ALLIANCE DATA SYSTEMS CORPORATION

NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

1. BASIS OF PRESENTATION

The unaudited condensed consolidated financial statements included herein have been prepared by Alliance Data Systems Corporation (ADSC or, including its wholly owned subsidiaries, the Company), without audit, pursuant to the rules and regulations of the Securities and Exchange Commission (SEC). Certain information and footnote disclosures normally included in financial statements prepared in accordance with accounting principles generally accepted in the United States of America (GAAP) have been condensed or omitted pursuant to such rules and regulations. However, the Company believes that the disclosures are adequate to make the information presented not misleading. These unaudited condensed consolidated financial statements should be read in conjunction with the consolidated financial statements and the notes thereto included in the Company s Annual Report filed on Form 10-K for the year ended December 31, 2007.

The unaudited condensed consolidated financial statements included herein reflect all adjustments (consisting of normal, recurring adjustments) which are, in the opinion of management, necessary to state fairly the results for the interim periods presented. The results of operations for the interim periods presented are not necessarily indicative of the operating results to be expected for any subsequent interim period or for the fiscal year.

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect (1) the reported amounts of assets and liabilities; (2) disclosure of contingent assets and liabilities at the date of the financial statements; and (3) the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

For purposes of comparability, certain prior period amounts have been reclassified to conform to the current year presentation. Such reclassifications have no impact on previously reported net income. The Company s unaudited condensed consolidated financial statements have been presented with our merchant and utility services businesses as discontinued operations. All historical statements have been restated to conform to this presentation.

2. TERMINATION OF MERGER

On May 17, 2007, the Company entered into an Agreement and Plan of Merger by and among the Company, Aladdin Solutions, Inc. (f/k/a Aladdin Holdco, Inc., Parent) and Aladdin Merger Sub, Inc. (Merger Sub and together with Parent, the Blackstone Entities) (the Merger Agreement), pursuant to which the Company was to be acquired by affiliates of The Blackstone Group L.P. (the Merger).

On January 25, 2008, Parent informed the Company in a written notice that it did not anticipate the condition to closing the Merger relating to obtaining approvals from the Office of the Comptroller of the Currency would be satisfied.

On January 30, 2008, the Company filed a lawsuit against the Blackstone Entities in the Delaware Court of Chancery, seeking specific performance to compel the Blackstone Entities to comply with their obligations under the Merger Agreement, including their covenants to obtain required regulatory approvals and to consummate the Merger. On February 8, 2008, the Company filed a motion to dismiss this lawsuit without prejudice in response to the Blackstone Entities confirmation of their commitment to work to consummate the Merger.

On March 17, 2008, the Company notified the Blackstone Entities that they were in breach of the Merger Agreement and demanded that the Blackstone Entities cure the breaches including, among other things, obtaining required regulatory approvals from the Office of the Comptroller of the Currency and the Federal Deposit Insurance Corporation.

Table of Contents**ALLIANCE DATA SYSTEMS CORPORATION****NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (Continued)**

On April 18, 2008, Parent repudiated the Merger Agreement by sending the Company a notice purporting to terminate the contract. The notice of termination was ineffective because the Merger Agreement cannot be terminated under the relevant termination provision by a party that is in breach. Subsequently, on April 18, 2008, the Company terminated the Merger Agreement because of the Blackstone Entities' repudiation and their refusal to timely cure their breaches and perform their covenants and agreements, thereby causing specified closing conditions not to be satisfied.

Pursuant to the Merger Agreement, if the Company terminates the Merger Agreement as a result of Parent or Merger Subs' breach or failure to perform that causes specified closing conditions not to be satisfied, Parent is required to pay, or cause to be paid, to the Company a fee of \$170.0 million (the Business Interruption Fee). Blackstone Capital Partners V L.P. (BCP V) provided a limited guarantee pursuant to which, among other things, BCP V guarantees payment of the Business Interruption Fee and up to \$3.0 million of other amounts for which the Blackstone Entities are liable under the Merger Agreement. The Company has demanded that Parent pay the Business Interruption Fee, and commenced litigation on April 18, 2008 seeking full and timely payment of this fee by BCP V, as guarantor of the fee, in the New York State Supreme Court.

On April 21, 2008, the Blackstone Entities filed an action for declaratory judgment in the Delaware Court of Chancery against Alliance Data seeking an order declaring that, among other things, the Blackstone Entities are not in breach of the Merger Agreement and that they are not obligated to pay the Business Interruption Fee.

For the three months ended March 31, 2008, the Company has recorded merger costs of approximately \$1.6 million consisting of advisory, legal, accounting and other costs associated with the Merger.

Table of Contents**ALLIANCE DATA SYSTEMS CORPORATION****NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (Continued)****4. DISPOSITIONS**

In March 2008, the Company determined that its merchant and utility services businesses were not aligned with the Company's long-term strategy and committed to a plan of disposition. Management is exploring the potential sale of each of these businesses. It is expected that these dispositions would each be completed within the next twelve months. On May 2, 2008, the Company entered into an agreement with Heartland Payment Systems, Inc. to sell the merchant services business for approximately \$77.5 million. The sale is expected to be completed in the second quarter of 2008.

In accordance with the provisions of Statement of Financial Accounting Standards No. 144, Accounting for Impairment or Disposal of Long-Lived Assets, these businesses have been reported as discontinued operations in this Quarterly Report on Form 10-Q. The results of operations for all periods presented have been reclassified to reflect these businesses as discontinued operations.

Based on the estimated enterprise value of the businesses, we recorded a pre-tax impairment charge of \$15.0 million, which has been included in the loss from discontinued operations.

The assets and liabilities of the discontinued operations are presented in the unaudited condensed consolidated balance sheets under the captions Assets held for sale and Liabilities held for sale. The underlying assets and liabilities of the discontinued operations for the periods presented are as follows:

Terms of the certificates of deposit range from three months to 24 months with annual interest rates ranging from 3.6% to 5.7% and 5.0% to 5.7% at March 31, 2008 and December 31, 2007, respectively. Interest is paid monthly and at maturity.

Credit Facilities

On March 28, 2008, the Company entered into a third amendment to the Credit Agreement, dated as of January 24, 2007 (the Bridge Loan), which, as amended, provided for loans in a maximum amount of \$300.0 million. In the third amendment, the maturity date of the Bridge Loan was extended from March 31, 2008 to December 31, 2008. On March 17, 2008, the Company prepaid \$150.0 million of the principal amount of the Bridge Loan together with accrued interest thereon and pursuant to the terms of the Bridge Loan, such amounts are not available to be re-borrowed. Amounts used to make the prepayment were borrowed under the revolving credit facility. In addition, the third amendment

Edgar Filing: ALLIANCE DATA SYSTEMS CORP - Form 10-Q

provides for two principal payments in the amount of \$25.0 million each on June 30, 2008 and September 30, 2008, respectively. Finally, the third amendment adjusts the margin applicable to base rate loans and Eurodollar loans to those set forth below.

The interest rate for base rate loans under the Bridge Loan fluctuates and is equal to the higher of (i) Bank of Montreal's prime rate and (ii) the Federal funds rate plus 0.50%, in each case plus a margin of 0.10% to 0.70%

for the period from March 1 to June 30, 2008; and 0.60% to 1.20% for the period on and after July 1, 2008, in each case based upon our Senior Leverage Ratio as defined in the Bridge Loan. The interest rate for Eurodollar loans under the Bridge Loan fluctuates based on the London interbank offered rate plus a margin of 1.60% to 2.20% for the period from March 1, 2008 to June 30, 2008; and 2.10% to 2.70% for the period on and after July 1, 2008, in each case based upon our Senior Leverage Ratio as defined in the Bridge Loan.

The weighted average interest rate on our credit facilities was 4.3% as of March 31, 2008.

Capital Lease Obligations

In the first quarter of 2008, the Company entered into certain sale-lease back transactions which resulted in proceeds of approximately \$12.0 million and a deferred gain of \$5.3 million. The leases have been reflected as capital lease obligations and the gain amortized over the expected lease term in proportion to the leased assets.

7. DEFERRED REVENUE

A reconciliation of deferred revenue for the AIR MILES[®] Reward Program is as follows:

	Service	Deferred Revenue Redemption (in thousands)	Total

Beginning with the first quarter of 2008, the Company reorganized its businesses into four reportable operating segments as follows:

Loyalty Services, which includes the Company's Canadian AIR MILES Reward Program;

Epsilon Marketing Services, which provides integrated direct marketing solutions that combine database marketing technology and analytics with a broad range of direct marketing services;

Private Label Services, which includes transaction processing, customer care and collections services for the Company's private label and other retail card programs; and

Private Label Credit, which includes risk management solutions, account origination and funding services for the Company's private label and other retail card programs.

In addition, corporate and all other immaterial businesses will be reported collectively as an all other category labeled Corporate/Other. As discussed in Note 4, the Company's merchant services and utility services business units have been classified as discontinued operations.

Edgar Filing: ALLIANCE DATA SYSTEMS CORP - Form 10-Q

- (1) Adjusted EBITDA is a non-GAAP financial measure equal to income from continuing operations, the most directly comparable GAAP financial measure, plus stock compensation expense, provision for income taxes, interest expense, net, loss on the sale of assets, merger and other costs, depreciation and other amortization and amortization of purchased intangibles. Adjusted EBITDA is presented in accordance with Statement of Financial Accounting Standards No. 131, Disclosures about Segments of an Enterprise and Related Information (SFAS No. 131) as it is a primary performance metric by which senior management is evaluated.
- (2) Merger costs represent advisory, legal, and accounting costs. Other costs represent compensation charges related to certain departing corporate executives and other non-routine costs associated with the proposed Merger and the mail services disposition.

Table of Contents**ALLIANCE DATA SYSTEMS CORPORATION****NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (Continued)****11. FAIR VALUE OF FINANCIAL INSTRUMENTS**

Effective January 1, 2008, the Company adopted SFAS No. 157, Fair Value Measurements (SFAS No. 157). In February 2008, the Financial Accounting Standards Board (FASB) issued FASB Staff Position No. 157-2, Effective Date of FASB Statement No. 157 , which provides a one year deferral of the effective date of SFAS No. 157 for non-financial assets and non-financial liabilities, except those that are recognized or disclosed in the financial statements at fair value at least annually. Therefore, the Company has adopted the provisions of SFAS No. 157 with respect to its financial assets and liabilities only. Although the adoption of SFAS No. 157 did not materially impact the Company's financial condition, results of operations, or cash flow, the Company is required to provide additional disclosures as part of its financial statements.

SFAS No. 157 establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. These tiers include:

Level 1, defined as observable inputs such as quoted prices in active markets;

Level 2, defined as inputs other than quoted prices in active markets that are either directly or indirectly observable; and

Level 3, defined as unobservable inputs in which little or no market data exists, therefore requiring an entity to develop its own assumptions.

The following table provides the assets carried at fair value measured on a recurring basis as of March 31, 2008:

Item 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

The following discussion should be read in conjunction with the unaudited condensed consolidated financial statements and related notes thereto presented in this quarterly report and the audited consolidated financial statements and related notes thereto included in our Annual Report filed on Form 10-K for the year ended December 31, 2007.

TERMINATION OF MERGER

On May 17, 2007, we entered into an Agreement and Plan of Merger by and among the Company, Aladdin Solutions, Inc. (f/k/a Aladdin Holdco, Inc., Parent) and Aladdin Merger Sub, Inc. (Merger Sub and together with Parent, the Blackstone Entities) (the Merger Agreement), pursuant to which the Company was to be acquired by affiliates of The Blackstone Group L.P. (the Merger).

On January 25, 2008, Parent informed us in a written notice that it did not anticipate the condition to closing the Merger relating to obtaining approvals from the Office of the Comptroller of the Currency would be satisfied.

On January 30, 2008, we filed a lawsuit against the Blackstone Entities in the Delaware Court of Chancery, seeking specific performance to compel the Blackstone Entities to comply with their obligations under the Merger Agreement, including their covenants to obtain required regulatory approvals and to consummate the Merger. On February 8, 2008, we filed a motion to dismiss this lawsuit without prejudice in response to the Blackstone Entities' confirmation of their commitment to work to consummate the Merger.

On March 17, 2008, we notified the Blackstone Entities that they were in breach of the Merger Agreement and demanded that the Blackstone Entities cure the breaches including, among other things, obtaining required regulatory approvals from the Office of the Comptroller of the Currency and the Federal Deposit Insurance Corporation.

On April 18, 2008, Parent repudiated the Merger Agreement by sending us a notice purporting to terminate the contract. The notice of termination was ineffective because the Merger Agreement cannot be terminated under the relevant termination provision by a party that is in breach. Subsequently, on April 18, 2008, we terminated the Merger Agreement because of the Blackstone Entities' repudiation and their refusal to timely cure their breaches and perform their covenants and agreements, thereby causing specified closing conditions not to be satisfied.

Pursuant to the Merger Agreement, if we terminate the Merger Agreement as a result of Parent or Merger Sub's breach or failure to perform that causes specified closing conditions not to be satisfied, Parent is required to pay, or cause to be paid, to us a fee of \$170.0 million (the Business Interruption Fee). Blackstone Capital Partners V L.P. (BCP V) provided a limited guarantee pursuant to which, among other things, BCP V guarantees payment of the Business Interruption Fee and up to \$3.0 million of other amounts for which the Blackstone Entities are liable under the Merger Agreement. We have demanded that Parent pay the Business Interruption Fee, and commenced litigation on April 18, 2008 seeking full and timely payment of this fee by BCP V, as guarantor of the fee, in the New York State Supreme Court.

On April 21, 2008, the Blackstone Entities filed an action for declaratory judgment in the Delaware Court of Chancery against us seeking an order declaring that, among other things, the Blackstone Entities are not in breach of the Merger Agreement and that they are not obligated to pay the Business Interruption Fee.

Quarter in Review Highlights

Our first quarter 2008 results included the following significant new and renewed agreements with significant clients and continued selective execution of our acquisition and disposition strategy:

In February 2008, we announced that Century 21 Canada has signed a multi-year renewal agreement as a national sponsor in our AIR MILES Reward Program.

In February 2008, we announced that InterContinental Hotels Group has signed a multi-year renewal agreement as a sponsor in our AIR MILES Reward Program.

In March 2008, we announced the signing of a long-term agreement with specialty retailer Hot Topic, Inc. to provide private label credit card services for its Torrid branded stores.

In March 2008, we announced the completion of a new financing facility with Barclays Capital by our private label credit card banking subsidiary, World Financial Network National Bank, to accommodate 88 percent of their upcoming maturity of \$600.0 million of asset-backed bonds.

In March 2008, we announced a disposition plan related to the our merchant services and utility services business units based on the conclusion that these business units no longer fit with our business strategy of being a leading provider of data-driven and transaction-based marketing and customer loyalty solutions.

Critical Accounting Policies and Estimates

There have been no material changes to our critical accounting policies and estimates from the information provided in Item 7, Management's Discussion and Analysis of Financial Condition and Results of Operations, included in our 10-K for the fiscal year ended December 31, 2007.

Use of Non-GAAP Financial Measures

Adjusted EBITDA is a non-GAAP financial measure equal to income from continuing operations, the most directly comparable GAAP financial measure, plus stock compensation expense, provision for income taxes, interest expense, net, loss on the sale of assets, merger and other costs, depreciation and other amortization and amortization of purchased intangibles. Operating EBITDA is a non-GAAP financial measure equal to adjusted EBITDA plus the change in deferred revenue plus the change in redemption settlement assets. We have presented operating EBITDA because we use the financial measure to monitor compliance with financial covenants in our credit facilities and our senior note agreements. For the period ended March 31, 2008, senior debt-to-operating EBITDA was 1.3x compared to a maximum ratio of 2.75x permitted in our credit facilities and in our senior note agreements. Operating EBITDA to interest expense was 9.2x compared to a minimum ratio of 3.5x permitted in our credit facilities and 3.0x permitted in our senior note agreements. As discussed in more detail in the liquidity section of Management's Discussion and Analysis of Financial Condition and Results of Operations, our credit facilities and cash flows from operations are the two main sources of funding for our acquisition strategy and for our future capital needs and capital expenditures. As of March 31, 2008, we had borrowings of \$483.0 million outstanding under our credit facilities, \$500.0 million under our senior notes and had \$205.0 million in unused borrowing capacity. We were in compliance with our covenants at March 31, 2008, and we expect to be in compliance with these covenants during the year ended December 31, 2008.

We use adjusted EBITDA as an integral part of our internal reporting to measure the performance of our reportable segments and to evaluate the performance of our senior management. Adjusted EBITDA is considered an important indicator of the operational strength of our businesses. Adjusted EBITDA eliminates the uneven effect across all business segments of considerable amounts of non-cash depreciation of tangible assets and amortization of certain intangible assets that were recognized in business combinations. A limitation of this measure, however, is that it does not reflect the periodic costs of certain capitalized tangible and intangible assets used in generating revenues in our businesses. Management evaluates the costs of such tangible and intangible

Table of Contents

assets, the impact of related impairments, as well as asset sales through other financial measures, such as capital expenditures, investment spending and return on capital and therefore the effects are excluded from adjusted EBITDA. Adjusted EBITDA also eliminates the non-cash effect of stock compensation expense. Stock compensation expense is not included in the measurement of segment adjusted EBITDA provided to the chief operating decision maker for purposes of assessing segment performance and decision making with respect to resource allocations. Therefore, we believe that adjusted EBITDA provides useful information to our investors regarding our performance and overall results of operations. Adjusted EBITDA and operating EBITDA are not intended to be performance measures that should be regarded as an alternative to, or more meaningful than, either operating income or net income as an indicator of operating performance or to cash flows from operating activities as a measure of liquidity. In addition, adjusted EBITDA and operating EBITDA are not intended to represent funds available for dividends, reinvestment or other discretionary uses, and should not be considered in isolation or as a substitute for measures of performance prepared in accordance with GAAP. The adjusted EBITDA and operating EBITDA measures presented in this Quarterly Report on Form 10-Q may not be comparable to similarly titled measures presented by other companies, and may not be identical to corresponding measures used in our various agreements.

Changes in deferred revenue and redemption settlement assets are affected by fluctuations in foreign exchange rates. Changes in redemption settlement assets is also affected by the timing of receipts and transfers of cash.

Table of Contents

Revenue. Total revenue increased \$32.9 million, or 7.1%, to \$499.3 million for the three months ended March 31, 2008 from \$466.3 million for the comparable period in 2007. The increase was due to the following:

Loyalty Services. Revenue increased \$40.0 million, or 30.3%, to \$171.8 million for the three months ended March 31, 2008. The growth in revenue for the period was driven by an increase in redemption revenue of \$26.2 million related to an 8.9% increase in the redemption of AIR MILES reward miles. Issuance revenue increased \$8.5 million related to growth in issuances of AIR MILES reward miles as the program continues to benefit from the ramp up of new sponsors and the expanded commitment from existing sponsors. Within these revenue increases, changes in the exchange rate of the Canadian dollar also had a \$24.1 million positive impact on revenue for the AIR MILES Reward Program.

Epsilon Marketing Services. Revenue increased \$16.9 million, or 17.1%, to \$115.5 million for the three months ended March 31, 2008. Approximately 60% of the growth is attributed to our strategic database group resulting from additional client signings. The remainder of the growth came from Abacus which was acquired in February 2007 and Epsilon Interactive.

Private Label Services. Revenue decreased \$3.3 million, or 3.4%, to \$94.5 million for the three months ended March 31, 2008. Servicing revenue declined slightly, \$0.8 million, with the decline in statements generated, primarily from the loss of the Lane Bryant Portfolio, which was offset by higher pricing. Additionally, revenue attributable to our marketing programs decreased \$2.5 million primarily due to the non-renewal of an expiring contract with an existing client.

Private Label Credit. Revenue decreased \$10.7 million, or 4.9%, to \$209.1 million for the three months ended March 31, 2008. The decline was primarily due to a 5.7% decrease in securitization income and finance charges, net or \$10.1 million. This decline was primarily caused by the loss of the Lane Bryant portfolio, as well as, to a lesser extent, an increase in credit losses. In subsequent quarters, we expect the increase in credit losses to be somewhat offset by favorable funding costs.

Corporate/Other. Revenue decreased \$10.7 million, or 95.9%, to \$0.5 million, primarily as a result of the sale of our mail services division, which generated \$10.7 million in revenue for the three months ended March 31, 2007 but was sold in November 2007.

Operating Expenses. Total operating expenses, excluding depreciation, amortization, stock compensation expense, loss on sale of assets, merger and other costs increased \$28.3 million, or 9.2%, to \$334.7 million during the three months ended March 31, 2008 from \$306.5 million during the comparable period in 2007. Total adjusted EBITDA margin decreased to 33.0% for the three months ended March 31, 2008 from 34.3% for the comparable period in 2007. The increase in operating expenses and decrease in adjusted EBITDA margins were due to the following:

Loyalty Services. Operating expenses, as defined, increased \$24.6 million, or 23.1%, to \$130.9 million for the three months ended March 31, 2008. The increase in operating expenses was primarily driven by the growth in our AIR MILES reward miles redemptions, which resulted in increased cost of sales for the products redeemed. Within these operating expense increases, changes in the exchange rate of the Canadian dollar increased operating expenses by \$17.7 million. Adjusted EBITDA margin increased to 23.8% for the three months ended March 31, 2008 as compared to 19.3% in the comparable period in 2007. The increase in adjusted EBITDA margin was a result of strong revenue growth combined with a lower cost structure achieved through increased operating leverage.

Epsilon Marketing Services. Operating expenses, as defined, increased \$14.2 million, or 18.3%, to \$91.8 million for the three months ended March 31, 2008. The increase in operating expenses was primarily attributable to an increase in salaries and benefits associated with the overall growth of the business. Adjusted EBITDA margin decreased to 20.5% for the three months ended March 31, 2008 as compared to 21.2% in the comparable period in 2007. Our adjusted EBITDA margin was negatively impacted by a slower than expected ramp up of our proprietary data products as well as revenue growth at Epsilon Interactive that had not yet offset the growth in operating expenses.

Table of Contents

Private Label Services. Operating expenses, as defined, increased \$2.3 million, or 3.6%, to \$67.7 million for the three months ended March 31, 2008. The increase was primarily related to an increase in salary expense for additional staffing in our call centers and customer relationship areas, as well as higher credit bureau costs. Adjusted EBITDA margin decreased to 28.4% for the three months ended March 31, 2008 as compared to 33.2% in the comparable period in 2007. Our adjusted EBITDA margin was negatively impacted by the decline in revenue and increase in operating expenses as previously described.

Private Label Credit. Operating expenses, as defined, increased \$2.2 million, or 1.8%, to \$122.0 million for the three months ended March 31, 2008. The increase was primarily related to higher marketing expenses for our clients as well as an increase in collection agency expenses associated with an increase in delinquency rates. Adjusted EBITDA margin decreased to 41.7% for the three months ended March 31, 2008 as compared to 45.5% in the comparable period in 2007. Our adjusted EBITDA margin was negatively impacted by the decline in revenue and increase in operating expenses as previously described.

Corporate/Other. Operating expenses, as defined, decreased \$15.8 million, or 52.3%, to \$14.4 million for the three months ended March 31, 2008. This decline was primarily an impact of the sale of our mail services division in November 2007, as this division generated \$11.7 million in operating expenses for the three months ended March 31, 2007. Corporate operating expenses were positively impacted by a reduction in benefit costs and payroll expenses resulting from staff reductions made in the third and fourth quarters of 2007.

Stock compensation expense. Stock compensation expense decreased \$4.2 million, or 39.9%, to \$6.3 million for the three months ended March 31, 2008. The decrease was due to a combination of factors, which included, the impact of certain awards that had fully amortized prior to March 31, 2008 and the true-up of certain estimates for forfeitures, which reduced stock compensation expense by approximately \$1.0 million. Additionally, per the terms of the Merger Agreement, we were only permitted to issue a limited amount of additional awards under the equity plans, and therefore, contrary to past practice, no equity awards were issued in the first quarter of 2008.

Depreciation and Amortization. Depreciation and amortization increased \$6.1 million, or 21.0%, to \$34.9 million for the three months ended March 31, 2008 primarily due to a \$2.1 million increase in the amortization of purchased intangibles related to the acquisition of Abacus, and an increase of \$4.0 million in depreciation and other amortization, in part related to our recent acquisitions and capital expenditures.

Merger and other costs. Merger and other costs were \$3.7 million for the three months ended March 31, 2008. Costs associated with the proposed Merger were approximately \$1.6 million and included advisory fees, legal and accounting costs. Although the Merger Agreement was terminated in April 2008, we expect to incur additional legal costs associated with the ongoing litigation. In addition, we incurred \$2.1 million in compensation charges related to the severance of certain employees and other non-routine costs associated with the disposition of our mail services business.

Loss on the sale of assets. In March 2008, we incurred an additional loss of \$1.1 million related to the settlement of certain working capital accounts in connection with the disposition of our mail services business.

Operating Income. Operating income decreased \$2.0 million, or 1.7%, to \$118.6 million for the three months ended March 31, 2008 from \$120.6 million for the comparable period in 2007. Operating income decreased due to the revenue and expense factors discussed above.

Interest Income. Interest income decreased \$0.3 million, or 9.7%, to \$2.5 million for the three months ended March 31, 2008 from \$2.8 million for the comparable period in 2007. This decrease was due to lower average balances of our short term cash investments, as well as a decrease in the yield earned on those short term cash investments.

Table of Contents

Interest Expense. Interest expense increased \$1.0 million, or 5.6%, to \$19.6 million for the three months ended March 31, 2008 from \$18.6 million for the comparable period in 2007. Interest expense on core debt, which includes the credit facilities and senior notes, remained relatively flat as lower interest rates were offset by higher average balances. Interest on certificates of deposit increased \$0.8 million, primarily as a result of a higher average balances as of March 31, 2008 as compared to March 31, 2007.

Taxes. Income tax expense decreased \$1.3 million to \$38.8 million for the three months ended March 31, 2008 from \$40.1 million for the comparable period in 2007, due to a decrease in taxable income. Our effective tax rate remained flat at 38.2% for the three months ended March 31, 2008 and 2007, respectively.

Discontinued Operations.

In March 2008, we determined that our merchant services and utility services businesses were not aligned with our long-term strategy and committed to a disposition plan for these businesses. We are exploring the potential sale of these businesses. It is expected that these dispositions would each be completed within the next twelve months. These businesses have been reported as a discontinued operation in our condensed consolidated financial statements.

On an after tax basis, losses from discontinued operations increased \$5.5 million to \$13.4 million for the three months ended March 31, 2008. The increase in losses was primarily the result of a \$15.0 million pre-tax impairment charge associated with the write-down of long-lived assets to estimated fair value less cost to sell. This charge was offset in part by a pre-tax gain of \$4.3 million associated with the sale of certain assets in our utility services business. As of March 31, 2008, we are unable to determine the total estimated amount or range of amounts expected to be incurred with the disposition of these businesses.

In May 2008, we entered into an agreement with Heartland Payment Systems, Inc. to sell our merchant services business for approximately \$77.5 million. The sale is expected to be completed in the second quarter of 2008.

Asset Quality

Our delinquency and net charge-off rates reflect, among other factors, the credit risk of our private label credit card receivables, the average age of our various private label credit card account portfolios, the success of our collection and recovery efforts, and general economic conditions. The average age of our private label credit card portfolio affects the stability of delinquency and loss rates of the portfolio. We continue to focus resources on refining our credit underwriting standards for new accounts and on collections and post charge-off recovery efforts to minimize net losses.

An older private label credit card portfolio generally drives a more stable performance in the portfolio. At March 31, 2008, 60.1% of our managed accounts with balances and 60.4% of managed receivables were for accounts with origination dates greater than 24 months old. At March 31, 2007, 58.5% of managed accounts with balances and 59.9% of receivables were for managed accounts with origination dates greater than 24 months old.

Delinquencies. A credit card account is contractually delinquent if we do not receive the minimum payment by the specified due date on the cardholder's statement. It is our policy to continue to accrue interest and fee income on all credit card accounts beyond 90 days, except in limited circumstances, until the account balance and all related interest and other fees are paid or charged off, typically at 180 days delinquent. When an account becomes delinquent, we print a message on the cardholder's billing statement requesting payment. After an account becomes 30 days past due, a proprietary collection scoring algorithm automatically scores the risk of the account rolling to a more delinquent status. The collection system then recommends a collection strategy for the past due account based on the collection score and account balance and dictates the contact schedule and collections priority for the account. If we are unable to make a collection after exhausting all in-house efforts, we engage collection agencies and outside attorneys to continue those efforts.

Liquidity and Capital Resources

Operating Activities. We have historically generated cash flows from operations, although that amount may vary based on fluctuations in working capital and the timing of merchant settlement activity. Our operating cash flow is seasonal, with cash utilization peaking at the end of December due to increased activity in our Private Label Credit segment related to holiday retail sales.

Table of Contents

We generated cash flow from operating activities before changes in merchant settlement activity of \$76.2 million for the three months ended March 31, 2008 as compared to \$17.4 million for the comparable period in 2007. The increase in operating cash flows before changes in merchant settlement activity is related to an increase in net income as adjusted for non-cash charges, and positive changes in working capital. Merchant settlement activity is driven by the number of days of float at the end of the period. For these purposes, float means the difference between the number of days we hold cash before remitting the cash to our merchants and the number of days the card associations hold cash before remitting the cash to us. The difference in the number of days of float between March 31, 2008 and December 31, 2007 was three days as compared to March 31, 2007 and December 31, 2006 where the difference was only one day. Merchant settlement activity fluctuates significantly depending on the day in which the period ends. We utilize our cash flow from operations for ongoing business operations, acquisitions and capital expenditures.

Investing Activities. Cash provided by investing activities was \$73.3 million for the three months ended March 31, 2008 compared to cash used by investing activities of \$322.9 million for the comparable period in 2007. Significant components of investing activities are as follows:

Acquisitions. No acquisitions were made in the first quarter of 2008. Cash outlays, net of cash received, for acquisitions for the three months ended March 31, 2007 was \$438.7 million, relating primarily to the acquisition of Abacus.

Securitizations and Receivables Funding. We generally fund all private label credit card receivables through a securitization program that provides us with both liquidity and lower borrowing costs. As of March 31, 2008, we had over \$3.3 billion of securitized credit card receivables. Securitizations require credit enhancements in the form of cash, spread accounts and additional receivables. The credit enhancement is partially funded through the use of certificates of deposit issued through our subsidiary, World Financial Network National Bank. Net securitization and credit card receivable activity provided cash flows of \$84.7 million for the three months ended March 31, 2008 and \$153.8 million for the comparable period in 2007. We intend to utilize our securitization program for the foreseeable future.

Capital Expenditures. Our capital expenditures for the three months ended March 31, 2008 were \$13.9 million compared to \$21.9 million for the comparable period in 2007. We anticipate capital expenditures to be approximately 3% of annual revenue for the foreseeable future.

Financing Activities. Cash used by financing activities was \$17.0 million for the three months ended March 31, 2008 as compared to cash provided by financing of \$268.7 million for the comparable period in 2007. Our financing activities during the three months ended March 31, 2008 relate primarily to borrowings and repayments of debt and the issuance and repayment of certificates of deposit.

Liquidity Sources. In addition to cash generated from operating activities, we have four main sources of liquidity: the securitization program, certificates of deposit issued by World Financial Network National Bank and World Financial Capital Bank, our credit facilities and issuances of equity securities. We believe that internally generated funds and existing sources of liquidity are sufficient to meet current and anticipated financing requirements during the next 12 months.

Securitization Program and Off-Balance Sheet Transactions. Since January 1996, we have sold, sometimes through WFN Credit Company, LLC and WFN Funding Company II, LLC, substantially all of the credit card receivables owned by our credit card bank subsidiary, World Financial Network National Bank, to World Financial Network Credit Card Master Trust, World Financial Network Credit Card Master Note Trust, World Financial Network Credit Card Master Trust II and World Financial Network Credit Card Master Trust III, which we refer to as the WFN Trusts, as part of our securitization program. This securitization program is the primary vehicle through which we finance our private label credit card receivables.

As of March 31, 2008, the WFN Trusts had over \$3.3 billion of securitized credit card receivables. Securitizations require credit enhancements in the form of cash, spread deposits and additional receivables. The

Table of Contents

credit enhancement is principally based on the outstanding balances of the series issued by the WFN Trusts and by the performance of the private label credit cards in the securitization trust. During the period from November to January, the WFN Trusts are required to maintain a credit enhancement level of between 6% and 10% of securitized credit card receivables. Certain of the WFN Trusts are required to maintain a level of between 4% and 9% for the remainder of the year.

Certificates of Deposit. We utilize certificates of deposit to finance the operating activities and fund securitization enhancement requirements of our credit card bank subsidiaries, World Financial Network National Bank and World Financial Capital Bank. World Financial Network National Bank and World Financial Capital Bank issue certificates of deposit in denominations of \$100,000 in various maturities ranging between three months and two years and with effective annual fixed rates ranging from 3.6% to 5.7%. As of March 31, 2008, we had \$281.9 million of certificates of deposit outstanding. Certificate of deposit borrowings are subject to regulatory capital requirements.

Credit Facilities. On March 28, 2008, we entered into a third amendment to the Credit Agreement, dated as of January 24, 2007, which we refer to as the bridge loan. As amended, the bridge loan provided for loans in a maximum amount of \$300.0 million. The maturity date of the bridge loan was extended from March 31, 2008 to December 31, 2008. On March 17, 2008, we prepaid \$150.0 million of the principal amount of the bridge loan together with accrued interest thereon and pursuant to the terms of the bridge loan, such amounts are not available to be re-borrowed. In addition, the third amendment provides for two principal payments in the amount of \$25.0 million each on June 30, 2008 and September 30, 2008, respectively, and adjusts the margin applicable to base rate and Euro dollar loans as those set forth in Note 6 to our unaudited condensed consolidated financial statements. We borrowed on our revolving credit facility to prepay the \$150.0 million principal amount of the bridge loan but expect to fund these future principal payments from operating cash flow.

At March 31, 2008, we had borrowings of \$483.0 million outstanding under our credit facilities (with a weighted average interest rate of 4.3%), \$2.0 million in letters of credit outstanding, and we had available unused borrowing capacity of approximately \$205.0 million. These credit facilities limit our aggregate outstanding letters of credit to \$50.0 million.

We utilize our credit facilities and excess cash flows from operations to support our acquisition strategy and to fund working capital and capital expenditures. We were in compliance with the covenants under our credit facilities at March 31, 2008.

Recent Accounting Pronouncements

In December 2007, the FASB issued Statement of Financial Accounting Standards No. 141 (revised 2007) (SFAS No. 141R), Business Combinations and Statement of Financial Accounting Standards No. 160 Noncontrolling Interests in Consolidated Financial Statements, an amendment of Accounting Research Bulletin No. 51 (SFAS No. 160). SFAS No. 141R will change how business acquisitions are accounted for and will impact financial statements both on the acquisition date and in subsequent periods. SFAS No. 160 will change the accounting and reporting for minority interests, which will be recharacterized as noncontrolling interests and classified as a component of equity. Both statements are required to be adopted for the first annual reporting period beginning on or after December 15, 2008. Earlier adoption is prohibited. We are currently evaluating the impact that SFAS No. 141R and SFAS No. 160 will have on our consolidated financial statements.

In March 2008, the FASB issued Statement of Financial Accounting Standards No. 161, Disclosures about Derivative Instruments and Hedging Activities (SFAS No. 161). SFAS No. 161 is intended to improve financial reporting about derivative instruments and hedging activities by requiring enhanced disclosures to enable investors to better understand their effects on an entity's financial position, financial performance, and cash flows. The provisions of SFAS No. 161 are effective for financial statements issued for fiscal years and interim periods beginning after November 15, 2008, with early application encouraged. The Company does not expect the provisions of SFAS No. 161 to have a material impact on our consolidated financial statements.

Item 3. Quantitative and Qualitative Disclosures About Market Risk **Market Risk**

There has been no material change from our Annual Report on Form 10-K for the year ended December 31, 2007 related to our exposure to market risk from off-balance sheet risk, interest rate risk, credit risk, foreign currency exchange risk and redemption reward risk.

Item 4. Controls and Procedures **Evaluation**

As of March 31, 2008, we carried out an evaluation, under the supervision and with the participation of our management, including our Chief Executive Officer and Chief Financial Officer, of the effectiveness of the design and operation of our disclosure controls and procedures pursuant to Rule 13a-15 of the Securities Exchange Act of 1934. Based upon that evaluation, our Chief Executive Officer and Chief Financial Officer concluded that as of March 31, 2008, our disclosure controls and procedures are effective. Disclosure controls and procedures are controls and procedures designed to ensure that information required to be disclosed in our reports filed or submitted under the Securities Exchange Act of 1934 is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms and include controls and procedures designed to ensure that information we are required to disclose in such reports is accumulated and communicated to management, including our Chief Executive Officer and Chief Financial Officer, as appropriate to allow timely decisions regarding required disclosure.

There have been no changes in our internal control over financial reporting that occurred during our last fiscal quarter that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

FORWARD-LOOKING STATEMENTS

This Form 10-Q and the documents incorporated by reference herein contain forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. Such statements may use words such as anticipate, believe, estimate, expect, intend, predict, project and similar expressions as they relate to us or our management. When we make forward-looking statements, we are basing them on our management's beliefs and assumptions, using information currently available to us. Although we believe that the expectations reflected in the forward-looking statements are reasonable, these forward-looking statements are subject to risks, uncertainties and assumptions, including those discussed in the Risk Factors section in our Annual Report on Form 10-K for the year ended December 31, 2007 and Item 1A of this Quarterly Report.

If one or more of these or other risks or uncertainties materialize, or if our underlying assumptions prove to be incorrect, actual results may vary materially from what we projected. Any forward-looking statements contained in this quarterly report reflect our current views with respect to future events and are subject to these and other risks, uncertainties and assumptions relating to our operations, results of operations, growth strategy and liquidity. These risks, uncertainties and assumptions include those made with respect to and any developments related to the termination of the proposed merger with an affiliate of The Blackstone Group L.P., including risks and uncertainties arising from actions that the parties to the Merger Agreement may take in connection therewith. We have no intention, and disclaim any obligation, to update or revise any forward-looking statements, whether as a result of new information, future results or otherwise.

PART II

Item 1. Legal Proceedings.

We are aware of litigation arising from what were originally four lawsuits filed against the Company and its directors in connection with the Merger. On May 18, 2007, Sherryl Halpern filed a putative class action (cause no. 07-04689) on behalf of Company stockholders in the 68th Judicial District of Dallas County, Texas against the Company, all of its directors and The Blackstone Group (the Halpern Petition). On May 21, 2007, Levy Investments, Ltd. (Levy) filed a purported derivative lawsuit (cause no. 219-01742-07) on behalf of the Company in the 219th Judicial District of Collin County, Texas against all of the Company's directors and The Blackstone Group (the Levy Petition) (this suit was subsequently transferred to the 296th Judicial District of Collin County, Texas and assumed the cause no. 296-01742-07). On May 29, 2007, Linda Levine filed a putative class action (cause no. 07-05009) on behalf of Company stockholders in the 192nd Judicial District of Dallas County, Texas against the Company and all of its directors (the Levine Petition). On May 31, 2007, the J&V Charitable Remainder Trust filed a putative class action (cause no. 07-05127-F) on behalf of Company stockholders in the 116th Judicial District of Dallas County, Texas against the Company, all of its directors and The Blackstone Group (the J&V Petition).

The three putative class actions were consolidated in the 68th Judicial District Court of Dallas County, Texas (the Court) under the caption In re Alliance Data Corp. Class Action Litigation, No. 07-04689. On July 16, 2007, a consolidated class action petition was filed seeking a declaration that the action was a proper class action, an order preliminarily and permanently enjoining the Merger, a declaration that the director defendants breached their fiduciary duties and an award of fees, expenses and costs. The Company and its directors filed general denials in response to the putative class actions.

The derivative action filed by Levy was voluntarily dismissed and refiled in Dallas County (cause no. 07-06794), and was subsequently transferred to the Court. On July 18, 2007, Levy filed an amended derivative petition seeking an injunction preventing consummation of the Merger, an order directing the director defendants to exercise their fiduciary duties to obtain a transaction beneficial to the Company and its stockholders, a declaration that the Merger Agreement was entered into in breach of the director defendants' fiduciary duties and is unlawful and unenforceable, an order rescinding the Merger Agreement, the imposition of a constructive trust upon any benefits improperly received by the director defendants and an award of costs and disbursements, including reasonable attorneys' and experts' fees. On July 24, 2007, the Company and its directors filed their Motion to Abate, Plea to the Jurisdiction and Special Exceptions to the derivative action.

On July 12, 2007, class plaintiffs filed a motion to enjoin the scheduled August 8, 2007 special meeting of stockholders at which stockholders would be asked to vote to adopt the Merger Agreement. On July 20, 2007, Levy filed a motion reflecting its similar demand. On July 27, 2007, the Company and its directors filed an opposition brief to both motions. The Company continued to deny all of the allegations in the consolidated class action petition and the amended derivative petition, contended that the asserted claims were baseless and strongly believed that its disclosures in the Company's definitive proxy statement filed with the SEC on July 5, 2007 (the Definitive Proxy) were appropriate and adequate under applicable law. Nevertheless, in order to lessen the risk of any delay of the closing of the Merger as a result of the litigation, the Company made available to its stockholders certain additional information in connection with the Merger, which was filed with the SEC on July 27, 2007 and subsequently mailed to stockholders on or about July 28, 2007 (the Proxy Supplement). Class action and derivative plaintiffs subsequently withdrew their motions to enjoin the August 8, 2007 special meeting of stockholders.

Subsequently, on August 7, 2007, Levy filed an Application for Attorneys' Fees, stating that the substantive issues in the case had been resolved and seeking \$750,000 in attorney's fees. Levy alleged that its lawsuit caused the Company to issue the Proxy Supplement, which, Levy contended, contained material disclosures critical to the stockholders' assessment of the fairness of the Merger. Levy filed a Second Amended Petition and Amended Application for Attorney's Fees on October 25, 2007, replacing Levy Investments with Yona Levy as plaintiff. In

Table of Contents

late December 2007, the parties reached a tentative settlement wherein the Company agreed to pay derivative plaintiffs' counsel \$290,000 as consideration for their contribution to the issuance of the Proxy Supplement. The settlement includes a mutual release between the Company and Yona Levy, in his individual capacity and in his derivative capacity as a stockholder of the Company. An order approving the settlement and a judgment dismissing the derivative claims were entered on January 31, 2008.

On August 14, 2007, class plaintiffs filed a Second Amended Petition, in which they withdrew all prior claims but added a claim for an equitable award of attorney's fees. Similar to Levy, class plaintiffs allege that their lawsuits caused the Company to issue the Proxy Supplement, and that the supplement constituted a benefit to the Company, its directors and stockholders for which class plaintiffs' attorneys should be compensated. In mid-December 2007, the parties reached a tentative settlement wherein the Company agreed to pay class plaintiffs' counsel \$380,000 as consideration for their contribution to the issuance of the Proxy Supplement. The parties are in the process of finalizing a stipulation of settlement, which must be approved by the Court.

We continue to contend that the disclosures in the Definitive Proxy were appropriate and adequate, and that we made the Proxy Supplement available to stockholders solely to lessen the risk of any delay of the closing of the Merger as a result of the litigation. We deny that the Proxy Supplement contained any material disclosures or constituted any benefit to the Company, its directors or its stockholders.

On January 30, 2008, we filed a lawsuit against the Blackstone Entities in the Delaware Court of Chancery, seeking specific performance to compel the Blackstone Entities to comply with their obligations under the Merger Agreement, including their covenants to obtain required regulatory approvals and to consummate the Merger. On February 8, 2008, we filed a motion to dismiss this lawsuit without prejudice in response to the Blackstone Entities' confirmation of their commitment to work to consummate the Merger.

On March 17, 2008, we notified the Blackstone Entities that they were in breach of the Merger Agreement and demanded that the Blackstone Entities cure the breaches including, among other things, obtaining required regulatory approvals from the Office of the Comptroller of the Currency and the Federal Deposit Insurance Corporation.

On April 18, 2008, Parent repudiated the Merger Agreement by sending us a notice purporting to terminate the contract. The notice of termination was ineffective because the Merger Agreement cannot be terminated under the relevant termination provision by a party that is in breach. Subsequently, on April 18, 2008, we terminated the Merger Agreement because of the Blackstone Entities' repudiation and their refusal to timely cure their breaches and perform their covenants and agreements, thereby causing specified closing conditions not to be satisfied.

Pursuant to the Merger Agreement, if we terminate the Merger Agreement as a result of Parent or Merger Sub's breach or failure to perform that causes specified closing conditions not to be satisfied, Parent is required to pay, or cause to be paid, to us a fee of \$170.0 million (the Business Interruption Fee). Blackstone Capital Partners V L.P. (BCP V) provided a limited guarantee pursuant to which, among other things, BCP V guarantees payment of the Business Interruption Fee and up to \$3.0 million of other amounts for which the Blackstone Entities are liable under the Merger Agreement. We have demanded that Parent pay the Business Interruption Fee, and commenced litigation on April 18, 2008 seeking full and timely payment of this fee by BCP V, as guarantor of the fee, in the New York State Supreme Court.

On April 21, 2008, the Blackstone Entities filed an action for declaratory judgment in the Delaware Court of Chancery against us seeking an order declaring that, among other things, the Blackstone Entities are not in breach of the Merger Agreement and that they are not obligated to pay the Business Interruption Fee.

In addition, from time to time we are involved in various claims and lawsuits arising in the ordinary course of our business that we believe will not have a material adverse affect on our business or financial condition, including claims and lawsuits alleging breaches of our contractual obligations.

Table of Contents**Item 1A. Risk Factors.**

Other than as set forth below, there have been no material changes to the Risk Factors previously disclosed in our Annual Report on Form 10-K for the year ended December 31, 2007.

Litigation in connection with the Merger Agreement is costly and could be disruptive to our business.

We are currently pursuing legal action against Blackstone Capital Partners V L.P. in connection with the termination of the Merger Agreement, as discussed above under Item 1. Legal Proceedings. Further, we may be exposed to additional litigation claims relating to the proposed Merger and the termination of the Merger Agreement. Regardless of the outcome, we have and may continue to incur substantial expenses in connection with such litigation. In addition, the potential of such litigation to divert the time and attention of our management from our day-to-day business is substantial. As with any litigation, we cannot predict with certainty the outcome of the proceedings, but the costs and energy expended for such litigation could have a material negative impact on our results of operations and financial condition and could adversely affect our stock price.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds.

During 2005 and 2006 our Board of Directors authorized three stock repurchase programs to acquire up to an aggregate of \$900.0 million of our outstanding common stock through December 2008, as more fully described in the footnote to the table below. As of March 31, 2008, we had repurchased 8,605,552 shares of our common stock for approximately \$403.3 million under these programs. The following table presents information with respect to those purchases of our common stock made during the three months ended March 31, 2008.

Period	Total Number of Shares Purchased ⁽¹⁾	Average Price Paid per Share	Total Number of Shares Purchased as Part of Publicly Announced Plans or Programs	Approximate Dollar Value of Shares that May
				Yet Be Purchased Under the Plans or Programs ⁽²⁾⁽³⁾ (in millions)
During 2008:				
January	18,287	\$ 53.38		\$ 496.7
February	10,740	53.36		496.7
March	11,308	46.69		496.7
Total	40,335	\$ 51.50		\$ 496.7

- (1) During the period represented by the table, 40,335 shares of our common stock were purchased by the administrator of our 401(k) and Retirement Saving Plan for the benefit of the employees who participated in that portion of the plan.
- (2) On June 9, 2005, we announced that our Board of Directors authorized a stock repurchase program to acquire up to \$80.0 million of our outstanding common stock through June 2006. As of the expiration of the program, we acquired the full amount available under this program. On October 27, 2005, we announced that our Board of Directors authorized a second stock repurchase program to acquire up to an additional \$220.0 million of our outstanding common stock through October 2006. On October 3, 2006, we announced that our Board of Directors authorized a third stock repurchase program to acquire up to an additional \$600.0 million of our outstanding common stock through December 2008, in addition to any amount remaining available at the expiration of the second stock repurchase program. As of December 31, 2007, we had repurchased 8,605,552 shares of our common stock for approximately \$403.3 million under these programs.
- (3) Per the terms of the Merger Agreement, we agreed that from May 17, 2007 until the effective time of the Merger or the expiration or termination of the Merger Agreement, which occurred on April 18, 2008, with certain exceptions, that we would not purchase any of our capital stock, which included suspension of any repurchases under the third stock repurchase program or otherwise. On May 6, 2008, the Board of Directors authorized reinstating the third stock repurchase program. Debt covenants in our credit facilities also

restrict the amount of funds that we have available for repurchases of our common stock in any calendar year. The limitation for each calendar year was \$200.0 million beginning with 2006, increasing to \$250.0 million in 2007 and \$300.0 million in 2008, conditioned on certain increases in our Consolidated Operating EBITDA as defined in the credit facilities. In addition, amounts available but not utilized for repurchases in any calendar year may be carried over for use in the immediately succeeding fiscal year.
