of companies. The peer group was compiled by Watson Wyatt, based on similarities to Lydall and includes companies which are competitors for customers, competitors for talent or competitors for capital (those companies that are considered comparable investment opportunities by Wall Street analysts). Comparable size from a revenue, market capitalization, and employee headcount standpoint were also considered.

Watson Wyatt's methodology used for identifying the peer companies was to review industry relevance, and was limited to U.S. publicly traded companies of comparable size with similar business operations. As a result of this screening process, 15 companies were selected as appropriate peer companies¹.

In general, the conclusion of the study was that base salaries and bonus targets were aligned with the peer group median. Also it was determined that the relative relationship between the CEO's total cash compensation and compensation for the next nine highest paid executive officers aligns with the market average.

Lydall also periodically conducts benchmarking studies using professional compensation analyzing software to compare Lydall's compensation packages with those of manufacturers with revenues similar to Lydall, and also considers market data from the recruiting process. The Committee believes that annual total compensation should generally fall near the 50th percentile. However, the overall financial, strategic and operating results of the Company and the experience, achievements, and responsibilities of particular individuals are given greater weight when setting compensation levels.

D. Historical Internal Pay Ratios Historical internal pay ratios between Chief Executive Officer compensation and that of the other NEOs were examined and found to be acceptable, in the range of 1.2 to 2.5. This data was based on a five-year period of compensation history.

E. Accumulated Wealth Analysis Showing Gains on Equity Grants The Committee reviewed the long-term equity based compensation accumulated by the NEOs including the gain based on then current market price with regard to market value of unvested options, market value of vested options, and market value of restricted shares granted.

F. An Analysis of Compensation Which Would Be Paid Under Various Termination Scenarios The Committee considered a comparative chart showing the total compensation due to each NEO in the event of a termination as of December 31, 2007 (see Benefits by Triggering Event on December 31, 2007 below).

G. Role of Executive Officers and the Board in Setting Compensation The Committee considers as one factor the recommendations of the President and Chief Executive Officer when setting the salaries and bonus levels for the senior management of the Company. The recommendations of the President and Chief Executive Officer are also considered regarding

¹ The peer group of companies reviewed by Watson Wyatt was Ameron International Corporation, Ampco-Pittsburgh Corporation, Badger Meter, Inc., Circor International, Inc., Esco Technologies, Inc., Flanders Corporation, Flow International Corporation, Gentex Corporation, Gorman-Rupp Co., Kadant, Inc., Kaydon Corporation, Material Sciences Corporation, MFRI, Inc., Rogers Corporation and Standex International Corporation.

long-term incentive awards. During 2007, the Board of Directors amended its Corporate Governance Guidelines which had charged the Compensation Committee with evaluating the performance of the Chief Executive Officer. The guidelines now require the Compensation Committee to make recommendations regarding compensation of the Chief Executive Officer for approval by the full Board of Directors.

H. Regular Personal Interaction with Key Executives The Committee regularly interacts with the management of Lydall. Senior officers periodically attend Board and Committee meetings. Directors interact with other members of management through presentations at Board meetings and visits by the Board to Company operations.

IV. Analysis of Components of Compensation

A. Base Salary The Committee, in addition to the tools described above, considers the following factors in its annual review of executive base salaries:

individual and business performance against previously established milestones and business goals;

breadth of individual responsibilities;

overall contributions by the individual; and

adjustments for inflation or promotions.

Mr. Barnhart, who joined the Company as its President and Chief Executive Officer on August 27, 2007, has a base salary of \$450,000. At the time of his hire, the Committee worked with Watson Wyatt to set his total cash compensation at a competitive rate near the median compared with the Peer Group. Also considered was the base salary of the outgoing CEO and the ratio between the compensation of the other NEOs and the CEO. Finally, salary requirements expressed by all candidates in the search were considered. The Committee reviewed the compensation of Mr. Barnhart at the end of 2007 and has determined that his annual base salary will remain at \$450,000 for 2008. At his hire, Mr. Barnhart's goal for the fourth quarter of 2007 was to meet or exceed the earnings-per-share forecast of the Company as of his date of hire. Since the forecast was exceeded, Mr. Barnhart earned 100 percent of the agreed-upon performance bonus of \$75,000. For 2008, Mr. Barnhart's goals are to complete a five-year strategic plan for the Company and to ensure the Company meets the 2008 financial objectives approved by the Board.

Based on its consideration of the above factors, the Committee approved the following percent increases in base salary for the other NEOs for 2008: Messrs. Smith, Byrd, and Ploquin 3 percent and Mr. Longe, 5 percent. Mr. Longe's increase beyond the cost of living increase amount given to the others, reflects his increased responsibilities over an additional operation due to a realignment of responsibilities.

Mr. Freeman's annual base salary remained at \$450,000 until his retirement from the Company on October 31, 2007.

Mr. Tattersall's annual base salary was \$240,000 until his separation in November 2007. At separation, he became eligible for a severance of \$264,408. Mr. Tattersall also received 12 months of Company-paid COBRA and life insurance, as well as \$10,000 in outplacement services.

B. Bonus² In 2007, the Bonus Program was based on a consolidated earnings-per-share threshold and covered all domestic salaried employees and certain foreign salaried employees. The consolidated earnings-per-share target was set taking into consideration prior-year performance, and represented challenging but achievable goals as evidenced by the fact that some business units received a bonus and some did not. The Company believes disclosure of actual targets would result in a competitive disadvantage for the Company. When the target was reached, a minimum bonus was earned. Since the earnings-per-share threshold was exceeded, a discretionary bonus pool was funded from the excess. Certain one-time expenses which were not in the control of the bonus program participants were excluded in calculating the amount of the discretionary pool. Therefore, minimum

Edgar Filing: LYDALL INC /DE/ - Form DEF 14A

bonuses at 30 percent of their bonus target percentage were paid to participants who worked at a business unit that met its Plan. Because targets (after adjustments described above) were exceeded, the Board approved an additional amount of bonus for distribution on a discretionary basis. Discretionary additional bonuses varied by participant. All of the NEOs earned a bonus as set forth in the Summary Compensation Table, except that neither Mr. Freeman nor Mr. Tattersall was eligible for a bonus under the program, because they terminated from the Company prior to December 31, 2007.

In March 2008, the Compensation Committee approved the Company's 2008 Annual Incentive Performance (AIP) program, under which all top management employees are eligible to receive cash bonuses based upon the attainment of specified operating income objectives. Target bonus opportunities under the Program generally range from 15 percent to 50 percent of base

² Cash Compensation described in this section is listed in the Non-Equity Incentive Plan Compensation (Column (g)) of the Summary Compensation Table below.

compensation with the CEO at 80 percent. The Board of Directors set the consolidated operating income threshold and the individual business unit operating income threshold, with a goal of meaningful improvement from prior-year results, which is challenging yet achievable with effort. The Company believes disclosure of the actual operating income targets would result in competitive harm to the Company and provide earnings guidance in contradiction of the Company's policy not to give guidance.

For Corporate Headquarters participants, a bonus is earned when the consolidated operating income thresholds, as outlined below, are met. For business unit participants, bonus is earned when either the consolidated operating income thresholds or business unit operating income thresholds, as outlined below, are met. Earning a bonus in one category is not contingent on the other.

Payout Earned	Consolidated Operating Income Plan Threshold	Business Unit Operating Income Plan Threshold
50% Payout	80% to 89%	80% to 89%
70% to 97% Payout	90% to 99%	90% to 99%
100% Payout	100%	100%

Achievement of 90% of the respective Plan Threshold results in a 70% payout. For each additional 1% of the respective Plan Threshold that is achieved (rounded to the nearest whole number) the payout will increase by 3% until the 100% Plan Threshold is reached. If the consolidated operating income plan is exceeded, 30 percent of the excess will be allocated to a pool for program participants up to a maximum of 10 percent of the total target bonus pool. Corporate Headquarters participants will start earning excess bonus when consolidated operating income exceeds the 100 percent plan threshold. Business unit participants will start earning excess bonus when consolidated operating income exceeds the 100% plan threshold, and their respective business unit operating income plan 100 percent threshold has been achieved. The maximum bonus that can be earned by a participant is 1.1x of the individual's target bonus. The excess pool will be allocated in relation to the participant's target bonus percentage.

Bonus allocations for NEOs are as follows:

	2008 Target Bonus (as a % of base salary)	Consolidated Operating Income Plan	Business Unit Operating Income Plan
CEO	80%	100%	
CFO	40%	100%	
Other NEOs	40%	50%	50%

To incentivize Mr. Barnhart to join the Company, he was given a signing bonus of \$225,000, \$75,000 of which was paid in September 2007 and the remaining \$150,000 was paid in the first quarter of 2008. Additionally, Mr. Barnhart was paid a performance bonus of \$75,000 for 2007 as described above.

C. Equity-Based Long-Term Incentive Compensation The Committee believes that executives and other employees who are in a position to make a substantial contribution to the long-term success of Lydall and to the building of stockholder value should have a significant stake in the Company. Specifically, the Committee concluded that time-based stock awards represent a tangible benefit to its senior executives while motivating long-term service with the Company. The Committee's analysis of existing awards showed that none of the NEOs has yet accumulated large holdings of Company equity, in part due to their relatively recent employment with the Company. The Committee has granted a mix of stock options and restricted stock awards to this group of employees and executives. The Committee's practice is to grant incentive stock awards for exemplary performance. Consistent with the prior year, 49 percent of the total employee grants awarded in 2007 covering 115,000 shares of Lydall Common Stock were in the form of restricted stock awards and 51 percent, or 120,300, were in the form of stock options. While Lydall's 2003 Stock Incentive Compensation Plan allows for performance-based equity awards, none had been awarded under the Plan as of December 31, 2007.

The Committee grants incentive stock awards annually at its December meeting. The exercise price is based on the closing market price of Lydall Common Stock on that date. The Committee may also make incentive stock awards to new hires during a

Edgar Filing: LYDALL INC /DE/ - Form DEF 14A

non-blackout period under Company policy. The exercise price is based on the closing market price of Lydall Common Stock on the grant date.

Restricted stock awards for 48,500 shares of Lydall Common Stock and stock options covering 58,500 shares were granted to the NEOs in 2007, consistent with the prior year as follows. The aggregate fair value of these awards on the date of grant was \$795,481.

Named Executive Officer	Restricted Stock Awards	Stock Options	Total Grant Date
			Fair Value
Dale G. Barnhart	30,000	34,000	\$501,028
David Freeman			
Thomas P. Smith	3,000	3,500	45,529
Randall L. Byrd	4,000	5,500	64,617
Kevin T. Longe	8,000	12,000	133,928
Bertrand Ploquin	3,500	3,500	50,379
John F. Tattersall			
Total	48,500	58,500	\$795,481

The restricted stock awards and stock options listed above are reflected in Columns (i) and (j), respectively, of the Grants of Plan-Based Awards for 2007 Table below.

D. Perquisites Lydall, in general, does not provide many perquisites to its executives. The President and Chief Executive Officer, other NEOs, and senior executives are eligible to the same extent as all other non-union Lydall employees to participate in the Company's medical and dental insurance and Company match to the 401(k) and employee stock purchase plans. The attributed costs of the personal benefits for the NEOs are included in Column (i) of the Summary Compensation Table below; the aggregate cost to Lydall of these perquisites for the NEOs totaled \$291,175 in 2007.

NEOs receive tax gross-up payments for the executive life insurance premium, any tax preparation services and any applicable relocation expenses, which are intended to eliminate any adverse tax consequences. During 2007, Mr. Barnhart received relocation benefits of \$2,374. Mr. Ploquin received relocation benefits including tax gross-up of \$101,914. Mr. Tattersall received \$19,470 representing payments by Lydall to lease a condominium for Mr. Tattersall's use while in Ossipee, New Hampshire, managing the facility there. Mr. Byrd was imputed income of \$3,908 for a North American Auto management outing and related gross-up.

All domestic NEOs other than Mr. Freeman are currently covered under an Executive Life Program and all domestic NEOs are covered under an Executive Disability Insurance Program, except that Mr. Freeman's and Mr. Tattersall's Executive Disability coverage ended with their separation from the Company. The full amount of the premiums paid by the Company for these benefits is shown in the Summary Compensation Table. If they had died or become disabled on December 31, 2007, the NEOs would have been eligible for the following benefits.

NEO	Annual Executive	
	Executive Life Proceeds	Disability Proceeds
Dale G. Barnhart	\$ 1,800,000	\$ 180,000
David Freeman ⁽¹⁾	N/A	N/A
Thomas P. Smith	\$ 720,000	\$ 84,792
Randall L. Byrd ⁽²⁾	N/A	\$ 72,000
Kevin T. Longe ⁽²⁾	N/A	\$ 72,000
Bertrand Ploquin ⁽³⁾		
John F. Tattersall ⁽⁴⁾	\$ 720,000	N/A

⁽¹⁾ Mr. Freeman's Company-paid insurance policies ended upon his termination of employment although the premiums were pre-paid until December 27, 2007.

Edgar Filing: LYDALL INC /DE/ - Form DEF 14A

Messrs. Byrd and Longe are eligible for the life insurance coverage upon completion of the application process, which was not completed by December 31, 2007. Upon completion of the application process, the life insurance coverage amounts will be \$772,500 and \$877,275, respectively.

- (3) Mr. Ploquin's employment agreement does not provide for Executive Life or Disability insurance. However, Mr. Ploquin is eligible for life insurance under the Company's group policy, which would have paid \$607,000 if he had died on December 31, 2007.
- (4) Mr. Tattersall's employment agreement provides for continued life insurance coverage beginning on the Executive's termination of employment and ending upon the earlier of 12 months after the date of such termination of employment or the date on which the Executive becomes eligible for life insurance benefits from another employer. His Company paid disability insurance policy ended upon his termination of employment although the premiums were pre-paid until November 30, 2007.

E. Retirement Plans Until June 30, 2006, NEOs employed then earned benefits under the Lydall Pension Plan No. 1A, a defined benefit plan, except Mr. Ploquin who is covered under the French regulatory structure. The benefits under the pension plan were frozen as of June 30, 2006, and all active participants were fully vested on that date, regardless of their years of credited service. The normal retirement age is 65, and a reduced early retirement benefit may be elected with ten or more years of service, starting at age 55 with a 50 percent reduction. Service continues to accumulate after June 30, 2006 for early retirement eligibility. Credited service under the pension plan cannot exceed actual years of service with the Company. The annual benefit payable at normal retirement, in a single life annuity, is equal to 2 percent of eligible compensation for all years of service from January 1, 1980 through the last payroll period ending before June 30, 2006 (1.75 percent of 1980 compensation for all years before 1980). Eligible compensation means annual W-2 earnings, excluding bonuses, before any reductions for pre-tax benefit contributions or premiums, up to IRS annual compensation limits. The normal form of payment is a 50 percent joint and survivor annuity for married participants and a single life annuity for unmarried participants. The joint and survivor payment is reduced actuarially based on the ages of the participant and spouse. In the event of death before retirement, a death benefit is payable to the spouse under the 50 percent joint and survivor annuity for participants married at least one year at the time of death. None of the NEOs would have been eligible for any pension payments if their employment terminated under any scenario on December 31, 2007 due to age and service restrictions. The actuarial present value of accumulated pension benefits is outlined for the NEOs in the Pension Benefits Table shown below.

401(k) Plan All NEOs except Mr. Ploquin are eligible to participate in the Lydall 401(k) Plan on the same basis as all other full-time non-union domestic employees of the Company, subject to IRS annual dollar limits on employee pre-tax contributions and IRS annual compensation limits. The Company matches, as a cash contribution, 100 percent of employee pre-tax contributions up to 6 percent of compensation. The 401(k) matching contributions paid in 2007 to NEOs are detailed in the Summary Compensation Table below.

F. Deferred Compensation Lydall has no deferred compensation plans in effect at this time.

G. Employment, Severance, Change of Control and Indemnification Agreements The Committee believes that it is important to protect the Company's senior management in the event of a Change of Control. This is in keeping with the Committee's philosophy of aligning the interests of management with those of stockholders. Providing change-of-control benefits acts to eliminate, or at least reduce, the reluctance of senior management to pursue opportunities that are in the best interests of stockholders even though they may result in a Change of Control of the Company. Relative to the market capitalization of Lydall, the Committee believes that potential change-of-control benefits are not material. In revising the employment agreements for the NEOs in 2007, based on its analysis of value to the Executives and cost to stockholders, the Committee ensured that the agreements in place do not provide for a gross-up of excise taxes.

On July 31, 2007, the Company entered into an Employment Agreement and an Indemnification Agreement with Dale G. Barnhart. On January 10, 2007, Lydall entered into the following agreements with the NEOs:

- (i) an Indemnification Agreement with David Freeman, President and Chief Executive Officer;
- (ii) an Employment Agreement and Indemnification Agreement with Thomas P. Smith, Vice President, Chief Financial Officer and Treasurer;
- (iii) Employment Agreements with Kevin T. Longe, President, Lydall Filtration/Separation, Inc., Randall L. Byrd, President, Lydall Thermal/Acoustical Sales, LLC and John F. Tattersall, President, Lydall Industrial Thermal Solutions, Inc.;
- (iv) an Amendment to Letter of Understanding with Bertrand Ploquin, Managing Director, Lydall Thermique/Acoustique S.A.S, and

- (v) Employment Agreements with other officers of the Company.

Indemnification Agreements

The Indemnification Agreements entitle Messrs. Barnhart, Freeman and Smith to the rights of indemnification if, by reason of their Corporate Status (as defined in the agreements) they are, or are threatened to be made, a party to any threatened, pending, or completed action, suit, arbitration, alternate dispute resolution mechanism, investigation, administrative hearing or any other proceeding, whether civil, criminal, administrative or investigative (a Proceeding) other than a Proceeding by or in the right of the Company. They shall be indemnified against all expenses, judgments, penalties, fines, and amounts paid in settlement by them or on their behalf in connection with such Proceeding providing they acted in good faith and in a manner reasonably believed to be in or not opposed to the best interests of the Company and, with respect to any criminal Proceeding, had no reasonable cause to believe their conduct was unlawful.

To the extent that they are successful on the merits or otherwise in any Proceeding, they shall be indemnified against all expenses actually and reasonably incurred by them or on their behalf in connection therewith. If they are not wholly successful in such Proceeding but are successful on the merits or otherwise, as to one or more but less than all claims, issues or matters in such Proceeding, the Company shall indemnify them against all expenses actually and reasonably incurred by them or on their behalf in connection with each successfully resolved claim, issue or matter.

The Company shall advance all reasonable expenses incurred by them or on behalf of them in connection with any Proceeding within ten days after the receipt by the Company of a statement or statements from them requesting such advance or advances from time to time, whether prior to or after final disposition of such Proceeding.

The Indemnification Agreements shall continue until and terminate upon the later of: (a) ten years after the date that they shall have ceased to serve as a Director, officer, employee or agent of the Company or (b) the final termination of any Proceeding then pending in respect of which they are granted rights of indemnification or advancement of expenses.

Employment Agreements

Pursuant to the Employment Agreement dated July 31, 2007 with Mr. Barnhart, he is entitled to an initial base salary of \$450,000. This Agreement will remain in place indefinitely until Mr. Barnhart is no longer with the Company. Pursuant to the Employment Agreements dated January 10, 2007 with Messrs. Smith, Byrd and Longe and the amended Letter of Understanding with Mr. Ploquin, each will continue to serve in their current roles and will be entitled to an annual base salary. The agreements remain in place indefinitely until the respective NEO is no longer employed by the Company or its subsidiaries.

The agreements with Messrs. Smith, Byrd, Longe, Ploquin, and Tattersall also provided for a cash bonus of three months base salary paid in 2007.

These current agreements with Messrs. Barnhart, Smith, Byrd, Longe and Ploquin provide for the following benefits in the event of their termination, which benefits are in addition to payment of: (i) the NEO's salary earned through the termination date; (ii) any compensation earned under benefit plans that are generally available to all salaried employees and (iii) reimbursement of business expenses incurred in the ordinary course.

- (6) Cause is defined as (i) act or acts of dishonesty or fraud resulting or intended to result directly or indirectly in substantial gain or personal enrichment to which the executive was not legally entitled at the expense of the Company or any of its subsidiaries; (ii) willful material breach by executive of his or her duties or responsibilities resulting in demonstrably material injury to the Company or any of its subsidiaries; (iii) conviction of a felony or any crime of moral turpitude; (iv) habitual neglect or insubordination where executive has been given written notice but has failed to cure (where susceptible to cure) within 30 days following such notice; or (v) material breach by executive of his or her obligations under any non-compete agreements. - (11) If NEO is covered by 409A, payment will be in a lump sum six months after termination date.

V. Equity Ownership Requirements

Lydall's Board of Directors believes that further linking the personal financial interest of the President and Chief Executive Officer and Directors to the Company's success gives them a greater stake in the Company and aligns the interests of the Company's Directors and officers with stockholders. This in turn results in long-term management for the benefit of stockholders. The Board has established the following minimum stock-ownership guidelines:

Non-employee Directors: holding stock equal in cost to four times their current annual retainer

President and Chief Executive Officer: holding stock equal in cost to two times his current base salary

Stock ownership levels should be achieved within five years of becoming subject to these guidelines. The Compensation Committee has the authority to waive this requirement.

VI. Accounting and Tax Treatments

The Committee has determined that the deductibility limitation in Section 162(m) of the Internal Revenue Code of 1986 as amended applies to Lydall in 2007 because Mr. Freeman received \$1,161,395 in compensation. The excess was due to the acceleration of the vesting of Mr. Freeman's restricted stock upon his retirement. The Committee monitors the applicability of this requirement with the objective of achieving deductibility to the extent appropriate.

With regard to tax gross-ups for executives, for 2007 NEOs received an aggregate benefit equal to \$74,448. The Committee considers this amount to be immaterial to the financial position of the Company but an important benefit to its executives.

The following table provides information regarding stock options, restricted shares and cash incentive awards granted during 2007 to the NEOs listed in the Summary Compensation Table. The Company does not currently grant any performance-based equity awards. In assessing these values, it should be kept in mind that no matter what theoretical value is placed on a stock option, restricted stock award or cash incentive award on the date of grant, its ultimate value will be dependent on the market value of the Company's stock at a future date, and that value will depend on the efforts of such executives to foster the future success of the Company for the benefit of not only the executives, but all stockholders.

- (1) The amounts shown as Estimated Future payouts Under Non-Equity Incentive Award Plans represent potential cash payouts to the named persons under the Performance Bonus Program for salaried employees with respect to Company and individual performance during 2007. Under the terms of the Bonus Program, no bonus payouts are made unless the Company achieves the minimum consolidated earnings per share threshold established by the Board. The amount shown in the threshold column represents the amount payable upon the achievement of the minimum consolidated earnings per share threshold and respective individual business unit operating income threshold. The amount shown in the target column represents the amount payable at one times the target bonus opportunity. Under the terms of the Bonus Program, there is no maximum payout. In the event that Company and any applicable business unit targets are exceeded, participants become eligible to receive additional bonus payouts. In Mr. Barnhart's case, the amount shown in the threshold column represents the amount payable if, for the period from date of hire to year end, the Company's earnings-per-share forecast is achieved. The amount shown in the target column represents the amount payable if, for the period from date of hire to year end, the Company's earnings-per-share is ten percent above forecast.
- (2) The amounts shown in Column (i) reflect the number of shares of restricted stock granted to each NEO under the 2003 Plan.
- (3) The amounts shown in Column (j) reflect the number of option awards granted to each NEO as incentive stock option awards under the 2003 Plan.
- (4) The amounts shown in Column (k) represent the exercise price of the stock option award granted to each NEO in Column (j) under the 2003 Plan. This amount is the price per share the NEO will pay to purchase each option once it has become exercisable.
- (5) The amounts shown in Column (l) represent the fair value of: the restricted stock at the closing price on the grant date, and stock option awards on the grant date using the Black-Scholes pricing model.
