Dear Valued Customers, Licensees and Partners,

As you may know, on November 13 SST announced that it has agreed to be acquired by Prophet Equity LP and members of the company's management team. While this is a significant change for the company, I would like to assure you that our commitment to providing high-quality, innovative products and technology with superior levels of service and support to our customers/licensees, and our loyalty to our suppliers and manufacturing partners are as strong as ever, and will remain so moving forward.

It is unlikely that there will be any significant changes to current management as a result of the acquisition. It is in the best interests of all parties for SST to continue having the right people with the right tools to grow and prosper. As such, we see no detrimental effect on the way SST conducts its business globally going forward.

We believe that transitioning to a privately held company will provide SST with numerous benefits that will be realized by all our key constituents. These benefits include:

Helping lower the cost and complexity of our business, thereby becoming more streamlined and enabling us to compete more effectively in our target markets

Allowing our executive team to focus more time on customers, licensees, manufacturing partners and employees

Giving SST the opportunity to have more flexibility in our customer and vendor interactions and contracts, thereby allowing us to capitalize on new business opportunities faster

Investing in product development and projects with a longer term payback, which are more strategic in nature and therefore are more meaningful to SST, our customers and our vendors

We place tremendous value on the relationships we've cultivated during the past 20 years of business, and we look forward to continuing to work closely with our customers, licensees and partners to achieve mutual success in the years ahead. If you have any questions about the pending acquisition, please feel free to contact me directly.

Best regards,

Bing Yeh

Executive Chairman, CEO and Co-Founder
