Per Share	\$0.47	\$0.96
Long-Term Capital Gains	\$423,463	\$1,504,189
Per Share	\$0.05	\$0.16

The Fund

Western Asset Income Fund (the Fund) is a closed-end, diversified management investment company which seeks for its shareholders a high level of current income through investment in a diversified portfolio of debt securities. Substantially all of the Fund's net investment income is distributed to its shareholders. A Dividend Reinvestment Plan is available to those shareholders of record desiring it. The Fund's common shares are listed on the New York Stock Exchange (NYSE) where they trade under the symbol PAI, and price quotations can be found in publications under the abbreviation WstAssetIncoFd.

Investment Policies

The Fund's investment policies provide that at the time of purchase, its portfolio must be invested in accordance with the following:

At least 75% of the Fund's total assets in debt securities rated within the four highest grades, and in government securities, bank debt, commercial paper, cash or cash equivalents.

Up to 25% in other fixed income securities, convertible bonds, convertible preferred and preferred stock.

Not more than 25% in securities restricted as to resale.

Dividend Reinvestment Plan and Optional Cash Investment Service

The Fund and Computershare Trust Company, N.A. (Computershare or the Agent), as the Transfer Agent and Registrar of the Fund, offer two convenient ways to add shares of the Fund to your account. First, the Fund offers to all shareholders a Dividend Reinvestment Plan (Plan). Under the Plan, cash distributions (e.g., dividends and capital gains) are automatically invested in shares of the Fund unless the shareholder elects otherwise. Second, the Fund offers to registered shareholders (those who own shares in their own name on the Fund's records) the option to purchase additional whole and partial shares of the Fund through the Optional Cash Investment Service (Optional Cash Investment Service).

Dividend Reinvestment Plan

As a participant in the Dividend Reinvestment Plan, you will automatically receive your dividend or net capital gains distribution in newly issued shares of the Fund if the market price of a share on the date of the distribution is at or above the net asset value (NAV) of a Fund share, minus estimated brokerage commissions that would be incurred upon the purchase of Fund shares on the open market. The number of shares to be issued to you will be determined by dividing the amount of the cash distribution to which you are entitled (net of any applicable withholding taxes) by the greater of the NAV per share on such date or 95% of the market price of a share on such date. If the market price of a share on such distribution date is below the NAV, minus estimated brokerage commissions that would be incurred upon the purchase of Fund shares on the open market, the Agent will, as agent for the participants, buy shares of the Fund s stock through a broker on the open market. The price per share of shares purchased for each participant s account with respect to a particular dividend or other distribution will be the average price (including brokerage commissions, transfer taxes and any other costs of purchase) of all shares purchased with respect to that dividend or other distribution. All shares of common stock acquired on your behalf through the Plan will be automatically credited to an account maintained on the books of the Agent. Full and fractional shares will be voted by Computershare in accordance with your instructions.

Semi-Annual Report to Shareholders

Fund Highlights Continued

Optional Cash Investment Service

Under the Optional Cash Investment Service (offered to registered shareholders only), funds received from shareholders for stock purchases will be pooled once per month. The Agent will then purchase shares of the Fund's stock through a broker on the open market. For the purposes of making purchases, the Agent will commingle each participant's funds with those of all other participants in the Plan. The Agent will hold the total shares purchased for all participants in its name or the name of its nominee and will have no responsibility for the value of such shares after their purchase.

Beneficial shareholders (those who own shares held in a brokerage, bank or other financial institution account) are not eligible to participate in this option because there is no way to make payments through a broker, bank or nominee. A beneficial shareholder may, however, have his or her shares taken out of street name and re-register such shares in his or her own name, becoming a registered shareholder in order to participate. If you wish to do so, please contact your broker, bank or nominee.

Additional Information Regarding the Plan and the Optional Cash Investment Service

The Fund will pay all costs applicable to the Plan and Optional Cash Investment Service, with the exceptions noted below. Brokerage commissions, transfer taxes and any other costs of purchase or sale by the Agent under the Plan or Optional Cash Investment Service will be charged to participants. In the event the Fund determines to no longer pay such costs, the Agent will terminate the Plan and Optional Cash Investment Service and may, but is not obligated to, offer a new plan under which it would impose a direct service charge on participants.

All shares acquired through the Plan or the Optional Cash Investment Service receive voting rights and are eligible for any stock split, stock dividend, or other rights accruing to shareholders that the Board of Directors may declare.

You may terminate participation in the Plan or the Optional Cash Investment Service at any time by giving written notice to the Agent. Such termination will be effective prior to the record date next succeeding the receipt of such instructions or by a later date of termination specified in such instructions. Upon termination, a participant may request a certificate for the full shares credited to his or her account or may request the sale of all or part of such shares. If the participant instructs the Agent to sell the shares credited to the participant's account, the Agent may accumulate such shares and those of any other terminating participants for purposes of such sale. Brokerage charges, transfer taxes, and any other costs of sale will be allocated pro rata among the selling participants. Any such sale may be made on any securities exchange where such shares are traded, in the over-the-counter market or in negotiated transactions, and may be subject to such terms of price, delivery, etc., as the Agent may agree to. Fractional shares credited to a terminating account will be paid for in cash at the current market price at the time of termination.

Dividends and other distributions invested in additional shares under the Plan are subject to income tax just as if they had been received in cash. After year end, dividends paid on the accumulated shares will be included in the Form 1099-DIV information return to the Internal Revenue Service and only one Form 1099-DIV will be sent to each participant each year.

Inquiries regarding the Plan and the Optional Cash Investment Service, as well as notices of termination, should be directed to Computershare Trust Company, N.A., P.O. Box 43010, Providence, RI 02940-3010 Investor Relations, telephone number 1-866-290-4386.

Schedule of Portfolio Holdings

The Fund files a complete schedule of its portfolio holdings with the SEC for the first and third quarters of each fiscal year on Form N-Q. You may obtain a free copy of the Fund's Form N-Q by calling 1-800-799-4932 or by writing to the Fund, or you may obtain a copy of this report (and other information relating to the Fund) from the Securities and Exchange Commission's (SEC) website (<http://www.sec.gov>). Additionally, the Fund's Form N-Q can be viewed or copied at the SEC's Public Reference Room in Washington D.C. Information about the operation of the Public Reference Room can be obtained by calling 1-202-551-8090.

Proxy Voting

You may request a free description of the policies and procedures that the Fund uses to determine how proxies relating to the Fund's portfolio securities are voted by calling 1-800-799-4932 or by writing to the Fund, or you may obtain a copy of these policies and procedures (and other information regarding the Fund) from the SEC's web site (<http://www.sec.gov>). You may

Semi-Annual Report to Shareholders

request a free report regarding how the Fund voted proxies relating to portfolio securities during the most recent twelve-month period ended June 30 by calling 1-800-799-4932 or by writing to the Fund, or you may obtain a copy of this report (and other information relating to the Fund) from the SEC's website (<http://www.sec.gov>).

Quarterly Comparison of Market Price and Net Asset Value ("NAV"), Discount or Premium to NAV and Average Daily Volume of Shares Traded

N.M. Not Meaningful.

^A All or a portion of this security is on loan.

^B Rule 144A Security A security purchased pursuant to Rule 144A under the Securities Act of 1933 which may not be resold subject to that rule except to qualified institutional buyers. These securities, which the Fund's investment adviser has determined to be liquid, represent 25.59% of net assets.

^C Indexed Security The rates of interest earned on these securities are tied to the London Interbank Offered Rate (LIBOR), the Euro Interbank, the Consumer Price Index (CPI), or the one-year Treasury Bill Rate. The coupon rates are the rates as of June 30, 2008.

^D Stepped Coupon Security A security with a predetermined schedule of interest or dividend rate changes at which time it begins to accrue interest or pay dividends according to the predetermined schedule.

^E Credit Linked Security The rates of interest earned on these securities are tied to the credit rating assigned by Standard & Poor's Rating Service and/or Moody's Investors Services.

^F Illiquid security valued at fair value under the procedures approved by the Board of Directors.

^G The coupon rates shown on variable rate securities are the rates at June 30, 2008. These rates vary with the weighted average coupon of the underlying loans.

^H Yankee Bond A dollar-denominated bond issued in the U.S. by foreign entities.

^I Aggregate cost for federal income tax purposes is substantially the same as book cost. At June 30, 2008, the aggregate gross unrealized appreciation and depreciation of investments for federal income tax purposes were substantially as follows:

Gross unrealized appreciation	\$ 2,278,451
Gross unrealized depreciation	(12,173,366)
Net unrealized appreciation	\$ 9,894,915

See notes to financial statements.

Semi-Annual Report to Shareholders

Notes to Financial Statements

(Unaudited)

1. Significant Accounting Policies:

Western Asset Income Fund (the Fund) is registered under the Investment Company Act of 1940, as amended (1940 Act), as a closed-end diversified investment company.

The Fund's primary investment objective is to provide current income for its shareholders. Capital appreciation, when consistent with current income, is a secondary investment objective.

The following is a summary of significant accounting policies followed by the Fund in the preparation of its financial statements:

Investment Valuation

The Fund's securities are valued under policies approved by and under the general oversight of the Board of Directors. Effective January 1, 2008, the Fund adopted Statement of Financial Accounting Standards No. 157 (FAS 157). FAS 157 establishes a single definition of fair value, creates a three-tier hierarchy as a framework for measuring fair value based on inputs used to value the Fund's investments, and requires additional disclosure about fair value. The hierarchy of inputs is summarized below.

Level 1 quoted prices in active markets for identical investments

Level 2 other significant observable inputs (including quoted prices for similar investments, interest rates, prepayment speeds, credit risk, etc.)

Level 3 significant unobservable inputs (including the Fund's own assumptions in determining the fair value of investments)

Debt securities are valued at the last quoted bid prices provided by an independent pricing service that are based on transactions in debt obligations, quotations from bond dealers, market transactions in comparable securities and various other relationships between securities. Equity securities for which market quotations are available are valued at the last sale price or official closing price on the primary market or exchange on which they trade. When prices are not readily available, or are determined not to reflect fair value, such as when the value of a security has been significantly affected by events after the close of the exchange or market on which the security is principally traded, but before the Fund calculates its net asset value, the Fund may value these securities at fair value as determined in accordance with the procedures approved by the Fund's Board of Directors.

The following is a summary of the inputs used in valuing the Fund's assets carried at fair value:

6/30/2008	Quoted Prices (Level 1)	Other Significant Observable	Significant Unobservable Inputs
-----------	-------------------------------	------------------------------------	---------------------------------------

Edgar Filing: Western Asset Income Fund - Form N-CSRS

			Inputs (Level 2)	(Level 3)
Investments in Securities	\$ 143,926,144	\$ 672,503	\$ 143,253,641	\$
Total	\$ 143,926,144	\$ 672,503	\$ 143,253,641	\$

Security Transactions

Security transactions are accounted for as of the trade date. Realized gains and losses from security transactions are reported on an identified cost basis for both financial reporting and federal income tax purposes.

For the six months ended June 30, 2008, security transactions (excluding short-term investments) were as follows:

	Purchases		Proceeds From Sales	
U.S. Gov t Securities		Other	U.S. Gov t Securities	Other
\$224,569		\$ 12,872,344	\$ 227,032	\$ 18,839,339

Foreign Currency Translation

Assets and liabilities initially expressed in non-U.S. currencies are translated into U.S. dollars using currency exchange rates determined prior to the close of trading on the New York Stock Exchange, usually at 2:00 p.m. Eastern time. Purchases and sales

Semi-Annual Report to Shareholders

of securities and income and expenses are translated into U.S. dollars at the prevailing market rates on the dates of such transactions. The effects of changes in non-U.S. currency exchange rates on investment securities and other assets and liabilities are included with the net realized and unrealized gain or loss on investment securities.

Repurchase Agreements

The Fund may engage in repurchase agreement transactions. Under the terms of a typical repurchase agreement, a fund takes possession of an underlying debt obligation subject to an obligation of the seller to repurchase, and the fund to resell, the obligation at an agreed-upon price and time, thereby determining the yield during the fund's holding period. This arrangement results in a fixed rate of return that is not subject to market fluctuations during the fund's holding period. The value of the collateral is at all times at least equal to the total amount of the repurchase obligation, including interest. In the event of counterparty default, a fund has the right to use the collateral to satisfy the terms of the repurchase agreement. However, there could be potential loss to the fund in the event the fund is delayed or prevented from exercising its right to dispose of the collateral securities, including the risk of a possible decline in the value of the collateral securities during the period in which the fund seeks to assert its rights. The Fund's investment adviser reviews the value of the collateral and the creditworthiness of those banks and dealers with which the Fund enters into repurchase agreements to evaluate potential risks.

Distributions to Common Shareholders

Investment income and distributions to shareholders are recorded on the ex-dividend date. Dividends from net investment income are declared and paid monthly. Net capital gain distributions are declared and paid after the end of the tax year in which the gain is realized. An additional distribution may be made in December to the extent necessary in order to comply with federal excise tax requirements. Distributions are determined in accordance with federal income tax regulations, which may differ from those determined in accordance with accounting principles generally accepted in the United States of America; accordingly, periodic reclassifications are made within the Fund's capital accounts to reflect income and gains available for distribution under federal income tax regulations. Interest income and expenses are recorded on the accrual basis. Bond discounts and premiums are amortized and included in interest income for financial reporting and federal income tax purposes.

Compensating Balance Credits

The Fund has an arrangement with its custodian bank, whereby a portion of the custodian's fee is paid indirectly by credits earned on the Fund's cash on deposit with the bank. This deposit arrangement is an alternative to purchasing overnight investments.

Use of Estimates

The preparation of the financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts and disclosures in the financial statements. Actual results could differ from these estimates.

Credit and Market Risk

Investments in structured securities collateralized by residential real estate mortgages are subject to certain credit and liquidity risks. When market conditions result in an increase in default rates of the underlying mortgages and the foreclosure values of underlying real estate properties are materially below the outstanding amount of these underlying mortgages, collection of accrued interest and principal on these investments may be doubtful. Such market conditions may significantly impair the value of these investments resulting in a lack of correlation between their

credit ratings and values.

Other

In the normal course of business, the Fund enters into contracts that provide general indemnifications. The Fund's maximum exposure under these arrangements is dependent upon claims that may be made against the Fund in the future and, therefore, cannot be estimated; however, based on experience, the risk of material loss from such claims is considered remote.

2. Federal Income Taxes:

It is the Fund's policy to continue to comply with the federal income and excise tax requirements of the Internal Revenue Code of 1986, as amended, applicable to regulated investment companies. Accordingly, the Fund intends to distribute substantially all of its income and net realized gains on investments, if any, to shareholders each year. Therefore, no federal income tax provision is required in the Fund's financial statements.

Semi-Annual Report to Shareholders

Notes to Financial Statements Continued

Management has analyzed the Fund's tax positions taken on federal income tax returns for all open tax years and has concluded that as of June 30, 2008 no provision for income tax would be required in the Fund's financial statements. The Fund's federal and state income and federal excise tax returns for tax years for which the applicable statutes of limitations have not expired are subject to examination by the Internal Revenue Service and state departments of revenue.

The amount and character of tax-basis distributions and composition of net assets are finalized at fiscal year-end; accordingly, tax basis balances have not been determined as of June 30, 2008.

3. Forward Currency Exchange Contracts:

Forward foreign currency contracts are marked-to-market daily using forward foreign currency exchange rates supplied by an independent pricing service. The change in a contract's market value is recorded by the Fund as an unrealized gain or loss. When the contract is closed or delivery is taken, the Fund records a realized gain or loss equal to the difference between the value of the contract at the time it was opened and the value at the time it was closed.

The use of forward foreign currency contracts does not eliminate fluctuations in the underlying prices of the Fund's securities, but it does establish a rate of exchange that can be achieved in the future. These forward foreign currency contracts involve market risk in excess of amounts reflected in the financial statements. Although forward foreign currency contracts used for hedging purposes limit the risk of loss due to a decline in the value of the hedged currency, they also limit any potential gain that might result should the value of the currency increase. In addition, the Fund could be exposed to risks if the counterparties to the contracts are unable to meet the terms of their contracts.

At June 30, 2008, the Fund had no open forward foreign currency exchange contracts.

4. Common Shares:

Of the 9,389,431 shares of common stock outstanding at June 30, 2008, the Adviser owns 213,100 shares.

5. Securities Lending:

The Fund lends its securities to approved brokers to earn additional income and receives cash and U.S. government securities as collateral against the loans. Cash collateral received is invested in a money market pooled account by the Fund's leading agent. Collateral is maintained over the life of the loan in an amount not less than 100% of the value of the loaned securities. Such collateral is in the possession of the Fund's custodian. Cash is invested in the State Street Navigator Securities Lending Prime Portfolio and is included in the Fund's Portfolio of Investments. As with other extensions of credit, the Fund may bear the risk of delay in recovery or even loss of rights to the collateral should the borrower of the securities fail financially.

6. Transactions with Affiliates and Certain Other Parties:

The Fund has entered into an Investment Advisory Agreement with Western Asset Management Company (Adviser), which is a wholly owned subsidiary of Legg Mason, Inc., pursuant to which the Adviser provides investment advice and administrative services to the Fund. In return for its services, the Fund pays the Adviser a monthly fee at an annual rate of 0.70% of the average monthly net assets of the Fund up to \$60,000,000 and 0.40% of such net assets in excess of \$60,000,000. If expenses (including the Adviser's fee but excluding interest, taxes, brokerage fees, the expenses of any offering by the Fund of its securities, and extraordinary expenses beyond the control of the Fund) borne by the Fund in any fiscal year exceed 1.5% of average net assets up to \$30,000,000 and 1% of average net assets over \$30,000,000 the Adviser has contractually agreed to reimburse the Fund for any excess.

The Adviser voluntarily waived expenses amounting to \$12,000 for the six months ended June 30, 2008.

Western Asset Management Company Limited (WAML) provides the Fund with investment research, advice, management and supervision and a continuous investment program for the Fund's portfolio of non-dollar securities consistent with the Fund's investment objectives and policies. As compensation, the Adviser pays WAML a fee based on the pro rata assets of the Fund managed by WAML during the month.

Semi-Annual Report to Shareholders

Under the terms of an Administrative Services Agreement among the Fund, the Adviser, and Legg Mason Fund Adviser, Inc. (Administrator), the Adviser (not the Fund) pays the Administrator a monthly fee of \$3,000, an annual rate of \$36,000.

7. Director Compensation:

Each Director of the Fund who is not an interested person (as defined in the 1940 Act) of the Fund, Western Asset or WAML receives an aggregate fee of \$70,000 annually for serving on the combined Board of Directors/Trustees of the Fund, Western Asset Funds, Inc. and Western Asset Premier Bond Fund. Each Director also receives a fee of \$7,500 and related expenses for each meeting of the Board attended in-person and a fee of \$2,500 for participating in each telephonic meeting. The Chairman of the Board and the Chairman of the Audit Committee each receive an additional \$25,000 per year for serving in such capacities. Each member of the Audit Committee receives a fee of \$6,000 for serving as a member of the Audit Committee. Other committee members receive a fee of \$3,000 for serving as a member of each committee upon which they serve. Committee members also receive a fee of \$2,500 for participating in each telephonic committee meeting. All such fees are allocated among the Fund, Western Asset Funds, Inc. and Western Asset Premier Bond Fund according to each such investment company's average annual net assets. Director Ronald Olson receives from Western Asset an aggregate fee of \$70,000 annually for serving on the combined Board of Directors/Trustees of the Fund, Western Asset Funds, Inc. and Western Asset Premier Bond Fund, as well as a fee of \$7,500 and related expenses for each meeting of the Board attended in person and a fee of \$2,500 for participating in each telephonic meeting.

8. Recent Accounting Pronouncements:

In June 2006, the Financial Accounting Standards Board (FASB) issued FASB Interpretation 48 (FIN 48 or the Interpretation), *Accounting for Uncertainty in Income Taxes - an interpretation of FASB Statement 109*. FIN 48 supplements FASB Statement 109, *Accounting for Income Taxes* and establishes financial reporting rules regarding recognition, measurement, presentation, and disclosure in its financial statements of tax positions that a fund has taken or expects to take on a tax return. Fin 48 became effective for fiscal periods beginning after December 15, 2006. Effective January 1, 2007, the Fund adopted Fin 48. There was no material impact to the financial statements or disclosure there to as a result of this adoption.

In March 2008, the FASB issued the Statement of Financial Accounting Standards No. 161, *Disclosures about Derivative Instruments and Hedging Activities* (FAS 161). FAS 161 is effective for fiscal years and interim periods beginning after November 15, 2008. FAS 161 requires enhanced disclosures about the Fund's derivative and hedging activities, including how such activities are accounted for and their effect on the Fund's financial position, performance and cash flows. Management is currently evaluating the impact the adoption of FAS 161 will have on the Fund's financial statements and related disclosures.

9. Shareholder Meeting Results:

The Fund's annual meeting of shareholders was held on May 6, 2008. Of the 9,389,431 common shares outstanding, the following shares were voted at the meeting:

Election of Directors:

Director Nominee	For	Withheld
Ronald J. Arnault	7,566,920	159,148

Edgar Filing: Western Asset Income Fund - Form N-CSRS

Anita L. DeFrantz	7,561,918	164,150
R. Jay Gerken	7,577,092	148,977
Ronald L. Olson	7,570,608	155,461
Avedick B. Poladian	7,553,963	172,106
William E.B. Siart	7,568,043	158,025
Jaynie Miller Studenmund	7,545,485	180,584

In the Proxy Statement for the Fund's annual shareholder meeting held on May 6, 2008 meeting, it was reported incorrectly that Anita L. DeFrantz made a late Form 4 filing.
