Report of Independent Registered Public Accounting Firm

To the Board of Directors and Shareholders of

Mitsui & Co., Ltd. (Mitsui Bussan Kabushiki Kaisha)

Tokyo, Japan:

We have audited the accompanying consolidated balance sheets of Mitsui & Co., Ltd. (Mitsui Bussan Kabushiki Kaisha) and subsidiaries (the Company) as of March 31, 2010 and 2009, and the related statements of consolidated income, changes in consolidated equity, and consolidated cash flows for each of the three years in the period ended March 31, 2010 (all expressed in Japanese yen). These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, such consolidated financial statements present fairly, in all material respects, the financial position of Mitsui & Co., Ltd. and subsidiaries as of March 31, 2010 and 2009, and the results of their operations and their cash flows for each of the three years in the period ended March 31, 2010, in conformity with accounting principles generally accepted in the United States of America.

As discussed in Note 2 to the consolidated financial statements, effective April 1, 2009, the Company changed its method of accounting for noncontrolling interests in consolidated financial statements to conform to Accounting Standards Codification 810-10-65,

Consolidation Transition Related to FASB Statement No. 160, Noncontrolling Interests in Consolidated Financial Statements an amendment of ARB No. 51.

As discussed in Note 2 to the consolidated financial statements, effective March 31, 2010, the Company adopted Accounting Standards Update No. 2010-03, Oil and Gas Reserve Estimation and Disclosures.

As discussed in Note 28 to the consolidated financial statements, on April 20, 2010, the Company's subsidiary experienced an incident which resulted in a spill of hydrocarbons from the well in the Gulf of Mexico.

We have also audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States), the Company's internal control over financial reporting as of March 31, 2010, based on the criteria established in *Internal Control Integrated Framework* issued by the Committee of Sponsoring Organizations of the Treadway Commission and our report dated June 23, 2010 expressed an unqualified opinion on the Company's internal control over financial reporting.

Our audits also comprehended the translation of Japanese yen amounts into U.S. dollar amounts and, in our opinion, such translation has been made in conformity with the basis stated in Note 2. Such U.S. dollar amounts are presented solely for the convenience of readers outside Japan.

Report of Independent Registered Public Accounting Firm

To the Board of Directors and Shareholders of

Mitsui & Co., Ltd. (Mitsui Bussan Kabushiki Kaisha)

Tokyo, Japan:

We have audited the internal control over financial reporting of Mitsui & Co., Ltd. (Mitsui Bussan Kabushiki Kaisha) and subsidiaries (the Company) as of March 31, 2010, based on criteria established in *Internal Control - Integrated Framework* issued by the Committee of Sponsoring Organizations of the Treadway Commission. As described in Management's Annual Report on Internal Control over Financial Reporting appearing under Item 15(b), management excluded from its assessment the internal control over financial reporting at the unincorporated joint ventures (J/V), which were accounted for via proportionate consolidation in accordance with Accounting Standards Codification 810-10-45-14, Consolidation - Proportionate Consolidation because the Company does not have the ability to dictate or modify the controls at these entities and does not have the ability to assess, in practice, the controls at these entities. Block 9 J/V (35%), Block 10, 11, 12, 13, 10A/11A J/V (20-40%), Capricorn Coal Development J/V (30%), Dawson J/V (49%), Kestrel J/V (20%), Mt. Goldworthy Mining Associates J/V (7%), Mt. Newman J/V (7%), Robe River Iron Associates J/V (33%), and WA-28-L J/V (40%) (collectively the Unincorporated J/Vs), constitute approximately 5.9% of total assets and approximately 7.2% of revenues of the consolidated financial statement amounts as of and for the year ended March 31, 2010. Accordingly, our audit did not include the internal control over financial reporting at the Unincorporated J/Vs. The Company's management is responsible for maintaining effective internal control over financial reporting and for its assessment of the effectiveness of internal control over financial reporting, included in the accompanying Management's Annual Report on Internal Control over Financial Reporting appearing under Item 15(b). Our responsibility is to express an opinion on the Company's internal control over financial reporting based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether effective internal control over financial reporting was maintained in all material respects. Our audit included obtaining an understanding of internal control over financial reporting, assessing the risk that a material weakness exists, testing and evaluating the design and operating effectiveness of internal control based on the assessed risk, and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion.

A company's internal control over financial reporting is a process designed by, or under the supervision of, the company's principal executive and principal financial officers, or persons performing similar functions, and effected by the company's board of directors, management, and other personnel to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with accounting principles generally accepted in the United States of America. A company's internal control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with accounting principles generally accepted in the United States of America, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Because of the inherent limitations of internal control over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may not be prevented or detected on a timely basis. Also, projections of any evaluation of the effectiveness of the internal control over financial reporting to future periods are subject to the risk that the controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

In our opinion, the Company maintained, in all material respects, effective internal control over financial reporting as of March 31, 2010, based on the criteria established in *Internal Control - Integrated Framework* issued by the Committee of Sponsoring Organizations of the Treadway Commission.

We have also audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States), the consolidated financial statements as of and for the year ended March 31, 2010 of the Company and our report dated June 23, 2010 (August 13, 2010 as to the subsequent event relating to the Gulf of Mexico incident described in Note 28) expressed an unqualified opinion on those financial statements and included explanatory paragraphs relating to the Company's adoption of Accounting Standards Codification 810-10-65,

Consolidation Transition Related to FASB Statement No. 160, Noncontrolling Interests in Consolidated Financial Statements - an amendment of ARB No. 51 - effective April 1, 2009, the adoption of Accounting Standards Update No. 2010-03, Oil and Gas Reserve Estimation and Disclosures - effective March 31, 2010, and relating to the subsequent event relating to the Gulf of Mexico incident.
