China Yuchai International Announces

Unaudited First Quarter 2010 Financial Results

Singapore, Singapore May 13, 2010 China Yuchai International Limited (NYSE: CYD) (China Yuchai or the Company), announced today its unaudited consolidated financial results for the first quarter ended March 31, 2010. As announced on February 25, 2010, China Yuchai has changed its financial reporting standards from U.S. GAAP to International Financial Reporting Standards as issued by the International Accounting Standards Board (IFRS). China Yuchai reported its consolidated financial results using IFRS in its FY 2009 Form 20-F which was filed on April 30, 2010 with the U.S. Securities and Exchange Commission and the financial information presented herein for FY 2009 and FY 2010 are reported using IFRS.

Net revenue for the first quarter of 2010 was RMB 5.1 billion (US\$ 742.7 million) compared with RMB 2.9 billion (US\$ 431.4 million) in the first quarter of 2009, representing a 72.2% year-over-year growth. The total number of diesel engines sold by the Company's main operating subsidiary, Guangxi Yuchai Machinery Company Limited (GYMCL), during the first quarter of 2010 was 195,017 units compared with 121,749 units in the previous year, a 60% unit sales volume increase. The stronger growth in revenue was primarily due to the shift of product mix towards heavy and medium duty engines.

Gross profit was RMB 1.0 billion (US\$ 150.2 million) in the first quarter of 2010, representing a 111.1% increase over the gross profit of RMB 0.49 billion (US\$ 71.1 million) in the first quarter of 2009. The gross margin for the first quarter of 2010 was 20.2%, a 3.7% improvement over the gross margin of 16.5% for the first quarter of 2009. Since the second half of 2009, the Company sold more heavy and medium duty engines which carry higher gross margins.

Research and development (R & D) expenses were RMB 67.3 million (US\$ 9.9 million) in the first quarter of 2010 versus RMB 57.5 million (US\$ 8.4 million) in the first quarter of 2009. As a percentage of net revenue, R & D spending was 1.3% of net revenue in the first quarter, compared with 2.0% in the same quarter last year.

Selling, distribution & administrative expenses in the first quarter of 2010 were RMB 507.7 million (US\$ 74.4 million) compared with RMB 332.1 million (US\$ 48.7 million) in the first quarter of 2009. These expenses represented 10.0% of first quarter 2010 net revenue compared with 11.3% of first quarter 2009 net revenue. The expenses declined as a percentage of net revenue mainly due to continued cost saving measures and improved economies of scale in the first quarter of 2010 compared to the same quarter a year ago.

Operating profit was RMB 468.7 million (US\$ 68.7 million) in the first quarter of 2010, a 345.6% increase over the RMB 105.2 million (US\$ 15.4 million) in the first quarter of 2009. The increase is mainly due to higher gross profit. The operating margin was 9.2% in the first quarter of 2010 compared with 3.6% in the first quarter of 2009.

Profit for the period attributable to equity holders of the Parent (the term Parent as used in this announcement refers to China Yuchai) was RMB 271.8 million (US\$ 39.8 million), or earnings per share of RMB 7.29 (US\$ 1.07), in the first quarter of 2010 compared with RMB 207.8 million (US\$ 30.4 million), or earnings per share of RMB 5.58 (US\$ 0.82) in the first quarter of 2009. In the first quarter of 2009, there was a one-time non-recurring gain of RMB 203.0 million (US\$ 29.7 million) from GYMCL's acquisition of 100% equity of Guangxi Yulin Hotel Company Ltd in settlement of past loans (as previously reported). Excluding the one-time gain, the profit for the period attributable to equity holders of the Parent for the first quarter of 2009 would have been RMB52.7 million (US\$ 7.7 million) or earnings per share of RMB 1.41 (US\$ 0.21).

Table of Contents

As of March 31, 2010, the Company had cash and cash equivalent of RMB 3.7 billion (US\$ 537.6 million) compared with total short-term and long-term interest bearing loans and borrowings of RMB 954.5 million (US\$ 139.8 million). Total equity attributable to equity holders of the Parent increased to RMB 4.3 billion (US\$ 623.7 million) on March 31, 2010, from RMB 4.0 billion on December 31, 2009. The total shares issued and outstanding as of March 31, 2010 were 37,267,673 shares.

Mr. Boo Guan Saw, President of China Yuchai, commented, "We are pleased by the robust increase in unit sales and improved product-mix in the first quarter of 2010. We are now well-positioned to offer a wider range and higher volume of high quality engines ranging from light-duty to heavy-duty to meet the growing transportation demand in China. While this has been a strong quarter, it is to be noted that going forward, the diesel engine market in China is likely to be affected by inventories available in the industry as well as the Chinese government's credit tightening policy to contain inflation. In relation to our production capabilities, the new foundry equipped with high-grade imported machinery and robotic product tools is anticipated to significantly strengthen our in-sourcing capabilities for key performance engine components as well as improve the efficiency of our foundry operations. Trial production at the new foundry commenced in the first quarter of 2010 and this together with our strategic partnerships with CIMC-Chery, Caterpillar and Geely allows us to continue to be an active and integral participant in the growth of China's automotive industry."
