Our reportable segments are based on geographic operations in six regions: Latin America; North America; Central & Eastern Europe; Western Europe, Middle East & Africa; Asia Pacific; and China. We centrally manage global Brand Marketing, Supply Chain and Sales organizations. Beginning in the fourth quarter of 2008, we changed our product categories from Beauty, Beauty Plus and Beyond Beauty to Beauty, Fashion and Home. Beauty consists of cosmetics, fragrances, skin care and toiletries. Fashion consists of fashion jewelry, watches, apparel, footwear and accessories. Home consists of gift and decorative products, housewares, entertainment and leisure, children's and nutritional products. Sales from Health and Wellness products and *mark.*, a global cosmetics brand that focuses on the market for young women, are included among these three categories based on product type. Sales are made to the ultimate consumer principally through the direct selling by 5.8 million active independent Representatives, who are independent contractors and not employees of Avon. The success of our business is highly dependent on recruiting, retaining and servicing our Representatives.

RISK FACTORS

We believe that the following factors may affect our ability to fulfill our obligations under the Notes. All of these factors are contingencies which may or may not occur and we are not in a position to express a view on the likelihood of any such contingency occurring. Factors which we believe may be material for the purpose of assessing the market risks associated with our notes are also described below.

We believe that the factors described below, together with the risk factors included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2008, which are incorporated by reference herein, represent the principal risks inherent in investing in the Notes, but we do not represent that the statements below regarding the risks of holding any Notes are exhaustive. Prospective investors should also read the detailed information set out elsewhere in this prospectus supplement and the accompanying prospectus (including any documents incorporated by reference herein and therein) and reach their own views prior to making any investment decision.

The Indenture governing the Notes does not restrict our ability or our subsidiaries' ability to incur additional indebtedness or issue preferred stock. The Notes will be structurally subordinated to the existing and future indebtedness of our subsidiaries.

The Indenture governing the Notes does not limit our ability or the ability of our subsidiaries to incur additional indebtedness or issue preferred stock. Accordingly, we or our subsidiaries could enter into acquisitions, refinancings, recapitalizations or other highly leveraged transactions that could significantly increase our or our subsidiaries' total amount of outstanding debt. The interest payments needed to service this increased level of indebtedness could have a material adverse effect on our or our subsidiaries' operating results. A highly leveraged capital structure could also impair our or our subsidiaries' overall credit quality, making it more difficult for us to finance our operations or issue future indebtedness on favorable terms, and could result in a downgrade in the ratings of our indebtedness, including the Notes, by rating agencies. Further, if any of our or our subsidiaries' indebtedness is accelerated due to an event of default under such indebtedness and such acceleration results in an event of default under some or all of our other indebtedness, including the Notes, we may not have sufficient funds to repay all of the accelerated indebtedness and the Notes simultaneously.

Claims of creditors of our subsidiaries will have priority over your claims with respect to the assets and earnings of our subsidiaries. Our subsidiaries are separate and distinct legal entities, and have no obligation to pay any amounts due on the Notes or to provide us with funds for our payment obligations. Our right to receive any assets of any of our subsidiaries, upon their liquidation or reorganization, and therefore the right of the holders of the Notes to participate in those assets, will be effectively subordinated to the claims of that subsidiary's creditors.

We may not have the ability to raise the funds necessary to finance the change of control offer required by the Indenture.

Upon the occurrence of a Change of Control Repurchase Event (as defined herein), we will be required to offer to repurchase all outstanding Notes at 101% of the principal amount thereof plus accrued and unpaid interest, if any, to the date of repurchase. However, it is possible that we will not have sufficient funds at the time of the Change of Control (as defined herein) to make the required repurchase of Notes or that restrictions in our then existing debt instruments will not allow such repurchases. In addition, certain important corporate events, such as acquisitions, refinancings, recapitalizations or other highly leveraged transactions that would increase the level of our indebtedness, would not constitute a Change of Control under the Indenture. See Description of Notes Repurchase upon Change of Control Repurchase Event.

Table of Contents

If an active trading market does not develop for the Notes you may not be able to resell them.

Prior to this offering, there was no public market for the Notes. If no active trading market develops, you may not be able to resell your Notes at their fair market value or at all. Future trading prices of the Notes will depend on many factors, including, among other things, prevailing interest rates, our operating results and the market for similar securities. We have been informed by the underwriters that they currently intend to make a market in the Notes after this offering is completed. However, the underwriters may cease their market-making at any time.

USE OF PROCEEDS

We estimate that the net proceeds we will receive from this offering will be approximately \$836,611,000, after deducting underwriting discounts and commissions and estimated expenses of the offering payable by us. We intend to use the net proceeds from this offering for the repayment of outstanding indebtedness under our commercial paper program and for general corporate purposes. At December 31, 2008, we had commercial paper outstanding of \$499.7 million at a weighted average annual interest rate of 0.656% and a weighted average maturity of approximately 14 days.

CONSOLIDATED RATIO OF EARNINGS TO FIXED CHARGES

The following table sets forth our consolidated ratios of earnings to fixed charges for the years indicated:

	Year Ended December 31,				
	2004	2005	2006	2007	2008
Consolidated Ratio of Earnings to Fixed Charges ⁽¹⁾	16.9	12.3	6.0	6.2	9.3

⁽¹⁾ We currently do not have any preference securities outstanding and we did not pay or accrue any preference dividends during the years presented above.

For purposes of computing the ratio of earnings to fixed charges, earnings consist of earnings before income taxes, minority interest and cumulative effect of accounting changes, plus fixed charges and the amortization of capitalized interest. Fixed charges consist of interest incurred on indebtedness, amortization of debt discount, fees and expenses plus one-third of the rental expense from operating leases, which management believes is a reasonable approximation of the interest component of rental expense. The ratios of earnings to fixed charges are calculated as follows:

(Income before income taxes, minority interest and cumulative effect of accounting changes)

+ (Fixed charges) + (Amortization of capitalized interest)

(Fixed charges)

The following description of the particular terms of the Notes supplements the description in the accompanying prospectus of the general terms and provisions of our debt securities. The redemption price will be equal to the greater of (1) 100% of the principal amount of the Notes to be redeemed or (2) the sum of the present values of the Remaining Scheduled Payments (as defined below) on those Notes discounted, on a semi-annual basis (assuming a 360-day year consisting of twelve 30-day months), at a rate equal to the sum of the applicable Treasury Rate (as defined below) plus 50 basis points with respect to any 2014 Notes being redeemed and at a rate equal to the sum of the applicable Treasury Rate plus 50 basis points with respect to any 2019 Notes being redeemed. Definitions

Comparable Treasury Issue means the United States Treasury security selected by an Independent Investment Banker as having a maturity comparable to the remaining term of the Notes being redeemed that would be utilized, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities of comparable maturity to the remaining term of the Notes being redeemed.

Comparable Treasury Price means, with respect to any Redemption Date, as determined by us (i) the average of the Reference Treasury Dealer Quotations for such Redemption Date, after excluding the highest and lowest of such Reference Treasury Dealer Quotations, or (ii) if the Company obtains fewer than four such Reference Treasury Dealer Quotations, the average of all such quotations.

Redemption Date, when used with respect to any Note to be redeemed, means the date which is a business day fixed for such redemption by us pursuant to the Indenture.

Reference Treasury Dealer Quotations means, with respect to each Reference Treasury Dealer and any Redemption Date, the average, as determined by us, of the bid and asked prices for the Comparable Treasury Issue (expressed in each case as a percentage of its principal amount) quoted in writing to the Company by such Reference Treasury Dealer, at 5:00 p.m., New York City time, on the third business day preceding such Redemption Date.

Reference Treasury Dealers means any four nationally recognized investment banking firms, and their successors, selected by us that are each also a primary U.S. Government securities dealer. If any Reference Treasury Dealer shall cease to be a primary U.S. Government securities dealer, we will substitute another nationally recognized investment banking firm that is a primary U.S. Government securities dealer.

Remaining Scheduled Payments means, with respect to the Notes to be redeemed, the remaining scheduled payments of principal of and interest on those Notes that would be due after the related Redemption Date but for that redemption; *provided, however*, that if such Redemption Date is not an interest payment date with respect to the Notes to be redeemed, the amount of the next succeeding scheduled interest payment on those Notes will be reduced by the amount of interest accrued on such Notes to such Redemption Date.

Treasury Rate means, with respect to any Redemption Date, the rate per annum equal to the semiannual equivalent yield to maturity (computed as of the second business day immediately preceding that Redemption Date) of the Comparable Treasury Issue, assuming a price for the Comparable Treasury Issue (expressed as a percentage of its principal amount) equal to the Comparable Treasury Price for that Redemption Date.

On or after the Redemption Date, interest will cease to accrue on the Notes or any portion of the Notes called for redemption (unless we default in the payment of the redemption price and accrued interest). On or before the Redemption Date, we will deposit with a paying agent (or the trustee) money sufficient to pay the redemption price of and accrued interest on the Notes to be redeemed on that date. If less than all of any series of Notes are to be redeemed, the Notes of that series to be redeemed shall be selected by the trustee, pro rata, by lot or by a method the trustee deems to be fair and appropriate.

Repurchase upon Change of Control Repurchase Event

If a Change of Control Repurchase Event occurs with respect to a series of Notes, unless we have exercised our right to redeem such Notes as described above, we will make an offer to each holder of such Notes to repurchase all or any part (in integral multiples of \$1,000) of such Notes held by such holder at a repurchase price in cash equal to 101% of the aggregate principal amount of Notes repurchased, plus any accrued and unpaid interest on the Notes repurchased to the date of repurchase. Within 30 days following any Change of Control Repurchase Event or, at our option, prior to any Change of Control, but after the public announcement of an impending Change of Control, we will mail a notice to each holder, with a copy to the trustee, describing the transaction or transactions that constitute or may constitute the Change of Control Repurchase Event and offering to repurchase Notes with respect to which a Change of Control Repurchase Event shall have occurred on the payment date specified in the notice, which date will be no earlier than 30 days and no later than 60 days from the date such notice is mailed. The notice shall, if mailed prior to the date of consummation of the Change of Control, state that the offer to repurchase is conditioned on the Change of Control Repurchase Event occurring on or prior to the payment date specified in the notice.

We will comply with the requirements of Rule 14e-1 under the Securities Exchange Act of 1934, or the Exchange Act, and any other securities laws and regulations thereunder, to the extent those laws and regulations are applicable in connection with the repurchase of Notes as a result of a Change of Control Repurchase Event. To the extent that the provisions of any securities laws or regulations conflict with the Change of Control Repurchase Event provisions of the Notes, we will comply with the applicable securities laws and regulations and will not be deemed to have breached our obligations under the Change of Control Repurchase Event provisions of the Notes by virtue of such conflict.

On the Change of Control Repurchase Event payment date, we will, to the extent lawful:

accept for payment all Notes or portions of Notes (in integral multiples of \$1,000) properly tendered pursuant to our offer;

deposit with the trustee an amount equal to the aggregate repurchase price in respect of all Notes or portions of Notes properly tendered; and

deliver or cause to be delivered to the trustee the Notes properly accepted, together with an officers certificate stating the aggregate principal amount of Notes being purchased by us.

The trustee will promptly mail to each holder of Notes properly tendered the repurchase price for the Notes, and the trustee will promptly authenticate and mail (or cause to be transferred by book-entry) to each holder a new Note equal in principal amount to any unpurchased portion of any Notes surrendered; *provided*, that each new Note will be in a principal amount of \$2,000 or an integral multiple of \$1,000 in excess thereof.

We will not be required to make an offer to repurchase the Notes upon a Change of Control Repurchase Event if a third party makes such an offer in the manner, at the times and otherwise in compliance with the requirements for an offer made by us, and such third party purchases all Notes properly tendered and not withdrawn under its offer.

We have no present intention to engage in a transaction involving a Change of Control, although it is possible that we would decide to do so in the future. We could, in the future, enter into certain transactions, including acquisitions, refinancings or other recapitalizations, that would not constitute a Change of Control, but that could increase the amount of debt outstanding at such time or otherwise affect our capital structure or credit ratings.

The terms of our existing and future debt instruments may prohibit us from repurchasing the Notes upon a Change of Control. In the event a Change of Control occurs at a time when we are prohibited from purchasing the Notes, we may seek the consent of our lenders to the purchase of the Notes or may attempt to refinance the

borrowings that contain such prohibition. If we do not obtain such a consent or repay such borrowings, we will remain prohibited from purchasing the Notes. In such case, our failure to offer to purchase the Notes would constitute a Default under the Indenture, which may, in turn, constitute a default under our existing and future debt instruments.

The definition of *Change of Control* includes a phrase relating to the direct or indirect sale, lease, transfer, conveyance or other disposition of all or substantially all of our properties or assets and those of our subsidiaries taken as a whole. Although there is a limited body of case law interpreting the phrase *substantially all*, there is no precise established definition of the phrase under applicable law. Accordingly, the ability of a holder of the Notes to require us to repurchase the Notes as a result of a sale, lease, transfer, conveyance or other disposition of less than all of our assets and the assets of our subsidiaries taken as a whole to another person or group may be uncertain.

Definitions

Below Investment Grade Rating Event means, with respect to a series of the Notes, such series of Notes are rated below Investment Grade by each of the Rating Agencies on any date from the date of the public notice of an arrangement that could result in a Change of Control until the end of the 60-day period following public notice of the occurrence of a Change of Control (which period shall be extended so long as the rating of such series of Notes is under publicly announced consideration for possible downgrade by any of the Rating Agencies).

Change of Control means the occurrence of any of the following: (1) the direct or indirect sale, transfer, conveyance or other disposition (other than by way of merger or consolidation), in one or a series of related transactions, of all or substantially all of the properties or assets of Avon and its subsidiaries taken as a whole to any person (as that term is used in Section 13(d)(3) of the Exchange Act), other than Avon or one of its subsidiaries; (2) the consummation of any transaction (including, without limitation, any merger or consolidation) the result of which is that any person (as that term is used in Section 13(d)(3) of the Exchange Act), other than Avon or one of its subsidiaries, becomes the beneficial owner, directly or indirectly, of more than 50% of the then outstanding number of shares of Avon's Voting Stock; (3) the first day on which a majority of the members of Avon's Board of Directors are not Continuing Directors; or (4) the adoption of a plan relating to Avon's liquidation or dissolution. Notwithstanding the foregoing, a transaction will not be deemed to involve a Change of Control if (i) (a) Avon becomes a wholly owned subsidiary of a holding company and (b) the holders of the voting stock of such holding company immediately following that transaction are substantially the same as the holders of voting stock immediately prior to that transaction, and/or (ii) (a) Avon reincorporates in another jurisdiction and (b) the holders of Avon's Voting Stock immediately following the reincorporation are substantially the same as the holders of Voting Stock immediately prior to the reincorporation.

Change of Control Repurchase Event means the occurrence of both a Change of Control and a Below Investment Grade Rating Event.

Continuing Directors means, as of any date of determination, any member of the Board of Directors of Avon who (1) was a member of such Board of Directors on the date of the issuance of the Notes; or (2) was nominated for election or elected to such Board of Directors with the approval of a majority of the Continuing Directors who were members of such Board of Directors at the time of such nomination or election (either by a specific vote or by approval of Avon's proxy statement in which such member was named as a nominee for election as a director).

Fitch means Fitch Ratings Ltd.

Investment Grade means a rating of Baa3 or better by Moody's (or its equivalent under any successor rating categories of Moody's); a rating of BBB- or better by S&P (or its equivalent under any successor rating

categories of S&P); and a rating of BBB- or better by Fitch (or its equivalent under any successor rating categories of Fitch); or the equivalent investment grade credit rating from any additional Rating Agency or Rating Agencies selected by us.

Moody's means Moody's Investors Service Inc.

Rating Agency means (1) each of Fitch, Moody's and S&P; and (2) if any of Fitch, Moody's or S&P ceases to rate the Notes or fails to make a rating of the Notes publicly available for reasons outside of our control, a nationally recognized statistical rating organization within the meaning of Rule 15c3-1(c)(2)(vi)(F) under the Exchange Act, selected by us as a replacement agency for Fitch, Moody's or S&P, as the case may be.

S&P means Standard & Poor's Ratings Services, a division of McGraw-Hill, Inc.

Voting Stock means Avon capital stock of any class or kind the holders of which are ordinarily, in the absence of contingencies, entitled to vote for the election of directors (or persons performing similar functions) of such Person, even if the right so to vote has been suspended by the happening of such a contingency.

The Change of Control Repurchase Event feature of the Notes may in certain circumstances make more difficult or discourage a sale or takeover of us and, thus, the removal of incumbent management. We could, in the future, enter into certain transactions, including asset sales, acquisitions, refinancings or other recapitalizations, that would not constitute a Change of Control Repurchase Event under the Notes, but that could increase the amount of indebtedness outstanding at such time or otherwise affect our capital structure or credit ratings on the Notes.

We may not have sufficient funds to repurchase all the Notes or upon a Change of Control Repurchase Event.

Further Issues of the Same Series

We may, from time to time, without the consent of the existing holders of any series of Notes, issue additional notes under the Indenture of a series having the same terms as any tranche of Notes in all respects, except for the issue date, the issue price and the initial interest payment date, issued hereunder. Any such additional notes having such similar terms will be consolidated with and form a single series with the Notes of that tranche being offered by this prospectus supplement.

In addition to the Notes, we may issue other series of debt securities under the base indenture. There is no limit on the total aggregate principal amount of debt securities that we can issue under the base indenture.

Book-Entry System

Upon sale, the Notes will be represented by one or more Global Securities. The Global Securities representing the Notes will be deposited with, or on behalf of, DTC and will be registered in the name of Cede & Co., as nominee of DTC. The Global Securities may not be transferred except as a whole by a nominee of DTC to DTC or to another nominee of DTC, or by DTC or any such nominee to a successor of DTC of such successor. All Notes will be denominated in United States dollars.

So long as DTC or its nominee is the registered owner of the Global Securities, DTC or its nominee, as the case may be, will be the sole holder of the Notes represented thereby for all purposes under the Indenture. Except as otherwise provided in this section, the beneficial owners of the Global Securities representing the Notes will not be entitled to receive physical delivery of certificated Notes and will not be considered the holders thereof for any purpose under the Indenture, and the Global Securities representing the Notes shall not be exchangeable or transferable. Accordingly, each person owning a beneficial interest in the Global Securities must rely on the

procedures of DTC and, if such person is not a participant, on the procedures of the participant through which such person owns its interest, in order to exercise any rights of a holder under the Indenture. The laws of some jurisdictions require that certain purchasers of securities take physical delivery of such securities in certificated form. Such limits and such laws may impair the ability to transfer beneficial interests in the Global Securities representing the Notes.

The Global Securities representing the Notes is exchangeable for certificated Notes of like tenor and terms and of differing authorized denominations aggregating a like amount, only if:

DTC notifies us (or we become aware) that it is unwilling or unable to continue as depository for the Global Securities and a successor depository is not appointed by us within 90 days;

DTC ceases to be a clearing agency registered under the Securities Exchange Act of 1934 and a successor depository is not appointed by us within 90 days;

there shall have occurred and be continuing an Event of Default under the Indenture with respect to the Global Securities and the outstanding Notes shall have become due and payable pursuant to the Indenture and the trustee has requested that certificated Notes be issued; or

we have decided to discontinue use of book-entry transfers through DTC. DTC has advised us that, under its current practices, it would notify its participants of our request, but would only withdraw beneficial interests from the Global Securities at the request of its participants.

Upon any such exchange, the certificated Notes shall be registered in the names of the beneficial owners of the Global Securities representing the Notes as provided by DTC's relevant participants (as identified by DTC).

The description of the operations and procedures of DTC set forth below are provided solely as a matter of convenience. These operations and procedures are solely within the control of the respective settlement systems and are subject to change by them from time to time. Neither we nor the underwriters take any responsibility for these operations or procedures, and investors are urged to contact the relevant system or its participants directly to discuss these matters.

The following is based on information furnished by DTC:

DTC is a limited-purpose trust company organized under the laws of the State of New York, a banking organization within the meaning of the New York Banking Law, a member of the Federal Reserve System, a clearing corporation within the meaning of the New York Uniform Commercial Code, and a clearing agency registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds securities that its participants deposit with DTC. DTC also facilitates the settlement among participants of securities transactions, such as transfers and pledges, in deposited securities through electronic computerized book-entry changes in participants' accounts, thereby eliminating the need for physical movement of securities certificates. Direct participants include securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations. Access to DTC's system is available to securities brokers and dealers, banks and trust companies that clear through or maintain a custodial relationship with a direct participant, either directly or indirectly.

Persons who are not participants may beneficially own the Notes held by DTC only through direct participants or indirect participants. Purchases of the Notes under DTC's system must be made by or through direct participants, which will receive a credit for such Notes on DTC's records. The ownership interest of each actual purchaser of each Note represented by the Global Securities (Beneficial Owner) is in turn to be recorded on the direct participants' and indirect participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase, but Beneficial Owners are expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the direct participants or indirect

participants
