Table of Contents**RATIO OF EARNINGS TO FIXED CHARGES (unaudited)**

The following table sets forth our ratio of earnings to consolidated fixed charges for the years ended December 31, 2005, 2006, 2007, 2008 and 2009 and for the six months ended June 30, 2009 and 2010. For purposes of calculating the ratio of earnings to fixed charges, earnings represents income before provision for income taxes plus fixed charges and amortization of capitalized interest (excluding capitalized interest). Fixed charges include interest expense (including capitalized interest); amortized premiums and discounts related to indebtedness; amortization of deferred debt issuance costs; the portion of operating rental expense that management believes is representative of the appropriate interest component of rental expense; and net preferred stock dividends. The portion of total rental expense that represents the interest factor is estimated to be 33%. Net preferred stock dividends are our preferred dividend expense net of income tax benefit.

DESCRIPTION OF CAPITAL STOCK OF METROPCS COMMUNICATIONS

The following describes the common stock, preferred stock, certificate of incorporation and bylaws of MetroPCS Communications that are presently in effect and the rights agreement we have entered into with American Stock Transfer & Trust Company, as rights agent. This description is a summary only. We encourage you to read the complete text of the certificate of incorporation and bylaws, which are incorporated by reference as exhibits to the registration statement. In addition, you should read the complete text of the rights agreement, which we have filed as an exhibit to the registration statement.

The authorized capital stock of MetroPCS Communications consists of 1,000,000,000 shares of common stock, par value \$0.0001 per share, and 100,000,000 shares of preferred stock, par value \$0.0001 per share. MetroPCS Communications Common Stock currently trades on The New York Stock Exchange under the symbol PCS.

Common Stock

Holders of MetroPCS Communications Common Stock have the right to vote on every matter submitted to a vote of our stockholders other than any matter on which only the holders of preferred stock are entitled to vote separately as a class. There are no cumulative voting rights. Accordingly, holders of a majority of shares entitled to vote in an election of directors are able to elect all of the directors standing for election.

Subject to preferences that may be applicable to any outstanding preferred stock, the holders of common stock will share equally on a per share basis any dividends when, as and if declared by our board of directors out of funds legally available for that purpose. If we are liquidated, dissolved or wound up, the holders of our common stock will be entitled to a ratable share of any distribution to stockholders, after satisfaction of all of our liabilities and of the prior rights of any outstanding class of preferred stock. MetroPCS Communications Common Stock carries no preemptive or other subscription rights to purchase shares of MetroPCS Communications Common Stock and is not convertible, assessable or entitled to the benefits of any sinking fund.

Redemption

If a holder of MetroPCS Communications Common Stock acquires additional shares of MetroPCS Communications Common Stock or otherwise is attributed with ownership of such shares that would cause us to violate FCC rules, we may, at the option of the board of directors of MetroPCS Communications, redeem shares of MetroPCS Communications Common Stock sufficient to eliminate the violation (or to allow us to comply with the alternative structure). In the event of a violation of the FCC's foreign ownership restrictions, we must first redeem the stock of the foreign stockholder that most recently purchased its first shares of MetroPCS Communications Common Stock.

The redemption price will be a price mutually determined by us and our stockholders, but if no agreement can be reached, the redemption price will be either:

75% of the fair market value of the MetroPCS Communications Common Stock being redeemed, if the holder caused the FCC violation; or

100% of the fair market value of the MetroPCS Communications Common Stock being redeemed, if the FCC violation was not caused by the holder.

Preferred Stock

Subject to the provisions of the certificate of incorporation of MetroPCS Communications and limitations prescribed by law, the MetroPCS Communications certificate of incorporation authorizes the board of directors of MetroPCS Communications to issue up to 100,000,000 shares of preferred stock in one or more series and to

fix the rights, preferences, privileges and restrictions of the preferred stock, including dividend rights, dividend rates, conversion rates, voting rights, terms of redemption, redemption prices, liquidation preferences and the number of shares constituting any series or the designation of the series, which may be superior to those of MetroPCS Communications Common Stock, without further vote or action by the stockholders. MetroPCS Communications currently has no shares of preferred stock outstanding.

One of the effects of undesignated preferred stock may be to enable the board of directors of MetroPCS Communications to render more difficult or to discourage an attempt to obtain control of us by means of a tender offer, proxy contest, merger or otherwise, and as a result, protect the continuity of our management. The issuance of shares of the preferred stock under the board of directors' authority described above may adversely affect the rights of the holders of MetroPCS Communications Common Stock. For example, preferred stock issued by MetroPCS Communications may rank prior to the MetroPCS Communications Common Stock as to dividend rights, liquidation preference or both, may have full or limited voting rights and may be convertible into shares of MetroPCS Communications Common Stock. Accordingly, the issuance of shares of preferred stock may discourage bids for the MetroPCS Communications Common Stock or may otherwise adversely affect the market price of the MetroPCS Communications Common Stock.

For purposes of the rights plan described below, the board of directors of MetroPCS Communications has designated 1,000,000 shares of preferred stock, par value \$0.0001 per share, to constitute the series A junior participating preferred stock, par value \$0.0001 per share, or Series A Preferred Stock. For a summary description of the Rights Plan, please read "Rights Plan" below.

Registration Rights Agreement

All of MetroPCS Communications' stockholders immediately prior to our initial public offering are parties to a registration rights agreement that became effective upon the consummation of the initial public offering in April 2007, or Registration Rights Agreement. These stockholders are entitled to certain rights with respect to the registration of the sale of such shares under the Securities Act. Under the terms of the Registration Rights Agreement, if we propose to register any securities of MetroPCS Communications under the Securities Act, either for our own account or for the account of other security holders exercising registration rights, such holders are entitled to notice of such registration and are entitled to include shares in the registration. Stockholders benefiting from these rights may also require us to file a registration statement under the Securities Act at our expense with respect to their shares of MetroPCS Communications Common Stock, and we are required to use our best efforts to effect such registration. Further, these stockholders may require us to file additional registration statements on Form S-3 at our expense. These rights are subject to certain conditions and limitations, among them the rights of underwriters to limit the number of shares included in such registration and limit such stockholders' right to sell securities during the 180 days following the date the registration statement is declared effective by the SEC.

Rights Plan

In connection with the MetroPCS Communications initial public offering, we adopted a Rights Plan. Under the Rights Plan, each share of MetroPCS Communications Common Stock includes one right to purchase one one-thousandth of a share of Series A Preferred Stock. The rights will separate from the MetroPCS Communications Common Stock and become exercisable (1) ten calendar days after public announcement that a person or group of affiliated or associated persons has acquired, or obtained the right to acquire, beneficial ownership of 15% of our outstanding common stock or (2) ten business days following the start of a tender offer or exchange offer that would result in a person's acquiring beneficial ownership of 15% of our outstanding common stock. A 15% beneficial owner is referred to as an "acquiring person" under the Rights Plan.

The board of directors of MetroPCS Communications can elect to delay the separation of the rights from the MetroPCS Communications Common Stock beyond the ten-day periods referred to above. The Rights Plan also

Table of Contents

confers on the board of directors of MetroPCS Communications the discretion to increase or decrease the level of ownership that causes a person to become an acquiring person. Until the rights are separately distributed, the rights will not be evidenced by separate certificates and will be transferred with and only with the MetroPCS Communications Common Stock certificates.

After the rights are separately distributed, each right will entitle the holder to purchase from us one one-thousandth of a share of Series A Preferred Stock for a purchase price of \$66.67. The rights will expire at the close of business on the tenth anniversary of the effective date of the agreement, unless we redeem or exchange them earlier as described below.

If a person becomes an acquiring person, the rights will become rights to purchase shares of MetroPCS Communications Common Stock for one-half the current market price, as defined in the rights agreement, of the MetroPCS Communications Common Stock. This occurrence is referred to as a flip-in event under the plan. After any flip-in event, all rights that are beneficially owned by an acquiring person, or by certain related parties, will be null and void. The board of directors of MetroPCS Communications will have the power to decide that a particular tender or exchange offer for all outstanding shares of MetroPCS Communications Common Stock is fair to and otherwise in the best interests of the MetroPCS Communications stockholders. If the board of directors of MetroPCS Communications makes this determination, the purchase of shares under the offer will not be a flip-in event.

If, after there is an acquiring person, MetroPCS Communications is acquired in a merger or other business combination transaction or 50% or more of its assets, earning power or cash flow are sold or transferred, each holder of a right will have the right to purchase shares of the common stock of the acquiring company at a price of one-half the current market price of that stock. This occurrence is referred to as a flip-over event under the plan. An acquiring person will not be entitled to exercise its rights, which will have become void.

Until ten days after the announcement that a person has become an acquiring person, the board of directors of MetroPCS Communications may decide to redeem the rights at a price of \$0.001 per right, payable in cash, shares of MetroPCS Communications Common Stock or other consideration. The rights will not be exercisable after a flip-in event until the rights are no longer redeemable.

At any time after a flip-in event and prior to either a person's becoming the beneficial owner of 50% or more of the shares of MetroPCS Communications Common Stock or a flip-over event, the board of directors of MetroPCS Communications may decide to exchange the rights for shares of MetroPCS Communications Common Stock on a one-for-one basis. Rights owned by an acquiring person that will have become void, will not be exchanged.

Other than provisions relating to the redemption price of the rights, the rights agreement may be amended by the board of directors of MetroPCS Communications at any time that the rights are redeemable. Thereafter, the provisions of the rights agreement other than the redemption price may be amended by the board of directors of MetroPCS Communications to cure any ambiguity, defect or inconsistency, to make changes that do not materially adversely affect the interests of holders of rights (excluding the interests of any acquiring person), or to shorten or lengthen any time period under the rights agreement. No amendment to lengthen the time period for redemption may be made if the rights are not redeemable at that time.

The rights have certain anti-takeover effects. The rights will cause substantial dilution to any person or group that attempts to acquire MetroPCS Communications without the approval of the board of directors of MetroPCS Communications. As a result, the overall effect of the rights may be to render more difficult or discourage any attempt to acquire us even if the acquisition may be favorable to the interests of our stockholders. Because the board of directors of MetroPCS Communications can redeem the rights or approve a tender or exchange offer, the rights should not interfere with a merger or other business combination approved by the board of directors of MetroPCS Communications.

Rule 10b5-1 Trading Plans

Certain of MetroPCS Communications' directors and executive officers have and may in the future adopt written plans, known as Rule 10b5-1 plans, in which they will contract with a broker to buy or sell shares of MetroPCS Communications Common Stock on a periodic basis. Under a Rule 10b5-1 plan, a broker executes trades pursuant to parameters established by the director or executive officer when entering into the plan, without further direction from such director or executive officer. Any director or executive officer party to such plan may amend or terminate it in some circumstances. MetroPCS Communications' directors and executive officers may also buy or sell additional shares outside of a Rule 10b5-1 plan in accordance with our insider trading plan.

Anti-takeover Effects of Delaware Law and MetroPCS Communications Restated Certificate of Incorporation and Restated Bylaws

Delaware Anti-Takeover Statute

We are a Delaware corporation and are subject to Delaware law, which generally prohibits a publicly held Delaware corporation from engaging in a business combination with an interested stockholder for a period of three years after the time that the person became an interested stockholder, unless:

before such time the board of directors of the corporation approved either the business combination or the transaction in which the person became an interested stockholder;

upon consummation of the transaction that resulted in the stockholder becoming an interested stockholder, the interested person owns at least 85% of the voting stock of the corporation outstanding at the time the transaction commenced, excluding shares owned by persons who are directors and also officers of the corporation and by certain employee stock plans; or

at or after such time the business combination is approved by the board of directors of the corporation and authorized at an annual or special meeting of stockholders, and not by written consent, by the affirmative vote of at least 66 2/3% of the outstanding voting stock of the corporation that is not owned by the interested stockholder.

A business combination generally includes mergers, asset sales and similar transactions between the corporation and the interested stockholder, and other transactions resulting in a financial benefit to the stockholder. An interested stockholder is a person:

who, together with affiliates and associates, owns 15% or more of the corporation's outstanding voting stock; or

who is an affiliate or associate of the corporation and, together with his or her affiliates and associates, has owned 15% or more of the corporation's outstanding voting stock within three years.

The provisions of Delaware law described above along with the MetroPCS Communications certificate of incorporation would make more difficult or discourage a proxy contest or acquisition of control by a holder of a substantial block of MetroPCS Communications Common Stock or the removal of the incumbent board of directors of MetroPCS Communications. Such provisions could also have the effect of discouraging an outsider from making a tender offer or otherwise attempting to obtain control of our Company, even though such an attempt might be beneficial to us and our stockholders.

Limitations on Liability and Indemnification of Officers and Directors

MetroPCS Communications' certificate of incorporation and bylaws:

Edgar Filing: METROPCS INC - Form S-3ASR

eliminate the personal liability of directors for monetary damages resulting from breaches of fiduciary duty to the extent permitted by Delaware law, except (i) for any breach of a director's duty of loyalty to the Company or its stockholders, (ii) for acts or omissions not in good faith or which involved intentional misconduct or a knowing violation of law, or (iii) for any transaction from which the director derived an improper personal benefit; and

Table of Contents

indemnify directors and officers to the fullest extent permitted by Delaware law, including in circumstances in which indemnification is otherwise discretionary.

We believe that these provisions are necessary to attract and retain qualified directors and officers.

We have also entered into separate indemnification agreements with each of our directors and officers under which we have agreed to indemnify, and to advance expenses to, each director and officer to the fullest extent permitted by applicable law with respect to liabilities they may incur in their capacities as directors and officers.

Classified Board of Directors

MetroPCS Communications' certificate of incorporation and bylaws provide for a board of directors consisting of three classes of directors, each serving staggered three-year terms. At each annual meeting of stockholders, directors will be elected to succeed the class of directors whose terms have expired. The terms of the first, second and third classes will expire in 2011, 2012 and 2013, respectively. The first class consists of two directors, the second class consists of two directors, and the third class consists of three directors. The classification of the board of directors could have the effect of delaying or preventing a change in control or otherwise discouraging a potential acquirer from attempting to obtain control of us. However, we believe that this feature of our certificate of incorporation will help to assure the continuity and stability of our business strategies and policies as determined by the board of directors.

Advanced Notice Requirements

MetroPCS Communications' bylaws also require that any stockholder proposals to be considered at an annual meeting of stockholders must be delivered to us not less than 20 nor more than 60 days prior to the meeting. In addition, in the notice of any such proposal, the proposing stockholder must state the proposals, the reasons for the proposal, the stockholder's name and address, the class and number of shares held by such stockholder and any material interest of the stockholder in the proposals. There are additional informational requirements in connection with a proposal concerning a nominee for the board of directors of MetroPCS Communications.

Amendments to Organizational Documents

Delaware law provides generally that the affirmative vote of a majority of shares entitled to vote on any matter is required to amend a corporation's certificate of incorporation or bylaws, unless either a corporation's certificate of incorporation or bylaws requires a greater percentage. MetroPCS Communications' certificate of incorporation provides that the affirmative vote of at least 75% of our capital stock issued and outstanding and entitled to vote (in accordance with our certificate of incorporation) will be required to amend or repeal certain provisions of our certificate of incorporation that are designed to protect against takeovers unless such amendments are approved by 75% of the board of directors of MetroPCS Communications. In addition, our certificate of incorporation provides that an amendment to our bylaws by stockholder action will require the affirmative vote of at least 66 2/3% of our capital stock issued and outstanding and entitled to vote.

Corporate Opportunities

MetroPCS Communications' certificate of incorporation provides, as permitted by the Delaware General Corporation Act, that our non-employee directors have no obligation to offer us a corporate opportunity to participate in business opportunities presented to them or their respective affiliates even if the opportunity is one that we might reasonably have pursued, unless such corporate opportunity is offered to such director in his or her capacity as a director of our MetroPCS Communications. Stockholders will be deemed to have notice of and consented to this provision of MetroPCS Communications' certificate of incorporation.

ITEM 15. Indemnification of Directors and Officers.

Section 145 of the Delaware General Corporation Law permits a Delaware corporation to indemnify any person who was or is a party or witness or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative (other than an action by or in the right of the corporation) by reason of the fact that he or she is or was a director, officer, employee or agent of the corporation or is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation or enterprise. Depending on the character of the proceeding, a corporation may indemnify against expenses, costs and fees (including attorneys fees), judgments, fines and amounts paid in settlement actually and reasonably incurred in connection with such action, suit or proceeding if the person indemnified acted in good faith and in a manner he or she reasonably believed to be in or not opposed to the best interests of the corporation, and, with respect to any criminal action or proceeding, had no reasonable cause to believe his or her conduct was unlawful. If the person indemnified is not wholly successful in such action, suit or proceeding, but is successful, on the merits or otherwise, in one or more but less than all claims, issues or matters in such proceeding, he or she may be indemnified against expenses actually and reasonably incurred in connection with each successfully resolved claim, issue or matter. In the case of an action or suit by or in the right of the corporation, no indemnification may be made in respect to any claim, issue or matter as to which such person shall have been adjudged to be liable to the corporation unless and only to the extent that the Court of Chancery of the State of Delaware, or the court in which such action or suit was brought, shall determine that, despite the adjudication of liability, such person is fairly and reasonably entitled to indemnity for such expenses which the court shall deem proper. Section 145 provides that, to the extent a director, officer, employee or agent of a corporation has been successful in the defense of any action, suit or proceeding referred to above or in the defense of any claim, issue or manner therein, he or she shall be indemnified against expenses (including attorneys fees) actually and reasonably incurred by him or her in connection therewith. Section 145 of the Delaware General Corporation Law also permits a Delaware corporation to indemnify any person who was or is a party or is threatened to be made a party, to any threatened, pending or completed action or suit by or in the right of our company to procure a judgment in its favor by reason of the fact that he or she is or was our director, officer, employee or agent, or is or was serving at our request as a director, officer, employee or agent of another

Table of Contents

corporation, partnership, joint venture, trust or other enterprise against expenses (including attorneys' fees) actually and reasonably incurred by him or her in connection with the defense or settlement of such action or suit if he or she acted in good faith and in a manner he or she reasonably believed to be in, or not opposed to, our best interests of the corporation and except that no indemnification shall be made in respect of any claim, issue or matter as to which such person shall have been adjudged to be liable to our company unless and only to the extent that the Court of Chancery of the State of Delaware or the court in which such action or suit was brought shall determine upon application that, despite the adjudication of liability but in view of all the circumstances of the case, such person is fairly and reasonably entitled to indemnity for such expenses which the Court of Chancery or such other court shall deem proper.

MetroPCS Communications' certificate of incorporation provides that we shall indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding whether civil, criminal, administrative or investigative (other than an action by or in the right of our company) by reason of the fact that he or she is or was our director, officer, employee or agent, or is or was serving at our request as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise, against expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by him or her in connection with such action, suit or proceeding if he or she acted in good faith and in a manner he or she reasonably believed to be in, or not opposed to, our best interests, and, with respect to any criminal action or proceeding, had no reasonable cause to believe his or her conduct was unlawful.

Expenses (including attorneys' fees) incurred by an officer or director in defending any civil, criminal, administrative or investigative action, suit or proceeding may be paid by us in advance of the final disposition of such action, suit or proceeding upon receipt of an undertaking by or on behalf of such director or officer to repay such amount if it shall ultimately be determined that he or she is not entitled to be indemnified by us as authorized in our certificate of incorporation. Such expenses (including attorneys' fees) incurred by other employees and agents may be so paid upon such terms and conditions, if any, as our board of directors deems appropriate.

The indemnification and advancement of expenses described above:

shall not be deemed exclusive of any other rights to which those seeking indemnification or advancement of expenses may be entitled under any law, bylaw, agreement, vote of stockholders or disinterested directors or otherwise, both as to action in an official capacity and as to action in another capacity while holding such office;

shall, unless otherwise provided when authorized or ratified, continue as to a person who has ceased to be a director, officer, employee or agent; and

shall inure to the benefit of the heirs, executors and administrators of such a person.

MetroPCS Communications' certificate of incorporation also provides that our directors shall not be personally liable to us or our stockholders for monetary damages for breach of fiduciary duty as a director, except for liability:

for any breach of the director's duty of loyalty to us or our stockholders;

for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law;

under Section 174 of the Delaware General Corporation Law; or

for any transaction from which the director derived any improper personal benefit.

Table of Contents

Any repeal or modification of the provisions of our certificate of incorporation governing indemnification or limitation of liability shall be prospective only, and shall not adversely affect:

any rights or obligations then existing with respect to any state of facts then or theretofore existing or any action, suit or proceeding theretofore or thereafter brought based in whole or in part upon any such state of facts; or

any limitation on the personal liability of a director existing at the time of such repeal or modification.

We have also entered into separate indemnification agreements with each of our directors and officers under which we have agreed to indemnify, and to advance expenses to, each director and officer to the fullest extent permitted by applicable law with respect to liabilities they may incur in their capacities as directors and officers.

We also maintain director and officer liability insurance for each person who was, is, or will be, our director or officer against specified losses and wrongful acts of such director or officer in his or her capacity as such, including breaches of duty and trust, neglect, error and misstatement. In accordance with the director and officer insurance policy, each insured party will be entitled to receive advances of specified defense costs.

ITEM 17. Undertakings.

The undersigned registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) To include any prospectus required by Section 10(a)(3) of the Securities Act;

(ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the SEC pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20 percent change in the maximum aggregate offering price set forth in the Calculation of Registration Fee table in the effective registration statement; and

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

provided, however, that paragraphs (1)(i), (1)(ii) and (1)(iii) do not apply if the information required to be included in an amendment by those paragraphs is contained in reports filed with or furnished to the SEC by the registrant pursuant to Section 13 or Section 15(d) of the Exchange Act that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) That, for the purpose of determining liability under the Securities Act to any purchaser:

(i) Each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

(ii) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5) or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii) or (x) for the purpose of providing the information required by Section 10(a) of the Securities Act shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which the prospectus relates, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof. *Provided, however*, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.

Table of Contents

(iii) If the registrant is subject to Rule 430C, each prospectus filed pursuant to Rule 424(b) as part of a registration statement relating to an offering, other than registration statements relying on Rule 430B or other than prospectuses filed in reliance on Rule 430A, shall be deemed to be part of and included in the registration statement as of the date it is first used after effectiveness. *Provided, however*, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to purchaser with a time of contract of sale prior to such first use, supersede or modify a statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such date of first use.

(5) That, for the purpose of determining liability of the registrant under the Securities Act to any purchaser in the initial distribution of the securities, the undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

(i) Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;

(ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;

(iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and

(iv) Any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.

(6) That, for purposes of determining any liability under the Securities Act, each filing of the registrant's annual report pursuant to Section 13(a) or 15(d) of the Exchange Act (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Exchange Act) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

(7) Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the SEC such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.

(8) To file an application for the purpose of determining the eligibility of the trustee to act under subsection (a) of Section 310 of the Trust Indenture Act in accordance with the rules and regulations prescribed by the SEC under Section 305(b)(2) of the Trust Indenture Act.
