Overview

On February 20, 2009, the board of directors (the *Board*) of American Water Works Company, Inc. (the *Company*) approved payouts under the Company's 2008 annual incentive plan and the amounts of the first grant of performance-based stock options and restricted stock units granted under the Company's Omnibus Equity Compensation Plan (the *Omnibus Plan*) in connection with our initial public offering that performance-vested, in each case with respect to each of the Company's executive officers named in the compensation-related tables for 2008 (collectively, the *named executive officers*) set forth in the Company's Registration Statement on Form S-1 (Registration No. 333-156747), as amended at the time it became effective on January 30, 2009 (the *Registration Statement*), and the related final prospectus (the *Prospectus*) filed by the Company with the Securities and Exchange Commission on February 2, 2009. Such tables did not reflect such payouts and amounts because, at the time the Registration Statement became effective and the Prospectus was filed (such time, the *Effective Time*), certain 2008 performance results had not yet been determined. Furthermore, the tables in the Registration Statement and Prospectus did not include final values of certain payments and accounting costs that were calculated, in whole or in part, based on 2008 payout levels under the annual incentive plan or performance-vesting results for the first grant of equity awards granted in connection with our initial public offering.

The Board has also approved amendments to the Nonqualified Savings and Deferred Compensation Plan for Employees of American Water Work Company, Inc. and its Designated Subsidiaries (the *Employee Deferred Compensation Plan*) and the Nonqualified Deferred Compensation Plan for Non-Employee Directors of American Water Works Company, Inc. (the *Director Deferred Compensation Plan*), adopted the Company's 2009 annual incentive plan and granted equity awards under the Omnibus Plan.

The following is a description of the information relating to the 2008 compensation of our named executive officers that was not available at the Effective Time, as well as the 2009 annual incentive plan, the amendments to the deferred compensation plans and the equity award grants. Capitalized terms used but not defined herein have the meanings ascribed to them in the Registration Statement and Prospectus.

2008 Annual Incentive Awards

Payout levels for 2008 performance under the annual incentive plan for the named executive officers were not included in the Registration Statement and Prospectus because the results of the financial, operational and individual components used to determine payouts had not yet been determined as of the Effective Time. The 2008 Company operating income result (as adjusted as described in the Registration Statement and Prospectus) has now been determined to be \$596,106,535 and the 2008 regional operating income results (as adjusted as described in the Registration Statement and Prospectus) have now been determined to be \$416,356,436 for the Eastern Division (on which Walter J. Lynch's divisional financial component was based), \$119,694,973 for the Central Region (on which 50% of Terry L. Gloriod's regional/divisional financial component was based) and \$143,073,687 for the Western Division (on which the other 50% of Mr. Gloriod's regional/financial component was based), producing payouts for these financial components of 81%, 115%, 0% and 0% of target, respectively.

For the operational component for the 2008 annual incentive plan, the results for the Eastern Division (on which Mr. Lynch's operational component was based) have been determined to be 70%, 82%, 8 and 7.69 for customer satisfaction, customer service quality, environmental and safety, respectively, producing payouts for these components of 0%, 105%, 100% and 120% of target, respectively; the results for the Central Region (on which 50% of Mr. Gloriod's operational component was based) have been determined to be 70%, 84%, 9.22 and 5 for customer satisfaction, customer service quality, environmental and safety, respectively, producing payouts for these components of 0%, 120%, 30% and 120% of target, respectively; and the results for the Western Division (on which the other 50% of Mr. Gloriod's operational component was based) have been determined to be 70%, 84%, 9 and 9.2 for customer satisfaction, customer service quality, environmental and safety, respectively, producing payouts for these components of 0%, 120%, 0% and 110% of target, respectively.

The amounts of annual incentive plan payouts for 2008 made to the named executive officers are set forth in the table below entitled "2008 Summary Compensation Table".

Omnibus Equity Compensation Plan Awards

Performance-vesting results for the first grant of performance-based stock options and restricted stock units granted under the Omnibus Plan in connection with our initial public offering, and certain accounting costs associated with both the first and second grants of performance-based stock options and restricted stock units granted under the Omnibus Plan in connection with our initial public offering, were not included in the Registration Statement and Prospectus because the Company's 2008 audited net income, on which such results and costs were partly based, had not yet been determined as of the Effective Time. The Company's actual audited net income for 2008 (as adjusted as described in the Registration Statement and Prospectus) has now been determined to be \$194,834,000. Consequently, the sum of the Company's actual audited net income for 2007 (as adjusted as described in the Registration Statement and Prospectus), which was \$140,700,000, and the Company's actual audited net income for 2008 (as adjusted as described in the Registration Statement and Prospectus) is \$335,534,000, which is 97.56% of the sum of the Company's actual audited net income for 2007 (as adjusted as described in the Registration Statement and Prospectus) and the Company's target net income for 2008 (as adjusted as described in the Registration Statement and Prospectus) at the time of the initial public offering, resulting in performance-vesting of 90.85% of each named executive officer's target number of the first grant of stock options and restricted stock units based on the payout curve used for the plan. As described in the Registration Statement and Prospectus, the first grant of awards will remain subject to time-vesting conditions through January 1, 2010. The second grant of awards will performance-vest based on 2008 and 2009 audited net income and will remain subject to time-vesting conditions through January 1, 2011.

The 2008 compensation costs for the option and stock awards held by the named executive officers in 2008 are set forth in the table below entitled "2008 Summary Compensation Table", and the numbers of the first grant of option and stock awards that performance-vested are set forth in the table below entitled "2008 Outstanding Equity Awards at Fiscal Year-End".

Updates to Tables from the Registration Statement and Prospectus

The tables set forth below were included in the Registration Statement and Prospectus, but they have been updated to include information that was not calculable as of the Effective Time. New numbers have been indicated by *italics*.

This portion was payable at the discretion of RWE, based on each executive's leadership and support in positively marketing the business and preparing for our initial public offering, and therefore is considered a bonus award disclosable in this column pursuant to rules of the Securities and Exchange Commission. The other portion of each named executive officer's completion bonus, which was equal to 50% of each named executive officer's base salary, was payable based solely on the consummation of the initial public offering, and therefore is considered a plan-based award pursuant to rules of the Securities and Exchange Commission and is disclosed in the Non-Equity Incentive Plan Compensation column.

(7) The amounts shown in the 2007 rows under this column reflect awards granted by RWE to our named executive officers under the Beat program in prior years: 2004 Thames Water/RWE long-term incentive awards and 2005-2007 RWE long-term incentive awards, both of which were payable based on the performance of RWE. The values in the table for the 2004 Thames Water/RWE long-term incentive awards and for the 2005-2007 RWE long-term incentive awards reflect the Company's 2007 compensation cost for such awards computed in accordance with Statement of Financial Accounting Standards No. 123(R) Share-Based Payment (SFAS 123(R)). Compensation cost for stock awards is recorded ratably over the vesting period using the grant-date fair values. In addition, compensation cost for performance-based awards is evaluated at the end of

each reporting period and may be adjusted for changes in performance. A portion of the compensation cost related to the restricted stock unit awards was recorded in 2007, in connection with contingent cash awards that would have been payable to the named executive officers in lieu of the restricted stock unit awards had the initial public offering not occurred by December 31, 2009. See Note 4 Stockholders' Equity in the notes to the Company's unaudited consolidated financial statements in the Registration Statement and Prospectus for the assumptions that were made in determining SFAS 123(R) values of the performance-based restricted stock unit awards. Pursuant to Securities and Exchange Commission rules, the amounts disclosed for stock awards must exclude the impact of estimated forfeitures related to service-based vesting conditions. There were no forfeitures of stock awards by the named executive officers during 2007 or 2008. For further information about these awards, see Compensation Discussion and Analysis Omnibus Equity Compensation Plan in the Registration Statement and Prospectus.

- (8) The amounts shown in the 2008 rows under this column reflect the performance-based stock options granted to the named executive officers in connection with our initial public offering. The amounts disclosed represent the Company's 2008 compensation cost recorded in our financial statements for such awards in accordance with SFAS 123(R). Compensation cost for option awards is recorded ratably over the vesting period using the grant-date fair values as determined by the Black-Scholes Option Pricing model. In addition, compensation cost for performance-based awards is evaluated at the end of each reporting period and may be adjusted for changes in performance. See Note 4 Stockholders' Equity in the notes to the Company's unaudited consolidated financial statements in the Registration Statement and Prospectus for the assumptions that were made in determining SFAS 123(R) values of the performance-based stock options. Pursuant to Securities and Exchange Commission rules, the amounts disclosed for option awards must exclude the impact of estimated forfeitures related to service-based vesting conditions. There were no forfeitures of option awards by the named executive officers during 2008. For further information about these awards, see Compensation Discussion and Analysis Omnibus Equity Compensation Plan in the Registration Statement and Prospectus.
- (9) The amounts shown in this column for 2007 represent payments for 2007 performance under our annual incentive plan made in March 2008. The amounts shown in this column for 2008 represent (i) the portion of each named executive officer's completion bonus equal to 50% of base salary, which was payable based solely on the consummation of our initial public offering (see footnote (6) above), (ii) retention bonuses paid to the named executive officers in connection with our initial public offering and (iii) payments for 2008 performance under our annual incentive plan to be made in March 2009. For further information on the completion and retention bonuses and the annual incentive plan, see Compensation Discussion and Analysis in the Registration Statement and Prospectus.
- (10) The amounts shown in this column for 2007 and 2008 reflect the aggregate changes in the actuarial present values of the named executive officers' accumulated benefits under our qualified and nonqualified defined benefit pension plans from the pension plan measurement date used for our audited financial statements for 2006 or 2007, respectively, to the pension plan measurement date used for our audited financial statements for 2007 or 2008, respectively. For further information on the pension plans, see 2008 Pension Benefits in the Registration Statement and Prospectus. Because there were no above-market earnings on the named executive officers' deferred compensation in 2007 or 2008, no amounts of deferred compensation are required to be shown in this column, pursuant to rules of the Securities and Exchange Commission.
- (11) The following table shows the components of the amounts listed in the 2008 All Other Compensation column for each named executive officer:

- (1) All the named executive officers participate in the Nonqualified Savings and Deferred Compensation Plan for Employees of American Water Works Company, Inc. and its Designated Subsidiaries. Different groups of employees participate in different portions of our deferred compensation plan. For the named executive officers, the deferred compensation plan permits the deferral of up to 20% of base salary and up to 100% of bonus each year on a tax-favored basis. It also provides for annual matching contributions determined by the following formula for named executive officers hired on or after January 1, 2006 (Mr. Correll and Ms. Wolf): (a) the sum of (i) 100% of a participant's voluntary deferrals for the year, up to a maximum of 3% of the sum of the participant's base salary and bonus and (ii) 50% of a participant's voluntary deferrals for the year, up to a maximum of the next 2% of the sum of the participant's base salary and bonus, less (b) the maximum amount of matching contributions that the participant is eligible to receive under the 401(k) plan for the year. For named executive officers hired before January 1, 2006 (Mr. Young, Mr. Lynch and Mr. Gloriod), the matching contribution formula is: (a) 50% of a participant's base salary deferrals for the year, up to a maximum of 5% of the participant's base salary, less (b) the maximum amount of matching contributions that the participant is eligible to receive under the 401(k) plan for the year. In addition, the Company makes additional annual contributions for named executive officers hired on or after January 1, 2006, equal to the sum of (a) 5.25% of the participant's base salary in excess of the dollar limitation in effect under Section 401(a)(17) of the Internal Revenue Code with respect to the year and (b) 5.25% of the participant's bonus. The Company also made a one-time contribution to the accounts of named executive officers hired on or after January 1, 2006, equal in value to the amount of the Company contribution that would have been contributed to the plan pursuant to the formula in the preceding sentence for the period between the later of January 1, 2006 and the date the officer qualified for the plan, and December 31, 2007, plus an additional amount to reflect an assumed rate of earnings on such contribution. Participants' deferred compensation accounts are credited with returns in accordance with the deemed investment options elected by the participant. Participants are immediately vested in all contributions to the plan, except for the 5.25% annual contributions made for Mr. Correll and Ms. Wolf, which vest at the earliest of (i) completion of five years of service, (ii) attainment of age 65, (iii) death, (iv) a change in control and, for Ms. Wolf, (v) termination of employment by the Company without cause or by Ms. Wolf for good reason, as described under Narrative Disclosure to 2008 Summary Compensation Table and 2008 Grants of Plan-Based Awards Table in the Registration Statement and Prospectus. Participants may elect to receive their account balances at any of the following times: (i) separation from service, (ii) a specified distribution date, (iii) the earlier of separation from service or a specified distribution date or (iv) the later of separation from service or a specified distribution date, and may elect any of the following forms for distribution of their accounts: (i) lump sum or (ii) annual installments paid over a period of between two and 10 years. None of the named executive officers had any withdrawals or distributions from the plan in 2008.

Restricted stock unit amounts shown in this column are payable upon a change in control, without a termination of employment.

2009 Annual Incentive Plan

The Company adopted the 2009 annual incentive plan, which provides annual incentive compensation to eligible employees, including the named executive officers, based on the achievement of short-term financial and non-financial goals for the Company, as well as individual performance.

Amendments to the Nonqualified Savings and Deferred Compensation Plan for Employees of American Water Work Company, Inc. and its Designated Subsidiaries and the Nonqualified Deferred Compensation Plan for Non-Employee Directors of American Water Works Company, Inc.

The recent amendment to the Employee Deferred Compensation Plan provided for the one-time 5.25% contributions to the accounts of certain participants, including Mr. Correll and Ms. Wolf, which are described in Footnote 1 to the table entitled 2008 Nonqualified Deferred Compensation above and are included in the table. In addition, the amendments to both deferred compensation plans eliminated the investment fund based on the Company's common stock as an investment option under the plans.

Equity Award Grants

The Company granted nonqualified stock options and performance stock units to the named executive officers and other employees pursuant to the attached form award agreements. The awards will vest in three equal annual installments on January 1, 2010, January 1, 2011 and January 1, 2012, subject to continued employment through such dates. Each performance stock unit represents a contingent right to receive one share of the Company's common stock, which will not be distributed until 2012. The actual number of performance stock units that are earned will be based on the Company's total stockholder return relative to the performance of the Dow Jones Utility Index over the three-year performance period beginning on January 1, 2009 and ending on December 31, 2011.

The descriptions of the 2009 annual incentive plan, the amendments to the deferred compensation plans and the equity awards set forth in this Item 5.02 are general in nature and are qualified in their entirety by reference to the full text of the plan, the amendments and the form award agreements for the equity awards, respectively, filed as exhibits to this Form 8-K.
